

## The Most 721

### Chapter 721 It's All Fleeting Clouds

As soon as these words were spoken, Jiang Ming and the others looked over in fear. They could not believe that their sister was actually the beloved disciple of the legendary Heaven Mending Deity.

What was going on? Didn't they say that her aptitude was average and that it was already very difficult for her to pass the entrance test of the Heaven Mending Pavilion? Why did she acknowledge Ye Qiu as her master?

Jiang Ming was completely stunned, and the elders who sent Yaya up the mountain were even more dumbfounded. Perhaps in their hearts, it was already very difficult for Yaya to barely enter the Heaven Mending Holy Land. They did not dare to think about what she could do inside.

However, no one expected her performance to exceed everyone's expectations. Not only did she successfully acknowledge a talented master, but he was also the most orthodox one.

"Oh my god, amazing, amazing!"

"This is Senior Meng's proudest disciple. He has the orthodox instructions. His future is limitless."

For a moment, everyone present discussed. Seeing this scene, Yaya couldn't help but feel a trace of pride. This was the first time she was proud of her sect. She was very happy and secretly delighted. She didn't expect her master to have such a huge influence on the outside world. Just the title of Ye Qiu's disciple was enough for her to obtain the admiration of many people.

Yaya replied proudly, "Second Brother, this is Yaya's master."

Everyone's expressions changed after hearing Yaya's answer. Jiang Ming seemed to have seen hope. He instantly half-knelt and gave the highest respect. He said, "Heavenly Fire Clan's eldest son, Jiang Ming! Greetings, Senior."

As soon as he bowed, the brothers beside him hurriedly reacted. According to traditional etiquette, they were all Ye Qiu's juniors. This was because Ye Qiu was Yaya's master. In name, one master was half a father. They were Yaya's brothers, so they were equivalent to Ye Qiu's nephews.

Of course, this was only a traditional saying. Some people obeyed, while others did not. It all depended on whether the other party was powerful, and Ye Qiu happened to match this point.

Seeing this, Ye Qiu couldn't continue to stay low. Bai Junlin had already bragged, so he had nothing to brag about.

"Get up!" Ye Qiu smiled calmly and gently raised his hand. A peaceful power instantly lifted everyone up. He was not that particular. He had never taken these secular etiquettes seriously.

"You're the Heaven Mending Deity, Ye Qiu, Divine Doctor Ye?" Just as Ye Qiu was about to say a few polite words to Jiang Ming and the others, Mr. Qi walked up excitedly. His eyes were incomparably excited, as if he was a studious person who had seen his idol. "Heavens, I didn't expect you to have such outstanding medical skills at such a young age. I've finally seen a living person."

Mr. Qi was so excited that he almost knelt down to acknowledge him as his master.

Ye Qiu hurriedly supported him and said humbly, "Old mister, there's no need to be humble. Those rumors are just fleeting clouds. How could I dare to call myself a divine doctor? I still have to ask you for guidance in this aspect."

Hearing Ye Qiu's humble words, Mr. Qi became even more certain that Ye Qiu was an out-and-out expert. "Humble! Too humble! In the past, the divine doctor miraculously saved hundreds of living beings. It could be said to be earth-shattering and shocking history. To this day, your legend is still circulating in the world. I have no regrets in my life after seeing you today." Mr. Qi said with incomparable respect. He had admired experts all his life, especially experts in his field. And Ye Qiu happened to be an outstanding person in this aspect.

Ye Qiu felt a little embarrassed when he saw how much he admired him. To be honest, did he know medicine? It didn't seem like it. He was easily saved with just a little precious medicine.

"Haha... Old Mister, you flatter me. What right do I have to call myself an expert? It's all fleeting clouds."

Ye Qiu felt extremely good, but he remained calm on the surface. Ah... Why did he suddenly feel refreshed? It was as if he was about to ascend to the heavens. Ye Qiu suddenly felt that this familiar feeling had become unfamiliar.

Jiang Ming and the others were even more convinced that this person was the only person who could save their father.

Jiang Ming gestured to Yaya and immediately said, "Senior, my father is seriously injured and can't get up. My Fire Nation is currently facing the calamity of destruction. I'm slow-witted and don't know what to do. Senior, please guide us. I can't thank you enough."

As soon as he knelt, the others immediately knelt down too. Seeing this scene, Yaya, who was concerned about her father's comfort, joined in the pleading and said, "Master, save my father."

Ye Qiu shook his head when he saw her teary eyes pleading sincerely.

"Get up!" Ye Qiu had never refused his precious disciple's request. To be honest, even if she didn't beg him, Ye Qiu would still save him. Gently helping Yaya up, Ye Qiu said, "Silly girl, since I'm here, how can I stand by and do nothing?"

Ye Qiu gently wiped the tears from the corner of her eyes and comforted her with a smile. Hearing this, Yaya's heart warmed. She was touched. She had always known in her heart that her master had always doted on her. How could she sit back and do nothing? Ever since she entered the sect, her master had tried his best to get her whatever she wanted. It could be said to be meticulous.

Yaya had always remembered these things and did not dare to forget them. Perhaps in her heart, Ye Qiu had already become the most important person in her life. Other than her father, he was her most respected elder.

"Thank you, Master." Hearing that her master was willing to help, Yaya was finally relieved. She obediently thanked him and stood beside her master in satisfaction.

"Alright! Get up, all of you. I can't guarantee if I can save him. We'll talk about it after I see the injured."

Hearing this, Jiang Ming and the others hurriedly reacted and instantly stood up. "Senior, my father is in the Grand Peace Hall." After saying that, he immediately instructed someone to open the door of the hall and invite Ye Qiu in.

Seeing this, Ye Qiu didn't refuse and accepted it.

"Big Brother, I'll go in with you." Considering that they still had to investigate the demon seed, Bai Junlin suggested. Coincidentally, he also wanted to observe the Fire Emperor's situation. If he could obtain some information, he could analyze it with Ye Qiu.

Ye Qiu nodded and didn't refuse. The two of them then entered the Grand Peace Hall. After they entered, the door closed again. This time, Ye Qiu didn't let Yaya enter with him. Instead, he told her to wait outside.

After entering the Grand Peace Hall, Ye Qiu looked around and discovered a few mysterious auras hidden around him. It was obvious that they were the experts from the palace protecting the Fire Sovereign.

Ye Qiu ignored them because their existence didn't affect his treatment.

Chapter 722 Fish Hidden Under Deep Water

After entering the hall, Ye Qiu could clearly feel a cold aura surging over. The entire hall seemed especially cold. This was the effect of the demonic energy, so much so that people in the hall felt a chill run down their spines.

"Interesting! Looks like the demon seed is coming aggressively this time. Such intense demonic energy, his level must be of a high level. Looks like this land that has been silent for many years is going to become lively this time." Ye Qiu smiled faintly and felt the cold demonic energy in the hall. He fell into a conjecture.

"Big Brother, this is the Fire Sovereign." Bai Junlin walked to the front and pointed at a middle-aged man lying peacefully on a flat bed in the depths of the hall.

This person was the current Emperor of the Heavenly Fire Empire, Jiang Buwang. This was a master of great talent and strategy. He ascended at a young age and worked hard to rule. He expanded his territory and raised the Fire Nation to a height that did not belong to it. This empire would rise because of him and begin to decline because of his death.

Ye Qiu had already seen Crown Prince Jiang Ming just now. He only had one sentence for his evaluation: He was cautious but lacked boldness. He might not be bad as a monarch for the safety period.

Ye Qiu slowly walked in front of Jiang Buwang. He looked at his closed eyes and pale face, as if he was enduring an extremely painful torture. He was very haggard. He could feel how much torture he had endured during this period of time.

Ye Qiu walked up to him and was about to reach out to grab his pulse to check his body. Suddenly, Jiang Buwang's eyes opened, and a shocking demonic aura was instantly released.

"Hmm?"

This sudden change shocked Bai Junlin. "Big Brother, be careful!"

However, before he could attack, Ye Qiu already noticed it. He only waved his right hand gently and instantly dispersed this demonic energy. A ball of red flames filled the air, burning this demonic energy completely.

"Red Lotus Karmic Flame!" Seeing this scene, Bai Junlin was shocked and did not continue speaking. He knew very well how terrifying his brother was, so his worries were unnecessary. If even his brother could not suppress this demonic energy, then it was even more impossible for him. Thinking of this, Bai Junlin finally felt relieved.

"What a strong demonic energy! Someone seems to have planted some curse in his body and it has already taken root in his body." Bai Junlin frowned and slowly analyzed.

Ye Qiu had already seen through it. He calmly injected a gentle force into the Fire Sovereign's body to ease his pain. Then, he said, "Strange, who is so vicious to plant a curse in his body? Does he want him to become a demonic puppet?"

Ye Qiu was very confused. Judging from the current situation, the Fire Sovereign was in a high position and had a million miles of territory. The value of the people's support was indeed very high. If someone with ulterior motives could control him, they could indeed create more benefits.

However, Ye Qiu didn't understand who had such methods to unknowingly plant a curse. No one in the entire Fire Nation's royal family discovered it.

Through his observation just now, Ye Qiu already understood some of the profundities of this curse. This curse was not planted when the Fire Sovereign was injured. It was born not long ago. Therefore, it should have been planted by someone after the Fire Sovereign was brought back to the palace.

Thinking of this, Ye Qiu immediately revealed a smile. "Haha, interesting! Can we find a fish hidden in deep water so fast? Then let me see where this fish came from."

Ye Qiu smiled knowingly. From the beginning, he had already imagined that this demon seed attack wasn't a coincidence. Someone had done it on purpose. There might be many powerful factions involved, but if they didn't show themselves, Ye Qiu wouldn't be able to find them.

However, it was different now. With the current conditions, Ye Qiu could roughly confirm a big fish first.

"Big Brother, you're going to...?" Seeing Ye Qiu's faint smile, Bai Junlin pondered and revealed a knowing smile.

"Follow the clues! We can always find some clues. If you want others to not know, you have to do nothing. At least from the looks of it, we already have a breakthrough, and this breakthrough is the Fire Sovereign in front of us." Ye Qiu smiled and said, "Alright! We'll discuss this later. Let's help His Majesty remove the curse in his body first."

Ye Qiu slowly walked in front of the Fire Sovereign. Bai Junlin didn't disturb him and silently stood behind him to protect him. After carefully observing the changes in the curse, he already knew what was going on.

All in all, this curse was extremely difficult to deal with. It had already taken root in the various acupoints and meridians of the Fire Sovereign's limbs and bones. Even his Ring of Life had been corroded.

More than half of his essence energy had been sucked away, and he looked incomparably old, like an old man on the verge of death. This way, even if Ye Qiu removed the curse in his body, he wouldn't have many years to live.

"Hmm... This seems to be more like a sacrificial technique. I've been lucky enough to see it before. It's indeed difficult to deal with." Ye Qiu muttered as he pondered.

It was clearly impossible to successfully treat it with secular methods unless he could use something more strange.

Tianmeng had also used this sacrificial method back then, but it was even crazier than this. Back then, Tianmeng wanted to sacrifice the entire world to do a shocking calamity to let herself become an immortal.

Unfortunately, she encountered the sages of the older generation of the Heaven Mending Sect who fought to the death and did not retreat. They used the price of blood to stop her shocking massacre.

"Big Brother, how should we treat him?" Bai Junlin looked at the silent Ye Qiu and asked curiously.

Ye Qiu didn't answer. He only turned around and looked at the countless eyes hidden in the dark. After a while, he raised his hand. A ball of fog instantly drowned the entire hall, and everyone's vision became blurry.

Ye Qiu slowly said, "Protect me. Leave the rest to me."

Bai Junlin nodded and stood behind Ye Qiu with a dignified expression, staring at the dark corners of the hall.

Ye Qiu took out a strange drop of water from his storage jade. The moment he saw the water drop, Bai Junlin's expression trembled, and he was especially shocked.

"Life Liquid!" Bai Junlin was incomparably shocked. He did not expect the big brother he respected the most to be so generous. He was even willing to take out such a treasure for the father of his disciple.

At this moment, he became even more determined to follow Ye Qiu. His future was limitless if he followed such a big brother. Just the importance of this drop of Life Liquid alone was not something that could be repaid with a simple favor.

However, how could Bai Junlin know that this Life Liquid was not ranked well among Ye Qiu's many treasures? If Ye Qiu was willing, he had a better way to instantly cure the Fire Sovereign. Moreover, he could instantly increase his strength and revive him.

#### Chapter 723 Easily Controlled

Ye Qiu was definitely not exaggerating. The Fire Sovereign's injuries were not serious. At least to him, it was simple.

The greatest injury he suffered was not the curse, but the essence energy devoured by the curse. As long as he made up for this gap and removed the curse in his body, he could revive with full health.

It was neither difficult nor simple. This was what Ye Qiu had said in the beginning. He needed some special treasures. If he wanted to, he still had treasures with greater effects than the Life Liquid, such as the Three Treasures of the Netherworld, the Crimson Jade Leaf Flower, that he had just obtained a few days ago.

He had nine stalks on him. As long as he was willing, he only needed one petal to revive the Fire Sovereign. However, there was no need for that. After all, this Crimson Jade Leaf Flower was incomparably precious and not easy to obtain.

Moreover, it was a treasure of the Netherworld. Other than the dangerous Netherworld Road, it could not be found anywhere else. Once it was gone, it was really gone. Therefore, Ye Qiu didn't want to waste it, so he decided to use the Life Liquid, although the effect wasn't as good as the Crimson Jade Leaf Flower.

However, its effect was still the same. It could replenish the Fire Sovereign's lost essence energy. If it was used well, he might have unexpected gains. It was just a little troublesome to use. It was not a big problem.

After thinking for a long time, Ye Qiu finally decided to take action.

Because of the fog in front of them, the people outside did not know what had happened inside at all. They could only wait anxiously. Those people who were secretly monitoring wanted to come in and see what Ye Qiu was doing and if he had harmed the Fire Sovereign. However, when they saw Bai Junlin's dignified and domineering expression, they instantly retreated.

The domineering and desolate killing intent on Bai Junlin's body was not fake. His reputation was not just for show. He only needed to stand there, and no one would dare to say no.

After a long silence, Ye Qiu took action! A ball of flames ignited in his hand and slowly bloomed in his palm. The moment the Red Lotus Karmic Flame appeared, he could clearly feel that the curse and demonic energy in the Fire Sovereign's body had become especially restless.

Clearly, they smelled danger and gradually began to lose control. This was because this Karmic Flame was known to burn everything in the world, even the karma. Ye Qiu had even cultivated it to a supreme realm. A mere demonic energy was nothing to him!

"Haha, be restless! It's normal to panic. You won't be afraid later. Don't worry, I'll be quick." Ye Qiu smiled evilly, his smile gradually becoming impudent.

As the curse became more and more panicked and uneasy, the flames in his hand slowly entered the Fire Sovereign's body. Ye Qiu suddenly exerted strength. A shocking flame surged into his limbs and bones, resonating with the heavenly fire in his body.

At that moment, the Fire Sovereign, who had endured several months of torture, seemed to have seen hope in his blurry consciousness. He had been resisting the demonic energy in his body with all his might and did not know what was happening in the outside world. As soon as this ball of flames entered, he instantly understood that an expert had taken action.

The Fire Sovereign's anger that had been suppressed for many days completely erupted. "Dregs! Die!"

All the power in his body was mobilized. The Fire Sovereign cooperated with Ye Qiu's cleansing. He knew very well that he only had one chance because after so many days, only Ye Qiu's flames could truly make the demonic energy fear.

The two cooperated from the inside out and began to clean up the curse of the demon seed. They formed an inescapable net and cleansed step by step.

Time passed bit by bit. In the difficult struggle with the curse of the demon seed, the Fire Sovereign's body seemed to be getting weaker. Although the curse had been suppressed, there was not much essence energy left in his body.

Once the curse disappeared, it was very likely that he would die because his essence energy was exhausted. However, he had no way out now. Even if he only had the last corner of his eye, he had to completely eliminate the curse. Because that pain would only make him suffer even more. Instead of living like this, he might as well die.

Seeing that he was so determined, Ye Qiu also cast a look of admiration. This was an unyielding man.

Ye Qiu admired him, so he couldn't let him die. He raised his left hand and a drop of Life Liquid instantly entered the Fire Sovereign's body. A terrifying life force instantly surged into the Fire Sovereign's body. His exhausted body began to gradually fill up, and a trace of rosiness appeared on his old face.

"Absorb it. This is a blessing from me. How much you can absorb will depend on your ability." Ye Qiu muttered to himself.

As if sensing Ye Qiu's muttering, the Fire Sovereign exerted strength. He knew that he was not destined to die with the help of an expert. How could he miss such a heavenly opportunity? All the power surged out of his body, and the entire prefecture sea began to boil.

Under the enhancement of the Life Liquid, his body began to recover rapidly, and his strength reached its peak.

"Dregs! Die!" With a furious shout in his heart, the Fire Sovereign erupted with all his might. Coupled with Ye Qiu's Red Lotus Karmic Flame, he completely chased the demon seed curse out of his Ring of Life.

The next scene was Ye Qiu's personal performance. His Red Lotus Karmic Flame bloomed with dazzling sparks, gathering all the demonic energy and burning it clean. His actions were smooth and perfect!

"Whew... Done!" Seeing the last bit of demonic energy burn away, Ye Qiu smiled in satisfaction and slowly retracted his flames. From beginning to end, he was not nervous or anxious at all. He seemed especially relaxed and calm.

Seeing him stop, Bai Junlin was stunned for a moment. He turned around and looked at him in disbelief. "It's over? So fast? Damn, I haven't even felt anything, and it's over?"

As soon as these words were spoken, the corner of Ye Qiu's mouth twitched. He had the urge to stab him to death.

What did he say? What does he mean, what else did he want to feel? No matter how one looked at it, these words sounded like curses. Fortunately, this sentence wasn't said by Lian Feng. Otherwise, Ye Qiu would really die of anger.

What did he mean by fast? Did he know how to speak? If he didn't know how to speak, then shut up.

Ye Qiu glanced at Bai Junlin angrily. Bai Junlin immediately realized that he had said something wrong. He smiled honestly. "Hehe, Big Brother, that's not what I meant. I'm saying that this demon seed curse is so difficult to deal with. How did you resolve it so quickly? It doesn't make sense."

Ye Qiu sweated and smiled. "Haha, that's only for you. To me, it's just so-so."

As soon as these words were spoken, Bai Junlin instantly looked at him with admiration. Big Brother was indeed Big Brother. Look at what he said. He was so fierce. Was this what a human would say? Who in the world would dare to say that they did not care about the curse of the demon seed? Only his big brother dared to say such things.

"Hehe, Big Brother, fierce..." Bai Junlin didn't doubt Ye Qiu's words at all, nor did he think that he was bragging. He agreed with him. As Ye Qiu's loyal fan, he was already completely convinced.

Chapter 724 Father And Daughter Reunited

"Haha!" Bai Junlin's praise made Ye Qiu feel embarrassed. He suddenly felt a little arrogant. "Sigh, humble, be humble... As a man, how can I not be fierce?"

Ye Qiu was humble, and Bai Junlin praised him again. After a long time, the Fire Sovereign's expression improved slightly and gradually showed signs of recovery.

Ye Qiu smiled faintly and removed the layer of fog. With a light wave of his hand, the door was instantly opened.

"What's going on?"

"Is it over?"

Outside the door, everyone was at a loss. Just as they were feeling puzzled, they saw Ye Qiu gently step out of the door.

"Master!" Seeing Ye Qiu walk out, Yaya anxiously walked up and asked, "How is it? Is my father alright?"

Jiang Ming and the others also surrounded him and asked, "Senior, how's the situation? Is my father alright?"

Looking at the anxious crowd, Ye Qiu smiled and said, "Your father is almost healed. Go in and take a look."

As soon as these words were spoken, everyone was instantly overjoyed and rushed into the hall. Yaya was the same. She could not wait to see her father.

"Daddy!" After rushing into the hall, Yaya headed straight for the Fire Sovereign. She happened to see the Fire Sovereign sitting up from the bed with difficulty. The moment she saw him, Yaya's tears flowed again. She cried like a pear blossom and threw herself into her father's arms.

Looking at his precious daughter in his arms, the Fire Sovereign was stunned for a moment before he was overjoyed. "Haha! When did our little princess come back?"

The father and daughter had endless things to talk about after a long time. The Fire Sovereign felt very gratified as he looked at his little darling who had already grown up a lot. She had, indeed, grown up. She was no longer a little girl who only knew how to wheedle beside him, but a cultivator who had officially stepped onto the path of immortality.

The Fire Sovereign had seen Yaya's changes. At first, he regretted sending Yaya to the divine mountain. From the looks of it, his decision back then was not wrong. After this serious injury, many of the obsessions in his heart were put down.

During this period of time when he was struggling with the demon seed curse, the person he could not let go of the most might be Yaya. He was very happy to see her return.

"Father! Senior Ye is still outside. Should we invite him in...?" Seeing that the father and daughter were almost done catching up, Jiang Ming, who was standing at the side, suddenly said. He knew that Ye Qiu had specially given them time to talk.

After all, this period of time had been too oppressive for the Fire Nation and them. Now that their backbone was back, they felt relieved.

"Senior Ye?" When the Fire Sovereign heard this, he was slightly stunned and at a loss. He immediately understood when he looked at his precious daughter who was crying. "Oh... Good daughter, this Senior Ye must be your master, right?"

He remembered that when he was fighting the curse of the demon seed just now, there was an incomparably powerful force helping him and completely suppressing the demonic energy in his body.

The Fire Sovereign had never heard of that shocking power of flames and was extremely shocked.

Moreover, he knew very well that the reason why he could recover to his peak just now was because the other party had given him a drop of Life Liquid to instantly replenish his lost essence energy.

Not only that, the Fire Sovereign could clearly feel that with the help of this drop of Life Liquid, he seemed to have found the opportunity to break through.

This was a feeling he had never felt in many years. He was incomparably excited. If he could successfully ignite the divine fire, and break through to the Dao Sacrificial realm, then he could easily resolve the various dangers that the Fire Nation was facing.

Moreover, the Fire Nation's strength would also rise to a new level because of his breakthrough. Therefore, at this moment, the Fire Sovereign's heart was incomparably surging. He wanted to know who had helped him just now. No matter what, he had to repay this huge favor. He had to repay it even if he had to use the entire country.

Seeing her father ask, Yaya hurriedly wiped the tears from the corner of her eyes and said proudly, "Hehe, that's right, Daddy. It was my master who treated your injuries just now. He's outside. I'll invite him in."

Yaya was very proud of her master's strength because she had an incomparably powerful master who doted on her. This was her luck.

Hearing Yaya's words, the Fire Sovereign was shocked. When Yaya insisted on going to the Heaven Mending Holy Land, he did not agree. Unexpectedly, Yaya's insistence back then accidentally saved his life.

This was the power of karma!

If Yaya hadn't gone up the mountain back then, then Ye Qiu wouldn't have appeared in the Fire Nation's palace, and the Fire Sovereign wouldn't have been able to withstand this curse.

Thinking of this, the Fire Sovereign immediately felt relieved! He did not expect Yaya's master to be so powerful. It seemed like his sister was right. Yaya had indeed acknowledged a good master.

The last time Jiang Ling'er came back, she told him, but she didn't expose Ye Qiu's identity. She only said that Yaya was doing very well on the mountain and had a good master. No one dared to bully her.

In the beginning, the Fire Sovereign didn't believe it. Now, he believed it.

From Ye Qiu's astonishing strength just now, other than those old monsters who had been in seclusion for many years, there should be no one in the Heaven Mending Holy Land who could match him, right?

Thinking of this, the Fire Sovereign immediately wanted to see this legendary master of Yaya.

"Alright, girl, quickly invite your master in. I haven't thanked him properly. The etiquette of my Fire Nation's royal family can't be lacking. Hmm... No, it's rude to receive him like this." Just as he was about to get up, the Fire Sovereign suddenly thought of something and hurriedly stopped Yaya. He turned to Jiang Ming and said, "Ming'er, go and prepare! Give Yaya's master a welcome ceremony and treat him as a statesman. You can't be careless.

"Master Ye saved my life. He is the benefactor of my Fire Nation. You have to treat him respectfully and not be rude. I'll go change my clothes and meet Master Ye in the Righteous Hall later."

The Fire Sovereign gave Ye Qiu the highest respect and received him with the highest etiquette in the Fire Nation. When Jiang Ming heard this, he instantly understood his father's thoughts. He didn't dare to be careless and hurriedly went down to make arrangements.

At this moment, Ye Qiu and Bai Junlin were standing outside the Grand Peace Hall. They looked at the rolling dark clouds in the sky and the haze enveloped more than half of the Fire Nation.

Under such a sinister atmosphere, the entire Fire Nation seemed especially oppressive.

The commoners were in a panic. They only hoped that the Fire Sovereign they respected would recover as soon as possible and come out to take charge of the situation and calm people down.

"Big Brother! Do you have any thoughts?" Bai Junlin pondered for a long time and asked after a while.

Ye Qiu turned around and looked at him. He smiled and said, "The fog in front of me will be unveiled soon. I hope this big fish that appeared first won't disappoint me too much."

Chapter 725 Ye Qiu's Influence

“Now, we only need to know who planted the curse on the Fire Sovereign. Then, we can follow the clues and find the first big fish. This is a breakthrough point and the only clue! As long as we have this clue, we can lock onto the target.” Ye Qiu slowly explained. Bai Junlin agreed with Ye Qiu.

After a while, he said, “By the way, Big Brother! My father just sent news that the chaos in the Fire Nation seems to have attracted the attention of many large clans. Yesterday, the figures of many descendants of large clans appeared in the Fire Domain. They frequently appear in the Endless Fire Domain, but I don’t know their intentions.”

“Oh?” Ye Qiu was stunned when he heard this. Then, he smiled faintly and said, “It’s fine. Let them mess around first.”

Just as the two of them were discussing closely, Yaya ran out happily and panted. “Master, I’m here.”

Hearing this, Ye Qiu turned around and looked at her teary face. He suddenly felt a little jealous. After all, his little darling wasn’t crying for him. He felt a little uncomfortable.

“Heh, girl, you only see your master. Can’t you see your second uncle? Call me Second Uncle. Hurry.” Seeing that Yaya was only called Ye Qiu and not him, Bai Junlin was a little uncomfortable.

It wasn’t too much for her to call him Second Uncle after he had been busy running around for the Fire Nation, right? After all, his big brother was Ye Qiu, and Ye Qiu was Yaya’s master. According to seniority, he would definitely be the second uncle.

“Hehe, hello, Second Uncle.” Yaya was not stupid. Her eyes were bright. Bai Junlin was so strong and respected her master so much. He called her master Brother. It was not too much to call him Second Uncle.

“Aye, that’s more like it.” Hearing this sweet word, Bai Junlin was instantly overjoyed. A strong desire to protect suddenly surged in his heart. I’ll protect this little girl. I’ll kill anyone who dares to bully her in the future.

“Eldest niece, be good! I came in a hurry today and didn’t prepare any gifts. I’ll make it up to you next time.” Bai Junlin smiled happily.

Yaya didn’t mind and hurriedly replied, “Alright, then I’ll thank Second Uncle first.”

“Alright.”

Seeing that they were chatting happily, Ye Qiu interrupted them angrily. He glared at Bai Junlin, as if telling him to stay away from his disciple. This is my disciple. I know how to dote on her. I don’t need you to interfere.

“Disciple, why are you out? Aren’t you going to talk to your father anymore?” Ye Qiu asked.

Yaya hurriedly explained, “Master, my father is holding a banquet in the Righteous Hall to welcome you and Second Uncle. It’s to thank you for saving his life and he asked me to bring you there.”

“Oh?” Bai Junlin was amused. He didn’t expect them to have such treatment. “Big Brother, then... let’s go?”

“Let’s go.” Ye Qiu thought about it. That was good too. He could ask them later who treated the Fire Sovereign before.

As long as they found the person who treated the illness, there was a high chance that they would be able to lock onto the person who planted the curse.

The three of them walked towards the Righteous Hall. Along the way, Yaya kept introducing some things in the palace to Ye Qiu. There were also a few palace experts, the hidden experts that Ye Qiu had discovered in the Grand Peace Hall.

Yaya did not hide anything from her master because she knew that her master would not harm her, let alone their Fire Nation. In her heart, her master had always been an expert who stood aloof from the world. Nothing in the mortal world could attract his attention.

Soon, the three of them arrived at the Righteous Hall. Ye Qiu sighed with emotion as he looked at the glorious hall. Once upon a time, he had envied the royal power that was above ten thousand people. However, in this world, the so-called royal power was only a puppet in the eyes of immortals.

At his level, the desire for these rights gradually faded.

“Senior, you’re here.” As soon as Ye Qiu walked onto the stage, Jiang Ming and the other princes instantly welcomed him. They lined up on both sides and arranged themselves to welcome him.

That scene was giving Ye Qiu enough respect.

Ye Qiu observed the people who came to welcome him as he walked. There were many Endless Realm experts and a few Heavenly Venerate experts among them. For example, the third granduncle, Jiang Tao, that Jiang Ming and the others mentioned in the Grand Peace Hall.

As soon as he saw Ye Qiu walk up, Jiang Tao immediately greeted him with a smile, “Master Ye, you’re finally here! I’ve long heard that the Heaven Mending Deity is famous in the world and has extraordinary talent. I’ve long wanted to see the glory of you. Unfortunately, I’ve never had fate. I didn’t expect us to meet in this palace today. I’m lucky for three lifetimes and have no regrets in my life.”

Jiang Tao said with incomparable respect. He had admired experts his entire life, and Ye Qiu happened to be the person he yearned for.

All these years, he had heard a lot about Ye Qiu. Almost every event shocked him. He had long wanted to see Ye Qiu’s glory, but unfortunately, he never had the chance. Now that he saw him in person, he was even more impressed. He really did not expect that a person who had broken the ancient legend and shocked history with the Eleven Heavenly Sanctums was so young and had such an outstanding temperament.

If it wasn’t because of Yaya, he would probably never see such a person in his life.

Ye Qiu felt a little embarrassed after hearing his sincere bragging. “Haha, Senior, you flatter me! My small achievements are nothing. The world is so big. There are countless people stronger than me. How can I dare to be arrogant?”

“Humble! You’re too humble!” Jiang Tao didn’t mind and hurriedly said, “I’ve traveled everywhere for so many years and am considered knowledgeable.

“Ever since the Immortal Ancient, no one has been able to break through the shackles of the Ten Heavenly Sanctums and open the Eleventh Heavenly Sanctum. Your breakthrough is equivalent to opening a new path for future generations.

“Your contributions are unfathomable. I believe it won’t be long before countless young talents step onto your path and follow you.”

Jiang Tao was not joking. His words were serious.

Just like back then, before Ming Yue broke through the Ten Heavenly Sanctums, everyone thought that only the Ten Fiends had the qualifications to open the Ten Heavenly Sanctums. Therefore, after they opened Nine Heavenly Sanctums, they would choose to enter the Heavenly Venerate realm.

However, after Ming Yue successfully opened the Ten Heavenly Sanctums, the entire world went crazy.

No one expected that a human body could really open the Ten Heavenly Sanctums. From that moment on, all the young people in the Nine Heavens and Ten Lands went crazy. One after another, they began to charge towards the Ten Heavenly Sanctums.

As expected, after Ming Yue, there was soon a large group of Heavenly Supremes with the Ten Heavenly Sanctums. Their influence could be said to be too great.

The impact of Ye Qiu’s Eleven Heavenly Sanctums was incomparably huge. It was like a tsunami that swept through the entire Nine Heavens and Ten Lands.

Right now, all the young talents only had one belief in their hearts, and that was to follow the path opened by Ye Qiu and break through the Eleven Heavenly Sanctums. This was the goal in the hearts of all young talents. Ye Qiu had indirectly affected a large number of people.

At this moment, he had already become the idol of the new generation of young people, but he did not know. Moreover, what he did not know was that his breakthrough had indirectly opened up a new era, a new golden age.

Of course, these were all for later.

Chapter 726 Some People Were Born in the Immortal World

“Haha!” Facing Jiang Tao’s endless praise, Ye Qiu laughed and didn’t continue to refute. He had bragged about this many times. So he did not feel much in his heart. His heart was already numb. The so-called rumors from the outside world did not affect him much. He only needed to do his best.

“Let’s go!” After calming down, Ye Qiu walked into the righteous hall. At this moment, Fire Sovereign, Jiang Buwang, had been waiting for a long time.

Jiang Buwang was stunned when he saw Ye Qiu walk in. “He’s actually so young! This...” He was completely stunned. At that moment, he had imagined all kinds of scenes. For example, Ye Qiu was a sage-like old man who had attained the Dao. At the very least, he was a sage halfway into his middle age.

However, none of this was true. To his surprise, Ye Qiu was just a very young man. He did not expect Yaya's master to be so young. Moreover, his strength was actually so terrifying. From the way he saved him just now, his strength was not inferior to his sister at all.

"Fire Sovereign, I've heard a lot about you! Ye Qiu greets you." As soon as he entered the hall, Ye Qiu didn't hesitate and greeted him. After all, the other party was Yaya's father. Ye Qiu was of the same generation as him, so there was no need to be reserved.

Ye Qiu introduced himself. In the next second, the Fire Sovereign's confusion instantly turned to fear. "Ye Qiu! You're that Heaven Mending Deity, Ye Qiu?"

The Fire Sovereign was shocked. He was not a country bumpkin who had never seen the world. He had heard many rumors about Ye Qiu. He never thought that the master his precious daughter acknowledged was this person. Excitement was written all over his face.

One had to know that Ye Qiu's current status was extraordinary. Not to mention that he was already heaven-defying enough, just Meng Tianzheng, who was standing behind him, was enough to make the world lower themselves.

Meng Tianzheng was not someone to be trifled with. He was a milestone of an era.

Seeing his surprised expression, Ye Qiu smiled faintly and said, "That's me."

As soon as he finished speaking, Yaya hurriedly ran up and hugged her father's arm. She said happily, "Father, he's my master. You don't know, but Master treats me very well. As soon as Yaya entered the sect, he gave me a supreme-grade longevity medicine for me to build my foundation. Later on, he gave me an immortal artifact and taught me a supreme immortal technique, the Red Lotus Karmic Flame."

"What!"

Before Yaya could finish speaking, everyone was stunned when they heard these words.

"Oh my god, Red Lotus Karmic Flame!"

"Good lord, he's really generous."

Everyone looked at him enviously. Among them, the most passionate were the princes and Crown Prince Jiang Ming. They each had their own master. They had cultivated bitterly for many years and had not made much progress. They were considered relatively ordinary.

But they never expected that Yaya, whose aptitude was inferior to theirs, would receive such good treatment.

For example, some people have traveled thousands of miles in their lives in pursuit of the opportunity to become an immortal. They had experienced countless hardships but were ultimately unsuccessful.

Some people were still standing at the starting point, but her master had already prepared everything for her. She just had to choose and pick what she liked and learn whatever she wanted.

This was the difference!

A supreme-grade longevity medicine to build a foundation? How crazy was this? Since ancient times, other than the descendants of true ancient large clans or descendants with golden bloodlines, no one had ever received such treatment.

Not to mention Jiang Ming and the others, even the Fire Sovereign was extremely shocked when he heard this. He couldn't believe that Ye Qiu was actually so generous to his disciple. All of this felt like a dream. He was completely stunned.

"Yaya, what's your current cultivation level?" Thinking of this, the Fire Sovereign hurriedly turned around and asked about Yaya's situation.

Yaya replied seriously, "Father, Yaya has already reached the peak of the Paragon realm. I believe it won't be long before I break through to the King-Ranked realm."

"What!"

"F\*ck!"

This sentence came from the surrounding princes. It had been less than a year since Yaya went up the mountain, right? What kind of abnormal breakthrough speed was this? This was a speed that they did not even dare to dream of.

At this moment, everyone was shocked. They looked at Ye Qiu with admiration. Hearing Yaya explain so easily, they deeply understood that the man in front of them was not as simple as the rumors said. His strength and the miracles he could create exceeded their imagination.

What the Fire Sovereign didn't expect the most was that the Red Lotus Karmic Flame he had been searching for all his life was actually in Ye Qiu's hands. What was even more unexpected was that Ye Qiu actually taught it to Yaya just like that.

Such a huge favor not only made up for the flaws of their Fire Clan, but also resolved his greatest regret in his life. The Fire Sovereign did not know how to repay him. "Master Ye, your kindness to my Fire Nation is as heavy as a mountain. I don't know how to repay you."

Jiang Buwang fell silent. It was difficult for him, a small Fire Nation, to repay this huge favor even with the strength of the entire country. He felt very ashamed.

Seeing him like this, Ye Qiu smiled indifferently and said, "Haha... It's just a small matter. There's no need for repayment. Fire Sovereign, you're thinking too much! Yaya is my beloved disciple, and you're her father. How can I not save you? You don't have to thank me. If you want to thank me, thank this girl. If she hadn't begged me bitterly, I wouldn't have left the mountain."

Ye Qiu threw all his credit to Yaya with just a few words. His meaning was also very obvious. He was clearly telling everyone that he thought highly of this girl and liked her very much. If any of you were insensible and made her unhappy, you should think about the consequences.

Ye Qiu's casual words completely deepened Yaya's status in the Fire Nation. It could be considered to have indirectly protected her interests. The Fire Sovereign immediately understood the meaning behind Ye Qiu's words. His gaze was gentle as he looked at his precious daughter, feeling happy for her. As the

ruler of a country, what he had to do was maintain the stability and development of a country. Therefore, he could not take care of her most of the time.

Ye Qiu's words gave her a protective umbrella. With gratitude, the Fire Sovereign solemnly bowed to Ye Qiu, thanking him for his concern and love for Yaya.

"Master, I can't thank you enough for your kindness. I won't dare to forget your kindness to the Fire Nation and will remember it in my heart. If you have any requests in the future, feel free to ask. As long as my Fire Nation can do it, I won't hesitate."

This was Jiang Buwang's promise to Ye Qiu. Although it was slightly meager, the thought was sent. As for whether it could be of use, he would think about it in the future.

Seeing that the atmosphere was about right, Ye Qiu couldn't be bothered to waste his breath. He didn't have time to attend any banquet. This was just a show.

#### Chapter 727 Undying Divine Doctor

After they sat down, Ye Qiu and Bai Junlin looked at each other and reached a consensus.

Bai Junlin was the first to speak. "Fire Sovereign, Big Brother and I came here today because we don't quite understand some things. We wanted to know whether you can answer the doubts in our hearts."

As soon as these words were spoken, the originally cheerful banquet instantly fell silent. Everyone's gazes instantly gathered over. They knew very well that Ye Qiu and Yaya's trip was definitely not just to bring Yaya home to take a look. The scene just now was just a small scene. What followed was the main event.

As expected, Bai Junlin's words were the first to break the stalemate. Jiang Buwang put down the wine glass in his hand. He looked at Ye Qiu and Bai Junlin and roughly understood what they wanted to ask. Then, he said, "Master Ye, Young Master Bai, I think what you want to know is who injured me, right?"

Ye Qiu didn't say anything and only nodded calmly. Bai Junlin said, "That's right. Who injured you? What happened back then? Who treated you after you were seriously injured?"

A series of questions. These were the key questions after Bai Junlin and Ye Qiu discussed it. The Fire Sovereign's heart sank when he heard this. His eyes became anxious and filled with panic. Clearly, what happened back then had a huge impact on his heart, so he had yet to walk out.

"Sigh," Sighing, the Fire Sovereign finally said, "It's a long story."

"Master Ye, Young Master Bai, listen to me slowly. About three months ago, a group of extremely strange creatures appeared in the south of my Fire Nation. They used bloodthirsty methods to slaughter the citizens of my Fire Nation and devour their blood essence for cultivation.

"When I first received the news, I didn't take it to heart. I thought that it was just a simple chaos, so I asked the general guarding Primordial City in the south to bring 50,000 troops out to quell the chaos.

"Unexpectedly, after a month of development, these strange creatures became abnormally powerful. My 50,000 troops became their puppets and were sucked of their blood essence and bewitched.

"This group of strange creatures have very strange methods. I've lived for most of my life, but I've never seen such a strange thing." At this point, the Fire Sovereign's face turned a little pale. Clearly, he still felt a lingering fear when he recalled what happened back then.

On the other hand, Ye Qiu could tell. "Hmm! It's indeed a demon seed." According to the Fire Sovereign's description, Ye Qiu roughly knew what these so-called strange creatures were. Their methods were almost the same as Tianmeng's back then.

Back then, when the Great Desolate World was in chaos, millions of living beings were bewitched and became puppets of the demon seed. It was only because of Ye Qiu's Chaos Green Lotus that those who had been bewitched were pulled back.

"Sigh," With another sigh, the Fire Sovereign continued, "After knowing that the fifty thousand troops were completely wiped out, I also realized that something was wrong. Seeing that the flames of war have already spread to more than half of my Fire Nation's territory, I can only personally go and quell the rebellion. I just didn't expect to meet a strange person as soon as I came out of seclusion."

"What strange person?" The key point was here. Bai Junlin immediately perked up.

"A person who calls himself the Undying Divine Doctor!" The Fire Sovereign said with a solemn expression.

"Undying Divine Doctor?" Ye Qiu didn't frown when he heard this. The word 'undying' made him feel an inexplicable sense of danger. Could he have some close relationship with the Undying Mountain?

"He gave me something and left a message saying that this thing could save my life. Then he left. At that time, I didn't care. Later on, after my army came out of seclusion, we encountered the first batch of strange creatures and fought them.

"In that battle, I fought with a Heavenly Venerate expert of the other party and was unfortunately struck by his palm. I was severely injured. I thought that I was about to die, but I didn't expect that the thing that the Undying Divine Doctor gave me could really forcefully recover me and save my life."

At this point, Ye Qiu's thoughts were much clearer.

"Haha, interesting!" Ye Qiu smiled in his heart and said, "May I ask if the thing that the Undying Divine Doctor gave you is still there? Can you give it to me?"

"Quick, go get it for Master Ye." The Fire Sovereign did not refuse and immediately asked Jiang Ming to get that thing. Not long after, Ye Qiu saw Jiang Ming walk up respectfully with a box.

Ye Qiu lifted the lid and saw what was inside. It was a Blood Amber Stone.

"What intense demonic energy!" Bai Junlin was shocked as he watched from the side. The Fire Sovereign and the others might not be able to sense the demonic energy in the Blood Amber Stone. However, Bai Ze's innate sharp sense of smell immediately sensed it. That terrifying demonic aura made one's soul tremble.

Ye Qiu picked up the Blood Amber Stone and looked at it carefully. "Hmm... Looks like this demon seed curse was planted here. The so-called forceful extension of life is just the recovery of blood from the curse. The goal is to suck the essence energy of the cursed person to achieve the effect of sacrifice."

At this point, Ye Qiu's interest was piqued. Logically speaking, this Blood Amber Stone had planted a curse on the Fire Sovereign from the start. However, its curse was not truly activated, and what was truly activated was the subsequent treatment.

Therefore, Ye Qiu immediately asked, "May I ask how many people treated you after you were seriously injured?"

As soon as this question was asked, the Fire Sovereign wasn't too sure either. He looked at Jiang Ming.

Jiang Ming hurriedly replied, "Master, after my father returned with his serious injuries, a few experts treated my father's injuries. You've seen one of them just now. He's Mr. Qi."

Ye Qiu nodded. He had seen and observed Mr. Qi before. He was just a very ordinary doctor and didn't have such methods. He gestured for him to continue.

Jiang Ming immediately continued, "Other than Mr. Qi, there was also an expert from the Ye Clan who visited and personally checked my father's injuries."

"What?" Ye Qiu's expression changed. If he remembered correctly, this Ye Clan should be Ye Qingxuan's family, right? This was a colossus!

"Haha, interesting. Is it really a big fish?" Hearing this, Ye Qiu immediately became excited. It was boring to catch those small fish and prawns. It was more exciting to catch such a big fish. "Who else?" However, it was still impossible to confirm if it was done by that so-called expert from the Ye Clan.

Jiang Ming continued, "After that expert from the Ye Clan left, another expert with a prominent status came. This person is an elder of the Undying Mountain and has a noble status. However, this person is very strange. After he came, he took a few simple glances and only said two strange words before leaving in a hurry."

Hearing this, Ye Qiu was instantly confused. "Strange?"

Chapter 728 Parting Is Unavoidable

"Big Brother! I'm afraid this matter won't be easy to handle." However, after hearing the two of them, Bai Junlin's expression was very solemn and even a little afraid. If this matter involved some other small families, it might be easy to resolve.

However, he did not expect that the Ye Clan would be the first to be implicated! This was a super clan, a monarch race from the Immortal Ancient Era. Its power, strength, and foundation were all above their Bai Ze Clan. It would be a lie to say that Bai Junlin wasn't afraid.

From the two pieces of news they had learned so far, it could be seen that there were two factions related to this matter. One was from the Ye Clan, and the other was from the Undying Divine Mountain! No matter which one it was, they were not easy to provoke. Their strength was unimaginable.

They had taken root in the Nine Heavens and Ten Lands for many years, and their branches had almost enveloped more than half of the Nine Heavens and Ten Lands. It was easier said than done to control them.

How could Ye Qiu not understand this principle? Not to mention the Undying Divine Mountain, just this Ye Clan was an incomparably huge existence.

“Hmm... Looks like we have to visit the Ye Clan.” Ye Qiu was silent for a long time. After thinking calmly, he decided to visit the Ye Clan.

Bai Junlin was shocked by his words. “Damn, Big Brother, are you serious?” This big brother was too bold. Bai Junlin’s breathing became tense and his heart raced.

Ye Qiu smiled at him and said, “Why? Are you afraid? If you’re afraid, then go back. I can go alone.”

As soon as these words were spoken, Bai Junlin was unhappy. Taking a deep breath, he replied heroically, “I’ve already said that my life was given to me by Big Brother. I’ll do whatever Big Brother wants me to do. Since Big Brother has the intention to visit the Ye Clan, I’ll risk my life to accompany you. It just so happens that I can see how terrifying the legendary Ye Clan is.” Bai Junlin went all out and made a bold promise to open a path for Ye Qiu.

Seeing this, Ye Qiu sighed in his heart. He didn’t expect that his unintentional actions back then would really obtain a trusted underling. At this moment, Ye Qiu finally acknowledged this underling, even though he wasn’t as outstanding as he had imagined. However, his determination was enough.

It wasn’t a big problem if his underling wasn’t outstanding enough! Ye Qiu could improve him, but he was most afraid that he wasn’t loyal enough. From the looks of it, Ye Qiu could already feel Bai Junlin’s sincerity. He really followed Ye Qiu from the bottom of his heart, not for an undeserved reputation.

“Alright! In that case, the two of us will take this trip and see how terrifying this so-called Ye Clan is.” Ye Qiu also replied generously.

Seeing the two of them like this, the Fire Sovereign was a little confused. He didn’t even know why he was cursed. “Master, you guys are...” The Fire Sovereign didn’t understand. After a while, he pointed at the Blood Amber Stone in Ye Qiu’s hand and asked, “Is there anything strange about this stone?”

Ye Qiu smiled. Before he could answer, Bai Junlin was the first to answer this question. “You’re quite honest. You don’t even know that you’ve been tricked. You’re probably still grateful to others for saving your life.”

As soon as these words were spoken, the expressions of everyone present changed. The Fire Sovereign was even more confused. “What do you mean?”

Bai Junlin did not hide anything and said honestly, “The source of the curse you are under is this Blood Amber Stone. Someone didn’t want you to die, so they gave you this stone, planted a curse, and refined you into their puppet. From then on, they controlled the entire Fire Nation and sacrificed the entire Fire Nation. Don’t you understand even now?”

A bolt from the blue. As soon as these words were spoken, the expressions of everyone present changed. The Fire Sovereign’s expression was even uglier. He did not expect that the Undying Divine Doctor whom he had always been grateful to was actually the culprit who harmed him.

Bang! With a clear sound, the Fire Sovereign ruthlessly slapped the chopping board. He was furious, and everyone present was instantly shocked.

“Father...” Jiang Ming wanted to say something, but he was interrupted by the Fire Sovereign with a gloomy expression.

“What a vicious heart. If I don’t take revenge, I, Jiang Buwang, will not be human.” The Fire Sovereign said coldly. Anger had already surged into his heart. He was furious and glad. “If Master Ye hadn’t saved me today, I’m afraid I would have already become someone else’s puppet and harmed the citizens of my Fire Nation. I wouldn’t have been able to protect my integrity.

“I am deeply grateful for such a great kindness. Master, do you have any plans? Tell me, I will definitely cooperate fully and have no objections.”

At this moment, the Fire Sovereign completely expressed his determination. He decided to help Ye Qiu with all his might and prepare for revenge.

However, Ye Qiu shook his head and refused. “There’s no need! All kinds of karma are involved here. It’s definitely not something the Fire Nation can bear. You just need to protect this last pure land. You don’t have to interfere in the rest.”

Ye Qiu didn’t accept their help. He had already obtained the information he wanted, so there was no need to stay any longer. After a while, he slowly stood up and said, “Yaya, let’s go! It’s time to go.”

“Ah! Hearing this, Yaya looked at her master in shock. She hesitated for a few seconds before standing up obediently. She knew that this trip was her million-mile trial path. If she wanted to become an immortal and completely grow up, she had to make some choices.

Nostalgia for the mortal world was definitely not a right choice. Only by abandoning one’s mortal heart could one transcend. She turned around and looked at her father reluctantly. Yaya solemnly walked up to him and kowtowed three times. “Father, Yaya is going to follow Master. If I succeed in the future, I will come back to visit you.”

There were tears in the corners of her eyes, filled with reluctance. Yaya made a difficult decision.

Even though she wanted to stay by her old father’s side and accompany him for a period of time. However, she also understood that on this immortal path, parting was always the norm. Only by having a firm mind could one walk further.

“Sigh... Good child, go! You have to listen to your master obediently and cultivate diligently. You don’t have to worry about family matters. Just like your aunt, make a new world and strengthen the aspirations of my Fire Nation. This way, I will be satisfied.”

The Fire Sovereign did not ask her to stay. He knew that his daughter would one day spread her wings and soar when she grew up. He could not always restrain her. Just like back then, when he sent his biological sister to the Heavenly Saint Mountain, the feeling of parting was extremely torturous.

As a father and a brother, even though he was extremely unwilling and wanted to keep his daughter and sister by his side to protect them, he also understood that his strength was limited. When the calamity came, he could not even protect himself, let alone them.

Therefore, the Fire Sovereign was relieved! Especially after this incident, his mentality had changed. Perhaps only by Ye Qiu’s side was Yaya’s best home.

Ye Qiu watched all of this silently and didn't disturb this scene of father and daughter.

#### Chapter 729 Giving Experience When You Go Out

This was because he also understood that the reluctance in Yaya's heart for her father would also be converted into longing for him in the future. If one day, he had no choice but to leave, Yaya would also suffer this pain.

Therefore, Ye Qiu had to let her understand these principles in advance and be able to withstand all the torture and pain. If she wanted to go further, she had to learn to grow on her own. She could not rely too much on her master, just like Lin Qingzhu back then.

"Big Brother, can't you wait a few more days? This scene looks a little uncomfortable." Bai Junlin couldn't bear to see such a scene. It had only been a day since the father and daughter reunited. Everything seemed to be in a hurry and there was no time to bid farewell.

Sometimes, Bai Junlin felt that his big brother was too heartless. However, he also admired Ye Qiu's heartlessness. This was because in the face of right and wrong, sometimes, if you weren't heartless, it would only make the situation worse. Therefore, you had to be ruthless!

Ye Qiu turned around and looked at him, saying, "Growth has a price. How can you endure the crueler competition on the path to immortality in the future without experiencing the pain of parting? You should understand this principle." Ye Qiu looked at Bai Junlin seriously. As one of the outstanding figures of the younger generation, it was impossible for him not to understand this principle.

Clearly, Bai Junlin knew very well as he had fallen silent. This was because all these years, he had been busy traveling around the various forbidden areas and starting an intense competition among his peers. He had almost died in battle a few times. That kind of urge was extremely torturous, be it in his body or heart.

Therefore, he rarely stayed at home. In order not to be left behind, he rarely even returned home, not to mention getting together with his old father. It was only after he was saved by Ye Qiu after the Crimson Dragon Mountain Range and went back to recuperate for a period of time that he could accompany his old father.

Thinking of this, Bai Junlin fell silent. "Yeah... Big Brother, I understand." With some comprehension, Bai Junlin stopped talking. When your opponent was still fighting desperately, if you stopped and lingered in the mortal world, you would only be left far behind by your opponent and completely buried.

Ye Qiu rarely told Yaya these great principles. Most of the time, he would teach her with practical actions. If she could understand a thing or two, it would be her greatest gain.

Clearly, Yaya had already understood her master's intentions. After simply bidding farewell to her father, she wiped the tears from the corner of her eyes and smiled sweetly. She said obediently, "Alright, Master, let's go."

Seeing this, Ye Qiu revealed a rare gratified smile. "Haha, silly girl! Don't worry, we'll be back." Ye Qiu wasn't really heartless. After being cold, he gave Yaya a trace of comfort. After a while, Ye Qiu said solemnly to the Fire Sovereign, "It's getting late. Sorry for disturbing you today. Everyone, I'll take my leave first."

After bidding farewell amiably, Ye Qiu was the first to turn around and walk out of the hall.

Yaya followed closely behind, and Bai Junlin was the last. Before he left, he even joked, "Alright, alright, there's no need to send me off! It's nothing. There's no need to give me any immortal treasures or immortal herbs. You're treating me like an outsider."

As soon as these words were spoken, everyone was dumbfounded. We didn't give it to him either! Was he hinting at something?

These words reminded the Fire Sovereign, causing him to suddenly wake up. Just as he was about to send over some gifts that he had prepared previously, he realized that the three of them had already left the palace.

Helpless, the Fire Sovereign could only give up! However, it didn't matter. In any case, he knew that Ye Qiu was on the Heaven Mending Divine Mountain. He could just get Jiang Ming to bring a few people and send them to Violet Cloud Training Hall.

At this moment, Ye Qiu and the other two had already left the Jiang Clan's palace and arrived at the capital of the Fire Domain.

"Big Brother! There's a secluded canyon in the northwest. It's vast and sparsely populated. It's filled with treasures. The Heaven and Earth Spirit Vein is located in the Ye Ancient Clan. Head south and pass through a death swamp, crossing through the black forest, there's a divine mountain. It's the Undying Divine Mountain, known as the forbidden land of life. Should we go to the Ye Clan or the Undying Mountain first?" Bai Junlin asked and pointed out the directions for Ye Qiu.

Ye Qiu thought for a moment and said, "Let's go to the Ye Clan first!"

Yes, every time he heard about the Ye Clan, his heart would palpitate inexplicably, as if he had some inseparable connection with the Ye Clan. Ye Qiu really wanted to figure out why he felt this way. Or to put it another way, the first person to treat the Fire Sovereign was a mysterious expert from the Ye Clan. He was the most suspicious.

Therefore, Ye Qiu had to make this trip to figure out if the Ye Clan was related to this matter. As for the Undying Divine Mountain, even if that didn't happen, Ye Qiu would still visit them. This was because he already had an unfinished grudge with the Undying Divine Mountain.

Back then, Gongsun Baizhi could be said to have schemed everything. Ye Qiu still had a score to settle with him. Moreover, the Undying Mountain also appeared in the Torch Dragon incident. Therefore, no matter what, Ye Qiu would go to the Undying Divine Mountain. It was just a matter of time.

"Damn it! Are the few of you blind? Get out of my way. Don't block our young master's path. Are you courting death?" Just as Ye Qiu and the others were still discussing, they heard a curse.

They turned around and saw a very luxurious carriage slowly approaching on the street. In that carriage sat a handsome and luxurious young master. He had two women in his arms and was enjoying himself.

There were three to five groups of followers around the carriage, protecting him. They were domineering and arrogant along the way.

"Yoho... Interesting." Bai Junlin had done this many times in the past. However, he did not expect that the role he played today was the one being chased away. His interest was piqued immediately. It felt different to have a different role. "Niece, go! Teach them what rules are. Don't be afraid. If anything happens, I'll bear the responsibility for you."

Bai Junlin smiled evilly and gradually became impudent. Such trash was not worthy of him attacking. It was a good opportunity for Yaya to practice.

Hearing this, a smile appeared on Yaya's face. She had actually learned most of her skills. However, she never had the chance to attack because many troubles had been resolved by her master. She rarely had the chance to attack.

Unexpectedly, she met someone who gave her experience as soon as she left. How could she not be excited?

"Hehe, thank you, Second Uncle." Yaya replied happily. She was extremely happy.

Ye Qiu didn't stop them. In the beginning, he didn't want to cause trouble. After all, serious matters were more important. However, after he saw the noble young master in the carriage and the King's seal on his forehead, Ye Qiu gave up on stopping Bai Junlin from fooling around.

Clearly, the King's seal on the noble young master's forehead was the same as Ye Qiu's.

Chapter 730 Ye Feng?

Yaya instantly became excited after obtaining her master's tacit approval. She rubbed her palms together and looked very cute. She strode forward. After her excitement, her aura instantly changed and her gaze turned cold. "Impudent! Who gave you the guts to act rashly in my Heavenly Fire Capital?"

This shout instantly attracted the attention of countless people on the street. The Fire Nation was in chaos now. All kinds of people intersected in the city, and intense disputes happened every day. Everyone was already used to such things. But this person's background seemed to be not small.

"That's the Ye Clan's flag, right?"

When everyone saw the flag on the carriage, everyone was excited. One had to know that the Ye Clan's strength was one of the best in the entire Nine Heavens and Ten Lands. The descendants of the Ye Clan were respected by tens of thousands of people and were supreme. No one dared to provoke them.

"Who is that person?"

Amidst their confusion, someone was curious about who the man in the carriage was. Soon, the sharp-eyed person instantly recognized the young man.

"It's actually Ye Xuan from the Sword Tomb!"

As soon as these words were spoken, the entire place fell silent. Someone asked curiously, "Who is Ye Xuan? Is he very powerful?"

"Ye Xuan, the second son of the First Elder of the Sword Tomb, Ye Wutian. This child is violent by nature, domineering, and obsessed with women. All these years, he has harmed countless innocent girls. He's not strong, but his brother is an out-and-out genius."

"Who's his brother?"

"Ye Feng!"

"What!"

As soon as these words were spoken, the crowd erupted! Even Ye Qiu looked over in confusion. "Ye Feng? Who is this?" He was puzzled. He had never heard of this person, but from the discussions of others, this person must be extraordinary.

"No way, Big Brother! You don't even know Ye Feng?" Seeing that Ye Qiu didn't recognize Ye Feng, Bai Junlin looked at him with disdain.

The corner of Ye Qiu's mouth twitched. "Why should I know him? Why don't you ask him if he knows me?"

"Hehe," Bai Junlin chuckled and said, "Big Brother, it's not that I want to criticize you, but you know too little about everything. Moreover, this Ye Feng is from your Heaven Mending Pavilion. You actually don't know him?"

"Hmm? Heaven Mending Pavilion?" Ye Qiu was stunned. He really didn't know anyone called Ye Feng. Was there such a person on the divine mountain?

In Ye Qiu's impression, among the geniuses of the Heaven Mending Pavilion's younger generation, other than the outstanding Ming Yue, the remaining geniuses who could catch Ye Qiu's eye seemed to be only a few left, right?

But among these people, there was no one called Ye Feng. The only one with the surname Ye was called Ye Qingxuan!

Seeing Ye Qiu's confused expression, Bai Junlin immediately understood that Ye Qiu really didn't know Ye Feng. "Alright! Let me introduce you.

"Ye Feng, the eldest son of the Ye Clan's Sword Tomb. He was born with a Saint Body and entered the divine mountain in the first year. In the first year, he passed the Heaven Mending Trial Grounds and entered the Martial Monarch realm in three years. Then, he spent another year and successfully broke through to the Deva realm."

Hearing Bai Junlin's words, Ye Qiu immediately frowned. "Interesting. Is this the benefit of having an innate Saint Body?"

Ye Qiu's interest was piqued. According to Bai Junlin's introduction, this Ye Feng must be an extremely outstanding figure. In just a few years, he had reached the Deva realm. Even Ye Qiu couldn't do this.

It had to be said that compared to these so-called innate supreme beings, there were too few things that Ye Qiu was proud of. Moreover, from Ye Feng's terrifying speed of improvement, the family behind him must have paid a lot. They must have relied on natural treasures to forcefully obtain it.

In comparison, Ye Qiu seemed very poor. He didn't have the support of his family and completely relied on himself, the system, and his four disciples to keep trapping children. Only then did he have such little savings.

Indeed, comparing oneself to another was infuriating.

"I heard that after Ye Feng broke through to the Endless Realm more than ten years ago, he went into seclusion and only came out recently. I wonder what realm his strength has increased to during this period of seclusion.

"According to his previous stunning performance, it shouldn't be difficult for him to establish the Nine Heavenly Sanctums." Bai Junlin said thoughtfully.

Ye Qiu shook his head and said, "It's his business to open a few Heavenly Sanctums. It has nothing to do with me."

Ye Qiu wasn't interested in discussing this topic anymore. He only signaled Yaya with his eyes to do as she pleased.

Yaya was delighted when she received her master's signal. What was there to be afraid of with her master's support?

However, before she could speak, the servant opposite her said arrogantly, "Little girl, you have a bad temper. Did you hear that? This is the young master of my Ye Clan. You probably don't know how much Prince Ma has if you dare to challenge us."

What Yaya hated the most was when others called her little girl, other than her master. She was immediately furious. She placed her hands on his hips and cursed, "What bullsh\*t Young Master Ye! Get down here!"

"F\*ck!" This fiery temper immediately gave Bai Junlin a fright. He did not expect such an obedient girl to have such an explosive side. On the contrary, Ye Qiu appeared much calmer because he had long known Yaya's personality. She was just more obedient in front of her master.

Hearing Yaya's curse, Ye Xuan's face instantly darkened.

"Young Master!" The servant in front of the carriage was scared to death when he saw him lift the curtain. He still wanted to explain something.

Ye Xuan pointed coldly at Yaya in front of him and said, "I'll give you two choices. First, kill her. Second, kill yourself."

As soon as these words were spoken, the atmosphere instantly reached its peak. A cold killing intent instantly covered the entire venue.

"Good lord! He's indeed cruel."

It was almost the same as the rumors. Ye Xuan's cruelty was not just for show. He looked coldly at Yaya with an extremely arrogant and rude gaze. The killing intent in his eyes was not hidden at all.

Everyone present was shocked by his words. There was actually such an arrogant person in the world who wanted to kill without asking who the other party was?

"Whoa, so arrogant! This is the first time I've seen someone more arrogant than me in all my years of traveling." These words shocked even Bai Junlin. He felt provoked. In terms of arrogance, he had never seen anyone more arrogant than him. He has broadened his horizons today.

The few followers beside him knew Ye Xuan's cruelty. Of course, they also understood that he was definitely not joking. In an instant, a killing intent enveloped them, and the few of them walked out.

The young man in the lead said with a gloomy expression, "Little girl, don't blame us. We have no choice but to obey Young Master's orders. Sorry for offending you."
