### Chapter 151 – [Bonus ] Fu Hua Kisses Jia Li In The Car

After two rings, the call was answered.

Hey, Jia Li! The familiar male voice said as soon as he answered the call.

Brother Huan. Jia Li called out.

How are you? Li Huan asked in his usual gentle tone.

Im fine. Im sorry for not answering your call in the morning. Jia Li said in an apologetic tone.

There is no problem. How are your studies, are you almost done with school? Li Huan asked.

Yes. I only have my final projects to work on, before graduation. Jia Li replied.

Thats cool.

Brother Huan, I have something to talk to you about. Jia Li said as she fiddled with her fingers because she was a bit nervous.

Did you encounter any problem, do you need my help with something?  
Li Huan asked as he became worried for Jia Li.

No, its not that... I... Jia Li was still trying to go to explain her current status, and everything that had happened since over two months ago, and Li Huan was paying attention to her when he heard a command from his direct boss.

Li Huan, see me in my office now! His boss said as he walked past him with heavy steps.

Li Huan who was still on a call with Jia Li had to apologize to her.

Jia Li, we will talk next time, my boss just called for me. Li Huan explained.

Oh! Did I get you into trouble? Jia Li asked in a worried tone.

Not at all, he probably needs me for urgent work. Li Huan replied.

Okay, bye. Jia Li said and terminated the call after hearing his response.

After ending the conversation with Jia Li, Li Huan left his work desk and quickly went to see his boss. When he got to the office, he knocked.

Come in. The middle-aged voice said from inside his office.

Li Huan opened the door and walked in after closing the door behind him. He greeted his Boss respectfully and waited for him to talk.

The company will be sending me to a branch in another country, and they need someone from under me to fill in my position. His Boss said with a serious gaze at him.

Li Huan didnt know what his Boss was getting at, and he didnt want to conclude with the little idea that just formed in his head, so he patiently waited for his Boss to continue.

The company has their eyes on someone, but I want you to fill in my position, but before then you will have to prove you're a better choice. Take these files on my desk and complete all the tasks as soon as possible. You will be judged by your efficiency, accuracy, and some other things. His Boss said while pointing to the files that were stacked on one corner of his work table.

Li Huan came back to his senses as a smile appeared on his face. He felt so happy but managed to take it in.

He thanked his boss and picked up the documents he pointed at. Then as he was about to leave, his boss said to him, Good luck.

Li Huan was all smiles when he returned to his desk. He immediately finished the work he had at hand, before proceeding to go through the files he had just received.

He felt so happy that he wanted to share this with Jia Li and his mother, but he refrained from doing that, as he only wanted to give them the news of his promotion when the matter was concluded.

While Jia Li was away, Fu Hua called the moving company to move their things over to their new house.

And after things have been settled in the new house, Fu Hua left the house and drove towards Jia Li's school.

Jia Li was almost close to the gates when she received a call from Fu Hua.

Are you through? He asked directly.

Yes. Jia Li replied.

Okay, Im coming to your school, I will be there in two minutes. Fu Hua said to her.

Oh...okay Jia Li responded.

His words were enough for her to know he was coming to pick her up. She wondered if she took so long in school, that he got uncomfortable and had to come to pick her up.

After the call, Fu Hua sped up, and in 2 minutes, he was already at the school gate.

Jia Li saw the familiar sports car, and a smile appeared on her face as she walked towards it.

After setting herself in the front passenger seat, Fu Hua asked for a kiss.

Wont you give your husband a kiss? Fu Hua asked with raised brows.

Jia Li stared at him with a confused look, before looking away after she got his message. She acted like she didnt understand what he said, and turned to pull the seatbelt.

Since you dont want to give me a kiss, then I would have to get it myself. Fu Hua said with a smiling gaze.

Immediately Jia Li finished securing her seatbelt, Fu Hua removed his seatbelt and leaned over to kiss her, as she raised her head.

Jia Li was caught unaware by the kiss and remained static for a while. She didnt recover till Fu Hua moved away from her.

She blinked her eyes and then glanced to look outside the rolled-up windows.

Fu Hua smiled at her cuteness and secured his seatbelt while saying to her, The glass is tinted.

Jia Li sighed in relief thanks to Fu Hua's reminder. Initially, she was worried that people could see them.

Fu Hua didn't say anything more. He ignited the engine and drove off. Some minutes later, he parked in front of an expensive restaurant.

Lets eat lunch. Fu Hua said before getting out of the car.

Jia Li felt relaxed inside, because she was already very hungry, and didn't think she would have the energy to cook anything when they got home. And luckily for her, they were eating lunch outside.

After lunch, Fu Hua drove straight to a high-end boutique to shop for short skirts for Jia Li. His act amazed Jia Li because she didn't know he would keep to his words about getting her short skirts.

## Chapter 152 – You Are My Whore

Jia Li was so embarrassed when Fu Hua picked about five short skirts and gave them to her to go and try them.

The shop attendant following after them was surprised. If not for the training she received, her facial expression would have been visible.

Jia Li glanced at Fu Hua with pleading eyes, but Fu Hua wasn't ready to change his mind.

Go and try them on, I have to be sure they are your size. I don't want to go back home and discover that I picked the wrong size. Fu Hua said to her.

Jia Li had no choice but to follow the shop attendant to the changing room, while Fu Hua continued to shop.

Within a few minutes, Fu Hua had picked a few tops for her, before passing them to the shop attendant with them.

Give them to her.

Jia Li was still thinking about how she would look on one of the skirts when the shop attendant knocked and walked in with more clothes for her to try on.

Jia Li wanted to protest, but the shop attendant had already left.

7 minutes later, Fu Hua was starting to be impatient, because Jia Li hadn't come out to show him any of the dresses she tried on, so he went to find her.

Without knocking, he opened the door and walked into the changing room.

Jia Li was already putting on the last set of clothes when he barged in.

Whats taking you so long? Fu Hua asked before his gaze moved to her clothes.

Jia Li was putting on a short jean skirt with a singlet that exposed her cleavage.

Although she didnt have long legs, her thick thighs, made her look very sexy.

I was trying out the clothes. Jia Li replied as she hugged her chest.

Youve tried them all? Fu Hua asked as his gaze returned to her face.

Yes, this is the last one. Jia Li replied.

How come you didnt come to show them to me? Fu Hua asked with raised brows.

You only asked me to try them on to be sure they fit, you never said I had to show them to you. Jia Li replied as she looked away.

Fu Hua was tongue-tied with her reply, and he couldnt refute her, because she was right. He never said she had to show him the clothes after trying them on.

Jia Li was already feeling weird dressed like that, and Fu Hua noticed it with the way she was trying to pull the skirt down, and by doing that, her boobs bounced, and that was enough to turn him on.

With a frown, he asked, What are you doing?

I...I dont like these clothes, I...I look like a... whore. Jia Li replied in a soft tone as she looked away.

You dont need to like them, you only need to wear them for me to see. After all, you are my whore. Fu Hua said to her with a teasing smile.

Jia Li was shocked by his words.

How could he call me his whore? Jia Li thought as she couldnt understand his logic.

Jia Li felt offended by his words and till they left the boutique, she refused to look at him, and talk to him.

Fu Hua who was driving, glanced at her, before looking back on the road.

Are you angry with me? Fu Hua asked.

Jia Li continued to ignore him and glanced at the car window to look at the view outside.

Fu Hua guessed the reason she was angry and said to her in a calm tone.

You dont like to be my whore? He asked, but still, he didnt receive any response.

Fu Hua sighed and continued, If you dont accept to be my whore, should I go and meet some other woman outside to satisfy my sexual needs? Fu Hua asked.

His question made Jia Li react.

She glanced at him before looking away as she muttered under her breath, Did you have to put it in an ugly way?

Fu Hua heard her clearly and said to her, Since you dont like my words, then I will apologize, Im sorry.

Jia Li felt better with his apology, because his addressing her as his whore, made her look as if she was only in his life to satisfy his sexual needs.

Fu Hua saw that his apology worked, so he went on to address another issue.

Jia Li, I want you to know that as a man, I have sexual needs, and I like being excited once in a while by my woman. Its okay if you dont know how to and thats why I want to teach you. So are you willing to learn how to satisfy my needs? Fu Hua asked with his gaze on her.

Jia Li felt weird with that question and didnt know how to reply. She had no idea of how he started talking about his sexual needs.

Dont you want to make me happy? Fu Hua asked again.

He had to simplify the question to make her comfortable. He was telling her one of the things that make him happy, as he didnt want to hide it because she was his wife.

Since the question had come down to this, Jia Li had to reply. I want to make you happy.

Thats all I need to hear. Fu Hua said with his eyes on the road.

After some time, Fu Hua asked, Would you have the strength to make us dinner?

Jia Li glanced at him, and their gaze met.

I can still cook dinner, but I will need to get a few things from the grocery store. Jia Li replied.

Forget it, rest tonight, I will order dinner from the hotel. Fu Hua said.

Initially, Fu Hua wanted to eat Jia Lis cooking for dinner, but he changed his mind as he wanted her to rest.

The car became silent until Fu Hua drove into a private estate. Jia Li was surprised with the new environment and asked, Are we here to see someone ?

## Chapter 153 – Jia Li Requests To Have Her Bedroom, But Fu Hua Rejects It

The car became silent until Fu Hua drove into a private estate. Jia Li was surprised with the new environment and asked, Are we here to see someone ?

As Jia Li asked that question, she also thought about who they had to visit by this time since it was evening already, and they still had to move out of their house.

But Fu Huas reply surprised her.

Our new house is located here. And we don't need to go back to the previous house, because our things have already been moved to that place.

Huh! Jia Li reacted in surprise

Did he move our things while I was in school? Jia Li thought, and then she remembered she didn't pack all her things before leaving the house, so she became worried about it.

Soon, Fu Hua parked their car in front of a duplex before saying to her, this is our new house.

Jia Li glanced at it curiously as a smile slowly bloomed on her face.

Getting out of the car, Fu Hua asked her, Do you like it already?

Yes, it looks beautiful. Jia Li replied happily.

She felt joyful that they had moved into a bigger house, and she was going to start a fresh memory with Fu Hua.

Fu Hua smiled and took out the shop bags from the car before locking it, then he turned to Jia Li to say, Let's go in, it's so cold out here.

Jia Li followed him into the house, and she was more amazed by the interior designs, and she knew it costs a lot of money to set the house to that standard.

Jia Li didn't see anything old in the living room, as there was only new furniture there. Thinking that he only changed the pieces of furniture in the sitting room, Jia Li didn't think too much.

But when she toured the house with Fu Hua's guidance, she discovered that everything else was new, apart from the things that used to be in their workshop.

Jia Li was curious to know what happened to their previous pieces of furniture, so she asked, "What about the pieces of furniture from the other house?"

"It will be sold with the house. This is a new house, and I don't like to see old things in a new place." Fu Hua replied.

Jia Li understood his point and didn't say anything more.

When they went to their new workshop, Jia Li was very happy to see the big space and white background painting. She felt she wouldn't lack inspiration while working there.

After showing her the rest of the house, it was time for the bedroom part.

When Jia Li found out they were going to share the same bedroom, she was a bit surprised, but with the fear of him, she requested to have her bedroom since there were a lot of them in the house, but Fu Hua refused her.

Jia Li becomes a little upset with his denial. She wanted to have her bedroom, so it would be possible for her to escape most of his future advances, but he ruined her plans.

Fu Hua saw that she was upset and leaned in to say to her with a smile, "Get used to it."

Jia Li had no choice but to follow him into the bedroom they now had to share.

Jia Li wondered how she was going to survive with him in the same bedroom.

After placing the shop bags in the walk-in closet, Fu Hua left Jia Li alone in the bedroom, and went downstairs to make a call.

He placed an order for their dinner before settling down in the sitting room.

Jia Li was comfortable changing out of her clothes as Fu Hua was not around.

Walking into the closet, she saw how big it was. She also had the opportunity to see Fu Huas clothes, shoes, and accessories.

After changing to a set of comfy clothes, Jia Li went to the workshop.

To celebrate their moving in, Fu Hua popped a bottle of red grape wine during dinner.

He allowed Jia Li to have a little. The wine had a very low percentage of alcohol

Jia Li frowned when Fu Hua refused to give her more of the wine after she finished the wine in her glass.

Youre pregnant, I cant give you more. Fu Hua said to her.

Jia Li became helpless with that reminder. The wine was so sweet that she wished to have more, but unfortunately, she couldnt have more of it.

Do you want fruit juice? Fu Hua asked with his gaze on her.

No. Jia Li rejected the option he brought up. Currently, she was better off without the fruit juice.

Despite that she was unhappy as she couldn't have one wine, Jia Li ate her food happily, and after that, she took her drugs.

In their bedroom, Fu Hua reminded her, We will be leaving for the Fu House after breakfast tomorrow, you can get a few of the things you might need over there.

Before they moved out of the Fu house back then, they left some of their things there, so there wouldn't need to pack another load whenever they had to visit and stay over for a few days.

Being reminded about going to the Fu house the next days, Jia Li went to gather her things.

This night, Jia Li and Fu Hua didn't go to the workshop. They went straight to bed after arranging their things.

As they laid in bed, Fu Hua brought Jia Li to his embrace and cuddled her. Jia Li tensed up as she thought something was going to happen, but Fu Hua said to her with his eyes closed, I just want to hug you to sleep.

Jia Li felt a bit relaxed and closed her eyes to sleep.

The next morning, Fu Hua ordered breakfast for them, since there was nothing in the fridge to cook with.

After eating, they both took their things and left for the Fu Mansion.

## Chapter 154 – You Dont Trust Me?

Grandfather Fu was all smiles when he heard about Jia Li and Fu Huas arrival, but most importantly, Jia Li whom he doted on. He even left the important things he was doing and came out to welcome them.

Fu Hua had a calm look as he greeted his grandfather. Jia Li embraced the old man in a side hug.

After the hug, Grandfather Fu took a good look at Jia Li and smiled. He saw that she was looking good, and guessed that she was being taken care of.

Good...Good. Grandfather Fu said with a smile before he asked them to come in.

Since it was almost 10 AM, there were only a few family members around.

Fu ChunHua heard that Fu Hua and Jia Li were back, and came out to welcome them. She looked very happy to see Jia Li and even went up to hug her.

Since you just arrived, you can go up to your room and rest. Grandfather Fu said to Jia Li and Fu Hua.

I will go and prepare some refreshments for them. Fu ChunHua said and went away.

Grandfather Fu stood and watch Jia Li and Fu Hua leave.

With his hands behind his back, he left for his study with Butler Lu walking beside him.

Back in the study, Butler Lu said to the old man in a happy tone, Sir, you look so happy today.

Of course, I'm happy knowing that Fu Hua is taking good care of Jia Li. I made the right choice by bringing them together. Grandfather Fu said with a proud smile.

Sir, you indeed made the correct choice. Butler Lu said with a smile.

After unpacking their things, Jia Li went to lay on the bed.

Are you tired? Fu Hua asked.

Yeah, I'm a bit tired, Jia Li said.

Do you need a massage, I can help you. Fu Hua said as she walked towards the bed.

Hearing him say he could give her a massage, Jia Li rejected him. She didn't know if the massage would lead to something else.

Fu Hua guessed her thoughts from her looks and asked, You don't trust me?

No, I just want to sleep. Jia Li replied and closed her eyes immediately.

Fu Hua smiled and didn't bother her again. He really had pure intent this time around, but it was obvious that she didn't trust him.

Fu Hua took off his jacket and kept it on the side of the bed, next, he covered Jia Li with the duvet before leaving the room.

Fu Hua went straight to the library after leaving the room.

30 minutes later when he returned to the room, he didn't see Jia Li, and so went out to look for her.

Jia Li who had a little nap woke up and went to look for her dog. She has missed her dog so much, and she wondered if she would still act familiar with her.

As Jia Li approached the dog kennel, Ocean heard the approaching footsteps and started barking.

Ocean? Jia Li called out excitedly as she quickened her footsteps. It looks like Ocean recognized her voice and became excited as well.

At last, when Jia Li finally appeared before Ocean, her bark became louder, and she was looking for a way to come out of her kennel.

Jia Li smiled brightly as she released Ocean from her cage, and immediately she was set free, she pounced on Jia Li.

As Jia Li was expecting that she would do that, She turned to her side a little, so she wouldn't pounce on her stomach.

Ocean, you look like you missed me a lot. Jia Li said with a smile as she embraced her.

Ocean reduced the tone of her barking.

Jia Li let her stay in her embrace for a while as she rubbed her back. And finally, when She let her off, Ocean started to circle her.

Did my appearance change? Jia Li asked as she let out a laugh. She had no idea why Ocean was circling, so she asked that question.

Ocean seems to reply to her question, because she barked and circled her twice, before coming to stand before her.

Jia Li stretched out her hands to rub her hair and give her a tender scratch on her back.

Ocean barked once more, before coming very close to her, and started to sniff her.

What are you doing? Jia Li asked while giving out a soft laugh.

Ocean glanced at her, before moving her gaze to her stomach, and before Jia Li could respond, Ocean nudged her stomach gently.

Jia Li finally understood the reason Ocean circled her and paid attention to her stomach. It turned out that Ocean knew she was pregnant.

You know I have a baby in there? Jia Li asked with a smiling gaze on Ocean, as she instinctively placed her palms on her stomach.

In response to her question, Ocean barked again.

Jia Li smiled the more and caressed Oceans back. Ocean seemed more excited and barked again before she started to circle her again, and this was the scene Fu Hua saw when he came out to find Jia Li.

With his hands in his pockets, Fu Hua approached them.

Ocean heard the footsteps and immediately glanced towards Fu Hua and started barking. At this point, Jia Li followed her gaze and saw Fu Hua approaching them with a frown.

Jia Li glanced back at Ocean and calmed her down. She said to her while rubbing her back. Ocean calm down, he is a friend.

Ocean understood her words, and stopped barking, and then continued to circle Jia Li again. Jia Li was almost getting dizzy with the way she was circling her.

Fu Hua finally approached them and glanced at Ocean with a frown.

Why is she acting that way? Fu Hua asked curiously.

Since he first caught sight of them, Ocean seemed very interested and happy while circling Jia Li, and he became curious and wanted to know the reason.

She can sense the baby in my stomach, that's the reason she keeps circling me. Jia Li replied.

## Chapter 155 – Fu Hee Was Unhappy With Their Interaction

Since he first caught sight of them, Ocean seemed very interested and happy while circling Jia Li, and he became curious and wanted to know the reason.

She can sense the baby in my stomach, that's the reason she keeps circling me. Jia Li replied.

Fu Hua frowned, even more, when he learned about it. If she continues acting like this, it wouldn't be long before it will be suspicious when someone sees this, or are you ready to tell the family about your pregnancy?.

Fu Hua was right, if any member of the family saw Ocean circling Jia Li like that, they would become curious since that act was already suspicious.

Jia Li knew Fu Hua was right. She wasn't ready to tell the family she was pregnant, so she had to get Ocean to stop circling her.

Ocean, sit beside me. Jia Li said to Ocean. Ocean being an obedient dog, brought out her tongue, and wagged its tail as she came to sit beside Jia Li who was squatting.

Jia Li looked very happy as she touched Ocean's hair.

Jia Li stayed with Ocean for a few more minutes before she tried leaving, but she discovered that she couldn't get up as she felt pain in her legs from sweating for too long.

Fu Hua sighed and came to help her up.

Jia Li thanked him before asking Ocean to go back inside her kennel, and she locked it up before leaving with Fu Hua.

When they went back inside the house, the snacks Fu ChunHua asked the kitchen to prepare, was ready, so Jia Li and Fu Hua sat down to eat them up.

After enjoying the snacks while watching the Tv, Grandfather Fu called for Jia Li.

This time around, he didnt ask her over to his study but met her in one of the smaller sitting rooms in the house.

Jia Li was surprised the old man had nothing much to say to her, because he only asked about how she was being and her studies, before talking about Fua Huas ex-girlfriend.

Jia Li, I know you suffered during that time, but Im happy everything is over, and Fu Hua settled his mess. You dont have to worry about any other thing, just eat and take good care of yourself. Grandfather Fu said to her.

Thank you, Grandfather. Jia Li said with a smile.

Grandfather Fu smiled and talked about some other interesting matters with Jia Li, before allowing her to leave.

When Grandfather Fu met Fu Hua, he gave a hardly noticeable compliment.

Jia Li looks happy. How did she see the new house, did she like it?. Grandfather Fu asked.

She liked it. Fu Hua replied in simple words.

I want you two to spend a little time here. Since Jia Li wouldnt need to be in school next week, you two can stay for a while. Grandfather Fu suggested.

Fu Hua didnt say anything in response, which was a silent agreement with what he said.

Later in the evening when Fu Hee and the remaining member of the family came back, they learned that Fu Hua and Jia Li were around, and went to greet them, but Fu Hee was an exception.

She was annoyed that Jia Li came with Fu Hua. She would have been happy if Jia Li didnt come with Fu Hua, for she would have used that opportunity to introduce him to Mrs. Bai. But too bad that opportunity wasnt close.

During dinner, the scenario looked harmonic. A few times, Fu Hua would put some side dishes on Jia Lis plate.

When Grandfather Fu saw their interaction, he was all smiles, and couldnt hide the happiness he felt.

Fu Hee had their eyes on them, so Fu Huas gestures didnt escape her sight.

Fu Hua was annoyed to see their interaction, but she couldnt do anything about it. Grandfather Fu was present, so she couldnt berate Jia Li for not taking the food by herself.

Fu Hua could only swallow her annoyance and eat her food with bitterness in her heart.

After dinner, When Jia Li and Fu Hua were about to leave for their bedroom, Fu Hua followed them.

Mum, do you have anything to say to us?. Fu Hua asked as suddenly stopped walking and turned to glance at Fu Hee.

Fu Hee smiled at him, but when her gaze met with Jia Lis she tolled her eyes at her.

I will leave first. Jia Li said to Fu Hua in a soft tone and before Fu Hua could say anything to her, she had already walked away.

Fu Hua glanced back at his mother and fixed a cold gaze on her because she saw her roll her eyes at Jia Li.

What do you want to see me for?. Fu Hua asked.

Why are you sounding cold towards me? Its been a long time since saw you, cant I want to speak to you?. Fu Hee asked with a smile.

What do you have to say to me?. Fu Hua asked as his tone changed for the worse. He wasnt in the mood to listen to her nag.

I only wanted to chat with you for a while, do you have time?. Fu Hee asked as she saw that Fu Hua was already getting angry.

I dont have time to chat. I want to sleep early, I have a lot of work to do in the office tomorrow, we can chat when I have time

After saying that to her, Fu Hua walked away, leaving his mother to stand there in the worst movie ever.

Did your grandfather feed you something or what? Since you got married, your attitude had turned worse, or did that girl use a charm on you?. Fu Hee asked as she stared at the empty hallway.

She was very annoyed since her son couldnt give her a little of his time. She forgot that he had always been that way even before he got married.

But she wouldnt seize to blame Jia Li for everything since she was looking for more reasons to hate her.

## Chapter 156 – Purple Cabbage

When Fu Hua went into the room, he saw Jia Li sitting in front of his desk.

What are you doing? Fu Hua asked as he approached her.

Im trying to work on my new project. Jia Li replied without looking at him. Her concentration was on the empty page of the sketchbook in front of her.

Wont you rest for today? You can start working on them tomorrow. Fu Hua said with creased brows. He didnt know the reason she wanted to start working on her project immediately even with the long time she was given for it.

I had a nap earlier and I dont feel sleepy now. Jia Li replied.

After a little while of silence, Fu Hua said to her before walking inside the inner room, Dont mind my mothers actions, I dont mind as well.

Jia Li glanced over in time to see Fu Huas back disappear behind the door.

As his back completely disappeared, Jia Li looked back to the empty page right before her.

She surely did feel bad about the way Fu Hee treated her, but there was nothing she could do about it. She didnt even need to try to get her in her good books to know that she would never be accepted.

Since Fu Hua asked her not to mind his mother, then she wouldnt do it. And she thought she would be safer that way.

She didnt know how to fake a relationship, because it would be a waste of time, effort, and emotions.

When Fu Hua came out from the inner room, he joined Jia Li at the desk. He saw that she was still drawing the face of the model, and didnt say a word as he didnt want to distract her.

It wasnt long after Fu Hua sat at the desk, that Jia Li started to feel sleepy. She rubbed her eyes and continued scribbling on her sketchbook.

Fu Hua glanced at her and looked back to his system while saying, If youre feeling sleepy, go to bed.

Jia Li glanced at him and replied, I dont want to sleep now, I had a nap earlier.

Fu Hua raised his brows as he stared at her. Go to bed if youre tired, dont force yourself. You have more than enough time for your project.

Jia Li sprawled on the desk and complained, I dont think I have enough time. Two weeks its not enough time to design a dress out of any vegetable of my choice, and then make a dress out of it.

Fu Hua stared at her in surprise, not because it was something new to him, but it was because it was something, like a method used to test the new designers in FJ sometimes.

He was indeed surprised that her school would use that kind of method on them. What a prestigious school befitting of its name.

Have you chosen the vegetable your choice? Fu Hua asked with an interesting gaze on her.

Not yet, I'm confused. Jia Li replied as her mood turned sour.

She didn't know why she wasn't in a good mood, but she knew she was not ready to be subjected to stress.

At the moment, she was yet to take the important step in her project, which was to decide on the fruit or vegetable she wanted to work with.

You can go to bed now, tomorrow morning, you can go into the kitchen for a survey. You might see the right vegetable or fruit that would be a good pick. Fu Hua suggested with concern.

Jia Li immediately sat upright and glanced at him. That's a good idea. I'm going to sleep now, good night. She said before going straight to bed.

Fu Hua smiled before going back to his work. He was currently researching new trends in the fashion industry.

He worked till late into the night before turning off the lights and going to join her in bed.

The next morning, after washing up, Jia Li went straight to the kitchen following Fu Hua's advice last night.

The servants and chefs preparing breakfast, were surprised to see her in the kitchen. They bowed to her in greeting, while wondering what she came for.

Jia Li's servant saw her and smiled as she approached her.

Miss, do you need anything? She asked.

Jia Li recognized and asked with a long gaze, Are there any vegetables here? Can I take a look?

Of course, come I will show you to the kitchen store. The servant said as she led Jia Li to another door inside the kitchen.

In there, it was cold. The temperature in the room was set to keep the vegetable and fruits fresh.

Miss, the vegetables are here, you can take a look at them. The servant said while pointing at the vegetable arranged at the corner.

Thank you! Jia Li said to her with an appreciative smile.

No trouble, Miss. her servant replied with a smile.

Jia Li took her time studying the vegetables. This was her first time inside the kitchen store, as nothing has ever brought her there.

The kitchen store was very big, and there were a lot of things in there, and the kitchen wasn't left behind.

The kitchen was big enough to prepare dishes for any wedding or ceremony.

While in the store, her servant helped her to hold up the vegetables and fruits, while she studied them.

At last, Jia Li chose the purple cabbage.

I think I will work with this one! Jia Li finally made her choice with a smile.

Huh? Miss, do you need it for something important? The servant asked curiously.

Yes. Please bring it to me after breakfast. Jia Li instructed.

Okay, Miss. Her servant replied.

And, can you tell the kitchen to add a fresh vegetable salad for my breakfast? Jia Li said to her, as the urge to eat some fresh vegetables came to her.

Maybe its because she was in a vegetable store

Okay, Miss. Her servant replied with a smile.

When Jia Li came out from the kitchen, she felt relieved with the fact that she has finally picked a vegetable to work with, and with the fact that she was no longer feeling cold.

Chapter 157 – Fu Hua Foresaw The Stress...

After breakfast, Jia Li got the purple cabbage from her servant and started making her way towards the stairs, where she nearly bumped into Fu YingPei.

Fu YingPei was in a rush to leave for work when he nearly bumped into Jia Li, but he was fast enough to dodge her.

Sister-in-law, are you okay? Fu YingPei asked in a worried tone as he placed his hands on Jia Li's shoulder.

Just now, Jia Li was a little shocked. She thought she would have been rolling down the stairs by now, but she was lucky enough that Fu YingPei was fast enough to have dodged her.

Im fine... Jia Li managed to reply with her two fingers pressing onto her temples.

Do you feel dizzy? Fu YingPei asked as he peered at her in worry.

I will be fine in a bit. Please help me pick the cabbage. Jia Li requested as she pointed at the purple cabbage that rolled out of her hands.

As Fu YingPei still had his palms on her shoulder, he glanced over to the direction she pointed at and was in time to see Fu Hua standing there with creased brows.

Fu YingPei sighed in relief and immediately explained to him before he could question him as he slowly took his palms away from Jia Li's shoulders.

Brother, I almost knocked sister-in-law over while I was in a rush, can you come and take a look at her, she seems to feel dizzy.

Fu Hua moved his gaze from his brother to his wife as a visible frown could be seen on her face.

When Jia Li met his gaze, she took her fingers away from her temples and immediately said to him, Im fine.

Fu YingPei glanced between the couple and felt the weird atmosphere. He didnt know if what he felt was right, but he didnt have time to dwell on it.

He walked down the stairs and to the place close to where Fu Hua stood, to pick the purple cabbage, and went back to hand it to Jia Li.

Thank you! Jia Li said to him as she received the vegetable.

Fu YingPei gave her a thumbs up

Jia Li glanced at Fu Hua and felt a bit awkward. She didnt know the offense she committed for him to stare at her that way.

You should be careful. Fu Hua said to her as he finally relaxed his brows.

Jia Li didnt say anything in return, and Fu Hua climbed the stairs to meet her. He glanced at the purple cabbage in her hands and asked, You want to work on this ?

Jia Li glanced at the cabbage in her hand before glancing at him with a nod.

Why did you choose it ? Fu Hua went on to ask. He was curious to know the reason for her pick.

It looked attractive. Jia Li replied. That was her first impression of the purple cabbage when she set her eyes on it.

Get ready to make an attractive dress. Fu Hua said and walked past her and continued climbing the stairs.

Jia Li was confused by his statement and glanced at the cabbage before glaring at his back, and then she chose to continue her journey while wondering what his words meant.

She didn't see anything wrong with the cabbage.

Why did his words not sound like a compliment or an encouragement? Jia Li thought as she climbed the stairs.

When Fu Hua set his eyes on the purple cabbage, he already foresaw the stress it was going to take to replicate a dress exactly like it.

He had in mind to tell Jia Li of the stress she would go through to make her dress exactly like her design draft, but he changed his mind.

Sometimes, it was good to try out big and difficult tasks, it helps to break through to another level.

After taking his work bag from the room, Fu Hua left for work.

Jia Li had all morning to work on her design draft. When she finally completed it, the desk was already scattered with the remains of the purple cabbage and the items she worked with.

After admiring her work, Jia Li imagined the realistic dress in her head as a satisfied smile appeared on her face, before going on to tidy the room.

During Lunch, she stayed back in her room, since it was just her, Fu ChunHua, and Fu Hee that were at home, as the rest had left the house for their various jobs.

Jia Li was afraid of her mother-in-law and didn't want any form of confrontation from her.

While hiding away, Jia Li slept off. She woke up minutes later from the knocks on the door. Opening her eyes, she yawned and had no idea how she fell asleep.

She felt so hungry as she got out of bed and went to answer the door.

She was surprised to see a servant standing outside the door with a trolley of food.

Miss, the mistress said to take your lunch to you. The servant replied immediately she saw Jia Li.

Oh... thank you! Jia Li said as she allowed the servant to push the trolley inside the bedroom.

She was grateful to Fu ChunHua for asking the servant to send her lunch to her.

Since Fu ChunHua was the Mistress of the Fu Family, the servants all addressed her as the Mistress to Fu Hees fury.

After laying out the food on the glass table, the servant left the trolley close to the door and stepped out of the room.

Jia Li quickly sat down and started eating. She found the food bland along the way. She didn't know if the problem was from her taste buds, but she still forced herself to finish it, because she was very hungry.

After eating, she drank from the glass of water and felt a lot better, before going into the inner room to make use of the bathroom.

After drinking the glass of water, she became pressed immediately.

After staying in her room for a little while, Jia Li went out to find Ocean.

## Chapter 158 – Fu Hua Caught Them Unaware

Jia Li was out playing with Ocean when Fu Meixu came to find her.

Fu Meixu was scared of dogs, so she dared not approach Jia Li who was being protected by Ocean, plus her barking.

Jia Li had to say goodbye to Ocean and lock her up in her kennel before going to meet Fu Meixu.

I told you to come closer, she doesnt bite. Jia Li said to Fu Meixu.

Look at the way she was staring and barking at me ferociously, there is no way I would have listened to you, I dont want to get bitten by her. Fu Meixu said she shook her head.

Ocean listens to me, and she wouldnt bite you if I control her. Jia Li said.

What? That means I can never offend you in the future lest you send her after me. Fu Meixu said in fear.

She was truly scared of dogs. When Ocean was still a puppy, She only dared to get close but didnt dare to touch her. But now that she was all grown up, it was all the more she couldnt get close or think of touching her.

As they walked towards the entrance of the house, Jia Li asked, You came to find me, do you need me for something ?

Her question reminded Fu Meixu of the reason she came to meet her.

Yes. I came to remind you of the wrap-up party for my last shoot. Youre coming with me, right ? Fu Meixu asked with a smiling gaze.

Jia Li gave her an awkward glance before explaining, I havent told Fu Hua about it, and Im not sure he will let me go.

Why dont we do this ? I will talk to Grandfather about this, and he will surely let me take you along. Even Brother Hua will not be able to stop you from coming with me. Fu Meixu suggested with a smile.

Jia Li looked a bit worried as she asked, I think thats a wrong move. Dont you think it will look like we told on him to grandfather ?

Fu Meixu guessed that Jia Li was scared and so asked, Are you afraid of him ? Well, its right to be scared of him, he doesnt smile with anyone, and only knows how to keep a straight face. How do you manage to stay close to him with that ice-cold face all day ?

What did you say ? Fu Hua asked from behind them with a cold tone.

Jia Li and Fu Meixu didnt need to turn their backs to know who that voice belonged to. That familiar cold voice sent shivers to their spine.

Fu Meixu didnt bother turning to look back, she hurriedly escaped, leaving Jia Li behind.

Jia Li felt betrayed when she saw Fu Meixu run into the house, and somehow, she blamed her for using bad words on Fu Hua.

Jia Li didnt dare to turn back and wanted to escape as well, so she took hurried steps towards the door, but her view was blocked by a tall figure.

How couldnt she recognize the scent of the person that just blocked her way?

She smiled sheepishly and slowly glanced up to look at Fu Hua.

Youre back, already? She asked.

Were you expecting me to sleep at work? Fu Hua retorted with a cold gaze.

No, I didnt mean that. Jia Li replied and didnt dare to say any other words.

What were you two talking about behind my back? Fu Hua asked as he put his hands in the pockets of his jacket.

It wasnt behind your back, you have clearly been eavesdropping all along. Jia Li muttered to herself, but Fu Hua heard them.

What did you say? Fu Hua asked as his expression turned frosty.

I didnt say anything. Jia Li said and sneezed after that.

Fu Huas facial expression switched immediately, from a frosty look to a frown.

How long have you been standing outside? He asked.

Not long. I came out to see Ocean. Jia Li replied as she rubbed her nose.

Fu Hua was annoyed with her as he glanced at her from head to toe. She wasn't putting on a head warmer, and there were no gloves

He immediately pulled her as he made his way into the house.

Jia Li knew he was annoyed with her and chose to remain quiet because whatever she said would be used against her.

As for Fu Meixu, she didn't stop running until she got to her bedroom and locked the door. Even when her mother called out to her, she totally ignored her as she ran for her life.

She only relaxed when she threw her handbag on the floor and laid her back against the bed, and then only, she sighed in relief.

It was after she has calmed down that she thought about Jia Li. She became a little worried as she didn't have the slightest idea of what Fu Hua could do. But then next moment, she calmed down, since Jia Li had grandfather Fu on her side.

As Fu Meixu laid on the bed, she wondered if she had ruined the opportunity for Jia Li to come with her to the wrap-up party.

When Jia Li and Fu Hua got into the bedroom, Fu Hua didn't ask about the scene downstairs. He looked like he didn't care anymore.

He went into the inner room without saying a word.

Is he angry with me? But why? Jia Li asked herself as she sat at the foot of the bed.

She had no idea the reason he was angry with her.

Could it be because I didnt tell him what I talked about with Meixu ? Jia Li thought with a frown

The next minute, Fu Hua walked out of the inner room and went over to sit on his desk.

Did you finish your draft ? He asked without looking up.

Yes. Jia Li replied immediately as she stood up and walked over to him.

She found her sketchbook and handed it over to him, so he could have a look at what she designed using the purple cabbage.

## Chapter 159 – Fu Hua Says A \*\*\*\*\* Joke, But Jia Li Fails To Understand It

Not bad. Are you ready to make the dress ? Fu Hua asked as he placed the book on the desk and glanced at her.

Jia Li looked confused because of his question. Did she have to be ready to make the dress before she could make it ?

Do you know what it will take for you to make a dress like this ? Fu Hua asked while pointing at the draft.

Yes. I have to get the right materials and fabrics. Jia Li replied.

You are right, but it doesn't end there. You have to use white fabric, and dye it with the right color, before working on the material to make it look like this. Fu Hua said while pointing at the draft.

Jia Li studied the pattern of the purple cabbage and discovered how difficult it will be to make the dress like that. Then she looked at Fu Hua and said shamelessly, I knew it will be a bit difficult, so I already planned to ask you for help when the right time comes.

Fu Hua narrowed his gaze at her and asked Do you mean what you say?

Yes. Jia Li replied while nodding her head frantically.

Fu Hua gazed at her silently for a few seconds before looking away as he said, I don't trust you.

Jia Li's eyeballs widened in shock and immediately ran to his side to convince him.

She knew he was very good with making dresses because he was very experienced with choosing the right materials and fabrics, and he knew the best stitches to use at the right places.

With this lacking knowledge she needed, she has to do everything to make him teach her and help her out.

So, it would be right to say that Fu Hua would help to cover her weak point.

I'm serious. You are so good at making dresses, and your skill is the best. When you helped me with my assignment, I knew how good you were. So, when my project was given to me, I thought about you immediately.

Fu Hua glanced at her with doubt. He couldn't even see through her now. He had no idea if she was telling the truth or not.

Since he didn't want to accept her words so easily, he asked, I am the CEO of a big designing company and you can see how busy I am every day. I only do things that will profit me, so what are you willing to give to me after receiving my help? Fu Hua asked with his gaze on her.

You want something from me? Jia Li asked.

She didn't know what a rich man like him wanted from a poor girl like her.

Yes, I don't want to teach you for free. I want you to pay the price for knowledge so you will value it. Fu Hua replied.

Jia Li thought that what he said made sense. Knowledge acquired freely may be taken for granted, but when you pay the price to gain knowledge of a particular skill you need, you will value the efforts you went through for it.

Fu Hua saw that she has bought the idea and smiled to himself.

He actually told her the truth even though he had another thought in mind.

Okay, what do you want from me, I don't have any money to give to you. Jia Li said straightforwardly.

If he asks her for money, she wouldn't be able to give it to him, because she didn't have it. She only had her monthly allowance Grandfather Fu was always sent to her, and a rich man like Fu Hua wouldn't be satiated even if she gave him everything.

You dont have money ? Fu Hua asked. He wasnt asking because he was expecting money from her, but because it just occurred to him that he has never given any money to her.

Jia Li remained silent with her gaze on him.

Without wasting time, Fu Hua whipped out his phone and asked for her bank account details.

You want to give me money ? Jia Li asked in surprise.

Yes. Call it quickly. Fu Hua urged her.

Without wasting time, Jia Li called her bank account number for him, and right there, she received an answer of 50,000 USD.

After sending the money to her, Fu Hua saved her account details as a beneficiary, so he wouldnt need to ask for it again the next time he would want to send some money to her.

Jia Lis mouth was agape in shock when she saw the huge amount of money sitting in her account.

Why did you send this much ? I cant use it all. Jia Li queries him.

Lets talk about business. What will you give to me in exchange for mentoring you ? Fu Hua asked, totally ignoring her question.

How did we come back to that ? Jia Li thought. She was thinking since he sent her money, there wouldnt be any need to talk about that matter again, but she was wrong.

Should I send your money back to me ? She asked as she showed her phone to him.

Fu Hua frowned upon her words.

What do you want, tell me, I will try to fulfill it. Jia Li said to him at last.

Are you not being faster than your shadows? Don't you want to know what I want? Fu Hua asked with an interesting gaze.

What do you want then? Jia Li asked.

If it was to be his slave for a month, she can do anything to get him to help her with her project.

It's too late. You have already agreed without asking. You owe me one. Fu Hua said as he dismissed the matter.

Will, you at least give me a heads up when you want me to repay you? Jia Li asked.

I don't give a heads up, I can only give you head. Fu Hua said with a smirk.

Jia Li was confused as she didn't understand the nonsense he was talking about.

Fu Hua regained his sense of humor and smiled because teasing his innocent wife was so fun.

If only Jia Li knew what giving head (sexual interpretation) means, she would have preferred she messed up with her project or asked Grandfather Fu to help her find a coach.

## Chapter 160 – His Approval

If only Jia Li knew what giving head (sexual interpretation) means, she would have preferred she messed up with her project or asked Grandfather Fu to help her find a coach, then to agree to something she had no idea about.

Since Jia Li didnt say anything, Fu Hua took it as a tacit understanding. It didnt matter if she knew what he meant or not. To him, her silence was an agreement.

As Fu Hua was in a good mood, Jia Li felt the opportunity was right to bring up the matter about following Fu Meixu to her film wrap-up party.

Fu Hua, please I have a request to make. Jia Li said in a polite tone.

Fu Hua dropped whatever he was doing and fixed his gaze on her.

What request do you have? Fu Hua asked.

Can I follow Meixu to her film wrap-up party? Jia Li asked after generating courage.

Was that the reason you two were talking behind my back? Fu Hua asked as he remembered the scene from earlier.

This time around, Jia Li said the truth. Yes. She asked if I wished to come with her, and I agreed, but I delayed my response because I have to get your permission. Jia Li said in a soft tone.

Fu Hua liked her last statement and immediately gave his approval without asking for further explanations or questions.

Jia Li was surprised with how easy it was for him to approve of it. She was so surprised that she didn't know when she said, Just like that?

Fu Hua said to her, Do you want me to give you another condition for my approval?

No...no, thank you! Jia Li said and immediately left his side just before he would change his mind.

Having gotten his approval, Jia Li texted Fu Meixu to share the good news with her.

Fu Meixu: What? that was so fast.

Feeling guilty about leaving her and running for her life, Fu Meixu apologized. It was a good thing that Jia Li didn't bear a grudge against her.

Fu Meixu: Great! We have to go to the beauty salon and shop for our outfits in the morning. The party is in the evening.

Jia Li wondered if this was how the life of the wealthy was because there were obviously so many clothes in the closet to pick from, but it was a habit to get a new one for every new event.

At last, Jia Li agreed to it.

After exchanging texts with Fu Meixu, Fu Hua called her attention.

Don't forget you're pregnant and don't drink any alcohol. Don't give your contact to anybody.

Fu Hua knew that Jia Li was naive, and it was easy to deceive or use her, so he had to remind her of things she shouldn't do.

Okay. Jia Li agreed immediately because she didn't have any issues with it.

The next morning after breakfast, Fu Hua called Fu Meixu out to speak to her. The latter was so scared and didn't know if Fu Hua wanted to punish her for speaking against him.

She was surprised to find out he only wanted to talk about her protecting Jia Li.

Fu Hua noticed that Fu Meixu was lost in thought while he was speaking to him, and his countenance changed.

Are you even listening to me? Fu Hua asked in a cold tone.

His cold tone was enough to bring Fu Meixu back to her senses so she hurriedly replied, Yes...Yes...

If any mishap happens to Jia Li, I will settle the scores with you. Make sure you take the driver I arranged for you two. Fu Hua said before walking away.

Is it so hard to go out with Jia Li these days? Why is everyone being so overprotective of her? Fu Meixu thought as she couldn't place her hands around it.

She was surprised that even her cold-faced cousin would be so overprotective of Jia Li as to even threaten her and arrange a driver for them.

Fu Meixu didn't dwell on the matter for long, because she was going to the clothing store to pick some dresses, which alone made her excited.

Around noon, Jia Li and Fu Meixu left the Fu house with the car and driver Fu Hua arranged for them.

The first went to the beauty salon to wash their hair and get a massage. Next, they went shopping. Naturally, Jia Li had a good taste in fashion, but she didn't like to wear most of the clothes, because of the kind of person she was.

But she could make a good pick for some else.

Fu Meixu was not Fu Hua who could impose a dress on Jia Li. She could only allow Jia Li to choose whatever she wanted.

With this cold weather, and with the fact that she didn't want to garner any attention, she chose a pair of blue jeans trousers and a long-sleeve turtle neck blouse.

Jia Li, do you really want to dress like this? There will be some celebrities coming to the party. Fu Meixu reminded her.

I'm fine with this. You only invited me to join in the party, I am not one of you. Jia Li said as she glanced at herself in the mirror.

Okay, but you at least have to wear the shoes I will choose for you, I have to make you look beautiful. Fu Meixu said as she went to the footwear section to pick a pair of stiletto

Jia Li rejected her pick and said with a smile. The weather is so cold and I can't stand it, I prefer to wear a pair of boots with short heels.

Fu Meixu decided to let her choose whatever she wanted, while she went on to pick her dress.

She chose a white sexy dress and a pair of a red stiletto.

Jia Li wanted to ask her if she wouldn't feel cold, but she saw her picking a red leather jacket and kept her thoughts to herself.

From the clothing store, they went to get their make-up done, before leaving for the venue for the wrap-up party.

## Chapter 161 – Is He Your Boyfriend?

On their way to the venue, Fu Meixu talked to Jia Li about her filming and the pros and cons surrounding the industry.

While conversing with Jia Li, Fu Meixu discovered that Jia Li hadn't watched any of her movies. She forcibly downloaded two of them that had already aired.

Jia Li make sure to give them a try and give me a few pointers from the audiences perspective.

Can I do that later? Jia Li asked. She had so many things to do, plus her project, so she didn't know if she would have the time to watch it as soon as possible.

Okay, but I would love feedback soon, I have to prepare for an audition this weekend, your pointers can help to improve a few things. Fu Meixu said to her.

Okay. Jia Li agreed. Since she put it that way, Jia Li had to agree with her.

When they got to the venue, both of them alighted from the car and walked into the hotel as the driver went to park the car.

Fu Meixu had a huge smile on her face as she found the room for the party and walked in with Jia Li.

Since the party had already started when they arrived, all eyes were on them when they walked in.

Fu Meixu greeted everybody in the room and apologized to them by drinking two shots of alcohol, and then, she went ahead to introduced Jia Li to them.

Everyone, this is my friend, Jia Li, she is a fashion designer.

Jia Li followed Fu Meixus lead and greeted everyone in the room. Jia Li felt at ease as everyone in the room welcomed her. They didnt have to be genuine for Jia Li to be satisfied. As long as they returned the greeting she was more than okay with it.

Meixu dont just stand there, bring your friend to come and sit. The director of the movie said to Fu Meixu with a smile.

Thank you, director. Fu Meixu replied before taking Jia Li with her to go and sit.

Not long after, Fu Meixus enemy arrived, and it turned out that she was a big shot.

When Zhi Ruo arrived, Jia Li noticed the change in Fu Meixus attitude, and she guessed they were not on good terms.

Just like Fu Meixu, Zhi Ruo chose to drink 5 shots of alcohol. As she did that, almost everyone hailed her as a goddess.

Fu Meixu was angry deep down because of the attention Zhi Ruo received, but the fake smile on her face made it difficult to see through her thoughts.

After the noise died down, Fu Meixu pretended as if she was starting to be hot and took off her jacket.

She managed to garner another wave of attention when the sexy dress hidden underneath the red leather jacket was revealed.

Fu Meixu smiled as she got compliments from almost everyone in the room, and finally when she settled her gaze on Zhi Ruo, their eyes met.

Zhi Ruo scoffed and looked away and Fu Meixu smiled even more brightly.

Jia Li who was sitting beside Zhi Ruo saw the hidden exchange between them and turned her gaze away.

She had no idea how the acting industry worked, and she was surprised to see such a scene.

Throughout the party, the highlight was on Fu Meixu and Zhi Ruo.

When someone brought up the role she landed without having to audition for it, they all congratulated and rained praises on her.

As if that was not enough, another person mentioned how Fu Meixu moved from an E-list actress to a C-list actress within a year and praised her capabilities.

Fu Meixu seized the opportunity to flaunt in front of Zhi Ruo who seemed to mind her a lot.

Someone from the side praised their agency since the two of them were signed to the same agency, and were doing very well.

When someone asked Fu Meixu what her goal was, she simply said, I want to be at the top and show those that looked down on me that I could get there.

While saying that, Fu Meixu had her gaze on Zhi Ruo before she looked away to complete her statement.

It was only Jia Li and Zhi Ruo that understood what that look meant.

Fu Meixu was indirectly talking to Zhi Ruo, and the latter was not a fool not to get the message.

When the drink order came, Jia Li simply picked a bottle of fruit juice. The rest picked beer with only a few of them choosing the same thing as her.

Jia Li only held onto one bottle of fruit juice till the party came to an end.

The movie director asked her to feel free to take any drink of her choice, but Jia Li thanked him politely as she said she was okay with the one she had.

As the party was being wrapped up, Zhi Ruos phone rang and it attracted the attention of others.

After answering the call, Zhi Ruo apologized to them and explained that it was her friend that called.

Sorry, my friend just called that he is here to pick me up. Zhi Ruo said with a smile.

A male friend? Is he your boyfriend? Someone asked boldly.

Zhi Ruo smiled as she replied, He is just a friend

Since he is just a friend, we will like to see him. Another person said, and the others agreed with her.

Just like that, everyone followed Zhi Ruo outside to see the male friend that came to pick her up.

Fu Meixu was angry with the attention Zhi Ruo managed to garner at the end of the party.

She didnt want to follow the others outside, but she had no choice. She didnt like the fact that everyone was praising Zhi Ruo for having a handsome male friend.

From the interaction between them, Fu Meixu could tell there was something more to their relationship, and she suddenly became interested in them.

After Zhi Ruo left with her male friend, Fu Meixu mentioned she was leaving as well and waved goodbye to them before getting into the car with Jia Li.

## Chapter 162 – Another Way To Check If She Was Telling The Truth

On their way back to the Fu House, Jia Li noticed that Fu Meixu was annoyed, and she couldn't help asking...

Meixu, do you dislike that celebrity that much?

Fu Meixu glanced over and replied without hiding her inner thoughts.

Her name is Zhi Ruo, and she is signed to the same agency as me. When I was just a model, I admired her because she was an A-list celebrity, and I wanted to be like her. She insulted me one time when I tried to approach her, and I swore that I was going to catch up to her and overtake her.

As Jia Li listened, she finally understood the reason they both disliked each other.

Fu Meixu didn't end there but went ahead to advise Jia Li.

Jia Li, this industry is for the smart and strong people. If you are not careful, you will only swallow insults and be stepped on without receiving any help. To be in my industry, you must be ready to fight and snatch things from people. When you get to the top, only then can you relax. And I'm sure the fashion industry is like that as well. Be ready to fight.

Jia Li listened and understood her point because Fu Hua has given her a similar pointer before. She must be ready to face anything and overcome once she starts walking because the fashion industry was also a bloodbath just like the entertainment industry. If you dont fight, you will remain hidden.

When they got to the house, it was almost time for dinner, so they went to their various bedrooms to wash up and come down for dinner.

When Jia Li walked into the bedroom, she saw Fu Hua sitting on the desk with transparent framed glasses.

This was the first time she was seeing him on another type of glasses apart from sunshades. He looked very serious in those glasses.

When Jia Li walked into the room, Fu Hua asked as he raised his head to give her a good glance. Youre back ?

Yes. Jia Li replied.

How was it? Did anyone bully you? Fu Hua inquired.

Why would he think anyone would bully me? Jia Li thought.

No one bullied me. I didnt take any alcohol, I didnt exchange my contact with anyone, and I was careful. Jia Li said in one go.

I dont trust that you didnt take any alcohol, come, let me check. Fu Hua said to her as he stood up and gestured for her to come to his side.

Jia Li was not surprised he doubted her. She has no idea how he would check her out, but she went to his side before she could think things through.

As she was not close enough, Fu Hua frowned and pulled her closer. Im not going to eat you, why are you standing so far away, or are you guilty of something ?

Jia Li was about to protest when he pulled her very close to him, but when she heard the last part of his words, she respected herself and stood at a place without moving.

Fu Hua was happy with her obedience and lowered his head to sniff her neck. Jia Li was tickled by the hot breath she felt on her neck and wanted to move away, but he stopped her with a command.

Dont move. Fu Hua said to her.

As Fu Hua had other plans, he was annoyed when he took of Jia Lis jacket and saw the turtle neck she was putting on.

He couldnt believe that kind of clothes would ruin his plans. He used his fingers to drag the collar of the dress, but he wasnt able to see Jia Lis cleavage.

He looked very annoyed, and as Jia Li tried to drag her clothing away from his grasp, she met the annoyed look on Fu Huas face and thought he was annoyed with her, and instinctively left her clothing.

Fu Hua let go of the collar of her dress and said to her, There is another way to check if youre telling the truth.

Jia Li locked eyes with him, and as she was waiting for him to explain the other way, his lips covered hers as his hands went to her back to steady her.

Jia Li was taken aback but didn't try to break away from him, because before she could finish thinking about it, Fu Hua already let her go.

Nodding his head, Fu Hua said to her, You were really obedient.

Jia Li met his gaze and immediately left his side for the inner room as she muttered under her breath, Shameless.

Luckily, Fu Hua didn't hear her. He was still happy with the fact that he could tease his innocent wife.

After washing up, Jia Li left with Fu Hua to the dining room for dinner.

During dinner, Fu Hee glanced at Jia Li, and then at Fu Hua before saying to Fu Hua, Hua, I want Jia Li to follow me somewhere tomorrow.

All eyes fell on Fu Hee because of her request. Everyone knew she didn't like Jia Li, so what was the reason she wanted Jia Li to follow her out. Who knew what her true intentions were.

Grandfather Fu didn't say a word, as he was waiting to see how Fu Hua would reply. And truly, Fu Hua didn't disappoint him, even though he didn't like the exact way he put his words.

No, you can't. Jia Li is not allowed to attend any function with any member of the family, apart from grandfather. I wouldn't want my wife to be a topic for the media to discuss on. Fu Hua replied.

His response didn't dwell with Fu Hee, who protested immediately.

How could you reject me just like that? If I'm not allowed to go out with your Jia Li, why would you allow her to go out with Meixu if you don't want people to know who your wife is?

Its not your decision to make, on who I allow my wife to go out with. Fu Hua said to her without mincing words.

Fu Hee felt angered and humiliated that she wanted to lash out at him, but Grandfather Fus voice, caused her to contain her anger, as she nearly forgot he was still sitting in the dining.

What else do you want to say? Grandfather asked.

Fu Hee became silent and went back to eating, and so as everyone.

Jia Li was relieved as she didnt have to go out with her mother-in-law.

## Chapter 163 – Waiting For Him

After dinner, Jia Li and Fu Hua went back to their bedroom.

If my mother asks you to go out with her, tell her you cant leave without my permission. Fu Hua said to Jia Li after settling on his desk.

Jia Li nodded without saying anything. She had wanted to ask if their relationship will worsen if she refused her, but she saw that there was no need for that.

Jia Li went into the inner room to change her clothes, and when she came out a few minutes later, Fu Hua was already sitting in bed.

Jia Li stopped in her steps and glanced over.

Fu Hua smiled silently as he patted the space beside him with his left palm. It was an indication for Jia Li to come over.

Whats his plans? Jia Li thought as she walked to the bed and got underneath the duvet, and she made sure to leave a lot of space between her and Fu Hua.

Jia Li must be very naive for she thought leaving a lot of space between them could stop Fu Hua from doing what he had in mind.

Fu Hua turned off the lights and only left the bedside lamps on. He got underneath the duvet and moved close enough to Jia Li.

Jia Li felt the movement behind her and remains static. Because she had her back against Fu Hua, she couldnt see him. Her eyes were opened, and her body was alert while waiting for Fu Huas next move.

Without warning, Fu Hua turned her to face him and immediately captured her lips

Jia Li didnt struggle and let him kiss her to his hearts content.

Fu Hua slowly left her lips and gazed into others eyes and asked with a smile, Arent you going to push me away?

Will it make you stop? Jia Li asked with her gaze on him.

She already knew the answer to that question, but she asked that in other to tell him that there was no need to resist his touches since it wouldnt stop him from doing what he had in mind.

No, it wouldnt. Fu Hua replied, and Jia Li chose not to speak.

A smile appeared on Fu Hua's face as he said to her in a low tone, You are becoming very smart.

Without waiting for Jia Li's response, Fu Hua kissed her lips again and explored her mouth with his hot tongue as his hand went inside her clothes to touch her.

Fu Hua didn't receive any response from Jia Li, she didn't even return his kisses, so he stopped and gazed into her eyes, before withdrawing silently.

He sighed and laid on his back after he moved away from her.

Jia Li was not expecting him to stop, she thought he would insist on having his way with her but didn't.

She was tired and was not in the mood to get under the sheets with him, and the best way she thought she could reject him was to remain emotionless, but without knowing, it was the worst way to reject Fu Hua.

Fu Hua felt rejected and decided to leave Jia Li alone for the night. After exhaling for a while, he got out of bed.

Jia Li thought he was definitely angry and became worried. She didn't know if she should explain things to him, because acting that way without explaining things could lead to a misunderstanding.

Jia Li decided to wait for Fu Hua to return to bed, but he didn't return until she was half asleep. She was so sleepy that she couldn't say anything to him.

The next morning when she woke up, Fu Hua was nowhere to be seen. Even when she went to the washroom, she didn't see any sight of him.

After washing up, she came back to the bedroom and was in time to see Fu Hua stepping into the room with a headset on his ears, a head warmer, and a pair of sneakers

He looked very different from his usual cold and serious Bossy look. Jia Li felt that he looked more charming.

Fu Hua who had just returned from a morning run glanced at Jia Li who was already dressed in some casual clothes. Then he proceeded to walk past her without saying anything.

Is he still angry with me? Jia Li thought.

The truth is that Fu Hua was acting like his usual self, but because of what played out last night, Jia Li thought otherwise.

Since Fu Hua had nothing to say to her, it was normal for someone like him whose words were like gold to not say anything.

Jia Li sat on the bed to wait for Fu Hua to finish washing up.

Fu Hua took off his headset in the walk-in closet and changed out of his sneakers and shirt, before walking into the bathroom in his sports trousers to have his bath.

When he returned to the bedroom dressed in his work suit, he was surprised to see Jia Li sitting on the bed with a frown.

Why are you sitting there? Are you not hungry? Fu Hua asked.

Im hungry. Jia Li replied as she got up from the bed. She sighed in relief because he spoke to her.

Fu Hua didnt say anything to her. He didnt know the reason she would still be sitting there if she was hungry, without knowing she was waiting for him.

Fu Hua picked up his work bag

Thinking that she was reluctant about having breakfast with the family, he said to her, If you dont want to have your breakfast downstairs, I will ask a servant to bring it here for you, so you can eat and take your drugs.

No, Im fine. Jia Li replied before following him out.

They were the last people to join in the dining room, as everyone was already seated.

Immediately Jia Li walked into the dining room, her nose scrunched up in a frown when she perceived something she didnt think she would be able to handle the smell.

## Chapter 164 – Seeking For Attention

Immediately Jia Li walked into the dining room, her nose scrunched up in a frown when she perceived something she didnt think she would be able to handle the smell.

The smell of egg changed Jia Li's system immediately she perceived it. She didn't feel like continuing her journey to her dining seat.

Jia Li touches the hem of Fu Hua's jacket, and feeling the touch, Fu Hua glanced over to look at her.

Before Jia Li could say anything, Grandfather Fu noticed their presence and called out to them happily.

Why are you standing there? Come and sit.

Fu Hua placed his hand on Jia Li's shoulder and brought her to sit in her position, before sitting beside her.

Jia Li glanced at all the food on the table. This was an English-styled breakfast, so the presence of eggs wouldn't be a surprise. But the problem now was that she didn't like their smell.

It was irritating her system, and she was starting to feel nauseating.

Jia Li, did you sleep well last night? Fu Chunhua asked when he saw Jia Li's face not looking so bright.

As Jia Li opened her mouth to reply, Fu Hee said without a care, Why wouldn't she have a goodnight rest, what else does she want?

What Fu Hee means is that Jia Li got money from the Fu family, got to attend the best fashion and designing school in the country, and also got to marry her son, who was the CEO of FJ Styles, so since she had all of these, why wouldn't she sleep well?

Fu Hee felt all eyes on her, but she didn't give a damn about it.

If you're tired of eating, leave the dining room. Grandfather Fu said angrily before looking at Jia Li with a smile.

Girl don't mind her, eat some egg. Grandfather Fu said as he gave some fried egg.

As Grandfather Fu put the egg on her plate, Jia Li's face scrunched up in a frown, and her body became uncomfortable. The need to throw up became more severe.

Fu Hua glanced at Jia Li and saw her looking at her plate with a frown. He followed her sight to the plate, but couldn't identify what she was looking at, because there was some other food apart from the egg on her plate.

Fu Hua glanced back at Jia Li and saw her fidgeting with her fingers on her laps. He became a little worried and was about to ask her what the matter was.

But at that time, Jia Li covered her mouth and got up from her seat before running away from the dining room, to the shock of everybody.

Even Fu Hee couldn't help but be shocked by her actions. Her eyes followed Jia Li until she left their sight.

Fu Hua, what is wrong with Jia Li? Grandfather Fu asked worriedly.

Fu Hua wiped his lips and got up from his seat as he replied, I will go check upon her.

After replying to the old man, he left the dining room to go and find Jia Li. He had a frown on his face as he searched for her.

When he left, Fu Hee said, What could be wrong with her? She is just seeking attention.

Are you sure about that? Fu ChunHua asked with a smiling gaze.

What else could that be? If I talk now, everybody would be against me. Since that girl came into this family, my life has never been the same again. She...

Shut your mouth! Grandfather Fu caught her off as he directed an angry gaze towards her. He was so mad at her that he would have hit her on the face if she wasn't so far away.

Fu Hee knowing when to stop, shut her mouth. She wasn't ready for anything to be thrown at her randomly by the angry old man.

Grandfather Fu was a retired Army Major General, and even in his old age, he never misses his aim. If he picked up something to throw at her, not only will he hit his target, the impact of his strength would cause an injury.

Fu YingPei glanced at his mother and couldn't help but find her worrisome. He didn't know the reason she liked to cause trouble.

This was not in her traits before, or did taking away her position caused her to become like this? He thought.

Fu Hua found Jia Li in the visitor's restroom throwing her guts out. He was irritated at first, but he didn't know when he came to her side and started rubbing her back.

Jia Li felt better with her back being rubbed by someone. She had no idea who was helping her, and she wasn't in the condition to care about it. She

continued throwing up until nothing was coming out again, and then she felt a lot better.

Fu Hua took out a handkerchief from his trouser pockets and passed it to her. Jia Li saw the handkerchief in front of her and took it as she whispered a thanks.

Fu Hua stepped out after that, and returned a minute later with a bottle of water in his hand, and was in time to see Jia Li ready to leave the restroom.

Take it. He said while passing the bottled water to her.

Jia Li took it and thanked him.

I will wait for you outside. Fu Hua stepped before leaving her presence.

Jia Li gagged her mouth with the water from the plastic bottle several times before stepping out of the restroom.

Taking the remaining bottle of water from her, Fu Hua passed her another handkerchief and asked, Why are you throwing up?

I didnt like the smell of the eggs. Jia Li replied.

Go to the room, I will bring you breakfast. Fu Hua said to her because he knew there was no way she could return to the dining room. After all, she would end up throwing up again.

What about the family? Jia Li asked in concern. She knew the way she left would arouse suspicion, so she was worried.

Do you have to care about that right now? Go to the room, I will be there in 5 minutes. Fu Hua said to her.

## Chapter 165 – The Family Find Out About Jia Lis Pregnancy

After he watched her leave, Fu Hua went back to the dining room to get her breakfast.

Whats wrong with Jia Li, is she alright? Grandfather Fu asked with a worried gaze as soon as he saw Fu Hua.

Shes fine, she is just a little sick. Fu Hua replied as removed the trace of the egg from Jia Lis plate and put more food for her.

While doing that, someone had her gaze on him.

Sick? Should we call the doctor over? Grandfather asked as he became alarmed. How could his favorite person be sick and he would remain relaxed? That was not possible.

She will be fine after she rests a little. Fu Hua replied.

Fu Hua, why are you removing the eggs? They are healthy, and Jia Li should have some of them. Fu ChunHua suggested whilst trying to test the waters at the same time.

Fu Hua picked up the plate of food and started walking while replying, She doesnt need them.

Before Fu Hua could disappear from their sight, Fu ChunHua quickly raised the question in her mind.

Is Jia Li pregnant?

That question was enough to cause silence for several seconds. It had some people having different thoughts.

Grandfather Fu was deeply surprised by the question and glanced at Fu ChunHua before gazing back at Fu Hua for an answer.

When Fu ChunHua asked that question, Fu Hee nearly spurted the food she just put in her mouth. She quickly glanced towards Fu Hua to hear his response.

Fu Hua stopped in his steps when he heard Fu ChunHuas question.

Jia Li Im sorry... Fu Hua apologized to Jia Li in his mind before walking away without replying to Fu ChunHuas question.

Fi ChunHua was intelligent enough to get the message. Fu Hua didnt agree nor deny her words. And knowing Fu Huas personality, she was sure she was right because he would have denied it if it wasnt true.

Congratulations to you and Jia Li! Fu ChunHua said towards the direction Fu Hua left from. Retracting her gaze, she glanced at the shocked Fu Hee with a smile.

Fu Hee, your daughter-in-law is pregnant, are you not happy? Fu ChunHua asked with a taunting gaze.

Fu Hee was still shocked by the news she just heard and couldnt be bothered by her words.

Grandfather Fu was surprised and quickly asked with his gaze on Fu ChunHua, Is Jia Li really pregnant?

Its very likely that she is pregnant since Fu Hua did not deny it. But we will have to wait to confirm this good news from them. Fu ChunHua replied happily.

She was all smiles as if she was Jia Lis mother or Jia Lis mother-in-law. She just couldnt help smiling from ear to ear.

It might be because she knew Fu Hee wouldnt be happy with this piece of good news that she was so happy.

Why did that boy not reply to us and just left like that leaving us to our speculation? Grandfather Fu asked with a frown, but deep down in his heart, he was very excited.

Grandfather Fu was annoyed with Fu Huas attitude. Such an important matter and he didnt bother to clarify it, was he trying to give him a heart attack?

Fu Hee could feel that her chest was in so much pain. She couldnt even continue with her food as she had to place her palm on her chest while trying to endure the pain.

Both Grandfather Fu and Fu Hee lost their appetite and were no longer interested in eating. But they had different reasons.

Grandfather Fu was excited about the fact that he may have a great-grandchild from Jia Li and Fu Hua, so he lost appetite because of the happiness. As for Fu Hee, she was terrified of the news and wished it was false.

She couldn't believe that Jia Li and her son had already consumed their marriage, and coupled with the fact that her plans kept getting ruined.

That seductress! Fu Hee cursed under her breath.

She was at the point where she wouldn't care what happens to her as long as she gets the opportunity to shred Jia Li to pieces.

Still, under excitement, Grandfather Fu said to the rest of the family at the dining table, If this news is through, then everybody will get a gift from me.

His words were enough to cause thrills in the hearts of everyone apart from Fu Hee who was not even following.

Fu Ling who was usually quiet glanced at his grandfather with expectations. He has his dreams, and he needed just a little push for things to be on track, and this opportunity was very important to him.

With her grandfather's promise, Fu Meixu was already thinking of what her request would be, and that was to snatch the role that has already been given to, Zhi Ruo for the same movie she wanted to audition to get a supporting role.

After giving his promise, Grandfather called for Butler Lu impatiently. He wanted to go and verify the news of Jia Li's pregnancy directly from Fu Hua.

When Butler Lu came over, Grandfather Fu said to him, We are going to see Fu Hua and Jia Li.

Butler Lu nodded and stood at the side while waiting for him to get up before they left together.

With Grandfather Fu's absence, everyone was let loose. They could say anything they wanted and act however they wanted.

Fu Lei and Fu Ming were absent because of the engagements they have outside the city, so the cage was open.

Fu ChunHua smiled as she turned to Fu Hee to say, Fu Hee, why are you acting like this is bad news? If it is confirmed that your daughter-in-law is pregnant, this would be great news! Look at you, you're so lucky to be a grandmother at this age, I really envy you.

Lucky my foot! Fu Hee said angrily.

Fu ChunHua chuckled in her heart as she couldn't wait to anger Fu Hee, seeing her so angry. With a smile, she said, See, Father has already promised to give us a gift, what would you be asking for?

Then with a shocked facial expression, Fu ChunHua added, Don't tell me you will request Father to allow Fu Hua get married to the girl you approved as a second wife?

Chapter 166 – Grandfather Fu Goes To Find Jia Li And Fu Hua

With a shocked facial expression, Fu ChunHua added, Dont tell me you will request Father to allow Fu Hua to get married to the girl you approved as a second wife ?

Fu Hee rolled her eyes at her, got up, and left the dining table.

Fu ChunHua chuckled before going back to eating her food.

When Fu Hua entered their bedroom, he saw Jia Li sitting on the bed with her back against the headrest. Her face didnt look good.

I brought you breakfast. Fu Hua said as he brought the tray of food to her side.

Jia Li glanced at the tray of food before her and frowned, I dont want to eat.

Putting his hands on his pockets, Fu Hua asked with a frown, Why would you not want to eat something? You didnt eat anything at the dining room.

I dont feel like eating. Jia Li grumbled and looked away from him.

Fu Hua sighed as he pinched the space between his brows. Why did he feel that Jia Li was acting spoiled on purpose ?

What do want to eat, tell me, I will ask the kitchen to prepare it for you. Fu Hua asked.

I dont want to eat. Jia Li insisted with her head turned to the side. She refused to look at him. And as she said that, her stomach growled.

Fu Hua saw the stubborn look on her face and began to ask himself when Jia Li learned to be stubborn.

Why do you keep saying you dont want to eat when youre obviously hungry? Do you want to starve my child? Fu Hua asked with a frown.

Jia Li glanced at him, as this was the first time he was personalizing that the child was his.

Before any of them could say anything, they heard a knock on the door and the old mans voice followed next.

Fu Hua? Jia Li, are you there? Open the door quickly! Grandfather Fu said from outside the door.

When Butler Lu knocked without saying anything, Grandfather Fu became impatient and had to call out to Jia Li and Fu Hua.

Grandfather is here? Jia Li asked in surprise as she gazed at Fu Hua.

Fu Hua could feel an incoming headache. He shut his eyes and open them the next moment as the knocks continued resounding on the door.

The old man is worried about you, at least now that he knows youre pregnant, get ready to be turned into a princess. Fu Hua replied.

Jia Lis eyeballs widened in shock before she placed a blaming look on Fu Hua.

She blamed him because she thought he was the one that revealed the news about her pregnancy to the old man.

Dont blame me, blame your Aunty, ChunHua. Fu Hua replied before striding towards the door.

As the door opened, Grandfather Fu was already so impatient as he asked, What took you so long?

Didn't you come to see your granddaughter-in-law? Fu Hua asked with one hand in his pocket and the other hand holding the door handle.

At his reminder, Grandfather Fu walked in without sparing another glance. Butler Lu nodded to Fu Hua before following after Grandfather Fu.

Fu Hua closed the door and joined them.

Jia Li was already standing when Grandfather Fu walked into the room.

Grandfather? Jia Li called out in a soft tone.

Why are you standing? Sit... Grandfather Fu said to Jia Li happily and even went to assist her to sit down.

Butler Lu brought a chair for the old man to sit close to the bed.

Grandfather Fu sat down and took Jia Li's hands in his and said to her with a smile, Why didn't you tell me you were pregnant? If you told me soon, you wouldn't have had to suffer from doing the chores yourself, and Fu Hua didn't say anything to me.

I'm fine, grandfather. Jia Li replied with a smile.

How can it be fine? You suffered for so long and I didn't know about it. You don't know this, but when Fu Hua's grandmother was first pregnant, I didn't allow her to do anything apart from eating, sleeping, and having fun. The only thing she begged for my permission, was to continue with work in FJ, but I still monitored her because she was a workaholic. She dedicated her life to her family and FJ.

Jia Li didn't know the reason she felt so happy listening to the Old man. She felt the old man was sweet and must have been a very good husband to his wife.

After telling his story, he turned to Fu Hua who has been standing at the side and listening to him reminisce to berate him.

What kind of person did I train you up to become? How could you allow your wife to struggle while being pregnant?

As Fu Hua remained calm and composed, Jia Li came to his rescue.

Grandfather it's not like that. He doesn't let me cook every time, and when we moved out, I didn't do anything. He moved all of our things over to the new house before I could return from school.

Are you sure? Don't side him. Grandfather Fu said to Jia Li with a serious facial expression.

Grandfather, I'm telling the truth. Jia Li assured him with a smile.

I will believe you, Grandfather Fu said to her before turning to Fu Hua to say, You are lucky that Jia Li is such a good person. Make sure you continue to take good care of her.

Grandfather Fu didn't wait for his response and started talking with Jia Li.

Fu Hua's phone rang and he walked to another corner of the room to answer the call.

What is it? He asked with a frown.

Grandfather Fu heard him clearly and turned to say to Jia Li, What kind of Boss talks to his employees in that manner?

I think only he is capable of that. Jia Li thought to herself.

After listening for a while, Fu Hua replied, Dont call me again, I will be there in 30 minutes.

## Chapter 167 – Drag Her Out

After the call, Fu Hua walked back to Jia Li and Grandfather Fus side.

Grandfather, I have to leave now.

You want to leave your pregnant wife here and go where ? Grandfather Fu asked as he directed a frowning gaze towards Fu Hua.

Fu Hua was thinking that there was nothing wrong with that. Jia Li was pregnant, but he didnt have to leave his work to stay at home with her.

I have an emergency meeting at work. One of our Top Designers got poached by a rival company, and she left with some unfinished design drafts. Fu Hua explained.

One of FJ Styles top designers got poached by a rival company, and she left with unfinished drafts she was asked to work on, so this was not good news to Fu Hua.

Grandfather Fu glanced at his grandson and wanted to console him, but seeing that unfazed look, he had no words of consolation left.

Grandfather Fu agreed for Fu Hua to leave since the meeting was very important.

Fu Hua glanced at Jia Li before walking towards the inner room. When he disappeared, Grandfather Fu said to Jia Li, Girl, I see your breakfast has been sent to you, eat something. If you don't like it, tell the kitchen whatever you want to eat. If you don't like their cooking, I will take you to a place to get delicious food.

Grandfather, I like the food here, I will eat now. If there is anything, I will surely tell you. Jia Li replied with a smile.

That's good. Eat, I will go and arranged one of the best obstetricians for you. Grandfather Fu said as he patted Jia Li's hand and stood up.

Thank you, Grandfather. Jia Li said with an appreciative smile.

Grandfather smiled and waved his hand. There is nothing to thank me for. This old man has nothing to do other than to be on the lookout for you. Rest well, I will come around to see you again.

After Butler Lu left with Grandfather Fu, another person came to visit.

Fu Meixu met her grandfather in the hallway.

Are you going to see Jia Li? Grandfather asked with his gaze on Fu Meixu.

Yes, Grandfather. Fu Meixu replied with a smile.

Dont go over, allow Jia Li to eat and rest. Grandfather Fu rejected the idea of her going to see Jia Li.

Fu Meixu did not cry or whine, instead, she clung onto the old mans arm and said with a sweet smile, Grandfather, I just want to see Jia Li for a few minutes to apologize for taking her out yesterday without knowing she was pregnant.

Grandfather Fu stared at her for a few seconds before giving his approval.

Go and apologize but make sure you come out before 5 minutes is up.

Turning to Butler Lu, Grandfather Fu instructed while pointing, Lu, if she stays more than 5 minutes, drag her out, nobody can disturb Jia Li.

Yes, Sir. Butler Lu replied as he tried to hide his smile after watching the old mans stubborn look.

Grandfather dont worry, I wont take long. After saying that, Fu Meixu hurriedly left his side.

Fu Meixu knocked and walked into Jia Li and Fu Huas bedroom after hearing Jia Lis response.

Jia Li, how are you doing? Fu Meixu asked as she walked towards the bed with a smile.

Im fine. Jia Li replied.

Im sorry about yesterday, I didnt know you were pregnant or I wouldnt have forced you to follow me to that kind of place. Fu Meixu apologized after she sat on the chair Jia Li pointed out to her.

Sister Meixu, its not your fault. It was I who didnt tell you about it. Jia Li said to her.

How is the baby? No wonder my cousin threatened me the other day. He asked me to take care of you, so its because of the baby... Fu Meixu said as she recalled the incident of the previous day.

She kept wondering if Jia Li was an egg that had to be pampered by her grandfather and cousin. And Fu Huas attitude yesterday, was off to her, but it was not that she finally understood the point.

Jia Li didnt have the time to reply to her, because they both saw Fu Hua walkout from the inner room with some files.

When he saw Fu Meixu in his bedroom, he stopped in his steps as a deep frown appeared on his face.

Fu Meixu swallowed hard. Her cousins facial expressions were top-notch. For now, since she couldnt stand it, she had to always escape, just like right now...

Jia Li, I will see you soon, I have to leave for my agency now. Said Fu Meixu to Jia Li before disappearing.

When Fu Meixu left, Fu Hua retracted his gaze before turning back to Jia Li, Youre still not eating? Just now, I heard your voice, and you seemed so happy.

I dont want to eat. Jia Li replied as she faced another direction.

You have really learned to throw a tantrum. Is this who you really are, or is it the pregnancy hormones? Fu Hua asked.

He was a little confused because the Jia Li he married was so sweet, obedient, and innocent, but he didnt understand the woman that was currently throwing a tantrum.

He was thinking if she had two personalities.

Jia Li did not reply to him.

Im leaving for work, I have an emergency meeting, make sure you eat.

As Fu Hua said that, another knock was heard on the door, and this time around, he couldnt hide his annoyance.

Fu ChunHua was standing outside the door with a smile while waiting to hear a voice from inside.

Jia Li, go and get dressed, youre coming with me. Fu Hua said with a frown.

Huh! Jia Li was surprised

Do you need me to help you dress? Fu Hua asked with raised brows.

Hearing him say that and knowing his personality, Jia Li knew it wouldnt take him anything to do as he said. Being aware of that fact, Jia Li got out of bed immediately and went into the inner room.

## Chapter 168 – Im Taking Jia Li With Me

Fu Hua opened the door and blocked Fu ChunHua's view.

When Fu ChunHua saw him instead of Jia Li, her smile faltered.

You don't want to see me? Fu Hua asked with a frown.

It's not like that, I came to see Jia Li and was surprised to see you, I thought you had gone to work. Fu ChunHua said as she chuckled embarrassingly.

Jia Li is busy now. Fu Hua replied with folded arms.

Ah! Alright, I will come back later. Fu ChunHua said before leaving.

Fu Hua walked back into the room and closed the door behind him. He went to sit on the couch to wait for Jia Li.

Jia Li came out two minutes later. She was fast because she knew he was running late for the meeting.

Honestly, she was quite surprised when he asked her to come with her to the office, because last she remembered, he didn't want anyone to know the relationship between them. But since he asked her to follow him, she didn't want to think too much about it.

Fu Hua glanced her up and down before telling her, It will snow today, I will be right back and with that, he went into the inner room and came back a minute later.

He passed the muffler and pair of gloves to Jia Li while saying, Put them on.

Thank you! Jia Li said as she put the gloves on before hanging the muffler around her neck.

Fu Hua helped her to adjust it before asking, Ready? Jia Li picked up her phone and said, Ready.

Fu Hua glanced at the tray of food she left on the table and Jia Li followed his sight. When she saw the tray of food, she smiled and went over to carry it.

They both left the room together. A servant they encountered at the stairs, took the tray from Jia Li, and she sighed in relief.

As they were about stepping out of the doors, they met Butler Lu, who was surprised to see them leaving together.

Im taking Jia Li with me. Fu Hua answered his curiosity before pulling Jia Li to leave the house.

On their way to FJ Styles, the car was silent until Jia Lis stomach groaned.

She quickly placed her hands on her abdomen as she glanced towards Fu Hua who glared at her and put his sight back on the road without saying anything to her.

Jia Li shrank back in her seat and tried to remain invisible. She prayed silently in her head for her stomach not to make noise again, because it was so embarrassing.

She refused to eat, and she made Fu Hua bring her out, and now, what was her stomach trying to do by making noise? Did it want her to get in trouble?

After managing to control her stomach, Jia Li turned her gaze to the environment and saw the bold letters of FJ Styles.

That name stood majestically as it was boldly written with glittering gold letters.

Jia Li's interest was intrigued when she felt the majestic presence of FJ. A small smile played on her lips since it was her first time here. She was grateful to Fu Hua for bringing her here.

While admiring the building, the thought of working there came to her mind. As she was lost in thought, she felt something before her eyes and focused on it.

Put them on. Fu Hua said after he parked the car in front of the building.

Jia Li took the nose mask and sun shades from Fu Hua and put them on.

There was no sun yet, but Jia Li understood those things he gave to her were for disguise, so she wouldn't be recognized by the employees of FJ.

Let me see. Fu Hua said as he turned her face to have a proper look.

Not bad. He said before stepping out of the car.

Jia Li was wondering if her looks mattered. Just as she got out of the car, She saw a young man running towards them.

Boss you are here? Zimo greeted breathlessly.

Because he was in a hurry, he failed to notice Jia Li who was all covered up.

Fu Hua gave him a cold glance before going to Jia Li's side.

Lets go. He said as he took her hand and led the way.

Zimo was taken aback by the woman their Cold CEO acted so intimate with. And he was surprised he didnt see her when he came over.

As he followed them inside the building, a thought came to his mind.

Could she be his Hidden Wife ?

Jia Li may not be aware she was tagged The Hidden wife by the employees and staff of FJ, and not only them. Those who didnt know her identity called her The Hidden Wife as well.

Seeing the way his boss held onto Jia Li, Zimo confirmed that he had indeed neglected the boss lady.

Was that the reason Boss was unhappy with me just now ? Zimo thought and cried inside his heart.

How was he supposed to know she was the Boss lady ?

The Secretaries at the front desk immediately bowed to Fu Hua in greeting. When they raised their heads, the three of them exchanged glances as they began to wonder who the woman their boss was holding hand with was.

As they passed some employees, Jia Li could feel their curious gazes and glances directed towards her. This is what happens when you are with the Big Boss.

This was nothing to Fu Hua because his thought was on how to settle Jia Li in and go for his meeting.

Zimo hurriedly caught up with them and pressed the button for the public elevator Fu Hua wanted to use.

He wanted to remind him that he still has a private elevator, but he shut his mouth when he remembered the offense he committed some minutes ago.

While in the elevator, different thoughts kept coming to Jia Lis mind as her heart rate increased.

Now, she has an idea of what it feels like to be the center of attention.

Glancing at Fu Hua, Jia Li understood what it feels like to be involved with a big shot.

## Chapter 169 – Brother-in-law Sets Her Heart At Ease

What are you looking at? Is there something on my face? Fu Hua asked when he caught Jia Lis gaze on him.

Jia Li shook her head in a negative affirmation and looked away from him.

Zimo who was standing behind them saw their interaction.

Why do I feel like she is Boss's little kitten and not his wife? Am I thinking too much? Zimo thought.

When the elevator got to the 5th floor, Fu Hua took Jia Lis hand and got out of it. He looked at his surroundings with a little confusion before turning back to ask his assistant, Where are we ?

Zimo cleared his throat and replied while pointing with his fingers. Boss we took the wrong elevator, this way leads to the meeting room, this way leads to your office.

Fu Hua glared at him and Zimo screamed in his head. Boss, its not my fault that you chose the wrong elevator.

What are you doing ? Lead the Way ! Fu Hua said in an annoyed tone.

With his actions, Jia Ki knew they were at the wrong place, and she was thinking if Fu Hua as the Big Boss of FJ didnt know his way around his company, then that was weird.

As Zimo was leading them through the hallway, they came face to face with some employees that were walking towards the meeting room.

They recognized their Big Boss and Zimo, but the woman their Big Boss was holding her hand, was a mystery to them as they didnt know her identity, and with her face all covered up, there was no way to see what she looked like.

Could this be, The Hidden Wife ? The thought and they stood at a place with curiosity in their eyes.

Fu Hua was angry at them and sent them a glare as he asked in his usual cold tone, Are you tired of living ?

His employees apologized and ran towards the meeting room in fear.

Even Jia Li shuddered at his harsh tone. Fu Hua glanced at her, as Jia Li instinctively placed her other hand on her abdomen.

Fu Hua glanced at her abdomen and remembered the baby. He felt a little guilty. He didn't wait to see where his employees ran to as he followed Zimo.

Zimo led the way to his office obediently. He was scared he would lash out at him since he didn't dare to make a sound.

When they got outside his office, Fu Hua asked Zimo to leave before keying in his password.

The door opened and he turned to tell Jia Li come in.

Jia Li followed him. As she walked in, the remarkable sight of Fu Hua's office greeted her. The view was amazing and her respect for Fu Hua leveled up.

Fu Hua was a man of great taste in style and fashion. He has the money, so he could get whatever he wanted.

Sit anywhere you like. Fu Hua said to Jia Li as he walked straight to his table took a tablet from it. He walked back to the couch Jia Li was sitting on and passed it to her.

Select what you want to eat, YingPei will be here to help you take your order. Fu Hua said to her.

Jia Li smiled that she didn't have to worry about her hunger. She took the tablet from him as thanked him.

Fu Hua dialed his brothers number and asked him to come over to take Jia Lis food order.

After the call, Fu Hua glanced at his wristwatch and said to Jia Li, Im leaving. You can keep yourself company with the tablet or the magazines, articles, or books on the shelf.

Jia Li watched him leave and sighed. She was grateful that he still cared for her. Before she thought his attitude has changed towards her, but now, she has confirmed that he still cared for her.

After the call, Fu YingPei left his work and took the elevator straight to the 5th floor, and went directly to Fu Huas office.

He knew the passwords so it was easy for him to get in.

Fu YingPei walked into the office and saw that Fu Hua has already left and sighed in relief. He glanced over at Jia Li who still had the disguise on and smiled as he made his way towards her.

Sister-in-law, relax nobody will dare to come in here, you can take off the mask and shade.

Fu YingPei was confident because there were only three people that knew the password to the office, Him, Zimo, and the owner (Fu Hua).

Jia Li relaxed and took off the disguise. She sighed now that she could breathe properly. Without her brother-in-laws reminder, she would have forgotten about it.

Thank you! She said in gratitude.

No worries. What would you like to eat? Fu YingPei asked with a kind smile.

Jia Li passed the tablet to him. Fu YingPei saved her food order on his phone and passed the tablet to her.

Sister-in-law, I will be back soon. Fu YingPei said before leaving.

While he was away, Jia Li busied herself with the tablet. She was glancing through various clothing illustrations on the tabs gallery.

Fu YingPei came back 10 minutes later and even helped her to serve the food. Jia Li was embarrassed, but Fu YingPei set her heart at ease.

If I dont take care of you, my brother will make me go on extinct.

Jia Li chuckled over the joke. She has always known that he had a good sense of humor.

After he left, Jia Li started eating, while Fu Hua was currently sitting at the head of the meeting table.

He has been quiet since the meeting started and refused to say a word. He allowed everyone present to make their contribution.

He was not happy that his top designer could be easily poached.

When the argument was getting louder, he said to them, Enough! Whats the use of arguing when it cant change what has happened? There is something wrong with the rules and regulations. I will amend it with the executive committee. I want to see which FJ Styles employee would still dare to get poached and breach the contract.

Fu Huas time was heavy and nobody dared to say a word.

As for that designer, get the compensation for breaching the contract.

## Chapter 170 – A Glimpse Of Fu Huas Work Life

As for that designer, get the compensation for breaching the contract.

The truth is that the designer that left with the unfinished design drafts could not be arrested, since the Chief designer never saw them. What she had was the assurance that the designs were almost finished.

After this meeting, Fu Hua called for an executive meeting with the executive committee to make some adjustments to the rules and regulations and the employees contracts.

He updated the ethical principles in the contract of the business. He drafted, The commitment by the FJ Styles executive committee in which the 10 executive members of FJ, put down their signatures before their names.

After adjusting whatever needs to be adjusted, Fu Hua said to the head of departments, Make sure all the employees of FJ, sign these contracts, You can as well remind them to go through the contracts before signing.

Fu Hua tightened up the loose threads and closed the loopholes that could be used by any employee of FJ to mess around.

He doubled the fine that was written on the contract. The old price was already high enough, and by doubling it, anyone that wanted to mess

around wouldn't have to think about it, because the price of betrayal was worth so much.

What was more shocking was the jail term Fu Hua added to the punishment of betraying FJ.

With Fu Hua tightening the reins, there was no opportunity or chance to think of messing up.

The Chief Designer of FJ Styles called for a meeting in her department to address an issue.

You all are FJ's employees and under the contract, whatever you draw, be it trash, finished drafts, or unfinished drafts belongs to FJ. And you are not to go home with any design drafts from here.

After the long hours of meeting, Fu Hua finally returned to his office. His facial expression was not to be trifled with.

When Jia Li saw his facial expression as he walked towards his table, she didn't even bother greeting him. She quietly went back to reading the magazine in her hands.

Fu Hua sat down and glanced at Jia Li who had all her concentration on the magazine in her hands. He massaged his temples before opening the laptop on his table.

Fu Hua was busy until it was lunchtime.

Are you hungry? He asked as he glanced over at Jia Li, but he didn't receive any response because the person he was talking to, was already asleep.

Jia Lis eyes were closed with her head rest in on the armrest of the coach. The magazine in her hand slipped out of her hand and crashed on the floor.

Fu Hua was surprised that she was already asleep because he didnt know he has worked for such a long time.

He forgot the three different meetings that were held lasted for over 4 hours, and when he came back to his office, he had been working for more than 2 hours, so it shouldnt be a surprise that Jia Li got bored and fell asleep.

Fu Hua heaved a sigh as he got up and walked to her side. He took the magazine from the couch and arranged them before placing them on the glass table.

Next, he took off Jia Lis boot shoes

He walked towards another door inside his office and opened it. He walked in and came out a few seconds later with what looked like a small blanket and covered Jia Lis body with it.

He touched Jia Lis palms to check her body temperature, before slipping her hands inside the blanket.

When he returned to his seat, he picked up the telephone and gave out an instruction. Bring two portions of lunch to my office.

Twenty minutes later, Zimo arrived with the lunch and set them on the table. His eyes traveled to the woman sleeping innocently on the couch. Her face was so smooth, and he could tell she was pretty.

Is this what the Boss lady looks like ? Zimo thought as he slowly adjusted his neck to get a good look at Jia Lis face.

He couldn't really see her well because of his standing position, so tilting his head a little more will help him catch her looks.

Fu Hua saw Zimo's actions and picked up a light fancy decor from his table and threw it at his back.

Zimo came back to his senses as he turned to glance at his Boss with a guilty look, when he saw Fu Hua's angry look, he apologized and picked up the decor before walking towards his desk to set it up.

After that, Zimo vanished from the room. At last, when he came out, his brows creased in a frown as he tried to reach the area of his back Fu Hua hit with the fancy decor.

Zimo felt that Fu Hua was stingy for hiding the lady boss's appearance from all of them in the office. Zimo could only think so but dared not to voice his thoughts.

After he left, Fu Hua went to where the food was placed and opened the plates. And in no time Jia Li opened her eyes when she perceived the aroma from the food.

She was just dreaming about the different food she saw in her dream when her stomach started aching. She perceived the aroma of food and it felt so real that she had to open her eyes.

Sit up and have lunch, we will leave after that. Fu Hua said to her as he passed a pair of chopsticks

Jia Li took it from him and started to eat from the plate he placed within her reach. Fu Hua didn't eat much before going back to his desk to continue working.

When Jia Li saw him go back to his desk, she had a confused facial look

When Jia Li finished eating, Fu Hua called Zimo to come and take the plates away before packing his things and leaving with Jia Li, who already had her disguise on.

Today, Jia Li caught the glimpse of Fu Huas work life. She saw how busy he always was, and how hard he worked, and his rank went higher in her head.

## Chapter 171 – End Relations With Her

While Jia Li had a relaxing and somewhat boring day, Fu Hee had it far worse.

Since she learned that Jia Li was pregnant, her mind has not been at ease. She was so angry that she became breathless.

She wanted to break the things in her room to release her anger, but when she realized that she would have to replace them with her money, she refrained from doing it.

The things she wanted to break were not cheap, so there was no need to make a hole in her pocket.

Fu Hee sat on the bed to do her breathing exercises, and when she was through, she picked up her phone to call Mrs. Bai.

On the third ring, the call was answered.

Fu Hee, do you want to come out for some tea? Bai Fen asked as she blew on her fingernails. She was currently in the salon and her toenails were being painted now.

Im not in the mood for that. There is a big problem before us. Fu Hee revealed with an ugly facial expression.

Hearing there was trouble and with Fu Hees angry tone, Bai Fen knew that things were serious and stopped joking and asked, What could be wrong? What happened?

That girl is pregnant. Fu Hee revealed.

Which girl, you mean your daughter-in-law? Bai Fen asked with a frown as she felt a bad premonition.

Which other person would put me in a bad mood? Fu Hee asked in an annoyed tone.

What? How could you let that happen? Fu Hee did you go back on your promise, how could you not keep watch on that girl?! Bai Fen asked in an agitated tone.

This was the worst news ever. Jia Li was pregnant, was their plan not over?

How is it my fault when the two of them are not living under the same roof as me, and I was not even allowed to visit them. Fu Hee asked angrily. She couldnt help but be angry at Bai Fen for blaming her.

If its not your fault, is it my fault then? Are you trying to ruin the only chance my daughter has for making a comeback with your son? You

dont care anymore because it was not your daughters heart that was broken right? Bai Fen asked as she kicked the person attending to her toenails.

She was very angry and curse Fu Hee for being irresponsible. How could she not put her eyes on such an important matter?

Fu Hee had already had it up to her neck. She couldnt tolerate Bai Fens insults and blames, so she said to her directly without hiding her thoughts and emotions...

Bai Fen dont blame or insult me, you have no right to do that. Go ahead and find another son-in-law for yourself and leave me alone. I have already lost a lot from fighting for your daughter and you still have to blame me for everything. Fine, it was my mistake that I asked for us to set our children up. Since I wasted a good opportunity to have you get the perfect husband for your daughter, I will compensate you. Tell me how much you want!

After passing the message across, Fu Hee terminated the call and threw her phone on the bed. She was huffing mad.

Bai Fen who do you think you are? Always insulting and blaming me for everything! Did I kill any member of your family? Fu Hee muttered to herself in anger.

With everything that was happening Fu Hee was fed up with Bai Fens attitude towards her, and didnt mind the amount of money it will take to settle the matter, so nothing would make them cross paths again.

Bai Fen was alarmed when she heard Fu Hee say that she wanted to end relations with her. Fear gripped her chest. And before she could say anything, Fu Hee ended the call without waiting to hear her response.

Bai Fen couldnt allow her hard work and expectations to go down the drain. She has to come this far, so she couldnt give up now.

She tried calling Fu Hees number, but it was not reachable.

Did she block my contact? Bai Fen thought to herself as she tried Fu Hees number again, but the result remained the same.

Paint this thing quickly, I need to leave here! Bai Fen said to the person she kicked earlier. The young attendant sat on her stool and continued painting her nails.

When Bai Fen thought of the opportunities she would lose if Fu Hee cut off all ties with her, the more she couldnt let that happen.

Later in the day when Fu Hee finally came out from her room, she was in time to see Jia Li and Fu Hua coming into the house.

She didnt even say anything to any of them and directly walked past them. Fu Hua who wanted to greet her was surprised by her attitude.

He wondered what was going on with her before resuming his steps with Jia Li.

Jia Li was also surprised by her mother-in-laws attitude, not towards her, but Fu Hua.

Fu Hee always said a few words to Fu Hua and left her out. But to her surprise today, she snubbed the row of them.

Fu Hua didnt dwell on the matter as he went into the inner room to change out of his clothes, but Jia Li was different. She was worried.

Could it be because of the baby? Jia Li thought as she sat on the foot of the bed.

When Fu Hua finished changing and came back to the room, he saw Jia Li sitting on the bed with a worried look.

Go and freshen up and don't dwell on unnecessary matters.

Fu Hee has been annoyed since she spoke with Bai Fen over the phone. She refused to say a word to anyone including Fu Hua.

Fu Hee went to the kitchen directly to get a water bottle for herself. Fu ChunHua who was in the kitchen keeping an eye on the dinner preparation didn't dare to say a word to her. She felt that Fu Hee was scary, as it wasn't the right time to attack her with words.

## Chapter 172 – Fu Hee And Bai Fen Makes Peace

When Fu Hee left the kitchen with the bottle of water in her hand and went to her bedroom, she heard her phone ring and went to the bedside table to pick it up.

She had a disinterested look on her face as she glanced at the caller ID. On seeing Mrs. Bais name on her screen she became more emotionless and kept her phone back on the table and uncapped the water bottle she brought back with her as the call ended.

Before she could finish drinking the water, her phone started to ring again. She finally put down the bottle of water and picked her phone to answer the call.

Thank goodness you answered the call, I would have come over to the Fu Villa to look for you. Fu Hee how could you be so angry with me to the extent of ignoring me? Bai Fen asked immediately Fu Hee answered the call.

But first of all, she sighed in relief that her call was answered after several attempts of trying to reach her.

Did you call to blame me again? Fu Hee asked in an annoyed tone.

How could I blame you? I thought something happened to you. Bai Fen hurriedly denied that fact, because, from Fu Hees tone, the latter was still angry with her.

What can happen to me? I cant trust anybody to bring me happiness and I discovered that I was better off on my own. Fu Hee replied as she sat on the couch in the bedroom and crossed her legs.

Fu Hee, how can you say that? Im your very good friend. Im sorry about the way I spoke to you earlier today. I was devastated. After breaking the news to me, I was annoyed and sad because I didnt know how to break Juns heart again. Bai Fen explained in a tone that attracted pity on her.

Fu Hees sighed and said, I will forgive you but this shouldnt happen again. Im doing my best for all of us and its not easy. As for Bai Jun, she shouldnt have to worry, I will think of something. Fu Hee said to her.

She felt better after Bai Fens apology.

Bai Fen, on the other hand, was very happy with the fact that her plan worked. She couldn't believe she only had to apologize to Fu Hee to accept their relationship again.

Fu Hee, thank you so much for keeping your promise. If you need anything, tell me. I got a VVIP card

Really? Why are you treating me to a spa? Fu Hee asked in a less concerned tone. She was playing hard to get.

We need to take care of our beautiful skin and keep it glowing. Bai Fen said in an alluring tone.

Okay, I will get back to you on the date. I have to go now, I have work to do. Fu Hee said to her.

Okay, bye-bye. Bai Fen said to her.

Fu Hee didn't return the greeting and ended the call directly. A smile appeared on her face as she kept her phone beside her.

This is the way things should go! She thought to herself.

She was happy she wasn't the one apologizing. Now that things have changed, of course, she was happy about it.

After the call, Bai Fen was not settled with Fu Hee's response. She immediately contacted a branded jewelry store and placed an order for an expensive necklace. She gave them the address to deliver the jewelry.

Because Fu Villa was located in a private area with soldiers acting as their security, the jewelry store couldn't come into that place without permission from any member of the family, so they had to call Fu Hee.

Fu Hee was eating some fruits when she received the call. She was annoyed at first because she was wondering who the caller was. But after listening for a while, she smiled softly and sent someone to go and get the jewelry from them.

Some minutes later, the box was brought to Fu Hee who couldn't wait to open it. When she opened the jewelry box and saw the expensive emerald green necklace lying inside the box, she failed to hide her facial expression. She was very happy as she took out the jewelry and tried it on.

She glanced at herself in the mirror with the necklace on. Her face was full of smiles when she saw how well it fitted her neck.

Without wasting time, she packaged the jewelry and kept it away after admiring it, then she quickly put a call through to Bai Fen.

I saw the gift you gave to me. I liked it, thank you. Fu Hee said in a neutral tone. She didn't want to act all excited because of some jewelry she could easily get from her circle of friends.

Bai Fen understood that she was happy with the gift and didn't bother with her attitude.

After the call, Fu Hee was all smiles and even during dinner, she didn't have the time to bother anybody.

Seeing her so happy after a few hours of seething with rage, Fu ChunHua felt that Fu Hee was a hard nut to crack.

The next day during breakfast, Fu Hee was still in a good mood. She picked up some radish and put it in Fu Hua and YingPeis plates. Then

glancing at Jia Li, she picked up some and put in her plate while saying, Take care of my grandchild.

Everyone at the table was surprised by her actions as they had different thoughts going on in their head.

They were thinking if Fu Hee was finally accepting Jia Li, or if she was only interested in the child Jia Li was carrying.

Grandfather Fu glanced at Fu Hee after she put the radish in Jia Lis plate. He didnt suspect it was poisoned, because he thought that Fu Hee wouldnt dare to poison Jia Li in his presence.

Fu Hua glanced at the radish and continued eating, but only one person still had her gaze on the radish.

Jia Li felt weird that her mother-in-law who doesnt like her had put some food on her plate. She didnt know what to feel, but she decided to eat it.

Right, when she picked it up with her chopsticks

## Chapter 173 – Fu Hee Tries To Harm The Child

Right, when she picked it up with her chopsticks

All eyes were now on Fu ChunHua after she said it. She liked the attention she garnered, but there was something more important to take care of.

Jia Li put her chopsticks

Fixing a smiling gaze on Fu Hee, Fu ChunHua said to her, By giving Jia Li radish to eat, are you trying to harm her child?

After she voiced that question, everyone at the dining table glanced between her and Fu Hee.

Grandfather Fu could not tolerate the suspense especially after he heard about harming his great-grandchild. He urged Fu ChunHua to explain what she meant.

Fu Hee, dont tell me you didnt know radish is not good for pregnant women. Are you caring for your grandchild or are you trying to get rid of it? Fu ChunHua asked.

Feeling the terrifying gaze of Grandfather Fu and Fu Hua, Fu Hee hurriedly tried to explain. She glared at Fu ChunHua and said,

What nonsense are you talking about? I was only caring about my grandchild. I have no idea of what youre talking about, dont try to accuse of me something I do not know about?

Whether Im accusing you of something or exposing your crimes, only you know very well about it. Fu ChunHua said not giving up on the matter.

Grandfather Fu was very angry with Fu Hee. He would never believe that she was innocent of the accusations. He knew she has never liked Jia Li,

but to dare to cause harm to the child in his presence, he couldn't tolerate that.

Fu Hee, you dare to harm Jia Li's child even in my presence?!

Grandfather Fu asked in a heavy tone while directing an angry gaze at Fu Hee as he hit the table with his palms.

Father it's a mistake, I don't dare to harm my grandchild. You saw me, I also put the radish in Hua and YingPei's plates! Fu Hee denied the claims immediately as she cursed Fu ChunHua inwardly.

What if that was your way of disguising your plan? You clearly wanted to harm Jia Li's child but in order not to be suspected, you also put one of them in your son's plates. Fu ChunHua pointed out.

Jia Li was so shocked that her mother-in-law would go to the extent of trying to harm her child just because she didn't like her.

Fu Hua glanced at her and used his chopstick to pick the radish before putting it on his plate.

When Jia Li thought he would eat the radish, he put his chopsticks down and got up from his seat before pulling her up from the chair.

We are going to the hospital! He said while pulling her with him as they left the dining room together.

Grandfather Fu's facial expression turned worse.

Fu Hee, you dared to harm your son's child because you don't like his wife. Did you think about his feelings? From today onwards, don't try to get close to Jia Li. And if anything happens to Jia Li or her child, whether

you have a hand on it or not, I will take your head for it and bring your Fang family to an end!

Fu Hee came from the prestigious Fang family, so when she heard the old mans threat of ruining her family, she shivered.

Grandfather Fu left the dining table and so did others, leaving her to brood over her actions.

Fu Hee regretted her actions. She felt that she was too careless to have acted so blatantly. She blamed Bai Fen for bribing her with the jewelry and now she has entered another trouble.

She didnt even need to get close to Jia Li for her to be punished. Her other plans of using something else to harm Jia and the child have failed automatically.

Grandfather Fu already warned her that she didnt need to act directly because he would hold her responsible if anything happens to Jia Li or the child she was carrying.

So, am I supposed to pray for her wellbeing? Fu Hee muttered to herself.

Fu Hua took Jia Li straight to the hospital to get a checkup done. He was still angry with the fact that his mother just tried to harm his child, and he wouldnt have stopped it if Fu ChunHua didnt point out that radishes were not good for a pregnant woman.

He blamed himself for being too careless.

After the check-up was over, the doctor told them that everything was alright. Both mother and child were doing very well.

They also got the babys scan after some tests were done on Jia Li.

Fu Hua relaxed a little and asked the doctor to list the foods pregnant women should avoid.

The doctor smiled and wrote the food down while praising Fu Hua for being a caring husband.

The doctor handed the list to him while telling him some things Jia Li had to avoid during her pregnancy and Jia Li listened attentively.

Not only was Fu Hua the only person that felt guilty, Jia Li felt guilty for not knowing that some foods were harmful to the baby and mother during pregnancy.

She promised to be careful and attentive.

On their way back to the Fu house, the car was quiet until Fu Hua broke the silence.

Study the foods the doctor listed here, its very important. We cant let todays mistake repeat itself.

Jia Li nodded as she glanced at Fu Hua who still had a cold expression on his face. She guessed that he was still angry with what happened during breakfast and optioned to remain quiet.

After todays incident, Jia Li became more careful and observant and so as Fu Hua wouldnt let a fly pass him by without checking it out.

After Grandfather Fu left the dining table, he called Fu ChunHua over and scolded her for allowing radish to be included in their food. He scolded her because she gave that opportunity to Fu Hee.

Fu ChunHua was scared the old man would punish her and immediately apologized.

If you dont know your duty well, I will take the position away from you.  
Grandfather Fu threatened.

Fu ChunHua apologized again and promised to be careful.

Grandfather Fu let her off after asking her to make sure the kitchen  
doesnt prepare anything Jia Li could not eat.

## Chapter 174 – [Bonus ] Fu Hua Makes A Report To His Father

After Fu Hua and Jia Li returned from the hospital and went into their  
bedroom, Fu Hua phoned his father to make a report.

Father, your wife tried to kill my unborn child during breakfast. Fu Hua  
said to his father through the phone, while Jia Li sat on the bed and  
listened.

I have a grandchild? Your mother tried to kill my grandchild? Fu Lei  
asked in a cold tone. He sounded as if he was about to murder somebody.

Father, I called to tell about this, because I wont promise to remain calm  
if mother goes out of line again. Fu Hua said in a cold tone.

He was still very angry at his mothers guts for trying to kill his child.

Hua, dont leave the house yet, I will hand over my remaining work to my deputy and come home tomorrow. I apologize on your mothers behalf. Fu Lei said in an emotionless tone.

He was quite angry with his wife for trying to kill an unborn child of the Fu family. It has been a long time since he disciplined her and it looked like she has forgotten her place.

When she went to the Bai family to talk about marriage plans without his consent, he let her go without talking about it. But it looked like she didnt know when to stop.

He wasnt fond of Jia Li but that did not mean that he had enmity against her and would try to harm her. Because of his profession, he wasnt always around, he didnt know how to interact with people.

State the conversation with his father, Fu Hua went into the inner room. While sitting on the bed, Jia Li hoped there wouldnt be a big problem because of her mother-in-laws act in the morning.

She didnt wish for a fight to break out because of her. She was already worried sick and didnt want to remain in the Fu house. She wanted to go back to the house that belonged to her and Fu Hua to hide easily from all the troubles.

\*\*\*\*\*

At Grandfather Fus request and to celebrate Jia Lis pregnancy, the family members submitted their proposal to him.

Grandfather was currently sitting in his study when Butler Lu walked in with white envelopes in his hand.

He kept them on the desk and said, Sir, these are the proposals you requested from the family.

Grandfather Fu glanced over at them before fixing his reading glasses on his eyes. Read them out to me.

Yes, Sir. Butler Lu replied and picked up the first envelope and brought out the letter there and began to read its content.

This one is a request from Miss Meixu. She wants the female lead role of The Filmmaker.

She really knows what she wants. Keep her request aside, I shall grant them. After now, make some investigations and contact the necessary people to give the role to her. Grandfather Fu said as he waved his hand.

Butler Lu kept the letter aside and said to himself how lucky Fu Meixu was. She didnt need to work towards the audition, she only needed to sit at home and wait to be called to receive the contract for the role she wanted.

Picking up the second envelope, Butler Lu read its content. Grandfather, I want to take a break from work to relax in the Maldives this weekend. Please permit me and sponsor my trip.

Who is it from? Grandfather Fu asked with creased brows immediately after Butler Lu finished reading it.

Butler Lu cleared his throat and replied, Its from young master YingPei.

That lazy boy! He wants to take a break just after a year of joining FJ? Throw his request away and quickly go to the next one. Grandfather Fu said with a frown.

Butler Lu found Fu YingPeis request absurd. He wanted to laugh because of the old mans annoyance, but he abstained from it

Moving over to the next proposal which was from Fu Ling, Butler Lu read it out. Sir, young master Ling wants to open a game company and he needs your help with the funds.

How much? Grandfather asked with interest. His grandson wanted to start a company, of course, he was very happy with it.

% 200K. He promised to pay back with interest after his company has stood firmly. Butler Lu added.

Give it to him, he doesnt need to pay back. Grandfather Fu replied.

The next request was from Fu ChunHua. She asked for the old mans permission to allow her sister to visit after the new years festival.

Sir, everyone in Madam ChunHuas family is troublesome, will you listen to her request? Butler Lu asked.

Fu ChunHua came from an average family and because of her familys standard, they sought to be connected to the wealthy and people of great importance.

Fu ChunHua was like that as well and that is why she hooked up with a man younger than her and found a way to be connected to him in marriage with her family supporting her from behind.

For a member of Fu ChunHuas family to come over, that would mean there was a possibility of the person causing trouble because of greed.

She wants her sister to come over for a visit? That's fine but only on one condition. The rules I made will not be broken. I don't want an outsider causing trouble in my family. Grandfather Fu said.

He approved the request as long as Fu ChunHua would remember the rules and ask her sister not to cause trouble during her visit.

Are there any other requests? Grandfather Fu asked.

No, Sir! Butler Lu replied.

It's okay, I will take care of the rest! Grandfather Fu said.

He wasn't surprised that Jia Li and Fu Hua did not request anything, he already expected, so he planned to do something for them. As for his children, he would also take care of that.

Grandfather Fu did not ask about Fu Hee because he didn't care. Even if she had made a request, Grandfather would not have considered it. After all, she was black-hearted and always went against him.

## Chapter 175 – Fu Lei's Threat

The next day while grandfather Fu was still working on the promise he made for his family after breakfast, Fu Lei came home, surprising everybody.

His sudden visit surprised Grandfather Fu who didn't get a message from him.

Straight from the entrance, Fu Lei walked straight to his bedroom to find Fu Hee.

Fu Hee was sitting in front of the mirror and applying a red lipstick

Glancing up and seeing her husband who had disappeared for quite a long time, she looked surprised.

She smiled and got up to get him. You're back? How come you didn't say anything before coming back?. She asked as she gazed at him.

Do I now need your permission to come back to my house?. Fu Lei asked angrily.

Fu Hee was surprised by his outburst and took some steps back. Why are you getting angry when you have only come back? I was only concerned that you didn't say anything to me.

Do you still have the heart to be concerned about anybody apart from yourself?. Fu Lei asked while pointing fingers at her.

Fu Lei, did I offend you or something? Why are you so angry with me?.

Fu Hee asked with a frown, as she didn't understand the reason her husband who had been away for a long time, just came back and started to pour aggression on her.

Why are you so good at pretending? I heard you tried to harm a child of the Fu family, you really have guts now. Fu Lei said furiously while pointing to her face. He felt like hitting her, but he couldn't bring himself to do that.

Fu Hee was so scared when she heard him mention killing a child of the Fu family, and he looked as if he was about to hit her.

I didnt do anything! Did father call you because of it? You know father is so biased when it comes to matter concerning Jia Li. It was a mistake, I put radish on Jia Lis plate without knowing it wasnt healthy for her in her current condition. I didnt mean any harm. Fu Hee lied with a pleading gaze.

She was very scared of her husband whenever he was angry.

Are you trying to lie to me? Do you think Hua will call me to accuse you of what you did not do? Do you take me for a fool? How can you not be aware of what food a pregnant woman should avoid?. Fu Lei asked as he took few steps towards her.

Fu Hee was alarmed and immediately took several steps back till her back hit the mirror stand. Fu Lei can you not be so scary? Do you want to hit me?.

Are you still worried about yourself? You can not even show remorse for your actions! So you actually dared to harm a child of the Fu family, your sons child, and our grandchild?. Fu Lei question as he stopped in his steps.

Fu Hee knew that there was no point in lying anymore because Fu Lei was ready to hit her if she continued lying.

Since they have been married, he has never laid his hands on her because he promised not to. But with the way things were going, it was very possible that he had forgotten about that promise, and will end up hitting her.

Since things had come to this, Fu Hee decided to come out clean and apologize. She knelt and pleaded with Fu Lei.

Fu Lei, Im so sorry about what happened, I dont know what came over me, I promise it wouldnt happen again!.

It wouldnt happen again? Of course, you shouldnt dare to think about harming Jia Li or the child she is carrying if you dont want to go back to your family to stay forever. Fu Lei said to her.

He was ready to divorce her and send her back to her family if she tries to commit any atrocity. He was tired of her madness. Since he couldnt hit her, he would find a better way to give her heavy punishment.

Hearing his threat, Fu Hee became more frightened. Fu Lei, things havent come to this. How can you think of sending me back to my family, do you eat me to be laughed at and made fun of by my family?. Fu Hee asked as tears threatened to drop from her eyes.

If you have truly repented, you shouldnt be worried about the punishment, but it looks like I have said so much to you and you failed to understand some things. Tomorrow, pack your things and go back to your Fang family. Fu Lei said to her in rage and then turned to leave, but Fu Hee immediately clutched his legs.

Fu Lei, you cant do this to me, I was only asking a question, please dont send me back to my fathers house!. Fu Hee cried as she hugged Fu Leis leg.

What are you doing? Let go of my leg!. Fu Lei said as he tried to release his leg from her grasp, but Fu Hee was holding unto it tightly. She was determined not to let go.

No!, Fu Lei, Im sorry, I promise to change, please dont do this to me! I...  
I promise to be good to Jia Li, I will not try to harm her child again! Fu Hee pleaded as tears fell from the corner of her eyes.

She knew her husband always meant his words. How can you go back to the Fang family after being married for such a long time? She will be a joke if she was sent packing.

There was a lot of competition in the Fang family, and she was lucky that she managed to marry into the wealthiest family in the country, which was among the Top 15 in the world.

Since she married into the Fu family and got the mistress position after her mother-in-law died, she has been accorded a lot of respect...

## Chapter 176 – Fu Hee Cries Her Heart Out

Since she married into the Fu family and got the mistress position after her mother-in-law died, she has been accorded a lot of respect...

In fact, the competition in the Fang family was greater than that of the Su family (Fu ChunHuas family).

All the daughters in the Fang family all got married into wealthy families. And when Fu Hee was younger, she used to be bullied because her sisters and cousins were better in their studies and career than her.

She was fortunate when she fell in love with Fu Lei and found out about his family background after speaking to him a few times.

When Mr. Fang found about the true connection of Fu Lei to the Fu family, he had to make the marriage work and even met Grandfather Fu at that time.

Since Fu Lei was okay with the marriage, Grandfather Fu accepted it.

And since Fu Hee got married to Fu Lei, she had been the apple of her father's eyes, because of the numerous benefits she has brought to her family. And since then, she has been respected and nobody dares to look down on her.

The best thing that happened to her was when she became the mistress of the Fu family, no one from her family dared to disrespect or ignore her.

When she lost her title as the mistress of the Fu house, she didn't dare to let her family find out about it, otherwise, she would slowly start to lose the respect and reputation she tried so hard to build.

Now, her husband wanted to send her packing, how could she bear the shame and disgrace? She would be seen as a failure and she didn't want that.

Fu Hee continued crying and pleading with him, but Fu Lei was adamant and looked like he had already made a decision. He refused to listen to her please and forcefully pushed her hands away, before leaving the walk-in closet.

Fu Hee got up from the floor and quickly chased after him in tears. When she got to the room, she was in time to see him leaving the room. She called out to him and chased after him.

Fu Lei, please dont send me away! I dont want to leave! Fu Hee cried.

Her loud voice caused a commotion in the house.

Fu Lei stopped in steps and turned to say to her, Youd better stop screaming and shut your mouth! If you want to leave this house with a little dignity!

No, Fu Lei, I dont want to leave, Im sorry! Fu Hee cried

Youre sorry? No, I refuse to believe you! How much is the Bai family paying you for trying to go against the Fu family? You go against Father, you go against me your husband, and you go against your own son! Where did you leave your brain? If the Bai family will pay you a lot, then I have to help you leave the Fu family and give you the freedom that you deserve! Fu Lei said angrily before striding off.

The servants in the house heard the commotion but they didnt dare to abandon their job to come and watch the show caused by their masters. They were well trained as they understood their job.

It was only Butler Lu who had the right to check on this kind of matter.

Butler Lu came in time to see Fu Lei walking towards the living room with Fu Hee chasing after him.

Fu YingPei who had not yet left for work heard his mothers cries and pleadings and came over.

General, please may I ask on behalf of Master what is going on? Butler Lu asked with a bow.

Go and tell him Im sending Fu Hee back to the Fang family tomorrow morning. Fu Lei said without an ounce of emotion.

Butler Lu glanced at the red-eyed Fu Hee before going to report to the old man.

When Grandfather Fu heard what the commotion was all about, he sighed. He didnt need to ask who told his son about the incident.

This boy is learning how to be protective of his wife. Grandfather Fu muttered in a low tone. He was referring to Fu Hua and Butler Lu got the message.

Sir, what about Master Lei, he seemed very serious. Butler Lu reminded him before the matter escalates.

Lets go and see him. Grandfather Fu said as he stood up and walked out of his study with Butler Lu walking behind him.

Grandfather Fu came in time to see Fu YingPei pleading with Fu Lei to forgive Fu Hee.

Dad, please forgive mum, she has already promised not to do it again, please dont send her away. Fu YingPei said to his father.

You want me to forgive her? Does she deserve it? Fu Lei asked while pointing at the crying Fu Hee. She sat on the floor and cried her heart out.

Dad, please... Fu YingPei pleaded. He was not in support of his mothers actions, but he felt that sending her back to her family was a little too much for a punishment.

No way! Fu Lei had just said before Grandfather Fu decided to intervene in the matter.

Fu Lei, are you planning to bring my house down with your rage?  
Grandfather Fu asked calmly as he wakes in with his hands behind him.

His facial expression looked quite serious because of the reading glasses over his eyes.

Fu Lei glanced at his old man and looked away without saying anything.

Grandfather Fu glanced at Fu Hee, who immediately ran to his side and knelt before him. She grabbed his clothes and begged him to forgive her.

Father, please dont allow Fu Lei to send me back to the Fang family, I promise to listen to everything you say. I promise to be an obedient and respectful daughter-in-law. I promise not to interfere in Huas marriage. Fu Hee pleaded with him as she continued to cry.

Will you remember your words or will you choose to swallow them?  
Grandfather Fu asked as he gazed into her eyes.

## Chapter 177 - ...because Of Jia Li

Will you remember your words, or will you choose to swallow them?  
Grandfather Fu asked as he gazed into her eyes.

Seeing that there was a chance for redemption, Fu Hee clung tightly to the old mans clothes and nodded frantically.

Father, I promise to keep my promise. If I go against me, then you can punish me. You can send me back to my family and bring it down. Fu Hee said and wiped her tears while gazing at the old man expectantly.

Just then, Fu Hua came over with his hands in his pockets. He remained unmoved when he saw the scene in front of him. He even went to sit and sat cross-legged on the sofa.

This was his kind of personality. He is heartless towards the people that dare to cross his path, no matter who they are.

Grandfather Fu glanced at Fu Hua who just walked in and sat down like the matter didnt concern him.

Fu Lei guessed what the old man was about to do and immediately refused to surrender.

Father, dont tell me anything, Fang Hee is going back to the Fang Family tomorrow morning. Since she is good at plotting evil, surely she wont have a hard time spending the rest of her life there. Fu Lei said as he glared at Fu Hee.

What he meant, was that Fu Hee could survive in the Fu family since she knew how to plot against people. She could use these abilities to save herself.

Fu Lei, I promise not to go against you, please dont send me back to the Fang family. Fu Hee pleaded as more tears rolled down her cheeks.

She surely looked pitiable now. She couldnt wait to get out of that situation and rest.

Fu Lei, you can punish her in another way, dont send her back to the Fang family since she has made a promise. If she goes against her words, I will make her head to the Fang family and then crush them underneath my feet. Grandfather Fu said as he made a crushing noise with his foot.

Fu Leis countenance was cold as he glanced between the old man and Fu Hee.

Fu YingPei glanced at his brother who seemed not to care about whatever was going on. He looked very worried as he tried to approach him to intercede for their mother.

It looked like Fu Hua guessed his thoughts and so glanced at him, Dont you dare! He said in a cold tone.

Fu YingPei didnt dare to go to his side again and remained standing there.

Fu Lei didnt say anything, so Grandfather Fu understood that he agreed with what he said. Grandfather Fu sighed and turned to Fu Hee to say...

Fu Hee, I hope you have learned your lessons, and you know the crime for deceiving me. You will be under house arrest for a month and 70% of your monthly allowance deducted for 3 months.

Thank you, Father! Fu Hee said as she cried tears of joy!

At last, she has gotten out of the huge mess she landed herself in and she doesnt mind the punishment that was given to her.

Dont thank me yet! I forgave you and gave you leeway because of Jia Li. I dont want that child to feel bad and live her life in guilt. Grandfather Fu said, after making it known to everyone present of the reason he gave her a light punishment.

In every situation, Grandfather Fu would always try to consider Jia Li's feelings. He knew Jia Li would live in guilt and blame herself if Fu Hee was sent away, so Grandfather had to find another way to punish Fu Hee.

Fu Hee wiped her tears and she nodded. Now, she understood the reason the old man rescued her from her husband's hands.

There was no need to think too much about it. She was grateful that she was spared. She thanked the old man again.

Grandfather Fu glanced at her and said, You have offended all of us, so you have to render an apology to each member of the family for the trouble you have caused. You also have to especially apologize to Fu Hua and Jia Li for the troubles you've caused them and for trying to kill their unborn child. After that, you need to be always grateful to Jia Li, because she is the reason you were not sent back to the Fang family today, remember that she gave you a second chance.

Fu Hee listened carefully and responded to what the old man said. She sniffed and wiped her tears and snot with the back of her hand.

I will listen to everything father said to me. Fu Hee said and bowed while still kneeling.

Get up, go and clean up. You will render the apology during lunch.

Grandfather Fu said and asked her to leave.

Fu Hee thanked him and tried to stand up but she was too weak to do that. She was lucky enough that Fu YingPei was the only person that was still willing to look out for her.

Fu YingPei came to her side and helped to lift her.

Thank you! Fu Hee said to him in a hoarse voice. Her vocal cords have been damaged after crying for a long time.

Fu Hee glanced at Fu Lei before leaving but the latter didnt even spare her a glance. Fu Hee sniffed and walked away without looking back.

Butler Lu glanced at her back and sighed. He hoped that she would take this second chance that was given to her and repent from her evil ways otherwise the consequences will be dire.

With what she was seeing, it was now only Fu YingPei that still cared about her a little and maybe the young miss that would be coming back soon. Apart from that, she didnt have any other support in the family.

Fu Lei, you can go and relax now, the matter has ended, and Im happy with what you did today. Grandfather Fu said to him.

I was only doing what was right. I dont have the time to rest, Im going back right away. Fu Lei said and left their presence and Fu YingPei left as well.

Turning to Fu Hua, Grandfather Fu said to him...

Chapter 178 – At The Mercy Of Her Shephard

I was only doing what was right. I don't have the time to rest, I'm going back right away. Fu Lei said and left their presence and Fu YingPei left as well.

Turning to Fu Hua, Grandfather Fu said to him...

Fu Hua, learn from me. I know you wanted to teach your mother a lesson, but you forgot to think about Jia Li's feelings. You forgot that Jia Li is soft-hearted and will surely feel bad and blame herself if your mother is sent away.

Grandfather Fu understood that this was his way of protecting his wife but he overlooked her feelings in the process.

Fu Hua thinks deeply and understands that he neglected Jia Li's feelings while trying to teach his mother a lesson.

Knowing Jia Li's personality, he knew that she would surely blame herself if his mother was sent away. Just recurring her worried facial looks before he came down, he sighed.

Grandfather, Jia Li and I will be leaving this evening. Fu Hua announced.

Why don't you two stay till tomorrow? Grandfather Fu asked. With Fu Hua announcing their leaving out of the blue, he was not too surprised.

I have to go to the office tomorrow morning, so we need to leave today. Fu Hua insisted.

Okay. I will send the new servants to your house to clean up and wait for you two to return. As for the doctor I contacted for Jia Li, she will be in touch with you soon, I asked her to come over to the country till Jia Li gives birth. Grandfather Fu revealed.

He promised to get a doctor for Jia Li and he did get the best for her.

Thank you! Fu Hua said before getting up and leaving his sight. He was going back to his bedroom to find Jia Li.

Fu Hua goes to find Jia Li only to see her standing at the foot of the stairs, with his father standing in front of her. His glint narrowed as he walked towards them in steady steps.

Jia Li had just replied to Fu Lei when she raised her gaze and saw Fu Huas gaze resting on her. She was surprised to see him so soon.

Seeing her gaze behind him, Fu Lei turned over to see Fu Hua standing behind him. Actually, he heard the footsteps and only turned when he saw the change in Jia Lis facial expression.

That facial expression was enough to tell him that somebody she was submissive to, was behind him.

Seeing his son standing behind him with that narrows gaze, he hurried to explain...

Fu Hua, you are here. I was just saying hello to Jia Li. I have to go back to the barracks now. See you two some other time. Fu Lei said and patted Fu Huas shoulder before turning to leave in steady steps.

Jia Li was surprised her father-in-law that rarely said a word, could even walk up to talk to her and say so many words at once.

Retracting his gaze from the direction his father left from, Fu Hua fixed his gaze on Jia Li.

I told you to stay in the bedroom and wait for me, why did you come downstairs?

I was worried. Jia Li replied in a low tone. She felt guilty for going against his instructions.

When the commotion was happening, she wanted to follow him out but he asked her to wait in the bedroom. She had been worried sick and had been sitting impatiently.

At a point, she felt the bed had pins and needles pinching her butts, so she couldn't sit still and had to walk around the room with a worried look on her face.

And at last, when she couldn't take it anymore because she didn't know what was happening downstairs, she decided to go downstairs to check what was happening and was in time to meet face to face with her father-in-law.

Hearing her explanation, Fu Hua had no words left for her. He grabbed her hand and started to walk up the stairs with Jia Li following him like an obedient little lamb at the mercy of her shepherd.

In the bedroom, Fu Hua released her hand and closed the door behind them. Then he asked with his hands in his trouser pockets, as his gaze rested on her, Did my father frighten you? What did he say to you?

His question was surprising to Jia Li. She didn't know if he was just curious about what his father said to her, or if he was concerned about her.

Recalling the scene of the awkward conversation between her and her father-in-law, Jia Li replied, Father didn't frighten me. He only apologized and asked how I was doing?

Jia Li had just come down the stairs and was in time to see her furious father-in-law walking away when their gazes jammed.

When Fu Lei saw her, he tried to smile as he made his way to her side but his smile was stiff, as he felt it as well, so he stopped.

When he got to her side, he said to her, Jia Li, how are you? I haven't spoken much to you before. I apologize for Hees ugly attitude towards you. You can relax, the matter has been taken care of.

Thank you, Father, I'm fine. Jia Li had replied awkwardly.

The conversation was too awkward that she wished to flee from him, and luckily, Fu Hua had appeared at that time.

Back to the current scene. Fu Hua gazed into her eyes and asked, That's all?

Yes. Jia Li replied and nodded.

As they were standing face to face, Fu Hua removed his hands from his pockets as his gaze on her softened. He placed his palms on her cheeks and leaned in to kiss her but Jia Li moved her lips away, so his lips touched her cheeks.

Fu Hua moved his face away to glance at Jia Li's face, only to see her looking in another direction.

Rest. He said to her and turned to walk away but a pair of soft palms grabbed his hand.

Jia Li glanced at him with a soft gaze. She didn't know the reason she rejected him earlier but seeing him about to walk past her, she was scared he would be cold towards her for rejecting his touches for the second time in a row.

## Chapter 179 – Jia Li Blushed Under The Covers

Fu Hua stopped in his steps and glanced at her with creased brows and asked, Do you want to say something ?

Jia Li shook her head in a negative affirmation.

Fu Hua wanted to walk off again, but her hold on his clothes became tighter. And before he could say anything to her again, Jia Li took a step and embraced him.

She circled her arms around his waist and leaned her head on his shoulder. She was afraid he would push her away, but still, she was ready for it.

After there was no movement 5 seconds later, Jia Li concluded that he wasn't going to push her away, so she relaxed comfortably in his embrace and shut her eyes.

Please can we stay like this for a few minutes ? She asked in a soft tone without raising her face.

This was the first time Jia Li was making a move on him and Fu Hua didn't know her reason. But since she asked to stay like that for a few minutes, he wasn't going to push her away.

Fu Hua hugged her waist and allows her to rest comfortably in his embrace. He even went ahead to kiss the top of her hair.

After a few minutes has passed and Jia Li wasnt letting go, Fu Hua whispered to her, Its tiring for you to continue standing, I will carry you to the bed.

And with that, he lifted her and walked towards the bed as Jia Li circled her arm around his neck.

When Fu Hua placed her on the bed, she reluctantly let go of his neck. She missed his warm embrace.

Fu Hua saw the reluctance in her gaze as she let go and smiled. He walked towards his side of the bed, got inside the duvet and covered their bodies with it.

Without warning, Fu Hua pulled Jia Li into his embrace and wrapped his arm around her.

Jia Lis lips turned up in a smile as she rested her head on his hard chest comfortably.

Are you tired? If you are, sleep. Fu Hua said to her in a gentle tone as he rubbed her back.

Jia Li raised her head to glance at him. Her gaze moved from his eyes to his pointed nose and then to his lips. Without thinking twice, she leaned in to give him a quick kiss before turning her back towards him.

Fu Hua was indeed surprised by her gesture. This was the first time she was taking the initiative to be close to him and she even kissed him.

Fu Hua smiled with his gaze on her back, while Jia Li blushed under the covers. She felt that she was very brave to make a move on him.

Fu Hua pulled her closer to him, so her back was against his chest. Do you want something from me? He asked.

No, I...I... Jia Li stammered nervously.

Its okay, you can tell me anything. Fu Hua encouraged her.

Jia Li was encouraged by his words and went ahead to say what was in her mind.

I just wanted to rest in your arms.

Her voice was so tiny that Fu Hua could barely hear her.

Its okay, I am your husband, dont be shy. I will accompany you to rest at your request. Fu Hua said as he moved his hand to caress her stomach through her cloth.

Jia Li enjoyed his touch and shut her eyes with a satisfied smile. She was happy she made a move and was not rejected.

She didnt know what came over her, but she suddenly wanted to feel his touch and be close to him.

Now that her heart desires were being fulfilled, she was happy.

Fu Hua held Jia Li in his embrace until she fell asleep. He noticed her stable breathing and a smile turned up on his lips.

He stayed like that for a while, before falling asleep not long after.

When Jia Li woke up from her nap, she noticed that she was still in Fu Hua's embrace. Her back was no longer against him, but she was gazing at his face right now.

Fu Hua felt a gaze on him and opened his eyes to see Jia Li staring at him.

What are you looking at? He asked as he pinched her nose.

Jia Li moved her face away and complained, I'm famished.

You're hungry? I will call the servants to bring something for you. What do you want to eat? Fu Hua asked as he sat up and helped her to sit up as well.

I just want to eat something. Jia Li replied. These days taking a nap could be quite annoying because she will sleep with a full stomach and wake with an empty one.

Sometimes she wondered if her baby only ate when she was sleeping because since she conceived, she noticed that pattern.

Fu Hua picked up the telephone 📞 on the bedside table and phoned the kitchen. He asked them to bring some light and healthy snacks for Jia Li.

Before he finished the call, Jia Li went for a bathroom break and when she returned, he was already sitting on his desk.

Sit and wait for a minute, a servant will bring you some healthy snacks soon. Fu Hua said to her.

Jia Li smiled and sat down to wait for the snacks. At last, when the servant arrived and served the healthy snacks, she began to eat them immediately.

Fu Hua glanced over and said, Dont eat too much, it will be time for lunch soon.

Jia Li paused and asked her gaze on him, Can I have my lunch here ? She wanted to have her lunch in the room because she was scared.

No, we will all have our lunch in the dining room. We need to be present to listen to an apology. Fu Hua replied.

Jia Li was confused about his statement but didnt ask further.

Her questions were answered after Fu Hee apologized to her and everyone present in the dining room.

Fu Hees eyes were still red from the crying episode from earlier. Her eyes looked swollen as well.

After apologizing, Grandfather Fu gave a sign for them to start eating.

Jia Li didnt know what to think about her mother-in-laws current looks. She didnt look happy and wondered what was done to her to make her be in that state.

Fu Hee didnt eat much during lunch and went back to her bedroom earlier than usual.

Chapter 180 – I Will Let You Off This Time

Jia Li was disturbed and worried about her, so she didn't eat much.

Grandfather Fu and Fu Hua kept putting food in her bowl, and when they saw she was finding it difficult to finish them up, they stopped.

Jia Li, do you not like the food? Should I ask the kitchen to prepare another dish for you? Fu ChunHua asked with a smile.

No Auntie, no need! Jia Li replied. She liked the food, but she didn't have an appetite to eat for long.

Jia Li, Fu Hua said you two are leaving today evening, feel free to order whatever you like, I will take care of it, Grandfather said with a gentle smile.

We are leaving today? Jia Li whispered to Fu Hua's ears in surprise.

How come he didn't tell her about it?

Yes, I want to sleep with you so badly. Fu Hua whispered back to her ear.

Jia Li blushed and quickly patted her cheeks that were already hurting from the blushing. She didn't know what was wrong with him, why would he say something like that in the dining room full of people?

Thank goodness others didn't hear what he said, otherwise, Jia Li would be so embarrassed as to not have the courage to face anyone.

Fu Hua kept a normal facial expression and continued eating while pretending like he didn't just tease his shy wife.

All through lunch, Jia Li kept hearing Fu Hua's words echoing in her ears and she couldn't help blushing.

After Lunch, Jia Li and Fu Hua returned to their bedroom. Jia Li was the only one surprised their bags has been packed. She didnt need to ask to know it was the servants that did the work.

Wont you give me a hug ? Fu Hua asked as he spread his arms out to her with a smile.

Jia Li glanced at him and wondered the reason for the hug. She looked confused

What ?! You dont want to hug me ? Fu Hua asked with raised brows.

Jia Li smiled and walked towards him to hug him. She circled her arms behind him and leaned her head on his chest.

Fu Hua smiled and hugged her with his arms caressing her back.

Do you know the reason I asked for a hug ? Fu Hua asked.

No. Jia Li replied and raised her face to look at him while expecting an explanation.

Because I like to feel your soft bosom on my hard chest. Fu Hua said with a teasing gaze

You...You... Jia Li felt embarrassed and wanted to leave his embrace but Fu Hua didnt let her.

Where are you going to ? Fu Hua queried with his gaze on her

I want to sit. Jia Li lied. If she told him that she was running away from him, then it would be the main reason he wouldnt let her go

Fu Hua understood her thoughts very well and let her go. Okay, I get it. I will let you off his time.

Not long after, Jia Li and Fu Hua left the Fu house. Jia Li was very happy that Ocean was coming with her.

She ended up giving her some pats and a few rubs before she climbed into another car that would come with them.

At last, when she finally let Ocean go, she climbed into the car with Fu Hua and his first reaction was to pass her some wipes.

Jia Li glanced over and saw the frown on his face and quietly took some wipes to clean her hands.

When they finally got to their house, Jia Li sighed in relief, as she didnt have to worry about not being at peace.

Fu Hua saw the smile on her face and felt a little delighted that their home brought her a sense of peace.

Lets go in, its very cold outside. Fu Hua said as he placed his hand on her shoulder.

Can I bring Ocean inside the house? Jia Li asked with a smile as she gazed at him.

Fu Hua sent her a harmless glare. You can play with your dog outside the house, dont bring her into my house.

What...

Your dog has a house at the back, so why would you bring her into my house? Fu Hua asked.

Her name is Ocean. If you continue treating her like this, she will never like you. Jia Li said to him as she sulked.

I don't need her to like me, I only need you to like me. Fu Hua said with a smile but seeing the surprised look on Jia Li's face, he felt he said something wrong.

He ended up taking her hand and walked inside the house without saying anything.

Jia Li was surprised by his words. She had no idea if he meant his words or if he made a mistake.

Fu Hua's thoughts were blank. He didn't want to think back to the fact that he just asked Jia Li to like him.

Why would I say that? Jia Li must have been shocked. Fu Hua thought to himself.

As they walked into their house, their new servants walked up to greet them. The housekeeper introduced herself to them.

I am surnamed Zu, I will be in charge of catering for your needs.  
Housekeeper Zu introduced herself with a bow.

You all can go back. Fu Hua said to them with a blank look on his face. He didn't need to address them, because his cold facial expression had already done that.

If any of them dared to mess up, he would throw the person away.

Jia Li was the only person that looked kinder, more especially when she saw her servant. She knew Grandfather Fu arranged for her sake.

Jia Li and Fu Hua returned to their bedroom, and Jia Li couldn't wait to lie on the bed.

I feel so sleepy. She said to herself before going to lie on the bed, leaving Fu Hua to bring in their luggage

Fu Hua thought she was joking, but before he could keep their luggage in the inner room and come out, Jia Li was already fast asleep.

## Chapter 181 – You Better Shut Up!

The next day while Fu Hua was away, Jia Li wasn't lonely at all, because she spent her whole day with Ocean.

When the weather got so cold, the housekeeper came to call her inside. Jia Li didn't want to let go of Ocean, who started barking at the housekeeper.

The housekeeper was scared of Ocean and so stood at a safe distance from her.

I will be inside soon. Jia Li said as he patted Ocean's head to calm her down.

Madam, you're pregnant, and the weather is very cold, it's not good for the fetus. The housekeeper reminded again.

Jia Li remembered her child and stood up. Sometimes she felt she was pregnant and other times, she felt like any other normal woman out there, and today was one of those days she felt like any other normal woman out there.

Jia Li felt bad for neglecting her child and gently patted her stomach. As she tried to leave, an idea popped up in her head and a smile appeared on her face.

Ocean, come with me. Jia Li said to Ocean before striding towards the housekeeper that has been waiting for her.

The housekeeper was scared of Ocean and quickly walked ahead of Jia Li as she asked in surprise, Madam, are you bringing your dog inside the house ?

Yes. Fu Hua is not in, so it shouldn't matter. Jia Li replied as she walked ahead with Ocean following after her happily.

Jia Li saw how worried the housekeeper was and assured her, Don't worry about Ocean messing the house up, she is well trained and won't do that.

The housekeeper still didn't dare to relax. If Jia Li brings the dog into the house, how will the servants go about with their work ?

Ocean was excited to be brought into the house, she barked happily but only stayed beside Jia Li as she looked around.

When she heard an approaching footstep, she barked again. The servant that was walking towards them was so scared that she turned back and went back to where she came from.

Jia Li frowned at Ocean and said to her as an instruction, Ocean, dont bark while youre inside the house if there is no danger, just sit beside me obediently.

Ocean glanced at her with her tongue out before looking away and wagged her tail.

Seeing how obedient her dog was, Jia Li smiled satisfactorily and walked to sit in the living room to watch TV.

Ocean sat on the fluffy mat beside her and watched Tv with her. She didnt make any noise and had her gaze on the Tv. She also didnt fail to look around when she heard any sound, she was always on alert.

The housekeeper brought some hot tea for Jia Li but when she was some distance away from her, she glanced at the dog beside her and her heart rate increased.

This was the reason she wanted to serve the tea herself because no servant would dare to serve the tea when a protective dog was sitting beside her.

Madam... The housekeeper called for Jia Lis attention while still standing in place.

Jia Li and Ocean turned to glance at her at the same time. The smile on her face faltered. Who was the madam? The dog or Jia Li?

Bring it over here. Jia Li sad to her with a smile.

The housekeeper walked to Jia Lis side to serve the tea in confidence. With Jia Li telling her, she could come over, she was sure the dog wouldnt do anything.

After serving the tea and snacks, the housekeeper disappeared while patting her chest. Since the strategy worked, she gathered the other servants and told them about it.

They have to call out to Jia Li before going close to her if they see Ocean around her.

Jia Li fell asleep close to the end of the movie and Ocean shifted close to her side, and no one dared to come close to her.

The housekeeper couldn't leave Jia Li to sleep on the couch just like that, but she was also scared of the dog.

Thinking that Fu Hua wouldn't be happy to see Jia Li sleeping like that on the couch without a blanket covering her, the housekeeper knew she had to do something about it.

She climbed up the stairs and came back with a blanket to cover Jia Li's body. When she approached close to Ocean who was staring at her in vigilance, she smiled and raised the blanket so she could see it.

The weather is cold, I want to cover her with this. The housekeeper said in a soft tone because she didn't want to wake Jia Li.

Ocean stood on her feet and shifted a little for her to pass. The housekeeper smiled and went over to place the blanket on Jia Li with Ocean checking around her.

Her heart was truly in her mouth all through that moment till she left their side.

Ocean sat back in her position as continue to watch the Tv, while occasionally throwing glances at Jia Li.

This was the scene Fu Hua saw when he came back from work. He had a tight frown on his face when he saw Ocean in the living room.

He glanced at the sofa and saw Jia Li sleeping comfortably with a blanket over her body.

She really dared to bring the dog inside my house? Fu Hua asked with a frown as he made his way to the sofa where Jia Li was sleeping.

Ocean saw him and growled. She didn't dare to bark because of Jia Li's warning, and also because Jia Li was sleeping.

You better shut up! Fu Hua said to Ocean angrily before turning to Jia Li to take off the blanket from her body, as then he lifted her in his arms before striding off.

Ocean wagged her tail and followed after him.

When he got to the foot of the stairs, Fu Hua spat out three cold words and continued with the journey with Jia Li sleeping comfortably in his arms.

Don't follow us!

Ocean stood at the foot of the stairs and watched Fu Hua carry Jia Li up the stairs. She wagged her tail and brought out her tongue.

The servants sighed in relief that at least, their master could control the dog. Now that the two house owners had gone up the stairs, the servants couldn't leave the dog in the house, but they were still scared to approach her.

## Chapter 182 – Li Huans Call...

When Jia Li woke up from her nap, she felt so comfortable with her eyes closed. She smiled and stretched her hand.

When she discovered how comfortable she was, she opened her eyes only to see herself lying on the bed. She sat up immediately and met a cold gaze locked on her.

She managed a smile and asked, When did you come back?

Why did you bring your dog inside the house? Fu Hua ignored her question and asked with his gaze on her.

Jia Li pretended as if she didnt understand the question and looked elsewhere. She was guilty of disobedience.

Fu Hua got up from the chair and walked towards the bed. Jia Li saw him coming and immediately got out of bed from her side.

Fu Hua stopped in his steps and asked as he put his hands inside his trouser pockets Why are you running away?

Nothing... Im sorry about bringing Ocean into the house. I was bored and wanted company so I brought her with me. I promise that Ocean will not cause a commotion, she is obedient and well trained. Jia Li vouched for Ocean with a harmless look.

Shouldnt you be telling me you wouldnt bring her inside the house again? Whats with you trying to convince me of how obedient she is, dont tell me you still have the intentions of bringing her into the house next time? Fu Hua asked with creased brows.

That... Fu Hua, I will be right back, I need to use the bathroom. Jia Li said and quickly rushed into the bathroom without waiting for him to say anything.

Did I just let her escape? Fu Hua thought to himself as he glanced at the door to the inner room.

Actually, this was how Jia Li managed to escape replying to that question. She needed to pee and had to use that opportunity to escape that question.

She didnt want to stop bringing Ocean into the house, so she didnt want to promise what she couldnt do.

The next morning, Jia Li woke up to her phone ringing aloud. She squinted her eyes as she glanced at the side next to her, but Fu Hua was already gone.

She sat up and stretched her hand towards her side of the nightstand and picked up her phone. Glancing at the caller ID, sleep completely disappeared from her eyes.

She answered the call immediately and greeted, Hello, brother Huan.

Hello, Jia Li, I have good news for you. I am currently in your city, please can we meet up around 10 AM, I have something important to share with you? Li Huan asked in an excited tone.

Oh... Jia Li said unsure of what to say.

Good, see you in a few hours, bye. Li Huan said and ended the call after that.

Brother Huan is here and he wants to see me? Jia Li thought to herself with a confused look on her face.

She tried guessing what the important thing he wanted to share with her was all about, but she couldn't think of anything.

Apart from that, Jia Li thought that meeting up with him would be the right opportunity to tell him about the changes in her life.

She almost forgot about that and thanks to this call, she remembered she had to take care of something important.

Jia Li got up and went to wash up. During breakfast, Fu Hua who had been in the study came down for breakfast dressed in his normal work attire.

While eating, Jia Li was distracted and Fu Hua noticed it.

What are you worried about? He asked as he put some food on her plate.

It's...it's my project, I'm thinking of when we start working on it. Jia Li replied as she glanced at him.

We will start working on it from tomorrow. We will go to the textile industry

Thank you! Jia Li said with a slight smile and continued to eat.

Jia Li waited patiently till after breakfast to tell Fu Hua that she wanted to leave the house for a while.

I'm going to see a friend.

Go ahead, dress properly its cold because of the snow, call the cab driver and be careful. Fu Hua said to her before leaving.

He didnt ask about the kind of friend she was going to meet and the reason for it, and Jia Li was glad.

When the time for the appointment reached, Jia Li got dressed and called the cab driver. The cab driver was allowed into the premises as per Fu Huas instruction.

When Jia Li got to the café where she was supposed to meet up with Li Huan, she asked the driver to leave first, she would call him later.

Jia Li walked into the cafe with her gaze looking everywhere in search of Li Huan. Her mind relaxed a little when she heard a familiar male voice calling out to her.

Jia Li smiled as her gaze met Li Huans then she walked towards him.

Li Huan was all smiles when he saw Jia Li and stood up from his seat. When she was close enough, he hugged her with a warm smile.

Jia Li was surprised by his actions and called out to him in a soft tone, Brother Huan...

Li Huan recovered from his excitement and let her go as he apologized, Im sorry, I was so excited to see you. Please sit down and order what you want.

Jia Li managed a smile and sat on the chair he pulled out for her, without knowing that someone has been watching her since Li Huan called out her name.

With the name being called out like that in public, it was normal for someone who knew her or have heard about her to glance over in curiosity.

Jia Li not knowing that she was being watched and some scenes being captured with a phone camera, placed her drink order.

She ordered tea, while Li Huan ordered a cup of coffee.
