

## The Hidden Wife Of The Cold CEO

### Chapter 251 - Ocean Gives Birth

When they got home, Jia Li asked for her things to be moved to the room next to his and Fu Hua couldn't stop her.

Jia Li was more embarrassed than angry at Fu Hua because most nights, he would make love to her more than once. And it seemed like his appetite was too big, so the Doctor's advice was an opportunity for her to escape.

Finally, when most of her things had been moved to her new bedroom, Jia Li relaxed on the bed with a triumphant smile on her face.

Later that night after dinner, Fu Hua followed Jia Li to the door of her bedroom. Jia Li stood in front of her bedroom and refused to let him in.

She posed with her big baby bump while looking him in the eye with a hand on her waist.

Fu Hua found her pose funny but that wasn't what he came for.

Beautiful, just let me in for a few minutes, I just want to read stories to our baby.. Fu Hua said to her.

Jia Li remained unmoving as she said, There is no need, she is sleeping.

How do you know that? Fu Hua asked with a frown. He didn't understand the reason she kept bringing up excuses just to stop him from entering her bedroom.

The baby is here and not in there, so you wouldn't know. Jia Li said while pointing at her protruding belly and his flat hard belly.

After saying that, she leaned in to kiss his cheeks with a smile and said goodbye to him before entering her room and shutting the door behind her.

Fu Hua did not follow her. He stood outside her door for a few seconds with his hands in his pockets before turning to leave for his bedroom.

Getting back to his bedroom, he laid on the bed and was restless. He missed hugging his wifes soft figure and now his arms were empty. He knew he wont be able to sleep properly.

Fu Hua heaved a sigh and covered his eyes with the back of his palms and groaned Jia Lis name.

Jia Li was unaware of his frustrations as she was busy admiring the queen-sized bed that belonged to her. She was happy to have the bed to herself.

There was a tinge of regret on her face, as she couldnt roll on the bed to enjoy its feeling since she had a big baby bump she needed to be careful with.

Having a room to herself has been something Jia Li has been looking forward to and now she finally got it, she didnt plan on giving it up so easily.

Jia Li laid on the bed with a happy smile before caressing her abdomen. There was no reaction from the baby, so she knew she was truly sleeping. Jia Li smiled and closed her eyes to sleep.

Two days later, Ocean gave birth to two puppies which were identified as A male and A female. Jia Li was so overjoyed that she ordered the kitchen to prepare a delicious meal for Ocean.

When Jia Li came to see Ocean in her well-furnished kennel, Ocean was seen resting on her sides tiredly, but her little puppies were nowhere to be seen, as the caregiver had gone to clean them all up.

Jia Li was all smiles as she sat on a stool and praised Ocean for her bravery. She rubbed Oceans stomach and kept saying words of endearment.

At a time, Ocean got to her feet and moved closer to Jia Li before gently nudging her baby bump.

Jia Li caressed her hair with a smile and she understood her meaning. My baby will be out soon.

Ocean gave a low bark before sitting at Jia Li's feet as Jia Li continued to caress her body.

I got pregnant before you yet you gave birth before me, what an irony. Jia Li said with a smile.

Jia Li spent a lot of time outside that Fu Hua had to come out to look for her since she didn't listen to the servant who came to call her for lunch.

Fu Hua had his hands in his pockets as he strode over to her side. Ocean saw him but didn't even bark as she looked away.

How long do you plan on staying out here? Your dinner will turn cold. Fu Hua reminded with a frown.

Fu Hua wasn't too worried as this was still spring, so the weather was warm unlike the Winter ❄️ they just got over.

I'm not hungry. I'm too happy to eat. Jia Li said with her smiling gaze on Ocean. She didn't bother to spare her husband a glance as Ocean was more important to her.

Just then, the caregiver came over to the two puppies and immediately, Ocean seemed to regain her strength as she started barking.

Before the caregiver could put down the young puppies beside their mother, Jia Li stretched her arms towards the caregiver, so right now Jia Li and Ocean both wanted the puppies.

Fu Hua couldn't watch her childish act anymore and turned his gaze away. He never knew how obsessed his innocent wife was with dogs until he married her. Even his old man didn't remind him about it.

The caregiver glanced between Jia Li and Ocean as he thought of who to pass the puppies to.

Give them here. Jia Li said with an expectant gaze. Ocean glanced at her puppies before looking at Jia Li who was demanding for them.

She barked at Jia Li to show her protest but Jia Li was very shameless and seemed to have forgotten the good old days with Ocean as she said, Ocean, I need to carry them first, you can hold on later.

Without wasting time, the caregiver passed the two puppies that were very calm to her. Jia Li was very gentle with the two young puppies that were brought into her arms. She wanted to kiss them but her sitting position was not convenient and she was being careful since they were newborns.

Ocean sniffed her puppies lovingly while Jia Li held them in her arms with an affectionate gaze. She found the puppies very cute and wouldn't mind sharing a bed with them.

## **Chapter 252 - I Will Sell Your Puppies**

Are you now shameless as to snatch the puppies from their mother? Fu asked as he gaze at her with a frown. He just couldn't get what his wife was thinking about.

Ocean is understanding unlike someone else I know. Besides, its just for a little while. Im not that heartless. Jia Li said with her gaze on the puppies. They were just too cute for her to let go.

Fu Hua glanced at the caregiver with a cold gaze that said, Take those puppies from her or you will be in trouble!

The caregiver got the hidden message and shivered a little. He was in a dilemma and didnt know if Jia Li would be willing to let go of the young puppies. But he just has to try his luck if he didnt want to be punished by the Iceberg.

Madam, its time for the puppies to eat they havent had any food yet.. The caregiver reminded Jia Li in a polite tone.

They havent had their milk yet? Jia Li asked in surprise. Then when Fu Hua and the caregiver thought that Jia Li was going to let go of the puppies, they heard her say to their disappointment, Just wait for a little while.

Jia Li moved her gaze back to the little puppies that were sitting on her each side on her thighs. Her stomach was already so big, so they couldnt lay together and coupled with her sitting position.

Fu Hua couldnt tolerate it anymore. He has to threaten her since cajoling her wasnt working.

I will sell your puppies if you dont return them to their mother! Fu Hua threatened from the side, as his gaze had turned cold.

What?! How can you be thinking of selling my babies? Thats unfair! I wont let you. Jia Li said as he held unto the puppies in her arms with vigilance.

She couldnt trust him, as she knew that he was much capable of doing the things he said.

Do you want to try? Fu Hua asked with his hands in his pockets.

Jia Li was speechless for a while before retorting, I will report you to Grandfather.

Fu Hu wasn't moved by her threat. What are you going to tell him? That I threatened to sell your puppies since you optioned starving his great-grandchild?!

Jia Li was speechless by his new threat. The old man would surely be unhappy if he learns that she skipped eating at this stage of her pregnancy because she wanted to accompany her pets.

As Jia Li was sitting there lost in thought, Fu Hua added and this time around, he did in a gentle tone. You can come back to check on them later.

Hearing him say that, Jia Li immediately let the caregiver take the cute puppies from her, before placing them beside Ocean, for them to get some milk.

Fu Hua didn't allow Jia Li to watch the puppies suck to get their food out, as he immediately held her hands and brought her away.

Guess what? Fu Hua said as he pulled her to walk into the house.

What? Jia Li asked with a little confusion, as she didn't know what he was getting at.

You will not touch any food until you've had a bath. Fu Hua revealed.

Why? Washing my hands is fine. Jia Li said with a frown.

It's not fine by me, as my words are final. You are going to get cleaned up before coming to the dining table. And see, you are pregnant, what if the puppies had germs and bacteria that could be passed onto you and the child? Fu Hua asked as he led her up the stairs.

Jia Li was tired of his nagging and was already getting irritated, so she conceded defeat.

Fu Hua led her to her bedroom and then into her bathroom to have a shower. Jia Li saw he wanted to help her undress but she rejected his help.

Fu Hua gazed into her pair of stubborn eyes and said to her with a tone that couldn't be rejected, You can't say no.

Jia Li stood like a statue as he undressed her after drawing a bath for her.

Fu Hua helped her to get into the warm water bath and said to her, Scrub every inch of your body well. I will be out to get your clothes ready for you. Fu Hua said before picking up her dirty clothes and left for her walk-in closet.

Jia Li was surprised he didn't try anything funny after seeing her naked. He didn't even tease her and she began to question his willpower.

Looks like he's not in the mood. Jia Li thought as she picked up her shower gel to lather her body before using the soft sponge

Because of the sensitivity of her skin, she has to use a soft sponge.

Fu Hua on the other hand put Jia Li's dirty clothes in the laundry basket before cleaning his hands with wipes he saw on her vanity mirror. Then he proceeded to pick out a new set of clothes and undies for her.

When Jia Li finished bathing, Fu Hua returned on time to wipe the water off her body before wrapping her body with a big white towel and carefully led her to the bedroom to sit on the couch.

Jia Li did not say a word to him and only let him do as he pleased.

After settling herself on the couch, Fu Hua put some cream on his palms and rubbed them together. When she saw him approaching her, she asked with a profound gaze on him, What are you doing?

Getting you dressed up in time before your lunch turns cold. Fu Hua replied before reaching for her leg.

He sat on the floor and put her leg on his thighs before proceeding to apply the cream on her right leg.

Jia Li was uncomfortable with their sitting positions because she was sure Fu Hua could see in between her thighs, and that was embarrassing.

Jia Li was uncomfortable and tried closing her legs together but Fu Hua pushed her left leg aside before glancing up at her.

What are you trying to hide? Is there any part of your body I haven't seen or explored before? Fu Hua asked with an expressionless gaze but deep inside, he was having fun watching his wife's cheeks change shades of the red color.

Jia Li was deeply embarrassed by his words. The worst part of it all is that he didn't feel anything was wrong with their sitting position or his statement.

## **Chapter 253 - What You're Asking For**

Jia Li found out that she was the only one shy and thought it wasn't fair, so an idea to tease him came to her mind.

She slowly opened her legs wide enough for him to see her secret chamber and when their eyes met, she feigned ignorance.

Fu Hua moved his gaze back to her legs and continued to tube more body cream on her leg. He didn't know what she was up to but he definitely didn't

think she had a wrong motive for her actions, as he still hasn't seen her in that light.

Jia Li felt the need to continue with her games, so she loosened the towel that was wrapped around her body and this time around, her actions were caught by Fu Hua's wandering gaze.

Seeing her actions, it now dawned on Fu Hua that his wife was seducing him. He thought she wanted to get back at him, so he chose to ignore her.

Jia Li saw he still wasn't provoked with her actions, so she complained she was hot and separates the towel, now having her nude body on display for him.

Fu Hua glanced at her with an expressionless gaze.. Jia Li could not fathom his thoughts, so she asked, What are you looking at? I'm feeling hot.

Not as hot as I am. Fu Hua said as he immediately grabbed her legs and adjusted her sitting position then he pulled her butts a little out from the couch and leaned his face in between her legs before she could tell what was happening.

When Jia Li felt his wet tongue lick her inner core, she shuddered out of excitement and screamed his name as she tried to push his head away but he didn't bulge.

Fu Hua didn't plan to show her any mercy as he has had enough of her. How dare she tease him with her body when she knew very well he couldn't control himself?

While helping her to take off her clothes, he made sure to take a good look at her body, even though his little brother had reacted but she was really asking for him to be touched.

It's been up to 4 days since he last touched her and he was already losing his mind with her seducing him and now, he had to teach her a lesson she would never forget.

From screaming his name and pushing his head away out of shock, she didn't know when she began to moan his name and weave her hair in-between his hair.

The more she moaned his name in her seductive tone, the harder Fu Hua became and the faster he licked her.

Fu Hua was feeling himself getting very hard but he continued to lick her and would at times, graze her clit with his teeth which did a lot more than exciting her.

Fu Hua licked and sucked her hard to the extent that she was begging him.

He didn't have the time to ask if she was begging him to stop or continue, as he was more into her and didn't want to let go.

Jia Li was very much aroused right now and tried moving her butts on the couch but he didn't give her any space to adjust. She could only continue to moan his name breathlessly while caressing his hair and his back.

She was more like trying to push his head inside her because she was too excited sexually and this may be a sign that she wanted him inside of her but Fu Hua was not willing, at least not yet, until he was done teasing her.

Fu Hua continued to suck her with his tongue as he enjoyed her juices flowing into his mouth, he swallowed it all and ate her with his tongue until his tongue became tired, so he switches over to his fingers.

He inserted 2 of his fingers inside of her wet VJ and began to move in and out of her slowly. He only increased his pace when she begged her for it.

Fu Hua continued to move in and out of her with his seductive gaze on her misty eyes. The next moment he leaned in to capture her lips, so she could get a taste of herself.

Jia Li's sense of reasoning was already knocked out because she had no idea the taste she was enjoying in his mouth belonged to her.

She hungrily welcomed his tongue and kissed him wildly with her hands roaming over his chest.

Fu Hua released her lips when he saw that she was a little out of breath. He trailed the kisses from her lips to her neck and down to her chest. He didn't waste a single second as he immediately licked her left nipple before proceeding to suck it gently because it was sore, so he had to be more gentle.

When Jia Li felt his 3rd finger enter her, she began to beg him to move faster, as she needed a release.

Do you know what you're asking for? Fu Hua asked with a hoarse voice.

Ah!... I know... please, I want you... Jia Li cried out in pleasure. She didn't even understand his question, all she wanted was for him to satisfy her sexual urge by entering inside of her, so she could feel better. She didn't care to understand a word he said.

Are you sure!? Fu Hua asked as he touched her clit with his thumb and kissed her right breast at the same time.

Jia Li let out loud moans as she nodded her head. Like she was in the right senses to understand what he was saying.

Show me your sincerity, beg me again. Fu Hua demanded like he wasn't also in high need. His little brother had begun to throb harder and painfully but he still had a lot of patience to deal with his naughty wife.

Jia Li begged him as if her life depended on him being inside of her.

Im only doing this because you begged me for it. Fu Hua said as he kissed her lips one more time before pulling out his fingers.

Jia Li moaned softly, as she watched him remove his belt and unzip his pants. Then without removing his briefs, he pulled out his long and hard manhood that was already dripping with precum.

Jia Li watched as the long thick thing stood erect. As she watched it, she felt like wrapping her fingers around it and sucking it.

When Jia Li felt a little bit conscious, she wanted to slap herself for thinking of such a weird thing. Although her friends had once mentioned it was a good way to please her man but she found it disgusting.

## **Chapter 254 - My Body Belongs To You**

After her friends had told her about it, she had gone on to check it out on the internet and she found it to be true.

She found out that most men gained a deep sense of pleasure when their partners gave them a blowjob. Then while thinking if Fu Hua would like it when she went on to watch a video on how it was done.

She was so embarrassed and hence couldnt go on with watching the video. And now that she was seeing Fu Huas inviting member, she felt like touching it and putting it in her mouth.

As her curiosity got the better of her, she stared hard at his manhood and her deep gaze called for Fu Huas attention.

.

Fu Hua saw the way she was staring at his manhood and a smirk turned up on his lips as he moved closer to her.

Do you want to touch it? Fu Hua asked. He rarely asked Jia Li to touch him when they were making love because he thought it was not her kind of thing.

Now that she was asking, he was only teasing her and thought she was going to say no but her next response surprised him.

Jia Li looked him in the eyes and asked, Can I touch you?

Fu Hua was lost but only for a moment before he went on to permit what she wanted.

You can do what you want, my body belongs to you. Fu Hua replied.

Being given a positive response, Jia Li gathered her morale and confidence before placing her hand inside his shirt to caress his rock-hard chest.

Fu Hua took that as a sign that she wanted to explore him, so she went on to take off his shirt. Right now, his lower body was bare before her.

Jia Li now had access to caress his seductive body with her soft palms. Fu Hua shut his eyes as he enjoyed his wifes tender hands roaming all over his upper body.

He was beginning to breathe heavily while getting stimulated down there.

As his response encouraged her, Jia Li moved her fingers to his waistline to caress him there. Fu Hua let out a groan when she touched his manhood in a gentle touch.

Fu Hua groaned as he immediately lifted his hands to caress her hair. He was seriously enjoying his wifes soft hands, roaming all over his body in a gentle touch.

Jia Li saw he was enjoying it and smiled satisfactorily. She glanced at the thick manhood that was right before her face and looked back at him.

On seeing that his eyes were still shut while breathing heavily due to pleasure, she decided to use that opportunity to take him inside her mouth.

Fu Hua was really caught unaware by her actions. He was still calm when she gently wrapped her fingers around his shaft but when her wet tongue touched him, he shuddered and let out a groan.

What are you doing? Let go. Fu Hua said to the woman that was still busy licking the precum off him. She further seduced him by licking her tongue with a frown on her face, as this was the first time she was tasting him.

Fu Hua's manhood couldn't help but twitch in her hands, as her hold on it was well-liked.

Jia Li, let go. Fu Hua managed to say breathlessly. He liked the sensation of her mouth on his manhood and would like for her to continue in order to fulfill his deepest fantasies but he wouldn't like for her to do what she wasn't comfortable with.

Jia Li did not listen to him. After getting the weird taste of his pre-cum, she thought it wasn't bad and she tried not to think it was disgusting before she leaned in to start sucking him.

Fu Hua shut his eyes and caressed her hair with his eyes closed after he sucked in a small amount of air. Jia Li, be a good girl and let go okay? If you continue this way, I can't promise you what I would do next.

Jia Li could feel that he liked what she was doing but she couldn't understand why he wanted her to stop but anyway, she wasn't going to stop.

She continued to lick him and imitated the way she remembered it from the video she watched but she knew what she was doing was far from the way they did it.

Fu Hua was frustrated by her actions, as she was teasing him senselessly. If this wasn't her first time, he would have thought she was taking revenge on him.

She was very innocent in this aspect of satisfying him sexually but she didn't want to let go.

Fu Hua could only let her do what she wanted, while he got breathless the more and groaned while caressing her back and her hair.

Jia Li was engrossed in sucking him before she remembered another movement. She began to move her mouth away and close in on him slowly.

Fu Hua was worried she would choke and tried to stop her but her misty eyes and the way her throat moved up and down, got him distracted.

He leaned and kissed her lips for a while before she broke the kiss and fixed her mouth back to his thick manhood that was starting to throb with pain.

He needed a release and he knew if he allowed Jia Li to continue his veins might end up bursting open, so he had to force her to stop.

Jia Li looked at him with a frown and asked, Am I not getting it? You don't like it?

It's more likely that you would drive me crazy before you satisfy me. Fu Hua said as he didn't know whether to laugh or cry at the innocent look on her face.

Jia Li felt a little down because she was sure she didn't get it and she wasn't surprised.

Fu Hua didn't want his little wife to be scarred as this was her first time giving a blow-job, so he encouraged her, as he also didn't want her to ruin the good ambiance for a great s\*x, as all their efforts would go down the drain.

## **Chapter 255 - Do You Want It Again ?**

Actually, this is my first time of getting a blow-job and I can tell youre quite good at it. You did great. Fu Hua said as he leaned in to kiss her inviting lips.

Really ? This is my first time too. Jia Li said with widened eyes. She found it hard to believe he didnt do something like this with his ex-girlfriend.

I know. Dont worry too much, we can learn together. Fu Hua said in a low dangerous tone before grabbing her hands and helping her to her feet.

Jia Li was nude before him and he pulled her towards the bed, her breast bounced, so she had to hold them in place.

Immediately she sat on the foot of the bed, Fu Hua knelt before her and opened her legs with his hands..

He smiled when he saw how she was dripping wet for him and he felt like giving her another lick. And knowing that she was no longer as aroused as before, he had to take another measure to bring her insanity back.

He grabbed both of her legs and commanded her to lay with her back on the bed. Jia Li thought he was about to enter and laid back on the bed but when she felt his tongue inside of her again, she let out a yelp.

She wasnt allowed to think or ask questions because Fu Hua was not giving her a chance to do that because he was eating her up at the fastest speed possible.

In no time, Jia Li was once again moaning his name as her hands went to his hair. She could feel a deep sense of pleasure from down there and when she

tried touching her clits, Fu Hua licked her there and she screamed his name in pleasure and tried to bury his face inside of her.

It was as if she wasn't getting enough of him and wanted more, something more fierce and dangerous.

Fu Hua moved his tongue in and out of her again before proceeding to use his three fingers to enter her. He was fast and precise with the movement of his fingers.

As he pleased her with his fingers, his manhood throbbed painfully as it was time to be inside of her.

Without wasting time, Fu Hua pulled his fingers out of her and before Jia Li could beg him for more, he turned her to her side and got to his feet with a dark gaze on her, before slipping his manhood slowly right inside of her.

Both of them let out gasps of pleasure when their s\*x organs collided with each other.

Fu Hua did not immediately begin to move inside of her instead, he teased her entrance a little with the tip of his manhood.

Jia Li couldn't stand his teasing anymore and was already begging him to enter her. She felt like she wouldn't make it if he doesn't enter her soon. She was only thinking this way because her senses have already been clouded with pleasure and she wanted to be relieved.

Are you begging me for s\*x? Fu Hua asked as he slipped inside of her and moved once before slipping out again.

Jia Li couldn't stand his torture with her raging emotions and immediately admitted that she was actually begging him for s\*x.

Fu Hua smiled satisfactorily as he rubbed her clit and said while he listened to her moan his name, I will grant your wish.

Fu Hua was actually in pain while he was torturing her, as he has been delaying entering her for a long time now, so his manhood was throbbing but he was acting like he didn't need the s\*x he made her plead for.

Right as he said that, he slipped inside of her and started moving in and out of her at a slow pace before proceeding to increase his speed.

Both of them moaned when they both finally got what they wanted. They two enjoyed feeling each other deeply.

As Fu Hua moved in and out of her with speed, Jia Li felt fire and passion ignite from inside of her and she moaned uncontrollably while touching herself.

Fu Hua's speed was making her want him more and more, she wanted his touch while he continued to move in and out of her, so she demanded his touch.

Touch me... Jia Li said in a sultry tone with her eyes closed and her hands on her breasts.

Fu Hua with his half-closed eyes moved one of his hands to her left breast and began to caress it gently while hitting her G-spot crazily.

Both of them could feel they were getting close to their release, so Jia Li continued to moan and asked him to continue riding her harder, while Fu Hua continued to bang her harder while breathing in and out heavily.

Finally, they both had their releases but they still looked like they were still not satisfied. Fu Hua pulled out of Jia Li and let their internal fluid mix and flow out from her entrance.

Fu Hua leaned over to kiss her lips after wiping the sweat on her forehead. As their tongues danced to their passionate feelings, Fu Hua's hands roamed all over her body.

Jia Li was not left behind, she immediately went for his little brother. It was still a little painful for Fu Hua, so he groaned but didn't push her away, instead he said to her, Do you want it again? He was ready to give it to her if she wanted him again.

Jia Li knew his strength and wanted to reject that idea but her body was too honest and she instinctively nodded while gazing at him with her misty eyes.

Fu Hua was seduced by her honest response. He smiled and said to her as he gently pushed her hands away, Move up the middle of the bed.

While Jia Li moved up the bed, Fu Hua took off his remaining clothes and stood before her in his naked glory.

With his heated gaze on her body, Jia Li's cheeks turned crimson as she met his gaze. As she turned to look away Fu Hua got on the bed and lay on his side before asking her to do so.

Jia Li understood that he wanted to come in from behind, so she quickly obeyed him. After all, this was another safe method for them to have s\*x during her pregnancy.

Not long, the both were ready for another passionate encounter and Fu Hua entered her from behind and began to ride her slowly, while nibbling on her ears and her neck with a hand caressing her body.

Jia Li moaned as his hands moved from her breasts to her baby bump and then to her clits to massage it.

The two went at it for more than several minutes now, before they found another release.

## Chapter 256 - Leaving Without Me

By the time they were done cleaning up, their food had already gone cold but the housekeeper was smart to heat their food before they came downstairs to eat.

While eating, Fu Hua kept putting food on Jia Li's plate and Jia Li ate without saying a word. She was beyond famished

The kind of exercise she just did is for the strong and not for weaklings like her.

After eating, Jia Li swallowed her drugs and remained unmoving. She was so full that she couldn't help herself up.

When she thought about her cute puppies that were still waiting for her to name them, a beautiful smile appeared on her face. As she wanted to get up Fu Hua glanced at her, Where are you going?

To see my babies. Jia Li replied with a proud smile.

Fu Hua had 3 question marks ??? appear above his head.. His brows furrowed as he asked, Don't tell me you are referring to the puppies?

Of course they are my babies. Jia Li replied and was about to walk away when she heard him say in a dangerous tone, It looks like you've regained your strength so soon.

Jia Li smiled sheepishly before turning to plead with him, I just want to see them. You know how much I love them and I don't feel settled not checking on them.

Looking at those round eyes staring at him, Fu Hua said, You love them that you can't bear to part with them, what about me?

I love you and I cant bear to part with you as well, you have the first place in my heart. Jia Li said with a smile, as she tried to win him over.

Finally, Fu Huas face turned less serious as he was quite satisfied with her confessions.

You just finished eating, you need to rest for a while and you cant move about a lot, your tummy hurts my eyes because Im afraid you will bump into something if youre not careful. Fu Hua said with worry.

Jia Li smiled sweetly and went to his side. She grabbed his hand and said to him, Thank you for worrying about me and the baby.

You dont need to thank me, its my duty. Come with me, I have something to tell you. Fu Hua said and got to his feet while holding her hand, while leading her to the sitting room.

After they have settled themselves on the 2-sitter couch, Jia Li asked curiously, What do you want to tell me?

I have work to do in New York City and that will take about a week. Fu Hua said as he hugged her in his arms.

You are leaving without me? Jia Li asked he she directed a sad gaze to him.

Yes, youre heavily pregnant and that kind of long-distance travel wont be good for you. You need to stay here and wait for my return. Fu Hua said and kissed her forehead.

Jia Li still looked sad as she asked, When are you leaving?

In less than 2 weeks. Fu Hua said with a smile as he rubbed her back. He knows his little wife was sad she wasnt coming with him but it would be best if she stayed at home.

What if you take too long to come back and then I give birth to our daughter without you around? Jia Li asked with a frown.

There is nothing to be worried about, I will only be gone for a week. There is an internal competition for the place of FJ's Chief Designer, so I have to be present. Fu Hua revealed.

Every 4 years, FJ will host an internal competition for the next Chief Designer and the person that held the title before can join as well.

It looks like I worried too much. Jia Li said to him.

Don't miss me too much. It's good that your dog and puppies are here to keep you company and the servants are here to serve you while I'm gone. If you need anything, don't stress yourself, just relax and be served. Fu Hua said to her with a gentle tone.

He would rather leave Jia Li alone in the house to be accompanied by her pets than to send her to the Fu Mansion.

Fu Hua... Jia Li said as she gazed at him but her words were cut short.

What did you call me? Fu Hua said as he pinched her chubby cheeks.

Ah... I mean, Husband. Jia Li said as she immediately corrected herself.

Call me Darling. Fu Hua said while giving her an expectant gaze.

Darling? Jia Li asked with a smile.

Mmm. Fu Hua hummed in reply.

Darling, we have to name our baby and go shopping for her clothes and items when you come back. Jia Li reminded him.

Of course, Baby. We will do just that. Fu Hua said as he hugged her again.

After several minutes of staying in each others arms, Jia Li was more comfortable and raised her head to look at Fu Hua before making a request.

Darling, can I go to see Ocean and her puppies ?

Fu Hua glanced at her, not knowing what to say to her. He thought she had forgotten about it but it looks like he was wrong.

Seeing the way she was blinking her round eyes like an innocent kitten, he pinched her cheeks and said, What do you think about all day ?

The people and the things I love. Jia Li replied immediately as she continued blinking her eyes innocently.

Fu Hua released her cheeks and said, You can go and see them but dont take too long, you need to rest.

Fu Hua said that because he was worried her body was already tired from their bed activities and she was pushing on because she wanted to spend time with her puppies.

Thank you! Jia Li said with a smile as she kissed his cheeks.

Fu Hua let her go to the side house with a servant. He would have accompanied her but he didnt want to get angry seeing how close she was to her dogs and besides, he wouldnt manage to get her attention. He had rather stay indoors and get some work done.

Jia Li was lucky enough to meet Ocean and the puppies awake. After she left, Ocean napped with her babies.

Jia Li named her puppies after she picked them up in her arms. The female was called Avery and the male was named Archie.

## Chapter 257 - Spending Time With Her Pets

Over the next few days, Jia Li took pictures of her pets and posted them on her Weibo page. She got lots of interesting comments that she enjoyed reading.

Some fans asked her to post a picture of herself but there was no way she could do that, as even a selfie would be enough to tell the changes she has undergone for the past few months.

Her face looked fleshy and she has put on some questionable weight. Jia Li politely rejected the request.

Jia Li received gifts on behalf of Ocean and her little puppies. Her three friends sent her gifts, Grandfather Fu called someone to rebuild a much bigger kennel for her pets. YingPei and Meixu sent gifts as well.

Finally, it was a day before Fu Hua's departure. Jia Li sat on the chair in his walk-in closet and watched him pack his clothes. She wanted to help out but he rejected her help and said he would feel better if she just sat there and watched him and that was exactly what she was doing..

After packing his things, Fu Hua took a shower and got in bed with Jia Li. He made love to her in an appreciative way.

He took his time slowly undressing her, kissing her all over her body, before gently sliding inside her. He was very gentle as he ravished her. When they were done, they laid in each others arms, naked.

I dont see you wear the ring. Fu Hua said in a low tone.

I dont see you wear yours either. Jia Li said with the side of her face placed on his chest.

Fu Hua sighed and said, I promise to put it on.

A smile appeared on Jia Li's face as she slowly closed her eyes in satisfaction.

I'll be leaving early in the morning. Take care of yourself and our child while I'm away. I will speak to you with every opportunity I have, at least thrice a day if I'm not too busy.

Mmm... Jia Li hummed in reply as she drew circles on his chest with her eyes closed.

If you feel like talking to me, you can call at any time. Be obedient and wait for me, okay? Fu Hua said as he massaged her scalp with his fingers. He couldn't help touching her scalp and the long hair that she allowed to flow behind her.

Mmm...

With everything Fu Hua said to her, Jia Li responded with a hum. Fu Hua guessed she was feeling sleepy and helped her to get out of bed in order to take a bath.

After that, he helped her to apply a stretch-mark removal cream and some other body creams with beneficial conditions as prescribed by the doctor on her body before wrapping her body directly with a night robe.

Jia Li was so tired and sleepy that she let him do the work. When he was done dolling her up for the night, he pulled her to the bed to lie in his arms.

The next morning, Jia Li got up on time to send her husband off. She clung onto Fu Hua like a bear and refused to let go.

Fu Hua had to mention running late because of the long-distance before she reluctantly let him go.

I will miss you. Jia Li said to him with pouted lips. She was clearly unhappy and wished to throw more tantrums but she couldn't.

I will miss you and our baby. Fu Hua said as he caressed her baby bump with a smile before leaning in to kiss her lips.

Jia Li was sad he was leaving, so she didn't think about being shy when he kissed her outside the house.

At last, Jia Li gave Fu Hua a side hug because of the size of her stomach, before he got into the car and left.

Fu Hua already instructed for Jia Li to be well taken care of by the servants and military men. He also told Jia Li she could invite her friends over if she was too bored but she was not allowed to leave the house because of her safety and condition.

Jia Li was feeling down after Fu Hua left, so the housekeeper reminded her of her pets and quickly asked for them to be brought into the house.

Of course, it wasn't the housekeeper that did that, she asked the caregiver to bring Ocean and the cute little puppies into the sitting room as per Jia Li's order.

Jia Li was so excited when she saw the little puppies already moving around steadily. Avery and Archie were giving curious glances to the large sitting area and it was their first time indoors.

The cute little puppies followed their mother Ocean to Jia Li's side. Jia Li wouldn't have paid much attention to Ocean if she didn't come to her side and nudged her belly a few times gently while making a low sound.

Jia Li rubbed her head and back happily and said, She will be out soon.

After saying that, Jia Li asked for the clueless little puppies to be brought to her. Ocean sat by her side as her puppies were brought to Jia Li's thighs.

The puppies liked Jia Li's warm embrace and sniffed her, after moving close to her body warmth.

Jia Li was all smiles as she caressed them and called out to them. The caregiver saw there was no need for him and stepped outside.

Jia Li couldn't get over her cute babies. She hugged both of them and wouldn't let go. When she was reminded that it wasn't healthy to play with her puppies for so long, especially holding onto them, she reluctantly put them down beside her.

She did not allow the puppies to sit on the rug like Ocean and it looked like the cute little things didn't care, as they both snuggled close to her from time to time.

Ocean wasn't left out in their interaction. She would make low noises, probably because she was a mother now or because of her owner's baby bump.

Jia Li played with her dog and pups for a long while before letting them go back to their kennel to eat and for her to get some rest.

When Fu Hua got to New York City, he phoned Jia Li to tell her about it. He also showed her around his hotel room.

## **Chapter 258 - Difficult Position**

A day later, Fu Meixu learns about Fu Hua's trip and comes to visit.

Jia Li was happy to have her since she needed some company apart from the one she was getting from her pets.

Because Fu Meixu was especially scared of Ocean, so Jia Li asked Ocean to sit some distance away from her and she reminded her to be obedient and not to scare her guest.

Ocean licked her tongue and turned away to walk to the position Jia Li had pointed. She laid there and fixed her gaze on the puppies Jia Li had in her hands.

Fu Meixu was able to breathe a sigh of relief now that Ocean was far from her. She smiled and placed the cute puppies in her arms.

They are so cute, what are their names? Fu Meixu asked as she touched one of them.

Jia Li was more than happy to introduce the puppies to Meixu.. She treated them like her babies and wouldnt let go of them if she wasnt reminded to.

Can I hold them? Fu Meixu asked with a smile. She liked the puppies very much and the reason she wasnt afraid of them, its because they are still little and harmless.

Sure... Jia Li said as she handed the puppies to her.

Fu Meixu carried them on her laps and continued to rub their young bodies gently while Ocean looked on with a sharp glint. She was about to bark when Jia Li hushed her in time.

Do you have intentions of selling them? Fu Meixu asked and right after that, Ocean barked at her.

Dont think about seeing my kids!

Jia Li calmed Ocean with a few words before turning to Fu Meixu to say, Im not selling them, they are my babys playmate.

Alright, I get it. Fu Meixu said and chuckled softly.

Fu Meixu spent some time with Jia Li before leaving.

Two days later, something happened. The servants that were working for Jia Lia and Fu Hua were called back to the Fu family.

According to the call the housekeeper received, it was the time for their yearly training, so they were asked to come back.

The housekeeper laid out her suspicion about the call to Jia Li.

Its not reasonable to ask us to come back for the training when you are pregnant and there is no one to cater to your needs.

So what do you think ? Jia Li asked with a smile.

I think someone is trying to play some games. The housekeeper suggested.

Jia Li was quiet for a while before speaking up, Then let the person play the game.

The housekeeper glanced at Jia Li before lowering her voice to whisper, Maam do you mean we should test the person ?

Since someone dares to go against Grandfather by putting me in a difficult position, why dont we let the person get some rewards from it ? Jia Li suggested.

She couldnt guess who wanted to cause trouble for her but she has decided to teach the person a little lesson. She was curious as to what will transpire.

This was the first time she would be standing up for herself and she hopes it all goes well even though she knew someone will not be happy with her.

But Maam, you will suffer if no one is here to serve you. How will you get your bath ready, eat and dress the bed ? The housekeeper asked worriedly.

If not for all of you spoiling me too much, you wouldnt be so worried. Just make enough food for my baby and me, I can take care of the rest. Jia Li said with a smile.

She was already so happy with her plans. It was the first time launching an attack and she was already excited while waiting for the outcome.

The housekeeper thought that her Mistress had changed. She didn't understand what Jia Li was playing at and she was very worried about her. If anything happens to her, all of them will pay for it with their lives.

Just as Jia Li instructed, the housekeeper and the other servants made a lot of preparations before leaving in the van that was sent for them.

Immediately after they left, Jia Li engaged in a video call with her three friends. They talked happily about a lot of things.

Chang-Chang was going to audition to join a girl idol group a week later, so they were chatting about it before they started dragging who was going to be the godmother of Jia Li's baby.

Jia Li settled the matter by telling them they all could be the godmothers to her baby but they had to prepare a red packet and wait for the delivery date to claim the rights.

After having a fun time with her friends, Jia Li went to the kitchen to pick some fruits for herself before going to the workshop to work on some new designs. She seemed unbothered as she was the only one at home.

It was in the afternoon when the housekeeper and the other servants left, so right now, it was already late in the evening.

Jia Li was working on a new design when Fu Hua requested a video call. She accepted it and continued being busy with her sketches.

What are you doing? Fu Hua asked with a frown. Jia Li answered the call and abandoned the tablet, so he was a little annoyed and at the same time curious about what she was doing.

Jia Li took a moment of break and placed her tablet in the right position, so they would be about to see each other.

Im working on a new sketch. Dont disturb me, Ive got to be busy now. Jia Li said to him before moving her focus back to her sketchbook.

Fu Hua was speechless. This was the first time he was calling since today and he was worried she was annoyed with him and missed him so much, so he decide to call. But whats with this attitude he was getting ?

As instructed by his wife, Fu Hua didnt disturb her and instead, he watched her quietly till she finished sketching.

Could she be a work maniac like me ? Fu Hua thought. He saw the way Jia Li was so engrossed with her work that she forgot about his existence.

## **Chapter 259 - The Old Mans Anger**

Can I see your sketch ? Fu Hua asked curiously after Jia Li relaxed her back on the seat to show that she was through with sketching.

Sorry you cant, its for my eyes only. Jia Li teased with a smile as she closed the sketchbook.

Whats the thing Im seeing on the sketchbook ? Fu Hua asked. He wasnt seeing the sketchbook cover well, and it looked unfamiliar to him, as he cant remember ever seeing it.

Jia Li raised the sketchbook and showed him the cover. Then she asked with a smile, You mean this ?

Yes. I havent seen it before, did you get a new one ? Fu Hua asked in a curious tone.

I've always had it. Jia Li revealed as she put the sketchbook down..

Fu Hua was surprised and asked, How come I've never seen it before ?

It's special. Jia Li replied with a mysterious smile.

Her words and her actions were enough to ignite the utmost curiosity in anyone and Fu Hua was not an exception.

Jia Li had no idea that Fu Hua has already taken note of the sketch books cover and was going to find it later.

Fu Hua and Jia Li chatted and talked about work and then their baby.

Did she kick a lot today ? Fu Hua asked with a gentle countenance.

Yes, she did. She was super active today and caused me some pain. Jia Li replied as she picked up her tablet from the position she placed it.

I think she missed me. Fu Hua said with a proud smile.

Don't get ahead of yourself. She was super active because Ocean, Archie and Avery played with her, it has nothing to do with you. Jia Li said, bursting his bubbles without mercy.

Fu Hua's facial expression changed. You're becoming so bold, just wait till I come back and punish you.

Jia Li immediately turned to glance at her baby bump and said while creating it to the amazement of Fu Hua.

Baby, did you hear what your father said ? He said he's going to punish your mother when he gets back, he is a bully, we need to report him.

Since the matter involved his daughter, how could Fu Hua let Jia Li tarnish his reputation ? He immediately said to her, Sweetheart, what are you teaching our child ?

Didn't you say you would punish me? You dare to threaten your pregnant wife, you're sure a big bully. Jia Li said to him with a reason gaze.

Fu Hua gave up and apologized, Alright, I'm sorry. Don't teach our child bad things.

Jia Li turned to glance at her baby bump and said to the child, Baby, your father has repented, forgive him.

Before they ended the call, Fu Hua reminded Jia Li to eat before going to bed.

I know, thank you! You try to get some rest, good night.

Fu Hua had no idea that his wife was all alone in the house or he would have caused a big commotion by now.

After the call, Jia Li went to the kitchen to heat some food for herself in the microwave. After serving herself, she began to eat.

She took her drugs after eating and sent the plates to the kitchen sink. She tries to clean up the things she used but her baby bump was in the way.

She was a little frustrated as she tried to stand at her side to wash the plates but she failed. She refused to give up and tried different ways to clean everything up. And at last, she left the kitchen for her bedroom an hour later.

She was so tired that she didn't want to have a bath but she had to.

Once her head hit the pillow, she fell asleep, meanwhile, the Fu residence was being thrown upside down by the old man.

He just learned from Butler Lu that the servants he assigned to take care of Jia Li and Fu Hua's needs were back.

He was so angry that he asked for the housekeeper to come and explain herself. Housekeeper Zu explained the details of the call to him.

Are you saying that Jia Li is all alone in that house by this time? Grandfather Fu asked as a hint of dangerous glint shone on his face.

He was more concerned about Jia Li being all alone in the big house when it was already late and to top it all, she was heavily pregnant. What if an accident happens?

Housekeeper Zu was so scared of the cold air the Old man was emitting and fell to her knees before hitting her head on the cold tiles.

Old master I am guilty of neglecting the duties you assigned to me, please punish me.

Housekeeper Zu was so scared but she had to ask for punishment because she deserved it. Thinking about how her heavily pregnant mistress was going to spend the night alone in that house with only the soldiers standing guard outside, she discovered it was a big mistake.

She didnt dare to reveal the plan Jia Li had, since it was a secret between them and it was not supposed to be revealed to anybody.

You and the servants will be punished severely! Grandfather Fu said as he banged his fists on his desk angrily. He was seething with rage.

Butler Lu who has been standing quietly at the side immediately intervened. He too was curious as to the person that ordered the servants.

He knew it wouldnt pass Fu Hee and Fu FangSu but his suspicion was on FangSu as Fu Hee wouldnt dare to do anything like that unless she didnt want her life anymore.

Master, please calm down. Right now, the Miss is alone at home, we have to send her servants back immediately, their punishment can come later.

Being reminded of how his innocent granddaughter-in-law was probably scared of staying alone in that big house, Grandfather was angrier.

He got to his feet and said while pointing at his Butler, Fine! Send the servants back immediately. I dont care what time it is now, get them out of here immediately!

Butler Lu helped Housekeeper Zu, who was already shivering to get on her feets, when the old man added angrily, I will give you 20 minutes to send the servants away and find out who made the call, and the person that gave that idea.

Yes, Master. Butler Lu said as he bowed to Grandfather Fu along with Housekeeper Zu who was scared to meet the old mans frightening gaze.

Someone dares to sneak around under my nose and punish my people, what a death wish being asked for! Drag the traitor and the accomplice here for me to see! Grandfather Fu said and waved his hands for them to leave at once.

The old man was very angry that he couldnt sit anymore and walked around his study while waiting for answers.

## **Chapter 260 - Crying For Help In The Middle Of The Night**

As Grandfather Fu was getting impatient from waiting, Butler Lu returned with news.

She really dares to play such tricks under my nose. It looks like Ive spoilt her too much!. Grandfather Fu said furiously.

Old Master, what do we do now ?. Butler Lu asked from the side in a low tone.

Do you need to ask? Where is that Brat that is bearing my familys name?! Grandfather Fu asked with an angry gaze directed at Butler Lu.

Butler Lu sighed and reported, Master, its almost midnight, she is sleeping already.

She dares to sleep peacefully after endangering her sister-in-law?! What are you doing?! Get a few manservants to drag her out of bed and bring her to me!.. Grandfather Fu said angrily.

The old man was so angry that he could strangle ha granddaughter to death.

Taking heed to the old man, Butler Lu tool two manservants and a maid to FangSus bedroom in the middle of the night.

When they arrived at the door to FangSus bedroom, Butler Lu stopped and instructed the maid, It is not appropriate for us to enter the young misss bedroom by this time of the night, go in and put on a coat on her.

Grandfather Fu was probably too angry and forgot FangSu was a female, and only asked Butler Lu to take two manservants with him to drag her out.

The old man was only thinking his granddaughter would be very stubborn and wouldnt want to come out especially now that she got herself in trouble, hence he gave out that instruction.

The maid didnt bother to know before quietly walking into the room. She went straight to get a big jacket for FangSu, before going to her side to wake her.

FangSu was already in dreamland and was sleeping peacefully when he heard her name being called, while someone was shaking her body.

She was so pissed that she frowned and hit the persons hands away and said with her eyes still closed, and her face twisted in a frown, Get out!.

The maid stopped and stood erect. You still dare to sleep after causing trouble for us? The maid thought angrily before glancing around the room.

She saw a glass of water and thought about pouring it on FangSu, but she quickly let go of that thought, as a servant could not abuse her master.

The maid tried again. And this time around she added, Miss, the old master is calling for you.

Her words were enough to jolt FangSu up from sleep.

FangSu still had sleepy eyes as she asked, My grandfather asked for me? What is the time?

The maid didn't want to entertain her and waste more time. She urged her to get up and put on her jacket immediately.

Miss, there is no time for that, but we must quickly leave now. Please put on the jacket.

FangSu's brain wasn't functioning properly at the time, so she quickly did as she was instructed without asking any more questions.

After FangSu put on the jacket, she walked towards the door with the servant. As the maid opened the door, FangSu was shocked to see Butler Lu standing there with two manservants. Her heart skipped a beat and she instinctively wanted to run back to her bedroom because she felt things were not right, but the maid that brought her out quickly blocked her way.

Butler Lu frowned as he said to her, Miss FangSu, it would be better if you obediently come with me, we can't bear the consequences of keeping the old master waiting.

FangSu turned to glance at him with fear in her eyes. She didnt want to believe what she was thinking. Why is my grandfather looking for me by this time, cant it wait till morning?.

Miss FangSu, I believe you the reason very well. Please come with us on your own. Butler Lu said as he gave her the last chance of walking on her own to the old mans study.

FangSus doubts were confirmed and something told her not to go with them, and she obeyed that voice.

Im not going with you, Im not feeling well!. She said as she tried to push the maid out of the way.

Seeing that she was trying to escape, Butler Lu sighed and quickly ordered the manservants to grab her arms with a hand gesture. And immediately, FangSus arms were grabbed by the servants as they pulled her to walk away.

FangSu knew she was in big trouble as her old ma. has found out what she did. She couldnt allow them to take her to his study as she didnt know what her fate would be, so she started screaming for her mother and asking the servants to let her go.

How dare you touch me!.

Mum! Mum, please save me!.

Brother! please save me!.

FangSus screaming was loud enough to wake up the rest of the family members. They stepped out of their bedrooms confused at the familiar voice that was screaming.

Fu Hee recognized her daughters voice and immediately rushed in the direction she heard it from. When she got to the foot of the steps she was in

time to see her struggling daughter being pulled in the arms by two manservants while Butler Lu walked ahead.

Fu Hee didnt want for them to come down as she immediately climbed the stairs to block their way.

Mum, please save me!. FangSu pleaded in tears immediately she saw her mother.

Fu Hee glanced at her daughter in worry before turning to look at Butler Lu. What happened? What did my SuSu do for you to treat her like this?.

Madam, it would be advisable if you stay out of this. The old master instructed us to do this. Butler Lu replied with an indifferent look.

By now, the rest of the failing membership already gathered at the foot of the steps and staring at them in wonder.

Fu Meixu had a smile on her face as she watched FangSu in tears while being pulled by two servants forcefully. She knew the latter must have caused big trouble for her to be treated that way.

Fu YingPei was also wondering what his sister did for their old man to pull her out of her room in the middle of the night.

What trouble did she cause now?. He thought.

## **Chapter 261 - No Point In Crying**

FangSu was dragged into the Old Mans study by the manservants and when the rest of the family wanted to come in, Butler Lu blocked their way.

Please go back. Butler Lu said with his arm stretched out. No smile could be seen on his face.

Fu Hee was so worried that she couldnt help pacing up and down the hallway.

Can we at least know what she did wrong? Fu Hee asked in a worried tone. Others were curious about the same question, so they all fixed their gazes on Butler Lu.

Miss FangSu would be in a better position to confess her sins after she is punished. Please go back to your rooms, Madams and Sirs. Butler Lu said before turning to walk into the study and shut the door behind them.

.

In the study, FangSu was already fidgeting when she saw her furious grandfather.

What are you looking at? On your knees! Grandfather said while pointing angrily at her.

FangSu didnt need the servants to help her because she knelt before her grandfather that minute with tears in her eyes and she didnt dare to say a word for fear that she would be killed the next minute.

Lu, get my cane! Grandfather Fu instructed with his fierce gaze on FangSu whose eyes widened in shock.

As Butler Lu went behind the big shelf to get the cane, FangSu tried to get to her feet but the servants held her down by the shoulders.

Grandfather, please. Im sorry, I promise not to do it again! FangSu pleaded with tears in her eyes as she couldnt believe her grandfather would want to hit her and this was the first time in her life he would be pushing her using that method and she was so scared.

That was the same thing you said to me but do I look like I have no value for you to be so sneaky under my nose? Grandfather Fu asked while pointing at himself. He really wanted to throw things at her but he was above that.

Grandfather I know I went back on my words, its just that brothers servants were rude to me last time, so I thought they needed the training and asked for them to come over! FangSu pleaded as a snort was already coming out from her nose.

The servants I trained were rude to you? And what right do you have to make decisions in this family? Are you not aware that youre the last person in this family to be put into consideration based on age and hierarchy? Grandfather Fu asked.

FangSu was tongue-tied and didnt know how to reply but she started crying and begging her old man again when Butler Lu handed the thick cane to him.

Grandfather Im sorry, I dont know what got over me! I promise to apologize to Sister-in-law and Brother. FangSu pleaded as she cried out in a good voice.

You want to tell your brother about it? Fine go ahead but receive your punishment first! Stretch out your palms! Grandfather Fu said to her angrily as he stretched the cane towards her.

FangSu was so scared that she refused to stretch her palms out, so the servants helped her out.

Hold her shoulders down and hold out her hands. Butler Lu instructed from the side.

The rest of the families were already worried in one way or the other, as they couldnt see what was happening inside.

In no time they began to hear FangSu's loud cries and the sound of a cane hitting her palms. Fu Hee was so shocked that she wanted to barge into the study but Fu ChunHua pulled her back in time.

Can you bear the consequences? Fu ChunHua asked with a smile. She was very happy that FangSu was getting punished because that little brat has been rude to her since she returned.

Fu Hee hit her hands off and stared at the tightly shut doors of the study. She couldn't tolerate her dearest child being hit and there was nothing she could do about it. This was so heartbreaking to hear.

Fu Meixu was all smiles as she chipped in from the side, FangSu must have committed a huge crime this time around and I think it has something to do with Cousin-in-law.

Fu Hee immediately turned and asked impatiently, Do you know what happened? Tell me about it quickly.

Aunty, I never said I know what happened, I was only making guesses. We all know that FangSu has been punished before for going against Jia Li and for her to receive a beating this time around, she must have done something more. I really pity her.

After saying that, Fu Meixu strode away with a smile on her face.

Fu Hee's heart couldn't stop beating at a fast rate. She didn't know what to make of Meixu's words but it had a very high chance of being true.

SuSu, what have you done?! Fu Hee thought to herself as she wiped the tears off her face.

Mum, there is no point in crying. You have to save the strength to treat SuSu's injuries. Fu YingPei reminded from the side.

YingPei can you beg your grandfather or call your brother, Im sure they will listen to you. Fu Hee held YingPeis hands and pleaded with him.

Mum, how can you say that ? I cant ask my brother for help as he is not in the country. Fu YingPei said as he pushed his mothers hands away with a frown.

He planned on retiring to sleep since he had a hectic day at work but it looks like he cant leave yet before his mother aggravates the situation.

Mum, lets go back. Grandfather will not be happy to see us here. Fu YingPei said as he pulled his mother and left.

Fu Hee was very reluctant to leave but she had no choice. When they got to the sitting room, they met Fu Meixu who was sitting there and eating an Apple without a care of what was going on.

As Fu Hee settled down on the couch with tears in her eyes, Fu Meixu said to her, Aunty, you should eat something because its going to be a long night.

## **Chapter 262 - Rights To Punish**

Fu Hee glared at her and admonished her, You can still eat by this time when your cousin is being punished, dont you feel a little bit distressed ?

Fu Meixu chuckled and asked, Aunty, how can I be worried. I didnt ask FangSu to commit a crime.

Fu Hee still wanted to scold her but Fu ChunHua and Fu Ling arrived, so she could only sit back quietly.

Fu Ling didnt stay for long he only said good night to them before leaving. It was useless for him to stay there, he was a CEO now and had a company to run, so what would he achieve by sitting there and waiting for the person that was being punished to come out? It really had nothing to do with him.

Fu Meixu and Fu ChunHua were only waiting for the outcome of FangSus punishment because of their curiosity and they couldnt wait to add more fuel to the fire when needed.

Fu Hee was so restless that she couldnt sit at a place and had to pace around while glancing towards the entrance from time to time. She was waiting for her daughter to be brought back to her.

After what felt like ages when it was just 20 minutes that passed, FangSu was dragged out of the study by the servants and with Butler Lu walking ahead of them..

FangSu eyes were already swollen from crying and surprisingly, she wasnt wailing like she was before. She was only sniffing as she allowed the servants to pull her with them.

Immediately Fu Hee saw them coming, she ran to FangSus side and asked the servants to let her go in an angry voice.

Butler Lu signaled for them to leave as their work was done, so they left.

FangSus palms were swollen and bleeding and that sight alone was enough to prick Fu Hees heart.

My Baby, what did your grandfather do to you? Fu Hee asked as she started crying again, while taking a look at her daughters unsightly hands.

FangSu refused to reply as her head was lowered.

Fu Meixu, her mother and Fu YingPei walked over to see FangSu swollen and bleeding palms and they hissed because of the pain FangSu must have been going through.

Aiyah! How could Father punish her like this? Fu ChunHua said with a frown.

Cousin, it must be painful. Fu Meixu said with a plain look. She was scared of the injury she got but she was also happy she was punished.

Before any of them could continue asking questions, Butler Lu made an announcement.

The old master said no doctor should be called till the day is bright. Miss FangSu has been punished. Her bank accounts are frozen, the welcome car gift has been taken away and she is not allowed to visit anyone or receive visitors till further notice. She is to apologize to Miss Jia Li by 9 am, thats all. Madam, you may take her away.

After giving the announcement, Butler Lu walked away towards the direction of the entrance. He was going outside of the house.

Fu Meixu was not shocked by the heavy punishment that was given to FangSu instead, she felt that she deserved it.

Fu Hees heart was so bittered that she couldnt do anything to relieve herself.

SuSu, what did you do to receive this heavy punishment from grandfather? Who did you offend? Fu YingPei asked in a curious tone.

How can you ask the kind of question now? Call the doctor and ask him to come very early in the morning. Fu Hee said in an angry tone.

Seeing that she was about to take FangSu away, Fu Meixu couldnt help but to chip in some words.

FangSu, youre always impulsive and look here you got punished today. Who knows what kind of punishment you will receive next, you might actually be sent out of the family without a penny or be forced to get married, who knows ?

FangSu, I hope youve learned a lesson today. We need some peace in this family and I hope you behave or I will punish you for going against the rules since your mother cant teach you properly. Fu ChunHua said with a frown.

What right do you two have to talk to my daughter that way ?! Fu Hee asked angrily as she glared at the mother and daughter while holding FangSus hands.

I am the Mistress of this family and I have the right to punish any child that goes against the rules of our family. Fu ChunHua replied.

Fu YingPei couldnt stand them and walked away immediately. He will not get in their fight.

You want to teach my daughter the rules, do you know them ?! Fu Hee asked while pointing at her.

I know them very well and let me remind you that I still have the right to punish FangSu, she has been disrespectful to me since she came back, so you should be careful. Fu ChunHua reminded her.

Do you dare ?! Fu Hee said to her with a glare.

It looks like I have to start taking my role seriously. Meixu, lets leave. Fu ChunHua said and pulled her daughter to leave.

Cousin, dont forget to be obedient and recover properly. Fu Meixu added with a smiling gaze before leaving with her mother.

Bitches! Fu Hee cursed before fixing a relaxing gaze on her daughter.

Lets go. Fu Hee said to her and pulled her to walk away. She took FangSu straight to her bedroom and made her sit on the bed.

Fu Hee left for her inner room to bring the First-aid box

What Fu Hee and the rest didnt know was that all the servants were currently kneeling outside. There was no way Grandfather Fu would leave them unpunished.

He felt that everybody should be punished since the ones that claimed to be innocent didnt remind those that were innocent on what was the right thing to do.

While cleaning FangSus wounds, Fu Hee was so careful and felt that her heart was bleeding. FangSu who hasnt said a word since she left her grandfathers study, started screaming in pain.

## **Chapter 263 - Fu Hee Scolds FangSu**

After cleaning FangSus hands, Fu Hee applied the cream on them before using a white bandage on them.

SuSu, dont cry, try to get some sleep. Fu Hee said to her in a gentle tone.

FangSu was so angry, humiliated and sad with the treatment she received from her beloved old man. She couldnt help feeling all kinds of emotions building up in her.

I hate grandfather! FangSu said angrily. She still felt like throwing something but how could she do that when her hands were in that state.

Dont say that aloud. Go to sleep or will you like to have a bath? I will go to your room to get another night dress for you. Fu Hee said to her.

.

I dont want to do anything! FangSu said as tears started to drip down her eyes. Right now, she hated everyone and didnt want to talk to any of them.

Since she was born, she has never been treated that way by anyone. Everyone loved and adored her, so this punishment she just received, broke her heart.

She didnt care about the material things but what she care about was her emotions that were hurt.

Fu Hee could understand the pains her daughter was going through and she tried to hug her but FangSu did not need it.

Grandfather hates me! He didnt care that I am a model and went on to damage my skin. What am I going to do now?! FangSu said and began to cry again.

When her skin healed, there were going to be scars left by the injury she had and it would look ugly. This was enough reason for her to hate her grandfather and Jia Li.

SuSu dont cry. I promise to get the best healing creaming that could recover the scars that may be left behind. Tell me what you did wrong. Fu Hee said while patting her shoulder.

She was very curious to know what her daughter did for her to be punished severely.

I didnt do much. I only asked for the servants in brothers house to come back for their yearly training. FangSu confessed.

Those who heard her explanation will surely not find faults with her but if they thought deeply as to the intentions behind her act, they would understand.

Why would FangSu who didnt have any authority in the family make such decisions without asking anybody? And she did that when her brother was not around.

Fu Hee once had that mindset, so she understood her daughters intentions well enough. She was dumbfounded for a while and didnt know if to scold her or just keep calm since she was already going through enough pains.

At last, she said to her, SuSu, you dont listen to me, do you? I warned you several times not to cause trouble but you wouldnt listen, now see what you brought upon yourself.

Mum, you are blaming the wrong person. What I did was not a big deal. Its not like that woman doesnt have hands and feet to do things for herself before the servants returned! FangSu defended herself.

Shut your mouth! Fu Hee said to her angrily.

FangSu was taken by surprise by her mothers harsh tone.

What you did wasnt a big deal, can you hear yourself?! Do you know the kind of punishment you received? Your bank accounts are frozen, your car has been taken away and you are not allowed to leave the house or receive visitors, plus the physical injury you have! Fu Hee scolded her.

She couldnt stand her daughters foolish talks anymore and had to scold her.

Mum, why are you shouting at me? I will still recover what Ive lost. FangSu said with a confident tone.

Fu Hee glared at her and asked, Are you thinking your grandfather will return your car and unfreeze your accounts?

Why not? FangSu asked with a frown.

I don't think you know what you got yourself into. Your grandfather will not return your car to you and for the money in your bank, forget it. Get ready to start working once the ban of you leaving the house has been lifted. Fu Hee said to her before going into the inner room with the First-Aid box leaving the shocked FangSu behind.

What Fu Hee said was right. Grandfather Fu did not plan on returning the car to FangSu and as for her bank accounts, she just had to forget she ever had one.

Now he was going to let her work her ass off and pay her bills herself.

Jia Li who was sleeping peacefully had no idea of what was going on in the Fu house and she had no idea when her servants returned.

The next morning, Jia Li was still in a deep sleep when her favorite servant (The one that has been with her since she first entered the Fu house) walked into the room and went straight for the bathroom to prepare a hot water bath for her.

After getting everything ready, the servant picked some clothes for her before leaving with the laundry basket.

Just as the servant walked away and closed the door, Jia Li frowned in her sleep before slowly opening her eyes.

The day was bright already when she squinted her eyes open. She slowly sat up on the bed and stretched herself, before standing up from the bed.

She was pressed and had to leave for the bathroom but not long after, she came back to her bedroom with a confused look on her face.

When she went into the bathroom, she discovered that the bath has already been prepared for her and when she touched the water, it was still hot.

She was wondering who drew the bath for her, as she had no recollection of what happened last night. She can't remember drawing a bath for herself.

When she walked back into her bedroom, she immediately went to her nightstand and pressed a button that was there.

Are the servants back? Jia Li pondered while sitting on her bed.

Just as she thought, her favorite servant, Mei, knocked and opened the door.

Good Morning, Maam. Mei greeted with a bow.

You're back? Jia Li asked in surprise.

Yes, Maam. Would you like me to help you with something? The servant asked.

No, you can go. Jia Li said to her.

## **Chapter 264 - Grandfather Fu Is Irritated**

Jia Li freshened up and climbed on the scale to check her weight and after she recorded the number. She was all smiles because she didn't add again.

Jia Li went down for breakfast and saw the housekeeper, personally organizing the food on the dining table.

When the servants saw her, they all greeted her and went about with their chores.

Mrs. Zu, what time did you return? Jia Li asked as she sat down and fixed her gentle gaze on the housekeeper.

Housekeeper Zu smiled as she dished some food for her. We came in very late.

How come you all came back so early? Jia Li asked curiously.

.

Madam, please eat first, then I will answer all your questions. The housekeeper said to her with a polite smile.

Since she was very hungry, Jia Li ate her food quietly. The baby had to come first and then she was next.

After taking her drugs and sitting for a few minutes, Jia Li asked the housekeeper to go with her on a walk.

While taking walk outside, the housekeeper explained their encounter at the Fu House including the culprit, as she was opportune to learn about it before they were sent away.

So, it was my sister-in-law. I don't know what I did to her that she treats me this way. Jia Li said in a sad tone.

Madam, there is no need to care about her. You have the young master and the Old master by your side, so you don't need to worry too much. The housekeeper said to her.

Jia Li let out a deep sigh. She was about to continue talking when she heard the bark from Ocean. A smile appeared on her face and she immediately took a detour and went straight to find Ocean and her cute puppies.

The housekeeper was surprised with how fast her mood changed and quickly followed her.

My babies! Jia Li said in an excited tone when she the cute little puppies that were staring at her innocently.

Ocean barked at not being recognized and Jia Li rubbed her body and called out to her in a soft tone. Ocean seemed satisfied because she wagged her tail the next moment.

Jia Li couldnt squat or bend low to reach the puppies, so their trainer/caretaker helped her to pick the little puppies and put them in her arms.

Jia Li was so happy as she called their names and spoke to them while the housekeeper watched from the side. She didnt dare to get too close because of Oceans presence.

When Jia Li was tired from standing, she left with the puppies in her arms. She was taking them inside the house with her.

Ocean didnt wait to be invited after her owner abandoned her because she immediately followed after them.

The housekeeper assisted Jia Li by the arm as they made their way inside the house.

Not long after, Jia Li got a call from an unknown number, when she answers the call, she heard FangSus hoarse voice.

Sister-in-law, Im sorry for what I did, it wont happen again! FangSu apologized and before Jia Li could clear her confused mind, the call had already ended.

Jia Li was still trying to understand the mystery behind the apology when she received another call from grandfather Fu.

Jia Li, this old man is sorry about what happened yesterday, I didnt take care of you properly. Next time, dont allow anyone to step on you. You can scold them as you like. You will be the next Mistress of the family, so you have to learn to exercise your rights and authority starting from today. If you have

any complaints, you can report to me or Fu Hua. Alright, Ive said so much, take care of yourself and my great-grandchild.

Throughout the conversation, Jia Li didnt find any opportunity to say anything to the old man till he finished talking. She could only thank him and say goodbye to him.

After the call, Grandfather Fu glanced at FangSu that was sitting with them at the dining area before looking away with a frown.

He made FangSu apologize to Jia Li before she was allowed to eat. FangSu was already famished after she was punished last night and when she thought she would eat, first thing after she woke up but Grandfather gave all of them a big warning before allowing them to come over to the dining room.

FangSu couldnt eat with her hands because of the injury she has so she could only rely on her mother who was sitting beside her, to feed her.

Grandfather Fu got irritated and asked Fu Hee to let FangSu eat by herself.

She is not a child let her feed herself!

But father, her hands are injured, she cant hold a spoon. Fu Hee said to the old man with a worried gaze.

If she cant feed herself, then she shouldnt eat! Grandfather Fu said angrily. He didnt care about his beloved granddaughters hand injury and wouldnt forget to keep punishing her with every opportunity that was laid in front of him.

Fu Hee wanted to talk but she met Fu ChunHuas gaze. Actually, she was trying to help her and gave a sign not to talk. If she enraged the old man, everyone will suffer.

Fu Hee held back her words and picked up a spoon before passing it to FangSu who was already in tears after being mistreated by her grandfather.

She didnt dare to complain or to let her cries get louder. She ate her breakfast in pain and struggle.

After breakfast, the doctor came over to treat her injuries and surprisingly, the old man released an expensive scar removing cream for his granddaughters treatment.

Grandfather Fus move was really confusing to Fu Hee and FangSu.

Fu Hee took the cream from Butler Lu and thanked him. FangSu said a word of thanks reluctantly after her mother sent a glare at her.

While FangSu was being treated, Fu Meixu called Jia Li to ask about what FangSu did to her and Jia Li mentioned the servants being called back for training.

Fu Meixu filled her in on what transpired in the middle of the night, how FangSu was punished and the episode during breakfast.

...next time, she would have to think multiple times before doing anything. Fu Meixu said.
