Chapter 691 Mentor Ming Yue

As their auras became stronger, a violent wind instantly blew. The entire Violet Cloud Training Hall was filled with a ball of air, stirring up clouds. The commotion was so vast that it was breathtaking.

Ye Qiu watched every move in front of him. The collision between ice and fire was extremely intense.

After a long and anxious confrontation, Jiang Ling'er's face was slightly pale. She was clearly at a disadvantage.

Seeing this, Ye Qiu immediately understood.

Even though Jiang Ling'er's cultivation had already reached the Heavenly Venerate realm, it was impossible for Jiang Ling'er to suppress Ming Yue in terms of aura when facing a mid-stage Heavenly Venerate with a powerful physique.

Therefore, the current situation was that Jiang Ling'er was already a little powerless, while Ming Yue maintained a calm appearance.

Ye Qiu gently raised his hand. A gentle power instantly fused into the four directions, mediating the resistance between ice and fire. Then, he said, "Fairies, can you give me some face? Let's end it here today."

Ye Qiu first looked at Ming Yue.

Ming Yue turned around and looked at him without saying anything. She slowly calmed down. She didn't want to fight with Jiang Ling'er to begin with and was just playing with her.

On the other side, Jiang Ling'er finally heaved a sigh of relief when she saw that Ming Yue had stopped spreading her aura. At this moment, she finally realized a problem. In the past ten years, the gap between her and Ming Yue seemed to have widened.

Back then, she could at least compete with Ming Yue. Ming Yue had won against her by a hair's breadth. But now, she was surprised to feel that the woman in front of her was like a huge mountain, becoming taller and taller, insurmountable.

At this moment, she was convinced from the bottom of her heart. There was no unwillingness or anger in her heart. There was only admiration.

"Phew... I lost." Jiang Ling'er slowly calmed down. She was not a sore loser. She only lowered her head and said with admiration from the bottom of her heart, "Sister, ten years have passed. I thought that the gap between us was no longer there, but I didn't expect... the gap to widen. I feel inferior! Thank you for showing mercy just now. Otherwise, I would have been injured."

There was no resentment, Jiang Ling'er said seriously. At this moment, she no longer had the high spirits she had when she first came to the Heaven Mending Holy Land. She had become a little disappointed.

Ming Yue frowned. She didn't want to destroy Jiang Ling'er's Dao heart because of her. She had always admired this girl and liked her from the bottom of her heart. This was also the reason why Ming Yue was

willing to play with her just now. She did not have so many schemes in her heart, only the purest heart of cultivation.

After passing one difficulty after another and opening a new world, she was still willing to reach out and pull these latecomers. This was also why so many people treated her as their target and respected her and loved her willingness.

It could be seen that in the entire Heaven Mending Holy Land, there were people who had thoughts about the position of the Goddess and the position of the Deity, but no one wanted to touch the Saintess.

Because they only had one Saintess in their hearts, and that was Ming Yue. No matter how outstanding people appeared in the future, as long as Ming Yue was still around, in the hearts of the disciples of the Heaven Mending Pavilion, the Saintess would always be Ming Yue.

"Ling'er, I know you're very disappointed, but I hope you understand one principle. There is no mountain in the world that can't be crossed, nor is there a truth that can't be broken. Often, the obsession in people's hearts will become a person's greatest mental demon and the greatest obstacle on the path of cultivation.

"You and I are just one of the many living beings. We are very small, like a speck of dust in the vast sea. Under the illumination of the great era, we are drifting with the waves. The sky is very big! The earth is very wide! There might be more powerful experts above us, but our knowledge is not enough to come into contact with that level.

"The obsession in your heart is too deep. If you urgently want to achieve a goal, you will fall deeper and deeper and lose yourself. Actually, you don't know that you're already an outstanding existence among your peers. It's just that you were too anxious to defeat me and forgot the original intention of Dao.

"To cultivate the Dao, one has to cultivate the heart first! This is the fusion of the mental state. Only by having a clear mental state can one understand the true meaning of the Dao. Why don't you turn around and look at how many people who once competed with us have gradually faded away, yet you and I are still around.

"You're already very outstanding. At the very least, you're the only opponent who can make me feel pressure all these years." Ming Yue said a lot. This was the first time she had been so patient and said so much.

Usually, she said little and could not even say a word a day. However, when she saw Jiang Ling'er, who had lost herself, she chose to pull her out of the abyss.

Ye Qiu silently watched all of this and couldn't help but admire her. "Damn it, my blood is boiling. I really want to do it."

It had to be said that Ming Yue's charisma was indeed very strong. Even Ye Qiu was unconsciously infatuated with her. She was too perfect. She was a goddess! She was kind-hearted and cold, but at the critical moment, she was gentle, considerate, and mainly comforting. She could resist and fight. She was devastatingly beautiful. The main reason was that that pair of breasts was still very big. They were too perfect.

Supreme-grade! Wouldn't anyone who married her be a winner in life?

After Ming Yue's reminder, Jiang Ling'er's eyes gradually became clear, as if she had called herself back. She looked at Ming Yue with blurry eyes and revealed a sweet smile. She stepped forward and gently grabbed her hand, like a girl next door.

"Sister, is what you said true? Can I really make you feel pressured?" Jiang Ling'er asked uncertainly. Ming Yue finally nodded in relief when she saw her finally smile.

"Yes, you're very strong. At least among the opponents I've encountered, other than this guy in front of me, only you can make me feel pressure." As she spoke, Ming Yue pointed at Ye Qiu. Her expression more or less meant that she was diverting the trouble.

Ye Qiu was dumbfounded when he heard this. F*ck, I was just praising you in my heart. I was saying that you were so considerate and understanding. Why did you trick me? Aren't you pulling the hatred towards me?

Ye Qiu was speechless. He looked at Ming Yue's faint smile and immediately understood that she must have done it on purpose. Yes, she did it on purpose.

As expected, as soon as Ming Yue finished speaking, Jiang Ling'er looked over. She slowly walked over and walked around Ye Qiu three times to observe.

"Hey, hey, hey. Can you respect me more?" This action made Ye Qiu depressed. His precious disciple was still beside him. As a master, he still needed his dignity. Otherwise, how could he establish his might in front of his disciple in the future?

"Sister said that you're very strong. I want to spar with you." Jiang Ling'er also felt a little embarrassed and suggested with a smile.

Ye Qiu immediately felt his scalp go numb. It wasn't that he was afraid of Jiang Ling'er, but this girl was Yaya's biological aunt. If they really fought and accidentally injured her, wouldn't his precious disciple hate him to death?

Chapter 692 I'll Play With You

"Uh... Haha..." The atmosphere suddenly became very awkward. Ye Qiu really did not expect Mingyue to suddenly push the blame onto him. You're too evil. I was praising you in my heart just now, but in the blink of an eye, you sold me out.

Ye Qiu smiled awkwardly. Seeing that Jiang Ling'er was eager to try, he quickly said, "Senior Sister really knows how to make fun of me. It's already late today. I think everyone should rest as soon as possible."

"Why? Are you afraid?" Jiang Ling'er was immediately interested when she saw Ye Qiu change the topic. Of course, she knew that Ye Qiu was being modest. This was because she had really seen Ye Qiu's strength. She naturally knew how terrifying Ye Qiu was.

Previously, the descendant of the Yu Clan, Yu Wushuang, was not a peerless genius. However, he was still in the first tier.

!!

Ye Qiu knocked him out with a slap. It was simple and brutal.

Although Yu Wushuang did not force him to use any of his precious techniques, Jiang Ling'er's intuition told her that Ye Qiu's strength was definitely not inferior to Ming Yue. He could even walk alongside Ming Yue.

Moreover, through Yaya's explanation, she had a preliminary estimate that the supreme immortal technique hidden in Ye Qiu's body was immeasurable.

Just the Red Lotus Karmic Flame that he had taught Yaya was terrifying enough.

"Scared?" Ye Qiu, who had changed the topic and was about to end the dispute, immediately twitched the corner of his mouth when he heard this. He was unhappy. What a joke. Ever since I debuted, I have never known how to spell 'scared'. Of course, it's not that I'm uncultured. Everyone, don't misunderstand. It was just that there was no such word in my dictionary. To say it arrogantly, not to mention you, Jiang Ling'er, I wouldn't be afraid even if Mingyue did it herself.

After hesitating for a long time, Ye Qiu joked, "Haha... You sure know how to joke. I'm not talented enough to spar with you."

Ye Qiu had just finished being humble. He was about to find an excuse and brush the topic off.

Unexpectedly, he heard a very ear-piercing voice. "Eh... Master is afraid."

"Hmm?" As soon as these words were spoken, Ye Qiu was stunned. He turned around and looked at Yaya, who was standing silently behind Mingyue and muttering to herself. Was this wretched girl trying to provoke me?

At that moment, Ye Qiu was instantly displeased. In the beginning, he was not interested in fighting Jiang Ling'er because this kind of sparring was meaningless. In the current situation, it seemed like he would not be able to hold the fort if he did not come up with something.

At the very least, he could not embarrass himself in front of his disciples again. Otherwise, how could he stand in front of his disciples in the future and make them admire him? That would not do. Ye Qiu's principle had always been that he could give in to anything, but not in front of his disciple.

That was because he still needed to borrow these disciples to nest children. If he softened, how could he use both kindness and power?

"Ahem ahem," Thinking of this, Ye Qiu changed from his joke just now to become serious. "Since you want to play, I'll play with you."

Ye Qiu, who had changed his attitude, instantly became taller. His entire temperament seemed extraordinary, as if an immortal had descended to the world. Standing at the top of the cold wind, Ye Qiu gently extended his left hand. He did not use any weapon and only said, "Fairy, please attack me in any way you like."

Even Mingyue gasped when she heard that. "Good lord, why did you suddenly become so arrogant?"

Mingyue knew Jiang Ling'er's strength very well. Ye Qiu actually dared to let the other party attack in any way she liked.

How arrogant!

The most terrifying thing was that he did not use any weapons. In other words, did he plan to spar with Jiang Ling'er bare-handed?

Mingyue's heart trembled. She suddenly felt that she had gone overboard this time. She also began to look forward to it. She had always wanted to see where Ye Qiu's limit was. Perhaps Jiang Ling'er could clearly test it this time.

On the other side, Jiang Ling'er's expression instantly became solemn when she heard this. She knew that Ye Qiu was very strong. When she heard him say such a thing, the first thing she did was not question Ye Qiu's arrogance. Instead, she was thinking about where he got his confidence from. Could it be that... he was stronger than Mingyue?

She was puzzled, but she was more excited. This was because in all these years, other than Mingyue, this was the first time she had met an opponent who could make her feel such terrifying pressure.

She felt the domineering aura coming from Ye Qiu's body. Her body could not help but tremble. She felt as if she was being faintly suppressed.

"Alright! Since Young Master has invited me, I can only be rude." After saying that, Jiang Ling'er slowly walked out of the pavilion. In an instant, the flames around her body erupted, and a raging fire suddenly burned. The shocking aura instantly soared.

Ye Qiu frowned. At this moment, she was more like a goddess standing in flames. Her temperament had changed from its usual gentleness to an extremely irritable one. Indeed, she would only show her other side when she was really fighting.

"Interesting! Is this the Fire Clan's Origin Fire?" A faint smile gradually appeared on Ye Qiu's face as he felt the terrifying flames coming at him. He was gradually interested.

Ye Qiu knew about the Fire Clan's Origin Heavenly Fire because he had seen it before. Back when Yaya was building her foundation, it was Ye Qiu who led the way.

After millions of years of inheritance and baptism, this flame was completely different from the original heavenly fire. It had a murderous and violent aura. Moreover, Jiang Ling'er was a genius who had truly cultivated the power of the heavenly fire to the extreme.

The current heavenly fire had undergone a tremendous change.

Jiang Ling'er gently raised her hand, and a ball of brilliant sparks erupted in her palm. Sparks flew under the red robe. She stepped on the flames and slowly walked over. She only said, "Young Master, forgive Ling'er for being rude."

Jiang Ling'er had already mobilized all her strength and gave Ye Qiu the highest respect. Before she attacked, she said politely.

Faced with such a soul-stirring pressure, even Ming Yue, who was at a distance, felt a sense of oppression.

Just now, she had only competed with Jiang Ling'er in terms of state of mind and did not attack. Now that Jiang Ling'er had really attacked, she suddenly realized that this girl was no longer the girl from ten years ago.

"What a strong sense of oppression! This girl actually cultivated the heavenly fire to such an extent." She could not help but comment in her heart. She was already very shocked.

On the other side, Yaya was completely shocked by this dazzling scene.

"Hiss..." Yaya took a deep breath. She did not expect her usually gentle aunt to be so terrifying when she really fought. She could not help but start to worry about her master. She wondered if her master could deal with such an oppressive aunt.

Even though the atmosphere of the battlefield had already reached a certain point, Ye Qiu still maintained his calm bearing.

He remained unmoved in the sea of fire.

Chapter 693 Fire? I Think I Have One Too

Even though the pressure coming from Jiang Ling'er was very strong, Ye Qiu remained very calm. He remained calm and said, "Fairy, please!"

He still did not move. This action could not help but cause Jiang Ling'er to be cautious. She could not figure out what ultimate move Ye Qiu had hidden to this extent and was unwilling to move. Was he being arrogant, or was he really very strong?

All her guesses would definitely be resolved the moment he really took action.

"Heavenly Fire, descend!" Without any hesitation, Jiang Ling'er instantly attacked. She formed hand seals with both hands. A heavenly fire suddenly descended and smashed into the sea of clouds.

!!

The space trembled. Terrifying flames swept through the entire sky. The surging sea of clouds was instantly dyed red, like the red glow of the setting sun. The Heavenly Fire instantly poured down. The shocking pressure instantly attracted the attention of countless people.

"This is... the heavenly fire of the Fire Clan?" At this moment, above the clouds outside the mountain, Yu Changsheng was standing at the top of a cliff. He was staring at another distant mountain peak as he spoke with a shocked expression.

Behind him stood many members of the Yu Clan, as well as the elders of the Heavenly Water Branch of the Heaven Mending Holy Land. "That seems to be the direction of the Violet Cloud Training Hall!"

"Violet Cloud Training Hall?" Hearing this, Yu Changsheng was stunned for a moment. There were too many mountains in the Heaven Mending Holy Land. He did not know many of them.

The elder from the Heavenly Water lineage quickly explained, "Senior Yu, this Violet Cloud Training Hall is Ye Qiu's training hall."

"What, Ye Qiu!!!" Yu Changsheng's expression instantly darkened when he heard this name.

Previously, Ye Qiu had embarrassed him in the Zenith Heaven Hall. He had wanted to teach him a lesson, but he did not expect Ye Wuhen to suddenly interfere. So the matter was left unsettled. Now, hearing this name again, Yu Changsheng gritted his teeth in anger.

Behind him, Yu Wushuang's eyes were red with hatred and resentment. "Ye Qiu!" He clenched his fists tightly. The humiliation of gritting his teeth continued in his heart. Yu Wushuang hated Ye Qiu to the core.

He had destroyed himself with one hand and destroyed his arrogant Dao heart in front of the entire world. He had embarrassed himself in front of the entire world. Sooner or later, he would personally pay back this humiliation.

Li Bu'er, the elder of the Heavenly Water lineage, knew very well what was going on in the hearts of the grandfather and grandson. He also saw them clearly, but he did not want to say anything.

He did not know much about Ye Qiu, nor had he interacted with him. He was just a cultivation elder, one of the legacies. In the Heaven Mending Holy Land, there were at least a few thousand elders like him.

In comparison, he had nothing to do with Ye Qiu, let alone curry favor with him. He only needed to do his job well.

Looking at the heavenly fire spreading in the sky of the Violet Cloud Training Hall, Li Bu'er said with a solemn expression, "In this world, other than the Fire Sovereign, the only person who can unleash such a shocking fire is the Saintess of the Heavenly Saint Mountain, right?"

Yu Changsheng immediately thought of something. "I remember. That little girl from the Heavenly Saint Mountain appeared in the Zenith Heaven Hall previously. Moreover, she seems to be the biological aunt of Ye Qiu's disciple."

At this point, Yu Changsheng became puzzled. He said, "That's strange. Since she's the aunt of Ye Qiu's disciple, why would she attack Ye Qiu?"

No one could answer that question. Li Bu'er shook his head. He could not think too much about it. However, judging from the current scene, this battle was destined to be extremely intense. It was a good opportunity to witness the might of the Deity. He wanted to see if the Saintess of the Heavenly Saint Mountain was more powerful than their Deity.

"Hehe, interesting..." Li Bu'er smiled evilly in his heart. Although he had a close relationship with the Yu Clan, it did not mean that he would completely rely on the Yu Clan. Compared to a colossus like the Heaven Mending Holy Land, the Yu Clan was only a small clan.

To put it more arrogantly, he, Yu Changsheng, should be currying favor with him. He should be using his relationship with him to climb onto a big ship like the Heaven Mending Holy Land.

Therefore, he could not be bothered with the conflict between Yu Changsheng and Ye Qiu. In comparison, he was more willing to see Ye Qiu win because Ye Qiu was the Heaven Mending Deity and represented the face of the Heaven Mending Holy Land.

"Patriarch, why don't I go..." Seeing that the two people were about to attack, Yu Wushuang instantly had a crooked thought. He was about to speak.

Yu Changsheng understood what he meant and immediately scolded, "How dare you? Aren't you ashamed of what happened before? A man has to be brave in this world. If you want to win, you have to win it back fair and square. If you dare to mention such things in the future, don't blame me for being impolite."

His words seemed to be directed at Li Bu'er. After all, if Yu Wushuang really did such a thing, That would definitely affect the image of the Yu Clan in Li Bu'er's heart. It would not be good.

Yu Wushuang retreated after being reprimanded. He was filled with fear, and his body was trembling.

As for Li Bu'er, he watched all of this silently and smiled without saying anything. He was not a fool. He could tell what Yu Changsheng meant. He just did not want to expose him.

After a while, Yu Changsheng continued, "Just nice, all of you should take a good look. If you're not as good as others, you have to learn from others and see how outstanding they are."

He was also looking forward to seeing how strong Ye Qiu was. Presumably, if Yu Wushuang could not force him to use his trump card, Jiang Ling'er should be able to do it, right? After all, she was the Saintess of the Heavenly Saint Mountain. She was as famous as Ming Yue back then. In terms of status, it was enough.

What Ye Qiu did not know was that his battle had already attracted the attention of many people.

At this moment, he was standing in a sea of fire. His expression did not change as he faced Jiang Ling'er's scorching fire. He was calm. That shocking fire could instantly devour an ancient ferocious beast. However, Ye Qiu was still unmoved even at this point.

Instantly, everyone became anxious.

At this moment...

Seeing the heavenly fire approaching, Ye Qiu smiled faintly and said, "Fire? I think I have it too..." While he smiled, a huge fire suddenly erupted. The situation instantly reversed.

The shocking fire that Ye Qiu erupted with emitted a dazzling red light. It was like a long dragon that swept through the heavens.

"Hiss... Red Lotus Karmic Flame!"

At this moment, the entire venue was in an uproar. Even Yu Changsheng, who was at the top of the cliff, revealed a terrified expression. The Red Lotus Karmic Fire was known as the nemesis of everything in the world. It was also the natural nemesis of the Yu Clan. Yu Changsheng panicked, he was completely flustered.

The Red Lotus Karmic Fire baptized the area. The power that erupted into the sky instantly sent Jiang Ling'er flying. Jiang Ling'er was completely stunned on the spot. She did not expect Ye Qiu to have cultivated the Red Lotus Karmic Fire to such a terrifying level.

Yaya's Red Lotus Karmic Fire was like a small worm that did not have any lethality. In that case, Ye Qiu's Red Lotus Karmic Fire was the Fire of World Destruction. It was like a fire dragon that could devour the nine heavens and instantly overturn the world.

In just a breath, the battle seemed to have ended.

Jiang Ling'er could not accept this reality. She still had many killer moves that she had not used. She wanted to test Ye Qiu, but she did not expect to be killed in an instant. If Ye Qiu had not held back just now, she would have been seriously injured. A sense of defeat assaulted her heart, and she looked much weaker.

Looking at the man in front of her, Jiang Ling'er only had one evaluation in her heart.

He was unfathomable!

Chapter 694 Li Bu'er's Thoughts

"Damn it!" On the top of the cliff, Yu Changsheng was furious. He clenched his fists tightly, his killing intent surging. "This kid actually grasped the strongest fire in the world and has already become the great enemy of our Yu Clan. If we allow him to continue developing, he will definitely become a future threat."

His heart gradually became gloomy. Yu Changsheng had already come up with a plan.

On the other side, Li Bu'er, who was silently watching the change in Yu Changsheng's expression, was also especially shocked. "I didn't expect that this Deity would actually control the strongest fire in the world. In that case, he must have become a thorn in Yu Changsheng's side, right?"

Li Bu'er began to think.

"Although the Yu Clan has a close relationship with the Heavenly Water lineage over the years, I'm not stupid in the face of such a serious matter. First Elder intends to nurture this child into the successor. That will be the future of my Heaven Mending Pavilion. It looks like... I have to do something." He thought to himself.

Li Bu'er did not have much desire or lofty ideals. He only had one belief in life, and that was the First Elder. Since Ye Qiu was chosen by the First Elder, he had no objections. He would 100% support the First Elder's choice.

Even though the Yu Clan had given him many gifts over the years, it was not to the extent that he would betray the Heaven Mending Pavilion and the First Elder.

The atmosphere was a little strange. The disciples behind him silently stared at the two old men in front of them.

A young disciple asked, "Senior Brother Juekong, what is Master talking about with Senior Yu?"

The handsome young man standing at the front of the group was dressed in green and had a graceful bearing. He silently observed every move in front of him. Faced with the question of his junior brother behind him, Juekong's expression was solemn. He pondered for a long time before saying, "It looks like Senior Yu wants to attack the Deity."

"Just now, I already felt a cold killing intent flash past. Coupled with what happened in the Zenith Heaven Hall just now, the Yu Clan will definitely not let go of a dangerous existence that can threaten their clan's interests."

Juekong analyzed calmly. Then, he looked at the other team in the distance. That was the team of the Yu Clan's descendants, not a disciple of their Heavenly Water lineage. They were all brought here by Yu Changsheng. All of them had killing intent. It was obvious that they hated Ye Qiu to the core.

Seeing this scene, Juekong fell into deep thought. He began to figure out his master's thoughts. From Li Bu'er's every move and behavior, he seemed to be silently protecting Ye Qiu. Through observation, the smart Juekong instantly guessed what his master was thinking and understood what he wanted to convey. As Li Bu'er's chief disciple, Juekong could be said to know Li Bu'er the best. It was not difficult for him to guess what his master was thinking.

At this moment, on Violet Cloud Mountain, Ye Qiu stood at the peak of the cold wind. He casually gathered all the flames onto his palm.

Three seconds later, Ye Qiu pushed out his hand. The vegetation in the forest surged, and an incomparably gentle power floated between the mountains. The forest that had been burned to ashes by the Heavenly Fire instantly began to sprout after this power flowed through it. It reproduced the green grass.

All things returned to life!

This was a Dao technique that Ye Qiu had comprehended from the Cursive Sword back then. He activated it with one hand and instantly re-emerged the beautiful scenery of the forest that Jiang Ling'er had just destroyed.

"What a good move!" Seeing this scene, Ming Yue could not help but praise him. She could sense that the power released by Ye Qiu was mixed with an invisible sword intent. This was a sword intent unique to Ye Qiu. It made people subconsciously fall into it.

Jiang Ling'er also looked over in surprise. She became even more determined that Ye Qiu had not used his full strength just now. "What a sharp sword energy. It looks like fire is not his forte. His true powerful divine power is the sword."

Jiang Ling'er was completely convinced. She had thought that Mingyue was the only one in the Heaven Mending Holy Land who could suppress her. However, she did not expect that the astonishing combat strength that Ye Qiu erupted with was not inferior to Mingyue at all.

At least in one aspect, Ye Qiu was more aggressive. His fighting style was more radical. Although Jiang Ling'er still had many terrifying divine abilities that she had not used, Ye Qiu had not used them either. In the end, he used a divine power that he was not very good at to easily defeat her.

Jiang Ling'er was not a sore loser. It was just that she could not accept it. She had suffered another blow.

"Aunt, are you alright?" On the other side, Yaya ran over in a hurry. She was afraid and thought that Jiang Ling'er was injured.

Jiang Ling'er's heart warmed when she saw her worried expression. She was finally relieved. "Forget it! Perhaps that's the only way I can trust Yaya to him if he's strong enough. I believe that Brother will be very relieved if he hears this news, right?" Jiang Ling'er revealed a gratified smile as she thought to herself. She comforted Yaya, "Girl, I'm fine. Your master knew when to stop. He didn't hurt me."

Hearing her aunt say that she was fine, Yaya finally relaxed. She was also very shocked. She did not expect his aunt to not be able to block her master's easy attack even though she was so powerful. Her admiration for her master became stronger.

"Hehe, I knew my master was invincible. I was right. I have to work hard and learn from Master to make a name for myself." Yaya was very happy as she thought to herself. This was because she had discovered another advantage of her master today.

That was confidence! He had absolute confidence. Even if Mount Tai collapsed in front of him, his expression would not change. He could control the universe with ease. It was this invisible confidence that embellished Yaya's belligerent heart. She swore in her heart that she would become someone like her master in the future. He was an example!

All of Ye Qiu's disciples were more or less affected by him. Their way of dealing with danger was affected by Ye Qiu.

Just like Lin Qingzhu, she had inherited Ye Qiu's teachings based on her words and actions to her calmness in the face of crisis. She did not panic. Even when facing enemies stronger than her, her expression did not change. She faced them calmly.

"Yaya, I'm going back after today. You have to cultivate well with your master. Don't be playful and neglect your homework. Your master is extremely powerful and has countless ultimate techniques. The ultimate techniques he casually took out are all extremely powerful existences.

"You have to study hard and work hard. As long as you master any of your master's ultimate techniques, you can do whatever you want in the Nine Heavens and Ten Lands. Do you understand?" Jiang Ling'er instructed her earnestly.

The intuition that Ye Qiu gave her was too terrifying. It was even more terrifying than the pressure that Ming Yue gave her. She no longer had the courage to challenge him. She was convinced.

Chapter 695 The First Hundred-Thousand-Fold Return

Hearing this, Yaya's heart trembled. She looked seriously at her aunt's sincere gaze.

Her heart skipped a beat. She calmed down and said, "Yes, Aunt, Yaya knows. I'll definitely learn from Master."

Jiang Ling'er smiled in relief when she saw how obedient and sensible she was. She was finally at ease. Her trip to the Heaven Mending Pavilion had not been in vain. At least she saw that Yaya was living very well here and had a bright future. In the future, she would definitely be the Light of the Fire Nation and lead the Fire Nation to glory again.

That way, she could rest assured! Moreover, other than Yaya, she had also gained something unexpected. After Mingyue's guidance, the knot in her heart was resolved. She might even gain something unexpected when she returns this time.

Thinking of this, Jiang Ling'er smiled gently. She turned around and said to Ye Qiu, "Young Master Ye, I'll leave Yaya to you. I hope that she can learn a lot of skills under you. My Fire Nation will be eternally grateful."

Ye Qiu was a little moved when he saw her slightly disappointed gaze. However, he did not speak and nodded.

After saying that, Jiang Ling'er turned around and said to Mingyue, "Sister, your words enlightened me. I will remember your kindness."

Ming Yue did not say anything. She only nodded and heard Jiang Ling'er continue, "Alright, it's about time. Ling'er should leave."

"We'll meet again!" After saying that, Jiang Ling'er felt as if a heavy burden had been lifted from her shoulders. It was as if the pent-up anger in her heart had finally been released.

Ye Qiu and Mingyue did not speak. They only looked at her silently until she disappeared into the horizon. She went back.

Yaya felt a little uncomfortable. There were tears at the corners of her eyes. She felt a sharp pain in her heart when she saw her aunt's disappointed expression. She was still in a daze even after her figure disappeared.

"Hehe, wretched girl, why are you crying? Alright, your aunt only returned to the Heavenly Saints Mountain. She didn't do anything else. In a few days, I'll bring you to the Heavenly Saint Mountain to see her after you complete the million-mile trial path. Don't cry."

Hearing this, Yaya instantly became excited. "Really? Master, you're not allowed to lie." Yaya instantly smiled. She stopped crying and even started to look forward to it.

Ye Qiu shook his head helplessly and said, "When did I lie to you? Coincidentally, I also want to see the elegance of the Heavenly Saint Mountain. When you finish the million-mile trial road, I'll bring you to the mountain."

"Yay! Master is the best!" Hearing this, Yaya finally stopped crying and danced happily.

Seeing how happy she was, Ye Qiu also smiled. He turned around and looked at Mingyue. He slowly said, "Senior Sister, it's getting late. Do you want to go back or stay at my place for the night?"

Ming Yue was stunned for a moment. She glanced at Ye Qiu and said coldly, "Goodbye!" With that, she turned and flew away.

"F*ck, you took so many benefits from me. It's fine if you don't give me a kiss, but can't you say goodbye nicely? A cold woman. She's not interesting at all." The corner of Ye Qiu's mouth twitched. He could not help but complain.

This damn woman was too difficult to control. When would he be able to suppress her? Forget it! Anyway, Little Senior Sister was about to ascend. He would think about it when the time came.

Some time ago, Meng Tianzheng sent a message saying that Little Senior Sister had successfully entered the Deva Realm and was about to ascend. Calculating the days, it should be soon.

Ye Qiu would be able to see her after she walked the Immortal Ascension Path. However, he did not know if she would get into a fight with this cold woman after she arrived. After all, the two of them did not submit to each other. They would clash when they met.

"Mmm, that's a problem. It looks like I have to think of a way to separate them."

Ye Qiu had to start considering this problem. After all, although these two people came from the same source, they had their own thoughts. No one wanted to be the other party's replacement. Under such a battle, both sides might suffer.

Fortunately, there was still time. It was time to put the plan on the agenda in advance for the next few days. He would first bring Yaya through the million-mile trial road and visit his old enemies. After walking the three-year trial path, he would return for the Heaven Mending Competition.

Other than these matters, there was another especially important matter.

"System!"

At this moment, Ye Qiu suddenly remembered that he still had a big treasure in his hands. What kind of return would it trigger if he gave a top-grade longevity medicine to Mingyue? Ye Qiu began to look forward to it.

"Hehe, my chance to charge into the Twelve Heavenly Sanctums will depend on you. Give me some strength."

He rubbed his palms together. He had been acting for so long. It was time to see the results. Ye Qiu hoped that it would not disappoint him too much.

[Ding...]

[You gave Mingyue a ninth-grade Companion Flower, a top-grade longevity medicine. You have triggered a critical hit return.]

[Do you wish to activate?]

As the system's cold voice sounded, Ye Qiu gradually became excited.

"Activate!"

It was better to deal with the pain quickly. This time, Ye Qiu did not even want the cushion and directly activated it. It was mainly because this top-grade longevity medicine was too domineering. No matter how many times it was, it was very profitable for Ye Qiu. There was no need to cushion any more.

[Ding...]

[Congratulations, you triggered a Hundred-Thousand-Fold critical hit...]

"Hundred-Thousand-Fold!" Ye Qiu almost couldn't catch his breath. He almost stomped his leg and went over.

A hundred thousand times? Did I hear wrongly? It was a hundred-thousand, right? Right? Ye Qiu was shocked. He was completely shocked. This was the first time in his life that he had received such a high return.

It could be said that this was the first time he had activated a hundred-thousand-fold return. He was stunned. What did a hundred-thousand mean? Usually, even ten-thousand was already heaven-defying. This time, it actually gave Ye Qiu a hundred-thousand-fold return in one go.

"Wait... System, what's going on? Why is it a hundred-thousand-fold?" Ye Qiu, who had come to his senses, suddenly froze and started to ask. Wasn't a hundred-thousand-fold return something that could only be triggered by a love bond? He did not have this relationship with Mingyue, right?

The only relationship he was bound to was Lian Feng and Ming Yue of the mortal world. He was not bound to this Ming Yue.

[Ding...]

[Host, the system is not mistaken. This Ming Yue comes from the same source as Ming Yue in the mortal world. The system has determined that it is the same person.]

[Therefore, this return is reasonable and effective. There is no possibility of a misjudgment.]

Ye Qiu was shocked. "F*ck, how could you play like this?"

Ye Qiu really did not expect that according to the system's judgment, Ming Yue in the mortal world and this Ming Yue were the same person.

Therefore, the ninth-grade Companion Flower that Ye Qiu had given Mingyue could trigger a return of a hundred-thousand-fold and directly enjoy the treatment of Ming Yue in the mortal world.

Thinking of this, Ye Qiu immediately became excited. "Hehe, even the system is helping me. Why would I worry about not succeeding?"

When Ye Qiu realized that Mingyue could also trigger a hundred-thousand-fold return, his thoughts immediately changed.

I'm sorry, Senior Sister. I didn't want to disturb you, but for my sake, I might have to send you gifts often in the future.

You have to hold on!

Chapter 696 Crimson Jade Leaf Flower

"Hehe," What was going on? He suddenly felt a little excited. A hundred-thousand fold return? What would I get? To be honest, no matter how calm Ye Qiu was, he couldn't remain calm at this moment.

Seeing his slightly excited expression, Yaya asked curiously, "Master, what's wrong? Why are you laughing?"

His smile immediately stopped. Ye Qiu suddenly remembered that there was a burden beside him. Fortunately, he discovered it early. Otherwise, wouldn't it be embarrassing if he couldn't hold it in and withered when he received some big treasure later? No, no. Ye Qiu still attached great importance to his image.

"Ahem... It's nothing. I just suddenly remembered something happy." Ye Qiu pretended to be calm to hide the embarrassment in his heart.

!!

“What happy thing?”

Yaya immediately became curious. Just as she was about to ask, Ye Qiu immediately stopped her. “Children shouldn’t ask about adult matters.”

Yaya became even more curious when she heard this reprimand, but she did not dare to ask again.

“Fine. Then Master, I’ll go back first.” Yaya said in disappointment.

“Alright, go! Tomorrow’s morning class will continue. In the next few days, I will be in seclusion for a few days. Do your homework as usual. I will bring you down the mountain after I come out of seclusion.” Ye Qiu said calmly. After Yaya left, he rushed into the training hall and locked all the doors.

At the same time, he placed a layer of seal on it to prevent any unnecessary trouble if the commotion was too great.

After everything was settled, Ye Qiu came to his usual place of seclusion. He sat cross-legged and was already prepared to withstand all the mental impact.

“Hehe, system, activate!”

[Ding...]

[Congratulations, you have triggered a hundred-thousand-fold Critical Hit Return and obtained 10 Netherworld Three Treasures, Crimson Jade Leaf Flower!]

In the next second, Ye Qiu jumped up. “Crimson Jade Leaf Flower! Ten stalks! F*ck, I’m rich, I’m really rich this time.”

One of the three Treasures of the Netherworld, Crimson Jade Leaf Flower! That was a top-notch longevity medicine that was as famous as the Netherworld Fruit. Just one Crimson Jade Leaf Flower was enough to make an Immortal go crazy. This time, Ye Qiu had ten supreme-grade Crimson Jade Leaf Flowers.

“Oh my god, Senior Sister, my dear Senior Sister, you’re really my lucky goddess. I love you to death.”

Ye Qiu was completely crazy as he looked at the ten Crimson Jade Leaf Flowers emitting an extreme red light in the system space. This was one of the three treasures of the Netherworld, the Crimson Jade Leaf Flower! Its power and medicinal effects were not inferior to the Netherworld Fruit at all.

Moreover, the effect between the two was greatly different.

The Netherworld Fruit was an extreme Yang holy artifact, while the Crimson Jade Leaf Flower was a supreme Yin divine treasure. These two divine medicines grew on the other side of the Netherworld, a domain that no one had dared to step foot in for millions of years.

Even an existence like the Ye Clan had spent decades of effort and lost countless experts to step into the periphery of the Netherworld and take away a Grade Nine Companion Flower. Just the periphery was enough to almost overturn the Ye Clan, let alone the even more terrifying inner region. These three holy medicines grew in the center of the other side of the Netherworld.

He opened the system introduction of the Crimson Jade Leaf Flower. There were a few words written on it.

[Paragon of Flowers!]

[The Crimson Jade Leaf Flower was an extreme Yin and cold thing in the world. It counteracts with the Netherworld Fruit. Just like the saying, once a flower blooms, a hundred flowers withered. Wherever it grew, not a single blade of grass grew for a million miles!]

[Absorbing the extreme cold energy of the world and gathering a million years of essence energy could allow one to enjoy a million years of lifespan.]

Seeing this, Ye Qiu was shocked. No wonder this thing could make those immortals go crazy. Just one petal could instantly increase a person's lifespan by a million years. This terrifying effect really left Ye Qiu at a loss.

Ye Qiu carefully counted the petals of the Crimson Jade Leaf Flower and discovered that there were a total of nine petals. In other words, just a Crimson Leaf Flower could give a dying person nine million years of life.

"Oh, f*ck." Ye Qiu was completely shocked after taking a deep breath. Damn it, what kind of immortal treasure was this? This was definitely a cheat!

One had to know that Ye Qiu was still so young. He had enough time to break through to the so-called Immortal King realm.

If he added ten Crimson Jade Leaf Flowers, Ye Qiu might be able to regain the style of the Immortal Ancient. He might be the first legendary existence to break through to the Immortal Emperor realm since the destruction of the Immortal Ancient.

Once he reached that realm, Ye Qiu would have enough ability to unlock the secret of the Longevity Calamity that Celestial Thearch Zhen Wu mentioned.

"Hehe... I'm rich. One stalk is nine million years old. Ten stalks is ninety million years old. It's already comparable to the old man's age."

This was only the lifespan given by the Crimson Jade Leaf Flower. It didn't include Ye Qiu's own lifespan. Wouldn't he directly reach a hundred million years old? Who would be anxious about this time and lifespan? Just take it slow. What I don't lack the most is time.

Moreover, this was calculated by Ye Qiu's own lifespan and the Crimson Jade Leaf Flower, it didn't include the hundred drops of Life Liquid that Ye Qiu had obtained previously. He didn't dare to think about it. This number was too huge! Ye Qiu couldn't figure it out.

However, at least one thing could be confirmed now, which was that Ye Qiu could consider breaking through to the Twelve Heavenly Sanctums. What a joke. Wasn't it easy to obtain the Twelve Heavenly Sanctums with a Crimson Jade Leaf Flower in hand?

Ye Qiu originally had a Netherworld Fruit. Coupled with the Primordial Longevity Fruit he obtained from Linglong and the terrifying medicinal effect of the Crimson Jade Leaf Flower, it was enough for Ye Qiu to

break through his shackles and defy the heavens. He opened the twelve Heavenly Sanctums and reached the highest in history.

Thinking of this, Ye Qiu instantly became excited.

The Twelve Heavenly Sanctums was an existence that many people did not even dare to think about. Even the descendants of the Ten Fiends did not dare to think about it.

If Ye Qiu really did it, then he would be an unprecedented existence. Moreover, once the Twelve Heavenly Sanctums were successfully opened, it meant that his Dao of Blood had already entered a perfect realm and could break through to a higher level of the Heavenly Venerate.

Entering the Ten Heavenly Sanctums was already a domineering existence in the Nine Heavens and Ten Lands.

Ye Qiu didn't dare to imagine what would happen if he entered the Twelve Heavenly Sanctums.

"Hehe, the exciting moment is about to arrive! It's time to take back some debts. White Tiger Li Tian! Undying Mountain, Mount Yao, and those who have tried to kill me time and time again. Just you wait. I'll come and find you immediately."

He had never had such unyielding confidence. Ye Qiu seemed to be able to see himself about to step into the Nine Heavens and Ten Lands. However, it was not that easy to establish the Twelve Heavenly Sanctums.

Although he had the help of the Crimson Jade Leaf Flower, it only gave Ye Qiu enough motivation.

The danger still existed, so Ye Qiu had to be extremely careful. He couldn't be careless at all, or he would be consigned to eternal damnation.

Chapter 697 Charging for the Twelve Heavenly Sanctums

This was no joke! It wasn't an exaggeration to say that the danger here was a hundred times more dangerous than when Ye Qiu opened the Eleventh Heavenly Sanctum. If he was not careful, he would really be consigned to eternal damnation and become a cripple from then on.

Therefore, Ye Qiu's expression gradually became serious. This exciting moment was about to arrive. He had to adjust his mentality and be fully prepared. With a raise of his hand, Ye Qiu took out one of the Crimson Jade Leaf Flowers and held it in his palm. He felt a cold aura coming from it. In an instant, Ye Qiu's arm froze.

"What a terrifying cold aura! As expected of the coldest thing in the world. If I didn't have the Red Lotus Karmic Flame to protect my body, I would have been frozen in an instant, right?" He could not help but rejoice in his heart. The Red Lotus Karmic Flame in his body had already been silently mobilized.

It was to guide the circulation of all the blood essence in his body to prevent his blood essence from not circulating and his meridians from being blocked when he attacked the Twelve Heavenly Sanctums.

Once this happened, it would be fatal. Ye Qiu didn't dare to bet.

"Phew," Ye Qiu took a deep breath and became tense.

What he didn't know was that at this moment, on the Divine Mountain, in Ming Yue's cave abode, Ming Yue was also very nervous. Compared to Ye Qiu's breakthrough, Ming Yue's reopening of the Ten Heavenly Sanctums was even more dangerous.

It seemed to be the connection of fate. Unknowingly, the two of them had arrived on the same line and experienced extremely dangerous and exciting things at the same time.

"Come on! Hesitating will only result in defeat. It's up to fate. Everything is ready. If I fail, it will be fate. I can't blame others." After mentally preparing himself, Ye Qiu took out the Primordial Longevity Fruit. The two fused tightly together, turning into a ball of Yin and Yang energy that was instantly sucked into his body.

A shocking power instantly attacked his limbs and bones.

"Pfft," Ye Qiu spat out a mouthful of blood. "F*ck, so ruthless!"

Gritting his teeth, Ye Qiu endured the intense pain. In order to prevent the terrifying consequences of failure, Ye Qiu took out the Netherworld Fruit that had been sealed for many years.

There was no need for the Netherworld Fruit when he needed to break through to the Twelve Heavenly Sanctums. The reason why Ye Qiu took it out was to welcome the irreversible consequences of failure and leave himself a way out.

Once he failed, if he could eat the Netherworld Fruit in time, he would still have a chance to salvage the situation.

This was Ye Qiu's escape route, so he was already fully prepared before he attacked. As the Crimson Jade Leaf Flower fused into his body, two extreme cold auras converged in his body, causing intense friction. The pain at that moment made Ye Qiu's face ferocious and miserable. He gritted his teeth tightly. The intense pain almost broke his teeth.

"Suppress!" Ye Qiu roared angrily. The golden blood in his body was instantly activated and began to gather, flowing through his limbs and bones.

The two forces in his body didn't fuse, and there were frequent violent impacts. In less than a few minutes, Ye Qiu's entire body was covered in blood. Blood seeped through his skin, dyeing his clothes golden. Because his blood had already reached the level of golden blood, the blood was golden and not red.

Ye Qiu almost fainted a few times under the impact of these two powerful forces. Not daring to be careless at all, Ye Qiu immediately circulated the Heart Cleansing Technique and tried his best to calm down and keep his mind clear.

"Phew," After a short collision, the two forces began to flow rhythmically towards the eleven Heavenly Sanctums. At this moment, a raging fire ignited in his prefecture sea and began to suppress these two violent forces.

After the baptism of the Crimson Jade Leaf Flower and the Primordial Longevity Fruit, Ye Qiu's body showed two extreme phenomena.

On one side, it was incomparably hot, and on the other, it was extremely cold. As the ice and fire converged, Ye Qiu once again experienced what it meant to probe back and forth on the edge of death.

Fortunately, he had experienced the torture of ice and fire back then. With some experience, his endurance had greatly increased.

Time passed bit by bit. Under the baptism of the two forces, Ye Qiu's body underwent a tremendous change. In terms of strength, it had greatly increased by several times. Be it strength or defense, they had clearly increased.

Moreover, Ye Qiu was surprised that after the baptism of the Crimson Jade Leaf Flower, his blood seemed to have undergone some subtle changes.

If Ye Qiu remembered correctly, in Celestial Thearch Zhen Wu's plan, after cultivating the Dao of Blood to the Golden Blood, there was actually an even more magical realm above it. However, he did not know what this magical realm was. Be it what he deduced or the practice of countless supreme experts since Immortal Ancient, they all came up with a truth.

That was, golden blood was the existence with the highest bloodline.

Therefore, the world took pride in having a golden bloodline. As long as one reached this bloodline, countless people would curry favor with them and wanted the clan's women to marry them.

Because this was the only way to continue a more perfect descendant. After all, not everyone could have this golden blood. Once they had it, it meant that their starting point was already different from others. If one was born with a golden bloodline, they would be even more noble. Their status and treatment were unimaginable.

The potential of the descendants of the golden bloodline was even more astonishing. Therefore, this was the reason why the world respected the golden bloodline so much.

Ye Qiu didn't care much about the golden bloodline because he had long reached this level. What could move him now could only be the legendary realm that Celestial Thearch Zhen Wu had imagined.

"Phew, what realm is this? I'm really looking forward to it." Ye Qiu was a little moved and excited as he seriously observed the flow of blood in his body. If he could really reach this legendary realm, his potential would be endless in the future.

The Dao of Blood was Ye Qiu's foundation and Celestial Thearch Zhen Wu's lifelong wish. Be it Ye Qiu or Celestial Thearch Zhen Wu, they all hoped that this technique could unleash astonishing heaven-defying effects. Because only then could Ye Qiu welcome the upcoming Longevity Calamity.

The golden blood in his body was dyed bit by bit. Under the baptism of the Crimson Jade Leaf Flower, it slowly began to undergo some subtle changes.

"Hmm? Is this returning to basics?" After an unknown period of time, Ye Qiu was suddenly stunned. He discovered that the golden blood was slowly turning red.

Although it was still golden, Ye Qiu could clearly see the faint red, or rather, dark red. Ye Qiu didn't know that his golden blood could turn red again. Why was he going back? Could it be that the legendary realm

that Celestial Thearch Zhen Wu mentioned was this so-called return to basics? Using the purest blood to respond to the Great Dao?

Ye Qiu was puzzled. He couldn't see any laws inside, but he could feel his strength rapidly increasing.

Clearly, this path was in the right direction!

Chapter 698 Ring of Life

From the current signs, Celestial Thearch Zhen Wu's path was definitely the most correct.

Ye Qiu could clearly feel that the moment he reached the limit of the Eleven Heavenly Sanctums, the seal of the Twelve Heavenly Sanctums clearly loosened. This was an opportunity, and also a chance for Ye Qiu to successfully open up a new world.

If he cultivated other systems, Ye Qiu couldn't guarantee that he could break through the Eleven Heavenly Sanctums, let alone the Twelve Heavenly Sanctums. Moreover, through Ye Qiu's various observations, he carefully discovered that the Ring of Life that existed in the Infinite Heavenly Venerate realm had some subtle changes.

If an ordinary person entered the Heavenly Venerate realm, such as entering the realm with Ten Heavenly Sanctums, they would produce ten Rings of Life. Their color was golden.

However, Ye Qiu was surprised to discover that his Ring of Life wasn't golden, but red.

In Ye Qiu's knowledge, there was no red Ring of Life. The highest grade of the Ring of Life was the golden color of the Ten Heavenly Sanctums. Even if they reached the Eleven Heavenly Sanctums, it would still be golden.

However, after Ye Qiu was about to step through the Eleven Heavenly Sanctums and open the twelfth Heavenly Sanctum, his Ring of Life began to undergo a subtle change, revealing a bright red light.

"What a powerful aura! Could this be the limit of the Twelve Heavenly Sanctums' Ring of Life?" Ye Qiu was shocked. If he could really open the twelve Heavenly Sanctums, he would probably really open a new chapter.

To be precise, he had broken the rules of the past few eras and established a legendary system that belonged to him.

Thinking of this, Ye Qiu couldn't help but start to feel nervous and impatient. He really wanted to see what kind of new world the Twelve Heavenly Sanctums would be. In an instant, Ye Qiu mobilized all the blood in his body and shouted angrily. "Break!"

Suddenly, the blood energy in his entire body erupted with all its might, producing a shocking power that almost shattered the entire training hall.

As the ground shook, the wind and clouds changed on Violet Cloud Training Hall, and dark clouds surged over. At that moment, it was as if darkness had descended. The world changed color and rolling lightning flickered.

Ye Qiu had no time to care about the wind and rain outside the mountain. He gritted his teeth and tried his best to attack while enduring the intense pain in his body. The two supreme immortal medicines began to unleash terrifying medicinal effects, and two extreme cold forces began to flow into his prefecture sea.

“Pfft,” Ye Qiu spat out a mouthful of blood and almost fainted. That heart-wrenching pain almost made him want to die.

Time slowly passed. Unknowingly, half a month passed. Time was always so rushed. The years of cultivation were long and boundless. Usually, a Perfected Immortal’s seclusion would last for decades. Perhaps, it might be even longer. Hundreds of years was very common. If one reached Meng Tianzheng’s level, ten thousand years was considered a doze.

Therefore, Ye Qiu’s seclusion for a month wasn’t long at all. Instead, it was very short, unbelievably short.

“What’s going on! Where did this reverse flow come from?”

After half a month of baptism, Ye Qiu thought that he could successfully open the twelve Heavenly Sanctums. Unexpectedly, a sudden chaotic flow of time began to spread in his body, rushing straight to his prefecture sea and turning the world in his body upside down.

Ye Qiu completely panicked. He didn’t expect such an unexpected accident to suddenly happen when he was about to break through to the Twelve Heavenly Sanctums.

After calming down, Ye Qiu seriously analyzed the chaotic flow of time. To his surprise, he discovered that it was emitted from the embryonic vortex of the twelve Heavenly Sanctums.

Seeing this, Ye Qiu instantly understood!

“A special ring?”

If he remembered correctly, he had heard Meng Tianzheng say it when he heard him preach the Dao. There was an extremely special Ring of Life in the world.

Apart from the Ring of Origin, there was another special existence’s Ring of Life. There were less than a hundred people who could open this ring since the Immortal Ancient. The Ten Fiends back then, as well as the pioneers of the human race and the leaders of the various large clans, had all established this. And these people who could open a special Ring of Life were all top existences in the world. Their achievements had even reached the level of the Ten Fiends. This special Ring of Life also became a symbol of their symbolism.

Just like the Heavenly Horned Ant’s Ring of Power, the Nine Nethers Ao’s Ring of Spacetime, Nine-leaf Grass’s Ring of Sword, the True Phoenix’s Ring of Nirvana Ring, and more.

A series of special rings had long given them a supreme status.

Back then, Celestial Thearch Zhen Wu had even opened up the Ring of True Martial and entered the Dao with martial arts. He broke through all techniques in the world and created the legend of an era.

Ye Qiu didn't expect that he could also open up a special ring that belonged to him. He became incomparably excited and could not hide the joy in his heart.

"Hehe, are the heavens looking after me?" Ye Qiu's eyes gradually became crazy. How could he let go of such an opportunity? After calming down, he slowly observed the sudden change. He discovered that in the turbulence, other than the spatial turbulence, there was also a supreme sword intent.

Ye Qiu couldn't tell what kind of Ring of Life this was. It was not completely the order of time and space because it still contained a sword, and the embryonic form of that sword was the Cursive Sword.

Thinking of this, Ye Qiu was suddenly stunned!

"F*ck, could it be that the strengths of a hundred schools have been gathered in the heart, encompassing everything, and the technique to control the world has condensed into an invincible ring?"

Ye Qiu suddenly had a bold guess because he cultivated too many things. It was not a pure sword, nor was it a pure spatial order. Just as this thought was raised, a huge fire suddenly burned.

At that moment, Ye Qiu was shocked!

"I was right! Red Lotus Karmic Flame..." Ye Qiu suddenly woke up. The appearance of the Red Lotus Karmic Flame seemed to have confirmed all his guesses.

This special ring was indeed all-encompassing and gathered all techniques. As the Red Lotus Karmic Flame appeared, the other techniques also appeared one after another. The Nine Nether Mystical Ice Technique, Nine Heavens Divine Punishment Lightning Technique, and other supreme techniques gradually surfaced.

At that moment, Ye Qiu's body seemed to have reached a certain limit. His body couldn't withstand this terrifying power.

"Break!" With a furious shout, Ye Qiu activated his full strength. The ground shook and the mountains shook. The entire training hall trembled violently.

Boom!

It was as if the chaotic world had been split open by an ax. The aura of creation instantly swept through the entire Violet Cloud Training Hall. The world trembled. Dark clouds surged, thunder rumbled, and lightning flashed.

Such a huge commotion instantly attracted the attention of countless people. No one knew what had happened. They only looked up at the stars in the sky in a daze, looking helpless.

At this moment, in Star Picking Pavilion, Meng Tianzheng, who was cultivating in seclusion, was also awakened by this sudden commotion. His old face was filled with confusion. He looked up at the sky in confusion. He reached out to peel away the clouds, wanting to see what had happened.

After deducing for a moment, he was shocked and suddenly stood up from his seat.

Chapter 699 Heaven Mending Chaos

“Good kid! He really broke through the twelve Heavenly Sanctums?” At this moment, even the steady Meng Tianzheng was completely shocked. He really didn’t expect Ye Qiu’s words to really come true.

Moreover, he had carefully deduced that the technique mixed with the heavens in Ye Qiu’s Ring of Life was incomparably terrifying. How could Meng Tianzheng not see that it was the special ring he mentioned back then? To be precise, this was the ring of heaven and earth that carried the ring of Great Dao.

He really didn’t expect Ye Qiu to really activate it. Moreover, it was the Twelve Heavenly Sanctums! If this news spread, the entire Nine Heavens and Ten Lands would be in chaos. Not only that, those old monsters who had been sleeping for many years would probably come out of the ancient frozen path.

Thinking of this, an invisible pressure instantly surged over. Meng Tianzheng felt deeply exhausted.

The Twelve Heavenly Sanctums and the Ring of Heaven and Earth were no joke. It would be underestimating him to say that he could break through to the Immortal King realm in the future. He was at least at the Immortal Emperor realm.

Boom!

Suddenly, there was a shocking bang and another violent storm attacked. On the peak of the divine mountain, another earth-shattering sound erupted. Meng Tianzheng’s expression was solemn. He looked in the direction of Ming Yue’s cave abode.

“F*ck! Two...” Meng Tianzheng already felt immense pressure and could not withstand it. Unexpectedly, Ming Yue came to join in the fun.

At this moment, no matter how good Meng Tianzheng’s mentality was, he could not hold it in anymore.

Unlike the Twelve Heavenly Sanctums that Ye Qiu had opened, Ming Yue had opened the Eleven Heavenly Sanctums. Moreover, what Meng Tianzheng couldn’t believe was that she had also opened the Ring of Heaven and Earth.

“Oh my god, my little ancestor, you’re asking for my life.” His blood pressure soared, and Meng Tianzheng could not stand steadily for a moment. He was incomparably flustered. He knew very well what the Ring of Heaven and Earth represented.

Since the end of the Immortal Ancient, countless outstanding figures had appeared, but no one had ever opened the Ring of Heaven and Earth. This was an existence that carried the providence of the Great Dao. The karma involved was incomparably huge.

Just Ye Qiu was enough to give Meng Tianzheng a headache. He didn’t expect Ming Yue to also open it. How abnormal was she!

Meng Tianzheng still couldn’t figure out her potential. Ever since she entered the sect, her aptitude was not the most outstanding among the many disciples. However, she was often the existence that could turn rotteness into legends. She turned all the impossible into possibilities! She created legendary records one after another.

Why was everyone afraid of her? It was because she could make all the things they thought were impossible possible. They couldn’t imagine what kind of surprise she would give them next.

Meng Tianzheng was stunned, completely stunned. Such a commotion had already caused the entire Heaven Mending Holy Land to tremble. Fortunately, the large clans' teams from a month ago had already dispersed. Otherwise, Once this news spread, the watchers on the frozen path and the old monsters sealed inside would probably appear.

Meng Tianzheng could not bear such consequences!

"First Elder!" As the commotion outside the mountain became stronger, Gu Sanqiu hurriedly ran in, wanting to ask Meng Tianzheng how to deal with it. Unexpectedly, as soon as he entered, he discovered Meng Tianzheng standing at the window, staring at every move outside.

Seeing this, Gu Sanqiu immediately shut up because Meng Tianzheng already knew what was happening outside.

"Phew, a storm is coming. I wonder if my old bones can withstand this calamity!" Looking up at the stars, Meng Tianzheng muttered to himself. After an unknown period of time, he suddenly raised his hand and a supreme immortal technique instantly erupted.

The wind and clouds in the world changed instantly. Under Meng Tianzheng's supreme technique, they gradually calmed down. He locked the stars with one hand and suppressed all the phenomena to stabilize the situation in front of him. Otherwise, no matter what these two people did, the entire divine mountain would probably be overturned.

"First Elder, what happened?" Gu Sanqiu did not understand. His cultivation was not enough to see that level.

Meng Tianzheng slowly turned around and looked at him. He sighed and said, "Sigh... A great era is about to descend. Sanqiu, you have to be prepared. This matter is very important. It can't be spread. Let's do it according to the old rules."

Gu Sanqiu's face darkened when he heard this. He looked at Meng Tianzheng's old and worried face and instantly understood the seriousness of this matter. This was not his first time doing such work, so he naturally knew what Meng Tianzheng meant. Then, he hurriedly left the Star Picking Pavilion and conveyed a message to the outside world. The abnormality just now was caused by the First Elder's incarnation.

Unknowingly, Meng Tianzheng had become Ye Qiu's scapegoat, and he often did such things. However, in the past, he did it the most for Ming Yue. Now, Ye Qiu was added to the group. When this news spread, the Heaven Mending was in chaos. Everyone in the entire divine mountain was in a panic.

No one believed this, but they had no choice.

"Phew... Is this suffocating pressure really caused by the First Elder's incarnation?" On the divine mountain, Xiao Mo stood on a branch in the mountains, looking up at the stars and sighing. He did not believe this explanation. Clearly, the First Elder had deliberately found a reason to suppress the chaos below. After all, this was not the first time this had happened.

On the other side of the divine mountain, Ye Qingxuan was also standing upright at the top of the cliff. He looked at the red light and pondered. "Two different forces come from two different places. Clearly,

this is not caused by one person, so... this is not caused by the First Elder's extrajudicial incarnation at all. Then, who broke the rules of order and attracted the phenomenon?"

Ye Qingxuan already had a few names in his mind. There were not many people in the entire Heaven Mending Holy Land who had such potential. Among them, the two people he firmly believed in were Ming Yue and Ye Qiu. This was because he had seen their strength and knew their potential. Thinking of this, he could not help but feel anxious. Even though he did not want to admit it, he had to admit that he was really inferior to the two of them.

"What's going on? Ah... Can someone tell me what happened?" He felt extremely tormented, even though Ye Qingxuan had guessed that the phenomenon just now was very likely caused by these two people. However, he just did not know what had happened and why they could attract such a phenomenon.

This was because Meng Tianzheng had suppressed it from the beginning. In just a breath, he calmed down all the commotion and did not let them notice at all. The haze in the sky did not dissipate. The pressure circling above his head became stronger.

The entire Heaven Mending Holy Land began to fall into a tense atmosphere. This situation lasted for half a month.

At this moment, in Violet Cloud Training Hall, Ye Qiu had no idea what kind of commotion his breakthrough had caused. He was still immersed in the tense atmosphere of opening the twelve Heavenly Sanctums.

Chapter 700 Icebound Path

"Open!" With a loud shout, Ye Qiu suddenly exerted strength. The blood energy in his entire body erupted, and a huge impact suddenly entered the twelfth Heavenly Sanctum.

Boom! The entire Violet Cloud Dao Sect trembled a few times with a loud bang, emitting a deafening bang. Thousands of Dao techniques gathered and instantly opened the shackles of order. Dazzling flames bloomed under the void. In the depths of the prefecture sea, there were twelve Heavenly Rings connected to the stars in the sky.

A rumbling sound rang out. In the next second, a Heavenly Sanctum with an extreme red light finally opened. The periphery of the Heavenly Sanctum flickered with lightning from the Nine Heavens. As they continued to look in, flames filled the sky and vegetation grew.

Time seemed to have stopped at this moment.

Ye Qiu's soul traveled to the Great Void and personally entered the Heavenly Sanctum to pry into its mysterious scene.

This Ring of Heaven and Earth was the connection between humans and the world. After entering this world, Ye Qiu felt like he was exploring the void.

Ye Qiu couldn't see what was at the end of the path. He only felt that it was pitch-black. Standing at the entrance of the path, Ye Qiu felt really cold, as if countless eyes were watching him from all directions. At this moment, Ye Qiu felt a sense of danger, a sense of danger he had never felt before.

"Where is this?"

Fortunately, the current Ye Qiu was only in a mental state and not his true body. Therefore, Ye Qiu couldn't see them, and they couldn't see Ye Qiu either. However, their strength was extremely terrifying. Even if they could not see him, they could feel that there was a sudden intruder in that place.

Sensing this, Ye Qiu immediately became cautious. He could feel that there was an incomparably terrifying enemy around him. The pressure it brought was even more terrifying than Meng Tianzheng.

For a moment, Ye Qiu was at a loss. He couldn't figure out why there was such a strange place in this world.

"Road of Icebound?" Ye Qiu was filled with curiosity as he looked at the end of the dark path. He wanted to see what was at the end of that path. However, he was unable to take that step because he knew that once he took that step, his true body would be completely exposed to these watchers.

Ye Qiu didn't dare to think about the consequences. Perhaps even Meng Tianzheng couldn't guarantee that he could protect him, right? Thinking of this, Ye Qiu dispelled this thought and slowly took a step back.

"Looks like I'm one step closer to unlocking the secret of the Longevity Calamity. The Road of Icebound? What kind of terrifying monster is sealed inside? I'm really looking forward to it." With a faint smile, Ye Qiu didn't choose to take the risk to enter the exploration. Instead, he silently retreated.

It was not the time yet. It was not a good thing to know too much. He was not a fool, nor was he a proud and arrogant person. He knew very well that he was still very weak at this moment. In front of these true experts, he was very small. Therefore, the smartest thing to do was to choose to forget everything he had seen today.

Ye Qiu silently returned the way he came. On the way, he used a great divine power to seal everything he had just seen in the depths of his memories. He would release this memory after he became strong enough in the future.

This was because he felt a sense of danger. This was something that he should not have known. Once it existed in his memory, it might attract the killing of those monitors. After sealing that memory, Ye Qiu returned to his body as if nothing had happened.

After returning to the main body, Ye Qiu was immersed in the joy of the Twelve Heavenly Sanctums. His emotions were high.

"Hehe... I've finally opened the Twelve Heavenly Sanctums. I've been waiting for you for a long time!" Ye Qiu couldn't hide the excitement in his heart as he looked at the Twelve Heavenly Sanctums emitting a dazzling red light.

This was the Heaven and Earth Sanctum. Its strength was immeasurable. Currently, Ye Qiu could confidently say that no one under the Dao Sacrificial realm was his match.

This was definitely not a joke. Once his twelve Heavenly Sanctums entered the Heavenly Venerate realm, the Ring of Heaven and Earth formed by the fusion of the twelve Heavenly Sanctums was enough to suppress all experts of the same level in the world.

However, this was only the beginning of Ye Qiu entering the Heavenly Venerate realm. Only when he truly reached the Dao Sacrificial realm or above would these twelve Heavenly Sanctums truly unleash their astonishing abilities.

The future was filled with endless possibilities.

"Break!" Thinking of this, Ye Qiu couldn't hide the excitement in his heart. He didn't want to wait a moment longer. With a furious shout, the twelve Heavenly Sanctums erupted with shocking power and suddenly attacked the Heavenly Venerate realm.

This was the moment Ye Qiu successfully became a Heavenly Venerate. Everything was grasped just right. The power that had been accumulated for many years erupted.

Boom! It was as if a huge explosion had happened in the chaos of the world. The prefecture sea reversed, and a terrifying power circled in the sky. The twelve Heavenly Sanctums gradually began to shatter. The power accumulated in the Heavenly Sanctums completely lost control at that moment.

The huge impact made Ye Qiu unable to take it for a moment, but he gritted his teeth and endured it. After all, his body had been tempered by life and death and had long reached the level of perfection.

As the twelve Heavenly Sanctums began to shatter, emitting dazzling sparks, the world seemed to have fallen silent.

"Merge!" With another furious shout, Ye Qiu exerted strength again. He mobilized all the blood energy in his body and used his Dao of Blood. The Reversal Technique began to quickly condense, and a Ring of Heaven and Earth that emitted seven-colored light gradually appeared.

"Hmm? Seven-colored Ring of Life?" Ye Qiu was clearly stunned when he saw the Ring of Life appear. This was different from what he had expected. However, on second thought, Ye Qiu let it go. "Hmm, that's true! These thousands of Dao techniques should show something different."

Although this Ring of Life wasn't golden or red, Ye Qiu felt that the seven colors were more domineering. The only pity was that the twelve Heavenly Sanctums that he had painstakingly opened were gone just like that.

Ye Qiu couldn't bear to part with it, but he still felt a little relieved. The endless profundities contained in a seven-colored Ring of Life formed by the fusion of these twelve Heavenly Sanctums were much more awesome than the twelve Heavenly Sanctums.

Moreover, the twelve Rings of Life did not completely disappear. They existed in the inner world of the Ring of Life. The framework of the Ring of Life was forged by them, and all the power was supported by them.

Therefore, Ye Qiu currently had a sense of power and confidence that he had never felt before. What a joke, with my current strength, I'll kill anyone who comes.

A Heavenly Saint Light descended, and his entire body seemed to have been baptized by it. Ye Qiu let out a comfortable cry. "Ah! Awesome."

This refreshing feeling made one unable to help but fall into it, unable to extricate themselves. It was a little addictive. He had never felt so comfortable.
