### Chapter 701 Chaos in Fire Nation

On this day, Yaya's face was pale. She stood nervously outside the training hall and paced back and forth. From time to time, she would look at the tightly shut door, looking very uneasy. Looking at her haggard and pale face, it was obvious that something important had happened. She was worried.

She had been silently guarding the entrance of the training hall for ten days. In the past ten days, she had not taken a step away and silently waited for her master to come out of seclusion. Because of what had happened at home, she was already flustered and at a loss.

"What should I do, what should I do? Master has been in seclusion for three months and hasn't come out yet. What should I do?" There was a hint of crying in her flustered tone. Yaya's heart was in pain and she was on the verge of collapse.

Half a month ago, she heard someone in the mountain discussing that a few months ago, chaos appeared in the Heavenly Fire Empire. It was huge and almost annexed more than half of the Heavenly Fire Empire's territory.

It was in an abyss of suffering over there. The flames of war were flying, and the commoners were struggling to survive. The current Fire Sovereign, Jiang Wuqi, personally took action to suppress the chaos. Unexpectedly, he was severely injured by a strange creature and his fate was unknown.

When Yaya heard this news, it was as if the entire world had collapsed. Such a huge thing had happened in her family, but no one in the clan told her this news. Instead, she unintentionally heard the discussion of the disciples in the mountain.

She was incomparably anxious and had suffered a huge blow to her heart. Yaya looked much more haggard. She originally wanted to leave a letter and go down the mountain first, but after thinking for a long time, she realized that with her ability, she wouldn't be of much help even if she went back.

Therefore, she was waiting for Ye Qiu to come out of seclusion and make a decision for her. She waited for ten days. Even now, she did not know if her father was still fine and if he could withstand it.

Just as she was extremely anxious and pacing back and forth outside the training hall, the door of the training hall finally opened with a bang. A white-robed immortal slowly walked out of the training hall.

The moment she saw him, the grievances that had been accumulated in Yaya's heart for many days seemed to have been released in an instant and she subconsciously cried.

"Master!" Yaya hurriedly ran in front of Ye Qiu and cried. She had already lost control of her emotions.

This sudden reaction made Ye Qiu at a loss. Looking at her expression, Ye Qiu instantly understood something. He knew very well that his disciple was a very strong-willed person. If it wasn't an especially serious matter, she wouldn't have such a reaction.

Ye Qiu didn't have time to share the joy of his breakthrough. He said, "Disciple, what happened? Don't be anxious. Tell me slowly."

Hearing her master's patient comfort, Yaya finally calmed down. She wiped the tears from the corner of her eyes and said, "Master, I beg you, save my father, save the Fire Nation."

Ye Qiu immediately understood. So it was about her family. Moreover, judging from the change in her expression, this matter was probably not small.

"Mm... Get up first. Don't be anxious. Tell me slowly. I'll analyze it properly." Ye Qiu was very calm. Before he understood everything, he wouldn't make a decision easily.

Yaya explained, "Master, a few months ago, there was chaos in the territory of my Heavenly Fire Empire. A strange creature suddenly appeared and slaughtered the citizens of my Heavenly Fire Empire.

"In order to quell the rebellion and save the citizens, my father personally led the expedition. Unexpectedly, he was attacked by a mysterious expert and was severely injured. At this moment, my Heavenly Fire Empire, from the royal family to the commoners, is in an abyss of suffering."

Hearing her slow explanation, Ye Qiu frowned and immediately had an ominous feeling. Ye Qiu had most likely heard of the Heavenly Fire Empire's Fire Sovereign, Jiang Wuqi. This person was young and promising. He ascended the throne at a young age and led the Fire Nation to expand its territory. He could be considered a capable ruler.

He loved and respected the commoners. He thought of the commoners, and he had the right to govern the country. In the hearts of the commoners, his prestige was extremely high. His strength was also that of a Heavenly Venerate expert. He enjoyed a certain level of authority in the Great Desolate World.

Such a Heavenly Venerate expert was actually seriously injured. His life and death were unknown. Ye Qiu had no choice but to start to be vigilant.

"Hmm... Someone who can easily injure him must be extraordinary. Looks like I'm going to meet my match this time." Ye Qiu thought to himself. He couldn't bear to see his disciple's haggard face. He calmed down and comforted her with a smile, "Alright, don't cry! I already know about this.

"It just so happens that I can use this chaos to open up a path for your million-mile trial. Go back and pack up. Follow me down the mountain later. I want to see what kind of strange creature is slaughtering living beings."

Hearing this, Yaya's body trembled. She was touched. She knew that her master would definitely not sit back and let her Fire Nation fend for itself since he doted on her so much. The gratitude in her heart was indescribable. The grievance in her heart welled up and she could not help but cry again.

Seeing that she was so sad, Ye Qiu had a headache and hurriedly comforted her, "Alright, don't cry. I'm here. You'll be fine."

"Un..." No matter how many words there were, it was difficult to express Yaya's current mood. In short, it was one word. She trusted her master 100% and believed that he would definitely be able to save the Fire Nation from danger.

Although she was still on the mountain, Yaya's heart had already returned to the Fire Nation. It was difficult to restrain the worry in her heart for her father.

Yaya quickly packed her things and didn't bring anything. She only brought her personal weapon and prepared to leave the mountain with Ye Qiu.

Seeing her in such a hurry, Ye Qiu shook his head helplessly. It seemed like she was really worried about her father's life and death, so after hearing this news, it was as if the sky had collapsed.

"Let's go." Ye Qiu didn't waste his breath. He had just broken through and wanted to talk to the First Elder. From the looks of it, he should leave the mountain first. In case anything happened again.

The increase in his strength had also successfully allowed Ye Qiu's Kun Peng Treasure Technique to reach a supreme realm. He grabbed Yaya's collar with one hand and shuttled a million miles with a whoosh as if he was carrying a chick.

At such a fast speed, Ye Qiu and Yaya arrived at the Heavenly Fire Domain in half a day. Looking at the ground filled with corpses and bones, emitting the miserable aura of the mortal world, one could not help but shiver.

"What a cruel method!" Ye Qiu roughly checked the corpse of the dead innocent warrior.

Ye Qiu seemed to feel a familiar aura. "Hmm? A demon seed?" He was stunned. In this world, probably no one knew this aura better than him. Wasn't this the demonic aura on Tianmeng back then? Could it be that there was also a demon seed in the Nine Heavens?

For a moment, Ye Qiu was stunned on the spot, unable to explain what he was seeing. According to his understanding, in the final battle of Immortal Ancient, the demon seed had already been destroyed, and the surviving descendants of the demon seed had been expelled to the foreign realm.

The only one who escaped was Tianmeng, who was still sealed in the Great Desolate World by her father. She only woke up a few hundred years ago, and after waking up, she also planned a calamity in the world.

#### Chapter 702 Ancient Legend

"Interesting!" Ye Qiu stared coldly at the faintly discernible demonic energy on the bone. The corners of his mouth subconsciously curled up into a faint smile. "I didn't expect to meet you after so many years. Isn't this fate?"

The hatred for the demon seed in Ye Qiu's heart didn't disappear. In the depths of his memory were countless sages of the Heaven Mending Sect who had died tragically at the hands of the Demoness Tianmeng. There was also that unsmiling but kind master in his memory.

Although Tianmeng had already died and reincarnated into a human, becoming the current Little Mengli and becoming Ye Qiu's grand-disciple, this didn't mean that the hatred in Ye Qiu's heart for the demon seed had disappeared.

The current Little Mengli was human and was brought into the cycle of reincarnation by Martial Uncle Xuanyi to sacrifice herself to atone for her sins. Her karma was also borne by Xuanyi alone. However, under the premise of all forgiveness, it was because she was a human now, not a demon seed.

Ye Qiu wanted to bring her onto the right track. For Xuanyi and the world, he accepted her as Violet Cloud's disciple. The hatred that Ye Qiu had suppressed for many years seemed to have been aroused again now that the demon seed had appeared.

Standing up, Ye Qiu looked around the entire wasteland. The scene of white bones was extremely terrifying.

Yaya, who was standing behind him, was already pale with fear. Clearly, such a scene had a huge impact on a little girl's heart. Not to mention her, even Ye Qiu felt nauseous when he saw it.

From the scale of this battle, most of the people who were killed were soldiers of the Heavenly Fire Empire, and a large number of them were citizens of the Fire Nation. Their deaths were extremely terrifying. Their eyes were empty. They had been killed in an extremely terrified and helpless state.

The demon seed sucked their blood and extracted their souls. Its methods were extremely cruel.

Yaya couldn't help but ask as she watched her master walk and stop to observe the situation of the corpses. "Master, did you discover anything?"

Hearing this, Ye Qiu stood up and turned around to look at her, thinking seriously. "Hmm... Come, carefully observe this corpse and see what you find."

Ye Qiu didn't directly explain his discovery. Instead, he threw this question to Yaya and let her check it herself. His greatest goal in leaving the mountain was to train Yaya and save the crisis the Fire Nation was facing.

When Yaya heard her master's words, she couldn't help but tremble. She was still a little afraid and didn't dare to approach the corpse. However, looking at her master's serious gaze, she instantly understood her master's intentions.

Even though she was very afraid, she still silently cheered herself on in her heart. She gritted her teeth and walked up. She squatted down and observed seriously for a long time. Suddenly, Yaya said, "What an evil aura."

Yaya felt like she was looking straight at fear with just a few glances. It was as if she was in infinite fear, and thousands of vengeful spirits were staring at her. Her face instantly turned pale from fear. Yaya was terrified and uneasy. Then, she asked, "Master, what is this aura?"

Seeing that she was so curious, Ye Qiu smiled faintly and explained, "Demonic aura!"

"Demonic aura?" This was the first time Yaya had heard this word. She was stunned on the spot. "What is this? Why does it make one feel a fear that goes straight to the soul?"

At this point, Ye Qiu slowly told a story. "At the end of the Immortal Ancient, after the Ten Fiends left, that ancient Immortal Realm opened an era of heroes competing. This era is also called the Calamity of the Myriad Races!

"In this calamity, the myriad races rose, and heroes stood everywhere, starting a cruel and bloody war. It was also from that time that the foundation was laid for the status of the various large clans in our current era. Many of these so-called large clans that you know have survived that war."

"But what does this have to do with demonic aura?" Yaya didn't understand.

Ye Qiu smiled and continued, "At that time, heroes competed for supremacy. Even though they fought fiercely, they were always in a state of balance.

"However, because of the appearance of a certain clan, this balance was broken, causing the destruction of the Immortal Ancient Era. The Immortal Realm fell apart and became the remains that are the Nine Heavens and Ten Lands. And this clan, the demon seed, wreaked havoc in the world back then!"

As soon as these words were spoken, Yaya's face turned pale in disbelief. "Demon Seed!"

This was the first time she had heard this word. Looking at her master's serious expression, she instantly understood. What her master meant was that the evil aura she sensed in front of her was the demon seed that her master mentioned.

Thinking of this, Yaya's face instantly turned incomparably pale and she was at a loss. According to her master, the destruction of the Immortal Ancient Era was related to the demon seed.

Now that the demon seed had reappeared and appeared in their Fire Nation, didn't that mean that their Heavenly Fire Empire was about to become history? She couldn't help but start to feel afraid.

Seeing her like this, Ye Qiu shook his head and continued, "The origin of this demon seed is unknown. I heard that there were rumors. At the beginning of the Immortal Ancient, a supreme expert appeared on that vast plateau.

"I don't know what kind of battle he experienced. He was seriously injured and completely fell asleep after walking across that plateau. It's also because of his fall that his corpse was eaten by ten living beings, making them incomparably powerful. Their bodies are supremely perfect.

"These ten living beings were the Ten Fiends that dominated the world in the early years of the Immortal Ancient."

As soon as these words were spoken, Yaya was instantly shocked. She had no idea that that dazzling era was indirectly caused by a mysterious expert. The Ten Fiends could rule the world just by eating a piece of his meat.

This wasn't the end. Ye Qiu continued, "After that, the era of the Ten Fiends began to descend. Someone knew that the body of that highland expert could bring supreme power. More and more living beings are starting to rush onto the plateau, wanting a share. Those who can eat it can rule a region. Such temptation is extremely great, but that plateau is filled with danger. Most living beings will die on the way before they reach that plateau."

Speaking of which, Ye Qiu had heard this story from Celestial Thearch Zhen Wu. Later on, after he fused with that drop of divine blood, he also saw that terrifying scene with his own eyes. It could be said that the opening and prevalence of the entire Immortal Ancient Era came from that highland expert.

Hearing such a story, Yaya gradually became curious. After a while, she asked, "Then how was this demon seed born?"

She was very curious. The Ten Fiends ate the meat of that expert and became the strongest experts in the world. The latecomers also received a portion and also shone in their respective eras.

However, how was this demon seed born? Yaya did not understand, and many people did not.

#### Chapter 703 How Can You Make Her Life Worse Than Death?

Hearing her curious question, Ye Qiu didn't hide anything and only told her what he knew. He said, "Hmm... The birth of a demon seed is very special. It's different from other living beings. After the highland expert died, a lot of resentment was born in the world. A few drops of his blood also flowed into the vast void.

"After millions of years of precipitation, that blood absorbed the resentment of the world and gave birth to a group of strange creatures."

As soon as these words were spoken, lightning flashed and thunder rumbled in the sky. Ye Qiu looked up and frowned. He knew that these secrets were taboo. Once they were spoken, it might attract the wrath of the heavens. He frowned and continued, "The demon seed is one of them."

Ye Qiu said briefly and didn't try to touch the so-called taboo because he knew very well. Among that group of strange creatures, other than the demon seed, there were many existences that even the world feared.

For example, the Strange Clan on the other side and the Blood Clan that Ye Qiu had encountered in the underwater immortal palace. It all came from a drop of blood from the highland expert. They represented all the evil thoughts of the highland expert.

Therefore, they were born evil. Killing was their nature.

"Alright! This matter is very important. Your current strength is not enough to touch this level. If you want to understand more, you have to at least wait until you truly grow up."

Ye Qiu interrupted this topic with two sentences. For a moment, a curiosity rooted itself in Yaya's heart. If she wanted to unlock these secrets, the prerequisite was that she had to become stronger. The seed of becoming stronger was planted. This was what Ye Qiu wanted to see.

"Then Master, do you mean that the chaos that my Fire Nation is suffering now is caused by this demon seed?" Yaya asked doubtfully.

If it was really caused by the demon seed, what should their Fire Nation do? Even the Immortal Ancient Era had been destroyed, so how could their Fire Nation withstand it? She couldn't help but worry.

Seeing that she was so worried, Ye Qiu comforted her, "You don't have to be too anxious. Although the demon seed once caused trouble back then, the Immortal Ancient wasn't destroyed by the demon seed only. There are too many things involved. You're still young. It's better not to know some things."

At this point, Ye Qiu answered Yaya's question again and continued, "I once fought with the demon seed back then. Their methods are very strong and strange.

"From the situation of these dead people, it completely matches the characteristics of the demon seed. I think... the demon seed that was expelled by the mighty figures of the Immortal Realm had probably made a comeback."

Back then, it was not only the demon seed that was expelled, but also the Strange Clan and the Blood Clan. According to Ye Qiu's understanding, the demon seed back then should have suffered the greatest blow and was almost exterminated. How did they make a comeback?

Ye Qiu was very curious. There must be a secret here. Perhaps it would involve some big clans in the Nine Heavens and Ten Lands. If it was completely resolved, many people would probably be implicated.

Thinking of this, Ye Qiu's expression gradually became excited. This must be fun, right? As far as he knew, there were several people who had an inseparable connection with the demon seed.

Just like the White Tiger Li Tian who wanted to kill him a few times. In the battle in the mortal world, Ye Qiu had forced him to reveal this secret. The Immortal Mountain back then was definitely closely related to the demon seed.

Strange, demon seed! Ye Qiu had experienced it many times and knew it very well. There were definitely not many big clans in the Nine Heavens and Ten Lands who were clean. Once they were implicated, it would definitely be a big show.

Hearing her master's words, Yaya's heart tightened and she began to worry about the safety of the Fire Nation. Just as she was still immersed in worry, she suddenly heard a few teasing voices.

"Tsk tsk... What a tragic death! Looks like the head of the Fire Nation is also an incompetent person. He couldn't even suppress this mere chaos. He harmed so many innocent people and was seriously injured. In my opinion, I might as well be the sovereign."

As soon as these words were spoken, Yaya's expression instantly turned cold. The usual gentleness on her face was replaced by killing intent.

"Who's spouting nonsense?" She did not expect that after her father had done so much and almost lost his life, there would still be someone here making sarcastic remarks. She could not bear to hear such words. The anger in her heart was difficult to suppress.

She stood up and looked at the person who spoke. She saw a team slowly walking over from the ruins not far away.

The person in the lead was young and handsome. He had the demeanor of a great family. The arrogance and rudeness in his eyes showed no pity for the tragic situation in front of him. It made one feel nauseous.

This person was the young master of the Lin family in the Divine Realm. He came from a prominent background and his family had an extremely high status in the Divine Realm. Therefore, he had enjoyed an extremely high status since he was born, creating his insufferably arrogant personality.

He walked over leisurely. First, he looked at Yaya with disdain, then he answered her words arrogantly. "Nonsense? Am I wrong? A million miles of remains, the commoners are in an abyss of suffering, thousands of lonely graves are everywhere, and bones are piled up. These are all things in front of us.

"If he really had the ability, why would he be beaten half to death and lie in the palace to survive?"

Lin Qingyan commented teasingly. As soon as these words were spoken, the anger in Yaya's heart could no longer be suppressed. She did not expect that after her father had done so much, there were still people questioning him.

"Shut up!" In her anger, Yaya was just about to attack when an old man beside Lin Qingyan suddenly took a step forward. A terrifying pressure instantly assaulted her.

Yaya found it difficult to breathe. She instantly understood that the old man beside Lin Qingyan had unfathomable strength.

Seeing that Yaya was afraid, Lin Qingyan immediately smiled disdainfully and said, "Trash is trash. How dare you shout in front of me? Do you believe that I only need one sentence to make you wish you were dead?"

As soon as these words were spoken, Yaya's heart turned cold. She could feel that the young man in front of her was not strong. He was only in the Paragon realm, similar to her. However, the old man beside him was very strong. This pressure was at least at the Deva Realm.

She couldn't help but feel afraid. Lin Qingyan must have an extraordinary background to be able to bring such an expert to protect him. Moreover, judging from his clothes and gorgeous appearance, he must be a descendant of a large clan.

Now that the Fire Nation had suffered such a serious blow, their strength and status had already fallen. At this time, if she offended the other families, it would only make things worse and cause trouble for her father.

Therefore, she hesitated. Although she felt very wronged, she had no choice but to lower her head in the face of reality. As the princess of a country, she had never suffered such grievances. She endured the tears in the corners of her eyes and gritted her teeth, but she endured it.

At this moment, a familiar voice came from behind.

He only said, "Oh? Is that so? Then I want to see how you make her wish she was dead with a single sentence."

Chapter 704 What Are The Principles of Violet Cloud Training Hall?

As soon as these words were spoken, everyone's attention turned over.

A white-clothed youth slowly walked up from behind Yaya. Seeing that his footsteps were steady and his aura was restrained, the old man behind Lin Qingyan was momentarily unsure of Ye Qiu's strength.

Lin Qingyan couldn't see through Ye Qiu at all. Facing this person who suddenly appeared, his eyes turned cold and killing intent instantly appeared. As the young master of the Lin family, he had an innate arrogance and did not allow anyone to disobey him. Ye Qiu's words just now could be regarded as a provocation to him.

"Oh? Do you want to be the first?" Lin Qingyan replied coldly. He sized up Ye Qiu a few more times and continued, "Ignorant thing, how dare you challenge me. Do you know who I am?"

!!

As soon as these words were spoken, Ye Qiu was instantly amused. He originally thought that he wouldn't encounter such a fool again after coming to the Nine Heavens and Ten Lands. Unexpectedly, this world was so magical that he still bumped into it.

Ye Qiu wasn't angry. Instead, he looked playfully at Lin Qingyan and gently took a step forward.

"Master!" Yaya did not want to add to her master's burden and wanted to stop him. It was fine for her to suffer a little. If her master had a powerful enemy for no reason because of her, she would blame herself very much.

The Fire Nation didn't bring Ye Qiu any benefits after she entered Violet Cloud Training Hall and became Ye Qiu's disciple. Instead, her master had invested so much in her. Yaya felt very guilty.

Ye Qiu turned around and looked at her. He immediately guessed what she was thinking. He smiled and said, "Girl, I'll teach you another lesson today. Listen carefully! There's no such thing as swallowing your anger in Violet Cloud. If anyone is unconvinced, beat them into submission.

"My Violet Cloud disciples only have one principle. We know our mistakes and correct them, but we will never admit our mistakes. I don't care who the other party is. As long as you're a Violet Cloud disciple, you're not allowed to lower your head to anyone or anything. Just do whatever you want. If you cause trouble, I'll take responsibility for you."

As soon as these words were spoken, Yaya's heart trembled as she looked at her master in a daze. She did not expect her usually gentle master to say such domineering words. She could not help but feel greatly touched. That feeling of grievance was instantly swept away.

"Alright! Master, I understand." Yaya seemed to have been enlightened and instantly awakened. Her gaze gradually became ruthless. She took a step forward and stared coldly at Lin Qingyan.

Before she could speak, Lin Qingyan spoke first. He teased, "Oh, little girl, are you angry? Look at your angry expression. It's scary. Why? Do you want to spar with me? With your puny strength, you're just a charlatan from some corner. You dare to come out and pretend to be a big bad wolf with just a little trick?"

Lin Qingyan's mocking expression and those mocking words fell into Yaya's ears. Yaya's expression gradually became incomparably cold, and her killing intent soared. Suppressing the anger in her heart, she replied coldly, "Bastard, you actually dare to humiliate my father and my master. If I don't kill you today, it will be difficult to resolve the hatred in my heart." As soon as these words were spoken, a huge fire suddenly erupted.

Lin Qingyan's expression suddenly changed. He saw a Flame Saber suddenly slash over from the flames. His face was pale with fear. He did not expect that his casual words would make Yaya so unscrupulous as to attack him.

Lin Qingyan could not withstand it. His body was already very weak after years of indulgence. He almost died tragically under Yaya's saber. As soon as he dodged the saber, he immediately berated, "Impudent! Do you know who I am? How dare you attack me? Do you know the consequences of attacking me?"

Lin Qingyan was furious. No one had ever dared to treat him like this in his life. Yaya couldn't care less. The anger in her heart had been provoked by Lin Qingyan. All the energy in her body was gathered. The Flaming Divine Saber instantly emitted a terrifying flame.

"Red Lotus Karmic Flame!" The old man behind Lin Qingyan's expression changed the moment he saw Yaya's heaven-defying flames. Just as he was about to stop Yaya, he did not expect a ruthless and cold gaze to instantly lock onto him. At that moment, he felt like he was looking straight at death.

Cold sweat instantly seeped through his clothes and the old man froze on the spot. His breathing was tense as he looked at the white-clothed youth behind Yaya in fear. He was incomparably shocked. "What terrifying pressure! This young man's strength is unfathomable. I'm afraid we're really in big trouble this time."

The old man was not a fool. In just a second, he had determined the seriousness of this matter and could not help but start to feel fear. He knew very well that at that moment, as long as he dared to take a step, the person lying on the ground would definitely be him.

After he recovered, he felt like he had survived a calamity. What shocked him even more was the ball of Red Lotus Karmic Flame on Yaya's body. This was the supreme flame in the world.

How could someone with such heaven-defying flames have an ordinary background?

Clearly not!

Be it Yaya's performance or Ye Qiu behind her, they were not to be trifled with. The old man's heart was like dead ashes in an instant. He understood that they would probably die here today.

The moment Yaya's Red Lotus Karmic Flame was exposed, Lin Qingyan's arrogant expression finally changed. He looked at Yaya in front of him in fear. He felt the suffocating pressure and the sincere fear in his heart assaulted him.

"No! I can't die..." He definitely could not withstand this saber. The only thing he could do now was to use his background. He took a step forward and said arrogantly, "Impudent. I'm the young master of the Lin family in the Divine Domain. If you have the guts, try touching me."

As soon as these words were spoken, the entire place fell silent. The onlookers who were attracted by this commotion not far away were all shocked.

"This kid is actually the Eldest Young Master of the Lin family of the Divine Domain. Good lord... his background is really not small."

"I heard that the head of the Lin family, Lin Xiaotian, has already reached the Heavenly Venerate realm. There are many Heavenly Venerate experts in his clan."

"All these years, they have had extremely great authority in the Divine Realm. No one dares to provoke them."

"There are even rumors that this Lin family's Grand Patriarch has undergone death tribulation and has already reached the Dao Sacrificial realm. It indirectly makes them even more unrestrained and wanton."

Hearing the rumors and discussions, Ye Qiu smiled and found it more and more interesting.

“Divine Domain, Lin family? Haha... Interesting. Looks like I have to visit when I have the chance.” Ye Qiu laughed in his heart and didn’t say anything. He wanted to see how Yaya would deal with this matter.

#### Chapter 705 Lin Family? You’re Not Even Worthy of Carrying My Shoes

As soon as Lin Qingyan finished speaking, there was a commotion around him. Yaya also stopped the saber in her hand and fell into deep thought.

Seeing her reaction, Lin Qingyan knew that she was already frightened by his background. Not only did he not restrain himself, but he also became even more arrogant. “Haha, ignorant fool. Not to mention you, even the family behind you and your sect can’t bear such consequences.”

Lin Qingyan was even more certain that he had completely stunned Yaya when he saw the hesitation in her eyes. He couldn’t help but feel delighted and said, “Little girl, I see that you’re quite beautiful. Coincidentally, I’m very angry today. If you serve me well, I can let bygones be bygones.”

Just as the evil thoughts rose in his heart, Lin Qingyan was already waiting for Yaya to serve her. Unexpectedly, a saber covered in flames slashed over. Lin Qingyan’s expression instantly changed. Yaya’s saber was aimed at head. She wanted to kill him.

!!

Lin Qingyan did not want to die. In this extremely urgent situation, he mobilized all the divine powers he had learned to block this saber.

Boom! With a loud bang, Lin Qingyan’s sorry figure was ruthlessly slapped to the ground, stirring up dust.

“Pfft,” Lin Qingyan spat out a mouthful of blood and looked at Yaya in disbelief. He did not believe that Yaya would dare to attack after he revealed his background. The Eldest Young Master was embarrassed, as if he had suffered a great humiliation. He flew into a rage out of humiliation and said, “Crazy girl, you’re dead! You actually dare to humiliate me and look down on my Lin family. Old thing, what are you waiting for? Attack! Kill her and strip her naked. I’m going to vent my anger on her today!”

In his anger, Lin Qingyan couldn’t care less. He knew that he was no match for Yaya and immediately roared at the old man behind him.

The old man was in a dilemma. He looked at Ye Qiu in fear and didn’t dare to attack. However, he also understood that once Lin Qingyan suffered any losses here today, he wouldn’t be able to survive. The humiliation in his heart instantly surged. It was said that one had no choice but to lower their heads under someone else’s roof.

It was clearly Lin Qingyan’s arrogance and pride that caused this trouble, but he had to bear it. Under immense pressure, the old man had no choice but to walk out and say, “Miss, I’m sorry!” After saying that, the aura of a Perfected Immortal instantly erupted. Yaya felt a fatal pressure and her face turned pale.

“Haha... Damn girl, how dare you challenge me. I’ll let you experience what it means to wish you were dead.” Seeing this, Lin Qingyan laughed loudly, as if victory was in his grasp.

Unexpectedly, the scene changed in the next second.

“Did I say that you can attack?” An extremely disrespectful sentence sounded.

Boom!

Suddenly, there was a loud bang. The old man who wanted to attack Yaya was instantly sent flying by a terrifying force. The crowd instantly erupted.

“F\*ck, what kind of ruthless character is this?”

Everyone present was shocked. They saw Ye Qiu slowly walk out from behind Yaya. If he didn't take the initiative to walk out, no one present would even notice him. This was because his aura was hidden too deeply. No one could sense his existence. Only the moment he was truly exposed did they realize that there was another person there.

The old man had no strength to resist at all and was sent flying by Ye Qiu's palm. He spat out a mouthful of blood. He was already seriously injured and could not get up again.

Seeing this, Lin Qingyan completely panicked. His eyes were filled with incomparable fear as he looked at Ye Qiu foolishly and said, “Who are you? How dare you interfere in my Lin family's matters!”

At this moment, he still didn't forget to use the Lin family to intimidate Ye Qiu. Unexpectedly, in the face of his threat, Ye Qiu only sneered and teased, “Lin family? What are you? You're not even qualified to carry my shoes.”

As soon as these words were spoken, the entire venue erupted. Everyone was shocked by Ye Qiu's words.

“Good lord, where did this come from? He's so arrogant that he doesn't even take the Lin family seriously?”

“Oh... He's too arrogant. Even some ancient large clans wouldn't dare to look down on the Lin family's strength, right? How dare he...”

Everyone's breathing became tense. They were in disbelief.

Lin Qingyan and the guards behind him were angered. They didn't expect Ye Qiu to dare to look down on the Lin family like this. This was no longer a form of contempt, but an extreme provocation.

Lin Qingyan was furious. No matter how afraid of death he was, he still stood up bravely in the face of the dignity of his family.

“What arrogance. Can I take it as a provocation to my Lin family?” Lin Qingyan said coldly.

The surrounding atmosphere became extremely tense. However, Ye Qiu maintained a casual smile. He replied teasingly, “So what if I am?”

Hearing his extremely disdainful tone, the anger in Lin Qingyan's heart completely erupted. “Good, haha... Good, kid, you have guts. I've already released the communication talisman just now. The elders of my clan will be here soon. If you have the guts, don't leave. In a while, I'll let you see if my Lin family can do anything to you.”

Hearing this, Ye Qiu's interest was piqued. "Haha, this is getting more and more interesting. Alright, I can wait for you. But before that, I need to borrow something from you."

Ye Qiu smiled. Lin Qingyan's expression instantly changed and he had an ominous feeling. "What is it?"

Just as he asked, before he could get an answer, he saw Ye Qiu smiling and gesturing to Yaya. Yaya instantly understood and revealed a meaningful smile.

"Hehe... You asked for it. Don't blame me for being heartless." Yaya's heart gradually became evil. This was the first time she had done such a bad thing, and she suddenly felt very excited.

In the next second, the Flaming Divine Saber slashed out.

"Ah! A hysterical scream sounded and Lin Qingyan instantly fell into a pool of blood. Yaya did not even take a look, afraid that he would dirty her eyes.

Lin Qingyan held his crotch tightly and let out a hysterical scream. Everyone present was so frightened that their faces turned pale. No one expected Ye Qiu to be so ruthless.

"F\*ck, I'm afraid this grudge is going to be huge."

"That's the Lin family's future. It's cut off just like that?"

"Too ruthless! Where did this guy come from? Is he really not afraid of the Lin family's revenge?"

Everyone present was at a loss. They looked at Lin Qingyan in disbelief. Yaya's slash had completely ruined Lin Qingyan's future and his status in the Lin family.

#### Chapter 706 Teaching From Words

Yaya slowly put away her saber and walked over worriedly. She turned around and looked at Lin Qingyan, who was already lying on the ground and roaring in pain. "Master, aren't we going overboard by doing this?"

Ye Qiu turned around and looked at her, his expression gradually becoming serious. "Overboard? Did I?"

Yaya was at a loss for a moment when Ye Qiu asked. Her master continued, "You heard what he said just now. If I wasn't here today, can you think of the pain you'll experience next? Can you guarantee that he will show you mercy?"

Yaya was instantly stunned after these few questions. She turned around and looked at the Lin family with lingering fear. She was not a fool. She could tell from Lin Qingyan's arrogant personality that this person was definitely not a kind person. He had definitely done many evil things.

From his words just now, it could be seen that if her master was not here today, Yaya would definitely not have an easy time. She might even be stripped naked by Lin Qingyan and humiliated to death.

Thinking of this, Yaya's heart instantly turned cold, and the guilt in her heart instantly disappeared. "Master, you're right. This is the outcome he deserves. He deserves it."

Hearing this answer, Ye Qiu finally revealed a satisfied smile. He did not want his disciple to be an extremely naive person because in this world, naive people always died the most miserably.

Being kind to the enemy was being cruel to oneself.

This was also Ye Qiu's test for Yaya's million-mile trial path. He taught her through words and deeds, letting her understand the cruelty of this world and understand some survival methods as soon as possible.

After all, Ye Qiu couldn't stay by her side forever. She had to learn to grow on her own and wait for the day Ye Qiu truly let go to be able to take charge.

Be it Yaya, Lin Qingzhu, Zhao Wan'er, or Linglong, Ye Qiu's teaching method had always been like this. He wanted them to personally experience the torture in their hearts and comprehend the true meaning of life.

Currently, the most perfect person to complete this mission was Lin Qingzhu.

After a while, Ye Qiu continued, "Hmm... Girl, I'm very gratified that you can understand this. I don't pray that you can achieve anything great. My only hope is that you can learn how to deal with all the unknown dangers and truly take charge.

"Survival is the cruelest thing in this world. Only by understanding this principle can your future path be smoother. Mercy is not a flaw, but it also depends on the time. If the enemy wants to kill you and you give him a chance, it's equivalent to killing yourself."

As soon as these words were spoken, Yaya was moved. She understood, truly understood her master's good intentions, and was incomparably touched. Ever since she entered the sect, she had firmly remembered everything her master said.

She was very glad that she had met a good master, a master who treated her like his own daughter. She had only felt such high hopes and love for her from her father.

"Master, I understand! Don't worry, Master. I will definitely not disappoint you in the future. I will remember your teachings." Hearing her master's sincere teachings, Yaya subconsciously shed tears of gratitude.

Perhaps this was the relationship between master and disciple. In Yaya's heart, her master was the most important person in her life. She was determined to use her entire life to protect her master and Violet Cloud Training Hall.

Seeing her reaction, Ye Qiu smiled in relief. At least his good intentions weren't in vain.

"Alright! Since you understand, you should know what to do next time. There's no need to ask me anymore. I only have one reminder. Remember it firmly. As long as you think it's right, just do it. No matter what happens, I will support you." Ye Qiu said seriously. He knew that this girl was kind-hearted and wouldn't do anything harmful.

Most of the time, she did not dare to fight even if she was in the right. Therefore, Ye Qiu had to change her mentality and personality.

"Alright! Yaya will remember." Yaya replied solemnly. With her master's words, there was nothing she didn't dare to do. She instantly became confident and was no longer her usual obsequious self.

After teaching her, Ye Qiu smiled faintly and looked at Lin Qingyan on the ground.

At this moment, he was already in so much pain that he wanted to die. He rolled back and forth on the ground in a very miserable manner.

On the other hand, the Lin family was so frightened that they were at a loss. No one expected Yaya to really dare to do this.

“Young Master, Young Master, are you alright?” After a long time, everyone reacted and hurriedly went forward to help Lin Qingyan up.

Unexpectedly, Lin Qingyan had completely lost control of his emotions and kicked them away. He cursed angrily, “Get lost, all of you, get lost! A bunch of trash. What’s the use of me raising you?”

Lin Qingyan went completely berserk. He sat up from the ground with difficulty, his face filled with pain. In his anger, he looked at Ye Qiu with hatred. He gritted his teeth and said gloomily, “I, Lin Qingyan, will remember today’s matter! Let me tell you, kill me if you have the guts today. Otherwise, I will definitely make you pay with your blood.”

Lin Qingyan stared coldly at Ye Qiu with hatred. He wasn’t afraid at all. Looking at the bloody wound below, he knew very well that his life was over. Even though he could still grow it back after cultivating a Supreme Body, he no longer had the ability to carry on the family line.

In other words, he had already ruined his future. His status in the family would plummet in the future. Therefore, at this moment, he only looked at Ye Qiu with hatred and anger.

However, in the face of his anger, Ye Qiu only sneered and said, “Really? Since you say so, I’ll fulfill your wish.”

Ye Qiu had never been used to showing mercy to his enemies. Since he had said so, he might as well kill him. He gently raised his right hand and condensed it on his finger. A strand of sharp sword energy appeared.

Lin Qingyan’s expression instantly changed when he felt that shocking sword intent. It was only at this moment that he truly understood how terrifying the strength of the incomparably young person in front of him was. He wanted to escape, but how could he escape in the face of an expert of this level?

Just as he fell into despair, a loud voice suddenly came from the sky. “Stop!”

In an instant, the wind and clouds in the world changed, and lightning flashed. This shout instantly attracted everyone’s attention. Dozens of figures flashed past in the sky. The first to appear was a white-haired old man.

“Lin Zhongtian!”

As soon as this person appeared, the crowd instantly erupted.

Chapter 707 Are You Worthy?

As soon as this person appeared, the crowd instantly erupted. Everyone looked at the old man in the sky in disbelief and discussed with trembling voices.

"Heavens, isn't this the old Heavenly Venerate of the Lin family? He actually came personally."

"Looks like this time, it's really going to blow up. I wonder how this person will clean up the mess."

"Rumor has it that Lin Zhongtian is ruthless and powerful. In the early years, he followed the Lin family's Patriarch to fight everywhere and obtained insufferably powerful assets for the Lin family.

"In his later years, he even presided over the Lin family's Grand Elder's seat. The entire Lin family, even the current Patriarch, Lin Xiaotian, is respectful towards him. His strength is unfathomable! He's considered an outstanding existence among the experts of the older generation."

"These two people will probably suffer today since he personally came."

Everyone began to worry for Ye Qiu. After all, Lin Zhongtian's strength was ranked among the experts of the older generation. No matter how strong Ye Qiu was, it was impossible for him to defeat such an expert of the older generation, right?

Almost no one believed that Ye Qiu could defeat him. They were already silently starting to feel sorry for them.

Hearing the discussions in his ears, Ye Qiu roughly knew the other party's background. He immediately smiled in his heart and gradually became interested. He did not say anything and only looked coldly at the old man in the sky. He saw dozens of figures flickering behind him.

In an instant, all the Lin family experts stood in a row behind Lin Zhongtian.

Lin Qingyan cried when he saw Lin Zhongtian. He wailed loudly, "Second Grandpa, quickly save me!"

Hearing Lin Qingyan's cry for help, Lin Zhongtian hurriedly looked over. When he saw Lin Qingyan's injuries, his face instantly darkened. He hurriedly flew down from the sky and quickly tapped Lin Qingyan's body a few times to treat him.

The anger in his heart had already erupted because he had no children and had always treated Lin Qingyan as his biological grandson. Now that he saw that Lin Qingyan was actually tortured like this and even cut off his roots, he was instantly furious.

This action was tantamount to provoking their entire Lin family. How could Lin Zhongtian tolerate it?

The grievance in Lin Qingyan's heart seemed to have found its backbone. He vented to his heart's content and said, "Second Grandpa, you have to stand up for me." As he spoke, he pointed at Ye Qiu in front of him. The hatred in his gritted teeth was finally vented. He said angrily, "It's these two people. They looked down on my Lin family. I wanted to argue with them, but I didn't expect to be suppressed by them. Not only did they heavily injure me, but they also cut off my roots."

Hearing his nonsense, everyone present was at a loss. Ye Qiu was even more amused. Good lord, the editor of UC should invite you to be the editor-in-chief. He was too good at making things up.

As expected, after hearing all of this, Lin Zhongtian was furious and his expression darkened. He stood up coldly and locked his murderous gaze on Ye Qiu. He suppressed the anger in his heart. He did not want to distinguish right from wrong because he believed that Lin Qingyan would not lie to him.

He said coldly, "I wonder how my Lin family offended you to be so ruthless? I hope to obtain a satisfactory explanation today. Otherwise, I don't care who you are or where you come from. If I don't take revenge, my Lin family will not rest."

As soon as these words were spoken, the atmosphere instantly fell to zero. That soaring killing intent had already frozen the entire battlefield.

"What powerful killing intent! Is this the pressure of a Heavenly Venerate?"

Everyone was shocked. They looked over again and saw Ye Qiu calmly facing Lin Zhongtian's pressure. After a while, he said with an incomparably relaxed and teasing tone, "Explanation? Haha, when do I, Ye Qiu, need to give you an explanation? Not to mention a junior in your clan, even if I killed the entire Lin family, no one would dare to ask me for an explanation." His laughter revealed incomparable confidence.

However, as soon as he said this, the scene seemed to have exploded.

"Good lord! He's too arrogant..."

"Does he really not take the Lin family seriously?"

Everyone was scared silly. Where did this person come from to be so arrogant?

Lin Zhongtian was even more shocked. In this world, there were not many young people who dared to look down on their Lin family.

"Good kid! You're too arrogant. Looks like if I don't teach you a lesson today, you won't know how high the sky is." Lin Zhongtian was furious. He had traveled extensively for so many years, but he had never suffered such humiliation. This was not only a humiliation to him, but also to his Lin family. No matter what Ye Qiu's background was, he had to vent his anger today.

In an instant, Lin Zhongtian raised his right hand above his head, and a shocking murderous aura suddenly erupted. Everyone looked up and saw the huge sword circling in the sky. The pressure instantly pressed down on everyone until they could not raise their heads.

"Kid, I'll give you another chance. Kneel! Kowtow and admit your mistake. I can still spare your life." Lin Zhongtian said murderously.

"Oh?" Hearing this, Ye Qiu smiled calmly and turned around to gesture for Yaya to retreat. He strolled out and smiled. "You? Alright, let me see how you make me wish I was dead."

As soon as these words were spoken, the atmosphere instantly became tense. Lin Zhongtian's expression instantly turned cold, and he could no longer suppress his killing intent.

"You asked for it!" Lin Zhongtian instantly slashed down with his sword. He could no longer care about anything else.

Ye Qiu was so provocative. No matter what his background was, he would definitely make him pay the price today.

On the other side, Lin Qingyan was even more overjoyed. The more Ye Qiu provoked him, the stronger Lin Zhongtian's anger became. His death was not far away.

"Kill him! Skin him alive! Who asked him to go against me!" He roared angrily.

The huge sword in the sky suddenly slashed down. The world lost its color and the ground shook. The might of a Heavenly Venerate shook the entire wasteland.

Under everyone's gaze, that sword slashed fiercely at Ye Qiu.

"It's over, he's dead for sure..."

How many people could withstand the anger of a Heavenly Venerate? Almost no one believed that Ye Qiu could survive.

"Playing with swords in front of me? I'm afraid you can't tell who's better." A teasing laugh echoed in the air. Everyone trembled and looked over.

In the violent wind, Ye Qiu gently raised his right hand. In the next second, a supreme sword energy suddenly erupted.

Boom!

The soaring sword force swept through thousands of miles of mountains and rivers. It was as if the world had been cut open.

"No... How is this possible?" Lin Zhongtian's expression instantly changed. Under his gaze, his sword energy was instantly disintegrated by Ye Qiu. He had never seen this shocking sword energy before. He felt like he was looking straight at death. For a moment, his heart reached the peak of fear.

Chapter 708 Who Are You?

Boom!

Under everyone's terrified gazes, a small grass tore through the sky and instantly pierced through Lin Zhongtian's huge sword with a loud bang.

"Pfft," Lin Zhongtian spat out a mouthful of blood. The grass pierced through his chest and his body fell from the sky.

"Hiss... What kind of heaven-defying sword technique is this? A Heavenly Venerate expert was instantly killed just like that?"

At that moment, the entire venue erupted. Everyone looked at the white figure under the ruins in disbelief. He had been walking leisurely and calmly. Lin Zhongtian was insta-killed with a casual strike. His strength shocked everyone.

"Oh my god, what kind of monster is this! When did such a peerless expert appear in my Nine Heavens and Ten Lands? Why didn't we know?"

"He only used one strike and didn't even use a weapon. Instead, he used a small blade of grass to defeat Lin Zhongtian! How domineering is this..."

The crowd discussed animatedly for a moment, and the Lin family was scared silly. Lin Qingyan revealed a look of fear. He did not expect the Lin Zhongtian he admired to be insta-killed so easily.

The entire place was silent. Everyone was shocked by Ye Qiu's shocking sword. After an unknown period of time, the people from the Lin family reacted. They scrambled to Lin Zhongtian and helped him up with difficulty.

"Second Elder, are you alright?" Everyone asked anxiously. At this moment, Lin Zhongtian's expression was incomparably ugly and his entire body was weak. Ye Qiu's sword energy had pierced through his entire body. In his limbs and bones, a terrifying power swept through his inner sanctum, making it difficult to calm down.

"Pfft," Lin Zhongtian spat out another mouthful of blood. At this moment, he truly understood what fear was. He looked at the white-clothed youth in front of him with extreme fear.

"Phew," Panting heavily, Lin Zhongtian said with lingering fear, "I'm afraid we've encountered a tough nut to crack this time. I've traveled the world for so many years, but I've never seen such a terrifying young man. His background must be even more terrifying. Looks like we can only call for help in the current situation."

At this point, Lin Zhongtian mobilized all his strength and sent out the last communication talisman. Ye Qiu didn't stop him and only watched quietly as the communication talisman flew into the distance.

"Second Grandpa, what's going on? How could you lose to him?" Lin Qingyan was completely flustered. He was no longer as arrogant as before. He originally thought that Lin Zhongtian could avenge him, but he did not expect Lin Zhongtian to not even last a minute.

In the current situation, once Ye Qiu attacked, they would definitely die. This was definitely not a joke. Only a few of the experts who accompanied Lin Zhongtian this time were in the Endless Realm. The rest were all Perfected Immortals.

How could they withstand Ye Qiu's attack? Even Lin Zhongtian, a Heavenly Venerate expert, couldn't withstand it, let alone them.

Lin Qingyan was trembling in fear. Lin Zhongtian turned around and looked at him, his eyes filled with anger. He no longer doted on him. This idiot still didn't know how much trouble he had caused the Lin family this time.

Lin Zhongtian knew very well that Ye Qiu had such strength at such a young age. His background was definitely extraordinary. If he came from an Immortal Ancient clan, he would probably implicate the entire Lin family.

Thinking of this, Lin Zhongtian's tone turned cold as he berated, "Shut up! My Lin family is in big trouble because of you. Just wait and see how it ends later."

Hearing this, Lin Qingyan trembled in fear. He did not doubt Lin Zhongtian's words at all and was in complete despair.

After reprimanding Lin Qingyan, Lin Zhongtian slowly adjusted his breathing for a moment and finally stood up again. He stared at Ye Qiu with an incomparably cold gaze. He wanted to see where this young man in front of him came from.

From the sword technique he used just now, this person must be an expert with extremely high swordsmanship attainments. In his impression, there were many Holy Lands in the Nine Heavens and Ten Lands that used swords, but none of them had any similarities to Ye Qiu's sword technique.

His heart couldn't help but tremble, and he had an ominous feeling. With great suspicion, Lin Zhongtian slowly took a step forward. This time, he did not maintain his high and mighty attitude. Instead, he asked very politely, "Sir, may I know who you are? I wonder how my Lin family has offended you so much as to force us to death."

Ye Qiu was amused. Why did it sound like he was in the wrong? Aren't they the ones who refused to let go and wanted to teach them a lesson? When did it become him bullying them?

"Haha! You don't need to know who I am. What you need to know is," Ye Qiu smiled. While he was calm, he said indifferently, "You seem to have made a mistake. You're the ones who won't let me off, not me. Do you understand? From the beginning, this conflict was caused by you. I didn't want to attack, but you forced me to attack. Now, you're asking me why I'm so persistent?"

As he sneered, Ye Qiu revealed a cold and murderous gaze. Lin Zhongtian immediately trembled and knew that Ye Qiu was really angry. How could he not understand at this point? The entire process of this matter was caused by Lin Qingyan alone. It had nothing to do with anyone else.

Furious, Lin Zhongtian turned around and slapped Lin Qingyan's face. "Bastard, kneel down!"

This sudden slap stunned Lin Qingyan. His entire face was swollen. He could not believe that his second grandpa, who had always doted on him, would hit him. "Second Grandpa, I..."

Just as he was about to say something, he was slapped again.

"You still want to quibble? Kneel!"

With a loud bang, Lin Qingyan was slapped again and knelt down with a clang. He knew that Second Grandpa was really angry. If he still didn't kneel, he would be dealt with worse.

After Lin Qingyan knelt down, Lin Zhongtian's anger had yet to subside. However, in the current situation, it was not appropriate to teach Lin Qingyan a lesson. Then, he turned around and said to Ye Qiu, "Fellow Daoist, this child has been pampered since he was young, causing him to be arrogant and domineering. I've already taught him a lesson. I wonder if you're satisfied? Can you spare his life?"

His two slaps just now were purely to save Lin Qingyan, but he was so stupid that he couldn't tell the situation. The disappointment in Lin Zhongtian's heart became stronger. He really wanted to kick this ignorant fool to death.

"If Fellow Daoist is lenient today, my Lin family will definitely be grateful. If Fellow Daoist comes to my Divine Domain in the future, my Lin family will definitely welcome you as a guest."

Lin Zhongtian showed great sincerity, but Ye Qiu had already seen through his thoughts. This old fox was clearly deliberately stalling for time by giving Ye Qiu the greatest respect. He wanted to stabilize him and wait for the Lin family's experts to arrive.

Ye Qiu could tell, but he didn't expose him because he wanted to see how strong the so-called Lin family expert was.

Chapter 709 The Lin Family's Confidence

"Spare his life?" Ye Qiu smiled faintly. Then, he turned around and looked at Yaya. "Disciple, what do you think?"

Yaya was stunned when she heard this. She took a step forward and looked coldly at Lin Qingyan, who was kneeling on the ground. Her eyes were filled with disdain. Just now, this guy had insulted her father and her master. Both matters had violated her taboo. How could she let him off?

After being enlightened by Ye Qiu, she was no longer that kind and innocent girl. From the actions of these people from the Lin family, if she let them off today, they might take revenge on her one day. Thinking of this, Yaya's heart turned cold. "I won't let him off."

"Okay! Hearing this, Ye Qiu revealed a satisfied smile and said, "Haha... As expected of a disciple of my Violet Cloud Training Hall. You should be so unyielding." As he spoke, Ye Qiu smiled and looked at Lin Zhongtian. "You heard it too. My disciple said that she won't let him off. So I'm afraid you won't be able to leave today."

As soon as these words were spoken, Lin Zhongtian's face instantly darkened. He didn't expect Ye Qiu to not give him face even though he was so humble. There were so many onlookers present, if word got out, how could the Lin family face the world?

Thinking of this, Lin Zhongtian was furious. He lowered his voice and said coldly, "Sir, don't go too far. I know that you're very strong, but my Lin family is not to be trifled with either. After offending my Lin family, even the backer behind you might not be able to protect you."

This was a threat. When it fell into Ye Qiu's ears, it was even more of a provocation. However, Ye Qiu was least afraid of such provocation.

"Is that so?" With a cold laugh, Ye Qiu slowly walked towards them and said, "Then I'll have to see how you make me wish I was dead."

Ye Qiu walked over step by step. A violent wind swept across the wasteland, and all the vegetation within ten thousand miles moved. An incomparably terrifying sword intent had already formed as it gathered in the world. That shocking pressure instantly pressed down, and everyone's expressions changed.

That suffocating feeling made one tremble unconsciously.

"What terrifying sword intent. Who is this guy?"

Everyone was shocked. At this moment, extreme lightning flickered in the sky. In the next second, a destructive pressure instantly pressed down.

"Hmm?" Ye Qiu looked up and frowned, revealing a displeased expression.

On the Lin family's side, when the lightning rumbled and the storm attacked, they instantly revealed happy expressions. "The Patriarch is here!"

As soon as he finished speaking, a middle-aged man in battle robes appeared above Ye Qiu. That person was the current Patriarch of the Lin family, Lin Xiaotian.

"The peak of Heavenly Venerate realm? Interesting." Ye Qiu looked up. Not only did he not show any panic, but he also had a teasing expression.

Another one sending himself to his death? It seemed like he had no choice but to start a massacre today.

"Father, save me!" The moment he saw Lin Xiaotian appear, Lin Qingyan seemed to have seen his savior. He was overjoyed and shouted.

However, Lin Xiaotian wasn't in the mood to look at him at all. Most of his attention was on Ye Qiu. This was because when he arrived just now, he happened to catch Ye Qiu's terrifying sword intent. It gave him an incomparably deep pressure, and he was shocked.

"Who is this person? Is there such a person in the younger generation of the Nine Heavens and Ten Lands?" Lin Xiaotian was puzzled. In his memories, the outstanding people of the Nine Heavens and Ten Lands were young and handsome.

He had seen almost everyone whose strength could reach this level, but there was no one like Ye Qiu. He also began to guess Ye Qiu's background. With great curiosity, Lin Xiaotian slowly descended from the sky. Behind him, all the experts of the Lin family appeared.

All of them were above the Endless Realm, and there were five or six Heavenly Venerates. Such a powerful formation scared everyone present silly.

"No wonder the Lin family could rise so quickly all these years. This is probably all the Lin family's foundation, right?"

"Good lord, who is this person? He actually forced out all the trump cards of the Lin family. Isn't this too terrifying?"

Everyone present discussed.

Lin Xiaotian ignored Lin Qingyan's cry for help and slowly came to Lin Zhongtian's side to check his injuries. "Second Uncle, are you alright?"

Facing Lin Xiaotian's question, Lin Zhongtian's expression was pale. He tried his best to squeeze out a smile and replied, "I'm fine. This kid's sword energy is very strange and has messed up my internal energy. I'm much better after recovering a little.

"Xiaotian, you have to pay attention! This kid's strength is unfathomable, and his methods are extremely ruthless. He's not like the opponents we've encountered in the past. Although I was careless just now, I can feel his strength. If we really fight, I'm still not his match."

Lin Xiaotian frowned when he heard Lin Zhongtian praise Ye Qiu, but he didn't care. He slowly stood up and stared coldly at Ye Qiu. He didn't say anything. Instead, he looked up at the sky and said, "Senior Bai, shouldn't you appear too?"

"Hmm?" As soon as he said this, Ye Qiu frowned and looked at the flickering lightning in the sky. There was actually another person hidden there? Good lord, he had indeed come prepared.

As soon as Lin Xiaotian finished speaking, an incomparably huge creature appeared in the next second.

Everyone looked up and their expressions instantly changed.

"Gasp... Immortal Ancient's great ferocious beast, Bai Ze!"

At that moment, the entire venue erupted. No one expected that the person who came with Lin Xiaotian this time was actually the legendary Immortal Ancient ferocious beast, the descendant of the Bai Ze.

The moment the huge creature appeared, the entire venue erupted. Everyone's faces were filled with fear and disbelief.

Yaya revealed a panicked expression and suddenly regretted it. She did not expect the Lin family to have such a close relationship with the Bai Ze Clan. If she had known earlier, she wouldn't have been so persistent just now. Wouldn't she have put her master in danger? She immediately became worried.

"Haha!" A heroic laugh came from the sky. In the next second, Bai Ze's true body appeared.

The rolling lightning flickered, shocking the Nine Heavens. Everyone present was so frightened that their faces turned pale. Everyone finally saw Bai Ze's true body when the huge creature landed on the wasteland.

"Heavens, it's actually the Patriarch of the Bai Ze Clan. He actually came personally."

At this moment, the crowd was in an uproar.

Ye Qiu revealed a strange expression, feeling very surprised. Lin Xiaotian instantly felt more confident when he saw the Bai Ze Clan's Patriarch appear. It was a long story why the two of them came together.

Originally, Lin Xiaotian had brought some women from his clan to Mount Bai Ze to visit the Bai Ze Clan's Patriarch and give those women to him to serve the Bai Ze Clan as maidservants.

Unexpectedly, while they were chatting happily, Lin Xiaotian received Lin Zhongtian's distress communication talisman and rushed over.

Seeing that he was so sincere, Patriarch Bai Ze also came over to see what had happened.

Chapter 710 Lin Xiaotian's Ambition

"Haha! It's so lively! Looks like I can watch a good show today." As soon as that heroic voice fell, Patriarch Bai Ze had already arrived on the ground and looked down at the world.

That incomparably domineering and burly body shocked everyone. Everyone's expressions changed and their eyes revealed fear.

"Master!" The moment she saw Bai Ze's true body, Yaya was a little afraid and hurriedly said, "Why don't we retreat?" Facing such a colossus, no matter how strong her mind was, she revealed a terrified expression.

Seeing this, Ye Qiu comforted her and said, "It's fine. Watch from behind. I'm here."

With her master's words, Yaya finally calmed down. Although she did not know how strong the other party was, she trusted her master very much. If her master said that he was fine, then he was definitely fine.

At this moment, Patriarch Bai Ze appeared. The entire Lin family instantly changed their expressions and smiled. They had been humiliated under Ye Qiu's pressure just now. Once this matter spread, it would have a critical impact on their Lin family's future development.

Now, when they discovered that the legendary ferocious beast with the Immortal Ancient bloodline was their backer, they instantly became confident again. What a joke. This was Bai Ze! In the final years of the Immortal Ancient, it was one of the most terrifying great ferocious beasts after the Ten Fiends.

Even a hundred Lin families combined could not compare to half of the other party's inheritance. With him holding down the fort, no matter how arrogant Ye Qiu was, he probably wouldn't dare to challenge Bai Ze, right?

Thinking of this, Lin Qingyan instantly became excited, as if he had seen hope. He was already filled with anger. In addition, Lin Zhongtian's two slaps had completely angered him.

Now that Patriarch Bai Ze was holding down the fort, he would definitely be able to make Ye Qiu kneel and lower his head. At that time, he would be able to regain his dignity. He instantly became incomparably excited.

"Father!" Lin Qingyan hurriedly ran in front of his father, Lin Xiaotian. He still wanted to say a few good words and perform well.

Unexpectedly, his father only glanced at him coldly with nameless anger. He did not flare up because Bai Ze was present.

"Haha, Patriarch Lin, this must be your son, right? His foundation is indeed excellent. He's a good genius."

Hearing this, Lin Xiaotian felt a little embarrassed. After all, he knew his son's character very well. There was nothing to be proud of. It was embarrassing to introduce him. However, for the sake of his reputation, he still smiled apologetically and said, "Haha, Senior, you must be joking. Compared to your son, my useless unfilial son is nothing."

As he spoke, Lin Xiaotian did not forget about the serious matter. After a few polite words, he said, "Senior, watch from the side. Let me deal with the trouble here. Later, we will return to Bai Ze Mountain and discuss the friendship between our two races."

Hearing this, Bai Ze nodded and did not say anything. He only smiled faintly. The friendship between the two races that Lin Xiaotian mentioned was actually just them submitting to the Bai Ze Clan unilaterally.

Although the Lin family had developed very quickly over the years, they were still a very young family.

Without enough family foundation and a powerful backer, they might be able to be more arrogant in the Divine Domain, but outside the Divine Domain, they seemed especially reserved. No matter what he did, he would be restricted and afraid. Without the protection of a powerful faction, he would not be able to become great in the end.

Therefore, it could be seen that Lin Xiaotian was a smart person. He chose to cling to the Bai Ze Clan and would rather send the women of his clan to the Bai Ze Mountain to serve the descendants of the Bai Clan. He even sent his biological daughter up. It could be seen what a ruthless person he was.

One had to know that the women from the Lin family who were sent up the mountain by him would not receive any good treatment.

To put it bluntly, they were going up the mountain to be someone's dog. This was not an exaggeration at all. If they did anything wrong and the other party casually killed them, he would not dare to say anything.

Lin Xiaotian was a smart person. How could he not think of these questions? However, he still did it. Clearly, in his heart, anything and anyone could be sacrificed in front of the interests of the family.

Therefore, he sent all the young and beautiful women in the clan to Bai Ze Mountain after screening them layer by layer. Not only that, he also sent many treasures up the mountain. His goal was to cozy up to the Bai Ze Clan and pave the way for the Lin family's future development.

This person was very ambitious. It could be said that everything he did had great meaning behind it. Unfortunately, he had an idiot son. He was destined to ruin decades of his plans because of this idiot son.

At this moment, with the Bai Ze Clan's Patriarch holding down the fort, Lin Xiaotian seemed especially confident. He slowly walked up expressionlessly. His eyes were incomparably cold and filled with killing intent.

Lin Xiaotian did not want to ask who was right and who was wrong because the meaning had changed with the Baize Clan's Patriarch here. What he needed to do was to establish his might and display the domineering side of the Lin family. Otherwise, they were destined to not catch the eye of the Bai Ze Clan's Patriarch.

This was also a chance for him to show off. He had to seize it.

"Hmph... Ignorant child, you actually dare to humiliate my Lin family like this. If you don't give me an explanation today, don't even think about leaving." Lin Xiaotian said coldly. Seeing this, everyone present was shocked and began to worry for Ye Qiu.

The current situation was a little disadvantageous to Ye Qiu. This Lin Xiaotian clearly had plans to make an example of him and use Ye Qiu to establish his might. How should Ye Qiu deal with it?

Everyone could not help but be curious and begin to guess. They thought that Ye Qiu would restrain himself after Patriarch Bai Ze appeared.

Unexpectedly, not only did Ye Qiu not restrain himself, but he also became even calmer. "Haha, explanation? When have I ever needed to give an explanation to others?"

Ye Qiu smiled and said those extremely sarcastic words. At that moment, everyone in the Lin family exploded.

"Arrogant!"

"Kid, how dare you humiliate my Lin family!"

Everyone was furious. Hundreds of elders from the Lin family were furious and wanted to draw their swords.

Lin Xiaotian's face was gloomy and expressionless. He carefully glanced at Patriarch Bai Ze from the corner of his eye, wanting to see his reaction. He was furious after realizing that the other party was a little disappointed.

"Good... very good. Since you refuse a toast and drink a forfeit, I'll fulfill your wish." Lin Xiaotian suddenly stretched out his right hand. In an instant, an immortal sword appeared in his hand. The power in his body completely erupted as he looked at Ye Qiu, who was watching the show calmly. "Kid! Today, I'll teach you a lesson and let you know what it means to be arrogant!"
