

The Vengeful Son-in-law Chapter 121 -

The Vengeful Son-in-law

Seeing this, Richard and the others became even more excited.

“Mr. Cook, what brings you here?” Richard smiled like a blossoming flower, bent down, maintained a respectful posture, and walked over to shake hands with Elliot.

When Elliot received Ryan’s call, he immediately put down his work and called the trading team in his company to rush over to the Scotts’s SK Company.

To be honest, when he arrived, he was very disdainful when he saw such a plain ugly office building. Compared to ZQ Inc, it was like the hell. He also didn’t understand why the chairman spent 100 million on SK Company, which was no different from throwing money into the garbage can!

The only explanation was that the chairman spent 100 million on girls, and it was Phoebe.

He had met Phoebe before. She was pretty and had a good figure. But spending 100 million on such a young woman, Elliot would never be able to do it. He could only sigh that the chairman really had money to burn, and ordinary people like him couldn’t understand.

Advertisement

When he saw Richard coming over, but he didn't find Ryan. He frowned slightly. Ryan on the phone said that he was already at SK Company. Why didn't he find Ryan yet?

Since he was not around, there was no need for him to put on a respectful posture. After all, he was the president of the great ZQ Film & TV. He was in a high position, rich and powerful, much more distinguished than Richard.

He shook hands with Richard and smiled faintly, "I came to SK Company because there is a big shot who is interested in your company and wants to buy some shares."

Hearing this, Richard's heart beat violently!

Advertisement

It was true!

This was great news for the Scotts. Others could not help but express their surprise.

"Wonderful! Welcome!" Richard laughed and said, "Mr. Cook has a unique vision. Our company is just expanding the scale and plans to add a few more production lines. We just need to be financed and you are here. It seems that we have telepathy."

Faced with Richard's flattery, Elliot smiled calmly and did not say much. The reason why he came here was purely to cooperate with Ryan's show-off. But now, Ryan hadn't shown up yet, which made him a little confused and asked, "Mr. Scott, are these the only people who want to talk to me about business?"

Richard didn't quite understand what Elliot meant. He thought Elliot was not satisfied with their small number of people. He quickly said, "Yes, Mr. Cook, the board of SK Company are all here. We attach great importance to your arrival! This is... This

is...

As he spoke, he began to introduce these people behind him. Every one of them was thrilled as they were drugged. They held their head high, trying to impressing Elliot.

Elliot frowned more harshly. "Are they the only ones?"

When Richard saw Elliot's expression, he suddenly had a bad feeling, but he still squeezed out a smile and said, "Mr. Cook, I don't quite understand what you mean. Who are you looking for?"

Advertisement

Elliot did not answer. Instead, he took out his phone and looked at the message sent by the chairman. It was true that the chairman was here. He simply asked, "Where's Mr. Howard?"

"Mr. Howard?" Richard was stunned. This was the Scotts's company. Why did he mention Mr. Howard? There didn't seem to be any Howard on the board of directors, but Elliot had already asked, which meant that Elliot was probably called by Mr. Howard. He quickly winked at Zack and the others behind him and asked them who this Mr. Howard was.

But they all looked at each other in confusion.

Richard smiled bitterly and said to Elliot, "Mr. Cook, this Mr. Howard you mentioned, is he from SK Company?"

"I don't know about that. Anyway, I'm here for Mr. Howard. If Mr. Howard isn't here, I'm sorry. This investment can only be canceled." Elliot looked like he was about to leave as he spoke. Richard and the others were scared into cold sweat and said hurriedly, "Mr. Cook, please! Would you mind telling me what Mr. Howard's full name is, what does he look like, and how old is he?"

Elliot paused and said, "Mr. Howard is 26 or 27 years old. He is tall and strong. He is 1.83 meters tall, very handsome. Most importantly, Mr. Howard is very dignified."

After hearing Elliot's description, everyone was still in a daze. They couldn't figure out who this Mr. Howard was. There was no such a person in SK Company.

However, at this moment, a person with a strange expression said softly, "It can't be, Ryan, right?"

It was exactly what she said. Ryan's image flashed across her mind when she heard the description, "Isn't that Ryan the one who fits Elliot's description?" She thought.

When she said this, everyone heard her immediately, and someone denied instantly, "Impossible! Ryan is just a trash. Mr. Cook is such a noble big shot. How can he come for him?"

Indeed, in their opinions, Ryan was an ignorant, cowardly, and incompetent useless loser. For so many years, he couldn't even find a job. How could he possibly know a business tycoon like Elliot?

"That's right. It can't be Ryan. Don't even think about it!" Zack shook his head hard.

For some reason, he had a bad feeling that his heart was beating faster.

In his mind, he couldn't help but think of what Ryan had just said and Ryan's absolute confidence.

When Elliot heard what they said, he immediately knew what happened here and scolded them with a serious face, "Shut up! How dare you criticize Mr. Howard behind his back? How dare you call him without any respect!"

Faced with Elliot's scolding, they all felt their scalp numb and swallowed heavily. Most importantly, it was unbelievable that Mr. Howard that Elliot mentioned was really Ryan?

They even suspected that they were dreaming, which was unreal!

The expression on Richard's face changed wildly, and then he asked carefully, "Mr. Cook, the name of Mr. Howard you mentioned is Ryan?"

"That's right. It was Mr. Howard who asked me to talk about the investment." Elliot nodded and frowned, "What? Did you offend Mr. Howard?"

Seeing Elliot's gloomy look, Richard felt numb and his hands and feet turned cold. He swallowed his saliva fiercely. There was only one thought in his mind. It was over. Elliot was called by Ryan, and they had already offended Ryan to the extreme!

With this in mind, he really wanted to die.

Other people, including Victor and Zack, also opened their mouths wide and looked as if they had seen a ghost...

The Vengeful Son-in-law Chapter 122 -

The Vengeful Son-in-law

They couldn't figure out how Ryan knew Elliot, and Elliot called him Mr. Howard with such a respectful attitude.

They only realized that they had made a mistake. They were screwed. They had offended Ryan.

Elliot realized that these people had offended the chairman completely!

For a moment, he also began to panic. This time, he was specifically instructed to come to the Scotts's SK Company. If he was late and did not complete the task assigned by the chairman, and was blamed by him, then he would be screwed!

The most hateful of all was the Scotts group, who had the audacity to offend the chairman.

"You guys offended Chairman... Mr. Howard?" Elliot's tone was cold and fierce, which froze the air around. "You guys have the guts to offend Mr. Howard? How dare you!"

Richard swallowed hard. He, who was completely flustered, said to Elliot hurriedly, "Mr. Cook, is there a misunderstanding between us? Mr. Howard is the son-in-law of us. He's ignorant, submissive, and incompetent. You must have mistaken him for someone else, right?"

"What?" When Elliot heard Richard's words, he couldn't help but be stunned. The chairman was the son-in-law of the Scotts? This was too shocking!

Advertisement

Even with Elliot's intelligence and experience, he was stunned for a moment and could not react at all.

"Yes, Ryan is indeed our the Scotts's son-in-law. He's quite useless... Well, is there a misunderstanding?" Richard asked carefully.

Elliot, who came back to his senses, was also full of doubts, but he did not jump to a conclusion easily. Instead, he said in a deep voice, "Take me to see Mr. Howard."

Now that things were completely out of Richard's control, he had no choice but to do what he was told. At this time, he could only pray in his heart that Mr. Howard was not Ryan, but someone else. Otherwise, he would not dare to imagine the consequences.

On Ryan's side, he and Phoebe were locked up in the conference room by the Scotts.

Advertisement

Phoebe, who was restless, walked around with worry all over her face, which made Ryan dizzy. He held Phoebe's hand and said helplessly, "Phoebe, sit down. Don't turn around. I'm dizzy."

"How dare you say that! You've got in a huge trouble when you hit Zack and Wesley and the others. Hey, I told you not to send me to work and not to come to the company, but you didn't listen. Now, something really happened! Ryan, you piss me off!" Phoebe said angrily and anxiously. Now she was in a daze and her mind was in turmoil.

After being held by Ryan, she reflexively felt guilty. She hurriedly pushed Ryan away and looked at the door of the conference room. Subconsciously, she thought that the chairman of ZQ had also come over, afraid that he would see her.

Ryan said with a smile, "Phoebe, don't worry. Everything will be fine. I'll bet you that grandpa and the others will definitely apologize to us and beg us to forgive them. Do you believe me?"

Phoebe immediately cast an angry look at him, pinched Ryan hard, and scolded, "Ryan! I can't believe you are still joking! Why didn't I realize that there's something wrong with you? This joke of yours is not funny at all."

The Scotts, who were supervising them in the conference room, burst out laughing. "Haha, it's hilarious. Ryan is such a fool. He could still dream when death is at hand."

"That's right. He's crazy. He really think he's a big shot. He even fantasizes about grandpa apologizing to him. Why doesn't he go to heaven?"

"Poor Phoebe. She married such a lunatic. He's hysterical. What a pity" They all gloated and mocked.

Just then, the door of the conference room was opened. Richard and Elliot walked in, followed by a group of people.

Advertisement

The expressions on each of them were not calm, with apprehension and anxiety.

Elliot, who was sharp-eyed, saw Ryan at a glance when he came in. Seeing that Ryan was dressed neatly and looked relaxed, and he did not look beaten up, he was much relieved.

He was really afraid that the chairman would be beaten up here, and he would be blamed. If the chairman blamed him for his incompetence and demoted him, he would be screwed.

Ryan saw Elliot with a smile, making eye contact with him.

Phoebe was also nervous all of a sudden. She hurriedly looked over and saw only Elliot, without the familiar figure. She was disappointed!

Richard said, "Mr. Cook, this is our the Scotts's son-in-law. You must be mistaking him for someone else." Ignoring him, Elliot walked quickly to Ryan, bent down slightly, and said in a respectful tone, "Mr. Howard!"

In an instant, there was a strange silence in the conference room.

Everyone's eyes widened in shock. To them, this scene was extremely shocking.

Everyone in the room was clear who Elliot was. He was the president of the ZQ Inc, a billionaire with a high position. He was a real business tycoon. But Ryan was just a useless son-in-law?

Phoebe was also astonished.

She was more surprised than when she felt Malcolm's respect for Ryan.

Because Elliot was a familiar figure in their circle, and they all knew how awesome he was.

It was no exaggeration to say that the scene in front of them was as if they were filming a movie. It was absurd! Ryan nodded gently and said, "Why are you so late? I've been waiting for you for a long time."

Hearing Ryan's complaining, Elliot bended his waist even lower. He wiped the cold sweat off his forehead and said hurriedly, "Mr. Howard, there's a traffic jam on the road. It took some time."

“Well, leave early next time. Don’t make me wait that long.” Ryan stood up, stretched and said.

“Yes, okay.” Elliot nodded quickly.

Then he said, “Mr. Howard, I brought the contract and the proposal here. Is it the right time to talk about the investment?”

Elliot was a smart man. His ability to climb from scratch to where he was today was not because his ability in business. His high EQ and an outstanding ability to observe people shall take the credit for it. Just like now, with a look of Ryan’s eyes, he understood what Ryan meant. He did his part perfectly. He cooperated with Ryan without asking much or saying much.

“No need.” Ryan shook his head and said, “the Scotts has nothing to invest in. Let’s invest in other companies. I heard that TD Company next door is quite good.”

Richard and the others were astonished after hearing heard Ryan’s words!

TD Company was one of their competitors. If Elliot invested in them, the Scotts might not see the light in the future.

The Vengeful Son-in-law Chapter 123 -

When Phoebe heard this, she was dumbfounded. She could not regain her senses at all. She just looked at Ryan in a daze and let him hold her hand and leave.

Bang.

Wesley, who had just stayed in the conference room, was stunned by the scene. The phone in his hand fell to the ground.

The noise also woke the other members of the Scotts up.

Richard said hurriedly, "Mr. Cook, wait!"

He stood in front of Elliot, looking bitter and panic-stricken. He said, "Mr. Cook, you have misunderstood us. It's absolutely a misunderstanding! We don't know that the Mr. Howard you're talking about is our son-in-law of the Scotts."

At this time, no matter how many questions and disbeliefs he had in his mind, he could only bury them in his heart. No matter what, he had to keep Elliot here!

Advertisement

Because the Scotts had no other ways, there was no room for retreat. Once Elliot left, SK Company would definitely go bankrupt.

The consequences of bankruptcy were unacceptable to all of them.

Elliot said coldly, "It's useless for you to tell me this. You must bring Mr. Howard around." "It's..."

Richard's face was very bad. To be honest, it was too hard for him to give in to Ryan. It was more painful than hitting him directly on the face!

But now, he had no other choice.

Advertisement

So he gritted his teeth and walked up to Ryan, trying to squeeze out a smile and said, "Ryan, why you didn't tell me about your relationship with Mr. Cook? Grandpa misunderstood you just now."

For the first time in so many years, Richard had called him Ryan, and for the first time, Richard had given in to him. He had to say that he felt great about it.

Richard, this old man, was very arrogant and had absolute authority in the Scotts. Phoebe and her parent were extremely afraid of him.

When the people from the Scotts in the conference room saw this situation, they looked terrible. They felt an unprecedented

humiliation. Thinking of what they had just said, it was a slap in the face, so hurtful!

In particular, Zack, he still felt the pain on his face. Ryan's gorgeous change really made him unable to understand, extremely unwilling, and kept reading in his mind, "Impossible, impossible..."

In fact, every one of them felt that it was too unreal. They could not understand what method Ryan used to make Elliot so respectful. This was completely out of reality!

Ryan smiled and said, "Hehe, a misunderstanding? I just told you that I would take out a sum of money to invest SK Company. Unfortunately, none of you believed me and mocked me fiercely."

Richard had ever suffered this, especially in front of so many younger generations? His face looked terrible now, and he gritted his teeth. When he saw that loser Ryan was so complacent, he was extremely angry and wished he could slap him in the face!

But he didn't dare. Now Ryan was his God of Wealth. If he offended Ryan, the Scotts would be ruined.

Was there anything more absurd than this in this world?

Advertisement

Soa, he had to squeeze out a smile again, which was even worse than crying. He said, "Ryan, grandpa was wrong about you just now. Don't be angry. I apologize. I'm sorry. Forgive me, okay?"

Richard was old, behaving in arrogant manner for most of his life. It was worse for him to apologize to a useless son-in-law than to kill him! His face was burning with pain.

Ryan was not a mean person. On the contrary, he respected the old and loved the young. However, he had no respect for Richard at all, only disdain and disgust. In the four years at the Scotts, he saw clearly how mean Richard treated Phoebe and humiliated him.

Phoebe, on the side, was happy to see her arrogant grandfather lowering his head. If it weren't for Ryan, she would never have such a chance for the rest of her life!

Indeed, Richard was her grandfather, but Richard had never loved her since she was a child. She only had awe and complaints to Richard.

Ryan chuckled and said, "There is no need. You're Phoebe's grandfather. How can I afford your apology?"

Richard gritted his teeth and said, "Then the investment in SK Company..."

Ryan interrupted, "No need to invest in SK Company. My money doesn't grow on trees. I can't afford such a loss." He was about to pull Phoebe away.

Richard immediately became anxious and hurriedly stopped Ryan and said, "Oh, how can you lose money? SK Company is only temporarily broke in the capital chain. As long as we make up for it, we can immediately return to normal operations. With the

current situation in H City, it's easy to make money! Besides, Ryan, you're my son-in-law. You can't just sit there and watch us die!"

"Let you die?" Ryan was immediately amused. "What a harsh sentence. Today, you forced Phoebe by these. You didn't care about she is your family at all, and you slapped Phoebe in the face. Now that I just want you to die, so what?"

Richard gritted his teeth and his face was very angry. He tried to burst into anger several times, but he held it back.

Seeing him like this, Ryan sneered even more and said, "You don't have to bear your anger. Just let off steam if you want to. Anyway, you've always been like this. Dignity is more important than anything. You don't care about other people's dignity. Just like before, just keep calling the police and ask the police to arrest me and go to jail."

Victor couldn't listen to this anymore. He stood up and shouted at Ryan, "Ryan! Don't go too far! No matter what, the person standing in front of you is your wife's grandfather!"

Ryan glanced at Victor, smiled meaningfully, and then said to Richard, "Grandpa, you heard it. Uncle is still scolding me. It seems that this deal can't go on. You should wait for someone else to save you."

Phoebe looked at Ryan strangely. She did not know what had happened to Ryan. She had never seen him like that before.

Richard's face turned even worse. He glared at Victor and scolded, "Shut up, bastard! It was indeed our fault for insulting Ryan just now! Hurry up and apologize to him."

"Dad..." Victor was immediately unhappy. Asking him to apologize to Ryan was equivalent to slapping him in the face.

"I'll count to three, or you'll get out of the Scotts!" Richard's expression was terrifying and dignified. Everyone felt his anger and seriousness.

Victor shivered. He didn't dare to disobey. He regretted it in his heart. If he had known, he would have stopped talking!

Now he had to bow his head to Ryan and apologize honestly, "Ryan, it's my fault. I'm sorry."

Awesome.

Ryan felt comfortable all over.

Phoebe also smiled. Before Ryan came, she was scolded by Victor so many times.

Richard said again, "Ryan, are you satisfied with this?"

Ryan smiled and said, "Grandpa, why I felt some resentment in your tone? Are you reluctant to apologize?"

Click. Richard clenched his fists and shouted "bastard" in his heart countless times, but outwards, he did not dare to show it at all. He could only force himself to bear it and show a more humble smile, "How could that be? Ryan, you are the son-in-law of the Scotts. Now that you are powerful, I'm more happy than ever!"

Ryan laughed and didn't bother to tease Richard. He said directly, "It's not impossible to invest SK Company..." Richard's eyes lit up and he looked up in surprise. "Really? That's great! Ryan, I knew you wouldn't let us die!" Other members of the Scotts also beamed with joy and excitement.

Ryan kept speaking, "I haven't finished my sentence yet. Why are you happy like that? I mean, I can invest in SK Company, but the decision is up to Phoebe. If she nods, I can sign the contract immediately and draw money in. Of course, if Phoebe doesn't agree, then the deal is off."

For a moment, all of them looked at Phoebe with complicated expressions. Phoebe's mood was the most complicated.

Now, how could she not understand that Ryan had done so much just to please her...

The Vengeful Son-in-law Chapter 124 -

**The Vengeful
Son-in-law**

Ryan finally invested in SK Company.
Because Phoebe finally agreed.

Everyone in the Scotts, including Richard, bowed their heads and apologized to Phoebe. Their attitude were rather sincere.
Those who didn't know the situation thought that the Scotts was such a loving family.

Phoebe was a soft-hearted person. Even if she knew that their apologies were fake and only temporary, she still nodded in the end and couldn't bear to see SK Company go bankrupt.

Ryan did not break his promise and asked Elliot to hand over, intending to invest 100 million dollars. Of course, he couldn't take out this money at once, but twice. The first he would give 40 million dollars, and the second time 60 million.

Moreover, Ryan directly bought 55% of SK Company's share, which was equivalent to buying the decision-making power, and then the 55 % shares were transferred to Phoebe. In other words, Phoebe was the largest shareholder of SK Company now, and directly became the chairman of the board.

At first, the Scotts did not agree, saying that Ryan's approach was beyond limits. Later, Ryan refused to give in with a strong attitude gave them no way out, so they had to agree. Otherwise he would withdraw the investment. After all, although their shares had shrunk, their annual dividends had actually risen with this investment.

Advertisement

After all the procedures, Ryan didn't stay inside anymore. He wanted to come out and get some air.

Elliot received Ryan's gaze and he withdrew quietly.
"Mr. Chairman."

Walking to the corner to make sure there was no one around, Elliot called out respectfully.

Ryan regained his cool demeanor as he was in the ZQ Inc, nodded gently and said, "You did a good job today. I'm very satisfied." Elliot was overjoyed inward. Outwardly, he bent down more respectfully and said, "You've been taught us well!"

Ryan smiled and said, "Okay, you don't have to flatter me. I know you have a lot of doubts, but there are some things that you shouldn't know and get involved. Don't talk too much. I believe you know that curiosity can kill the cat."

Advertisement

Elliot quickly lowered his head and said, "Don't worry, Mr. Chairman. I won't!"

“Well, that’s it. When you get back, arrange a few elites to come over and help my wife. This 100 million investment is not for nothing.” Ryan ordered.

“Understood!” Elliot immediately said seriously, indicating that he would carry out his instructions.

He still had some cold sweat on his forehead. Originally, he was really curious about Ryan. Why a uxorialocal son-in-law of the Scotts, with a humble status, could be the chairman of the ZQ Inc. His intuition told him that Ryan was not a nobody as he showed. But now, he did not dare to have this idea, because Ryan had read his mind. He completely believed that if he secretly investigated Ryan’s background, once discovered, then Ryan would never let him off lightly!

He was a smart man. He always knew the situation and made wise choice. That was why he could survive in this circle for so long without any enemies.

Because sometimes, curiosity could really kill people.

Coincidentally, Phoebe also came out. She walked over from the corridor and saw Elliot being submissive in front of Ryan. Her brows furrowed and she was filled with endless doubts.

Today, Ryan showed his power, but his action also brought endless confusion.

Ryan noticed Phoebe’s arrival, quickly put away his cold aura, bent down, held Elliot’s hand with both hands, and said gratefully, “Mr. Cook, thank you so much for your help today.”

Advertisement

Elliot was obviously stunned for a moment, then he quickly reacted and said, “Mr. Howard, it’s okay. This is what I should do.” Ryan continued, “Mr. Cook, I’ll treat you to dinner another day.”

“Okay.”

At this time, Phoebe came over. Seeing them being so friendly, she frowned even more and said, “Mr. Cook, how did you know Ryan?”

Elliot and Ryan had already made up their story in advance. He smiled and said, “Mr. Howard is a good friend of our chairman. I just listened to the chairman’s orders to cooperate with Mr. Howard.”

“What?” Phoebe’s eyes immediately widened, surprised that Ryan actually knew chairman of ZQ Inc?

When Ryan saw Phoebe's surprised look, he was actually quite guilty. After all, he helped in the name of ZQ Inc this time, and his figure was so similar to chairman of ZQ. He didn't know if he could deceive Phoebe.

Phoebe's heart beat faster all of a sudden. She didn't expect Ryan to know chairman of ZQ Inc! So, what happened between her and the chairman...
For a moment, Phoebe's mind became complicated again, a little confused.

When Elliot saw this, he didn't dare to stay and ran away. Ryan and Phoebe were the only left ones. After a while of silence, Ryan broke the silence first. "Phoebe, you will be the chairman of SK Company from now on. You can do whatever you want. Don't be afraid. If anyone still dares to disobey you, you can fire him directly."

Phoebe didn't answer. After a while, she looked up at Ryan and asked, "How did you know chairman of ZQ Inc? Why didn't you tell me?"

Ryan had already made up his story and said, "He's my childhood friend. We haven't been in touch for a long time, and I just reconnected with him a while ago. As for why I didn't tell you, even if I told you, I'm afraid you wouldn't believe me, so I just keep it secret."

Phoebe was in a mess. She couldn't tell if Ryan was lying. She gritted her teeth and said, "It was all because of you that he lent me money so generously and saved me from Brian?"

Ryan nodded. "Yes."

He was complacent, thinking that Phoebe would definitely be moved. He straightened his back and waited for Phoebe's gratitude. Suddenly, he realized something was wrong. Phoebe's face was much paler, and her expression was not good. She clenched her fists, struggling and unhappy.

Ryan's heart skipped a beat and he quickly explained, "Phoebe, I didn't mean to lie to you..."

Phoebe suddenly looked up and stared straight at Ryan, saying, "Ryan, you're such a self-righteous guy. You hurt me!" After saying that, she stopped talking to Ryan and turned around to run away. Tears welled up in her eyes.

Ryan was stunned. What was going on?

He had helped her many times, so why did it turn to be hurt?

The Vengeful Son-in-law Chapter 125 -

The Vengeful Son-in-law

Phoebe knew that she had lost her composure. Her behavior was unreasonable in the eyes of normal people.

However, she could not control herself. Ryan's words made her collapse. It turned out that she had been wishful thinking on her own all along. The Chairman of ZQ Film & TV saved her for Ryan's sake. Knowing this, she was really sad.

After signing the contract, Phoebe officially became the Chairman of the SK Company. The news quickly spread. Rory knew the news that day, but he was so scared that he jumped up on the spot. It was unbelievable!

He was still waiting to see the SK Company go bankrupt, and the Phoebe family go down. After he finished dealing with Ryan, he would take advantage of the situation and take Phoebe down. Unexpectedly, God had made such a big joke on him.

A hundred million dollars of investment and this was not a small sum of money. One shall know that even he would not take out this sum of money easily. The point was that the SK Company was completely worthless and it was not worthy of being invested.

Moreover, the one hundred million dollars was paid by ZQ Film & TV. This was more interesting and made people think more.

Advertisement

Rory was in a bad mood. Later, he found out that Ryan seemed to know the mysterious Chairman of ZQ Film & TV who was his childhood friend. That was why the Chairman was willing to invest 100 million dollars in SK Company!

The chair was really rich. No wonder he invited the Chairman to dinner a while ago but he was rejected directly.

At the same time, it also made sense why Malcolm was so respectful to a trash like Ryan. It turned out to be like this.

To be honest, he was very unhappy and jealous of Ryan. How could such a trash know such a big shot as the Chairman? But a talented person like him couldn't make friends with the Chair. God was unfair!

Fortunately, he had foresight and went to find Mr. Potter.

"Hmph, Ryan, so what if you know the Chairman? Mr. Potter is the underground emperor of H City. He controls everything. In H City, no one, even the Howards, can protect the people Mr. Potter want to touch!" He thought.

Advertisement

After figuring this out, he had a morbid excitement in his heart. The deeper Ryan's background, the more he felt accomplished.

There was nothing more satisfying than destroying a powerful opponent with one's own hands!

However, there was still no news from the Mr. Potter's side, which made him a little anxious. He didn't know when Mr. Potter would take action. But because of Mr. Potter's authority, he didn't dare to ask.

The news was also spread to James and Elizabeth. When Phoebe and Ryan returned home, they were immediately surrounded.

Elizabeth said excitedly, "Phoebe! You are now the Chairman of SK Company? Is this true? This is what my family says."

James's face was also flushed with excitement. "There's no lie. This has been confirmed! My daughter has become a successful person. She's the Chairman of SK Company!"

Elizabeth added, "Phoebe, tell me what's going on? Why is the old man willing to give his position to you? I heard that you've got a new investment and SK Company is back from the dead. Is that true?"

"Yes, Phoebe. I didn't get through to you just now. Can you tell dad what's going on? Which big boss invests in the SK Company? Is it Martin? Or Rory?"

“In my opinion, it must be Rory!” Elizabeth said firmly, “Rory likes Phoebe, and he is the son of the TF Company. He is very rich! This is true love. I really didn’t expect Rory to have such deep feelings for Phoebe! So, we wronged him yesterday. We shouldn’t embarrass him.”

James also nodded and said, “Well, that makes sense. Rory, this child, bought a fake for us just to please us. He’s not a bad person, but he’s much better than Ryan.”

Elizabeth said angrily, “Don’t mention Ryan! I’ll be angry if you mention him! The blue and white porcelain worth 30 million dollars is gone! Yes, I did break the blue and white porcelain, but if he doesn’t take it to the hotel, instead, he brings it home in the first place and tells us honestly, will I break it? This trash is never able to achieve anything!”

Advertisement

They chattered incessantly. Just at this moment, Ryan walked in from the door with two bags of things and he heard them.

Phoebe was already in a fretful mood. As soon as she entered the house, she heard them making noise, which was even more annoying. She frowned and scolded, “Can you stop for a while? Don’t think yourself clever as you know nothing. I tell you, this money was invested by Ryan, and it has nothing to do with Rory!”

“What?!”

“How is that possible?”

James and Elizabeth were shocked and they both found it unbelievable.

Phoebe had already pushed them away and walked towards the room.

Elizabeth thought of something and quickly asked, “Phoebe, are you kidding? Where did Ryan get so much money?”

Phoebe ignored her and went into the room and locked the door.

Ryan put the things down and said with a smile, “Mom, Phoebe is right. I did invest it in the name of Phoebe.”

Hearing Ryan’s words, Elizabeth felt that he was joking. At this time, James received a call. He listened to a few words, looked up abruptly, looked at Ryan in shock, and blurted out, “Ryan, you, you invested a hundred million dollars?”

Ryan nodded and said, “Yes.” This time, Elizabeth and James’s expressions were extremely complicated! “Where did you get so much money?” Elizabeth thought of this and asked hurriedly.

James's eyes were also wide open. If it hadn't been confirmed by the phone call, he wouldn't have imagined that Ryan, such a trash, could have gotten so much money.

Ryan said casually, "I borrowed it."

Elizabeth had a resolute expression, then she frowned and said warily, "I tell you, this money has nothing to do with us! We won't pay it back for you!"

She didn't ask where Ryan borrowed it and she quickly distanced them from the money.

Ryan rolled his eyes and was speechless. Fortunately, he had already figured out his mother-in-law's character. Otherwise, he would have been furious. "Don't worry, this is my own debt. It won't affect you."

"That's better." Elizabeth nodded. Then she learned from Ryan that the one hundred million dollars was actually spent to buy 55 % of SK Company's shares directly and the shares were all transferred to Phoebe. Ryan had no benefits from it at all. She breathed a sigh of relief and despised Ryan in her heart. She thought that Ryan was indeed a fool. This kind of loss-making business could be done by him.

The Vengeful Son-in-law Chapter 126 -

After coming back from the company, Phoebe had been in a bad mood. She exhibited coldness on her face, which seemed like just saying, 'I'm very unhappy. Don't talk to me.'

In this regard, Ryan regretted it a lot. If he had known it, he would not use the title of chairman of ZQ Inc, instead, he would use his own name, and how good would it be!

During the process, he tried to talk to Phoebe and apologize to her, but Phoebe ignored him and was still angry. This made him very upset.

When Phoebe went to bed at night, she also locked the door, not letting Ryan in, which was no different than asking him to sleep on the sofa outside.

Alas...

Ryan sighed and slapped himself hard!

Ryan believed he was such a fool, with such low emotional intelligence that he didn't even realize Phoebe hated the chairman of ZQ Inc. When the thing was happening at that time, he was even feeling proud of himself.

Advertisement

Thinking back, Phoebe had been embarrassed by ZQ's chairman over and over again. Judging by Phoebe's proud character, how could she still have a good impression of ZQ's chairman?

As for Phoebe had a crush on the chairman, Ryan didn't think about it at all. It seemed that he should not mention the chairman in the future, lest he made Phoebe angry again.

Ryan thought he had found the truth. If Phoebe knew what he was thinking, she would be furious to death.

The next morning, Ryan was woken up by the phone. He picked it up and saw that it was a strange number. He couldn't help but frown. Who was it? According to normal sense, few people knew his number.

Maybe it was some salespeople, so he simply hung it off. It was still early, and he wanted to sleep a little longer.

Not long after, however, the phone rang again. He hung it again and muted it.

Advertisement

But even so, the person called him persevered and called again. There was no ring, but the phone kept buzzing and shaking. As a result, Ryan did not want to sleep at all. He picked up the phone and said impatiently, "Who is it? It's early in the morning, don't you know it's bedtime?"

The person on the other side of the phone did not respond immediately, but after a while, a voice with the sense of being wronged came through, "Why are you so angry? I just wanted to ask you out for lunch..."

Was it the soft voice of a girl?

Ryan was a little confused. Who was it? He didn't seem to have any female friends in H City.

"Who are you?" Ryan asked.

Unexpectedly, the person on the other side of the line felt more aggrieved, "Ryan, can't you even hear my voice? I'm Kaylie. We just met yesterday."

Kaylie?

Ryan was stunned for a moment, and then he remembered that it was that tomboy who was dressed as a man, "It's you. It's so early. What's the matter?"

Kaylie rolled her eyes and said, "Are you forgetful? Didn't I just say that I wanted to invite you to lunch?"

Advertisement

"No need. I'll eat at home."

"Actually, I mainly want to ask you out. Can you go with me to buy a car? I don't know how to choose a car by myself." "Buy a car?" Ryan was stunned for a moment and then said, "Don't you have no money? How can you buy a car?" Kaylie said, "That's why I asked you out. Can you lend me another 300,000 dollars? I want to buy a car for a ride." Ryan did not know what to say, "..."

He was speechless. Not long ago, he had just lent 100,000 dollars to Kaylie. It had only been two days, and she wanted to borrow another 300,000 dollars. She really thought of him as an ATM.

"No money." Ryan refused without hesitation.

Kaylie immediately said, "Don't be so mean. I'll pay you back!"

"Miss, are you overestimating our friendship? We just met by chance..."

"Then I won't pay you back the hundred thousand dollars." Kaylie snorted.

Ryan was almost choked. How could there be such a shameless woman?

If only he had known, he shouldn't have meddled in and be fooled by Kaylie. Anyway, a few million dollars was not big deal for Kaylie.

In the end, Ryan agreed to Kaylie, not because he was afraid of Kaylie's threat, but because he suddenly thought that he also seemed to need a car. Judging by his current status, it would not last long for him to take a taxi to work every day.

After breakfast, Phoebe went to work. She was still angry and treated Ryan in a cold manner.

Ryan was very sad, but there was nothing he could do for now.

He went to the ZQ Inc first and was busy working until 1.p.m in the afternoon. When he received a call from Kaylie, he suddenly remembered that he was going to accompany her to buy a car.

He hurriedly ate some food in the dining hall, then took a taxi to the place that Kaylie said, which was located at a street full of stores that were specialized in selling cars.

"I'm here. Where are you?" Ryan called Kaylie.

Kaylie said, "I'm at the Audi store. Come over."

Ryan frowned and said, "Didn't you say you wanted to buy a car that was less than 300,000 dollars? Why did you go to the Audi store?"

Kaylie seemed a little guilty, evasive, and she said, "Oh, I'm just waiting for you here. I don't have to buy it. Come here first. I'm stuck with a guy here. I hate him."

Indeed, Ryan vaguely heard a man's flattering voice over the phone.

Ryan didn't know if it was his illusion, as he even felt that this man's voice sounded a little familiar!

"Okay, I'll go over now." Ryan responded unhappily and started looking for an Audi store. There were stores selling all kinds of cars, and Ryan had walked for more than ten minutes before he found the Audi store.

As soon as he entered, he was stopped by a salesperson, who asked kindly, "Sir, are you here to buy a car? What kind of car do you want to buy?"

"I'm here to find a friend. I'm not buying a car for the time being." Ryan said with a smile.

Hearing Ryan's words, the enthusiasm on his face immediately faded by more than half. He faintly uttered an "Oh" and was no longer in a mood to greet Ryan.

Seeing that Ryan dressed in ordinary clothes bought from street stalls, other salespersons thought he was obviously an ordinary worker, not a rich man. They believed that such a man could not possibly afford a luxury car like Audi. They also had no desire to talk to Ryan, which in their views would be a waste of time.

Ryan smiled indifferently at the coldness of the salesperson. He had been used to it for a long time and was enjoying this quietness.

But he swept around and didn't see Kaylie. Where did this girl go?

However, just as he was about to call Kaylie, suddenly, he saw a beautiful figure coming out of an Audi A7. Who else would it be but Kaylie?

Next to Kaylie stood several salespeople, who treated her in a proper manner.

"Miss Knight, this Audi A7 is the latest model. It suits your temperament very well. The price is not expensive either. It only costs 800,000 dollars in total. Besides, we have the car in our store at the moment, and you can drive it in three days." A salesperson introduced it and kept glancing at Kaylie's face.

Just as the salesperson turned around, Ryan saw his face clearly and was stunned. Wasn't he an acquaintance?

The Vengeful Son-in-law Chapter 127 -

The Vengeful Son-in-law

He was indeed an acquaintance, Charles, who he had met at Phoebe's junior school reunion a while ago.

Ryan had some friction with him. He had taught Charles a lesson, but he didn't expect to meet him here.

The point was, didn't Charles say that he was a successful businessman? Why did he work here as a salesman?

Ryan was surprised and he didn't go over immediately. After all, Charles must have recognized him. He decided after going out to call Kaylie and tell her to buy another car in another store.

Kaylie nodded and said, "It's really good. The power of 3.0t is enough."

When Charles heard her words, he immediately showed a surprised expression. "Yes, Miss Knight, when are you going to book the car? This one is the best sale. If you don't book it in time, I'm afraid it will be sold soon. Just two days ago, many bosses came here to ask about it."

Kaylie said, "I'll wait for my friend. I will book it when he comes."

"Oh, okay, okay. When will your friend come over? If you still need some time, you can wait in the VIP room. We have snacks and tea." Charles kept smiling.

Advertisement

Just then, Kaylie turned around and saw Ryan, who was about to leave. His eyes lit up and she said, "My friend is here!" Then she strode towards Ryan.

Ryan looked at her from the corner of his eyes and saw that she had found him and walked over. He felt a little guilty and walked faster.

Unfortunately, Kaylie walked even faster. In a short while, she had caught up with Ryan and took Ryan's arm affectionately, "You're here. That's great. I like the Audi A7."

Kaylie's figure was very good. The arm being held by her made him nervous all of a sudden!

Advertisement

At this moment, Charles also saw Ryan. He was stunned for a moment, then his expression changed dramatically.

He recognized Ryan immediately. In an instant, his heart was filled with anger which rushed straight to his head, making his eyes red and his teeth gnashing.

He would never forget that the last time, Ryan had destroyed his plan and humiliated him severely.

Most importantly, after that incident, his career plummeted. In just two months, he was bankrupt. In the end, he had no choice but to come to an Audi store to work as a seller.

It could be said that he hated Ryan to the bone and thought that it was Ryan who had ruined his life! Now when he saw Ryan, he became even more jealous and furious.

Ryan was caught by Kaylie, and he was very helpless. He knew that he could not leave, and Charles had already found him.

Fortunately, his relationship with Kaylie was just friends. Even if Phoebe knew, he would not panic since he had done nothing wrong.

“Didn’t you say you wanted to buy a 300,000 car? Why did you come to the Audi store?” Ryan frowned.

Kaylie had rescued her virginity and deliberately bought a lot of beautiful clothes yesterday. Now, she was dressed in fashionable clothes and her hair was tied up, looking young and beautiful. Her whole body exuded s*xiness and intelligence, and she had a good temperament. At a glance, others could tell she was the beauty of a rich family.

On the contrary, Ryan changed into an ordinary suit. People would think that he was only a salaried man and didn’t deserve Kaylie at all.

Advertisement

Kaylie was not an easy girl. She had never held another man’s arms so intimately except for her father, let alone her chest touching others’ arms.

So suddenly, two red clouds appeared on her face and she felt shy. But strangely, she didn’t feel any repulsion or disgust at all. Instead, she felt quite enjoyable. Before that, she was very repulsive to have intimate contact with men. She would feel disgusted if touched by others, not to mention holding others’ hands.

But she did not go deep into the reason. She only knew that Ryan was very good. Unlike other men who approached her, he was not greedy for her beauty and family property.

Especially after Ryan saved her that night, in her heart something was going to explode.

She said in a coquettish tone, “The total price is 800,000, 300,000 as a down payment. I won’t lend you any more cent.” Ryan’s mouth twitched. ‘Miss Knight, you’re really generous to buy a car worth 800,000 dollars!’ He thought.

“Why did you buy such an expensive car? Didn’t you say you only bought it as means of transport?” Ryan frowned.

Kaylie said, “How can a car worth 800,000 dollars be expensive? I got more expensive cars in my house.”

Ryan believed that although he did not investigate Kaylie’s background. But he could tell that she was from a rich family by Kaylie’s temperament and speech.

Ryan rolled his eyes and was about to speak when Charles walked over with a teasing smile on his face and said, "Miss Knight, is that the very rich friend you're talking about?"

Charles pointed at Ryan and said with disdain.

He knew that though Ryan was good at fighting and he was far from Ryan's opponent, Ryan couldn't do anything in the Audi store

in broad daylight. So what if he was strong? Did Ryan dare to do anything? He hoped that Ryan would dare to hit him, so he would lie down and let Ryan be detained!

Kaylie did not know that Charles knew Ryan. When she saw Charles's contemptuous attitude towards Ryan, she immediately frowned and felt very uncomfortable. She said, "Charles, what's your attitude? As a sales manager, how can you treat your customers like this?"

The other salespeople looked at Charles in confusion too. Indeed, Charles, as a sales manager, was very professional. Even in the face of poor customers, he could still smile at them. Why was his tone so harsh now?

Charles also knew that it was not appropriate for him to do this, but the moment he saw Ryan, he couldn't stay reasonable. He laughed, "Miss Knight, I said that because I treat you as my customer. You probably don't know who this man is, do you?"

Charles said this very loudly, and his tone was full of disdain, which immediately attracted other customers' attention.

One of the characteristics of the Chinese people was that they liked to watch the show, no matter how rich they were.

Kaylie was stunned for a moment. She finally realized that Charles knew Ryan.

Besides, could there be some secret about Ryan according to Charles's words?

She held Ryan's arm intimately and subconsciously relaxed.

Ryan frowned slightly and said to Kaylie, "Let's go to another store."

However, his performance in the eyes of others became a sign of guilt.

Kaylie hesitated for a moment, then nodded and followed Ryan.

Charles finally caught this opportunity to take revenge so how could he let Ryan go so easily? He immediately shouted, "Ryan, what's wrong? Are you feeling guilty? As the son-in-law of the Scotts, you dare to mess around outside? You're really good!"

As soon as he finished speaking, everyone looked at Ryan with a strange look in their eyes.

The Vengeful Son-in-law Chapter 128 -

The Vengeful Son-in-law

Even Kaylie's expression was a little unnatural. She knew that Ryan was married or that he was the son-in-law of the Scotts. But now that she was Ryan's plus one, others' flirty gaze made her feel embarrassed.

So she let go of Ryan's arm.

Ryan saw her secret actions, but he did not blame her or get angry. It was normal for her to do that. After all, Kaylie was unmarried and had a good upbringing in a rich family. It was reasonable that she was shy.

Ryan didn't expect that they would see Charles when they came to a random place to buy cars. But since he had met him, Ryan didn't flinch. He smiled and said, "Charles, didn't you run a company and you claim it earns millions a year? Why are you here selling cars?"

This was Charles's soft spot, and he went grim immediately. He gritted his teeth and wanted to scold him, but when he saw Ryan's half-smile and posture showing he was ready to hit him at any time, he was frightened again and snorted heavily, "It's none of your business! But you..."

Ryan interrupted him and said jokingly, "So your company went bankrupt. Could it be that after that night, you started to have bad luck?"

Advertisement

Charles's face turned livid. Ryan looked so mean! He was so angry that his face was distorted. "Bullshit! Who said my company went bankrupt? I just came here to experience a different kind of life!"

He was obviously flustered and began to talk incoherently. What he said was illogical. Anyone reasonable could tell that Ryan was right. Charles was really down and out. He was no longer a boss, but a car seller.

Selling cars was not shameful. After all, this was just a job, but it was too shameful for a materialist like Charles. So he didn't say he used to run a company when he came here to work as the sales manager.

At this moment, those salespeople were looking at him gloatingly, which made him extremely uncomfortable! Clenching his fists,

he wanted to punch Ryan in the face, but he didn't dare. Once he did it first, Ryan's beating him back was self-defense.

Advertisement

Fortunately, he had experienced much, and he was tougher in mind than ordinary people. He took a deep breath, quickly calmed down, and said with a cold smile, "But I am better than you, a good-for-nothing! Ryan, you are so shameless. You depend on Phoebe for food and everything. You dare to pick up girls with Phoebe's money? And you dare to buy this woman a car worth 800,000 dollars? What a big disgrace you are!"

It had to be said that his words were very vicious. Immediately, everyone around him began to point at Ryan, their words full of contempt and condemnation.

"I really can't see. This Ryan looks like a real man, but he's so shameless. How dare he take his wife's money to have a mistress?"

"That's right. He is such a brute under a human mask..."

"I remember. This Ryan is the son-in-law of the Scotts. He was very famous in our H City several years ago!" A voice broke out in the crowd and immediately attracted the attention of others.

"Yes! Right! I remember it, too. The Scotts does have a son-in-law who stays at home all day. He doesn't want to find a job, so he stays at home to do housework. I heard that he washes underwear for his mother-in-law. Hahaha..."

"Damn, really? It's too exciting. Is this real? Such a useless man in modern society? This blows my mind!"

"Ryan's wife is very beautiful. Her name is Phoebe, and she's one of the three beauties in H City!"

“This Ryan is so shameless...” For a moment, many people around them began to discuss heatedly, condemning and disdaining Ryan.

Advertisement

Ryan felt quite helpless. He felt he was attracting more unnecessary attention no matter where he went. He could do nothing about it. Almost everyone in the H City knew he was the son-in-law of the Scotts. He had also been on the H City Daily, so many people heard about his name even if they didn't know what he looked like.

Kaylie listened to the discussions around her, and her face kept changing. There were some changes in her eyes when she looked at Ryan.

“What? You think I'm such a person?” Ryan asked Kaylie with a smile.

“No, no...” Kaylie shook her head hurriedly, but she did not dare to look Ryan in the eye and lowered her head.

Ryan smiled calmly. He didn't take it seriously. He just felt that gossip was a fearful thing.

Hearing people around him criticizing Ryan, Charles smiled so happily. More than half of his grudges these years disappeared at this moment!

“Ryan, I really feel bad for Phoebe. I am wondering what will happen to you if I tell Phoebe about this.” Charles said jokingly.

As he spoke, he took out his phone and pretended to call Phoebe.

Seeing this, Kaylie was even more embarrassed. She was a shy person and had never encountered such a thing.

Ryan smiled and said, “Charles, look at you. You look like a smug clown. In the past, Phoebe had a high opinion of you. I didn't expect you to be so narrow-minded. Just because you are living a bad life, when you see others' life is better than you, you feel uncomfortable. You choose to bite people like crazy dogs.”

Charles's face suddenly changed and he became even angrier. Ryan's words hit him hard, causing him to become pissed all of a sudden. “Okay, you don't want to accept the truth, do you? I'll call your wife now and see how you will pay for what you did today!”

Ryan frowned slightly. He was not guilty, but felt that it was not a good time to disturb Phoebe for this kind of thing. Phoebe was

still angry with him. He then said, “All right, Charles, stop it. You just have a grudge against me for teaching you a lesson last time. I apologize to you, OK? Don't tell Phoebe. She's in a bad mood now.”

When Charles heard that, he thought Ryan was being guilty. Suddenly, he burst out laughing. “Now you are afraid? Hahaha... But it’s too late! You just wait to be scolded by Phoebe. As a son-in-law, you don’t know what you shouldn’t do. How dare you take your wife’s money and mess around with other women? I’ll see how you die this time!”

After that, he dialed Phoebe’s number. He also deliberately turned on the speaker so that everyone could hear the conversation.

The Vengeful Son-in-law Chapter 129 -

The Vengeful Son-in-law

Under this circumstance, Kaylie covered her face. She felt that she had lost face. The people around them were also gloating. They liked to watch this kind of scene.

Ryan said in a deep voice, “Charles, you should stop now. I don’t want to argue with you because you’re Phoebe’s classmate. Don’t push your luck.”

Charles disdained Ryan’s warning and was even happier to think that Ryan must be guilty.

Kaylie pulled Ryan’s hand and said cautiously, “Shall we go?”

Ryan wanted to leave just now, but now, he wouldn’t. Charles’s behavior had completely annoyed him. “We will leave until I finish dealing with him.”

“But he called your wife. Aren’t you afraid?” Kaylie’s face was filled with cowardice. Ryan said freely, “There’s nothing to be afraid of. I’m a decent man.”

Kaylie didn't believe it. She deliberately covered her face to prevent being taken a photo. She began to regret it. If she had known, she wouldn't have come to the Audi store. It would have been nice to go to the BMW or Mercedes-Benz stores.

Advertisement

At this moment, Charles's phone was connected and a woman's voice came, "Hello?"

It was Phoebe. Charles's expression was excited. He quickly made a 'hush' gesture to the crowd and said, "Phoebe, it's me, Charles."

Charles deliberately glanced at Ryan, his face full of pride, and deliberately made a gesture of being killed to scare Ryan. Ryan only spat out one word, "Idiot."

As soon as he finished greeting, the phone hung up on Phoebe's side and a busy tone came.

Advertisement

Charles was confused. What happened? Did Phoebe just hang up? The air was awkward for a moment.

Ryan couldn't help but laugh. Charles really didn't have any self-awareness. He did such a disgusting thing at last class reunion, and still wanted Phoebe to talk to him? In his daydream.

"Must be bad reception." Charles explained stiffly and continued to call, but this time, the direct hint was that the number you dialed could not be answered. He was put into blacklist by Phoebe.

In an instant, Charles's face became even upset. Ryan took the opportunity to make up for it, "Charles, can you please reflect yourself before you smear others? With your bad character, you still expect Phoebe to answer your phone?"

When the others saw this, they looked at Charles in a strange way.

Charles was very angry. He snorted heavily and said, "Damn Ryan, you must have said a lot of harsh words things about me in front of Phoebe. You're so despicable!"

Ryan said faintly, "Charles, I advise you behave properly, and then it's over. Apologize to us sincerely. I may let you go. Otherwise, you can't even keep your job. Believe it or not?"

"You scare me? You loser?" Charles showed disdain, spat and gave Ryan a humiliation gesture.

"Okay, you ask for death. I will fulfill your wish."

Ryan shrugged. He had just found out that this Audi 4S store seemed to be Elliot's business. The manager looked a little familiar. He would call Elliot directly to make Charles lose his job on the spot in a moment later.

Advertisement

Charles had already lost his mind at this time. He had forgotten his duty as a sales manager and was thinking of reporting Ryan and watching Ryan lose face. So after his number was blocked by Phoebe, he immediately grabbed the phone from a salesperson next to him in a

commanding tone, ignoring his unhappy expression. Then he quickly dialed Phoebe's number.

Soon, Phoebe picked the phone, and her cold voice came again. Charles said hurriedly, "Phoebe, it's still me. Don't hang up the phone. I have something important to tell you about Ryan!"

Sure enough, when Phoebe heard this, she did not hang up, but said in a deep voice, "What's wrong with him?"

Charles regained his gloating manner and said, "Phoebe, as an old friend, I'll give you a friendly reminder. You should check your bank account. Is there a lot of money missing?"

He turned on the speaker, shaking his head like the cat that got the canary. His image was like a traitor in the TV series, a little snitch.

"Charles, shoot. I don't have time to talk to a scumbag like you!" Phoebe's tone was full of anger. Charles's expression immediately froze on his face. Many people around him began to laugh secretly, which made him extremely embarrassed.

He was sensitive about his reputation, and now he felt horrible like he was eating shit. He quickly coughed to cover his embarrassment and said, "Last time, it was a misunderstanding. Everyone knows me."

With another sound, Phoebe hung up the phone impatiently.

Ryan finally couldn't help but say, "Charles, you're such a wonderful man. Why do you have to humiliate yourself so many times?"

Kaylie couldn't help but laugh. Charles's behavior was like a clown. Not only her, but many people were also snickering.

Charles gritted his teeth and the anger in his heart grew stronger. He pointed at Ryan and said fiercely, "Don't be excited. You'll know what death is."

He called Phoebe again. As soon as the call was connected, he said directly and loudly, "Phoebe, let me tell you this. I saw Ryan keeping a mistress with your money!"

Phoebe was silent, as if she had been persuaded.

Charles smiled smugly again and mouthed, "You trash. You're dead!"

Ryan still responded with one word: idiot.

The crowd quieted down and everyone was waiting for Phoebe to burst into anger.

Finally, a few seconds later, Phoebe spoke, but her words were completely different from what everyone had imagined. "Charles, are you losing your mind?"

Charles's smug smile froze on his face. "Phoebe... You have to believe me. I didn't lie. Otherwise, we can have a video call. Now Ryan and the mistress are here with me!"

He was about to start the video call.

At this moment, Phoebe start talking again, "Enough! Charles, you really keep refreshing my impression on you again and again! Last time at the class reunion meeting, you were shadowed by us and then called some street thugs to hurt us. Ryan taught you a lesson. Given that we were classmates in junior high school, I didn't choose to call the police and let you go. Now you dare to call me to say that?"

Charles's face was flustered, upset to the extreme, and he hurriedly explained. However, Phoebe did not give him the chance,

and then said, "Besides, it's ridiculous that you said Ryan took my money out to look for a mistress. Ryan is the big boss himself.

He just invested 100 million dollars in my company yesterday. You said he took my money to find a mistress. Are you insulting

my intelligence? Moreover, Ryan and I love each other so much that he can't have an affair behind my back! So Charles, you're really a piece of trash!"

After that, Phoebe hung up the phone.

Charles was left dumbfounded, and everyone around him looked at Ryan in the same shocked way. They had just caught a message that Ryan had invested 100 million dollars!

The Vengeful Son-in-law Chapter 130 -

The Vengeful Son-in-law

Even Kaylie looked at Ryan in surprise.

Although she was born into a rich family and owned several sports cars, a hundred million dollars was a large sum of money for her.

It was only at her father's level that could easily invest a hundred million dollars.

Ryan was about her age, that young. How could he invest a hundred million dollars in a company? The point was, Ryan was the uxoriocal son-in-law of the Scotts. Everyone said he was poor and ignored in the Scotts. How could he own a hundred million dollars?

This was a very unusual thing!

Charles was the most shocked one among everyone here. He was completely confused now. His mind was in a mess and it couldn't work. An uxoriocal son-in-law like Ryan was even hard to find a job. He now had a hundred million dollars? Wasn't this a fantasy?

Advertisement

Ryan also had a headache. He knew that Phoebe wouldn't fall for it, but he didn't expect Phoebe to tell Charles about it. It wasn't Phoebe's way of doing things.

It seemed that Phoebe was still angry with him. What she said just now was obviously filled with resentment.

Ryan was right. Phoebe was indeed in a bad mood. She went to the company today. Although everything was back on track and she had unprecedented power, she still had some unhappiness with the people from the Scotts during the meeting. She had to take advantage of her position as chairwoman, and the elite team sent by Elliot to face them down.

Of course, all these didn't bother her so much. What really annoyed her was that Ryan knew the chairman of ZQ Inc. According to her analysis, it implied that the first two times that the chairman of ZQ Inc saved her was not because of liking her, but because of Ryan, which really made her feel very disappointed, sad, and hurt. Her heart felt empty!

Advertisement

Charles's call made her even more intense.

In fact, why she did not doubt Charles's words was because she now knew that Ryan was rich and could get any woman he liked.

This made her even more unhappy and even feel aggrieved.

She was still angry, but she still helped Ryan to humiliate Charles.

Because she owed Ryan more than one favor, even a great one. Regardless of the credence of Charles's words, even if Ryan was really having an affair, she could only bear it. Because she had never fulfilled her responsibilities and obligations as his wife...

So now she was in a very complicated mood. One was about the chairman of ZQ Inc, the other was Ryan, but she never had the thought that the chairman of ZQ Inc and Ryan was actually the same person.

Ryan did not know that Phoebe was in such a complicated mood. He said to Charles now, "What other tricks do you have? Do it now. Otherwise, when I start, you will have no chance to fight back."

Charles was shocked. He opened his mouth wide and looked at Ryan as if he had seen a ghost. "You really invested 100 million dollars in the SK Company? It's impossible. How could you have so much money? You're just an uxoriocal son-in-law."

The other people around also had the same question.

Ryan wouldn't answer him. Instead, he took out his phone and called Elliot. "Is the Audi store in the downtown yours?"

Advertisement

"Yes, Mr. Howard, what can I do for you?"

"There's a sales manager named Charles in the store. I don't like him. Fire him." Ryan said faintly. Thinking of something, he

added, "By the way, end his career so that he can't survive in all stores in H City."

Elliot was confused when he received this call. How could a rich man like the chairman go to his store... Wait a minute, he suddenly thought of a possibility, and a layer of cold sweat appeared on his forehead... Was the chairman investigating his business, wasn't he?

After hanging up the phone, he quickly called the manager of the Audi store to carry out the chairman's instructions.

When Charles saw Ryan's calling, he immediately showed a disdainful expression, thinking that Ryan was just pretending. Now that he had come to his senses, he was sure that everything, including what Phoebe had just said, was nonsense. Ryan could not afford a hundred million dollars. Moreover, the SK Company was just a lighting factory. It was not worth much. How could anyone be that stupid to invest a hundred million dollars in it?

So he folded his arms and said disdainfully, "Oh, Ryan, you start your show that fast? A poor man like you wants to fire me from the Audi store? Are you in a daydream? Do you know who the real boss behind this store is? President Elliot, chairman of ZQ Film & TV!"

He was not afraid at all. Even if he made some mistakes today, he was an excellent employee in the store. He had sold dozens of cars these days. How could the manager fire him for what happened today?

However, after a while, the manager ran out in a panic and recognized Ryan. He quickly ran to Ryan and called out respectfully, "Mr. Howard!"

Seeing this, Charles's expression froze. His eyes widened and he rubbed them hard. He couldn't believe the scene was happening.

Ryan looked at the store manager with a big belly and said, "Who are you to Elliot?" "Mr. Howard, Elliot is my brother-in-law." The manager was as respectful as he could be. He was on his lunch break, and when

he received a call from Elliot, he woke up in a moment. On the phone, Elliot was more serious than ever. He urged him to treat Mr. Howard well and never offend Mr. Howard. Otherwise, he would not keep his job.

This scared him so much that he didn't even put on his shoes properly and quickly got out.

Ryan was quite satisfied with the manager's attitude. He nodded and said, "Nothing important. I don't like the sales manager in your store. Fire him."

Ryan pointed to Charles behind the store manager.

The store manager immediately turned around and looked at Charles. His eyes were filled with murderous intent. He gritted his teeth and said, "Charles! You stupid idiot. How dare you offend Mr. Howard? You bold fool! From now on, you are officially fired. Pack your things and get out of here!"

Charles was really confused. It happened so fast that he couldn't react at all. Why did Ryan become distinguished Mr. Howard? Even the manager had to be so respectful to him?

Was he hallucinating, or did the world change?

Not to mention him, a lot of people around him also showed a frightened expression. They witnessed what happened from the beginning to the end. They never expected that there would be such a twist in the plot.

Including Kaylie, her eyes on Ryan were full of shock and interest.

"Manager! Is there a mistake? Ryan is the uxoriocal son-in-law of the Scotts. He's just trash!" Charles said in a hurry.

When the store manager heard this, he broke out in a cold sweat. Without thinking, he slapped Charles's face hard. "Shut up! How dare you slander Mr. Howard? Do you want to die?"
