

The Vengeful Son-in-law Chapter 441 -

The Vengeful Son-in-law

Yes, Mr. Perez referred to Sean. Ever since he set his eyes on Sunny, he had planned to come to G State. Just then, his follower Camden told him that Bard, a member of the North Sky Association, wanted to win over a top expert to be in charge of the North Sky Association. Therefore, he immediately came over.

On his way here, Camden mentioned to him something about the current situation in the North Sky Association and hinted that to be the vice president of the North Sky Association was not that easy because its enemy was Ryan.

When he heard the name Ryan, he was slightly stunned as he felt it was a little familiar. He seemed to have heard it somewhere, but he couldn't remember it for a while.

Soon, he realized that Ryan was also a master of the Innate Realm, who had killed Peter and May in succession. He was interested, but that was all. In his opinion, except for LT Organization, the others were all common people. Moreover, he came to G State this time for Sunny. Neither LT Organization nor Ryan was taken seriously by him.

Bard had expected more from Sean, because Camden had been bragging in front of him about how powerful Sean was these days. But now, he saw Sean with his own eyes, and his expectations slowly turned to disappointment only because Sean really looked too weak. He looked no match for Peter, let alone Ryan.

This made him wonder if Camden had found an ordinary expert to fool him. Besides, Sean was too young. He was only in his thirties. On the contrary, Peter and May were both in their forties and fifties.

Advertisement

After drinking for some time, Bard tried several times to find out the details of Sean, what realm he was in, and what achievements he had, but Sean ignored him, which made him more and more unhappy and think Sean was a piece of junk.

Finally, Camden realized something was wrong. He smiled and said, "Mr. Perez, what Mr. Grant means this time is that he wants to invite you to be the president of the North Sky Association in Peter's stead..."

However, before Camden could finish his sentence, Bard waved his hand and interrupted him. Bard said faintly, "I don't think that's necessary. It is not that easy to be the vice president of the North Sky Association, so don't bother Mr. Perez." Camden was stunned. He didn't expect Bard to say that. Before dinner, he and Bard were on the same page. "Bard, what are

you doing? Didn't you say you wanted Mr. Perez to be the vice president?"

Advertisement

Bard said faintly, "There's no need for that. Not everyone can be the vice president of the North Sky Association! I don't want to spend a lot of money on a mediocre person who won't be able to make any contribution in the battle with Ryan!"

How could Camden not see that Bard did not believe Sean's strength? He said quickly, "Bard, what are you talking about? Didn't I tell you that Mr. Perez has reached an incredible level? Ryan is not Mr. Perez's match at all."

"Really?" Bard smiled faintly, his face full of disdain, and then said, "Camden, I'll pay for this meal. I still have something to do, so I should get going."

As he spoke, he was about to stand up and leave.

However, at this moment, Sean, who had been silent for a long time, finally spoke. He sneered. The next moment, a powerful and indescribable pressure erupted from him, and at the same time, he looked at Bard.

In an instant, Bard froze and his head buzzed like thunder exploding inside. In his eyes, Sean in front of him became a giant as high as a hundred feet. He held a huge sword in his hand and swung it at him, splitting the space in front of him in half. The earth roared as if the world could not bear Sean's sword and was about to collapse, and he was about to be destroyed.

He had never experienced anything like this before. His face turned pale in an instant, and large drops of cold sweat appeared on his face. His legs swung violently, and he lost the strength to support himself and fell directly to the ground. Moreover, a pool of liquid flowed out of his crotch. It smelled so bad. He was so scared that he wetted his pants.

Sean smiled disdainfully. He withdrew his gaze at Bard. In an instant, Bard came back to his senses. It was as if he had come back from hell and was brought back to life.

Now the way he looked at Sean was completely different. He was no longer as contemptuous and suspicious as before, but full of awe, fear, and excitement.

Advertisement

He now believed in Sean's strength. With such a powerful person as Sean in charge of the North Sky Association, the Association would definitely become stronger. And Ryan would be nothing then.

Bard's face flashed with embarrassment when he thought of he had wetted his pants. However, he didn't feel ashamed. Instead, he stood up, bowed to Sean, and said in an extremely sincere tone, "I was blind just now and underestimated you. Sorry for offending you. Mr. Perez, please forgive me!"

Sean waved his hand, without bothering himself to argue with Bard. He said faintly, "I just saw your fear of Ryan from your

spiritual world. Tell me about him."

Bard quickly began to introduce Ryan, including his background. He told him that Ryan was the son-in-law of the Scotts. Later, he inexplicably improved, became the chairman of ZQ Media, and then reached the Innate Realm. Then he defeated Peter and May.

After hearing this, a light flashed across Sean's eyes and he said, "So, this Ryan is extraordinary. He has changed from a son-in-law to a peerless master."

After a pause, he added, "I'm a little interested in him." Bard said, "Mr. Perez, this Ryan is extremely violent and cruel. If you see him, you must be careful."

Then he took out his phone, opened a video, and showed it to Sean. "Mr. Perez, this is a video of Ryan and May fighting for your information."

Sean looked over. It was the fight between the two masters of the Innate Realm and it had caused great damage. If it weren't for the high definition of the video, no one would have been able to see them clearly. Even so, it was difficult to capture their movements. Most of the images were just the ghosts of them. Even if they slowed down by 20 times, it was the same.

When Sean saw Ryan's face, his eyes suddenly became sharp. "This is..."

Ryan's face looked a little familiar to him. Finally, he remembered that this was the bastard that the last Saintess Anna had given birth to secretly!

In an instant, his eyes lit up and the corners of his mouth were raised. He put on an evil smile. "So it's this bastard. Sunny, I have finally caught your secret. So you came to see this bastard. I have put into many efforts to look for you, but now you bring yourself to me."

The Vengeful Son-in-law Chapter 442 -

The Vengeful Son-in-law

"Chairman, there's going to be a big charity party tonight. All the big shots in our circle will be there. Do you want to attend?" After Ryan came to the ZQ Media, Elliot reported to him.

"Charity party? Is it a big one?" Ryan asked curiously.

Elliot said respectfully, "Yes, it is a big event with official support, and all those big names from various fields will attend it. I think you'd better go there since you intend to set up a new charity organization, chairman."

Indeed, Ryan intended to set up a charity organization to do more charity work. If he went to this charity party, it would really be helpful.

He didn't think too much and nodded in agreement.

Now that he had nothing special to do, he had time for the party tonight.

Then, he stayed in the office and began meditating. Since his victory against May, his cultivation had improved a lot and stabilized at the upper level of the Innate Realm.

The Innate Realm, also known as the Transcendent Realm, created a dividing line between those who had reached it and the ordinary people as well as those at the Extrinsic Peak, who were not only vulnerable in force but also in life and thus no match for the masters of the Innate Realm.

Advertisement

Now Ryan's position in the Innate Realm had been completely consolidated and his cultivation had stabilized at the upper level of the Innate Realm.

He now roughly divided the Innate Realm into five realms, which were the lower level, the middle level, the upper level, the top level, and the Major Perfection Realm!

The difference between these five realms lied mainly in the strength of Qi, blood and spirit.

Following the Major Perfection Realm of the Innate Realm would be the legendary Immortal Realm! Once he reached that level, he would be a real superman.

The life form of a person would experience an earth-shaking metamorphosis. Ryan even thought that when he reached the Immortal Realm, his body would undergo unexpected changes. He might even acquire abilities such as mental interference and teleportation.

Advertisement

This seemed very mysterious and impossible to happen, but in fact, it was not. According to Ryan's reasoning, the potential of the human body was unlimited. From the Extrinsic Peak to the Innate Realm, the level of life changed for the first time. After reaching the Innate Realm, the 'authority' of the human brain was opened up more, and it could secrete hormones on its own to strengthen the body and the spirit.

When one reached the Immortal Realm, the human brain was given more 'authority', which meant it unlocked more of its 'functions'.

In fact, humans could only use a few percent of their brain capacity. Many scientists were smarter because they could use more brain capacity than ordinary people.

There was a scientific theory that the brain capacity that humans could not use became God's forbidden zone! Human cultivation, in fact, was a constant process of opening the God's forbidden zone and developing more brain capacity.

Ryan only used about 15% of his brain capacity now! According to his deduction, when he reached the Immortal Realm, he should be able to use 50% of his brain capacity!

If he could use 50% of his brain capacity, he would be able to go from three-dimensional space to four-dimensional space so that he might have abilities such as mental interference and teleportation.

This was not a fantasy, but was supported by scientific theories.

One could imagine what kind of realm he would reach if he could use 100 percent of his brain capacity. Ryan was not sure.

Maybe he could jump directly from the four-dimensional space to the fifth-dimensional space.

Ryan opened his eyes and there were flashes in his pupils. The amount of brain capacity he could use now should be 15.224%.

If he could break through to the top level of the Innate Realm, he should be able to use 20% of his brain capacity by then!

Advertisement

If he reached the Major Perfection Realm in the Innate Realm, he should be able to use 25% of his brain capacity!

Of course, this was only his speculation. He had to research on the exact figure.

Time passed quickly during his meditation. He opened his eyes with a sense of foreboding just three seconds before Elliot pushed open the door of his office.

“Chairman...”

Ryan stood up and said, “I see. Now let’s go to the charity party.”

Half an hour later, Ryan, Elliot and other executives appeared at the charity party.

Elliot had not exaggerated. Tonight’s charity party was indeed very big. At first glance, it was full of big shots from various fields as well as many celebrities.

When Ryan showed up, he attracted the attention of the crowd and they all looked at him.

“It’s Mr. Howard.”

“You look really magnificent, Mr. Howard. I can tell at a glance that you are an outstanding person. It’s our honor to meet you.” “Sure. Mr. Howard is the pride of our H City. He is already a master of the Innate Realm at such a young age.”

“Mr. Howard, cheers!”

“Mr. Howard...”

A lot of people soon came over to curry favor with him.

Some beautiful women kept making eyes at Ryan and leaning against him, wishing they could win heart of Ryan.

Ryan was used to this. He smiled and did not put on airs but instead chatted with these big shots in a friendly manner.

Just then, someone said, “Look, isn’t that Bard from the North Sky Association? Why is he here?”

“What? Let me see... Damn, it’s really Bard. As the president of the North Sky Association, how does he dare to show up in front of Mr. Howard? Besides, didn’t North Sky Association use to send only small potatoes over for charity parties? Why does he come here tonight?”

“Is Bard crazy? He dares to come when he knows that Mr. Howard is also here tonight. Isn’t he afraid of Mr. Howard?”

“How is this possible? There is a grudge between Mr. Howard and the North Sky Association. Bard is the president of the North Sky Association, and how can he not know... Is it possible that Bard comes to apologize to Mr. Howard and beg for mercy this time?”

Many people looked at the gate and saw Bard. Dressed in a designer suit and surrounded by a dozen people, he walked over. He was in high and vigorous spirits.

Behind him were the top people of the North Sky Association, and they strutted in.

Ryan also looked over. Although he had never met Bard before, he had seen Bard’s photo, so he recognized Bard at a glance.

When he saw Bard’s smug look, he was not afraid or depressed at all.

This was a little unusual.

“Was Bard not afraid of me?” Ryan thought.

At the same time, he could tell at a glance that Bard was only at the Extrinsic Peak. Such cultivation was nothing compared with his strength.

Ryan’s attention was soon attracted by the man next to Bard! The man looked cold, arrogant, and supercilious. It looked as if everyone present was just nonentity to him.

What really caught Ryan’s attention was that this man was also a top expert of the Innate Realm, and he had reached the top stage!

He was much stronger than May!

This man was Sean.

The Vengeful Son-in-law Chapter 443 -

The Vengeful Son-in-law

Ryan was shocked.

It was well-known that there were very few experts of Innate Realm even all over around the world. Did he meet another one not long after?

And he had reached the pinnacle of Innate Realm. In other words, that man had unlocked 20% of the brain power, hadn't he? That was unbelievable!

The point was that not long ago, Tanya and Dax from the Military Intelligence 3 had just come to him and said that there were very few experts of Innate Realm in H Country and they wanted to recruit him. Not long after, he met this man.

Now that Ryan was staring at him, his muscles tensed up and he felt a destructive aura from this man. This man could kill everyone here in a very short time if he wanted to.

When Ryan noticed Sean, Sean also looked over and smiled meaningfully at Ryan. Ryan immediately knew that he was being targeted.

Advertisement

Because of Bard's arrival, the atmosphere at the scene froze for a short time. For a moment, most people focused on him and Ryan.

They were all curious if Ryan would attack Bard directly.

Elliot said strangely, "Does Bard want to die? Knowing that you are coming tonight, he dares to come over."

Malcolm sneered and said, "No matter what he thinks, as the president of the North Sky Association, it is a provocative act to dare to appear in front of Mr. Howard. But in my opinion, he is mostly here to give in."

Elliot nodded and agreed with Malcolm. Ryan was too powerful now. In G State, no one dared to oppose Ryan. The North Sky Association used to be very powerful, but after Peter was killed by Ryan. it was just a toothless tiger, not worth mentioning.

Ryan said faintly, "The North Sky Association is here to provoke me."

Advertisement

Elliot and Malcolm couldn't help but be shocked when they heard this. They felt that it was impossible. Now, what leverage did the North Sky Association have to fight Ryan? Was Bard really not afraid of dying?

As Ryan finished speaking, Bard really walked straight in Ryan's direction in an aggressive way.

All of a sudden, everyone's eyes were on him. Everyone knew that the North Sky Association and Ryan were enemies. Now that Ryan was at the crest of the wave, Bard dared to strut in front of Ryan. Apparently, Bard was provoking Ryan.

Ryan also had a meaningful smile on his face. Most of his attention was on Sean. This was the strongest master he had ever met! All of a sudden, it aroused his desire to fight.

"Ryan, I didn't expect a cruel person like you dares to attend a charity party. You really disgraced tonight's charity party." Bard walked up to Ryan and said with disdain.

Many people around him immediately showed vivid expressions when they heard his words. Elliot and Malcolm turned furious.

Elliot said coldly, "Bard, are you looking for death?!"

Malcolm also said tit-for-tat, "Bard, you coward, you've been hiding for so long, and now you dare to appear in public? Why don't you hide yourself forever!"

Staring at Elliot and Malcolm, Bard sneered, "You two are at least some big shots. You actually became Ryan's watchdog. Tsk, tsk, shame on you. I don't know how you guys can be so proud. It's very honorable. for you to be other man's dogs, isn't it?"

When he said this, the whole room was in an uproar. Their expressions on Bard were different and full of surprise.

Advertisement

“Damn, when did Bard become so tough? He is going to start a war with Ryan!”

“It didn’t make sense. Bard is just the master of Extrinsic Peak. Peter, the most powerful person in their North Sky Association, has been killed by Ryan. What leverage he had to fight with Ryan?”

“You have a lot of things to catch up. I heard that a few days ago, Bard recruited a top expert to replace Peter as the vice president of the North Sky Association. That’s why Bard was so bold that he dared to confront Ryan directly.”

“Really? Then there will be a good show later...” Elliot and Malcolm’s faces suddenly turned gloomy. Bard’s behavior amounted to hit them hard in the face.

With their personality, how could they stand it? They just wanted to fight back. At this time, Ryan took a step forward and stared at Bard. A terrifying light appeared in his eyes. Immediately, Bard’s brain buzzed. All the images in front of him disappeared, and it turned dark!

It was as if he was blind and could not see anything. Ryan had directly invaded his mental world through his eyes, trying to destroy his nerves.

Bard’s face turned pale, and there was a frightened expression on his face, and he was trembling.

His reaction fell into the eyes of many people, and they couldn’t help but fear Ryan. It was only through a look that Bard was scared to this extent, which showed how powerful Ryan was.

However, at this moment, Sean, who was standing on the side, made a move. He snorted coldly and his eyes became sharp in an instant, like two arrows piercing towards Ryan.

Ryan blinked involuntarily in the face of Sean’s eye attack. Then Sean grabbed Bard’s shoulder and let Bard escape from Ryan’s eyes.

After that, Bard gasped heavily. His face was as pale as paper. Moreover, he was so scared that he peed his pants. An unpleasant smell emanated from his crotch.

“Holy crap, are you kidding me? Bard actually peed his pants?”

“Hahaha, it’s so funny. He was so arrogant just now. With one look from Ryan, he was so scared that he peed his pants. So embarrassing!”

“How dare an idiot like him to provoke Ryan...” For a moment, many people around them began to laugh.

As for Elliot and Malcolm, the two of them laughed even more enthusiastically and were extremely happy. There were so many big shots present, and Bard actually peed his pants in public, which could become a shame that Bard would never get rid of for the rest of his life.

Bard came back to his senses. He felt that his crotch was full of urine, and his face was extremely angry. He was furious that his body was shaking. At the same time, he couldn’t be arrogant again, and he was a little more afraid of Ryan.

Just now, he felt fear when he met Ryan’s eyes, stronger than from Sean! Until now, he still had lingering fear and his heart beat extremely fast.

“Damn it!” Bard gritted his teeth. If he had known that Ryan was that powerful, he wouldn’t have provoked Ryan just now and made a big fool of himself.

He looked at Sean beside him, hoping that Sean could help him.

Seeing Sean staring at Ryan, he suddenly smiled and said something inexplicable, “Interesting. I didn’t expect the bastard back then to have been strong to this extent. It seems that that b*tch Sunny has been cultivating with you frequently.”

When others heard this, they all felt inexplicable and confused. However, when it reached Ryan’s ears, it was like a loud bang. In an instant, he stared at Sean.

Obviously, this guy in front of him was from LT Organization!

The Vengeful Son-in-law Chapter 444 -

The Vengeful Son-in-law

Ryan returned to normal as soon as he breathed. He stared at Sean coldly and said in a deep voice, "Who are you?"

Sean's lips curled up into a devilish arc. Instead of answering Ryan directly, he said jokingly, "I always wonder why that b*tch, Sunny, often comes to G State. It turns out that you are here. I have found something fun now."

His words were full of playfulness. He stared at Ryan as if he was looking at a toy with which he could play.

Ryan snorted coldly and said that Sean was deliberately mystifying. Then, he suddenly struck. There are thousands of people there, but none of them saw Ryan's movements clearly. They only saw that his figure flashed and seemed to disappear out of thin air. When he appeared, he came to Sean and slapped Sean in the face.

He was as fast as lightning.

Sean's pupils shrank, obviously not expecting Ryan to have the guts to attack him.

Ryan's attack actually made him feel dangerous, which shocked him deeply. He was at the top of the Innate Realm. He was just one step away from the Major Perfection Realm. Ryan had got into the Innate Realm in less than a year but Ryan made him feel dangerous. It was obvious that Ryan's talent was great.

Advertisement

However, Sean's reaction was very fast. Almost in an instant, he had regained his senses and dodged back. At the same time, he kicked out and a gust of wind blew. Far away, several beautiful women's skirts were blown up by the influence of Sean's kick. It was not hard to tell how powerful Sean's kick was.

Ryan did not slap Sean in the face. Ryan didn't feel surprised. Obviously, this was what Ryan expected. He did not dodge when facing Sean's kick. He twisted his waist and his right foot was like a huge spring. With a taut sound, he kicked Sean fiercely, trying to confront the tough with toughness!

Bang! There was a loud noise. A strong wind came out of nowhere, spreading all around.

Ryan and Sean both took a few steps back, and the tiles on their floor began to crack. To their surprise, the last one exploded directly.

Advertisement

The most shocking thing was that when their legs crashed just now, the building shook, and the chandeliers on the ceiling shook slightly too. The situation scared everyone present. Many people looked pale and thought it was an earthquake.

Sean's face darkened a lot. He did not expect that the humble bastard would dare to attack him and stand up to him as an equal. This was blasphemy to his identity!

Ryan was also shocked. The opponent's strength was indeed above him. Now he clearly felt a little pain in his right foot. Ryan felt that Sean's leg was even harder than a steel plate.

He was the second person from LT Organization he had seen. Since man was so powerful, how strong was LT Organization on earth?

In an instant, he felt an unprecedented pressure. At this time, the organizers of tonight's charity show appeared and quickly stopped them from continuing their fight.

Seeing this, Ryan stopped fighting. He looked at Sean angrily and aggressively. Calling him "bastard" over and over again had completely angered him.

Sean felt his anger and suddenly smiled, "I thought you were dead. Now that you're alive, you can be my plaything." After that, he even made a move to cut his own throat at Ryan.

Ryan also sneered. He simply said one word, "Asshole."

In an instant, Sean was furious. His eyes widened and a sharp light burst out. "You!"

Advertisement

Ryan ignored him and turned around to leave. From the beginning to the end, he was very leisure, showing his status and generosity. Although he was on equal footing with Sean just now, no one would feel that he was defeated by Sean. Instead, they would feel that Ryan was taking the whole situation into consideration and saving face to the organizers of tonight's charity party, so he let Sean go easily.

Sean, on the other hand, looked a little embarrassed now.

Sean looked at Ryan's back as he left. His face gradually darkened, and he had the desire to kill Ryan.

Then Sean sneered and said, "Bastard, since I found you, then you can't leave. Sunny, I've got something on you. When I take this bastard down, I don't know what your expression is. I hope you are still a virgin. Otherwise, I will make this bastard's life worse than death. Hahaha."

On Ryan's side, Elliot asked cautiously, "Chairman, who was that man just now? He has such good cultivation that he can stand up to you as an equal."

Ryan elegantly tasted the red wine and said faintly, "The new vice president of the North Sky Association. He is indeed very strong and powerful."

Malcolm hesitated for a moment and asked, "How is his strength when compared with May?" Elliot also became curious as he wanted to know the answer eagerly. "Stronger than May," Ryan said.

Hearing this, both of them showed worried expressions. Ryan looked over and said with a smile, "What? Are you afraid?"

"No! Chairman, you misunderstood. How could I be afraid?"

"Yes, chairman. As long as you are here, everything can be solved." The two of them hurriedly explained.

Not long after, tonight's charity party officially began.

The rules of tonight's charity show were that the host would show many charity projects, then the big shots present shall bid and the money they donated would be used to do charity. The person who donated the most money tonight would be awarded the title of charity ambassador..

This title did not have any substantial effect, but to any entrepreneur in H Country, it was a sweet pastry. Once a man got this title and as long as the man did not make a big mistake, the country would take care of and protect him secretly.

A lot of people came tonight for the title of charity ambassador. Bard was one of them.

On the surface, the North Sky Association was a company whose business was security. But behind the scenes, it did a lot of outrageous things and was vaguely warned by the government. If it won the title of charity ambassador this time, it would be safer and its position would be more stable.

“Chairman, I have investigated. The North Sky Association has done a lot of bad things recently and has been targeted by the top. Bard came to the charity party tonight because he wanted to get the title of the charity ambassador. As long as he becomes the charity ambassador this time, the crisis of the North Sky Association will be solved.” Elliot said meaningfully.

Ryan nodded, and he thought of this too.

Malcolm also said, “Chairman, you killed Peter and May before. To prevent the North Sky Association from using this against you, I think that you need to win the title of charity ambassador. You can give a heavy blow to the North Sky Association and protect yourself as well. Kill two birds with one stone.”

Ryan’s eyes flashed with light and he said, “More than the North Sky Association. Many other people also come here to get the title of charity ambassadors.”

Elliot said, “Of course. Nowadays, entrepreneurs can never say that they are clean and innocent. If they win the title of charity ambassador, their social status will be different. Their importance in the eyes of the government will also be different. This identity is equivalent to a death-free gold medal.”

The Vengeful Son-in-law Chapter 445 -

The Vengeful Son-in-law

Ryan was a little surprised by Elliot's words. He had roughly known in advance that the title of charity ambassador could bring him lots of advantages, but he had never thought that the title turned out to be so beneficial, which was almost a gold medal for survival.

"How could the title charity ambassador be so useful?" Ryan asked doubtfully.

It was not his fault as he suspected that because philanthropic activities were held quite frequently at home. Many donations could be seen on TV.

Besides, doing charity was entirely voluntary. Generally speaking, the identity as a charity ambassador was not that important.

Elliot saw Ryan's confusion and quickly explained, "Chairman, there's something you don't know. Tonight's charity party is organized by the government. Many famous entrepreneurs from G State and the south will come. Most importantly, there have been several disasters in the country over the years, resulting in a deficit in the national treasury and an unprecedented desire for charity. Especially a while ago, there were natural disasters... So tonight's charity party is of different significance. This also means that the sum of money donated for charity tonight will definitely reach an astonishing amount. As long as you become the charity ambassador this time, your social status will be raised substantially!"

After a pause, Elliot said seriously, "Chairman, I think it's necessary for you to get the title of charity ambassador tonight. This will be of great help for your development in H Country in the future."

Advertisement

Ryan was smart. He definitely understood the value of the identity as the charity ambassador tonight.

Especially now that LT Organization had reappeared and discovered his existence, which meant that he had been in a more dangerous situation. At this time, if he obtained the identity as the charity ambassador and got the attention of the government, he would have a layer of protection. LT Organization had to think twice before taking actions against him.

Soon, he made up his mind.

At the same time, similar voices were heard in many places at the scene. They all wanted to get the identity as the charity ambassador tonight.

Advertisement

Bard clenched his fists and looked at the trophy of the charity ambassador on the stage. His eyes were filled with passion and he had to get it.

Not long after, the host announced that tonight's charity event would begin. First, he proposed a project to help the disabled and called for everyone to bid enthusiastically.

"I donate 10 million!"

"I donate 15 million!"

"I donate 20 million!"

As the host's voice fell, many people began to raise their hands and shout out the amount of money they wanted to donate. The amount of money was larger one by one. And the minimum was ten million dollars.

In less than ten minutes, the amount of donations had already reached more than two billion dollars. If this was spread out, it would cause quite a shock in society.

One should know that the donations seen on the news were hundreds of thousands. Millions or tens of millions of donations were fare.

It was just the first charity project, but more than two billion dollars had been raised. It was unbelievable. After all, the money donated had no effect on donors themselves.

Advertisement

At this moment, a loud voice sounded. It was Bard. He had a confident smile on his face and said, "I donate 200 million dollars to support our country's charity projects and carry out the positive energy."

His words were heard and immediately caused a big shock on the scene. Bard donated 200 million dollars in one single bid.

North Sky Association indeed lived up to its fame. It was both powerful and rich.

North Sky Association's main business was about security. But this didn't mean that it didn't have any other businesses. On the contrary, the business that it really made profits from was not security, but other projects. Security was just their foundation. By infiltrating the bodyguards around the big shots of all parties, it got the information and made profits in every business it did.

Two hundred million was just a hair off a bull's back for the Northern Sky Association.

When he called out this amount, he immediately caused a lot of shock in the audience, and many people cried out in surprise.

"As expected, it's the North Sky Association. It donated 200 million dollars directly at the beginning. It's so rich!"

"Yes. It seems that Bard will be the charity ambassador tonight!"

"It's great to have money."

"I wonder if Ryan will compete with Bard."

"Ryan? Forget it. When it comes to fighting, Ryan is really good and he the best throughout the G State. But when it comes to wealth, ten Ryan can't be compared to the North Sky Association."

"That's true..."

For a moment, all kinds of voices rang out in the audience. More than half of the people gave up the idea of fighting for the title as charity ambassador when they saw Bard take action.

After all, they didn't have as much money as the North Sky Association.

The activity tonight was no better than an auction, where money was spent and something valuable could be bought back. This was charity. They spent money only to gain a good reputation. There was nothing they could benefit from.

When Bard heard the voices of shock around him, his face showed a smug expression. At this moment, he was the main character, and tonight's charity ambassador belonged to him inevitably.

Soon, he looked at Ryan with disdain.

He admitted that Ryan was indeed a genius. Ryan was not only proficient in cultivation, but also highly talented in doing business.

But so what? North Sky Association had been operating in the south for so long, and the wealth it accumulated was not something that a small boss like Ryan could had.

Ryan naturally saw Bard's mockery. He just smiled lightly and didn't take it to heart. He raised his hand and shouted out the money he would donate, "I'll donate 30 million dollars."

When Bard heard this, he smiled even more disdainfully and said to Ryan, "Ryan, as the chairman of three companies, you only donate 30 million dollars? Thank you for saying it."

When the people around him heard this, they were indeed a little surprised by Ryan words. Did Ryan quit fighting for the identity as the charity ambassador tonight? It was okay if he didn't fight for it. But Bard was so disrespectful to him, was Ryan not going to say something?

Could it be that Ryan was outwardly strong and inwardly weak? He was afraid of the North Sky Association? Or was it that Ryan got serious injuries that could not be healed when he fought with May?

For a moment, many people saw Ryan's reaction and began to think about it. Ryan was too lazy to answer. He closed his eyes and began to recuperate.

Even Elliot and Malcolm were made a little confused by Ryan. Based on Ryan's property, he should have donated more than 30 million dollars, although this was only the first charity project.

Soon, a second charity project came.

It was about caring for the elderly, and many people also began to raise their hands and say the amount of money donated.

Because of Bard's donation of two hundred million just now, the amount of money in many people's second donation was much less.

The highest donation was only 40 million dollars. Seeing this, the smile on Bard's lips deepened. He thought that tonight's charity ambassador must be him.

So this time, he didn't donate another two hundred million, but one hundred million. He thought this was enough.

He looked at Ryan again and said jokingly, "Mr. Howard, it's your turn. I don't know how much you will donate. It won't be 30 million, right?"

All of a sudden, everyone's eyes were on Ryan. They were all curious that whether Ryan would fight back as he faced Bard's repeated provocations.

Just then, Ryan spoke and raised a finger.

Bard laughed when he saw it. "Hahaha, ten million? Ryan, you're really stingy!" However, as soon as he finished speaking, Ryan added, "One billion."

In an instant, Bard's smile froze on his face.

The Vengeful Son-in-law Chapter 446 -

The Vengeful Son-in-law

"Hiss..." After three seconds of quietness, the scene erupted in a gush of recoiling breaths.

Almost everyone opened their eyes wide and looked at Ryan in disbelief. They were obviously frightened by the number that Ryan bid.

One billion!

What was the concept of one billion? More than half of the people in the room did not earn a billion in a year! Besides, this was only the second charity project, and there were a dozen more to come.

Was Ryan crazy?!

In the first charity project just now, originally many people would have thought that the amount Ryan shouted out would be more than Bard, but it turned out that Ryan had only donated 30 million.

Advertisement

When it came to the second charity project, most people thought that Ryan had already conceded defeat. They thought that the amount he would shout out would only be a few tens of millions at most. However, they never expected that Ryan would directly donate one billion.

That was too much!

Even the host was a little shocked now. He was stunned for a while, then he asked Ryan, "Mr. Howard. Did you just say you wanted to donate a billion dollars?"

Everyone's eyes fell on Ryan. Ryan nodded faintly with a calm face. "Yes. Is there a problem?"

Advertisement

"No!" The host shook his head hurriedly. Now the way he looked at Ryan was a little different.

That was a billion dollars! In all his years of hosting charity events, he had rarely seen anyone donate so much.

There was an old saying that was indeed true, "Nothing is good or bad but by comparison."

When they heard Bard's donation of 200 million just now, they still felt shocked and thought that Bard was rich and generous. But now Bard was overshadowed by Ryan's donation of one billion.

Many people also thought that Bard was a bit stingy, having donated two hundred million for the first time and only 100 million for the second, which was no match for Ryan's one billion.

Even Sean, who was also frowning, looked at Ryan hatefully.

He was particularly displeased with Ryan's smug look!

Bard gritted his teeth. What he had said to mock Ryan just now turned into his own humiliation. Bard felt rather uncomfortable.

More importantly, the way those people looked at him made him upset.

“Bard is a laughingstock of us now. He thought 300 million was a lot, and he had the nerve to mock Ryan. However, Ryan slapped him heavily on the face.”

Advertisement

“That’s right. Look at his facial expression.”

“Haha, I suddenly remembered the scene where he was scared to pee in his pants by Ryan just now.” “That’s really funny.”

All these sounds fell on Bard’s ears, making him so uncomfortable that his teeth clacked together.

Ryan didn’t even look at him and continued to rest his eyes, not taking him into account at all, and it was this disregard that made him even more uncomfortable.

He planned to beat Ryan for the next charity project!

“Humph, damn Ryan, I’ll see how much you can do! Comparing your money with me? You’re dead, I’ll make you lose all your money!” Bard stared at Ryan’s direction and gritted his teeth.

He did not believe that Ryan could compare with him in terms of financial resources.

This time, he was prepared to spend six billion dollars in order to obtain the status of charity ambassador. No matter how much money, he must get the status. And, he had confidence in himself.

As for Ryan? He was just a clown.

He had already investigated Ryan’s assets, including the ZQ Media, TY Advertising, Shield Security Company, and the amount of money Ryan could mobilize was only three billion dollars. Compared to him, Ryan was completely in the hands of the mantis and overestimated himself!

Moreover, Ryan had already squandered one billion dollars, leaving only two billion. He wanted Ryan to donate all the three billion and lose all his money.

Having thought of this, Bard was much relieved with a cold smile.

“Challenge me? I’ll make you pay for it.” Bard sneered, full of confidence.

Soon, the third charity project came. It was about building a disaster area. Many people realised that this was one of the highlights of tonight’s charity gala, as building disaster areas is closely related to the livelihood of the country.

For a moment, many people began to bid hard again.

“I donate 30 million!”

“I’ll donate 50 million!”

“I donate 70 million!”

“I donate...”

This time, many big bosses who gave up fighting for the charity ambassador began to donate actively. The minimum amount was

more than 30 million, and in a short time, more than 5 billion dollars had been collected.

After all, this charity project was about the livelihood of the country. Even if they couldn’t grab a charity ambassador, they could still leave a good impression on the country. When the time came, they could hire their own media and publicise it in the community, and they would be able to gain a lot of public support.

Ten minutes later, the rest of the people present donated, leaving Bard and Ryan to donate. Bard rolled his eyes and stared at Ryan, saying, “Ryan, I wonder how much you want to donate this time? Still one billion?”

His words were full of ridicule, and he did not believe that Ryan could donate such a large sum.

As he said this, many people present were also looking at Ryan, looking forward to how much Ryan would donate.

To be honest, even if Ryan had just donated a billion dollars in one go and slapped Bard in the face, most people still didn’t think that Ryan could compete with Bard tonight. After all, the North Sky Association was too rich.

Ryan smiled and said, “I’ll donate two billion dollars.”

In an instant, the noisy scene began to quiet down again. Everyone was speechless again. They opened their eyes wide and looked at Ryan in shock.

Oh my god, this was another two billion!

Ryan was so rich. It wasn’t two hundred million, nor was it twenty million, but two billion! Such a large sum of money was enough to buy several companies.

Bard breathed faster with shock. Ryan should have donated two billion dollars, which was really unexpected to him.

Wait a minute...

It suddenly occurred to him that the amount of money that Ryan could use now was only three billion dollars. Now that Ryan had squandered it, and he would not be able to donate anymore.

After confirming this, Bard smiled even more happily and said, "That is so like you, Mr. Howard. It's only three charity projects, and you have already donated three billion dollars. That's very admirable. However, I plan to donate three billion dollars, just a little more than you."

His words caused another uproar. Bard was so pleased with himself, enjoying the crowd's awe, that he didn't notice Ryan's meaningful smile.

Tonight he came to the charity gala with the intention of donating more. He had won 14.6 billion in a bet some time ago anyway, so he could spend it as he pleased.

He wondered what Bard's face would be when he donated a large sum of money and failed to win the title of charity ambassador.

Now Ryan was looking forward to it.

The Vengeful Son-in-law Chapter 447 -

The Vengeful Son-in-law

Bard smiled more brightly and proudly. He thought Ryan was a coward as Ryan said nothing more.

Even though Ryan had killed May and became the greatest master in G State, Ryan was not his match in terms of financial resources.

Besides, he had recruited Sean as his vice president, so he didn't need to fear Ryan in terms of force.

As long as he outcompeted Ryan and ruined Ryan's reputation, the North Sky Association could regain its fame! Bard was overwhelmed with excitement at the thought of that scene.

It was true that North Sky Association had done a lot of outrageous things, but that would not affect his reputation as long as he became Charity Ambassador tonight.

Elliot and Malcolm were also shocked. If Ryan couldn't get the status of Charity Ambassador, then the three billion he donated before would be wasted.

They were worried.

They had been confident that Ryan could get the status but they didn't expect Bard to appear and dare to challenge Ryan openly.

Advertisement

They were sad because they knew that the money that Ryan could use now was only three billion dollars, but it seemed to be wasted.

And the others also thought that Ryan had flattered himself by challenging Bard for Charity Ambassador, and his three billion dollars would be gone.

"Mr. Grant is awesome. He donated three billion dollars in one breath. So the total amount of his donation is thirty-three billion dollars. He's awfully rich."

"Of course, Bard is the president of the lucrative North Sky Association. His assets have already exceeded hundreds of billions, while Ryan has liquidity of three billion and his total assets are only 10 billion. Ryan will be defeated."

Advertisement

"That's right. In terms of financial resources, he is far from Mr. Grant though his cultivation is the highest of G State. He will embarrass himself tonight." "I wonder if Ryan will be angry and attack Bard."

Even though they were discussing in a low voice, Ryan still heard them. His expression didn't change at all, and he even wanted to laugh. Actually, he had never been afraid of anyone in terms of money, he had more than 70 billion dollars in his account, not to mention that the 14.6 billion he had won in the previous bet. Was he not a match for Bard?

Besides, the money was just a number to him now. He didn't care how much money he had donated.

But Bard was even much prouder when he heard the discussions.

Sean narrowed his eyes and looked at Ryan playfully. In his eyes, Ryan was just a tough toy.

Soon, the host announced the start of the fourth charity project, which was also about the construction of the disaster area and the care of the victims. It was also a big project.

People kept raising their hands to shout out their donations, which were more than tens of millions. Soon, Bard and Ryan were the only ones continuing.

Bard said to Ryan slowly, "Mr. Howard, I heard that you are determined to become the Charity Ambassador tonight. I wonder how much you will donate to this charity project."

Everyone could tell that Bard was mocking Ryan.

Elliot and Malcolm were gnashing their teeth angrily. They really wanted to beat up Bard's ugly face.

Ryan, however, still looked indifferent, which made them anxious.

"What, are you going to compete with me for Charity Ambassador status?" Ryan smiled at him meaningfully with his legs crossed.

He seemed to be indifferent to the 3 billion he had wasted, and it seemed to he believed he could win.

Bard was very unhappy to see his confidence. He frowned, thinking that Ryan was pretending to be calm though he had lost!

Advertisement

Soa he said loudly, "Haha, compete with you? Do you deserve that? Can you afford to compete with me? Let me tell you. Tonight I plan to donate eight billion dollars. If you can donate more than eight billion dollars, you'll be Charity Ambassador."

Eight billion!

The crowd exploded when hearing his words. Many people gasped, their eyes widened, and they looked at Bard in awe and admiration.

Eight billion. That was not a small amount. It was enough to buy a lot of companies. The North Sky Association was really rich! Others looked up at Bard and thought Ryan was completely not a match for him.

Indeed, in terms of cultivation, Bard was indeed not comparable to Ryan, but in terms of money, Ryan was no his match at all. And when Bard became Charity Ambassador, his

social status would be raised, and Ryan couldn't deal with North Sky Association casually at that time.

In the eyes of most people, Bard won the battle tonight.

Similarly, Elliot and Malcolm thought of this, and their faces darkened.

"Eight billion?" Ryan said. "Not very much."

"Not very much?" Bard laughed as if he had heard a big joke. "Eight billion dollars is enough to buy your ZQ Media! As for your TY Advertising and Shield Security Company, they are worth nothing. You should stop pretending to be awesome."

Now Bard was getting more and more impolite to Ryan and did not take Ryan seriously at all.

Ryan was not angry. He smiled and said to Bard, "How much did you donate in a total number?"

Bard crossed his arms and looked at Ryan proudly, "Not very much. Only 33 billion."

"So you should donate four hundred and seven billion more. I have donated a total of three hundred and thirty million. Well, I donated five billion this time, which is just thirty million more than your total donation." Ryan said with a smile in a particularly relaxed tone, as if it was a small number to him.

In an instant, the crowd quieted down again.

Everyone looked at Ryan in disbelief. They had not expected that Ryan would donate eight billion dollars! This was not a small sum. The point was, how could Ryan afford such a large sum of money?

Bard was stunned on the spot. His eyes widened and he was a little scared.

Then, he quickly came to his senses and said, "Impossible! You are just the chairman of the small ZQ Media, how can you donate so much money! Liar, you are cheating!"

The more he spoke, the more excited and the more clear-headed he became. Yes, Ryan was obviously playing tricks. Ryan was the chairman of three companies and he had to sell all his companies to get that much money. And even if he sold the companies, he wouldn't get eight billion dollars according to Ryan's shares.

Therefore, there was only one possibility that Ryan was playing tricks!

Thinking of this, he was so excited that he couldn't help but snicker. He thought that Ryan was out of his mind to do such a stupid thing.

Hahaha.

Not only him, but also many people present thought of this. They gloated at Ryan.

The host also frowned and said in a low voice, “Mr. Howard, are you sure you can donate eight hundred and thirty million dollars? If not, this is a fraud and the authorities do not allow it!”

The Vengeful Son-in-law Chapter 448 -

The Vengeful Son-in-law

Charity fraud was not a rare thing. In fact, many celebrities had done it in order to increase their popularity. However, it was quite embarrassing to be exposed in the end.

Charity fraud could lead to different consequences. Some celebrities donated a small amount of money, and that was not a big deal. They would only be condemned. But tonight’s charity party was organized by the government to raise money and solve the official pressure.

That was why the charity ambassador was important, so if anyone committed charity fraud on this occasion, the consequence would be serious, and even Ryan would be punished.

Elliot and Malcolm were very flustered since they understood this. They were on the same boat as Ryan. If something happened to Ryan, they would be in trouble too.

Hearing this question, Ryan did not panic at all. He smiled and said calmly, “I won’t do that. It’s just eight billion.” The host took a meaningful look at Ryan. Anyway, he had

warned Ryan, so if Ryan still did it, he could not blame him. He looked at Bard again and said, "Bard, it's your turn. How much do you want to donate?"

Bard glared at Ryan fiercely. He didn't believe that Ryan could donate eight billion. He said directly, "Hehe, even Ryan donated eight billion. Of course, I won't donate less than him. I'll donate another five billion."

Advertisement

Counting the former 3.3 billion, Bard had donated 8.3 billion, which was almost his limit!

He didn't believe that Ryan could have more money. In fact, he was in the bag now. He was sure that Ryan was doing charity fraud and could never have eight billion.

Ryan saw his reaction and smiled meaningfully. Eight billion was astronomical for many people, but for him, it was a little.

Besides, he wanted to do charity. Money was just a number to him, so it was better to help more people. Now that Bard was at odds with him, he was a little more interested.

Advertisement

Sean narrowed his eyes and stared straight at Ryan. He was especially unhappy with Ryan being so pretentious. In his opinion, Ryan was a bastard, a disgrace to LT Organization, and should not have existed in this world. Now, not only did this bastard not live in pain, but he was really comfortable with his great life.

He snorted heavily, wanting to kill Ryan more.

Ryan immediately felt the murderous intent. He also narrowed his eyes and glared at Sean without flinching.

Someone could sense the tension and confrontation between them.

Soon, it was the fifth charity project. This time, it was a less important project. Everyone donated a lot less, and Ryan only donated 100 million.

Bard donated 50 million.

The next few projects were not so important either. Ryan donated 100 million every time as if it wasn't money but water. The more he donated, the more unreal it became. Many people, including Bard, were more convinced that Ryan was throwing the handle after the blade, which meant he could "donate" as much as he wanted since this was just fraud.

So far, Ryan had donated 8.63 billion, and Bard had donated 8.65 billion, just 20 million more than Ryan.

This was his limit. If he continued to donate, he would not be able to take out the money. It was also a fraud.

Others all gave up. Anyway, tonight's charity ambassador could be either Ryan or Bard. Most people thought it would be Bard.

Finally, it came to the last charity project. It was about rebuilding the earthquake-stricken area, which had been on the news every day. The whole country was paying attention to and worrying about this place.

Advertisement

The host said solemnly, "Next one is the last charity project. It is the most serious disaster area in H Country. The losses are huge. I hope that all the bosses can lend a helping hand to support the charity of our country!"

After saying that, the host even bowed to everyone, and Ryan immediately felt respectful.

Ryan had recently learned something about this disaster area. In fact, the charity organization he had wanted to set up was to help this disaster area as part of his effort to do something for his country.

"I'll donate 50 million!" "I donate 60 million!" "I'll donate 100 million!"

"I donate..."

As the host's voice fell, many people began to donate one after another, and soon, nearly ten billion was raised! This amount of money was not small in charity events.

The new donations took the total amount to 30 billion now.

Soon, Bard and Ryan were the only two who didn't donate in this session.

Everyone looked at the two of them.

The host asked, "Mr. Grant, Mr. Howard, how much are you two going to donate?"

Bard now donated 20 million more than Ryan. In total, he donated 8.65 billion. This was already the sum of the two years of income of the North Sky Association. But he just donated it, which almost killed him!

If it weren't for this guy Ryan, he wouldn't have spent so much money. The third highest donator only donated a f*cking billion.

However, it was worth it as long as he got the title of the charity ambassador tonight.

He glared at Ryan resentfully and said, "Now that the disaster is serious and the whole country is worried, I decide to donate another 1.5 billion to help my fellow countrymen through the disaster."

This meant tonight he had donated eight hundred and eight billion. That was a staggering number!

Originally, his maximum budget tonight was eight billion, which meant he had to pay the remaining eight billion himself.

It was all because of this damn Ryan!

When the host heard this amount, he was a little disappointed, but he thought it made sense. After all, as the whole charity party was to the end, Bard had donated 8.8 billion, which was not a small amount.

Next, he looked at Ryan and asked with a smile, "Mr. Howard, you're the only one left. How much money are you going to donate?"

For a moment, everyone's eyes were on Ryan. Now Ryan was 170 million less than Bard.

Although Ryan was being stared at by so many people, he remained composed. He said calmly, "May I ask how much the construction of this disaster area will cost?"

When he asked this, everyone was stunned for a moment. They didn't know why Ryan asked this.

The host was also a little surprised. No one had asked such a question in the former charity events before.

However, he still answered honestly, "This area is severely afflicted. The earthquake destroyed many buildings and facilities, and many of our compatriots died. If all of them were built, it would be more than 20 billion."

Twenty billion! Hearing this number, many people were silent. This number was indeed too much.

Ryan continued to ask, "How much have we all donated?"

When the host heard this, he was even more confused. He didn't understand what Ryan meant. Did this man want to make up for the rest?

The host was amused, looked at Ryan, and said, "Including Mr. Grant's donation, the total donation is 97634 million." Ryan's eyes flashed and his smile deepened. "That is to say, there is still 10.24 billion needed, right?"

"Yes." The host nodded. Suddenly, he thought of something and his heart beat faster. Next, he heard Ryan say in a flat tone. "As a member of H Country, it's my duty to share

the burden for the country. It just so happens that I have this ability. I will donate the remaining 10.24 billion alone. I have decided to donate 10.5 billion to support the charity of my country. I hope that our country can rebuild the disaster area well so that our suffering compatriots can live a good life as soon as possible.”

As soon as he said this, the whole audience was shocked!

The Vengeful Son-in-law Chapter 449 -

The logo for 'The Vengeful Son-in-law' features the title in a bold, black, sans-serif font. The text is centered within a bright yellow, irregular, hand-drawn shape that resembles a splash or a cloud. The background of the entire page is white, and the text is surrounded by a thin black border.

10.5 billion! What did this mean?!

Everyone present knew very well that an ordinary person could not spend this amount of money for more than ten lifetimes... No, he could not spend it in twenty or even thirty lifetimes!

However, Ryan sounded it was nothing. He was not bidding for precious treasures, but making donations in a charity event.

The most terrifying thing was that Ryan had donated 19.13 billion in total if the 8.63 billion before was included!

How terrifying was this? No one dared to imagine.

So the audience was dumbfounded and the whole venue was strangely quiet. Everyone was staring at Ryan in a daze.

Even Bard was now shocked. He thought it was so ridiculous. This was 19.1 billion, which was equivalent to one-fifth of the income of the North Sky Association. And Ryan just donated it?

Advertisement

God! Even a big shot like Bard, who had dealt with a lot of money, was frightened by Ryan's generosity.

The point was, although Bard was now the president of the North Sky Association and had a high status, his personal wealth was actually only 20 billion and he was considered a super-rich person by others.

But Ryan donated 19.1 billion to a charity party. He must be crazy.

Even Sean widened his eyes and his breathing was much faster.

Advertisement

He stared at Ryan, trying to see through him!

Because he couldn't afford so much money. Although he was a respected Law Enforcer in Eastern Territory of LT Organization, he really didn't have much money.

His heart beat faster, and the look in his eyes at Ryan was even more intense and jealous. He now knew that although Ryan was not as good as him in cultivation, he was better than him financially.

This made him even more interested. If he could possess all of Ryan's assets, he could become a super-rich man. And with so much money, he could do more things and buy more precious pills. Then, his chances of breaking through to the Major Perfection Realm of the Innate Realm would be even greater!

In an instant, Ryan realized that Sean had designs on something he had. He sneered in his heart and did not take Sean seriously.

"Impossible!" Just then, an excited and sharp voice suddenly came, scaring many people.

It was Bard. Now his face was very grim. He stared at Ryan and said with gritted teeth, "Fraud! This is definitely a fraud! Ryan, you poor man, how can you have 19.1 billion? Even if you sell your three companies, you won't be able to have so much money!"

Hearing his words, many people present immediately noticed that Ryan was only the chairman of three companies, and the most valuable one was ZQ Media. And ZQ Media's market value was only about eight billion. Even if Ryan sold it, he would not be able to raise 19.1 billion, so they concluded that Ryan was a fraud. In order to be tonight's charity ambassador, Ryan had lost his mind.

The host frowned and said, "Mr. Howard, can you take out 19.13 billion? If you can't, you are a fraud. This kind of behavior will be severely punished in the country!"

The rule of tonight's charity gala was paying in on one go after the announcement of donations. If anyone couldn't pay it, he would be a fraud.

Advertisement

If anyone couldn't pay the money in a charity event held by a non-governmental organization, he would lose face at most. There would be no serious consequences. But this was held by the government. The fraud would be severely punished.

Bard came back to his senses, and he began to secretly rejoice again. Yes, Ryan was a fraud. The more Ryan said he would donate, the heavier the punishment would be. Once Ryan couldn't afford the 19.13 billion, he would be doomed. By then, Bard would still be the Charity Ambassador. Thinking

of this, Bard was very happy.

Elliot and Malcolm also began to be anxious. They did not expect Ryan to be so bold and generous. Cold sweat broke out on their foreheads and they were very worried.

But Ryan laughed. He said, "Of course I can afford it. It's less than 20 billion. It's not a lot of money." He was talking big. He liked to be pretentious so much. Almost everyone present thought so.

Bard burst into laughter and pointed at Ryan. "Ryan! Since 20 billion is not a lot of money, then pay it now. If you can't pay it, then you are a fraud. Then wait to be punished!"

He gritted his teeth and his face was twisted. His eyes were filled with hatred and disgust when he looked at Ryan.

Everyone looked down on him when they saw him being like this.

However, most people could understand him. After all, Ryan had gone too far this time, and he even wanted to commit fraud this time.

Until now, no one believed that Ryan could afford it.

Ryan stood up slowly with a bright smile and said, "Okay, since you want me to pay first, then I won't hesitate."

As he spoke, he walked over to the host, who was full of suspicion, but out of professional ethics, he still took Ryan to the payment area.

Only professional financial staff could transfer such a large amount of money.

Moreover, it would require an authoritative supervisor to be present for the fear of the occurrence of embezzlement, so as to make sure that the money was spent on important things.

Ryan began to transfer money under the guidance of professionals. 19.13 billion was astronomical. The professionals present were very cautious and careful, afraid that something went wrong.

“Okay, Mr. Howard, as long as you enter your PIN, the money is transferred.” A beautiful lady said respectfully to Ryan.

“Okay.” Ryan remained calm, not nervous at all, not showing off at all. He seemed so natural and casual as if 19.13 billion was just a normal number to him.

Bard was even more unhappy when he saw Ryan like this. He gritted his teeth and said, “Hmph! He is still pretending. He will definitely lose face!”

Elliot and Malcolm were also very nervous. They hoped that Ryan could transfer the money successfully, but they knew that this was impossible because Ryan didn't have that much money.

Others also stared at Ryan.

Just then, Ryan entered the PIN and pressed the button to confirm the transfer. A few seconds later, a pleasant female voice sounded on the scene. “Dear Mr. Ryan, you have transferred 19.13 billion.”

Hearing this, everyone in the room was stunned again.

Bard's expressions were the most interesting.

The Vengeful Son-in-law Chapter 450 -

The Vengeful Son-in-law

The transfer was successful...

At this moment, everyone felt unreal, as if they were dreaming.

It wasn't that none of them had ever seen such a large sum of money, but none of them thought that Ryan could offer so much.

After all, the money was not used for precious treasures at the auction, nor was it for acquiring the company, but for donations.

This gave them an unprecedented shock.

Bard stood there in a daze. His facial expression changed all the time, looking rather funny.

He couldn't believe it was true.

One shall know that he was determined to get tonight's title of charity ambassador. To seek for this title, he even took out 8.8 billion dollars, which was a lot!

Now, he didn't obtain the identity of the charity ambassador, which meant that he had spent eight hundred and eight billion dollars in vain. He was merely draining water with a sieve.

The strong contrast made him unable to accept it for a moment.

Advertisement

In an instant, he lost his mind. His eyes were red and he pounced on Ryan with a ferocious expression. He shouted, "Impossible! It must be fake! How could Ryan have so much money? You are cooperating with him to fake it!"

Hearing his words, all the staff members, including the host, looked sullen!

As for the people of the North Sky Association, their expressions also changed suddenly. They became afraid and realized that Bard had made a big mistake. He dared to question the authorities. Wasn't he looking for death?

Ryan narrowed his eyes and said with a sneer, "Bard! How dare you disrespect the authorities?!"

Advertisement

Bard hadn't come back to her senses yet. The sharp contrast and his hatred for Ryan had made him lose his mind. He cursed with a ferocious expression, "Ryan! You damned poor man. You're just the boss of a small group. How could you possibly have so much money? You were doing fake donations! You're doomed!"

"Really?" Ryan narrowed his eyes with a half-smile on his face.

Just then, a stern reprimand came, "How resumptuous!"

As the man finished speaking, a tall, silver-haired and strong old man came out of the backstage. He stared at Bard coldly and scolded, "Bard, you have the guts to slander the authority for doing fraud. I think you are tired of living! Come on, take this lawless thug down."

Seeing the old man, Bard's expression changed drastically, and he began to fear. Moreover, he finally realized that he had made a big mistake.

In an instant, his face turned pale and he gasped for air. He suddenly realized what he was doing. He actually questioned the authority for having fraud and said it on such an important occasion. He was bringing about his own destruction.

His legs were shaking.

Moreover, this old man was a powerful figure in H Country.

It was over. He finally realized that he was in trouble this time.

Advertisement

"Master of the State, I was wrong! I was reckless. My mind was not clear, and I slandered the authorities. Please let me go!"

Bard was scared to death when he saw this old man. If he knew that this old man was here, he wouldn't have dared to be so presumptuous just now.

As for the rest of the people present, they were also shocked to see the old man. This old man was the most powerful person in G State. These businessmen were nothing in front of the old man.

Even Ryan was surprised. He had only seen the Master of the State on TV. He did not expect that the Master of the State would come to the charity party tonight.

No wonder he felt a sense of auspiciousness backstage just now. It was surging and extraordinary. It turned out to be the Master of the State.

The old man ignored Bard's plea and said with a cold face, "Take him down."

Soon, someone took Bard down. Even if the cultivation of the four people was not high and they were not his opponents, Bard did not dare to resist at all. After all, once he resisted, his fate would be doomed.

The North Sky Association was powerful, but it was not on the same level as the Master of the State.

He was now extremely regretful. If he had known this, he wouldn't have run out just now. This time, he really threw the helve after the hatchet. Not only did he lose 8.8 billion dollars in vain, but he also angered the Master of the State. This time, he really lost his life!

Originally, even if he donated 8.8 billion dollars and couldn't get the title of charity ambassador, he could at least leave a good impression on the official. But now, he got nothing.

He continued to beg for mercy and was about to kneel down, but the Master of the State ignored him and asked him to pay the 8.8 billion first. He did not dare to say no and had to pay obediently. He felt pain in his heart and liver, and his breathing was not smooth.

Especially when he saw Ryan's mocking eyes, he hated Ryan to the extreme and almost fainted.

Seeing the Master of the State's appearance, the atmosphere at the scene was different, and the others transferred money one after another.

Sean stared at Ryan. The murderous intent in his eyes was so strong that the air in front of him became sticky.

Ryan felt Sean's murderous intent in an instant. He turned around and sneered, giving Sean a middle finger.

This action made Sean even angrier and made him gnash his teeth! He wanted to tear Ryan apart immediately.

However, he held back. He was not allowed to do this in the current situation. Finally, he gave Ryan a cold look and turned to leave, ignoring Bard. In his eyes, Bard was just an ant.

“Ryan, you are a bastard and shouldn’t have existed in this world. As a disgrace to the organization, since the Saint King kindly spared you a lowly life, you should have lived in humiliation and pain for the rest of your life and finally died miserably. In the end, you actually got into the Innate Realm and lived such a beautiful and glorious life. This is a blasphemy against the organization!”

“Sunny, you b*tch, how dare you disobey the Saint King’s orders? You’re dead.”

“Ryan, I won’t kill you in a hurry. I’ll torture you slowly! I don’t know how that b*tch Anna would feel when she saw your body.” “I look forward to it..”

Sean left with his murderous intent and hatred for Ryan.

Ryan looked at his back as he left, and Ryan also had the same murderous intent.

“He is at the fourth level of the Innate Realm? So what? When I first ascended into the Innate Realm, I could kill Peter who was at the second level. And I killed May who was at the third level in half a year, and now I can still kill you who was at the fourth level!”

Tonight’s charity event was an unprecedented success. Originally, the official thought that it was already very good if the plan to raise 20 billion dollars for all the charity projects could be made.

But in the end, 50 billion dollars was raised in one breath, which was far beyond the official expectations, so the Master of the State was especially happy and blushed.

After everyone had paid the bill, the Master of the State personally awarded Ryan the trophy for the charity ambassador and they took a group photo to mark the occasion.

At this moment, Ryan had the glory. Everyone with a little vision knew that Ryan’s status was different now. He was no longer the martial arts master who only knew how to fight and kill before. He now had the official support, which was equivalent to a gold medal to avoid death. In the future, anyone who wanted to hurt him had to give up.

After everything was done, Ryan was about to leave when the Master of the State stopped him. “Ryan, I have a nice pot of Longjing Tea. Would you like to drink?”

When the people around them heard this, they were all stunned. Then they all looked at Ryan enviously and respectfully. It was such a great honor to Ryan as the Master of the State sent Ryan his invitation!
