Chapter 711 Why Is It This Ruthless Person?

After saying this, Lin Xiaotian instantly drew his sword. A violent wind suddenly blew over, and the entire wasteland was silent. The power of a peak-level Heavenly Venerate instantly erupted, and the entire wasteland began to tremble.

The expressions of everyone present suddenly changed. Clearly, Lin Xiaotian's sword force was even more terrifying than Lin Zhongtian's. It could be seen that his strength was definitely above Lin Zhongtian. This person was indeed the Lin family's Patriarch. Be it his strength, shrewdness, or ambition, it was extremely powerful.

Seeing this scene, Ye Qiu's playful expression finally restrained a little. He looked at Lin Xiaotian opposite him and then at the circling sword energy above his head. A terrifying pressure assaulted him. If it were an ordinary person, they would probably have shown fear in the face of this powerful sword force.

However, in front of Ye Qiu, this sword force was really a little insignificant, looking especially small.

!!

"Haha... How boring." Ye Qiu shook his head and smiled. He no longer had any patience. He raised his hand slightly. The vegetation in the ten thousand miles of wasteland rustled, and a shocking sword intent instantly crushed over.

It was this familiar strike again. Ye Qiu didn't even use any other powerful sword techniques. It was still the strike that easily defeated Lin Zhongtian.

Seeing this, everyone present was shocked.

"F*ck, how arrogant is this guy!"

"No matter what, the other party is still the head of a family, a peak-level Heavenly Venerate existence. Can't he get serious?"

"Same move, same sword technique. How much does he not take the other party seriously?"

Everyone was shocked, and the Lin family seemed to have suffered a great humiliation.

"Damn it!" Lin Zhongtian angrily threw the spirit bead in his hand. His anger attacked his heart and his face turned red. However, this was not the end. What was even more humiliating came.

Ye Qiu smiled and faced Lin Xiaotian's sword pressure. He said slowly, "My time is limited, so I won't play with you slowly. I will only use one strike. As long as you can withstand it, I can pretend that nothing happened today." At this point, Ye Qiu's eyes turned cold and he said, "If you can't withstand it, the entire Lin family will be killed."

As soon as these words were spoken, the air began to condense. An invisible cold killing intent instantly enveloped the sky. Even the Patriarch of the Bai Ze Clan, who was watching the battle, revealed a shocked expression. He looked at the white-clothed human youth in front of him in disbelief and felt that he looked a little familiar.

He took a closer look.

“F*ck!” In the next second, Patriarch Bai Ze, who originally only wanted to watch the show, panicked. Just now, he was only focused on putting on airs and did not recognize the person opposite him immediately.

From Ye Qiu’s sword force, he felt a trace of anger. Clearly, this was more like pointing at him. At that moment, Patriarch Bai Ze couldn’t remain calm. Because of his disregard, Ye Qiu felt angry. What he said just now seemed to be directed at him.

“Oh my god, why is it this ruthless person?” Bai Ze panicked. For a moment, his memory seemed to have been pulled back to the Crimson Dragon Mountain Range. The image flickered with the white-robed human youth.

“Stop!” In the next second, Patriarch Bai Ze instantly roared and interrupted Lin Xiaotian, who was about to teach Ye Qiu a lesson.

Facing his sudden interruption, Lin Xiaotian was at a loss. “Senior Bai, what are you...”

Because of his reverence for Bai Ze, Lin Xiaotian did not dare to disobey and hurriedly stopped. Under his confused gaze, Bai Ze quickly ran over and arrived in front of Ye Qiu. “Hehe, young friend Ye Qiu, long time no see! I missed you so much.”

As soon as these words were spoken, the entire venue erupted!

“F*ck, what kind of reversal is this?”

Everyone was dumbfounded. No one expected the high and mighty Patriarch Bai Ze to suddenly run in front of Ye Qiu and greet him as if he was trying to curry favor. This huge impact stunned everyone for a moment.

Lin Xiaotian was even more dumbfounded. An ominous feeling appeared in his heart. “Not good! Could this kid really have a powerful background...?”

At this moment, the entire Lin family panicked. No one expected that an existence that even a big shot like Patriarch Bai Ze needed to curry favor with would appear in a small wasteland. Didn’t the Lin family kick an iron plate?

The crowd erupted. No one expected such a reversal.

However, Patriarch Bai Ze was in no mood to care about everyone’s reaction. Others might not know Ye Qiu’s background, but how could he not know who Bai Ze was? One had to know that Ye Qiu was their clan’s benefactor. He was the only big brother his son admired.

Back then, Ye Qiu suppressed the crowd in the Crimson Dragon Mountain Range. It could be said to be infinitely glorious. After leaving the Crimson Dragon Mountain Range, Patriarch Bai Ze had been asking about all of Ye Qiu’s deeds for a long time. He only felt that he was even more awesome.

Damn it, this was a person that could compete with that ruthless woman, Ming Yue. Who was Ming Yue? Go out and ask around. Who didn’t know about the supreme orthodoxy of the Immortal Ancient and the small families in the various cities?

And Ye Qiu was a ruthless character who could fight Ming Yue. How could he be bad?

The most terrifying thing was that he was the first abnormality to break through the Eleven Heavenly Sanctums.

He was conferred the title of Heaven Mending Deity by Meng Tianzheng of the Heaven Mending Holy Land. No matter how arrogant his Bai Ze Clan Head was, he did not dare to challenge Meng Tianzheng.

Not to mention, Ye Qiu's current strength and his heaven-defying potential were enough to overturn their entire Bai Ze Clan. How could he not panic?

Patriarch Bai Ze even wanted to slap himself twice. Why didn't he recognize him at first and keep watching things develop to this situation?

Facing Patriarch Bai Ze's sudden greeting, Ye Qiu smiled and said coldly, "Why? Do you want to stand up for them?"

As soon as these words were spoken, Patriarch Bai Ze's heart trembled. He turned around and looked at Lin Xiaotian behind him. He quickly thought for a moment, as if he had made a difficult decision.

Better for you to die than me... I'm sorry, I'll enjoy the girls you sent up the mountain.

"Hehe, young friend, what are you saying? Back in the Crimson Dragon Mountain Range, you saved my son's life. I haven't had the time to thank you properly. How can I be your enemy?"

Patriarch Bai Ze smiled and suddenly wanted to curse in his heart. He had been looking for an opportunity to build a good relationship with Ye Qiu. After all, ever since his son was saved by Ye Qiu, he had been reborn and began to erupt with his ancestor's heaven-defying potential. His cultivation had soared. Perhaps it was because of Ye Qiu's drop of Life Liquid that it indirectly activated all the potential in his body.

Patriarch Bai Ze didn't even know how to repay such a favor. How could he offend Ye Qiu for the sake of the Lin family?

Seeing him so polite, Ye Qiu didn't make things difficult for him. After all, this matter had nothing to do with him. Then, he smiled and said, "Since you don't want to interfere, Senior, please make way. Let me experience the ultimate technique of the Divine Domain's Lin family."

Chapter 712 | Only Use One Strike

As soon as Ye Qiu said this, Lin Xiaotian's face instantly turned pale and he was at a loss. He stared fixedly at Patriarch Bai Ze. He really couldn't figure out how he was related to Ye Qiu. What he couldn't figure out was that from his actions towards Ye Qiu, Ye Qiu's identity and background seemed to be even more terrifying.

Even an existence like the Bai Ze Clan's Patriarch had to be respectful.

An ominous feeling appeared in his heart. Lin Xiaotian panicked.

Patriarch Bai Ze, who was standing between the two of them, was also very helpless. Seeing that Ye Qiu's anger had not subsided, he didn't dare to stop him. He turned around and looked at Lin Xiaotian. He shook his head and said, "You... take care."

The implication was obvious. He can't help him either.

Lin Xiaotian completely panicked. He didn't expect Ye Qiu to have such a powerful background. Patriarch Bai Ze slowly moved aside. Lin Xiaotian felt a chill assault his face. The feeling of looking straight at death instantly pressed down.

Seeing this, Lin Xiaotian could no longer remain calm. "Young friend, I didn't know that you knew Senior Bai. What happened just now was a pure misunderstanding. Do you think... we..."

Before he could finish speaking, Ye Qiu immediately interrupted. "Haha, I don't think there's a need. Patriarch Lin! I'll say it again. My time is limited. It depends on this strike. If you can withstand it, I can pretend that nothing happened today."

With a cold laugh, Ye Qiu's right hand floated slightly. In an instant, the vegetation within a radius of hundreds of kilometers condensed and began to circle towards the sky. As that shocking sword energy condensed, a suffocating pressure instantly pressed down. The expressions of the Lin family instantly changed drastically.

"What terrifying sword intent! Where did this guy come from?"

Everyone present was stunned. They felt a suffocating pressure assault them, and their breathing became tense. No one present recognized Ye Qiu.

The pressure in Lin Xiaotian's heart had already reached its limit at this moment. Originally, he thought that Ye Qiu was just a slightly talented opponent. However, the moment he truly began to reveal his strength, Lin Xiaotian suddenly woke up. This guy's strength was definitely above his.

The pressure multiplied. He heard Ye Qiu's words clearly.

"Only one strike? What an arrogant tone! Then come on. I don't believe I can't withstand this sword." He had already made up his mind. Nothing he said now would work. Only by blocking Ye Qiu's sword would he have a chance to explain.

Lin Xiaotian went all out. The immortal sword in his hand was instantly waved. The wind and clouds in the world changed, and a shocking sword energy suddenly soared. "Since you're so free, I'll play with you."

After replying politely, Lin Xiaotian perked up and didn't dare to look down on Ye Qiu's attack. This was because Lin Zhongtian had already suffered a huge loss just now.

Seeing that he was already prepared, Ye Qiu smiled. Suddenly, his body rose from the ground and he jumped into the sky. He pointed his right hand at the sky and gathered thousands of sword energy on his finger. The order of the world underwent a tremendous change.

"Lightning technique?"

Everyone was shocked. They originally thought that this strike was just a simple strike, but they did not expect to see the shocking power of lightning flickering in the sword energy, like a divine punishment from the Nine Heavens. It was extremely oppressive.

Standing in the sky, Ye Qiu quietly felt this incomparably surging power and enjoyed it. "Ah... Is this the Ring of Heaven and Earth?"

This was Ye Qiu's first time officially attacking after breaking through to the Heavenly Venerate realm. His body seemed to have been baptized by holy light as he felt the surging power flowing in his body.

Confidence. A confidence that he had never felt before surged into his heart. It was difficult for Ye Qiu not to be immersed in the terrifying increase brought by this Ring of Heaven and Earth.

"Come on!" Ye Qiu's cold killing intent instantly locked onto Lin Xiaotian after a short moment of intoxication. He only used one strike. His greatest goal was to test how powerful this Ring of Heaven and Earth was.

After sensing it, Ye Qiu already knew what was going on. His sword intent instantly locked onto Lin Xiaotian.

Lin Xiaotian's heart was in a mess and he was at a loss. The Ring of Life in his body had already circulated. Facing Ye Qiu's endless suppression, he had no choice but to take out his Intrinsic Ring. Otherwise, he wouldn't even have the qualifications to resist, let alone withstand it.

Everyone present was tense. Their breathing was tense as they focused on Lin Xiaotian. The people from the Lin family cheered in their hearts. They hoped that their Patriarch could block this sword. Otherwise, the entire Lin family would probably be destroyed today.

Swish! Swish! Swish!

A gust of wind blew, and vegetation flew. Ye Qiu finally attacked. He gently pointed with his right hand. In an instant, the power of the Nine Heavens was suddenly injected. The ground began to tremble, and a tsunami-like sword intent instantly charged over.

"No!" In the crowd, Lin Zhongtian exclaimed with a pale face. The power of Ye Qiu's sword was hundreds of times stronger than the sword that he had just used on him. Their mood fell to rock bottom, and everyone panicked.

Lin Xiaotian's face was even paler. He did not expect an early-stage Heavenly Venerate kid to be able to unleash such huge potential. His casual strike had reached the strongest strike of a peak-level Heavenly Venerate.

He panicked. He completely panicked.

Lin Xiaotian instantly determined that Ye Qiu had opened at least nine Heavenly Sanctums. Otherwise, he would definitely not be able to unleash such terrifying power.

Nine Heavenly Sanctums? What kind of concept was that?

In any immortal holy land, it was heaven-defying. However, he could clearly feel that Ye Qiu wasn't just that.

Lin Xiaotian could no longer remain calm!

The huge sword condensed from sword energy suddenly smashed down from the sky.

Boom!

A deafening sound echoed on the battlefield. Lin Xiaotian took out his Intrinsic Ring and another immortal artifact compass.

"Suppress!" A heart-wrenching roar sounded. Lin Xiaotian almost went all out and angrily attacked.

As the two forces collided intensely, the commotion instantly spread out.

"Pfft," That shocking sword energy instantly baptized the entire wasteland like a tornado. Wherever it passed, not a blade of grass grew. In that intense collision, Lin Xiaotian spat out a mouthful of blood and was instantly sent flying tens of thousands of miles, ruthlessly smashing into the cliff.

Bang!

A clear sound rang out. Lin Xiaotian looked at the compass in his hand in disbelief as it was instantly cut in half by the sword energy.

"Pfft," Lin Xiaotian spat out another mouthful of blood. His hair seemed to have turned white in an instant, and he looked much older. The Intrinsic Ring behind him seemed to have suffered some violent impact and showed a trace of damage.

"Patriarch!"

"Father,"

For a moment, everyone from the Lin family panicked. They couldn't care less and scrambled towards Lin Xiaotian.

Chapter 713 Are You Blind?

"Cough cough," Lin Xiaotian stood up from the ground with difficulty. He was seriously injured. He didn't expect that he wouldn't even be able to withstand Ye Qiu's sword. His expression was extremely ugly!

Under everyone's gazes, he was defeated by a junior with a single strike. If word got out, the Lin family's reputation would completely disappear.

Lin Xiaotian was furious.

Smack! A clear slap sounded. Unsurprisingly, Lin Qingyan suffered again. Last time, he was beaten up by Lin Zhongtian. This time, he was beaten up by his father.

"Unfilial son!" Lin Xiaotian was furious. He could not figure out how he could give birth to such a stupid son.

Lin Qingyan was completely stunned by his father. This was the first time his father had hit him since he was born. He was on the verge of collapse. However, at this moment, Lin Xiaotian was not in the mood to care about his emotions. Instead, he dragged his heavy steps and walked to the front of the crowd with difficulty.

He stared at Ye Qiu with an incomparably cold gaze. This was an unyielding man. Even though he knew that he was no match for Ye Qiu, the backbone in his body didn't make him lower his head.

"Are you satisfied now?" Lin Xiaotian asked coldly. Ye Qiu could see the hatred in his eyes.

However, Ye Qiu didn't care because such a small fry wasn't worth his attention. "Haha... Don't look at me like that. I'm a very reasonable person. I've said it before. If you can withstand my strike, I can pretend that nothing happened today. Obviously, you withstood this strike! Let's end this matter here." After saying that, Ye Qiu turned around and wanted to leave. He had no intention of continuing to tangle with them.

However, Lin Xiaotian was unhappy. "Wait a minute!"

"Hmm?" Hearing this, Ye Qiu frowned and was very unhappy. He had already given the other party many chances.

Under Ye Qiu's unhappy gaze, Lin Xiaotian slowly said, "You injured my son, humiliated my Lin family, and injured me. Aren't you going too far by not even giving me a title after these few things are added up? I know that you're very strong, but not everyone can step on my Lin family. If you don't give me an explanation, my Lin family will definitely fight you to the death today!"

How could Lin Xiaotian let go of such humiliation so easily? He wanted an explanation and wanted to know Ye Qiu's background. It would be fine if the other party had a powerful background and bullied him. After all, his identity was obvious, so it was not too embarrassing. However, if Ye Qiu was just a nameless pawn, this matter wouldn't end so easily.

Seeing his question, Ye Qiu immediately sneered in his heart and instantly guessed his intentions.

"You want to know my background?" Ye Qiu smiled and wasn't in a hurry to answer. He looked straight at Lin Xiaotian's cold gaze and was quite impressed. This guy still had some backbone. Unlike his son, who was an idiot and hopeless.

Seeing this, Ye Qiu didn't want to waste his breath and was about to answer. Suddenly, he heard an extremely arrogant voice. "Are you blind? How dare you speak to my brother like that? Do you think you've lived too long?"

As soon as these words were spoken, the entire venue instantly fell silent. Everyone looked behind at a loss. The void in front of him distorted and a violent wind blew. A huge creature walked out.

"Hmm?" Ye Qiu looked over and was instantly stunned. That huge creature was none other than the descendant of the Bai Ze Clan that Ye Qiu had personally killed and saved in the Crimson Dragon Mountain Range.

The moment Bai Ze appeared, the crowd instantly erupted.

"Good lord! It's actually him."

Everyone was shocked. Everyone looked at the huge creature in disbelief. Lin Xiaotian's face darkened in disbelief.

Bai Ze strode over. His imposing and incomparably domineering figure looked down on the Lin family with disdain. As he arrived, a terrifying pressure instantly crushed over. Everyone's expressions changed and they found it difficult to breathe.

This guy's pressure seemed to be even more terrifying than his father. Although his father was at the peak of the Heavenly Venerate realm, an existence half a step into the Dao Sacrificial realm, they seemed to pale in comparison to him.

The reason was very simple. It was because Ye Qiu's drop of Life Liquid had changed his physique, allowing him to truly awaken his ancestor's pure bloodline. His strength suddenly soared, and he even reached the Heavenly Venerate realm of the Ten Heavenly Sanctums in one go.

After that, he even cleared various forbidden areas and created a series of terrifying records. It could be said to be infinitely glorious! It had an extremely high deterrence under this sky.

Lin Xiaotian's expression changed the moment he saw Bai Ze. One had to know that he was not just the son of Bai Ze. Instead, he was the true next Patriarch of the Bai Ze Clan. He was even known as the heaven-defying bloodline with the highest chance of breaking through his shackles and becoming an Immortal King.

The most terrifying thing was that he had obtained the recognition and support of the older generation of the Bai Ze Clan. Offending him was equivalent to offending the entire Bai Ze Clan.

As Bai Ze appeared, the atmosphere instantly changed. It began to become tense and oppressive. After all, no one dared to offend this giant with great potential and a prominent background. He strolled over and said arrogantly, "Let me see, which reckless thing dares to offend my brother?!"

"What!"

As soon as these words were spoken, the expressions of everyone present changed.

"Big Brother?" Lin Xiaotian's expression changed drastically. Bai Ze's background was already terrifying enough. Why did he have a big brother? Who was his big brother?

As soon as this question was raised, everyone's gazes immediately locked onto Ye Qiu.

"It's him!"

"F*ck, what kind of ruthless character is this? Even Bai Ze's son calls him Big Brother?"

Everyone's expressions changed. They could not believe it. One had to know that although the human race was currently at its peak, it was still very difficult to obtain the recognition of these pure-blooded descendants and the great ferocious beasts of the Immortal Ancient. In their eyes, they were born noble and were completely different from those humble humans.

Therefore, no matter how powerful humans were, it was impossible for them to obtain their approval. And Ye Qiu could actually make a pure-blooded descendant call him big brother. How could everyone not be shocked?

This was simply a legend...

How could they know that Ye Qiu's kindness to Bai Ze was not something that could be repaid with just a word?

Lin Xiaotian completely panicked and said at a loss, "I wonder who the big brother Young Master Bai is talking about is?"

Lin Xiaotian was completely afraid.

Bai Ze's son glanced at him and said coldly, "Open your dog eyes and see clearly. This is my big brother. You, Lin Xiaotian, have the guts to provoke my brother. You want an explanation? Alright, I'll give you this explanation today."

Anger erupted from his heart. Bai Ze was furious! Ever since Ye Qiu saved his life, in his heart, Ye Qiu was his most respected big brother. Just now, his father had sent a voice transmission to tell him that Ye Qiu was here and also told him about the conflict between Ye Qiu and the Lin family.

Bai Ze was instantly enraged when he received this news. He immediately put down what he was doing and rushed over.

Chapter 714 What! He's Ye Qiu?

As soon as Bai Ze said this, Lin Xiaotian instantly panicked.

One had to know that this was the son of Bai Ze, the hope of the Bai Ze Clan. He had once obtained many honors from the Bai Ze Clan and set many historical records. Behind him was the support of his clan's ancestor. His words were incomparably heavy. Even his father had never obtained such honor.

Lin Xiaotian knew very well that the most important person that he should cozy up to was him. Therefore, Lin Xiaotian specially chose the young and beautiful women in his clan to send up the mountain to serve him.

Seeing that he was angry, Lin Xiaotian immediately panicked. He hurriedly said, "Young Master, calm down. I didn't know that this person is your big brother. Please forgive me for offending you."

!!

Lin Xiaotian's words did not calm Bai Ze down. Instead, he became even angrier. "Forgive? Damn if I'll forgive you." He really didn't give him any face. He, Bai Ze, had been glorious his entire life. No matter where he went, he was an existence respected by thousands of people.

There was no need for him to give Lin Xiaotian face.

Seeing that the atmosphere was getting more and more anxious, Bai Ze was about to make a move when his father finally spoke. "My son, calm down! I believe there must be a misunderstanding. Since Patriarch Lin is sincerely repentant, why don't you ask Little Friend Ye if he can accept it?"

Patriarch Bai Ze looked at Ye Qiu. In the end, whether this matter could end depended on Ye Qiu's words. However, from beginning to end, he did not say a word and silently watched Bai Ze's performance.

Ye Qiu rubbed his nose in embarrassment. He really did not expect the descendant of the Bai Ze that he had saved out of conscience to admire him so much. He didn't save this underling for nothing. If anything happened, he would really do it. He was too fierce! He liked such unreasonable underlings who were domineering.

He also had a name that belonged to him. It was just that the halo of the descendant of the Bai Ze on him was too dazzling. It was to the extent that the world called him a descendant of the Bai Ze, but they ignored his name, Bai Junlin.

However, it was normal. After all, he was famous for being the descendant of Bai Ze, and the world was familiar with it. Without this name, not many people knew him.

Such things often happened in the Nine Heavens and Ten Lands. For example, the descendants of some powerful Immortal Ancient's ferocious beasts or even the descendants of the Ten Fiends.

Ever since they were born, this halo had accompanied them for their entire lives. It was very difficult for them to leave this halo. And in this world, the only person who could really make a name for herself was Ming Yue! She did not use any help or halo. She only relied on her hands to forcefully create her own legend.

"Haha!" Ye Qiu laughed and slowly walked to Bai Junlin's side. He looked at his domineering underling and felt gratified. "Hmm, not bad, not bad."

Ye Qiu looked at him with admiration. He didn't expect this kid to grow so quickly after not seeing him for a few years. This more or less surprised him.

"Hehe... Big Brother, what are you saying? With you around, I will always be your underling. How would I dare to show off in front of you?" Bai Junlin revealed a simple and honest laugh, feeling a little embarrassed.

Others might not know Ye Qiu's background, but he knew it very well. This guy was a ruthless person who dared to fight Ming Yue head-on. Wasn't it easy to control him? Moreover, Ye Qiu didn't hesitate to waste a drop of Life Liquid to pull him back from the Netherworld.

Bai Junlin had always remembered such kindness in his heart and would never dare to forget it.

As the saying went, a scholar would die for his confidant. From the moment Ye Qiu was willing to take out the Life Liquid to save him, in his heart, Ye Qiu was his forever big brother. He was willing to follow him for the rest of his life to repay Ye Qiu for saving his life.

Ye Qiu smiled in relief when he saw his incomparably sincere gaze. This kid... knew how to repay kindness and was very loyal. With a faint smile, Ye Qiu looked at Patriarch Bai Ze, then looked at Lin Xiaotian and said, "I'll say it again. You withstood my sword, so I can pretend that nothing happened. I, Ye Qiu, have always kept my word! However, it's a different matter altogether if you still want to tangle."

As soon as Ye Qiu said this, the entire place fell strangely silent. Everyone's eyes flickered with surprise, shock, and confusion.

“Ye Qiu! What did he say just now? He said his name is Ye Qiu? Could it be that person from the Heaven Mending Pavilion?”

Everyone was shocked! Only now did they know that the man standing in front of them was called Ye Qiu. The people from the Lin family were even more dumbfounded and revealed fear.

“What! Ye Qiu!” Indeed, at that moment, Lin Xiaotian’s expression changed. He had always wanted to know Ye Qiu’s background, so he had been asking. He wanted to see his background, but Ye Qiu didn’t say anything.

Now that his name was mentioned, Lin Xiaotian was in complete despair! “No... impossible. How can he be Ye Qiu...?”

For a moment, Lin Xiaotian was in a panic. He thought of countless names, but he did not dare to think of this name.

Who was Ye Qiu?

Presumably, these large clans in the Nine Heavens and Ten Lands had long heard of him, but they had never seen him in person. He was the first legendary existence in history to break through the Eleven Heavenly Sanctums in that fully deserving Heaven Mending Holy Land.

It could be said that Ye Qiu’s record was even more terrifying than Ming Yue’s. But he had never walked around the Nine Heavens and Ten Lands, so his reputation wasn’t as resounding as Ming Yue’s.

However, his name had long been circulated among the various large clans. Almost everyone knew him. At some point, the name Ye Qiu seemed to have become the most dazzling existence in the Nine Heavens and Ten Lands. His glory even surpassed that of Ming Yue’s.

When everyone heard Ye Qiu’s cold voice, the entire venue erupted. The people from the Lin family fell into despair. “It’s over! We’re really in trouble this time.”

Be it Lin Xiaotian or Lin Zhongtian, they seemed to have seen their family’s desperate future. For a moment, their hearts were like dead ashes. They knew very well what the name Ye Qiu represented. That was the most dazzling star of this generation, and also a taboo existence.

It was not that he was a dangerous person, but it was because of the person standing behind him, Meng Tianzheng! This name was extremely terrifying! It almost suppressed the entire Nine Heavens and Ten Lands.

Seeing that the atmosphere was getting more and more oppressive, Bai Junlin smiled. He knew that once his big brother’s name was mentioned, it would definitely be like this. He was very proud.

With a clang, under everyone’s confused gazes, they saw Lin Xiaotian, who was very unyielding just now, kneel down uncontrollably. This kneel was not because he was afraid of death, but for the thousands of people in the Lin family, for the future of the Lin family. He believed that if he angered Ye Qiu, the Lin family would really disappear. Because back then, Ming Yue had almost flattened the entire Lin family.

Ming Yue had almost destroyed the Lin family because of Lin Qingyan’s teasing. If Qi Huan hadn’t stopped her in time, the Lin family would have long disappeared.

As the Heaven Mending Deity, Lin Xiaotian firmly believed that Ye Qiu really had the ability.

Chapter 715 Karma Down The Mountain

Lin Xiaotian was afraid! He really did not expect this world to be so small. It wasn't easy for him to appease the Heaven Mending Saintess' anger back then. Now, they had angered the Heaven Mending Deity. His son was actually really awesome.

Good lord, it turned out that this kid was at odds with the Heaven Mending Pavilion. It's fine if he didn't provoke anyone, but once he did, he provoked the most ruthless people. He was too good! With him in the Lin family, there was no need to worry about the family not being destroyed.

At that moment, Lin Xiaotian completely panicked. He knelt down and said, "Lin Xiaotian greets the Heaven Mending Deity! What happened just now was all my Lin family's fault. We offended the Deity. Please don't take offense."

At this moment, dignity was nothing. Lin Xiaotian didn't want to attract the person from the Star Picking Pavilion because of Ye Qiu. At that time, even if his father came out of seclusion, he would be finished.

This was definitely not a joke. Although his father had already broken through to the Dao Sacrificial realm, he was not even qualified to carry his shoes in front of a colossus like the Heaven Mending Pavilion.

It really fulfilled Ye Qiu's words just now. The Lin family didn't even have the qualifications to carry his shoes in front of him.

"Hmph, you know fear now? It's too late." Bai Junlin, who still wanted to show off in front of his brother, said disdainfully when he saw Lin Xiaotian admit defeat. He really wanted Lin Xiaotian to attack. Then, he would destroy the Lin family. This way, he could perform well in front of Ye Qiu. Unfortunately, Lin Xiaotian was not a fool. He only admitted defeat.

Seeing this, Ye Qiu was also amused. He did not expect his name to be so terrifying now.

Yaya was even more dumbfounded. In her heart, her master had always been the gentle and easygoing master. Unexpectedly, her master's name was so terrifying outside. He only mentioned his name, but it actually made a person like Lin Xiaotian kneel?

"Wow... So Master is so powerful. Hehe... Looks like I have to mention my master's name more in the future. Even if I can't defeat the other party, I can scare him to death." Yaya thought to herself and was extremely happy. Her admiration for her master increased. From the looks of it, she also had a backer, and her backer was really awesome. In the future, who would dare to provoke her?

Yaya's thought was right. Her backer was extraordinary, but she had never realized it. For example, the master she admired the most was her strongest backer. If her master was not important enough, there was still a big shot above her master. That guy was scary enough, right?

In other words, as long as Meng Tianzheng supported Ye Qiu, then Yaya would be the person with the strongest background in the world. As long as the name Ye Qiu was mentioned, almost all the immortal holy lands and large clans in the Nine Heavens and Ten Lands had to show some respect for her master.

However, things weren't absolute. The name Ye Qiu could indeed scare some people, but there was also a group of people who didn't fall for it. After all, Ye Qiu had offended many big clans in the Nine Heavens back then and had enemies everywhere. Even if she mentioned his name, it depended on the person. If she said that to the wrong person, she might be critically injured.

Ye Qiu didn't know what his precious disciple was thinking. He looked coldly at Lin Xiaotian, who was kneeling on the ground, and his heart was filled with admiration.

This old kid could submit and stand tall. He was a man with ambition and grand vision. If he didn't have such a scheming son, he would definitely be able to bring the Lin family to glory.

Shaking his head, Ye Qiu didn't have time to continue entangled. He did not want to argue with the Lin family to begin with, but they had been persistent.

Ye Qiu had two goals for going down the mountain this time. The first was to train Yaya and walk a million miles of the trial path to help her grow. The second was to save the Fire Nation and investigate the riots in the Fire Nation.

According to Ye Qiu's plan, they should have arrived at the Fire Nation's palace by now, but they were delayed here for so long because of Lin Qingyan.

"Hmm... Alright, this matter ends here. I don't have time to play with you. Get lost before I change my mind." He said calmly.

Hearing this, Lin Xiaotian wiped the cold sweat off his forehead as if he had been relieved of a heavy burden. He didn't dare to stay any longer, afraid that Ye Qiu would change his mind. "Thank you for not killing me, Deity. I can't thank you enough. We'll leave now." After saying that, he immediately left with the Lin family, not daring to stay any longer.

Although the Lin family had suffered a great humiliation today, in comparison, as long as they could protect the Lin family, this was nothing. Moreover, the person suppressing them was Ye Qiu, not some nameless pawn. This wasn't embarrassing.

After the Lin family left, everyone present looked over with reverence.

"Is this the deterrence of the Heaven Mending Deity? It's indeed terrifying. Just a name alone can make the incomparably arrogant Lin family bend down and kneel. This pressure is even more terrifying than Fairy Ming Yue back then."

"Fortunately, we're not the ones who offended him. Otherwise, we would be the unlucky ones."

Everyone discussed animatedly. At this moment, the wasteland seemed especially lively. The news of Ye Qiu appearing in the Fire Nation's territory quickly spread.

What Ye Qiu didn't know was that the moment his traces were exposed, it attracted the attention of many people in the Nine Heavens. For example, a Dao Sacrificial expert from Mount Yao, or that old monster from the Yu Clan, and... the White Tiger from Mount Li, Li Tian.

These people hated Ye Qiu to the bone. Ye Qiu's traces appeared outside the Heaven Mending Pavilion and instantly attracted their attention. Unfortunately, Ye Qiu didn't care about these things at all. This

was because he had come down the mountain for them. Even if they didn't look for Ye Qiu, Ye Qiu would personally look for them.

"Big Brother, I missed you so much." While Ye Qiu was still thinking about his next plan, Bai Junlin suddenly said excitedly.

Ye Qiu's expression changed when he saw that he was about to pounce on him. "Get lost!" His mouth twitched as he broke out in a cold sweat. He was speechless as he looked at his incomparably huge body.

"Hehe," Bai Junlin was not angry. Instead, he continued with a smile, "By the way, Big Brother, shouldn't you be on the divine mountain? Why did you suddenly go down the mountain? Could it be that Senior Meng asked you to go down the mountain to investigate the chaos of the Fire Nation?"

After a casual chat, Bai Junlin asked Ye Qiu why he was here. He was very curious.

Seeing that he was so concerned about his matters, Ye Qiu didn't hide anything and said, "To be honest, I have some karma with the chaos in the Fire Nation this time. Therefore, I came this time to investigate this matter."

"Oh? What karma?" Hearing this, Patriarch Bai Ze's interest was piqued.

Ye Qiu shook his head and called Yaya over. "This girl is my little disciple, Jiang Yaya! The only daughter of the current Fire Nation's Fire Sovereign."

Hearing Ye Qiu's introduction, Patriarch Bai Ze instantly understood something. Ye Qiu was here for his little disciple. He couldn't help but feel envious for Yaya. This girl was really lucky to have such a good master.

If it were an ordinary person, they would probably not care about such matters at all. They were afraid that they would be embroiled in karma and would not be able to leave. But Ye Qiu didn't. Instead, he personally went down the mountain and brought her back to investigate.

Chapter 716 Secret

After hearing Ye Qiu's explanation, Bai Junlin came to a realization and nodded. "I see! In that case, Big Brother went down the mountain this time for the Fire Nation." After pondering for a long time, Bai Junlin slowed down and continued, "I have some understanding of this matter."

As soon as these words were spoken, Ye Qiu instantly looked over. Yaya also looked over curiously. They had just left the mountain and were not very clear about the current situation in the Fire Nation. They only knew that many unfamiliar faces had appeared on this once destroyed battlefield ruin.

Many of these people were disciples of the various large families in the Nine Heavens and Ten Lands, as well as some young geniuses from immortal holy lands. It could be said that there were all kinds of people. It was impossible to tell who was here to help and who was here to cause trouble.

Moreover, Ye Qiu had speculated from the beginning that these people were all people who didn't get up early without benefits. There must be some great benefits to be able to make them come in such a big group. It was very useful to them. Every time there was chaos, there would be an immortal encounter! This had almost become a pattern.

Therefore, Ye Qiu deduced that things weren't that simple.

"Let's see. What do you think?" Ye Qiu asked. He wanted to hear Bai Junlin's thoughts and see if he could obtain any useful information.

After obtaining Ye Qiu's permission, Bai Junlin immediately said, "Big Brother, this matter happened about three months ago. That day, I was comprehending the Dao in the Dream Clouds Mountain. At dawn, I suddenly felt a very evil aura appear in the southeast.

"This aura is extremely evil. All these years, I've passed through many forbidden areas, but I've never seen such a terrifying aura. In less than an hour, a million miles of the Fire Nation was ignited.

"At that time, I thought that someone was competing and didn't take it to heart. But when I realized that the situation was wrong, it was too late. I still vaguely remember the scene I saw when I rushed to the center of the fire. That scene... I'm afraid I'll never forget it in my life."

"What a scene!" As soon as these words were spoken, Ye Qiu's expression instantly became serious, and his gaze was incomparably cold.

Bai Junlin's heart trembled. He still had lingering fear when he thought of the scene back then.

"Phew," Taking a deep breath, Bai Junlin said, "What I see is a mass grave with rivers of blood and mountains of corpses. Those innocent people who died were sucked dry of their blood essence. They were covered in bones and had incomparably painful expressions as they lay in mountains of corpses and seas of blood.

"I can imagine how desperate they were the moment before they died. That oppressive feeling is indescribable. Even I, who is knowledgeable, can't help but feel nauseous after seeing that scene for the first time. The stench that filled the sky could not be covered by a fire."

Ye Qiu fell into deep thought as he listened to Bai Junlin speak. He had most likely imagined that scene from Bai Junlin's descriptions and details.

"Drained of blood essence?" Ye Qiu muttered to himself thoughtfully. When Yaya heard this, her face turned incomparably pale. She looked at her master and felt incomparably tormented because those who had died were all innocent citizens of her Fire Nation.

Yaya found it difficult to accept such a thing. When she thought of how her father was seriously injured and was still recuperating in the palace, she felt even more worried and afraid. "Master, what should we do now?" She no longer had her propriety. After all, it was difficult for her to withstand such a mental impact at her age. Not to mention her, even Bai Junlin was shocked.

Ye Qiu could understand this feeling. He comforted her and said, "I know what I'm doing. It'll be fine."

After saying that, Ye Qiu fell into deep thought. He looked up at the entire wasteland. He could already determine that from the tragic situation that Bai Junlin had just described, the only thing in this world that could do this and match this habit was the demon seed.

Yes!

The demon seed was back...

Ye Qiu was almost certain that the expelled demon seeds had returned with the anger of revenge. Thinking of this, his expression was very ugly because he had fought with the demon seed before and knew how terrifying they were.

They originally had astonishing regenerative abilities. Coupled with that terrifying devouring ability, their growth speed was extremely terrifying.

In the previous chaos, almost millions of people had died in the Fire Nation's domain. This was not a small number. If all the blood essence was gathered on a person, it would definitely be an incomparably terrifying colossus.

For a moment, the pressure suddenly assaulted him. Ye Qiu had never felt such a sense of danger.

"Phew... Looks like I have to get serious this time." Ye Qiu took a deep breath and exhaled. His eyes became solemn. He knew very well that this was definitely not a coincidence since the demon seed could unknowingly enter the Nine Heavens and Ten Lands without alerting anyone.

Someone had secretly planned and helped. Once this matter was investigated thoroughly, more people would definitely be involved. Moreover, they would definitely be able to find a huge monster.

Things seemed to have become more and more exciting! Ye Qiu really didn't dare to think about what kind of terrifying existence was hidden behind all these secrets. He wondered if the old man could withstand it.

Before leaving the mountain, Ye Qiu received the old man's signal to investigate. But now, Ye Qiu hesitated.

Seeing that Ye Qiu was silent, Bai Junlin watched silently. He knew that his brother was thinking about something and didn't disturb him. After an unknown period of time, Patriarch Bai Ze, who had been silent, spoke. "Young friend Ye Qiu, instead of thinking here, why don't you enter the Fire Domain to take a look? Perhaps... the Fire Sovereign can answer the doubts in your heart."

This suggestion reminded Ye Qiu. That's right, he was originally going to visit the Fire Sovereign. Now, he could use this opportunity to ask him for some information.

"Thank you for your reminder, Senior. I'll go now." Ye Qiu cupped his hands in thanks and prepared to leave.

Bai Junlin hesitated for a moment and turned around to look at his father. His father did not stop him and let him make his own decisions. Bai Junlin was delighted and hurriedly said, "Big Brother, I'll go with you."

"Hmm? Kid, you have to think carefully. The karma involved is huge. No one wants to be involved. Don't be stupid."

Ye Qiu didn't know whether to laugh or cry. He wanted to dissuade him, but he didn't expect him to slap his chest and say very loyally, "Big Brother, what are you saying? You gave me my life. I don't care if it's a mountain of blades or a sea of flames. I only know that I'll hit whoever Big Brother wants me to hit, no matter what kind of monster he is."

qwre32r

Hearing this, Ye Qiu immediately smiled. He didn't save this underling for nothing. If there was anything, he would really help.

Good, good...

Chapter 717 Crisis Of The Fire Nation

"Haha, alright. I'll acknowledge you as my brother just based on your words." Ye Qiu laughed and agreed.

Hearing this, Bai Junlin was even happier. "Hehe, Big Brother! Don't worry, from now on, I definitely won't go west if you ask me to go east. Let me take the lead for Big Brother. I want to see what kind of monster is causing chaos in the world." Bai Junlin was in high spirits and incomparably confident.

The few of them bid farewell to Patriarch Bai Ze and quickly stepped onto the path to the Fire Domain. Along the way, Ye Qiu saw many different living beings and some acquaintances. For example, the opponents he had once beaten up in the Crimson Dragon Mountain Range. Unfortunately, Ye Qiu was in Qi Wuhui's image at that time, so they couldn't recognize Ye Qiu at all.

"Master, this is the Fire Nation's Imperial Palace." Arriving at a glorious and domineering ancient city that emitted raging flames everywhere, Yaya introduced excitedly.

This was her home, the home she had lived in since she was young. This was the first time she had returned home since she became his disciple. She couldn't help but feel a little excited. Along the way, she kept introducing some of the Fire Domain's achievements and legends.

Ye Qiu couldn't help but frown as he looked at the heavily guarded and patrolling palace. To be able to make the Jiang Clan of the Fire Nation so vigilant, the impact this time must be quite great.

After a short observation, Ye Qiu had already sensed a few incomparably sharp gazes in the palace. Their restrained aura was hidden very well, but Ye Qiu still felt it. "Heavenly Venerate expert? Hmm... Looks like the Fire Nation has indeed suffered an incomparably heavy blow this time. Otherwise, they wouldn't be so strict. The entire country is tense and prepared for a war at any time."

Ye Qiu gestured for Yaya to negotiate and let them enter the palace. Although he could barge in at will with his strength, there was no need. This was because he was here as a guest. There was no need to be so rude.

After receiving her master's signal, Yaya hurriedly walked forward and negotiated with the guards guarding the door.

Unexpectedly, as soon as she took a step forward, the guard in front of her instantly locked his cold gaze on her. He instantly picked up his weapon and berated, "Forbidden area of the palace, idlers, stop!"

Because of the long period of nervousness, these guards became incomparably serious. No matter who it was, they ordered them to retreat. Seeing this, Yaya frowned. She was clearly shocked by the killing intent just now and immediately took out her princess token. "Impudent! Open the door!"

The moment the princess token appeared, the expressions of all the guards present changed. Although they had just been transferred to guard the door, they still recognized this token of the Jiang Clan.

Yaya's piece was the Jiang Clan's princess token.

Seeing the token, the expressions of all the guards instantly changed. They bowed in unison and said, "Greetings, Your Highness! During a special period, we were also under orders. Please forgive us for offending you just now." The officer in the lead apologized. Then, he turned around and said to the guard behind him, "Open the door!"

As soon as he finished speaking, the glorious door instantly opened. Yaya did not argue with them. She was not so petty, she was also impressed by their actions. After all, they were all working for the Fire Nation and were loyal and responsible. There were no mistakes.

"Master, let's go in." Yaya turned around and said to Ye Qiu. She couldn't help but worry about her father's situation when she saw how nervous these guards were. After all, she had never seen such a serious scene in the Fire Nation.

There must have been a huge change in the palace, which caused such a reaction. And the only person who could cause such a change was her father.

Ye Qiu could tell too. He turned around and looked at Bai Junlin. They silently followed Yaya into the palace.

"Big Brother, from the looks of it, this Fire Sovereign must be seriously injured. The entire country is so tense. Could it be that... there's a coup?" Bai Junlin was a little suspicious. Although he was far away from the mortal world, it did not mean that he did not understand these things.

Ye Qiu was also deep in thought. Bai Junlin's words were just as he had guessed. "Well, we'll know after we go in and take a look."

As they walked towards the glorious hall, a soldier led the way. He didn't bring Ye Qiu and the others to the Righteous Hall. Instead, he went to the Grand Peace Hall.

When Ye Qiu saw the words "Grand Peace Hall" written on the plaque, he immediately understood that this Fire Sovereign must be on the verge of death. He arrived in front of the Grand Peace Hall. There were thousands of people crowded in front of the hall. They were at a loss and guarded the door, not knowing what to do.

"What should I do, what should I do!" A handsome young man with an extraordinary temperament paced back and forth in front of the hall, his face filled with worry.

"Big Brother, a few days ago, I've already sent someone to Heavenly Saint Mountain to tell Aunt what happened at home, but I haven't seen her return. In the current situation, Father is seriously injured and can't get up. My Fire Nation is in danger and the country can't be without a master for a day. As the Crown Prince, you should take on this heavy responsibility and lead the overall situation." Looking at his big brother, Jiang Ming, in front of him, Jiang Tao said sincerely, praying that the Crown Prince would take over and lead the overall situation.

When Jiang Ming heard this, it was as if a mountain was pressing down on his shoulders. He was still so young, so how could he withstand such pressure? However, when he turned around and looked at his brother and the princes behind him, Jiang Ming had no choice but to silently bear all of this.

He was the eldest son and the Crown Prince! He had to bear all of this when the Fire Nation was in trouble. At this moment, Jiang Ming's heart was incomparably heavy. He kept praying in his heart that his aunt would return from Heavenly Saint Mountain as soon as possible.

Only then would he have a backbone! However, Jiang Ling'er had been in seclusion since she returned to the Heavenly Saint Mountain after suffering a setback in the Heaven Mending Holy Land.

She had no idea what was happening in the Fire Nation. She could only let Jiang Ming bear this life and death situation alone.

At this moment, Jiang Ming's heart was incomparably haggard. He missed his father in the Grand Peace Hall and was worried that the citizens of the Fire Nation were suffering from purgatory outside the Fire Domain.

"Your Highness, Her Highness is back." At this moment, a voice came from outside.

When Jiang Ming heard that the princess had returned, his despairing heart seemed to have aroused hope and he was overjoyed. "Aunt is back?"

He couldn't believe it. There were only two princesses in the Fire Nation. One was the Eldest Princess, Jiang Ling'er, and the other was Jiang Yaya, their biological sister.

When they heard that the princess was back, they almost didn't think about Yaya. They thought that Jiang Ling'er was back. Immediately, everyone was overjoyed and welcomed her out of the hall.

"Quick, invite Aunt in to take charge of the situation." Jiang Ming called out loudly. The princes immediately reacted and were about to go out to welcome her. Unexpectedly, the person who walked in was not Jiang Ling'er, but a slightly tender Jiang Yaya in a red robe.

Chapter 718 Demon Seed Curse

"Yaya!" When Jiang Ming saw that the person who entered was not Jiang Ling'er, but Jiang Yaya, disappointment flashed across his eyes. He originally thought that it was his aunt who came back this time. He did not expect it to be Yaya.

The great sorrow after the great joy made the atmosphere very oppressive. Yaya could also feel that they were very disappointed, but there was nothing she could do. After all, in their hearts, she was just a little girl who had yet to grow up.

"Yaya, why are you back? I remember that I didn't send anyone to the Heaven Mending Holy Land to send you news." Jiang Ming asked curiously as he looked at Yaya, who was looking at the closed door with concern.

Yaya turned around and looked at him. Her eyes were red from crying. She had roughly guessed that her father, who doted on her the most, was already in danger. "Why? Why didn't you tell me? If I hadn't heard this news from someone else, would you have planned to hide it from me for the rest of your lives?"

Yaya lost control of her emotions and accused her brother, the current Crown Prince of Fire Nation.

“Yaya, you’ve misunderstood me. It’s just that this change came in a hurry. I was afraid that it would affect your cultivation on the mountain, so I didn’t plan to tell you so quickly. I wanted to tell you after all this storm passed.” The Second Prince, Jiang Yue, explained for Jiang Ming, but Yaya did not buy it at all.

Looking at the people arguing in front of them, Ye Qiu and Bai Junlin looked at each other in silence.

“Hmm?” As he waited silently, Bai Junlin’s nose twitched, as if he had smelled something strange. He hurriedly asked, “Big Brother, do you feel a very evil aura?”

“Evil aura?” Ye Qiu was stunned when he heard this. He hurriedly calmed down and carefully felt it. As expected, after immersing himself, he quickly captured this aura. The source was the closed door.

After sensing this aura, Ye Qiu’s expression instantly changed. “Demon seed curse! Good lord... He’s so ruthless.”

Ye Qiu understood the true reason why the Fire Sovereign was tortured to the point where he was better off dead. It turned out that he had been cursed by a demon seed and a demon root had been planted in his body. It kept craving his essence energy, causing him to slowly die in pain.

Thinking of this, Ye Qiu’s heart turned cold. Who was this person to be so vicious?

Ye Qiu slowly opened his Heavenly Eye and silently examined everyone around him. He didn’t find anything unusual. However, he felt that there were a few faintly discernible auras in the hall. They must be some experts in the palace healing the Fire Sovereign.

Just as Ye Qiu was still puzzled, the closed door slowly opened. A white-haired old man walked out. He looked haggard as he shook his head and sighed. “Sigh...”

Seeing this scene, everyone present panicked. Jiang Ming hurriedly walked up and asked, “Mr. Qi, how are my father’s injuries? Have they improved?”

When Mr. Qi heard this, he looked at everyone with a haggard expression and shook his head. “I... did my best. The injuries that the Fire Sovereign suffered are extremely strange. Even with my cultivation, I’m helpless. You... should find another expert.”

qwre32r

Mr. Qi’s real name was Qi Daolin. He was a recluse in the Valley of the Medicine Masters in the north of the Fire Domain. His cultivation level was not high, only at the Perfected Immortal realm, but his medical skills were extremely brilliant, and he was known for his miraculous recovery.

All these years, famous clans within a hundred miles respected him extremely. He could be considered a respected sage. However, after several days of bitter treatment, it was still fruitless and he could only give up helplessly.

The injuries that the Fire Sovereign had suffered had already exceeded his expectations. Even if Qi Daolin wanted to save him, he was helpless.

When everyone heard Mr. Qi’s words, their mood instantly fell to rock bottom.

“Even Mr. Qi can’t cure Father’s illness?” At this moment, Jiang Ming was in a daze. His eyes were dim and grief and indignation surged into his heart. He found it difficult to accept this reality. “Even Mr. Qi can’t treat Father’s illness. Who in the world can treat him? Could it be that my Fire Nation is destined to decline here?”

Everyone’s mood was low and they fell into a dead silence. Right now, the wind and clouds outside the palace were changing, and undercurrents were surging. The inside of the palace was also overturned, and there were huge changes.

If the Fire Sovereign died, the following scene would definitely cause a mutiny and an imbalance in power. If the Crown Prince was unable to control the situation, then, the factions under the Fire Nation would take advantage of the chaos to start seizing power.

Mr. Qi couldn’t bear to see everyone in low spirits. How could he not understand the situation that the Fire Nation was currently in? Shaking his head, Mr. Qi said, “If there’s anyone in this world who can save your father, then there might only be that person left.”

“Who is it!” Hearing this, Yaya seemed to have woken up from a dream, as if she had seen hope.

Mr. Qi’s eyes were empty as he said, “In this world, only that person from the Heaven Mending Pavilion, Senior Meng.”

As soon as these words were spoken, Yaya’s heart trembled. Everyone present trembled and fell into a daze. “Senior Meng?”

Yes, they all knew Meng Tianzheng. Almost everyone in the Nine Heavens and Ten Lands knew Meng Tianzheng’s reputation. However, a respected senior expert like Meng Tianzheng had long secluded himself from the mortal world for many years.

How could he specially go down the mountain for a small Fire Nation? This was almost unrealistic. The Fire Nation did not have that much reputation.

Seeing their disappointed expressions, Mr. Qi comforted them, “You don’t have to worry. I once heard that Senior Meng has a beloved disciple who has extraordinary ability to save all living beings from trouble. Perhaps, if you can invite him, your father can still be saved.”

As soon as these words were spoken, everyone’s hopes were instantly ignited.

“What! Senior Meng’s beloved disciple? Who is it?”

At this moment, everyone was stunned. Why hadn’t they heard that Meng Tianzheng had a disciple? They weren’t the only ones who were stunned. Even Yaya was stunned. She was a disciple of the Heaven Mending Pavilion. Even she had never heard of this.

Compared to their confusion, Ye Qiu was stunned. When Bai Junlin heard this, he revealed a proud expression. “Hehe, I knew it. If I follow Big Brother, it’ll be useful no matter where I go.” Bai Junlin chuckled. He had roughly guessed who the person Mr. Qi was talking about was. Who else could it be? Wasn’t it the Heaven Mending Deity beside him?

As expected, seeing that everyone was so confused, Mr. Qi continued, “I once heard that a few years ago, there was an intense battle in the Crimson Dragon Mountain Range. In that huge battle, hundreds

of geniuses from the Nine Heavens and Ten Lands surrounded the demon, Qi Wuhui. However, all of them were buried under the demon's sword and died young.

"Later on, a person passed by and couldn't bear to see the sorrow of the world. He used the miraculous method of reviving the dead to save thousands of lonely souls and all living beings."

Chapter 719 That's Right, It's Me, It's Me

Hearing Qi Daolin's words, everyone was shocked. They did not expect such a person to exist in the Nine Heavens and Ten Lands. He could even save someone who had already died. What kind of great divine power was this?

At this moment, everyone from the Jiang Dynasty was shocked and revealed looks of disbelief.

"This... How is this possible? Mr. Qi, does the expert you mentioned really have the ability to revive the dead?" Jiang Ming asked in disbelief.

Mr. Qi smiled and said confidently, "Of course. The world is huge, and there are many great divine powers. What we've seen and understood is only the tip of the iceberg. In places we can see and not see, even more mysterious things can happen. If you can find this person, perhaps your father can escape his suffering."

!!

Hearing Mr. Qi's words, everyone seemed to have hope reignited in their hearts. Yaya was even more excited because the person Mr. Qi was talking about her Heaven Mending Pavilion. "Sir, what's the name of the person you're talking about? Where does he live?"

Bai Junlin couldn't help but roll his eyes when he heard this. He whispered, "Big Brother, is she really your disciple? Why didn't she even know your heroic deeds?"

The corner of Ye Qiu's mouth twitched as he sweated. "Get lost! Do you think I'm like you who spreads how awesome you are every time you do something, as if you're afraid that the entire world doesn't know."

"Hehe... Of course. Why else would I do that? Isn't it just to be famous and have a good time? Big Brother, you don't know how awesome it feels to be famous! That feeling of walking on the path and everyone in the world looking at you with admiration, and thousands of women wishing they could throw themselves at you. That feeling is... awesome." Bai Junlin was not ashamed. Instead, he was very proud.

Ye Qiu shook his head when he saw his serious expression. He didn't know whether to laugh or cry. This kid didn't hide anything at all. He bragged, and was very straightforward, and very real. According to his philosophy, he would be an idiot not to show off. No matter what he did, he only had one goal, and that was to show off.

Otherwise, why would I do those things? Why would I cause trouble for no reason and let myself suffer losses?

Thinking about it this way, it made sense.

Although Ye Qiu had wasted a drop of Life Liquid back then, the benefits it brought were huge. Not to mention the treasures given by the various Patriarchs back then, Ye Qiu's current reputation and heroic deeds had already spread to the various capitals and corners of the stone well.

Even an expert like Qi Daolin knew Ye Qiu's heroic deeds back then. Its influence was indeed very great!

Ye Qiu was very surprised. Back then, he only saved those people out of guilt. He didn't expect them to bring him so many benefits.

Thinking of this, Ye Qiu smiled. "Hehe, this feeling is indeed not bad. Unfortunately, I've wronged you, Senior Brother Qi. I'll be this good person. I can only wrong you to continue being this demon."

Poor Qi Wuhui. He still didn't know that he had been tricked by Ye Qiu. Ye Qiu took on all the good reputations and became a hero. He let Qi Wuhui bear the infamy of being a killing demon alone. The problem was that he didn't know yet.

Seeing that Yaya was asking so anxiously, Mr. Qi even kept her in suspense and was not in a hurry to tell her. This made everyone present anxious.

"Sir, tell me quickly. I'm so anxious." Jiang Yue looked impatient and couldn't help but ask.

"That's right. Who is this person?"

qwre32r

Looking at everyone's anxious expressions, Mr. Qi smiled and said, "This person is the Heaven Mending Deva of the Heaven Mending Pavilion, Ye Qiu."

As soon as these words were spoken, the crowd instantly erupted. Yaya was even more stunned.

"Ye Qiu! Is that the Heaven Mending Deity, Ye Qiu, who has been in the limelight recently and is known to be able to compete with Ming Yue?"

As soon as Mr. Qi said this, the entire place instantly erupted.

Everyone couldn't believe it. They were incomparably familiar with the name Ye Qiu.

They had never seen him before, but his legendary deeds had long spread throughout the entire Nine Heavens and Ten Lands. It's actually him! Rumor has it that this person once broke through the Eleven Heavenly Sanctums, broke the legendary record, and stood proudly on his own.

"Among his peers, he even looked down on all living beings. I didn't expect such a dazzling person to have the ability to revive the dead." Jiang Ming commented in disbelief. The world only knew that Ye Qiu's strength was extraordinary and he suppressed the crowd. His talent was astonishing. However, he did not know that he had such a heaven-defying ability to revive people.

At this point, everyone became excited. No matter what, they had to invite such a talented person back to treat their father. They were willing to pay any price!

"Yaya, aren't you a disciple of the Heaven Mending Pavilion? I believe you know this person, right? Do you think we can invite him back to the palace to treat Father? Feel free to state any conditions. As long

as we can do it, we can satisfy him.” At this moment, Jiang Ming was incomparably excited. He pulled Yaya and was about to ask when he asked her anxiously.

When Yaya heard this, she turned around and looked at her master in embarrassment. At this moment, she was completely stunned. She had been looking for the expert for a long time, but she never thought that this expert was actually her master.

The most awkward thing was that she had asked who the expert was for a long time, but she did not know that in the hearts of others, the high and mighty expert had been silently standing behind her.

Yaya was very embarrassed. As his disciple, she actually didn’t know anything about her master. She still had to hear these things from others. When she thought of her actions just now, she suddenly did not dare to face her master.

The corner of Yaya’s mouth twitched in the face of her brother’s question. She said embarrassedly, “Alright, I do know him, and I’m very familiar with him.”

As soon as these words were spoken, everyone was delighted.

“Really? Jiang Ming slapped his thigh and said, “That’s great. I’ve long heard that you’re doing very well in the Heaven Mending Holy Land. Last time Aunt came back, she told us not to worry about you. At first, I didn’t believe it. Now, I believe it. You even know the Heaven Mending Deity. You must be doing better than us.”

Everyone was even more delighted. Jiang Yue went straight to the point and said, “Yaya, we’ll talk about other things in the future. Do you think you can invite this expert back? This is our begging. As long as you can cure Father, we’ll agree to anything.” Since they had seen hope, how could everyone let it go?

Yaya felt a little embarrassed. She turned around and looked at her master. She pouted as if she was admitting his mistake. After hesitating for a while, Yaya finally admitted defeat and said, “There’s no need to invite him. He’s in the palace now.”

“What!”

As soon as these words were spoken, the entire place fell silent. Ye Qiu was in the palace? For a moment, everyone was stunned.

Seeing this scene, Ye Qiu smiled unkindly. Hehe, wasn’t this the chance to show off? As expected, opportunities were reserved for those who were prepared, and I happened to be sufficiently prepared.

“Ahem... There’s no need to look. That’s right, it’s me, it’s me.”

Chapter 720 Move Aside, I’m Going to Brag

Although he thought so, Ye Qiu was still very calm. How could he say what was on his mind? He had to pay attention to his image. This was a good virtue of showing off.

As soon as Yaya said this, the entire Grand Peace Hall fell silent.

“Yaya, are you joking with us? Is this expert from the Heaven Mending Pavilion really in our palace?” Jiang Ming’s expression changed. They actually didn’t know that such a legendary figure was in his Fire Nation’s palace.

Not only him, but even Mr. Qi’s heart trembled. He had long wanted to see this legendary expert.

!!

Seeing that everyone was looking at her, Yaya felt a little embarrassed and smiled awkwardly. She turned around and looked at her master for help. “Master... look...” She stammered, not knowing what to say. She felt a little awkward.

Seeing her like this, Ye Qiu shook his head and didn’t know whether to laugh or cry. This little girl could be so shy. At this time, she should loudly tell them how awesome their master was. Sigh, her performance has disappointed him.

“Ahem,” Just as Ye Qiu was about to expose his identity, Bai Junlin couldn’t sit still anymore. His expression seemed to be saying: Move aside, I’m going to brag.

It was said that opportunities were reserved for prepared people. Coincidentally, he was already prepared and seized the opportunity. He walked out proudly and looked down at everyone in front of everyone’s terrified gazes.

“Descendant of Bai Ze!”

At this moment, everyone realized that Bai Junlin had been silently standing behind and were... shocked. No one expected the descendant of the Immortal Ancient’s great ferocious beast in this small palace.

qwre32r

“Big Brother, when did he come?”

“Heavens, isn’t this descendant of the Bai Ze who has been in the limelight recently?”

Everyone was shocked, and the faces of Jiang Yue and the others turned pale. However, Bai Junlin did not take their performance to heart at all. Because he deeply understood that his reputation was nothing compared to his brother.

The true beauty was yet to come.

“Hehe... I finally got the chance to show off today.” Bai Junlin seemed especially excited as he thought to himself. He said in an extremely arrogant tone, “You little dregs, my brother has been here for so long, but no one welcomes him. There’s not even a cup of tea. Is this how the Fire Nation treats guests? How dare you!”

As soon as these words were spoken, the might of a Heavenly Venerate instantly erupted. The entire palace trembled. A shocking might instantly crushed down, and everyone’s expressions instantly changed.

Swish, swish...

The moment Bai Junlin's aura was exposed, dozens of figures surged out of the hall and quickly shuttled through the palace. "Who dares to break the rules in the palace!" In the next second, a white-haired old man appeared in front of the Grand Peace Hall.

"Third Granduncle!" Seeing the old man arrive, Jiang Ming and the others hurriedly went forward to greet him.

This person was none other than one of the few Heavenly Venerate experts in the Fire Nation, the Third Granduncle that Jiang Ming and the others respected, Jiang Tao. Jiang Tao was highly respected in the Fire Nation. Other than the Fire Sovereign, he could be said to be the person with the highest status and power. All these years, he had been supporting the Fire Sovereign to govern the country. It could be said that he had worked hard.

All the juniors present respected him.

The moment Jiang Tao appeared, Ye Qiu frowned and fell into deep thought. "Hmm, looks like he's one of the Heavenly Venerate experts hidden in the hall just now."

After Jiang Tao appeared, Bai Junlin looked at him disdainfully. "Heavenly Venerate expert? Hmm... you're quite capable of talking to me."

Jiang Tao's expression turned a little ugly. No matter what, he was still an old Heavenly Venerate who had been in a high position for a long time. He was actually looked down on by Bai Junlin. No one could withstand such humiliation.

However, Jiang Tao endured it considering the situation that the Fire Nation was facing. He knew very well that the descendant of the Bai Ze in front of him was very strong and had a huge background. If he angered him, he might really overturn the entire palace.

Thinking of this, Jiang Tao suppressed the anger in his heart and asked with doubt, "Young Master Bai suddenly visited the Fire Nation today. I apologize for not welcoming you early." Jiang Tao first apologized and asked curiously, "May I know why Young Master Bai is visiting today? If any of the juniors in my clan are insensible and anger Young Master Bai, I will apologize to you here."

Jiang Tao couldn't guess Bai Ze's intentions for a moment and was puzzled. From what he knew, their Heavenly Fire Clan seemed to have nothing to do with the Bai Ze Clan, right? How could he have nothing to do and come to the Fire Nation's palace?

Jiang Tao was a cautious person and did not want to offend Bai Junlin. After all, this guy was famous for being violent. Angering him would only make the situation in the Fire Nation even more cruel.

Seeing that Jiang Tao was so polite, Bai Junlin chuckled. He felt extremely comfortable and found this old man much more pleasing to the eye.

If it was in the past, he wouldn't even want to look at the other party. However, no matter what, he still had to give him face today. After all, this was Ye Qiu's precious disciple's family. If he caused trouble, wouldn't he be disrespecting Ye Qiu?

He didn't dare.

“Hehe, no. None of you provoked me. Today, I’m just accompanying Big Brother to the Fire Nation’s palace to take a look at the Fire Sovereign’s injuries.”

Jiang Tao’s expression instantly changed.

“Big Brother?”

“What! This guy actually has a big brother?”

The expressions of everyone present changed. Everyone knew that Bai Junlin was famous for being arrogant and looking down on the world. It was already an extremely high honor to be regarded as his opponent. However, no one expected that there would be someone who could subdue him and take him in as his underling.

What kind of ruthless person was this? Even such an Immortal Ancient’s ferocious descendant was willing to become his loyal follower?

For a moment, everyone was shocked. Jiang Tao even looked over in disbelief. “May I ask who your brother is?” With a trembling tone, Jiang Tao really wanted to know what kind of ruthless person could subdue this proud Bai Ze.

Seeing that everyone was looking over, Bai Junlin raised his head and puffed out his chest. He turned around proudly and pointed at Ye Qiu. He said proudly, “This is my big brother, the Heaven Mending Deity, Ye Qiu!”

As soon as these words were spoken, the scene seemed to have exploded.

Jiang Ming exclaimed, “What! He’s Ye Qiu! This... How is this possible? He’s really in my Fire Nation’s palace.”

The entire venue erupted. No one dared to believe that this famous legendary figure who had created countless legends was really in their palace. The scene was silent. At this moment, Jiang Yue seemed to have thought of something and suddenly woke up. “Yaya, is this your master?”

Yes, he remembered that Yaya seemed to have called him Master just now.
