Chapter 601: Ming Yue's Shock

"Damn," Ming Yue was so angry that she wanted to hit someone and almost couldn't help but curse. Damn it, this is called casually teaching? Are you serious? You still want my guidance?

Ming Yue was speechless, not knowing what to say.

A supreme-grade longevity medicine. What kind of terrifying existence was that? Even the First Elder probably didn't have such a thing in his wallet. Ye Qiu took it out so easily to improve his disciple's physique? Isn't this too much of an improvement? How is this an improvement? This is clearly reconstructing one's foundation and directly deducing the strongest immortal body.

She had never seen anyone so ridiculous.

Originally, Ming Yue thought that Ye Qiu would only take out a low-grade longevity medicine. If he was a little bolder, it would at most be a medium-grade longevity medicine. However, she never expected that the casualness Ye Qiu mentioned was actually supreme-grade.

!!

Damn, how rich was this guy? If you have a conscience, feel free to do the same to me.

Ming Yue was so angry that she was out of breath. The image of the cold goddess almost collapsed. It turned out that she had been worried for a long time, but he did not take it seriously at all.

An innate saint body? He did not care at all. No matter what kind of heaven-defying physique you had, he could control you in minutes with his generous spending. To think that she thought that Ye Qiu would suffer. In the end, she was thinking too much.

"Consult your head." The more Ming Yue thought about it, the angrier she became. She couldn't help but curse. What made her the most angry wasn't Ye Qiu hiding for a long time to show off. It was his last sentence. He did not know how to teach his disciples and was inexperienced. He still wanted to ask her for guidance in the future.

Pretentious. He was definitely being pretentious. So you're waiting for me here? Ming Yue originally thought that no matter what, they were still acquaintances and had a good relationship. Moreover, she liked Ye Qiu and had a good feeling about him.

So be it. Who would have thought that he would do this to her?

Ming Yue was exasperated. She didn't want her goddess image anymore. She would scold him first.

Ye Qiu was stunned by the scolding. "Hey, Senior Sister, pay attention to your image. As my Heaven Mending Saintess, how can you learn from those vulgar people and curse?"

"Screw your image. I've made an unnecessary trip." Ming Yue couldn't care less. She said coldly, feeling very unhappy. However, she was incomparably shocked. She really couldn't believe that Ye Qiu had

really taken out a supreme-grade longevity medicine to improve the physique of a disciple who had just entered the sect.

How selfless must he be to do this?

Ye Qiu secretly laughed in his heart when he saw her exasperated expression. He didn't expect that today's move would directly break his cold senior sister's defense. She didn't even want her image anymore. How embarrassing.

It had to be said that Ye Qiu was becoming more and more proficient in showing off. Hehe, this was all thanks to Old Qi's efforts. Otherwise, Ye Qiu wouldn't be so familiar with his business.

"Phew," Ming Yue let out a long sigh of relief and looked at Yaya with incomparable concern. She knew very well the power of that supreme-grade longevity medicine. Under such violent power, her body had already undergone a qualitative transformation and had truly been reborn.

At this moment, she looked completely different. She was like the thriving sun with an endless future. If the scene in the Zenith Heaven Hall repeated itself, the protagonist would probably have already begun to change.

"As expected of the Heavenly Fire Lingzhi. It perfectly fused with her Heart Flame. At this moment, her physique has already undergone a tremendous change. It's a good time to comprehend the Dao." Ming Yue sighed in her heart and frowned. She realized that Yaya did not seize the opportunity to directly comprehend the Great Dao and cultivate.

Instead, she continued to temper her prefecture sea and absorb thousands of power to fuse with her body, forming a huge sea of flames in her prefecture sea.

What was she going to do?

Just as she was feeling surprised, a loud bang suddenly spread out from Yaya's body, and a terrifying power instantly exploded.

Boom!

Ming Yue raised her hand to disperse this power. She was shocked and hurriedly looked over. She discovered that a new origin of the sea of flames was gradually taking shape in Yaya's body. It was like a newborn embryo Dao Fruit standing in the prefecture sea, emitting a dazzling light.

"This is a Dao Fruit? This, how is this possible?"

Ming Yue was instantly shocked. This was the first time she had doubted herself after cultivating for so many years. She had never seen such a strange scene. Yaya had yet to cultivate Qi, but she had already formed a Dao Fruit.

What was going on? One had to know that this Dao Fruit could only be formed at the Martial Monarch realm, and she did not have any cultivation yet.

She looked at Ye Qiu in confusion. She wanted an answer. Because what she saw today had already exceeded what she knew.

Seeing that she was so puzzled, Ye Qiu didn't hide anything. He only smiled faintly and said, "Senior Sister, there's no need to be surprised. This is a Dao path that I've used my entire life's knowledge and the inheritance from thousands of Dao techniques. To plant the path of the Dao with the body. The initiator can plant his Dao Fruit and lay the foundation. Once the Dao Fruit is formed, his future path will be unimpeded.

"The Heavenly Fire Dao Fruit in Yaya's body is her intrinsic source, the source of the initiator. It's not difficult to continue the Heart Flame of her Fire Clan and it could greatly increase its power by hundreds of times. It's not difficult to reach the heavens in a single step."

Ye Qiu explained so casually, but Ming Yue's heart was already in turmoil. This was the first time she had heard of such a ridiculous thing after cultivating for so many years.

How terrifying was it to form a Dao Fruit before entering the Dao? How could she not see the benefits? She was incomparably shocked. She couldn't believe that Ye Qiu could even think of such a method. How smart was he?

"Phew," Ming Yue trembled. She was drenched in sweat by Ye Qiu's exciting actions. Wiping the sweat from her forehead, the shock in her heart could not be concealed. The current Yaya had already undergone a tremendous change.

Not to mention a Saint Body, even those descendants of the Monarch's bloodline and golden bloodline could not compare to her physique. This was a fully deserving perfect body, the purest Heavenly Fire Immortal Body.

Ming Yue was incomparably moved. At this moment, she was completely shocked by Ye Qiu.

As Yaya successfully planted the Heavenly Fire, Ye Qiu immediately sent a voice transmission, "Disciple, don't be distracted. This is a good time for you to break through. Consolidate your origin, comprehend the Dao, fuse with nature, and comprehend the profundities."

As he spoke, Ye Qiu suddenly pushed out his palm. A fiery red rune began to flow and gradually fused into Yaya's body, resonating with her soul. This was a scripture diagram of the Red Lotus Karmic Flame. Just as Ye Qiu had said back then, he didn't hide anything and imparted the Red Lotus Karmic Flame to Yaya.

In an instant, as the Red Lotus Karmic Flame scripture appeared in her mind, Yaya was overjoyed and incomparably shocked. She comprehended the profundities of the scripture at an extremely fast speed and began to enter a cultivation state. Because of her Dao of Fire, she quickly comprehended the Red Lotus Karmic Flame with the support of the Heavenly Fire.

Yaya truly entered a cultivation state. She caught the huge medicinal effect of the Heavenly Fire Lingzhi and began to exert strength.

Bang!

Chapter 602: Continuous Breakthroughs

The Heavenly Fire was planted. A huge power surged in Yaya's body. A huge impact surged towards the prefecture sea. Shocking karmic flames fused into the Heavenly Fire and bloomed with dazzling light.

"Hiss..." Ming Yue was shocked when she saw this scene. She did not expect the Red Lotus Karmic Flame to fuse with the Heavenly Fire. Its power had increased by hundreds of times.

How terrifying was this existence? The Dao of Heavenly Fire perfectly matched the Red Lotus Karmic Flame technique. Under the combination of the two, Yaya's cultivation began to soar rapidly.

At this moment, Ming Yue was completely shocked. What kind of ridiculous operation was this? The Red Lotus Karmic Flame was the strongest flame in the world. Now that it had fused with the Heavenly Fire, its power had completely changed.

"No, that's impossible, this is crazy." Ming Yue shook her head in disbelief.

!!

Yaya mobilized all her strength and circulated the Red Lotus Karmic Flame Technique. In less than a moment, a powerful force began to swoop down and pour into the Life Spring.

Boom! With another loud bang, she successfully opened the Life Spring. She crossed the Qi Mastery realm in one step and reached the Infinite Distance realm.

Ming Yue was shocked when she saw such a terrifying speed of improvement. She did not dare to imagine that this was the speed of improvement that a newbie who had just come into contact with cultivation should have.

Before she came, she had also heard that the genius disciple of the Flower Burial lineage, Gu Jun, only used a day to sense Qi. Moreover, he had successfully cultivated it to level nine of Black Finger. This was because he was born with a Saint Body and his cultivation speed was extremely fast. These small realms in the early stages were as simple as eating and drinking to him. Looking at the time, he had probably reached the Infinite Distance realm, right?

This was still a conservative calculation. After all, his potential was huge. If Ku Muhai invested more in him, he might be able to jump into the Hidden Life Five Realms. If he didn't have this speed, he wouldn't be worthy of having that innate Saint Body. In just a day, he jumped from a person with no cultivation to the Black Finger realm without using any natural treasures.

Such talent shook the entire Heaven Mending Pavilion. Even the First Elder was alarmed. He did not expect such a genius to appear in this batch of new disciples.

Ming Yue could imagine that scene. At this moment, Ku Muhai was feeling smug. His tail was probably raised to the sky.

At first, she thought that Ye Qiu might be at a disadvantage this time, but she never expected that the current Yaya's potential was even more terrifying than Gu Jun. Just based on this heaven-defying fire, supreme immortal techniques, and the Longevity Heavenly Fire Lingzhi, Yaya would start from the Hidden Life Five Realms at the very least.

Moreover, the medicinal effect of the Heavenly Fire Lingzhi was extremely astonishing. It would not be completely consumed because of her breakthrough this time. Most of the power would remain in her body.

Therefore, in the following period of time, she could slowly absorb it and completely absorb it as her origin fire. Her cultivation would also increase greatly. Ming Yue did not dare to imagine her speed. She would definitely shock the world. Furthermore, her innate aptitude had already been reconstructed by the Heavenly Fire Lingzhi and had reached the level of a perfect immortal body.

All the Saint Bodies seemed very powerless at this moment.

Ming Yue was shocked. She turned around and looked at his indifferent expression, as if he had everything under control. She was shocked and suddenly had a strange feeling. She realized that she could not understand this man anymore.

That calm and leisurely attitude never revealed any worry when facing various problems. He never takes action easily. Usually, he looked like a very ordinary person, but every time he took action, he would definitely shock everyone.

Such a person was terrifying.

This was Ming Yue's inner evaluation. She looked deeply at Ye Qiu and didn't say anything. Instead, she continued to look at Yaya. The girl revealed a pained expression and was still struggling.

Yaya shouted as the surging power in her body impacted. "Break!"

Boom! After a loud bang, the wind swept away like a storm. Dark clouds surged on Violet Cloud Training Hall.

"Hidden Life Five Realms!" Ming Yue was stunned and revealed a look of disbelief.

Yaya had indeed broken through to the Five Realms. This did not seem to be her limit. At this moment, the Red Lotus Karmic Flame in her body could not calm down at all. It continued to rampage wantonly, cleansing through her limbs and bones.

For a moment, the power in her body lost control. Just as she was panicking, that familiar voice sounded again. "Defend your origin, comprehend the Dao of Heaven and Earth, mediate the collision of Yin and Yang, return to peace, and let nature take its course."

Ye Qiu's tone was incomparably relaxed as he enlightened her. When Yaya heard this, her originally flustered mood gradually calmed down. She no longer revealed any panic. As if affected by her master's relaxed and comfortable mood, she began to calm down.

One could not be flustered in the face of disaster. Cultivation was also for cultivating the heart. Only by having a clear mental state could one comprehend greatly. No matter what happened, she had to remain calm. She abandoned the useless things in her mind and focused on the Dao of heaven and earth. It was like swimming through the long river of the Great Dao, and her entire body relaxed.

As she gradually relaxed, the violent power in her body was no longer violent. It began to flow along the meridians in her body and circulate.

Seeing this, Ming Yue admired Ye Qiu. He was still so calm in such a situation. If it were an ordinary person, they would have long panicked, afraid that their beloved disciple would be in danger. If they panicked, there would definitely be a huge disaster.

However, from beginning to end, Ye Qiu appeared very natural and calm, not revealing any panic. She couldn't help but admire him. In terms of experience in this aspect, she was inferior to Ye Qiu.

Yes, this was the first time Ming Yue had taken the initiative to admit defeat. She was like a piece of white paper in terms of guiding disciples. If it were her, she would probably be anxious too. How could she resolve the problem like Ye Qiu?

As Yaya gradually calmed down, the power in her body began to smoothen and flow along her meridians. In less than a moment, there was a muffled bang.

"She broke through again?" Ming Yue was shocked. She instantly opened her Heavenly Eye and checked the situation in Yaya's body.

At this moment, she was continuously attacking the limit of the Five Realms. The blood in her body was boiling and burning. With another loud bang, she successfully stepped through the Hidden Life Five Realms and reached the Paragon realm.

"Breaking through to the Paragon realm in a day? Hiss..." Ming Yue sucked in a breath of cold air. What kind of monster was this? Even back then, she could only break through the Hidden Life Five Realms in a day.

Speaking of which, back then, she broke through the Hidden Life Five Realms in a day. She was also famous in the entire Heaven Mending Pavilion and shocked the world.

There was no other reason. It was because she did not use any natural treasures and completely relied on her own potential and her unyielding will to break through to the Five Realms in one go.

Her talent was underestimated by everyone.

In the beginning, everyone thought that her aptitude was average. Unexpectedly, she had a good heart. From the moment she began to cultivate, she gradually erupted with that terrifying talent.

Chapter 603: Are You My Mistress?

It could be said that back then, she was a fully deserving genius and a legendary existence. She had already shocked the world.

Under the circumstances where no one thought highly of her, she successfully killed her way out of the encirclement as an outer sect disciple until she became the Heaven Mending Saintess respected by everyone.

Such a legendary record had never appeared for many years. No one questioned her strength. Similarly, Ye Qiu wouldn't question it. He knew very well that the reason why his precious disciple could break her record was mostly because of the terrifying effect of the Heavenly Fire Lingzhi.

And the cold woman in front of him was a true monster. She did not use any natural treasures. This record could be said to be peerless in history. She was the true chosen girl. With this persona, with her terrifying talent and strength, she would be the female lead no matter where she went.

“Haha.” Thinking of this, Ye Qiu smiled faintly and shook his head. He didn’t continue to dwell on this problem.

At this moment, Yaya had successfully broken through the boundary of the Five Realms and successfully broken through to the Cardinal realm. As she broke through, the cyclone in the surroundings gradually dissipated, and she finally woke up.

She did not continue to break through because her master had instructed her that cultivation was not something that could be done in a day. She had to cultivate the Dao and the heart to comprehend the Dao of Nature.

If she broke through too quickly, her foundation would easily be unstable, causing her to lose her conscience and go astray. Now that she had broken through too quickly and did not know what the Dao was, it was very easy for problems to arise.

Yaya always remembered her master’s words and obediently stopped cultivating.

“Master!” Yaya could not hide the joy in her heart and shouted happily when she woke up again. It was difficult for her to calm down after breaking through several realms in a day. If her father found out, he would be so happy that he wouldn’t be able to close his mouth.

She finally understood that in the entire Heaven Mending Pavilion, the one who could truly be considered a good master was not those old men, but this young master in front of her. She was glad that she was lucky and that those old men did not choose her back then.

Yaya is very excited now. She wished she could jump up and hug her master to share her joy. However, after she came back to her senses, she realized that there was a peerless beauty standing beside him.

In an instant, Yaya was stunned. Who was she?

“Wow... so beautiful.” Yaya subconsciously said when she saw Ming Yue’s beautiful face. Even a girl like her could not resist such a heaven-defying appearance and that otherworldly temperament. She was too beautiful, like a snow lotus blooming alone in the snow. She was dazzling, making it impossible for one to look away.

Yaya had no intention of being stingy with her praise. She looked at Ming Yue and then at his master. She realized that the two of them were standing side by side in front of her.

She fell into a reverie. One of them was elegant, while the other was cold and aloof. They were like an immortal couple and were very compatible.

Yaya subconsciously said, “Are you my mistress?”

As soon as these words were spoken, Ye Qiu, who was about to speak, was stunned. Ming Yue’s cold face revealed a trace of embarrassment.

“Mistress?” Ming Yue’s mouth twitched when she saw the fellow beside her from the corner of her eye. She recalled the woman on the divine mountain who was not inferior to her in terms of talent and appearance.

Forget it.

Ming Yue glanced at Yaya and replied coldly, “No.”

“Ah!” Hearing her denial, Yaya was stunned for a moment. She looked at her master, who was still laughing, and immediately understood something. From the looks of it, she really wasn’t her mistress.

Knowing that she had called her wrongly just now, Yaya stuck out her tongue awkwardly, looking very cute.

Ming Yue did not take Yaya’s offense to heart. Children’s words carried no harm. She could not argue with a little girl. Then, she explained, “Your mistress is someone else. You’ll see her when you have the chance.”

“Really?” When Yaya heard this, she immediately became excited again. Master was so outstanding. What kind of existence was the woman who could subdue him? For a moment, she began to look forward to it. She looked at Ye Qiu as if she was saying, Master, tell me, where did you hide Mistress?

Hearing this, Ye Qiu smiled awkwardly. He rubbed his nose and didn’t explain. Speaking of which, he had not seen his wife for a long time. He wondered if she had come out of seclusion.

“Alright, let’s talk about it in the future.” Ye Qiu said indifferently and changed the topic. Then, he said, “Let me introduce you. This is your idol, the Saintess of my Heaven Mending Pavilion. Come, call her Martial Uncle Ming Yue.”

“Ah!” As soon as these words were spoken, Yaya was instantly shocked. She looked at Ming Yue in disbelief. This cold and aloof woman was actually her idol, Fairy Ming Yue?

Oh God. This...

At this moment, her heart was completely moved. She did not expect to see this legendary woman so close in her life. In the past, she had never dared to think that she would really be able to meet Ming Yue one day.

However, today, her dream came true. Not only did she see Ming Yue, but from the looks of it, the goddess in her heart seemed to have a good relationship with her master.

“Heavens, I actually saw the living Fairy Ming Yue.”

As soon as these words were spoken, the corner of Ming Yue’s mouth twitched and she sweated profusely. What kind of words are those? What did she mean by a living Ming Yue? Could it be that the people you saw in the past were all dead Ming Yue?

Even Ye Qiu was shocked by Yaya’s words and was speechless. “Damn girl, what are you saying? Quickly greet Martial Uncle Ming Yue.”

Yaya immediately reacted and stuck out her tongue, knowing that she had said something wrong. She hurriedly said, "Yaya greets Martial Uncle Ming Yue. Martial Uncle, I'm sorry. I misspoke just now and offended you. Martial Uncle, please punish me."

Ming Yue didn't argue with her when she saw her admitting her mistake seriously. There was no need for her to flare up at a little girl. She only replied indifferently, "Okay, there's no need to be so polite. Get up."

Hearing this, Yaya immediately heaved a sigh of relief. It seemed that this Martial Uncle Ming Yue was not as unreasonable and ruthless as the rumors said. She was still very kind.

"Hehe, thank you, Martial Uncle." Yaya smiled happily and hurriedly stood up from the ground.

"Haha!" Ye Qiu also smiled in relief at her performance. Then, he said, "Alright, today's cultivation ends here. Overall, today's gains are not bad. From tomorrow onwards, you will come here every morning. You will reflect three times a day to seek the Dao and cultivate your heart.

"Remember, don't play around and neglect your homework. I'll come and see your gains in a month. If everything goes smoothly, I'll teach you other powerful immortal techniques."

As he spoke, Ye Qiu arranged her cultivation plan for the next month and let her go back and rest. Before Yaya left, she was still a little reluctant. She turned around every three steps and stared fixedly at Ming Yue.

Ming Yue felt a little embarrassed. She didn't know what this wretched girl was thinking. Before she left, she muttered. "They clearly look very compatible, but she's not my mistress. Ah... what a pity."

Although the voice was very soft, Ming Yue and Ye Qiu heard it. The atmosphere instantly froze. It was terrifyingly awkward.

Chapter 604: Sudden Visit

Hearing this, Ming Yue was speechless. Her expression gradually froze. A cold aura surrounded her, so cold that no one could approach her.

Knowing that the situation was bad, Ye Qiu hurriedly said, "Ah, Senior Sister, I suddenly remembered that I still have something to do. I'll take my leave first. Do as you please."

After saying that, Ye Qiu quickly left, not giving Ming Yue a chance to attack. After running out of the safe area, Ye Qiu couldn't help but laugh. "Haha, this wretched girl really knows how to create trouble for her master. She almost killed me."

He only found it funny. He did not expect this little disciple to be so troublesome. Shaking his head, Ye Qiu slipped away and returned to the training hall to avoid unnecessary trouble.

At this moment, Ming Yue stood by the stone bridge and watched Ye Qiu leave the scene silently. Ye Qiu thought that she was very angry. After Ye Qiu left, she revealed a smile. No one knew what she was thinking, but it was just strange.

“Heh, a good match? I haven’t heard such words in a long time.” Stretching lazily, the beautiful goddess said in an extremely teasing tone, “I vaguely remember that the grass on the grave of the person who said this last time seems to be more than a meter tall now, right?”

Ming Yue smiled playfully. She had no intention of arguing with Yaya because she only thought that it was a child’s unintentional words. If she did it on purpose, it was because Ye Qiu, his master, had deliberately taught her.

Yes, he must have specially instructed her to find trouble with her. Why should she find trouble with Yaya? Looking back at the sea of clouds, there was no one beside her. Ming Yue was not too interested in the scenery in front of her. No matter how beautiful the scenery was, it was very boring to admire it alone, so she simply left.

In the blink of an eye, a month passed.

In the past month, Ye Qiu had been staying in the training hall, comprehending the Dao, consolidating his cultivation, and cultivating in seclusion. He almost never left the house. This morning, Ye Qiu woke up from his meditation. He sat down for a long time, and his bones were stiff.

He stretched comfortably and sighed. “Ah! Awesome.”

As his mental state stabilized, Ye Qiu felt refreshed and comfortable. It had to be said that he had gained too much this time.

Ye Qiu spent a month to finally calm his restless heart. He smiled and took out the Primordial Longevity Fruit but he didn’t choose to eat it. After a month of consolidation, his cultivation was extremely stable and his mental state was fine. If nothing unexpected happened, he could already consider continuing to break through.

However, Ye Qiu’s thoughts might be different from what the others imagined. He did not intend to break through to the Heavenly Venerate realm now. He had an even crazier thought in his heart, which was to break through to the Twelve Heavenly Sanctums.

The Longevity Fruit in his hand was his only reliance. However, Ye Qiu didn’t choose to eat it now because it was very risky to rely on a single Longevity Fruit. It would be terrible if he failed.

Therefore, the best solution was to think of a way to obtain a few medicinal primers and maximize the power of the Primordial Longevity Fruit.

Only then would he have absolute confidence in opening the twelfth Heavenly Sanctum. Once the twelfth Heavenly Sanctum was successfully opened, it would be an unprecedented legendary record.

He had completely unleashed the potential of the Endless Realm to the limit. At that time, not to mention a Heavenly Venerate expert, Ye Qiu would even have the strength to fight a Dao Sacrificial expert. This was the terror of the Twelve Heavenly Sanctums.

“Hmm, everything is ready, but I lack the crucial element. The world is peaceful now, so there’s no hurry. I should slow down a little more to ensure that nothing goes wrong. It’s best to fight steadily.”

After roughly planning in his heart, Ye Qiu put away the Primordial Longevity Fruit. Suddenly, he felt a cold wind blow past. Ye Qiu frowned and felt a few powerful auras approaching Violet Cloud Training Hall.

“Hmm... A guest?”

Ye Qiu could clearly feel that all of these powerful auras were experts above the Heavenly Venerate realm. He was immediately puzzled. Who suddenly visited Violet Cloud Training Hall?

At this moment, above the sea of clouds in the sky, Yaya sat alone by the cliff, comprehending the Dao. Suddenly, she sensed a few auras approaching and hurriedly opened her eyes. In the next second, she saw a few white-haired old men landing straight on the cliff.

“Elder Qi!” Yaya was stunned. The person who came was none other than Qi Huan. Accompanying him was Ku Muhai, Elder Wu Changfeng of the Heavenly Wind lineage, and Elder Mu Buqing of the Liuchuan lineage.

Hmm? Even Gu Jun came. He stood behind Ku Muhai as if he was his darling. He brought him wherever he went.

Yaya was stunned. She had cultivated bitterly in Violet Cloud Training Hall for a month. There was no other living being on the entire mountain other than her master.

What was going on today? Why did these people suddenly visit?

Looking at Yaya, who was standing at the edge of the cliff at a loss, Qi Huan smiled and did not put on airs. “Girl, don’t be nervous. I came this time under the orders of the First Elder to send something to your master and to pass some news at the same time. Where’s your master?”

After knowing the purpose of their visit, Yaya gradually relaxed and hurriedly said, “Elder Qi, my master is in seclusion in the training hall and has yet to come out.”

“Oh?” Qi Huan frowned. It seemed like he had come at the wrong time. Since Ye Qiu was in seclusion, he didn’t want to disturb him. In any case, it wasn’t anything important. He should wait for Ye Qiu to come out of seclusion.

Just as he was about to leave, suddenly, Ku Muhai said, “Haha, how rare. I wonder what peerless divine technique Lord Deity is cultivating? Why is he in such a hurry? He just took in a disciple and went into seclusion in a hurry. He can’t even be bothered to teach his disciple? Wouldn’t that be harming his disciple?”

“Although this disciple’s talent is average, he can’t ignore her like this. The motto of my Heaven Mending Pavilion has always been that all living beings are equal. Since he’s a master, he should abide by his duty and impart his teachings. It’s not appropriate for our orthodoxy to do such a thing.

“If word gets out, people will think that my Heaven Mending Pavilion doesn’t have anything to teach. Wouldn’t that ruin my Heaven Mending Pavilion’s reputation and damage my image? In that case, who will be willing to enter my Heaven Mending Pavilion in the future?”

As soon as these words were spoken, Qi Huan's face darkened, and Yaya looked even more unhappy. In the past month, she knew very well how good her master was to her. Hearing others say bad things about her master, the fiery temper in her heart could no longer be suppressed.

Just as she was about to speak, Qi Huan suddenly said, "Elder Ku, you seem to have a lot of objections to the Deity's actions?"

"I wouldn't dare. I'm just telling the truth." Ku Muhai did not retreat at all. Instead, he continued with reason, "The First Elder once said that in the orthodoxy, no matter who it is, as long as they do something wrong, anyone can say it. Moreover, those who refuse to change can abolish their status and be expelled from the Heaven Mending Pavilion."

Hearing this, Qi Huan could not suppress his anger. This old thing actually used the First Elder's words to refute him. However, he had reason and evidence, and he could not do anything to him. His heart instantly turned cold.

"Haha... I didn't expect Elder Ku to value the First Elder's words so much. This is a good thing." Qi Huan sneered and stopped talking.

Chapter 605: So This Is Elder Ku's Disciple.

The atmosphere gradually became oppressive because of this sentence from Ku Muhai. The elders present all knew that Ku Muhai had a grudge with Ye Qiu because Ye Qiu had embarrassed him in the Zenith Heaven Hall. Therefore, did he want to use this opportunity to beat Ye Qiu?

The elders looked at each other and did not say anything. It was mainly because they could not afford to offend either side. It was better to hang up high and be a spectator.

After a long silence, the atmosphere became even more oppressive. Suddenly, Yaya spoke. "Elder Ku, there's something I don't understand. I wonder if you can answer it?"

There was a trace of anger hidden in her eyes, but her rationality prevented her from acting up. Her master's humiliation was tantamount to humiliating her. If she didn't do anything today, how could she be worthy of being her master's good disciple?

Her master treated her so well and it was her mission to protect her master's dignity.

!!

Ku Muhai did not notice anything when she asked. He looked at her teasingly like a winner. He smiled mockingly and pretended to be disappointed. "Sigh, how pitiful. You met such a master. Forget it. I'm in a good mood today. Although your aptitude is average, it's not impossible to teach you. It's a pity to neglect your cultivation. Ask away. Today, I will answer your confusion on behalf of your irresponsible master."

He really thought that Yaya was going to ask him some cultivation questions. The score was already set up. Little did he know that he had already fallen into Yaya's trap.

Seeing that he had fallen for it, Yaya was delighted and revealed an imperceptible smile.

“Hehe, damn old man, you asked for it. Don’t blame me for being rude.” Yaya secretly laughed in her heart and asked with a pious expression, “Elder Ku, your Dao techniques are extraordinary and you are respected. I believe your disciples are all outstanding, right?”

“Of course. My lineage has produced many heroes. Even this little disciple who has just entered the sect has already reached the terrifying Cardinal realm. How can your small Violet Cloud Training Hall compare? Little girl, give up. The Deity is indeed outstanding enough. However, he’s still young and inexperienced in this aspect. Taking him as your master is equivalent to destroying your future.”

At this point, a sense of superiority and incomparable pride surged in Ku Muhai’s heart. Yes, Gu Jun had become his face. He had reached the Cardinal realm in a month after entering the sect. With such talent, he was destined to be an extraordinary figure in the future.

As Gu Jun’s master, he naturally felt proud. This was also the reason why he brought Gu Jun everywhere he went. He was just smug. That expression seemed to be telling all the elders of the mountain range that they were ultimately much inferior in terms of teaching disciples. No matter how good the talent was, it would be useless if it was given to you.

“Oh, I see,” Yaya was secretly delighted when she saw his smug expression, but on the surface, she pretended to be enlightened. Then, she looked at Gu Jun behind him and saw his arrogant expression. She said seriously, “So Elder Ku’s disciple has already reached the terrifying Cardinal realm after entering the sect for a month.

“Congratulations. I’m not talented. I’ve only reached the peak of the Paragon realm a month after entering the sect. It’s difficult for me to be elegant compared to Elder Ku’s disciple.”

Hearing this, Ku Muhai subconsciously said, “Haha, it’s good that you know. How can you compare to my disciple...” Before he could finish speaking, Ku Muhai’s old face suddenly stiffened, and the smile on his face instantly stopped.

On the other side, Qi Huan, whose expression was originally ugly, still wanted to stop Ku Muhai from continuing to mock others. After hearing this, he was suddenly shocked.

“What! Peak of the Paragon realm...”

Everyone was shocked. Mu Buqing walked over quickly and took Yaya’s hand to check, then his expression stiffened.

“She’s really in the Paragon realm. How could this be possible?”

After his confirmation, Ku Muhai’s expression was extremely ugly, as if a pile of shit was stuck in his throat, disgusting him. And his precious disciple, Gu Jun, who was standing behind him had a look of terror. “No, that’s impossible, that’s absolutely impossible.”

At this moment, everyone was in an uproar.

Yaya laughed wildly in her heart as she looked at the extremely ugly expression of Ku Muhai, but her expression was humble. She said, “Sigh, my Violet Cloud lineage is ultimately a desolate place. It can’t compare to Elder Ku’s Flower Burial lineage where it’s filled with outstanding people and geniuses. Elder

Ku, what you said just now was true, my aptitude is indeed mediocre. I'm a piece of trash. I've embarrassed myself in front of you."

Another mocking sentence was like a sword that was ruthlessly stabbed into Ku Muhai's heart.

"Pfft..." Ku Muhai was so angry that he almost vomited blood. Yaya was humiliating him in a roundabout way. She threw the thing he was proud of to the ground and stepped on it twice. She had been in the sect for a month and had actually reached the peak of the Paragon realm. She was a major realm ahead of Gu Jun.

If she claimed to be trash, then what was Gu Jun, who claimed to be a genius? Wasn't he worse than trash? In the eyes of others, what Ku Muhai was proud of was not even presentable. It ruthlessly humiliated him.

"Haha!" At this moment, Qi Huan laughed unkindly. It had to be his disciple. They were too similar. This scheme and slap to the face hurt too much.

Qi Huan felt extremely relieved when he saw Ku Muhai's expression. In short, there was only one word. Awesome.

Qi Huan walked over with a loud laugh and simply checked Yaya's situation. It was indeed as she had said. Her cultivation had already reached the peak of the Paragon realm. Moreover, her mental state was very stable and there were almost no flaws. Such perfect growth was promising in the future.

On the other hand, Gu Jun was arrogant. Ku Muhai had given him many natural treasures just to fight for his reputation. He didn't care about anything and rushed up. It could be said that he had already reached a crazy level of wanting to break the record Ming Yue had set back then. His mental state was more or less flawed. His realm was extremely unstable and could drop at any time.

In comparison, Yaya was much more stable. The things she ate were not treasures of the same concept as what Gu Jun ate. She ate the Heavenly Fire Lingzhi, a supreme-grade longevity medicine. What did Gu Jun eat? How good could the quality of a low-grade immortal medicine be?

Moreover, Ku Muhai did not pay attention to cultivating the mental state accordingly. He was only encouraging his disciple to continue growing, which would only harm his precious disciple.

"Haha, good. It's really the prosperity of my Heaven Mending Pavilion. I will definitely report this matter to the First Elder truthfully. My Heaven Mending Pavilion has another peerless genius." Qi Huan laughed loudly and praised from the bottom of his heart.

In the beginning, he didn't think highly of Ye Qiu. He thought that as long as he didn't make a fool of himself, he could still help make things right. He didn't expect Ye Qiu to give him such a big surprise. He really shocked everyone.

Facing Qi Huan's praise, Yaya only smiled. She knew very well that the reason why she could grow so quickly was all because of her master's love.

Therefore, she was very grateful and could not tolerate others slandering her master.

Chapter 606: Fight If You Want to, I'm Not Afraid Of You

Yaya's move embarrassed Ku Muhai, and his expression became extremely ugly. Especially her extremely mocking words. It was tantamount to a ruthless slap to Ku Muhai's face.

"Damn it!" His killing intent instantly soared. Ku Muhai was furious. He had never suffered such a great humiliation. He originally wanted to use this opportunity to suppress Ye Qiu, but he didn't expect Yaya's move to crush his pride.

At this moment, he seemed to be a joke. The elders beside him suppressed their laughter and looked at him as if they were looking at a clown. Anger instantly surged into his heart, and a killing intent appeared in his heart. It was terrifyingly cold.

"What a little girl. How dare you humiliate your elders. Didn't your master teach you the etiquette of respecting your master? Good, very good. Since your master didn't teach you, I'll teach you what it means to respect your master."

!!

Anger surged into his heart. He could no longer care less. He had to teach this little girl a lesson today. As he spoke, he was about to strike out with his palm. He was a Heavenly Venerate expert. With a thought, he could turn Yaya into ashes. How could Yaya withstand his attack?

For a moment, the situation reversed. Yaya's face instantly turned pale. She had wrongly underestimated this old thing's bottom line. He actually couldn't stand the humiliation and attacked a junior?

Fortunately, when his palm slapped over, Qi Huan, who was beside him, attacked. He only blocked his attack with one hand. Killing intent erupted as he said coldly, "Ku Muhai, do you think I don't exist?"

Qi Huan's cold shout woke up Ku Muhai. His face darkened when he felt Qi Huan's terrifying killing intent covering over.

Realizing his rashness, he felt regretful. Although Qi Huan usually looked amiable, he was now the nominal ruler of the Heaven Mending Pavilion.

Although Ku Muhai was ambitious and wanted to replace him, as long as Qi Huan had yet to retire, he did not dare to be too jumpy. Realizing his rashness, Ku Muhai hurriedly retracted his hand, but his anger did not decrease at all.

Today, Yaya had ruthlessly slapped him. If he didn't take revenge, he wouldn't be Ku Muhai. However, with Qi Huan present, he did not dare to do anything too overboard and could only give up for the time being.

"Hmph! You disrespectful brat. On account of Elder Qi today, I won't argue with you for the time being. But don't be happy too early. One day, I'll make you pay a heavy price." He was like an old man who couldn't afford to play. He began to act shamelessly, wanting to find trouble with the younger generation.

Yaya heaved a sigh of relief in the face of his threat. Fortunately, Qi Huan had protected her just now. Otherwise, she would really be in danger. She only calmly replied, "Haha, Elder Ku, I don't think I said

anything to offend you, right? From beginning to end, it's always Elder Ku who's aggressive. I'm just following your words. Why can't you afford to play?"

"You!" Ku Muhai was instantly enraged and speechless, not knowing how to refute.

Indeed, from beginning to end, he was the one who praised himself. In the end, he was the one who was slapped in the face. Yaya did not give him any chance to cause trouble. If he insisted on attacking, he would be using his power to harm the sect's disciples. Once he substantiates this crime, it would be difficult for him to climb up in the Heaven Mending Pavilion in the future.

He was furious, but there was nothing he could do. After a while, he glanced over and saw his beloved disciple with a gloomy expression behind him. Immediately, a thought appeared and he suddenly said, "Damn girl, a mere Paragon actually dares to be so arrogant. A Paragon expert built up from medicine is just an empty shell. Do you really think you're some extraordinary figure?"

"Disciple," As he spoke, he turned around and said to the cold-looking Gu Jun, "Since Lord Deity's disciple looks down on my Flower Burial lineage so much, you should spar with his disciple and see what extraordinary methods the so-called Violet Cloud lineage has."

"Okay! Gu Jun replied coldly. At this moment, his pride had suffered a huge blow and turned into endless motivation. He could not believe this fact. Yaya, who had been suppressed by him all the way back then, had actually walked ahead of him. No one could withstand such a blow. Now that his master had spoken and asked him to attack, Gu Jun agreed immediately.

A month? He firmly believed that Yaya must have used some special method to cultivate to this realm. Her true strength was definitely not as strong as his. As long as he defeated Yaya again, he would still be able to sit firmly on his throne.

Looking at Gu Jun's confident expression, Ku Muhai nodded in relief. Then, he looked at Qi Huan and said, "Senior Brother Qi, a competition between fellow disciples shouldn't be considered a violation of the rules, right? My disciple's cultivation level is lower than hers, so he can't be considered to be bullying the weak. She's the one who took advantage of him. You shouldn't have any objections, right?"

This old fellow's eyes were incomparably sinister and cunning. Qi Huan had dealt with him for many years, so he naturally understood that he was definitely plotting something. However, he could not stop it even if he wanted to because Yaya had already agreed to their request for a battle. This concerned the dignity of the two factions.

Moreover, it was a competition between two juniors and the same batch of new generation disciples. It was reasonable. What reason did he have to stop it?

He couldn't help but mutter in his heart. *"F*ck, what is this old kid plotting?"*

He wondered if Ye Qiu had taught Yaya any powerful immortal techniques. If he hadn't, Yaya wouldn't know how to use her strength. If she lost, wouldn't he completely lose the dignity he had just saved?

Qi Huan was helpless. He could only place all his hopes on Yaya. He did not say anything and only tacitly agreed with this action.

With Qi Huan's tacit approval, Ku Muhai became even more impudent, as if they had a chance of winning.

"Haha, since Senior Brother Qi has no objections, let's begin." As he spoke, he looked at Yaya and said, "Could it be that Violet Cloud Training Hall doesn't dare to accept the challenge?"

Anyone could not stand such a strange tone, let alone Yaya.

"So be it. Do you think I'm afraid of you?" Yaya replied domineeringly. Then, she looked at Gu Jun. This brat had suppressed her many times during the entrance examination. Coincidentally, she would settle the old and new debts today to avenge her previous humiliation.

Yaya walked up angrily and stood on the stone stairs of the sea of clouds. She stared coldly at Gu Jun and shouted, "I'm not bullying you. I'll use one hand. Come on." As she spoke, she placed one hand behind her back in all seriousness. Such provocative words completely angered Ku Muhai and Gu Jun.

"What an arrogant girl. Indeed, like master, like disciple. If I don't teach you a lesson today, you probably won't know the immensity of heaven and earth." Ku Muhai was incomparably angry and said, "Disciple, go!"

With a command from Ku Muhai, Gu Jun was furious and instantly attacked. In an instant, a destructive force suddenly erupted. A huge hand stretched out from the void with the power to devour the world.

Chapter 607: That's It?

Qi Huan's expression changed when he saw Gu Jun's move. He did not expect that in this short month, Gu Jun had already grasped the divine power, Deflower, of the Flower Burial lineage.

In less than a moment, Gu Jun stretched out his hands and waved them. Countless death vines stretched out from the darkness and grabbed towards Yaya, wanting to lock her above the sea of clouds.

Seeing this scene, Qi Huan was so nervous that he broke out in a cold sweat. He wondered if Yaya had learned any immortal techniques and if she could deal with this attack. The other elders were even more worried.

!!

At this tense moment, Yaya was the calmest among the people present.

"Haha, Deflower? How dare you show off such a crude trick in front of an expert? Ridiculous. What Flower Burial lineage? I think it's better to call it the Pig and Dog lineage." Yaya ignored Gu Jun's thousands of attacks with a cold sneer. She was neither fast nor slow. It could even be said that she was relaxed.

If it was in the past, she would definitely not dare to say that she could withstand this strike. However, it was no longer the same as before. After cultivating the Red Lotus Karmic Flame for a month, her confidence increased greatly. An attack of this level was like a joke in her eyes.

Yaya sneered as the thousands of vines wrapped around her. Suddenly, she stretched out her right hand, and a shocking fire erupted. That soaring power was unstoppable. The vines that covered the sky were burned clean by the Karmic Flame in an instant.

“What!”

In just a second, the situation was reversed. Everyone was shocked, and Ku Muhai’s face darkened as he let out a cold voice. “Red Lotus Karmic Flame! No, how is this possible?”

At this moment, he was shocked. He never thought that the legendary Red Lotus Karmic Flame would appear on Yaya.

How did she learn this heaven-defying technique? Her background wasn’t worthy of possessing such an immortal technique. The only explanation was that Ye Qiu had taught her this.

“No! Realizing this, Ku Muhai panicked. Yaya had grasped the Red Lotus Karmic Flame and combined it with the Heart Flame in her body, she was like a fish in water. Her potential was enough to threaten his position in the Flower Burial lineage.

At this moment, he could no longer remain calm and completely panicked. He did not believe that this was true, and Gu Jun, who was opposite Yaya, was in disbelief. This little girl who had always been suppressed by him had actually defeated him easily today? The unwillingness and humiliation in his heart instantly surged.

“That’s it? Under his angry gaze, Yaya sneered and mocked, “Looks like this so-called Flower Burial lineage is nothing much? I just casually threw a ball of fire and it burned away. You’re not very strong either. You might as well stop practicing. Go home and raise pigs. You’re embarrassing yourself.”

This mockery was deeply inherited by Ye Qiu. With just a few words, she completely angered the master and disciple of the Flower Burial lineage.

“Damn it!” Clenching his fists tightly, Gu Jun was furious. In an instant, a disc appeared in his hand. He said murderously, “Damn girl, you actually dare to humiliate me. You’re courting death.”

In an instant, the disc enveloped the sky above Yaya. Gu Jun quickly attacked, and thousands of runes flowed. A shocking devouring power came from the disc. At that moment, the smile on Yaya’s face finally disappeared.

Qi Huan was even more shocked. He turned around and looked at the cold Ku Muhai, furious. This old thing actually taught Gu Jun the secret technique, Flower Shifting Wood. Moreover, he even passed him this medium-grade immortal artifact, the Luosheng Wheel.

The power of this immortal artifact was huge to begin with. Coupled with this technique, the power was maximized. Not to mention a Paragon, even a King-Ranked expert would be useless against such power.

Qi Huan was furious, but he was helpless because this was a competition between peers. He could not interfere.

The smile on Yaya’s face gradually dissipated as she watched the disc attack. She did not expect Gu Jun to have such a trick up his sleeve. She was more or less surprised. As the disc flowed, the devouring power came. She could feel the spiritual energy in her body begin to drain rapidly. If this continued, she

would definitely be sucked dry. At that time, she would definitely lose and her life might even be in danger.

At this moment, a voice suddenly sounded in her mind. "Disciple, don't panic. I'll teach you a technique that will definitely kill him."

It was her master! The moment this voice sounded, the smile on Yaya's face appeared again. Master came out of seclusion?

Yaya was overjoyed and moved. She had already given up, but she did not expect her master to make a move at this critical moment.

"This is the Flower Shifting Wood Technique. It's an ancient forbidden technique that has the ability to devour the heavens and the earth. It can devour everything in the world. However, although this technique is strong, it has a fatal flaw. That is... it's not picky. Once this technique is used, no matter what power it has, it will devour it and use it for itself. If it absorbs good power, he can improve himself. However, if it absorbs bad things, hehe... he'll be courting death."

Ye Qiu smiled and exposed the flaw of this secret technique. How sharp was his eyes? In just a few seconds, he saw through the flaw of this secret technique. Don't forget, he had the legendary Primordial Dao Body and was innately close to the Dao. How could he not see through such a crude forbidden technique?

In just a few words, Ye Qiu continued to send a voice transmission, "You don't need to do anything. You just need to turn all the power in your body into Karmic Flame and let him absorb it."

"Huh?" When Yaya heard this, she was stunned for a moment and did not understand. But when she thought about it. Wait a minute...

If she remembered correctly, this Red Lotus Karmic Flame was known to burn everything in the world. The cultivation process was extremely difficult, and it was not easy to be devoured. If Gu Jun sucked in this Karmic Flame and could not consume it, then...

Thinking of this, Yaya seemed to understand something and was overjoyed.

"Thank you, Master. I understand." Yaya was instantly overjoyed. She pushed with one hand, and in an instant, the surging power in her body began to burn rapidly, gradually turning into karmic flames that filled the sky. "Hmph, you like to suck, right? I'll let you suck as much as you want."

In an instant, the soaring flames headed towards Gu Jun. However, at this moment, he had yet to realize the seriousness of the problem. Facing Yaya's counterattack, he thought that she was making a final struggle and was delighted. It would be a waste not to absorb the power that was sent over for nothing. He controlled the disc and instantly devoured the ball of Karmic Flame.

As the Karmic Flame entered his body, a trace of pain suddenly appeared on his face. This was not the end. Before he could suppress the karmic flames in his body, Yaya charged over with another karmic flames.

Gu Jun couldn't care less about the changes in his body and hurriedly began to suck again. In less than a moment, his body began to expand rapidly.

“Not good...” Ku Muhai’s expression changed. He had an ominous feeling.

Chapter 608: Kill

“Suck, I’ll let you suck enough today.” Yaya angrily exerted strength again, and instantly, the karmic flames that soared into the sky covered the sky. She did not resist, and it was as if she had directly sent it into the disc.

No one could understand her series of actions. This was more like courting death.

“What does this girl want?” Qi Huan was puzzled and incomparably worried. Once all the power in Yaya’s body was sucked away, she would lose very badly and her life might even be in danger.

This was definitely not a joke. The Flower Shifting Wood Technique was very evil. It extracted all the power from others and made them die of exhaustion. If it were an ordinary experienced expert, they might give up some things and escape from this predicament.

!!

However, Yaya did the opposite. Not only did she not do that, but she also gave more power to Gu Jun.

What was she doing?

Qi Huan panicked. The other elders present also shook their heads and commented, “Sigh, she’s still inexperienced and impulsive. It makes sense. After all, she’s only been in the sect for a month. It’s not easy for her to cultivate to this realm. Lord Deity was in a hurry to enter seclusion and didn’t teach her how to deal with this situation. It’s clearly filled with flaws.”

Everyone shook their heads and felt that it was a pity. If this continued, even if Yaya didn’t die, she would become a cripple.

However, how could they know that as Gu Jun absorbed more and more karmic flames, his face gradually turned red? It was as if a ball of scorching flames was burning in his body, and his entire body was tortured by pain.

It was worse than death. In the beginning, he did not discover this drawback, but as the Karmic Flame became stronger, this pain became stronger.

“Pfft...” Suddenly, he spat out a mouthful of blood. The counterattack of the Karmic Flame had finally begun. Gu Jun’s body trembled and he spat out a mouthful of blood. He held his chest and was at a loss.

“No... impossible.” He said that it was impossible and mobilized all his strength to suppress this ball of Karmic Flame. However, he was surprised to discover that no matter how hard he tried, he could not fuse with this ball of Karmic Flame.

It did not fuse at all. It was completely different from the power in his body. They conflicted with each other and even devoured the power in his body. As the karmic flames burned crazily, his origin power began to drain rapidly, and his life was exhausted.

At that moment, Gu Jun completely panicked.

“No!” Gu Jun shouted hurriedly. He was terrified and looked at the girl opposite him in disbelief. At this moment, he finally understood why Yaya would do this. She was not stupid, but she had seen the drawback of Flower Shifting Wood and chose to use this method to effortlessly disintegrate his attack.

“Pfft...” Gu Jun spat out another mouthful of blood. He suddenly knelt on the ground and endured the backlash of the raging karmic flames in his body with difficulty. His face was ferocious and he was covered in cold sweat. He was in incomparable pain. No one could imagine what kind of pain his body was enduring at this moment. It was a torture worse than death.

This sudden turn of events caught everyone off guard.

“What... what’s going on? The Flower Shifting Wood was broken just like that?”

No one could believe what they were seeing. Yaya did not even use any methods. She only continuously released her power for Gu Jun to crazily absorb. They originally thought that after Yaya’s power was sucked dry, she would lose. However, no one expected the tables to turn so quickly.

Not only was Yaya fine, but Gu Jun was the first to fall. What kind of ridiculous action was this?

Wu Changfeng’s face darkened as he analyzed seriously, “Could it be that he can’t suppress the karmic flames in his body, causing a backlash?”

“Hmm?” As soon as these words were spoken, everyone instantly came to a realization.

Qi Huan understood the profundity and was delighted. “I understand. The Red Lotus Karmic Flame is the strongest Yang flame in the world. It can’t be fused together. Nothing in the world can suppress it.

“Gu Jun has absorbed so much Karmic Flame and doesn’t know how to circulate it. He can’t control this ball of flames and can only let it flow crazily in his body. As the Karmic Flame became stronger, he gradually lost control. The indirect consequence was that he died from the backlash of the Karmic Flame.”

Qi Huan’s words exposed the mystery. The moment he heard this, Ku Muhai’s face darkened and killing intent instantly erupted. He could not figure out that the ultimate divine power of the Flower Burial lineage was actually broken by a little girl today. Furthermore, it was so casual and effortless. This was more like pushing down his lifelong faith.

Clearly, he actually knew about this drawback, but he couldn’t figure out why Yaya knew. Now, her actions had revealed the profundity of this secret technique to the public. It had completely threatened the status of the Flower Burial lineage.

He did not care about Gu Jun’s life at all. Instead, he looked coldly at Yaya and said angrily, “You’re actually so ruthless in a spar between fellow disciples. You disregarded the friendship between fellow disciples and killed your fellow disciples. If I don’t execute you today with such evil intentions, you will definitely harm a party in the future. Today, I will eliminate a scourge like you for my Heaven Mending Holy Land.”

In the blink of an eye, the moment Gu Jun fell to the ground, Ku Muhai attacked.

Qi Huan was almost not given any time to react. After he shouted those words righteously, that terrifying power had already struck towards Yaya. In an instant, the wind and clouds changed. A

shocking pressure suddenly attacked, and Yaya's face instantly turned pale. She was only a small Paragon cultivator. How could she withstand a strike from a Heavenly Venerate expert? Furthermore, Gu Jun had already absorbed most of her power just now. She was already very weak.

Yaya's heart instantly turned to ashes as she watched Ku Muhai's palm strike, as if she could see her death.

"Ku Muhai, what do you want to do?" At that moment, Qi Huan also panicked. Ku Muhai actually dared to attack under his nose. However, by the time he noticed it, it was too late to stop it. He immediately felt extremely regretful. He should have guessed that this old fellow, Ku Muhai, would not let the matter rest. If he had noticed in advance, this would not have happened.

Qi Huan was filled with regret when he saw that the situation was irreversible. Once Yaya died, and was killed by Ku Muhai under his nose, how could he face Ye Qiu? However, at this moment, there was no way to make Ku Muhai stop. He was very decisive. Moreover, before he attacked, he had found an excuse for himself. An excuse was what he wanted.

He's not afraid of you settling scores later. Once he succeeds, even if you want to settle the scores, he has a reason to refute you.

At this critical moment, Ku Muhai seemed to have seen its victory and revealed a smile.

"Hmph, reckless thing. Let's see who can protect you today." He sneered in his heart and the palm was already in front of Yaya. If nothing unexpected happened, Yaya would definitely be reduced to ashes.

At this moment, seeing that his scheme was about to succeed, Ku Muhai revealed an evil smile. Suddenly, a halberd charged over from the sky, and a terrifying power instantly pressed down. Ku Muhai's expression instantly changed.

Chapter 609: Are You Looking Down On Me?

The might of an Overlord was unstoppable. The moment the halberd appeared, the situation instantly reversed.

The expression of Ku Muhai, who was originally confident of winning, instantly became extremely ugly. Under his incredulous gaze, there was a loud bang. The two terrifying forces collided violently. In an instant, the entire mountain range trembled.

"Pfft..." The power counterattacked, causing Ku Muhai to vomit blood. Clearly, he was unable to react in time.

This sudden turn of events also made the expressions of everyone present change drastically.

"What's going on?"

Looking at the sky, everyone's faces instantly turned incomparably pale. Someone said in an incredulous tone, "This... is a Primordial Chaos Immortal Treasure. Heavens, whose divine weapon is this?"

For a moment, everyone was shocked. No one expected such a reversal when everyone was certain that Yaya would die. The atmosphere became extremely strange as they looked at the incomparably terrifying Primordial Chaos Immortal Treasure, the Overlord Halberd.

An immortal treasure of this level was something that only experts above the Dao Sacrificial realm were worthy of possessing. Who? Who was it?

All the elders present did not dare to believe what they were seeing. Under their surprised gazes, a white figure slowly appeared above the sea of clouds.

“Ye... Ye Qiu!” The moment they saw the owner of the divine weapon, everyone instantly sucked in a breath of cold air. No one expected that the owner of this supreme divine weapon was actually Ye Qiu. “Heavens, how... How is this possible? Why does he have such an immortal treasure?”

Everyone revealed looks of disbelief. Even Qi Huan could not believe this fact.

“Master!” Yaya, who had already closed her eyes in despair and was waiting for her death, opened her eyes again and realized that the crisis in front of her had been resolved. The moment she saw her master finally appear, she understood everything. She, who was strong-willed, could not withstand this grievance and shed stubborn tears.

Just now, she really thought that she was dead. However, she did not expect her master to pull her back from the gates of hell. It was also at this moment that she truly understood what a terrifying existence her master was.

When the light dissipated, Ye Qiu stretched out his hand slightly. The Overlord Halberd returned to his hand. He waved his hand and drew a beautiful arc in the air. His peerless immortal appearance in white was more like a peerless god of war.

At this moment, Ku Muhai was extremely terrified. He never expected Ye Qiu’s strength to be so terrifying. He looked at Yaya viciously and was greatly disappointed. If Ye Qiu did not interfere, he would have succeeded. Now, he couldn’t do anything. He had no way to start.

“Ahem ahem...” With a heavy cough, Ku Muhai was especially thick-skinned. It was as if nothing had happened just now. He smiled respectfully and said, “Your Highness, your Dao techniques are indeed profound. I admit defeat.”

Seeing that he was flattering him as if nothing had happened, everyone present could not help but admire his thick skin. However, how could it be so easy for him to wash his hands of this matter with a few words?

Ye Qiu arrived at the edge of the cliff from the sky with a flash. He looked coldly at Ku Muhai and said, “Old thing, are you bullying my Violet Cloud for having no one? Do you really think I don’t dare to kill you if you dare to cause trouble here?”

As soon as these words were spoken, a shocking killing intent instantly erupted. It was bone-chilling. Everyone’s bodies trembled and their expressions tensed up again.

Ku Muhai’s expression was incomparably ugly. He knew that he had lost today. No matter what Ye Qiu did, he was in the right. After all, he was the one who attacked first. Of course, even so, Ku Muhai was not the kind of person to be impulsive. He had his excuses.

He said, “Your Highness, what are you saying? I’ve never questioned Violet Cloud, nor do I have any intention of offending you. However, this woman is ruthless and has too much killing intent. She actually

used such evil methods to spar with her fellow disciples. I was afraid that she would go astray in the future and ruin the reputation of Your Highness. That's why I took action to clean up the mess for you. If Your Highness doesn't like me interfering, I won't interfere."

As soon as these words were spoken, the elders present instantly sucked in a breath of cold air. Good lord, he was really shameless. With just a few words, he wanted to wash away the responsibility.

Not to mention them, even Ye Qiu was so angry that he laughed. "Haha, in that case, I have to thank you for helping me?"

"There's no need for that. It's my honor to be able to serve Your Highness." Ku Muhai said with a serious expression.

Ye Qiu was amused.

"Hmm... You have a point." Ye Qiu smiled in his heart and looked at Gu Jun. Ye Qiu said, "Looks like Elder Ku is also an expert in the righteous path of eliminating demons. He can't tolerate a single grain of sand. You're actually so ruthless in the competition between fellow disciples. Since you're so ruthless, you should be punished for disregarding the benefits of your fellow disciples!"

As soon as these words were spoken, Ku Muhai was stunned for a moment. He didn't understand what Ye Qiu meant. However, in the next second, his expression changed drastically. He saw Ye Qiu suddenly slap his beloved disciple, Gu Jun.

"Your Highness, what do you mean?" Ku Muhai hurriedly blocked. The two forces instantly collided, and Ku Muhai was once again caught off guard.

"Pfft..." His face suddenly turned incomparably pale. At this moment, he finally understood what Ye Qiu meant. He wanted to use this opportunity to make a fuss. Since you said that Yaya was ruthless and wanted to get rid of her, wasn't Gu Jun the same?

Ku Muhai never expected Ye Qiu to do this. If it were an ordinary person, they probably wouldn't know how to withstand his words. However, he was facing Ye Qiu.

Ye Qiu didn't continue attacking after his palm was blocked by Ku Muhai. Instead, he continued, "Elder Ku, what do you mean? I'm just helping the Flower Burial lineage get rid of this scourge and clean up your mess so that he won't ruin your reputation in the future."

As soon as these words were spoken, Ku Muhai's face darkened. He knew that he had fallen into Ye Qiu's trap. Yes, he had used his words against him, making it difficult for Ku Muhai to withstand. He was the one who said it, and he was the one who attacked first. Then, no matter what Ye Qiu did next, he did it according to his words. It was reasonable.

However, if he retorted, it meant that what he said before was nonsense.

Ye Qiu's actions instantly made things difficult for him. If it was an ordinary disciple, Ku Muhai might have given up. After all, he had many disciples. But Gu Jun was different. This child had a huge background. If he died, Ku Muhai would not be able to answer to his family.

For a moment, Ku Muhai's expression became extremely ugly. He looked at Ye Qiu coldly and knew that he was being unreasonable. He simply said, "My disciple doesn't need Your Highness to personally take action. I'll deal with him."

As soon as these words were spoken, Ye Qiu was immediately unhappy. Then, he said coldly, "Then do you mean that you can attack my disciple at will? Are you looking down on me?"

In an instant, cold killing intent enveloped the entire mountain.

Chapter 610 - Eleven Heavenly Sanctums Shocked Everyone

As soon as Ye Qiu said this, the atmosphere instantly changed. A cold killing intent enveloped over. The wind and clouds in the world changed, and the cold Overlord Halberd emitted a supreme domineering aura.

Ku Muhai panicked, and his face turned pale. At this moment, he could not reply at all because no matter what he said, he could not explain. He was afraid. He never expected Ye Qiu to be so difficult to deal with. He was completely different from the young people he had seen in the past.

Ye Qiu could accurately capture everything he said and even use his words to attack him. He could not withstand it at all. Even if he denied everything he had said before, he still had a reason to attack him.

For a moment, he could only brace himself and say solemnly, "I don't mean that. If Your Highness really thinks so, I have no choice."

"Oh? Then I can think that you're looking down on me. In that case, I'll personally experience the so-called Flower Burial lineage's divine power today." Ye Qiu couldn't be bothered to waste his breath. He already had a reason to attack. Just this alone was enough for Ku Muhai to die a hundred times.

As soon as he finished speaking, Ye Qiu suddenly withdrew. The Overlord Halberd circled in his hand and slowly retracted. He casually placed an incense stick on the ground.

Ye Qiu said again, "Old thing, I won't bully you. If you can survive this period of time, I can pretend that nothing happened today."

These words were even more humiliating. Ye Qiu didn't even use his divine weapon. Did he want to use his bare fists to defeat Ku Muhai?

Everyone present was shocked by his words.

"Oh my god, isn't this too arrogant? No matter what, Ku Muhai is still a Heavenly Venerate expert. He's also an existence among the older generation of Heavenly Venerate experts. Even Senior Brother Qi probably doesn't dare to say that he can take him down so easily, right?"

"I think Lord Deity's cultivation level is only in the Endless Realm. How dare he be so arrogant?"

Everyone was puzzled. They didn't know where Ye Qiu got his confidence from. It was a battle over realms. Even Ming Yue, who was also in the Endless Realm back then, barely fought to a draw with Ku Muhai. Moreover, that was Ming Yue with the Ten Heavenly Sanctums. How could Ye Qiu dare?

Everyone was puzzled, and the despairing Ku Muhai revealed anger on his face after hearing this. "Damn it!"

Ye Qiu actually dared to look down on him like this. How humiliating was this? He did not take him seriously at all. Such arrogance was like a ruthless slap to his face.

In his anger, Ku Muhai replied coldly, "Since Your Highness is so interested, I'll play with you and see what divine powers the so-called Violet Cloud has."

Ye Qiu's extremely humiliating words completely angered him.

The two of them were instantly at each other's throats. Ku Muhai shouted coldly, and the aura in his entire body instantly erupted. In an instant, the entire Violet Cloud was covered in dark clouds and lightning flickered.

That shocking aura alarmed many people to come and watch.

"What a terrifying aura. Who is this? He actually dares to challenge Elder Ku of the Flower Burial lineage?"

The people surrounding him had clearly never seen Ye Qiu before and were incomparably curious. As the atmosphere became colder and colder, the time was right. Ye Qiu sneered and remained unmoved by the pressure that filled the sky.

He only calmly lit the incense stick and said, "Don't worry, you'll see it soon."

As soon as he finished speaking, Ye Qiu revealed a faint smile. Suddenly, a violent wind blew. Several Heavenly Sanctums instantly appeared around Ye Qiu, and the terrifying power shook the void.

At that moment, everyone was shocked. They looked at the Heavenly Sanctum around Ye Qiu. When they counted to eleven, everyone was shocked.

"Heavens! These are eleven Heavenly Sanctums. How is that possible? Isn't the current highest record of my Heaven Mending Pavilion the Ten Heavenly Sanctums created by the Saintess Ming Yue back then?"

"Where did this genius come from? He actually opened eleven Heavenly Sanctums?"

The moment Ye Qiu revealed his strength, he instantly shocked everyone. Even Qi Huan was moved. At this moment, he finally understood the First Elder's painstaking efforts.

"Phew," Qi Huan took a deep breath. He was so nervous that his legs were trembling. "Eleven Heavenly Sanctums, a rare genius in history. This is the highest record our human race has set since the Ten Fiends, right? Unbelievable, simply unbelievable. I thought that the Ten Heavenly Sanctums created by Yue'er was already the limit of the human race. I didn't expect there to be a higher existence. Where is this kid's limit?"

Qi Huan's face was pale and weak. He was completely stunned.

Not many people knew that Ye Qiu had eleven Heavenly Sanctums. Only Gu Sanqiu and Ming Yue who went to the lower realm knew. Now, after seeing Ye Qiu's eleven Heavenly Sanctums, the crowd erupted.

Ku Muhai's face was pale and his eyes were filled with fear. Back then, Ming Yue of the Ten Heavenly Sanctums could suppress him. It could be said to have been a ruthless blow for a long time, like a nightmare.

Now, another rare genius had appeared, creating a record that was even more terrifying than Ming Yue. And the worst thing was that he had offended both of them.

How terrifying were the Eleven Heavenly Sanctums? It could be said that back then, Ming Yue had only relied on ten Heavenly Sanctums and her powerful strength to fight him to a draw. If Ming Yue used her precious technique, it would not be difficult for her to crush him.

And Ye Qiu had now reached the astonishing Eleven Heavenly Sanctums. What kind of terrifying existence was this?

The pressure suddenly crushed over. Ku Muhai felt his legs tremble, and his breathing became tighter.

As the incense stick began to burn, Ye Qiu mobilized all the blood energy in his body, causing the power in his body to gradually boil. This long-lost feeling made Ye Qiu very excited.

As they chatted, Ye Qiu turned around and said to Yaya, "Disciple, watch carefully. Watch me stand up for you."

Hearing this, Yaya's body trembled. The grievances in her heart were completely swept away at this moment. The humiliation she had endured after a month of hard work seemed to have been washed away. Her anger was vented in one sentence. She silently clenched her fists. At this moment, she only had eyes for her master, the supreme man standing in the light.

Ye Qiu attacked. A gust of wind blew past. He was like a torrential rain that arrived extremely quickly. In just a breath, he arrived in front of Ku Muhai. The two of them looked at each other. Before Ku Muhai could react, Ye Qiu punched over coldly.

Boom!

"Pfft..." Under this extreme collision of power, Ku Muhai was bleeding in just one punch. His bones felt incomparably painful.
