

The Vengeful Son-in-law Chapter 391 -

The Vengeful Son-in-law

Mr. Murphy hung up the phone. It was the ninth call he had received. Without exception, all the calls were made to warn him to draw a line with Ryan, or they would draw a line with the Cloud&Sky Pavilion.

The Cloud&Sky Pavilion had never encountered such a thing before!

They had thought that Ryan would definitely make a big leap forward and have a very bright future since he defeated Peter this time. Therefore, the Cloud&Sky Pavilion planned to take this opportunity to build a better relationship with Ryan. When they knew that Amelia and Ryan were having an affair, they even tried their best to make them a couple.

But now it seemed that things were far from that simple.

The conference room quieted down, and everyone's expression was solemn as they realized the seriousness of the matter! "Mr. Murphy, what should we do now? A lot of our partners have called to ask us to make a clean break with Ryan."

"Yes, Mr. Murphy. I think Ryan is going to have a hard time."

"Are we going to make a prompt and resolute decision?"

“But if we make a clean break with Ryan at this time, we will lose Ryan’s trust when he defeats May.”

Leaders of the Cloud&Sky Pavilion began to discuss at this time, full of worry and panic.

They all looked at Mr. Murphy and waited for Mr. Murphy to make a decision.

At this moment, Mr. Murphy said, “Where’s Amelia? Tell her to come.”

After a while, Amelia came over. She was surprised to see so many high-ranking people in the conference room. She asked, “Mr. Murphy, what can I do for you?”

Mr. Murphy nodded, motioned for Amelia to sit down and asked, “Amelia, what’s your relationship with Ryan now? Have you had s*x with him?”

Amelia was stunned. She obviously didn’t expect Mr. Murphy to ask so directly in front of so many leaders of the Cloud&Sky Pavilion. She was still a virgin. No matter how thick-skinned she was, she couldn’t help but blush. She was displeased, “Mr. Murphy, why do you ask me this?”

However, Mr. Murphy’s expression did not change. He was still very serious and said, “Answer my question.”

Other people did not snicker either and looked at her seriously. Finally, Amelia realized something was wrong and suddenly had a bad feeling in her heart. She said, “Mr. Murphy, does something happen to Ryan?”

Mr. Murphy did not answer, but asked more seriously, “Answer my question first.”

Amelia had no choice but to answer honestly. She shook her head, “No, nothing happens between Ryan and me. Nonetheless, I am confident that in the near future, I’ll win Ryan’s heart!”

When she spoke of this, the corners of her mouth rose slightly, revealing a trace of pride and expectation.

But Mr. Murphy shook his head and said, “No need. From now on, you can’t contact him anymore. Just pretend you never know him. Even if he contacts you, don’t respond to him.”

Other leaders in the conference room breathed a sigh of relief when they heard Mr. Murphy's words. They knew that Mr. Murphy had made a decision to make a clean break with Ryan.

But Amelia didn't understand at all. Her eyes widened and she said in shock, "Mr. Murphy, are you kidding me? Now that Ryan has defeated Peter, he has finally found his feet in the community. There is no limit to his future. Why do you want to make a clean break with him at this time? Are you crazy?!"

Mr. Murphy shook his head and said with a serious expression, "I'm not crazy. Ryan is in big trouble this time and he will die soon.

We have to clear our relationship with him now. Otherwise, we will offend May and the consequences will be dreadful."

Amelia wanted to see a hint of joking on Mr. Murphy's face, but she was disappointed.

Mr. Murphy was more serious than ever.

He was not joking!

"Why?" Amelia didn't understand and she was unwilling to give up.

Mr. Murphy said, "Because May is going to avenge Peter. She is Peter's junior sister apprentice. She has the highest cultivation level. She is much more stronger than Peter, and has great power. Now that she is going to avenge Peter, Ryan has no choice but to die! Moreover, in just half an hour, more than 10 big shots in various fields have called us to warn us to draw a clear line with Ryan, or else we will be May's enemy and be doomed."

Speaking of this, Mr. Murphy sighed deeply, rubbed his temples, and said, "Ryan is in trouble this time. May is much more powerful than Peter. So far, none of the people May tries to kill can survive. All of them have been killed and caused trouble to their nine clans."

When Amelia heard this, her heart was about to stop. Her face turned pale. She knew Mr. Murphy's character. Since Mr. Murphy had said so, May must be really scary and Ryan could not defeat her!

She was extremely upset. She was unwilling to give up, so she said, "Last time, Ryan offended Peter, but he survived and Peter was killed. This time, Ryan will definitely be able to defeat Peter's junior sister apprentice."

Mr. Murphy shook his head and said, "It's not the same. Peter is much weaker than May. I heard that May is already at the upper level of the Innate Realm and is a genius who may be able to cultivate herself into an immortal! Ryan has no chance of winning this time. Well, that's it. From today onwards, our Cloud&Sky Pavilion will officially draw a line with Ryan and cut off all contact with him!"

After saying that, he walked out of the conference room, and others followed him out one after another. Finally, Amelia was left there in a daze with a painful expression. Several times, she wanted to pick up her phone to call Ryan, but in the end, she didn't do that because she did not dare to

disobey Mr. Murphy's order.

Similar things happened to other people. Elliot, Malcolm, Colton and others all received such calls, warning them to make a break with Ryan.

Even Master Chou received the call.

Now he hung up the phone, looked at Ryan, who was standing in front of the window looking into the distance, and said, "May is very strong. This time, she is determined to kill you to avenge Peter. Before that, she will isolate you. I believe that anyone who has contact with you has been warned by her."

Ryan did not say anything. He continued to look into the distance, and Master Chou could not tell what he was thinking.

After a pause, Master Chou added, "May is a genius once in thirty years. Although she is a woman, she achieves the Innate Realm and the peak of cultivation. She is one of the few top beings in the world who have the hope of becoming an immortal."

At this moment, Ryan suddenly turned around with a smile on his face. He was not panic or nervous at all. Instead, he smiled and said, "May should have something to do with the LT Organization, right?"

Master Chou's eyes flickered for a moment. He thought for a while, and then nodded, "It seems so, but she's not part of the organization."

Ryan said, "From what you've said, May is really powerful. She is really a genius as she has reached such a high level and has the hope of becoming an immortal."

At this point, Ryan suddenly changed his tone and narrowed his eyes, "Unfortunately, she offended my family, so she must die!" Master Chou remained silent for a while and said, "Young master, you may not be May's opponent."

"Really?" Ryan just smiled faintly, without being angry or asking questions. Instead, he opened the window and said goodbye to Master Chou, then jumped down from ten stories.

Master Chou was startled and ran to the window. Looking down, he saw Ryan walking on the road, unscathed.

The Vengeful Son-in-law Chapter 392 -

The Vengeful Son-in-law

If ordinary people jumped down at the height of more than ten floors, they would have become pulp. Even if they were experts higher than the Innate Realm, they would have been seriously injured if not dead. But for Ryan, it was a piece of cake. He easily released his strength and landed steadily on the ground, walking as if nothing had happened.

People at the Innate Realm were extraordinary masters and they earned that name through their real strength. Judging from what Ryan just did, he could be considered a superhuman, so naturally, he shouldn't be treated by the standard of an ordinary person.

After Ryan left, a red figure suddenly appeared beside Master Chou.

"Ryan is more talented than I thought. He has improved a lot in this battle with Peter."

It was Sunny. She suddenly appeared like a ghost. If it were anyone else, they would have been scared because the door of this room was closed.

But Master Chou was used to it. Sunny was quite mysterious at her whereabouts, appearing at one moment and disappearing the next. He turned around and greeted her respectfully, "Master Sunny, welcome."

Sunny nodded faintly, then sat down on the sofa and said, "May is quite overbearing. She even wanted to isolate Ryan." Master Chou said, "Yes, May is too strong and powerful. This time, the young master is in a difficult position."

Advertisement

After a pause, Master Chou said to Sunny, “Master Sunny, aren’t you going to help the young master?”

Sunny said, “No need. Ryan can deal with May himself.”

Master Chou’s eyes lit up and he said, “Master Sunny, do you mean that the young master is stronger than May?”

Sunny shook her head and said, “No, May is at the upper level of the Innate Realm, and Ryan is still in the middle level. There is little hope of him defeating May.”

Her fiery red clothes looked like a ball of fire, but her temperament was cold and her expression was cold, giving people a mixed feeling of ice and fire.

Master Chou frowned slightly and said worriedly, “So young master is quite dangerous?”

“Yes.” Sunny nodded and said, “There are two sides to everything. Challenges bring gains. If Ryan can defeat May, then his cultivation will reach a whole new level. I can take him to see my aunt then.”

Master Chou was stunned for a moment when he heard this. Then, he widened his eyes and said excitedly, “Master Sunny, madam...”

Sunny nodded and acquiesced.

Ryan didn’t do anything for the time being. He went to the hospital to see the Scotts. They were all under treatment and were slowly recovered, so he was relieved.

Now everyone’s eyes were on him and wanted to see how he would act.

After all, May had pushed so far. If Ryan still didn’t do anything, his reputation would be sullied and he wouldn’t have the face to stay at H City.

That was not a big deal. The thing was that May was not a person that would give up. Since she had started this, it was impossible for her to let Ryan go!

“Ryan, what are you going to do next?”

Coming out of the corridor, Phoebe held his hand and asked worriedly.

It was obvious that Phoebe was afraid now, and her hands were a little cold. Ryan wrapped her hand in his and said with a smile, “Don’t worry. This is easy. I can handle it.”

Phoebe bit her lip and said, "She looks like a big shot. Why don't we go abroad for some time? Anyway, we've earned enough money, enough for our family to live well abroad."

Sensing Phoebe's worry and panic, Ryan felt bad. He said seriously, "Phoebe, don't worry. I can handle it. I am serious."

Phoebe could see that Ryan had made up his mind, so she did not persuade him. Instead, she said, "OK! Then you must take care of yourself. No matter what, stay safe."

Ryan smiled and said, "I promise you. Everything is all right."

After that, Ryan and Phoebe chatted for a long time. Ryan didn't leave the hospital until he received a call from Elliot.

When he reached the roadside, a black Audi Q7 was parked there. It belonged to Elliot, and Malcolm was in the car too.

They didn't look as confident as they used to be. Instead, they were worried. When they saw Ryan, they smiled dryly.

As soon as Ryan saw them like this, he knew what was going on.

Getting into the car, Ryan said jokingly, "You two have been warned too, and came to draw a line with me?"

They had prepared to say many things, but when they heard Ryan's words, they couldn't speak. They were stunned and embarrassed.

Ryan did not say anything and smiled faintly.

Elliot broke the silence and asked, "Boss, are you sure you can win this time? The woman seems very powerful. Now more than 90% of our partners have terminated their cooperation with us."

Malcolm also said, "The situation is bad now. ZQ Media, TY Advertising, and Shield Security Company have all been suppressed. In just a few days, we lost a lot of money. If this continues, we won't be able to hold on for long."

Ryan had predicted that May would do try to deal a blow to his company, but he didn't expect that the damage would be so great. It seemed that he had underestimated May.

Seeing that Ryan was silent, Elliot and Malcolm felt scared in their hearts, thinking that Ryan was not sure he could win!

These days, many good friends advised them to break off their relations with Ryan so as not to be dragged into trouble. To be honest, they have been working for Ryan for a

long time and thanks to Ryan, they are having a good life. Ryan had always been kind to them so that they could not leave when he was in trouble.

However, if Ryan was doomed to go down, they couldn't afford to go down with him. After all, they not only had families but had many subordinates.

How could Ryan not see their concerns? He smiled and said, "I really don't have much hope of winning. May is a top expert and is better than me. My chances of winning are not high. If you want to draw a line with me like others, I won't blame you."

When Elliot and Malcolm heard this, their bodies shook violently, and shame and sadness involuntarily arose in their hearts.

Although Ryan was much younger than the two of them, they had already acknowledged Ryan's leadership in their minds. Now they really couldn't betray Ryan just because they didn't want to be implicated.

At last, the two of them looked at each other and exchanged several words briefly. Elliot said first, "Boss, I have worked for more than ten bosses in my life. Now I don't want to change anymore! Boss, I'm with you. Even if you lose to May this time, I won't bow to May! I will work hard to survive, run ZQ Media, and take good care of your family!"

Malcolm also took a deep breath and said, "Boss, me, too. I have betrayed many bosses of mine before! But now I don't want to be a traitor anymore. I am with you too. Elliot will run ZQ Media well, and I will operate TY Advertising. I will give your dividends to your family as usual! If May wants to hurt your family, they have to step over my body first!"

Ryan was stunned. He had never thought that Elliot and Malcolm, who had been over a hundred years old together, would be so loyal to him. For a moment, he felt his heart was blocked by something, and he felt moved and excited than ever before.

The Vengeful Son-in-law Chapter 393 -

The Vengeful Son-in-law

“Wonderful!” Ryan laughed when he heard their allegiance. In an instant, he was filled with pride!

This time, May showed up in a mighty way, trying to exterminate him, showing her formidable means, and warning everyone around him. Even the Fosters and Cloud&Sky Pavilion drew a clear line with Ryan.

He thought that he would fight alone this time and was already mentally prepared, but he did not expect that Malcolm and Elliot would choose him at this time, which really made him touched. After all, in the current situation, he didn't have long odds on winning. It was difficult for Elliot and Malcolm to make this decision, which meant they would be buried together if he lost.

“Good, very good!” Ryan said boldly, “I thought my family and friends would all betray me, but I didn't expect you two to still be willing to follow me. Don't worry, only May can't defeat me. When I get through this and kill May, I will treat you well!”

Elliot and Malcolm were also moved by Ryan's spirit and began to laugh.

Next, after Ryan gave Elliot and Malcolm instructions, he had practiced himself in a locked place for a few days. In the shortest time, he would adjust his condition to the best, and then he would take the initiative to fight May to the death.

During this period of time, everyone's eyes were on Ryan, trying to see how Ryan would retaliate against May, but they didn't expect Ryan to disappear without any news.

Everyone thought that Ryan was scared of May and was ready to run.

Wade was rather happy. Now that he had May to protect him and had his moment, he was even more respectful than before.

Now that he showed up in public, everyone would show their respects and greet him Mr. Hall.

However, the more frequent this happened, the more he feared May. He knew that his glory was all because of May today. He had to curry favor with May. If May gave up on him one day, he would return to be nobody overnight.

"Aunt, I have good news for you. Rumors go that Ryan is afraid of you, and he has run away. Hahaha." As soon as Wade came in, he said excitedly and flattered May. "Aunt, you faced Ryan down this time. It's amazing!"

May was looking at the portrait of Peter on the wall. She turned around and said, "Calm down. You don't have the demeanor of your father at all!"

When Wade heard May scold him, he immediately got nervous and knelt down to repent, "Aunt, I was wrong. I won't."

May looked at Wade's timid look and shook her head disappointedly.

"Okay, stand up." No matter what, Wade was Peter's only son, and she couldn't bear to scold him too much. She changed her tone and said, "Ryan didn't run away. He's in seclusion. He's going to adjust his condition to the best and then come to me to have a final fight."

Wade was stunned for a moment, and a little panic flashed in his eyes. He said, "No way. Ryan is doomed. How dare he fight to the death with you?"

May sensed the panic in his eyes, shook her head in disappointment, and said, "Hans, Ryan is about your age. He is already a mid-level expert in the Innate Realm. You are far behind Ryan."

Wade curled his lips and felt uncomfortable when he heard this. He immediately flattered May and said, "So what if Ryan is a master of the Innate Realm, he offended you, and then he must die? My father had a saying that if a genius dies, he can't be considered a genius."

May nodded and said, "That's true."

In a flash, three days passed.

In three days, Ryan's three companies all suffered huge losses, especially ZQ Media, which suffered the biggest loss, and its market value shrank by one-third!

If things went worsened, ZQ Media might go bankrupt directly.

Similarly, TY Advertising and Shield Security Company were not much better. They were struggling, and anyone could tell that if this continued, these three companies would either go bankrupt or be merged.

As the bosses of these three companies, Ryan had not showed up in the past three days, as he was vanished.

So for a moment, there were a lot of guesses. Some people thought that Ryan had been killed by May, but more people speculated that Ryan was afraid of May and was running away.

"May is damn good. It's only been a few days, and he has destroyed Ryan's prosperous business." "That's right. Ryan is completely finished this time."

"I've been unsatisfied with Ryan for a long time. This guy is the uxorialocal son-in-law of the Scotts. I don't know what kind of luck he got. He even became the chairman of the ZQ Media. He's arrogant badly. Now, he finally offended the big shot and died."

"Ryan hasn't appeared for three days. Could he have been killed by May?" "It's completely possible..."

"Anyway, Ryan is done."

"I heard that Ryan's wife is beautiful. If Ryan dies, his wife must be taken by Wade."

"Hahaha, of course. Wade is famous for being lecherous, and Ryan killed his father. When Wade has Ryan's wife, she will suffer." "Well, if we join Wade now, maybe when Wade gets tired of Ryan's wife, we possibly can get her. Hehe..."

This kind of voice grew louder and louder, and Ryan had become a joke, a stray dog. Anyone could humiliate him.

As for where Ryan was? Did he really run away?

That was impossible.

For the past three days, Ryan had locked himself in an enclosed dark space without any electrical appliances and light.

Only three meters in front of Ryan, lit an incense, and he used this dim light to illuminate the entire space. If it were for an ordinary person, it was dark and nothing could be seen. For Ryan, instead, it was like day, and he could see clearly, even the ants on the ground.

For three days, he hadn't eaten anything and was in his special diet. In this way, he adjusted himself to his best.

Suddenly, he opened his eyes, as if a light had flashed through his eyes. Then he blew out the incense three meters away with one breath.

The next moment, he appeared outside.

Now that he was at his best state, it was time to have the final fight with May.

The Vengeful Son-in-law Chapter 394 -

The Vengeful Son-in-law

Isabella had been absent-minded and in a bad mood recently. She finally found out why Ryan left in a hurry that day even without telling her. It turned out that something happened to his family and he had offended a super big shot.

There were rumors saying that Ryan was doomed, and even their the Paynes was now warned by that super big shot and began to draw a line with Ryan.

To be honest, when she heard the news, she was still very sad, as if she was about to lose someone she liked.

She couldn't help but ask Myles if Ryan could get through the crisis this time. Myles shook his head, looked regretful, and said that it was pitiful.

She was not stupid. She understood what her father meant. Ryan was in danger and was very likely to be killed.

Death was not a strange concept to her. Two years ago, her grandmother passed away. She was especially sad for she would never see her grandmother again. From then on, she disappeared. No matter how rich or powerful her family was, they could not bring her back to life.

Ryan was so young but he was doomed. She couldn't tell what kind of feeling she felt. She was uncomfortable, reluctant, regretful, disappointed...

Actually, she didn't know Ryan very well, and she only met him two or three times. But the last time she saw Ryan out, they bumped into her ex-boyfriend cheating on her, so after that she had a strange feeling for Ryan. She thought they had a common experience between them...

"Alas..." Isabella let out a long sigh, feeling very upset.

A female classmate next to her said, "Isabella, did you really broke up with Heath? You've been sighing and absent-minded lately."

Advertisement

Another female classmate also said, "I thought Heath was a playboy for a long time. As expected, he did something worse than a beast. Isabella, don't be sad for a scumbag like Heath. I'll introduce you to some handsome men and you can forget Heath immediately!"

Isabella shook her head and said, "It's not because of Heath."

Strangely enough, she had been in love with Heath for three years so she should be very sad about this breakup, but apart from being sad at that moment, she felt better the next day. On the contrary, when she heard that Ryan was in danger, she was even sadder and more anxious.

But her classmates obviously didn't believe her words.

One of them thought of something and suddenly said, "By the way, tonight is Mr. Hall's birthday. I heard he has a grant party.

Many friends have been invited. There will be many handsome men. Let's go there too!"

"That's right, this is a rare opportunity. Isabella, if you go, you will definitely be the focus of everyone! At that time, those handsome men will all queue up to please you. That will be so cool."

Isabella was not in the mood to attend someone else's birthday right now. She shook her head and said, "Forget it. I'm not interested. I'd better go back to the dormitory and read the books."

Her classmates immediately held her back and tried to persuade her, "Oh, that's so boring. Why don't we go to Mr. Hall's birthday together?"

"That's right. Besides, you can read whenever you want, but Mr. Hall's birthday is not always available." "That's it! Tonight, we'll dress up beautifully and attract those handsome men's attention!"

Advertisement

Isabella was a little into it by what they said. She was indeed bored these days. If she had the chance to go to a birthday party, she would be in a good mood.

Mr. Hall, of course, was Wade.

Today was his 32nd birthday. A fortune-teller had told him that it was best not to celebrate his 32nd birthday, because it was a disaster in his life.

He was very scornful of it. He was not superstitious!

Not only was he going to celebrate his birthday, but he was going to have a big party. He invited all the famous people he knew to come. Through this opportunity, he was going to announce that he was back. So what if his father, Peter, was dead? He had a harder backer now, with May behind him. He was still the powerful man in G State!

Ever since he offended Ryan, he had been holding back his anger. Everyone in the circle thought that he was suppressed by Ryan and slandered him behind his back. Now he had this opportunity to prove himself!

May took special care of him and she came to his party personally to show her support. Many prominent people came to his party for May's sake.

By five o'clock in the afternoon, there were already a lot of people. Because of this situation, Wade did not choose to have the party in a hotel, but arranged it in a huge stadium, so that he would be more dignified.

When many people arrived, they were surprised to see such a scene. There were many rich people in G State, but Wade was the first one to have a birthday in the gym.

Wade looked at the dense crowd and this unprecedented grand scene, and he was especially proud. At this moment, he was the winner of life, standing at the peak.

“Master, do you think Ryan dares to come?” Wade turned around and said respectfully to May.

Today, May was wearing vintage dark red clothes, which made her look like a female Taoist.

The expression on her face was cold and she said faintly, “Do you want him to come or not?”

Wade didn’t know how to answer. To be honest, he was still a little afraid of Ryan. After all, he had been defeated by Ryan several times in the past.

“Of course I hope he comes. He’s here to look for his death!” Wade immediately changed his tone and said obsequiously, “However, with master in charge today, he definitely didn’t dare to come and cause trouble.”

May was happy to hear that, even though she knew that Wade was flattering her. She liked to listen to good words.

“I hope he dares to come. It will save me a lot of trouble and can your birthday more excited.” May said.

Wade was even more excited after hearing this. Yes, if Ryan really dared to come and he died in front of so many people in the hands of his master, then his prestige would be even greater! After that, no one would dare to offend him and embarrass him!

Isabella and a few classmates came to the party too. They were shocked to see the birthday party held in the gym and so many people attending.

“Wow, this Mr. Hall is so awesome. He actually held his birthday in the gym. There were at least three thousand people here, and it’s like a small concert!”

“That’s true! Mr. Hall is awesome. Not everyone can come. Only those with status can come.” “Amazing, amazing. I wonder if Mr. Hall is married? If I can hook up with him, I will be rich overnight!” Her female classmates were excited. Isabella was also a little shocked to see the scene.

Moreover, she also saw that many of the guests were dignitaries.

Suddenly, she thought of something. She wondered if Ryan would come to Mr. Hall’s birthday party.

The Vengeful Son-in-law Chapter 395 -

The Vengeful Son-in-law

“Isabella, who are you looking for?” A female classmate next to her found her looking around, so the girl asked curiously.

Isabella shook her head. She did not find Ryan. She didn't think it strange as Ryan was in trouble now. How could he come to such a grand birthday party?

“Nothing. I'm just looking around.” Isabella said.

A few female classmates thought that Isabella was still thinking about Heath, and they became even more determined to introduce Isabella to a handsome man.

At this time, a few boys walked over from the front. In the middle of them was a very handsome young man. He was in his early twenties and his skin was pretty good. His bangs were very thick. He was dressed in the current popular Korean style. It was no surprise that he was a star in the Entertainment Industry.

His appearance excited a few of Isabella's female classmates. They all liked handsome men and were very excited to see such a handsome boy.

In addition to the young man in the middle, the other boys were also quite handsome. They wore famous brands and one could tell at a glance that they were children from rich families.

When they saw Isabella, they also showed an amazing look. Beautiful women like Isabella were rare wherever they went.

“Young Master and the others are here!” “Oh my god, this man in the middle is too handsome. He looks like stars in South Korea!”

“That’s right. This handsome man is called Coen. He is the school hunk at the Finance University next door. He is super handsome. The rarest thing is that his family is also very rich. He is both rich and handsome.”

“Is he a friend of Mr. Hall, too? That’s amazing.” Isabella listened to the comments of a few female classmates and could not help but look at this Coen a few more times. She

had to admit that this man named Coen was very handsome and he was even more handsome than Heath. Also, Coen was very heroic. He was not like those men who were handsome but weak.

However, Isabella did not feel much towards Coen. Ever since she met Ryan, her aesthetic standards were somewhat influenced by him. She no longer liked handsome young men. She was more interested in mature men.

Soon, those people came over and greeted Isabella and the others warmly.

These boys were from the Finance University next door, and they were friends of a female classmate of Isabella. This time they came to Wade’s birthday as they regarded it as a way to show their alignment and they knew Wade as well.

These girls were all interested in Coen, but now Coen’s eyes were fixed on Isabella, and he didn’t move his sights away from the very beginning. Those girls all knew that nothing could happen between them and Coen.

They were also considered beautiful women, but compared with such a beautiful woman like Isabella, they were still much worse.

“Coen, let me introduce you to them. This is my bestie, Isabella. She is the campus belle of our university. There are a lot of men pursuing her.”

Coen’s eyes flashed with passion, and he smiled brightly. He took the initiative to greet Isabella. “Hi Isabella! I’m Coen.” Isabella didn’t react much to Coen’s enthusiasm. Instead, she just nodded and said hello.

Coen frowned slightly. As the school hunk, many girls had a crush on him. Even if the campus belle in his university had been taken down by him. No girl would be so cold to him.

Advertisement

Isabella's cold attitude made him a little unhappy. But the more she did this, the more he felt satisfied when he conquered her, so he gave a super sunny and handsome smile and said, "Isabella, you are the most beautiful woman I have ever seen. Can I add your WhatsApp?"

Coen was sure that Isabella would agree without hesitation as he never failed when he said this before. That's right. Those girls all looked at Isabella enviously.

But Isabella's response stunned him. "No."

"What?" Coen asked in surprise.

Isabella was cold. Instead of answering Coen, she found a seat and sat down by herself.

Her reaction made Coen's mouth twitch twice. He was the school hunk of his university. When had he ever been ignored like this?

However, he could not be angry. This was because Isabella was so beautiful that it was not exaggerated to describe her as a national beauty. Especially when people saw the aura emanating from Isabella, they could tell that Isabella was the daughter of a rich family.

Seeing that Coen's expression was not right, the female classmate quickly explained, "Mr. Sally, please forgive her. Our Isabella's character is like this, especially cold. She had been in love with her ex for three years and had never kissed her ex. But once you become her good friend, she will be very nice and warm to you."

Another female classmate also explained, "Yes. Isabella just broke up with her ex. She's in a bad mood, so we called her over to make more friends and forget all the unpleasant things in the past."

When Coen heard this, he smiled, and his mood suddenly brightened up. He waved his hand and said, "You're worrying too much. How could I be so stingy? Besides, I admire women with a strong personality the most."

As he spoke, Coen picked up his goblet and took a sip. He looked so handsome that the girls could only exclaim in their hearts.

"Isabella, what's wrong with you today? Don't you always like handsome men? Coen is so handsome. He should be what you like." The girl asked Isabella curiously.

Isabella said faintly, "I don't have the idea of falling in love right now."

"Well, I didn't ask you to date him right away. Let's acquaint yourself with him first. When you have a crush on him, you can think about developing your relationships. Anyway, he's already here. Just make more friends."

Isabella thought about it and thought that she was right. Anyway, she had already come. It was good to make more friends.

She went back to chat with Coen and the others.

Coen and the others were especially excited when they saw her coming. They tried their best to pretend to be somebody in front of Isabella, hoping to get Isabella's favor.

If they could make Isabella smile, they would become even more ecstatic.

Isabella was bored. These men were handsome, but their thoughts were too childish. They were not on the same level as Ryan. Now she began to regret coming to the birthday party tonight. It was really boring.

She made up her mind that after dinner, she would go back to school and not go to KTV with them. It was boring.

Just then, Isabella saw a figure appear in the front. She was suddenly stunned and stood up abruptly.

Her sudden action startled Coen and the others. Isabella had always been very cold, and it was the first time that she had lost her composure.

She even rubbed her eyes, thinking that she had an illusion. Immediately, she realized that she saw it right. It was really the person she was thinking of. She smiled brightly from the bottom of her heart. In an instant, the world was back to spring, and the beauty was overwhelming. Her smile was the only colorful thing in the whole world.

Especially Coen and the other boys, when they saw Isabella's smile, their expressions froze! The man sitting opposite Isabella thought that Isabella was smiling at him. He was ecstatic and his heart was beating fast.

Then Isabella left and walked quickly towards that figure...

The Vengeful Son-in-law Chapter 396 -

The Vengeful Son-in-law

Isabella saw clearly that the person was Ryan! When she actually saw Ryan clearly, she suddenly became happy and excited. She had felt the party was boring and would rather go back to the dormitory and read.

But Torn's arrival changed her feeling in an instant. She was much more excited than when she had got a toy she really wanted in her childhood.

In fact, during this period of time, she missed Ryan a lot, especially after she knew that Ryan was in danger.

She was a top student, and good at every subject, but she couldn't figure out why she missed him. She clearly hated Ryan at first.

Was it because that time when Ryan told her Heath's betrayal that she suddenly felt grateful to Ryan?

Isabella couldn't figure it out. Maybe, she was a grateful person.

Coen and the others were obviously stunned when they saw Isabella leaving so soon. They didn't know what had happened.

Even those female classmates who had known Isabella for a long time were very surprised. In their impression, Isabella was very cold and indifferent to others. Even if Heath came here for her, she wouldn't be so excited.

They stopped talking and looked at Isabella to see who she was going to see.

The closer she got to Ryan, the faster Isabella's heart beat. It was an indescribable emotion. She had seen Ryan not long ago.

How could she be so nervous? This was not like her at all.

However, while she was in a daze, Ryan, who was in front of her, suddenly disappeared!

She instantly felt upset. She quickly looked around for Ryan, but she still did not see him.

Ryan disappeared right under her nose!

Isabella was especially disappointed and even felt uncomfortable as if she had lost her favorite toy. She felt like crying.

How could that be? She and Ryan were not even friends.

"Miss Payne, are you looking for me?"

Just then, behind her, a gentle voice suddenly came, which stunned her for a moment. Then she immediately turned around and saw Ryan who was smiling at her.

Isabella felt a strange feeling in her heart. She felt what she had lost came back. A bright smile appeared on her face again.

"Uncle, you must be mistaken. Why should I look for you?" Isabella said, but she couldn't help raising the corners of her mouth.

Ryan was stunned. Wasn't Isabella walking over happily to him just now?

But since Isabella said so, Ryan didn't bother to stay here. He said, "Oh, that's my mistake. Bye."

After that, he turned to leave.

After going on a fast for three days, Ryan adjusted his condition to the best. He had 30% confidence to defeat May. He rushed over directly to attend Wade's magnificent birthday party.

This time, he came by himself and tried to keep a very low profile and hide in the crowd. Because of his being low-key, no one found him after he arrived.

Isabella was the first to find him.

He was here to do something big today, so he shouldn't have much contact with Isabella.

When Isabella saw him leaving, she felt humiliated and angry. She stomped her feet and shouted at him, "Hey, Ryan, why did you ignore me last time you came to my house?"

When Ryan heard her words, he was stunned and turned around, "Last time, I had something to handle at home. I didn't have time to say anything to you. I'm sorry."

When Isabella saw that he apologized and was very polite, she thought he was really a very gentle person. Thinking that her father, Myles, had said Ryan was in danger, she felt especially sad.

"I was joking with you. I'm not angry with you." Isabella unconsciously spoke in a much gentler tone, and even looked at Ryan with a little pity and compassion in her eyes.

Ryan was sharp enough to capture Isabella's emotions and then smiled. Just as he was about to speak, someone came over. It was Coen and the others. He had to give up.

"Isabella, you're here. We were looking for you." Coen said with a smile. Then he looked at Ryan and when he saw that Ryan was dressed in low-grade clothes, he couldn't help but show some disdain. "Who is this?"

He thought he was really subtle in showing his disdain, but in fact, Isabella saw that and her impression of him became even worse. She ignored him and said to Ryan, "Ryan, these are friends of my classmates. I just met them."

Ryan had a strange expression on his face. Why did Isabella explain this to him?

Coen's face immediately darkened.

The other boys were also a little hostile to Ryan, because they couldn't accept the fact that they lost to such a man who looked too ordinary and obviously older than them.

Some of the female students were also surprised. They were all Isabella's classmates. They had known each other for years and had never seen Isabella treating a man so well.

"Isabella, who is this older man? Is he your relative?" A female classmate asked curiously.

Isabella thought about it and said, "I met him on the blind date my grandfather set up for me. His name is Ryan." "What?!"

This shocked everyone. They widened their eyes and looked at Isabella in disbelief.

Even Ryan was stunned. He didn't expect Isabella to say that.

Seeing their shock, Isabella smiled even more brightly and continued, "I'll leave you alone. Don't worry about me. I'll sit with Ryan."

As she spoke, she went straight over and grabbed Ryan's arm.

She was born with a cold personality. It was really difficult for her to hold a man's hand, and her face flushed.

However, she did not resist at all. Instead, she felt quite excited.

This scene made Coen and the other boys' faces darken, and they were full of hostility to Ryan, thinking he was their rival in love.

Those girls were also dumbfounded and looked at Isabella in surprise. They had known Isabella for so long and had never seen Isabella holding a man's arm so intimately. She just held hands with even Heath.

But now, Isabella's chest was nearly pressed against Ryan's arm, which showed her affection for him.

The corner of Coen's mouth twitched violently. He was so jealous.

The Vengeful Son-in-law Chapter 397 -

The logo for 'The Vengeful Son-in-law' features the title in a bold, black, sans-serif font. The text is centered within a bright yellow, irregular, hand-drawn style shape that resembles a splash or a cloud. The background of the entire page is white, and the logo is positioned in the lower half of the page.

He had never felt so bad before!

From the moment he saw Isabella, he had made up his mind to get Isabella and he had absolute confidence in himself.

But unexpectedly, a man suddenly appeared snatched away the woman he liked. How cruel to him!

He couldn't stand it.

He stared at Ryan, wishing he could punch Ryan to death.

But he knew he couldn't do that. First of all, they were at Wade's birthday party. If he made a scene, he was embarrassing Wade, who was very powerful. If he offended Wade, he would be terribly punished and his entire family would be implicated, so he would never dare to do anything here.

But that didn't mean he would give in!

He smiled again and said to Ryan, "Mr. Howard, right? I'm Coen, the chairman of Sally Group is my father. I wonder what's your job?"

Ryan could tell what Coen was thinking about immediately. But he was here to do something important today, and he didn't want to waste time with him. Ryan said directly to Isabella, "Isabella, I have something else to do. I can't accompany you. Have a nice time with your friends."

He was about to take his hand out and leave.

However, Coen thought he did that because he felt inferior. The corners of his mouth couldn't help but rise and he felt proud.

Seeing that he was about to leave, Isabella felt reluctant. She grabbed his arm and refused to let go of him. She said, "Where are you going? Let me go with you."

Advertisement

Seeing Ryan looking at her in surprise, Isabella blushed and explained, "Don't misunderstand. My grandfather has asked me to get along with you."

So that was the case...

Ryan smiled and said, "Then you don't have to do that from now on. Your grandfather has already made a decision to draw a line with me."

Isabella naturally knew about this, but she didn't understand her grandpa's decision. Was their the Paynes so afraid of May?

“I haven’t thanked you for helping me last time.” Isabella looked at Ryan and said.

“What happened last time was accidental, and I’m not helping you. Well, you’d better keep a distance from me, or it’s not good for you.” Ryan said seriously.

The topic of their conversation changed so fast that no one else understood.

Realizing Ryan didn’t want to be close to her, Isabella became angry. ‘I’m the campus belle and the miss of the Paynes. I took the initiative, but why do you keep estranged from me? Well, the more you want to distance yourself from me, the more I will get close to you.’ She thought.

So Isabella took Ryan’s arm again and said coquettishly, “Brother Ryan, just be with me. I haven’t talked to you for a long time.” Hiss...

When Ryan heard Isabella spoke to her in a coquettish way, he could not help but gasp. Was she still the Miss Payne he knew?

Advertisement

And the other female classmates were also quite shocked. If they hadn’t seen it with their own eyes, they would have thought that something wrong had happened to Isabella! How could she be so coquettish?

Unbelievable.

And Coen and the boys were even more envious, jealous, and angry.

Ryan thought for a while. Anyway, he had nowhere to go now. He might as well stay and eat with young students like Isabella, waiting for Wade and May.

So he said, “Okay, then I’ll talk to you.” When Isabella heard Ryan’s promise, she was in a good mood and smiled brightly.

After sitting down, Coen couldn’t wait to say, “Isabella, you haven’t told us what Ryan does and what school did he graduate from?”

Just as Isabella was about to speak, Ryan said, “I’m an unemployed bum. I can’t compare to you rich children.”

Ryan was right about that. He had already handed over the management rights of all his three companies, and now he only waited for dividends. It was right to say he was unemployed.

Sure enough, when they heard that Ryan was unemployed, they immediately showed disdain.

Isabella was stunned. She did not expect Ryan to answer like this, but she did not expose Ryan. Instead, it was the disdain of Coen and others that made her feel particularly uncomfortable.

Another boy said, "By the way, I think you're not young anymore. I wonder which famous school you graduated from?" They were all top students in a finance university and felt proud of their school.

Ryan smiled again and said, "I didn't go to college."

"Hahaha... Really? Is there anyone who hasn't gone to college in today's society?"

"Why, is it embarrassing not to go to college?" Ryan narrowed his eyes and asked.

The boy waved his hand and said, "It's quite embarrassing for us, but it should be normal for you. After all, you are not a young student but still unemployed. Going to college is nothing you can imagine."

The other boys laughed at him as well, and their expressions were especially disdainful.

Isabella's face became even colder. She especially hated the way they laughed at Ryan. They just relied on their families and enjoyed their life. They were no match for Ryan at all!

"Enough!" Isabella couldn't help but stare at them, "Ryan is not unemployed. He's just joking. He's the chairman of that powerful ZQ Media. In addition, there are two other companies, Tengyue Advertising and Shield Security Company. He's much more powerful than your elders. How dare you brats mock him? Where did you get the courage?"

Isabella was rarely so angry. She couldn't bear to see their disdain anymore.

They were stunned for a moment, then Coen burst out laughing. "Isabella, are you kidding? Can he be the chairman of the ZQ Media? You're treating us like a fool."

"That's right! He's just a delivery guy with a cheap outfit. Haha." "Well, Isabella must have been deceived by this guy." None of them believed her words, but they all laughed at him.

Even the girls now agreed that Isabella had been fooled by Ryan. As long as they were sane, they would not believe that Ryan was the big boss. Wasn't that a joke?

A female classmate pulled Isabella aside and said worriedly, "Isabella, what's wrong with you? You were deceived by this guy."

“Yes, Isabella, I think you should be careful. There are so many liars nowadays. They may cheat you, such a beautiful girl, out of money and s*x.”

“It seems that Heath’s betrayal has affected you so much and now you were deceived. Alas...” Isabella said, “What are you talking about? What I just said is true. Ryan is really the chairman of ZQ Media. He is very rich.” When the girls saw Isabella’s confident look, they were even more worried that Isabella had been brainwashed.

Isabella still wanted to explain, but when she saw Ryan’s indifferent face, which showed that he didn’t seem to care at all about being laughed at. She was discouraged and didn’t want to help him explain.

At this time, they were talking about Hans, the birthday boy tonight. A boy asked Coen, “Coen, I heard that you and Mr. Hall are good friends. Can you introduce us?”

When the girls heard this, they immediately ignored Ryan, who was a nobody.

Coen said proudly, “Then you’re really asking the right person. Mr. Hall and I have been good friends for many years. As long as I introduce you to Mr. Hall, you can be close to him, but if you want to get along with Mr. Hall, it’s up to you.”

After hearing this, they were all excited.

When Ryan heard this, he had a strange expression on his face. Then he smiled at Coen and said, “Coen, since you and Wade are friends, I wonder if you can introduce me as well.”

The Vengeful Son-in-law Chapter 398 -

The Vengeful Son-in-law

Before Coen could say anything, a boy next to him immediately shouted, “How dare you address Mr. Hall without an honorific title!”

Coen waved his hand, leaned back comfortably in the chair behind him, and looked at Ryan with a half-smile. “Why, you want to make friends with Mr. Hall too?”

His current posture was particularly arrogant, and it seemed that knowing Wade was something worth bragging about.

Ryan smiled and said, “Yes, is there a problem?”

Coen suddenly burst into laughter and said, “Of course. The problem is serious. You should take a f*cking look at yourself. Are yOU qualified to make friends with Mr. Hall? Haha!”

When the others heard Coen’s words, they laughed at him wantonly. In their eyes, Ryan was an embarrassed clown.

Isabella couldn’t stand it any longer. Ryan was obviously a big shot. Why was he ridiculed by these young rich men? Were they out of their mind?

Then, Coen began to brag about how good his relationship with Wade was, how awesome Wade was, and how difficult it was to be his friend, which made others admire him more.

Ryan had a rough idea. Now Wade was moving into top gear, and his fame was even greater than before. May had given him all these, so it was obvious how powerful this May was.

Seeing that how indifferent Ryan was when he was ridiculed, Isabella regretted asking Ryan here with her, which made her a disgrace. Unconsciously, she kept some distance from Ryan.

Just then, a few people came over from the opposite and they were surprised to see Isabella here.

“Isabella, aren’t you at school? Why are you here?”

“Dad, mom?”

It was Myles and Caroline.

Isabella stood up, greeted them and said, “I came with my classmates. Why are you here too?” Myles said, “I was invited by Mr. Hall. In fact, your grandfather is here too.”

Hearing that Hawthorne was here, Isabella was even more surprised. She could assume that Mr. Hall’s was really someone powerful!

“Where’s grandpa? I’ll go to be with you.” Isabella said.

The others also began to greet Myles and Caroline, and Coen was especially flattering and enthusiastic. Now that he recognized Myles and knew that Isabella was Myles’s daughter, his passion for Isabella turned to be stronger.

He knew how capable the Paynes in G State was. If he could get Isabella, he would be successful overnight. There was no reason for him not to try hard.

At this moment, Myles noticed Ryan, frowned slightly, and said to Isabella, “Is this your classmate?” As Ryan turned his back to Myles, Myles did not recognize him.

Isabella said, “Dad, he’s Ryan.”

“What?” Myles was stunned.

When Coen saw this, the corner of his mouth rose and a sneer appeared. Ryan was really an idiot. He didn’t try to project a positive image in front of Isabella’s parents. How could such trash beat him?

Ryan turned around and smiled at Myles and Caroline. “Mr. Paynes, Ms. Lopez nice to meet you again.” This time, Ryan did not call them uncle and aunt, and his attitude

towards them was obviously estranged. Myles and Caroline instantly realized the situation. Ryan was deliberately being indifferent to them.

Ever since May warned them, they had drawn a clear line with Ryan. Now that they saw Ryan, no matter how thick-skinned they were, they couldn't help but blush. It was very awkward.

"Hello, Mr. Howard. Nice to meet you." Myles smiled awkwardly and said, "Then excuse us. Isabella, come with us." After that, Myles took Isabella away.

When the others saw Myles calling Ryan Mr. Howard, they were all stunned. A question came to their mind. Was Ryan really a big shot?

The smile on Ryan's face remained the same. He watched Myles pull Isabella away in a threatening manner and keep a distance from him. He smiled, then sat down and continued his meal as if nothing had happened.

Coen frowned and looked into Ryan's eyes with a little more ferocity. Anyway, now that Isabella had left, he no longer had to pretend to be nice. He stared directly at Ryan and said, "Ryan, I don't care who you really are. From now on, stay away from Isabella. Otherwise, I have my way to make you unable to survive in G State!"

In order to cooperate with his threat, these boys were also eyeing Ryan with menace.

Those girls also despised Ryan, thinking that Ryan was just a piece of trash.

Ryan drank to himself and ignored Coen,

which made him feel very embarrassed. His face became even angrier. He stared at Ryan and was ready to teach Ryan a lesson at any time.

"I'm f*cking talking to you. Did you hear me?"

Coen was angry and slammed the table furiously.

The noise attracted the attention of the people around. Soon, they recognized Ryan and changed their expressions.

"Isn't this Ryan?"

"Oh My God, am I dreaming? It's Wade's birthday today. How dare he come here?"

"Oh My Dear Lord, it's indeed Ryan... Who are these kids? How dare they yell at Ryan? Are they going to die?" "Sally is this your son. How dare he offend Ryan?"

The middle-aged man looked over and his face immediately changed. He began to panic and ran over quickly.

He had met Ryan before. Now, Coen, this bastard, dared to yell at Ryan and threaten Ryan. He was looking for his death! Coen's father was so scared. He immediately ran over to stop his son, ignoring his status.

"Dad, you are coming just in time. This guy dares to compete..."

Coen was very happy to see Maximilian here. Now that his father was here, wasn't Ryan going to be a dead man? But before he could finish his sentence, his father, Maximilian, slapped him hard across the face. "Bastard! How dare you to be rude to Mr. Howard?"

Then, Maximilian immediately bowed and apologized to Ryan. "Mr. Howard, please forgive me. My son was so stupid. I beg for your mercy, Mr. Howard."

Maximilian's fat body bowed low and begged Ryan for mercy. Big drops of sweat dripped down his forehead, and he was especially scared.

Coen was originally very angry, but when he saw Maximilian's humble and frightened look, he was immediately stunned and realized that he had caused big trouble.

The Vengeful Son-in-law Chapter 399 -

The other college students were also dumbfounded and wore an incredulous look. Even Coen's father had to be respectful to Ryan. How powerful was Ryan's background? Could he really be a big shot?

Ryan didn't respond to Maximilian's apology. Instead, he enjoyed eating and drinking, looking especially mysterious and powerful.

Maximilian's forehead was sweating even more. He gave Coen a kick immediately and swore, "Coen! You bastard. Apologize to Mr. Howard now!"

Even if Ryan had lost ground now, he was not someone Maximilian could afford to provoke. Above all, Ryan had cultivated to an advanced level. If he was really annoyed, he could even hit them to death.

Therefore, Maximilian was truly afraid of Ryan. He couldn't care less about his pride and apologized in a hurry.

Coen was totally stunned. It was too embarrassing for him to apologize to Ryan in front of so many people. How could he continue staying in the circle in the future?

Advertisement

"Dad, are you too old to think straight? Why should I apologize to him? Doesn't my face count?" Coen said defiantly and straightened himself up.

At this moment, Ryan spoke. He gave a meaningful smile, looked up, and said to Maximilian, "I appreciate your son's backbone."

Hearing that, Maximilian got more scared, especially when he saw that faint smile on Ryan's face. He only felt a bucket of ice water pouring down from over his head, making his hands and feet freezing cold. He was terrified!

He was shivering.

Ignoring that, Maximilian slapped Coen on the back of his head with all his strength, making Coen scream in pain. Then he gave Coen a kick on the shin, and Coen knelt down in front of Ryan with a thump. Maximilian shouted, "Kneel down and apologize to Mr. Howard!"

Now Coen realized that things were getting worse. He had never seen Maximilian so angry and scared, so he made an apology to Ryan at once.

Ryan stared at Maximilian, who was covered in a cold sweat and decided not to make things difficult for him. He just waved his hand and said, "Get away."

As if being granted a general amnesty, Maximilian beamed with joy and ran away with Coen.

After what had happened, many people did not dare to stay with Ryan anymore and left one after another.

Ryan was happy that it became quiet again so that he could eat and drink as he pleased.

“Dad! What was that Ryan’s background? Why are you so afraid of him? At least our family is also a big family in G State. You’ve disgraced the Sally Family by making me kneel down to him in front of so many people!” When they got back, Coen said, unconvinced.

Maximilian slapped Coen on the head and swore, “You bastard, how can you say that? How dare you offend Ryan! Do you know who he is? He is the chairman of ZQ Media, TY Advertising, and Shield Security Company! If I hadn’t protected you just now, you would have died!”

Coen was still not convinced. “Even if he is the chairman of ZQ Media, you don’t have to be so afraid of him. Our family is powerful too! Dad, I think you are a real dotard.”

Maximilian said, “What the hell do you know! Just use your shitty brain and think it over. Would I have been so scared of him if he was simply rich? The scary part of him is that he is a superb master of Innate Realm! Peter was killed by him some time ago!”

When Coen heard this, he widened his eyes with surprise. “No way. Isn’t Peter Mr. Hall’s father? He’s the vice president of the North Sky Association! Was he killed by Ryan?”

Maximilian said pettishly, “That’s why I’m so afraid of him. If he had begun the fight, you would have been a corpse.”

“I don’t think he dares to do that in front of everyone, does he?” Coen’s voice grew much lower. Finally, he was a little scared now.

Maximilian sighed with sparkling eyes as he said, “There’s something you don’t know. Some time ago, Peter’s junior sister, May, took action personally and beat up Ryan’s mother’s family violently. Then she used her power and isolated Ryan, threatening that she would beat Ryan to death. Today is Wade’s birthday. Ryan dared to attend the party because he wanted battle it out with May. In this case, do you think he didn’t dare to do that? It’s easier for someone like Ryan to kill you than to step on an ant!”

Coen gasped. It was until now that he realized how powerful Ryan was. He had really gone to the gate of hell by humiliating Ryan just now. Coen couldn’t help but turn around to look at Ryan, looking scared.

At the same time, Ryan's identity was exposed too. Many people had recognized him, and it had caused heated discussions. Everyone stayed away and kept a distance from Ryan.

So such a scene was happening. There was no one at the table around Ryan, and the seats were empty. Only Ryan was sitting there, and it looked particularly weird.

Ryan gave a self-deprecating smile. It seemed that he had become the god of plague now. A week ago, he had still been a big shot, and all the powerful people in the circle had wanted to curry favor with him. But now, because of May, everyone began to alienate him and turn against him.

"What? Ryan is here?"

Mr. Murphy was chatting with a few friends. When someone reported to him, he became astounded suddenly. It was Wade's birthday today. How dared Ryan come?

The next second, he figured out Ryan's purpose. He was going to fight May to the death!

The others also realized this. While shocked, they were also excited and expectant.

Last time, Ryan had beaten Peter to death in the hunting competition. Most people hadn't seen it. To them, it was a huge pity. But now, finally they wouldn't miss it!

It was said that May's cultivation was better than Peter's. The battle between Ryan and her must be extremely spectacular! For a moment, anyone who learned the news began to come alive.

Mr. Murphy sighed and said, "Ryan is really tough. Even at this time, he dared to take the initiative to battle it out with May. It's rare to see someone with such courage! No wonder he can cultivate to such an advanced level at such a young age."

His words were approved of by others. Although they had drawn a line with Ryan, they still admired Ryan at heart.

"He sure has great courage, but it's more likely that he will be defeated by May this time."

"Yes, May is overwhelming. It is said that she is already in the upper realm of Innate Realm, while Ryan is in the middle realm at most. He is no match for May for sure."

"In any case, Ryan is going to die this time. Fortunately, I don't have a friendship with him. Otherwise, May will hate my guts and then I'll be doomed."

Almost everyone was pessimistic about Ryan, thinking that Ryan was courting death to have come here this time.

Something popped into Mr. Murphy's mind instantly. He asked, "Where's Amelia? Where did she go?"

A cry came from the side. "No, Amelia went to Ryan!"

"What?!"

Mr. Murphy was shocked. He looked in the direction of Ryan at once and did see Amelia sitting next to Ryan.

The Vengeful Son-in-law Chapter 400 -

The Vengeful Son-in-law

"How dare you come to me at this time? Aren't you afraid of offending May?" Ryan looked at Amelia in front of him and asked curiously.

Amelia dressed up today, wearing a very elegant evening dress and makeup, which matched her beautiful face, s*xxy figure, and charming temperament. Her charm as a woman was perfectly displayed.

A woman like her, no matter where she went, was the absolute focus.

In the distance, Isabella's eyes were still on Ryan. When she saw Amelia sitting down next to Ryan, she felt inexplicably uncomfortable.

Isabella had always had absolute confidence in her appearance. No matter where she went, she was always the most beautiful one. But Amelia, who was with Ryan now, was even more beautiful than her, making her very unhappy.

Amelia's appearance also attracted a lot of attention. Ryan was already the focus of the audience now. Therefore, anyone who appeared beside Ryan would attract great attention.

"I see you're bored here alone. So I'm here to accompany you." Amelia said with a smile.

Her smile shone brightly all around, tugging at the heartstrings of many people.

It had to be admitted that Amelia was so charming that no man could resist her charm. Even many women were amazed by her.

Now Amelia looked at Ryan with a little more sadness, as if she had seen Ryan fail.

Ryan remained silent for a while and said, "You'd better go. I'm not sure I can defeat May."

Advertisement

Amelia smiled more charmingly. She even held Ryan's hand, which was on the table, "Then I must stay with you."

When Ryan's hand was held by her, he felt Amelia's determination and sadness, and he was deeply moved.

All along, he thought that Amelia was a fickle woman, and the love that Amelia had showed to him was fake. So he didn't like Amelia very much. The last time at the hotel of the hunting competition, Amelia found him at midnight and told him her feelings for him, but he wasn't touched.

But now, under the circumstances of being utterly isolated, Amelia still resolutely stood up to accompany him. It couldn't be fake anymore, but the deepest voice in Amelia's heart.

How could a person be heartless? No matter how hardhearted Ryan was, and no matter how deep his guard was, he was moved by Amelia.

This was the second woman besides Phoebe who was willing to die with him.

So Ryan did not push Amelia's hand away, but remained silent for a while and said, "Amelia, once May kills me, you will be implicated. Is it worth it?"

Amelia smiled and said, "I love you, so it's worth it." Ryan's body trembled slightly. He really didn't expect Amelia to be so determined and love him so deeply.

When Mr. Murphy and the people from Cloud&Sky Pavilion saw that Amelia was still talking to Torn at this critical juncture, they were very angry. Amelia was going to kill their Cloud&Sky Pavilion!

Ryan glanced at Mr. Murphy and the others, then said to Amelia, "Aren't you afraid of implicating the Cloud&Sky Pavilion?" Amelia shook her head and said, "I will draw a clear break with the Cloud&Sky Pavilion, so I will not implicate them."

Advertisement

As she spoke, she opened her mouth to Ryan. Ryan immediately saw that there was a white capsule in her mouth. It was poison. As long as Amelia bit it, it would kill her.

Once she died, the Cloud&Sky Pavilion would not be implicated.

"Alas, why are you doing this?" Ryan sighed deeply and said rather helplessly. He always wanted to stay away from the secular world and women, but he just couldn't.

Amelia shook her head and said, "You don't have to bear any psychological burden. This is my choice. Besides, I also have my purpose. As long as you can defeat May this time, you won't reject me anymore. With your care, my identity will be different from now on and my status will be greatly improved. Even the Cloud&Sky Pavilion will bow to me. Thus, this is a win-win game."

Ryan was such a smart person, so how could he not know what Amelia was only saying this to ease his psychological burden.

Amelia was not taking a risk at all, but was going to die with Ryan.

Now that he had said that, Ryan decided to speak frankly and sincerely. He held Amelia and said, "If I kill May this time, you, Amelia, will have a place in the future."

Amelia had always been very calm, but her eyes suddenly turned red when she heard this. She nodded hard and said, "Okay, I'll wait for you."

The people of the Cloud&Sky Pavilion were so angry to see Amelia and Ryan being so lovey-dovey. They made up their minds that when Ryan was killed, they must make a clean break with Amelia and not be implicated by her!

At this moment, someone shouted, "Wade and May are out!"

Everyone moved eyes away from Ryan and Amelia to look at the stage. Sure enough, they saw Wade, who was dressed in festive clothes and was surrounded by a lot of people. May was standing next to him.

At this moment, Wade was in high spirits. There was a bright smile on his face and he felt very proud.

Seeing thousands of people coming to his birthday party, he felt a sense of accomplishment. In the past 32 years, he had never had such a good time!

Ryan also looked towards the stage. He did not look at Hans at all, but directly at May. There were thousands of people present, but May was the only one who could be taken seriously by him.

May felt his gaze and looked over immediately.

In the air, it seemed that two invisible sharp light flashed across, then collided fiercely, causing an explosion.

This was the first time Ryan had seen May. He was really strong, much stronger than Peter.

This also aroused Ryan's desire to fight. The stronger the opponent, the more excited he became!

There was a sudden hush. Everyone tacitly stopped talking and looked at Ryan and May.

Wade was giving a passionate speech with a bright smile on his face. Suddenly, he realized something was wrong. No one applauded, no one cheered, making him dissatisfied. What happened to these guests? They were so rude.

However, he immediately realized something was wrong. He looked down the stage and followed everyone's gaze. Then he saw Ryan and couldn't help but shiver violently.

Ryan was here?! He uncontrollably became afraid. He already had an instinctive fear of Ryan.

May, who was standing next to him, snorted fiercely and coldly, "I'm here with you. Don't be afraid, idiot!"
