### Chapter 517: What are your intentions?

A week before the wedding, all the female family members moved out of the Fu villa and went to live in Jia Li and Fu Hua's duplex which has already been cleaned up by the servants.

Before leaving for the last day of work before her wedding, Jia Li packed her bags by herself before leaving the Fu mansion. Her mother-in-law had already told her that she would bring her bags along to the place, so she didn't have to carry them to work.

Thinking that they would not see each other till 6 days later, Jia Li gave Fu Hua a deep hug and smooched him all over his face before leaving for work.

During the lunch break, Jia Li gave out her wedding invitation cards to her colleagues she had a close relationship with and they were shocked that she was having a wedding.

“Wtf! I thought you were married! I mean, I thought you have already done a wedding.” One of them said in shock while staring at Jia Li.

“I am surprised as well with this invitation but I am happy for you,” Linda said with a smile.

“Yes JL, we are super happy for you. At least you are inviting us to such a high-profile wedding we may never get to attend.” Another one said with a smile.

“But why do I not hear anyone talking about this big wedding? I mean, this is not a small occasion and it should occupy the headlines and billboards for a month!” One of the males said with a proud smile.

Jia Li seemed to have recalled something and she immediately said to them, “Please, don’t tell the outsiders about the wedding, I will officially announce it a day before wedding, I don’t want too much attention.”

“Oh! JL, you are too humble for my liking. If I were to be in your shoes, nobody will rest, I will make sure to stress the whole world.” One of the ladies said while making big gestures.

Linda smiled and replied, “That is why you are not JL.” and the others chuckled heartily.

“Thanks to this wedding, I can finally show my good fashion sense out to the world.” Another female said with a wink.

“JL, you have to make sure the media attention is on us, cause I have to show off the dress I made.”

“JL, you have to introduce me to any handsome single brother out there...”

Just like that, Jia Li’s colleague’s started bugging them about her wedding but she was patient to listen to them rant about her big day.

It was really fun listening to her colleagues talk about how they would prepare for the wedding, like the bags and shoes they would order and where to get their hair and makeups done.

Since Marié’s ugly act online, she has not been associating much with the others but she was still as audacious as she was. Right now, she was not with them because she was still working on something in the office.

Jia Li did not need to give Sunny an invite because Fu Hua would do that himself. After work, Fu Hua kidnapped her forcefully in the underground park and asked Zimo to send her car back home, while he took her out for dinner.

“You really have your way in all things. I just told you that mother was preparing dinner for me but you still did what you wanted.” Jia Li said with a sigh.

Fu Hua smiled and said, “Don’t you want to spend an evening with your husband? Thinking about how I’m going to sleep alone on that big bed for 6 more times makes me want to go crazy.”

“You just have to wait for 6 days, it’s not long.” Jia Li said.

It was just 6 days of not being in each other’s arms and she didn’t think it was that far. Besides, it’s not like he would be alone in the house, there are male family members to keep him company at home.

“You just said that 6 days is not long? Have you ever missed me before?” Fu Hua asked with his gaze on her.

“Of course, when you go on business trips and I feel your absence because you have left for some days.” Jia Li replied immediately.

She indeed used to miss him when he went on business trips that would take him longer than 3 days.

Without knowing that her reply has given Fu Hua an idea, she smiled and looked through the window.

“Since you only miss me when I go on business trips, I have to get your attention now.” Fu Hua muttered under his breath.

Fu Hua took Jia Li to a fancy restaurant to have an expensive and delicious dinner over a bottle of wine.

Jia Li didn't want to eat too much so she would still have space in her stomach to eat the food her mother-in-law had specially prepared for her but Fu Hua had other plans. Since his mother stopped him from seeing Jia Li in her wedding dress and also living together with her, he wanted to get back at her, so he made sure Jia Li finished half bottle of the red wine he ordered, then for the food, he made sure she ate a lot and only stopped when he saw the small bulge on her stomach.

A satisfied smile played on Fu Hua's lips after his plans worked out. Jia Li looked a little tipsy now and she felt that her head was spinning.

"Do you want to rest in a room before I send you back, Jasmine and the rest can't see you in this state?" Fu Hua asked with an evil smile. He seemed to be enjoying the result of his plans.

"You knew very well that my state will be this embarrassing, yet you forced me to finish half bottle of wine plus so many dishes." Jia Li said as she massaged her temples with her fingers.

Fu Hua smiled devilishly and leaned in to whisper to her, "Don't you want to know what my intentions are?"

Jia Li leaned away from him and asked, "What are your intentions?"

"Don't worry, you will find out soon. Let's get a room first." Fu Hua replied with a smirk.

Chapter 518: Lovebirds

(WARNING: An incoming short hot scene of about 300 words. Don't read if you can't handle it)

The tipsy Jia Li was carried into a hotel room by her wolf husband who wanted to devour her by all means.

After placing her on the bed, Fu Hua took off his wristwatch, cufflinks, suit and tie, before quickly unbuttoning his shirt.

A few minutes later, Fu Hua was done undressing and was already taking off Jia Li's dress.

"What are you doing?" Jia Li asked with a frown as she weakly hit his hands away from her body. She was tipsy and a little drunk, so she didn't have the energy to fight him.

"What do you think I'm doing, how about you tell me about it?" Fu Hua said as he pinched her jaw before leaning in to capture her lips hungrily.

The kiss came unexpectedly for Jia Li who didn't even know that she was already stacked naked before him. She tried to push him away when he pushed his tongue into her mouth but she was too weak to do that.

As their tongue danced around each other, Fu Hua lifted his right hand to press her left breast, while his other hand caressed her back.

Jia Li moaned in-between kisses with her eyes closed while wrapping her hands around his neck.

From her lips, Fu Hua trailed hot kisses to her neck, shoulder, back to her neck and then traced it down to her cleavage, before stopping in-between her breasts.

When he was ready to enter her, he positioned himself on top of her and went back to kiss her lips for a few more seconds, before lifting her legs from under her thighs.

“I’m not on any form of contraceptives, I don’t want to get pregnant so soon, do you have a condom?” Jia Li asked with watery eyes. She was too heated up to look at him properly.

Fu Hua almost wanted to curse out. He had not prepared any condom as he thought she was still on contraceptives and now mentioning it at the heat of the moment, he really wanted to know what her intentions were.

If he didn’t get her drunk by himself, he would have thought that this was her plan to ruin his plans.

“I don’t have a condom. I think this is your safe day but if it is not, I will take responsibility if you get pregnant.” And with that, he entered into her immediately without waiting for her to reply.

Jia Li let out a loud moan as he entered her and began to move at a low pace. The pleasure was too much for her to handle, given how wet she was.

She had wanted to tell him she was not on about him being responsible if she got pregnant because he would have no choice but to be responsible.

She was worried because she was not ready to have another child.

Jasmine was a handful and having another child means that she had to take a pot of days off work to take care of the child as she did with Jasmine.

Three hours later, Fu Hua arrived at his and Jia Li’s home. It was already past 9 pm when he arrived. He would have loved to spend the night with her but his mother may not allow him to see his bride even at the altar, so he had to bring her back.

And besides, before leaving for the hotel, he had turned off their phones so nobody would be able to contact them and until now, their phones were still off.

Fu Hee was so angry as she paced up and down with her phone in hand. She has been trying to reach Jia Li and Fu Hua since Zimo brought Jia Li's car back but it has been impossible.

Zimo had already told her that the couple was together but she was still worried.

“Where in the world did he take her to? Does he plan to flaunt my orders now?” Fu Hee asked angrily.

Fu Meixu who sat on the couch while eating some grapes said to her in a worry less tone, “Aunty, you know that cousin Hua would like to spend more time with Jia Li since he wouldn't get a chance like this till after the wedding.”

“Still, isn't he taking this too far? I prepared all of Jia Li's favorite for lunch to mark off the date for the self-care but he chose to steal her today.” Fu Hee ranted.

“Mum, it looks like you have forgotten how lovebirds act. Surely, your wedding and honeymoon phase has been long past, so you don't understand anymore. But I suggest that you meet dad for some comfort.” FangSu said with a playful smile that almost landed her in trouble.

“What?” Fu Hee asked as she stared at FangSu furiously. If something tangible was close by, she would throw it at her.

The mother and daughter were interrupted by heavy footsteps coming towards the living room.

Fu Hua appeared before them with Jia Li in his arms. His facial expression was cold but that of Fu Hee was colder.

She didn't care if he was pretending to be unmoved that he brought Jia Li back home late as she was angrier than his pretense or seriousness.

“Lovebirds.” FangSu said in a low tone as she directed a smile towards her brother.

Fu Meixu couldn't hide the sweet smile on her face as she gazed at the couple.

Fu Hee took steps towards Fu Hua, so she could take a good look at Jia Li who was sleeping in his arms. When she got close enough, she fixed her gaze on Jia Li and studied her to make sure she was okay.

Just as she was about to move her gaze away, she noticed the red spots on her neck and a visible frown appeared on her face.

It looked like she recognized what those marks were because she suddenly shot a glare at Fu Hua and pointed a finger at him.

“What did you do to her?” She asked.

Fu Hua adjusted the sleeping woman in his arms and replied, “We drank and we spent time together.” Fu Hua said the last part while sparing a glance at his mother.

FangSu and Meixu glanced at each other and smile mischievously. Just by looking at Fu Hee's gaze that was mixed with shock and anger, sweetened their hearts.

Fu Hee just stood there and watched her son walk past her with his wife in his arms. She had a lot of words to say to him but they were stuck in her throat.

## Chapter 519: Teased

Fu Hua helped Jia Li to change into her nightdress since he already helped her to bathe after their entanglement at the hotel. After helping her into her nightdress, he tucked her in and left after kissing her on the lips gently and kissing his sleeping daughter's forehead.

“Brother, goodnight,” FangSu said happily as she waved to Fu Hua when he got into his car. FangSu was proud of her big brother for annoying their mother to a great extent.

Well, it's not like he hasn't been like that since childhood.

When Fu Hua left, Fu Hee went to check up on Jia Li by herself and after she was clear that she was okay, she left.

She ordered the kitchen to prepare a hangover soup for Jia Li early tomorrow morning, so she wouldn't have a bad morning.

Fu Hee's anger was because the marks Fu Hua left on Jia Li's body may take time to disappear as they have a wedding in a few days. She was worried that there wouldn't be enough time for the marks to fade.

The next morning, Jia Li woke up with a banging head, and a weak body. If Jasmine hadn't woken her up, she would have loved to continue sleeping till noon.

The first thing Jia Li did after she sat up, was to massage her temples before hugging her little bun to her chest.

“Jasmine, your dad is horrible.” Jia Li said in a tired voice.

“What’s horrible ?.” Jasmine asked with a smile. Jia Li did not dare to say the meaning of what she just called her father, as she would not like the little girl to learn such words now.

“Forget it.” Jia Li said as she relaxed her head on the headboard and closed her eyes tiredly.

Jasmine laid her head on her chest and closed her eyes while tapping her arms with her fingers. She was mimicking her mother.

Remembering the events of last night, Jia Li’s eyes immediately shot open when she recalled that she wasn’t on any contraceptives before last night’s event.

“Damm!!!.” Jia Li said before gently pushing Jasmine off her body. She glanced at the nightstand and saw a bowl of soup that was placed there. She guessed it was a hangover soup, but that was not her interest now.

She opened the drawer on the nightstand in search of some sort of miracle contraceptive pills, but she didn’t find any, which made her think of fainting.

The little bun who sat by herself on the bed, had her gaze on her mother as she was curious to know what she was going on about.

You know what saved Jia Li’s ass, Fu Hua came up to the room with the pills he had the doctor prescribe for her.

Since Jia Li was not on any contraceptives before their entanglement, an emergency contraceptive would be the best for her situation.

After taking the pills, Jia Li drank her soup and rested her head on the headboard before asking with her gaze on Fu Hua, “Who allowed you to come up here?.”

“Are you not happy to see your husband after a passionate night?.” Fu Hua asked with a smile as Jasmine who sat on his thighs, played with his shirt buttons.

It felt like Jia Li just had a joke. “Should I be happy to see the person that almost banged my nuts out?.”

“What!” Fu Hua mouthed in shock and immediately covered Jasmine’s ears. “We have a child here.” Fu Hua reminded her.

“As if...” Jia Li said and looked away in annoyance.

Fu Hua smiled at her. He knew she was annoyed, so he didn’t want to argue further with her, and besides, this was not a good time to look for her trouble as their wedding was in 5 days.

How did Fu Hua get upstairs with Fu Hee sitting in the living room? Just know that he didn’t find it easy coming up there.

At first, Fu Hee did not allow him to climb the stairs, but she only relented when she heard his shameless threat.

“I bought an emergency contraceptive pill for Jia Li. If you delay me and she ends up with a big stomach in a few months, she wouldn’t come after me, because you would be the one at fault.”

Fu Hee found his words embarrassing because he said that in front of some servants, so she had no choice but to allow him to go upstairs.

Fu Hua did not waste time there. He only accompanied the mother and daughter to wash up and change into a new set of clothes before leaving.

Even without anyone inviting him to breakfast, he would have still made himself at home, but he had an appointment to catch up at the office, so he had to leave.

At the breakfast table, FangSu who was sitting beside Jia Li noticed the red dots on her neck area and said while touching them, “My brother is so active on the bed! He must find you so irresistible!”

Jia Li and Fu ChuHua choked on their food, while Fu Meixu chuckled with a hand over her mouth. Fu Hee looked furious as she asked FangSu to shut her mouth.

One thing was clear to Jia Li, everybody knew what happened between her and Fu Hua the previous night, and that caused her to be so embarrassed that she felt like disappearing.

Jia Li almost finished a glass of water before she continued eating with her head lowered. How could she dare to meet anyone’s gaze after her shameless husband caused her to be embarrassed before his family?

After breakfast, Fu Hee gave everyone the day’s schedule. She had wanted Jia Li to get some rest, but she figured out that she might need a massage more than ever, so she arranged for the people at the beauty parlor to come over and give them premium treatment. Even Jasmine got to enjoy a massage and slept off from there with a baby glass of orange juice by her side.

Mei had to carry the little girl back to the bedroom to get quality sleep after her massage section ended.

## Chapter 520 - Can't Dress Like This

The next day, they all went to the spa to get their facials done. Three days before the wedding, Jia Li's friends arrived with gifts. The house was big enough to accommodate them, so Fu Hee didn't let them stay in the hotel.

It was truly fun with all these ladies in one house. They chatted, did exercises (yoga) together, got their facials and massages done and enjoyed the food prepared by a 5-star chef everyday.

Jia Li as the bride was of course given a premium treatment and what was funny was the little bun trying to copy her mother in anything she did.

A day to the wedding was the bridal shower. FangSu suggested going to a club or throwing a party in one of the places she normally frequented but the eye roll from her mother was enough to stop her from continuing to bring up that suggestion.

Jia Li smiled and said she has already prepared for the Bridal shower to take place in the house, as partying was not part of her lifestyle and she wasn't comfortable with it.

Jia Li was the bride and got to decide what she wanted since she wasn't comfortable with a lot of things but there was something she couldn't decide and that was her outfit for the house party after the interior decorators left.

It looks like FangSu and Meixu were prepared beforehand. Since they couldn't drag Jia Li out to party with them, they forced her to put on a sexy outfit.

When Jia Li saw the ridiculous outfit on her bed, she picked it up and gazed at it with a big frown on her face.

‘You mean you want me to put this on?’ Jia Li asked as she glanced between the Fu sisters.

‘Why not? Don’t be shy and besides, we are all ladies and the servants are all females as well, so relax.’ Fu Meixu said with a wink.

‘Relax?’ Jia Li said after her. ‘This outfit doesn’t seem relaxing and comfortable and it is too crazy to be a dress. I can’t wear this what will mother think?’

FangSu snatched the outfit from her and raised it so she could have a better view. ‘I can’t believe you are worried about my mother’s opinion. Don’t you know that she wouldn’t say anything if you choose to wear it? She knows your taste, so she doesn’t allow us to force you to do anything you are not comfortable with. But today is an exception, you only have to put it on for a few hours before we change into our customized silky night dresses.’

Jia Li was quiet as she glanced at the dress one more time and that made it seem to FangSu and Meixu that she was seriously considering it but to their surprise, she shook her head in disbelief and wanted to walk past them.

How could FangSu and Meixu let her waste their effort and convincing power? They both exchanged glances before holding Jia Li in each arm and then dragging her inside the walk-in closet while ignoring her protests.

After a few minutes of struggle, Jia Li was ushered out of the inner room completely dressed in the ridiculous outfit.

‘Stop touching the dress, it looks beautiful on you.’ Meixu said as she studied her figure.

Jia Li glanced at her and asked, ‘It does? But why do I feel otherwise?’

‘Don’t tell me my brother doesn’t let you wear clothes like this?’ FangSu asked with her gaze on her.

‘I don’t like wearing clothes like this because it attracts a lot of attention to me because of my figure. But he has given me an outfit close to this before.’ Jia Li said with a frown as her gaze rested on her chest area which was exposed.

The dress Jia Li was putting on, was short, it exposed her back and had V-neck. For someone busty like her, the outfit had a lot of impact on seduction.

When Fu Hee saw Jia Li in that dress she was surprised at first but when she saw FangSu and Meixu walking beside her, she didn’t need to ask questions to clarify that they were behind it.

Fu Hee thought that Jia Li was uncomfortable in that dress because she kept touching her chest and pulling the hem of her dress, so she walked to her side and asked, ‘Are you comfortable? If you are not, you can go and change out of...’

‘Mum, don’t ruin our plans.’ FangSu said before pulling Jia Li to leave.

When Jia Li’s friends saw her in the dress, their mouth was wide agape in shock.

‘Girl, you are looking hot.’ DanDan said.

Chang Chang blinked her eyes repeatedly before saying, 'You look like you are ready to charm people.'

When Jasmine saw her mother, the little girl didn't quite understand what was going on but Jia Li felt guilty with her looking at her that way. This was a first for the little girl.

'Jasmine, remember that you can't dress like this in future.' Jia Li said to the little bun with a helpless smile. Jasmine nodded obediently and looked away.

Who knows if she understood the instruction that was given to her.

The party started soon and Jasmine was present. And with her presence, no ridiculous thing would happen but one can not stop the girls from being naughty, so what the grandmother could do for the little bun, was to place a headset to cover her ears with it.

The music was not loud and was turned down to a moderate volume and what the little bun could hear, were songs from Disney cartoons and other baby songs from her headset.

Later, Fu Hee and Fu ChunHua carried the little bun away because the ways of the young people was surely different from theirs.

Because the next day was the wedding, the girls couldn't drink too much. Jia Li didn't taste any alcohol apart from one glass of Champagne that was used for toasting.

Jia Li was grateful that there were some snacks and food they could help themselves with apart from the cake and drinks.
