

99. Baby

Evelyn groaned covering her face with her hand, she was really sore. It was morning. She was laying on the bed alone. She had no idea where her husbands were but her main focus was on the pain. She was naked under the sheets, she wasn't able to stand any fabric on her body.

"Baby" came a voice. She blinked a couple times to clear her vision. Ace was standing there with elijah and noah. Evelyn gulped a little, there was a crippling feeling inside her as she stared at them. It was fear.

She tried to sit up but hissed in pain. They hurriedly went close to her "no no love keep laying down" noah said placing his hand on her back.

Elijah sat beside her and placed his hand over hers, she tried to give them a smile but they could tell it was forced. "We're sorry" two words were said and a er that it was silent.

Evelyn sighed, she started to sit up on the bed despite their protests. Her naked body was wrapped in sheets as she stared at them "and why are you apologizing?" She asked, although she knew the reason but she still wanted to hear it from them.

"W-We pushed you a lot last night, we didn't mean to be this rough with you. It was your first time with all those things and we knew that but we still didn't stop" noah said. Ace and elijah kept their head down.

They got so lost in pleasure at that time that they didn't show any mercy on that poor girl. Evelyn kept silent. She couldn't lie, she did enjoy but it was physically hurtful too. Not to mention they kept taking turns and didn't even let her rest.

"Baby we're extremely sorry" elijah pleaded. She looked at them, she forgives them for their mistakes every time but then they keep repeating it again and again.

She couldn't believe it, she felt like she was a mother of three teenage boys. But then again, from the start there was no one to stop them. They killed people, enjoyed it and by tomorrow they forget about it. This was basically their lifestyle.

"You three are giving me a headache" evelyn mumbled rubbing her temples. Her thoughts were stressing her brain out. The trio looked at her with hurtful expressions.

She sighed "what's the point of your sorry when we all know that you're going to do it again" she said still massaging her temples.

"No please, evelyn don't say that. I swear we won't do that-" she raised her hand stopping ace midway. She was really tired. "You're really sorry?" She asked.

They nodded. "Then show me, show me how sorry you three are" she replied. "How?" Ace asked. She smirked evilly.

"Umh" evelyn moaned, noah smiled applying even more pressure. She was laying down on her belly, face buried in the pillows.

Noah was massaging her back, ace and elijah were rubbing lotion on her legs. Well they were responsible for her condition so it was payback time.

"A little down elijah" she said indicating towards her feet "yes mam" he replied. Her face was hurting from how hard she was smiling.

"You know we can do this everyday" noah said rubbing her shoulders. "I won't mind that" she said in her daze. They chuckled, storms were happy to serve her. They were ready to be their wife's servant, atleast in that way they will be able to remain close to her. But they would frown whenever they will find another mark on her body.

Yes, they gave it to her. Yes, they enjoyed it but they were also feeling guilty.

Their baby was delicate and they pushed her too hard for her first time. Suddenly she hissed when noah rubbed harder on a particular spot. "Sorry baby" he cooed as he looked at the red spot. It was where elijah poured wax.

Elijah bit his lower lip. "I'm sorry" evelyn heard elijah's sad voice. She sighed and slowly turned around on the bed clutching the sheets close to her naked body.

They looked at her and gulped. God! She looked sexy. She smiled at elijah, she caressed his cheek making him lean on it, like a cat rubbing itself on its owner.

"I'm fine" she said with her hoarse voice. "It was just a little too overwhelming" she replied choosing her words carefully not wanting to hurt them.

"We should've controlled ourselves" ace said holding her hand. She smiled "I'll be okay, i just want to sleep" she replied. Her whole body was still sore.

They nodded in understanding. She laid back on the bed, the trio stood up leaving the bedroom.

"Evelyn"

She looked up as she heard noah's voice. "Hm?" "Did you enjoy last night?" He asked with a smirk, elijah and ace looked at her with smiles.

She opened and closed her mouth like a deer caught in headlights, her face was completely red.

"I i um did i m-mean-JERKS" she shouted hiding under the blankets. Evelyn heard their booming laughs. "Sleep well baby" She groaned.

Evelyn slept for hours but elijah wake her up telling her to take a bath.

She entered the bathroom, she took a hot shower. Her muscles relaxing under it. Evelyn stood still for few minutes enjoying the feeling when there was a knock on the bathroom door.

"Baby" came elijah's voice. "Yes?" She replied. "Your clothes are on the bed and a er that come down for breakfast, we're almost done" he said so ly. "Okay, thank you" she said. He smiled and l e.

She started to apply her bodywash when suddenly she realized something, Elijah said they were almost done. Are they making breakfast? She sighed knowing what kind of disaster must be going on in the kitchen right now.

"Are you fucking kidding me?!" Noah screamed in anger. "This is the fi. I time you burned it" elijah sighed looking at ace as he threw the burnt thing in the trash can.

"I'm not a fucking chef" ace shot back. Noah rolled his eyes. They wanted to make a delicious breakfast for her.

Elijah was preparing chocolate croissant for her and noah was making yoghurt with granola and ace had one job of making scrambled eggs but he burned it.

They were busy fussing about it when agatha, the head maid entered the kitchen. "Good morning masters" she greeted them with a bow. Storms stopped their bickering and turned towards her. "Didn't we give everyone holiday today?" Ace asked. The trio dismissed every servant, they wanted to do everything for their babygirl themselves.

"Master elijah mentioned you all were going to prepare breakfast for Mrs. Storm, so i thought you might need a little bit help" she said politely.

"Its completely fine, we don't need help" ace replied. Agatha smiled, she felt bad. These three men were clearly struggling in kitchen but still they wanted to do it on their own. "Are you sure masters" she asked again wondering her eyes around the kitchen.

"Yes, you can leave" noah stopped midway as he looked at their surrounding. It looked like a warzone instead of kitchen.

He sighed in defeat, evelyn must be really hungry. Noah couldn't feed her burnt food. "Okay" he finally said. Ace slammed the pan on the stove, he wanted to cook for her.

"Fine, but you'll only guide us, I will make the food for her" ace ordered. She smiled "okay master" agatha replied.

Evelyn came out of the shower, hot steam was releasing. She felt way better. A towel was wrapped around her as she walked in the bedroom.

She looked at the bed and found her clothes and undergarments. Evelyn picked it up and started to wear them. She wanted to wear something comfortable and that's exactly what these clothes were.

She towel dried her hair. Her eyes couldn't help but stare at her neck. Her whole body was covered with hickeys and bruises but right now only her neck and cleavage was visible.

She went towards her dresser and started to look for concealer. But suddenly her hands which were roaming here and there to find concealer stopped.

Don't hide our marks.

She retracted her hand and closed the drawer. They clearly warned her about it and she had no problem with that since noah said all the servants were on holiday today.

Evelyn combed her hair and wore her slippers. She went downstairs. As soon as she reached downstairs a sweet aroma invaded her nostrils. She smiled and walked towards the kitchen when ace came in front of her holding the dishes in his hands, elijah and noah followed behind.

She smiled at them, the brothers looked at her and then down at her neck and cleavage. "Looks good on you" elijah commented. Her smile vanished, she hid ed and went towards the dining table. They smiled and followed her.

Ace placed the dishes on the table "sit love" elijah said pulling the chair for her. "Thank you" she said, her cheeks were still a little red.

Noah placed a kiss on top of her head, ace and elijah served her and lastly noah poured her orange juice. Evelyn's mouth watered at the site. They sat beside her. She joined her hands and started to pray. The trio waited for her.

Evelyn picked up her fork and took a bite of her scrambled eggs mixed with cheese, ketchup was placed beside it. She liked it that way.

She hummed in delight "Its so good" she mumbled. Ace smiled widely. She tasted the croissant and then the yoghurt "I can eat this all day" she mumbled stu ing her mouth with another bite.

"Glad you liked it" elijah replied happily. She smiled.

Evelyn finished eating "its the best breakfast i ever had" she mumbled drinking her juice. They grinned. "Why are you not eating?" She asked, they were so busy looking at her that they forgot to eat.

"We are" noah said. She smiled, evelyn couldn't help but find them really cute? Out of nowhere she raised her hand and started to play with noah's curly hair. Ace and elijah watched quietly.

Noah closed his eyes, her hands were so so and gentle.

"Thank you for this, i appreciate it" she said so ly. Noah hummed. Suddenly her hand was snatched away from his hair, elijah held her hand and placed it on his hair "my turn" he said.

Evelyn chuckled at his childish behaviour but still ran her fingers through his hair, they were like silk.

But a er sometime she removed her hand, he whined "eat your breakfast" she said.

"Feed me" said a voice, she looked at ace. He stared at her with a scowl. She played with noah and elijah's hair but forgoit him.

Evelyn smiled in understanding. She got up from her chair and sat beside ace. "You know you're a kid" she said forwarding a spoonful of yoghurt towards him. He smirked and opened his mouth.

Noah and elijah rolled their eyes at him and continued eating.

"I made it" ace said proudly as evelyn was feeding him the eggs.

"They were really good" she cooed making him smile even more.

"Yeah, he made it and before that he burned it five times only" elijah taunted.

Ace glared at him, evelyn smiled. "Fuck o" he growled and threw a spoon at elijah but he dodged it. "You bitch" elijah scowled and threw his napkin at ace.

"Hey! Stop it" evelyn shouted. Noah took a sip of his co ee with a smile, it was fun watching them like this, he was happy for himself and his brothers.

Agatha entered hearing all the commotion but stopped when she saw them.

"Stop behaving like kids" evelyn was scolding them. They stopped and sat down.

Agatha smiled and walked towards them.

"Good morning Mrs. Storm" she greeted her. Evelyn smiled at her "good morning agatha" she said "i thought everyone was on holiday" she asked. "Yes, but i thought masters might need a extra hand in kitchen" she replied.

Evelyn smiled, she was glad that there was someone who genuinely cared for storms. She trusted agatha a lot.

"That was really sweet of you" she said making agatha smile. But that smile suddenly faltered when she saw evelyn's neck. She kept staring at it making evelyn frown "what happened?" She asked in confusion. "Um n-nothing" she stuttered.

Evelyn tilted her head, she then looked at storms but they had an annoying smirk on their faces. "What is it?" She asked them, agatha's old face was a little red as she tried to cover her smile.

Elijah brought his lips close to her ear "she is looking at your beautiful marks" he whispered.

Realization hit her, she let out a small shriek and covered her neck. The brothers laughed loudly.

She gave them a fierce glare which made them shut their mouths. Evelyn had no idea that agatha will be present here too.

"Its okay baby" elijah tried to console the poor girl whose face was redder than a tomato. Noah rubbed her back.

Agatha smiled at them, they looked even more close now. "Seems like soon there will be a young master or miss running in the house" agatha said happily.

Everyone paused.

Evelyn choked on her spit and coughed. And storms, well they just looked at her.

Evelyn looked down and avoided eye contact with anyone.

Agatha's face dropped when she realized she made the situation awkward. "I-i apologize if i said something wrong" she said bowing and started to leave.

No no don't leave me with them now evelyn begged inwardly.

Agatha le, evelyn sighed in defeat. She gathered up the courage and slowly leed up. She was expecting storms to tease her or laugh at her red face but instead they had di erent looks on their faces.

They were smiling dreamily at her. She bit her lower lip, suddenly a hand was placed on top of hers. It was noah. "What do you think about kids?" It felt like someone threw a tons of bricks on her.

"K-Kids?" She asked. They nodded in unison. She chuckled nervously "I like kids, w-what about them" she said trying to find a way to get out of this situation.

"You will look so beautiful with a pregnant belly" elijah commented.

Air got stuck in her throat. Evelyn gulped hard "w-what are you s-saying?" She said stuttering like an idiot.

Ace caressed her cheek with the back of his hand. Suddenly she remembered when she and ace went to park, he said that he knew she wasn't ready to be a mother. Evelyn looked at ace with hope thinking he will say something in her favor.

"I can't wait anymore, we want you to have our baby" he said getting close to her. Her heart dropped, evelyn had no idea how to react.

She bounced her leg up and down in worry. She remained silent. "You don't want our child" came noah's angry voice. Her eyes widened, last thing she wanted was to them getting angry because of this.

"You think we won't be good for our baby" elijah said calmly. Evelyn watched their eyes getting sad. This topic was sensitive for them.

"Its not that elijah trust me, its just i'm not ready" she said calmly and continued "I'm only 18 i have my studies to complete and in between all this i can't take care of a baby" she explained. Ace opened his mouth but she cut him o.

"I know what you're going to say that you three will take care of everything but i also want to be there for our child and this is not the correct time" she said.

They remained quiet.

She smiled sadly. She scooted closer to them "and i'm also saying this for your own good, i know you three are older than me but its going to sound harsh but you are not mature enough to handle a baby" she said.

It was as if someone threw rocks on their ego.

"Hey, we're pretty mature-" she cut elijah o "says the one who was fighting with his brother because of food just minutes ago" she replied.

He pouted, she smiled "okay, if we still ignore all this and plan a baby" she said making them grin.

"Then the baby will need me all the time, you three don't like it when i'm away for even an hour, so when the baby will come all my focus will be on it. Are you ready for it?" She asked.

Their hearts burned a er hearing that. Noah imagined the baby getting all the attention from his wife. He didn't like it at all.

"No" elijah growled. Ace's jaw clenched "you are not going to abandon us" he warned. It sounded like a pet threatening their master.

She smiled sadly. "You three will be great fathers" she said making them look at her. "But good things take time and this is not the correct time" she said and rubbed her fingers over noah's hand.

They nodded in understanding "sorry, we just acted on our instinct" ace said. She shake her head "no need to say sorry, i understand" she said.

She just wanted them to understand without hurting their feelings that they weren't ready

"Aren't you guys getting late for o ice" she asked standing up from her chair. "We thought you might need us so we took a day o" noah replied.

She picked up her plate with a smile "I'm fine now, don't worry and agatha is also here" she assured them. They followed her behind in the kitchen as they placed their plates in the sink.

"Are you sure?" Ace asked, she turned around and nodded with a smile. Elijah snaked his arms around her waist pulling her close. His hands roamed on her ass.

"I love you" he whispered, she gulped "answer him love" came ace's voice from her side.

"I love you too" she said shyly. "You look adorable with that blush" noah said removing her hair from her neck and kissing her sweet spot.

"So adorable that we want to fuck the shit out of you"

"Oh god!"

They heard a gasp, agatha was standing there with a flushed face. Evelyn pulled away from them.

The trio glared at the poor old lady, if she wasn't one of their trusted ones they would've burned her alive for disturbing them.

"I um came to clean the dishes" she said looking down. For today it was enough embarrassment for evelyn, she hurriedly walked out of the kitchen. The trio followed behind her like lost puppies.

"Baby" noah called, she stopped and turned towards them "i think you should leave for work" she said. They smiled looking at her red face.

They stood close to her "as you say my love" ace whispered, they kissed her cheek one by one and went upstairs to change, leaving her flustered.

"I'm sorry you have to see all that" evelyn said to agatha. Storms le for o ice but not before planting multiple kisses on her face.

Agatha smiled "don't apologize dear, they were just showing their love. When me and my husband were newly married we also used to show each other love like this" she said dreamily.

Evelyn smiled. Atleast her husband didn't kill to show his lovehe thought.

Agatha was dusting o the books in the library and evelyn was helping her. "Its a huge place" evelyn said looking at the library, no matter what she could never get used to this place.

Agatha smiled "yes it is, masters built it under their supervision. They said they wanted it to be perfect for you" she told her.

Evelyn remained quiet. Agatha continued "we all noticed a sudden change in their moods. You know dear while working here every servant used to be so scared for their lives. Masters were so strict and...dangerous. But then suddenly we used to catch them smiling and sometimes blushing too" agatha said as she placed a book on its place.

Evelyn listened quietly "and then we learned that they were in love and found their special person" agatha said and looked at her "they found you"

"They always smiled, they looked so lively. Of course except for one day" she said with a sad sigh. Evelyn frowned "which day" she asked.

"On their birthday, they always become extremely angry as if this day pains them but we all can't understand why" she replied.

But evelyn knew, the only reason came into her mind was their parents.

While thinking that evelyn realized she didn't even know their birth date. "Agatha, when is their birthday" she asked. "22nd august" she replied. Evelyn nodded but then her eyes widened.

"You mean next month!"
