

What? The two policemen were startled upon hearing Sima Yan'er's words.

"C-Captain... W-Was the black figure that moved past us just now a man? How could he move that fast?"

"That's right! Oh my god, he moved so quickly that he looked like an illusion. Was that even a speed that humans can even achieve?"

The two policemen looked dumbfounded at the moment.

However, upon seeing their shocked expressions, Sima Yan'er snapped, "Cut the crap! I'm asking you to start the car! Catch up to that b*stard!"

Sima Yan'er was almost 100 percent sure that the black figure just now looked very much like Lin Fan.

Judging from his astonishing speed and his desperate manner, she thought that something must have happened.

Upon being scolded by Sima Yan'er, the two policemen hurriedly started the car. They drove the car over the sidewalk to avoid the line of cars on the road as they chased after Lin Fan's disappearing figure ahead of them.

However, what happened right after that shocked them.

The black figure ahead of them moved extremely fast as it flashed in and out on the road like a phantom.

A fierce wind would sweep across wherever he passed by, shaking the trees at both sides of the road violently.

Even a lot of pedestrians fell over as Lin Fan's figure moved past them.

"D*mn, how could that be possible? I'm driving the car at the highest speed, but how am I unable to catch up with that guy? H-How is he capable of doing that?"

The policeman who was driving the car was totally stupefied at the moment.

Beads of sweat dripped down his forehead.

He was already driving the police car at the highest speed under the safety limits, yet the black figure ahead of them was a little bit faster than his car.

As the distance between Lin Fan and the police car increased, he could even vaguely see that Lin Fan was about to disappear from his sight at any minute.

The other policeman in the passenger seat and Sima Yan'er in the back seat were also stunned as huge waves of astonishment were crashing about in their hearts.

"He's an expert! This guy is definitely a martial arts expert!"

"Besides, judging from his murderous aura, it seems that he's going to murder someone!"

Sima Yan'er could only feel her scalp tingling as the thought occurred to her. She immediately urged the driving policeman again to drive faster.

You scoundrel! I must catch you to make you pay the price for taking my virginity!

Sima Yan'er gnashed her teeth as she hated Lin Fan bitterly deep down inside.

Soon after that, Sima Yan'er and the other two policemen arrived at the Crown Clubhouse in their police car after Lin Fan. As soon as they arrived, they saw that Lin Fan had already disappeared into the clubhouse.

"Hurry up!" Sima Yan'er hastily jumped out of the police car as soon as it stopped. She burst into the clubhouse with her two

subordinates.

As soon as they entered, they saw the hall manager of the clubhouse and the receptionists staring at the stairs in disbelief, as if they had seen something inconceivable.

Sima Yan'er asked the hall manager, "Have you all seen someone coming in just now?"

Upon hearing her question, only then did the hall manager and the others notice the presence of the three police officers. The hall manager answered immediately, "Sir, we saw someone bursting in just now. He dashed upstairs before we could stop him!"

However, as the hall manager spoke, a disdainful smile crept over his face. "Don't worry, sir. That brat might have gone upstairs quickly, but he'll come rolling down soon. Each floor upstairs is guarded by 20 bodyguards. That guy will be thrown downstairs very soon."

Thrown downstairs?

Sima Yan'er shook her head and said indifferently, "Cut the crap. Lead us the way."

Then, she grabbed the hall manager and had him lead the way in front of them.

The hall manager could do nothing against her, so with a helpless expression on his face, he took Sima Yan'er to the stairs while trying to persuade her against it. "Madam, I said that there's no need for that. He's nothing but a small fry. He is digging his own grave by charging into our clubhouse. Young Master Ye is in the most luxurious suite and he has almost 40 bodyguards. That guy will have to consider himself lucky if he doesn't get beaten to death."

As the hall manager spoke, he took the three of them to the stairs of the first floor.

However, as soon as they reached the stairs, the expressions of the hall manager, Sima Yan'er, and her two subordinates changed drastically.

To their astonishment, they saw one man in black after another lying on the stairs that reached the second floor, obstructing the entire staircases.

Besides that, these men had all lost their consciousness. Some of them had their legs bent out of shape with fractures, whereas the others had their chests caved in and their mouths full of blood.

Scarlet blood dripped down the stairs like a tiny stream of blood, sending chills down

everyone's spines.

"Tang! Ma!"

The hall manager's eyes almost popped out when he saw the scene.

As he counted the men, he realized that there were five twenty of them!

He was dumbstruck to see that the ones lying on the floor were all the strong and burly bodyguards of the clubhouse.

These men were in an absolutely miserable state; they looked as if they were attacked by a horrifying malevolent beast.

Besides him, Sima Yan'er and her two subordinates also felt their scalps tingling.

They could naturally tell that these unconscious bodyguards in black were all strong and sturdy men. Even though they had ganged up, they were knocked unconscious with serious injuries by a single man in a brief moment.

That guy was horrifying to a superhuman degree.

"M-Madam, was the guy who burst in just now really human?" The hall manager's

previous arrogance vanished at that very moment.

His face looked as white as a sheet, as though he had seen a ghost. Beads of sweat dripped down his forehead as he almost wetted himself out of fright.

Sima Yan'er's face darkened when she heard the hall manager's words, but before she could speak, a policeman next to him gulped a mouthful of saliva and said in a trembling voice, "He... He's probably a monster!"

A monster!

The policeman's words scared the hall manager so much that the latter almost passed out.

However, right after that, he trembled as he seemed to have recalled something. "Wait a minute. It's noon right now, and only a suite is opened in the clubhouse. This monster had wounded so many of our bodyguards, so he must be heading toward the most luxurious suite! Oh no! Young Master Ye is in danger!"

What?

Upon hearing his words, Sima Yan'er and the other two policemen instantly realized what

Lin Fan was here for.

The trio's expressions changed as they shouted immediately, "Hurry up and bring us to the most luxurious booth! Stop him! He must have come to murder someone. We must stop him!"

Sima Yan'er's face looked horrifyingly pale. She could not imagine what a wretched state Young Master Ye would end up in if such a terrifying man were to kill him.

Meanwhile, loud and continuous door banging noises were heard coming from inside of the most luxurious suite of the clubhouse.

Now, Chang Yuan was panting heavily. He wiped the sweat off his forehead while talking to Ye Chen at the same time. "Y-Young Master Ye, the door of your clubhouse is too hard. I still can't break it after kicking it so many times!" Now, Chang Yuan just felt very tired. He didn't expect that the act of busting in through the door would be so difficult.

The expression on Ye Chen's face became grimmer when he saw this. "You are such a useless wimp! Keep kicking! It's going to open soon! Later, my men will block that Lin Fan guy. After they capture him, I'll order those bodyguards to help you!"

Just now, after Ye Chen found out that Lin Fan was on his way here, he sent all his bodyguards to get ready to capture Lin Fan. Since quite some time had passed, Ye Chen thought they had succeeded in capturing Lin Fan.

Upon hearing Ye Chen's words, Chang Yuan nodded in an eager attempt to please him. He then continued to land several heavy kicks on the washroom door with all his

might.

Crack! The sound of breaking wood was heard after another kick was landed on the door. This excited Chang Yuan and Ye Chen. They saw a long and narrow crack appear on the washroom door.

“Haha! Finally, it’s about to open soon!” Chang Yuan was ecstatic while wiping the sweat off his forehead.

Ye Chen, who was standing beside Chang Yuan, became so excited that he could barely control himself. He shouted at Bai Yi through the crack on the door. “Bai Yi, do you see that? The door is about to break! I suggest you stop fighting and just surrender yourself to me quickly! If you do so, maybe I can consider letting your husband go and not to kill him! Or else, if I catch you after I break in through the door, I’ll rape you and kill Lin Fan too! Haha!” Ye Chen sounded very excited and wicked at the same time.

In the washroom, Bai Yi’s pretty face became really pale when she heard the man. “N-Nothing is going to happen to Lin Fan! There’s no way you people will ever capture him!”

Now, Bai Yi could feel the drug began to wear off gradually. She was, however, very

worried about Lin Fan. Even though she knew he was a powerful martial artist with extraordinary fighting abilities, the opponents he was about to face were a bunch of bodyguards from the Ye Family; all of them looked very ruthless and strong. She couldn't help but worry if Lin Fan could defeat them.

Boom! At the same time, Chang Yuan landed another heavy kick on the door, which made the crack on the door grow wider instantly.

Outside the door, evil laughter of Ye Chen and Chang Yuan grew louder as they became more thrilled.

"Keep going! It's going to work very soon!"

Ye Chen's face turned red out of extreme excitement. It was as if he could picture the exciting scene of himself pinning Bai Yi to the floor any moment from now while forcing himself upon her right in front of Lin Fan. Ye Chen couldn't help but touch his groin when the obscene thought flashed through his mind. He was convulsing in excitement.

Noticing the look on Ye Chen's face, Chang Yuan put on a smile on his face in an attempt to play up the man. He nodded and kicked on the door frantically, which was

about to break any minute.

Bang! Bang! Bang! Chang Yuan kicked on the door over and over again. The crack on the door widened with each kick that landed on it. Gradually, the duo could see what was going on inside the washroom.

Chang Yuan landed a final kick on the door. *Boom!* The whole door burst open as splinters and wooden planks scattered around everywhere.

Chang Yuan and Ye Chen were thrilled to see Bai Yi sitting on the floor, looking very panicked and desperate.

It's over! Everything's over! Tears rolled down from Bai Yi's beautiful eyes, but there was an eyebrow razor in her delicate hand.

"Haha! Finally, Bai Yi, you'll become my woman at last!"

Ye Chen was very thrilled to see Bai Yi's pale face at that moment. *Finally, the prettiest female president from Jiang City will become my personal sex toy!* Ye Chen became aroused as he felt a warm sensation on his lower body part when he thought of this.

Now, step by step, he advanced toward Bai Yi steadily.

On the other hand, there was a complicated expression on Chang Yuan's face. He had a crush on Bai Yi for so long, but in the end, he couldn't believe that he actually allowed Ye Chen to get the chance to do it with Bai Yi first. "Bai Yi, just surrender yourself to Young Master Ye! Don't worry, I can marry you after that. I won't mind what's going to happen to you! In my eyes, you'll always be my goddess!"

As he finished speaking, Chang Yuan stepped aside and made way for Ye Chen, who walked passed him toward Bai Yi.

However, at that moment, Bai Yi's loud shriek echoed through the room. "Both of you stay away from me!" She then placed the eyebrow razor on her neck.

Gasp! Chang Yuan and Ye Chen were startled when they saw this. They totally didn't expect Bai Yi to be so determined that she would rather die than surrender to them. As they watched the sharp eyebrow razor slicing through Bai Yi's fair skin, they saw crimson blood oozing out from her neck and dripping onto the floor continuously; the duo became panicked as an awful expression crossed their faces.

"Bai Yi, calm down, don't do anything stupid!" Ye Chen stopped in his tracks

immediately, not daring to take another step forward.

As for Chang Yuan, he exclaimed nervously, "Bai Yi, don't be stupid! You can't turn things around even if you die! Don't forget that your husband, Lin Fan, is still alive! If Young Master Ye takes his anger out on Lin Fan, he can't do anything but to die along with you!"

Lin Fan! Bai Yi's pretty face grew paler when she heard his name. "No! There's no way you people can ever harm Lin Fan! Besides, he will avenge me!"

As she spoke, Bai Yi kept reminiscing about the past as her beautiful eyes flickered with happiness. All the sweet memories of her and Lin Fan being together flashed through her mind, like movie scenes being played on screen. Three years! She passed the three years happily because Lin Fan was always there to keep her company every day.

"Hubby, I can't stay by your side until the end and we can't grow old together! I can no longer accompany you through all the highs and lows of life anymore! We shall meet again in the next life. Goodbye!"

Drip! Drip! Beads of shiny tears rolled down from Bai Yi's beautiful eyes to the floor continuously. Like the teardrops that scattered upon falling onto the floor, her heart was s

hattered into pieces out of utter despair. Then, a determined look flickered in her eyes as she made up her mind to take her own life. She raised the eyebrow razor immediately and stabbed it on her neck fiercely!

“Lin Fan, goodbye!” Bai Yi uttered her final farewell to Lin Fan in a sorrowful and desperate shriek.

The expression on Ye Chen and Chang Yuan’s faces changed abruptly when they saw this. They were unable to stop Bai Yi even though they wanted to. Now, they could already imagine themselves seeing blood splattering everywhere and the beauty they yearned for dying a gruesome death in front of them.

But, at that moment, a cold shivering aura filled the entire suite suddenly. Then, a piece of small object about the size of a fingernail was shot as fast as lightning into the room from outside.

Whoosh! The object was fired at an extremely high speed with incredible precision. Within a split second, it hit the eyebrow razor in Bai Yi’s hand.

Clang! Bai Yi felt her palm quiver before the eyebrow razor was knocked out of her hand and fe

ll to the floor immediately.

It was so close! Bai Yi's throat was about an inch close to being slit open by the razor.

Now, all of them turned to look at the wall. Finally, they could see that the object which knocked the eyebrow razor out of Bai Yi's hand was actually a pebble.

They were very surprised and impressed because the pebble was fired at such an incredible precision and force that it didn't hurt Bai Yi at all. After it knocked the eyebrow razor over, it went straight to the wall and became embedded in it like a bullet.

Woah! Bai Yi wasn't the only one who was baffled; Ye Chen and Chang Yuan were also shocked when they saw this. They couldn't believe the person would be so incredible that he was able to save Bai Yi with just a pebble while shooting it into the wall at the same time. This required incredible precision and powerful arm strength.

At that moment, all the three people in the room turned quickly and looked at the doorway of the suite. That was when they noticed a figure that had appeared from out of nowhere at the empty doorway. The person was...

"Lin Fan!" Bai Yi felt as though all energy had left her body when she saw Lin Fan. She went limp and fell onto the floor as tears rolled down from her beautiful eyes. Despite all the crying, a smile of happiness crossed her face. *He is here.* The man always appeared every time when she was in danger, like a guardian angel. He would appear by her side and save her from all the dangers she was in.

Beside her, Chang Yuan's body trembled involuntarily the moment he saw Lin Fan. All of a sudden, he was overwhelmed with terror and had a bad feeling about his fate.

As for Ye Chen, his eyes widened in shock

when he heard Lin Fan's name. A look of utter disbelief filled his eyes. "That's impossible! H-Hey punk, how did you get up here? All my bodyguards are outside, it's impossible that they can't stop you! Tell me, where have they been?" Ye Chen sounded terrified and shocked.

Other than that, what terrified Chang Yuan and Ye Chen the most was the look in Lin Fan's eyes; they were crimson with rage and malignance. Lin Fan looked like a cruel and bloodthirsty beast that was on the verge of exploding with fury, which would send shivers down the spines of anyone who saw him. His loud and murderous growl was especially terrifying, which sounded like a voice from hell. "Both of you shall die!" His growl echoed through the room.

Whoosh! With that, Lin Fan disappeared suddenly.

"Young Master Ye, move! Quickly!"

The expression on Chang Yuan's face changed abruptly. He tried to get out of the way by moving to one side quickly, but just as he started to move, he noticed—to his horror—that Lin Fan was already in front of him.

Lin Fan swept his foot across immediately

and landed a heavy roundhouse kick on Chang Yuan's legs. The force of the kick was so great that it resembled that of an impact of a meteorite hitting Earth.

Crack! Crack! Chang Yuan goggled at his own legs in terror. Following Lin Fan's roundhouse kick, his legs were broken instantly like thin and dry rotten twigs. With both of his legs broken, Chang Yuan could no longer support his own weight to stand properly. He fell face down onto the floor with a loud bang.

"Aaah!! My legs! Lin Fan, y-you broke my legs! No..."

Extreme shock and horror flickered in Chang Yuan's eyes. Both of his legs were completely broken now; the broken bones within his legs penetrated through his skin, protruding out from his trousers. The white broken bones that were exposed on the outside with pieces of bloody flesh hanging on them would have made anyone who saw that shudder.

Moreover, the excruciating pain from the wounds consumed Chang Yuan immediately and caused his face to turn as white as a sheet. He couldn't stop wailing in agony like a pig being slaughtered.

That's really cruel and merciless! Ye Chen, who was standing beside, was so terrified that he almost peed himself in his pants when he saw Chang Yuan's predicament. He couldn't believe that his bodyguards had failed to stop Lin Fan. He didn't expect that the guy would straight away cripple Chang Yuan like he was just slaughtering some chickens and dogs as soon as he entered the room.

Moreover, Ye Chen froze in horror when he noticed that Lin Fan had turned to glare at him. *Gasp!* He had a feeling of being marked by the grim reaper as shivers spread throughout his entire body.

"L-Lin Fan, you can't lay your finger on me. I'm a young master from the Ye Family! The Ye Family is one of the Four Greatest Hidden Prominent Families. If you lay a finger on me, the Ye Family will hold a grudge against you. By that time, you'll die for sure if you offend two of the Four Greatest Hidden Prominent Families at the same time!" At that moment, Ye Chen's voice was trembling as cold sweat dripped continuously from his forehead. "Also, my older brother and his team of bodyguards are just upstairs. If he hears what is happening down here, he'll come down and check things out! By that time it happens, I'm not even sure whether you and Bai Yi can walk out of Crown

Clubhouse alive or not!"

His older brother! After hearing Ye Chen's words, Chang Yuan, who was at the side, stopped wailing for a while as he raised his head and glared at Lin Fan. With venom in his tone, he shouted, "Young Master Ye, tell your brother to get down here now! We mustn't let go of this b*stard Lin Fan! He broke my legs! Kill him! You must kill him for me!"

There was an intense tone of resentment and hatred in Chang Yuan's words. Since both of his legs were broken, he would definitely become a handicap in the future. Now, he only wanted to kill Lin Fan. He was willing to give up anything in return for Lin Fan's death.

Ye Chen grew more courageous when he heard Chang Yuan. He continued to persuade Lin Fan by saying, "Lin Fan, you have to think this over again carefully. It's not just for your sake, but for Bai Yi's sake as well. If you let me go this time, you and Bai Yi can leave the clubhouse safely. Besides, I will promise to tell my older brother and his men to not lay a finger on you when you're on your way out of here. Plus, I can help you resolve your misunderstanding with the Bai Family. What do you think?"

At that moment, Ye Chen was completely petrified. He was terrified by Lin Fan's murderous intent. Now, all he ever wished for was to be safe and sound. He didn't want to end up tragically like Chang Yuan, being crippled and in immense pain. In order to prevent Lin Fan from harming him, Ye Chen was even willing to offer his assistance in helping Lin Fan to resolve his misunderstanding with the Bai Clan.

Bai Yi was relieved when she heard Ye Chen. She persuaded Lin Fan too. "L-Lin Fan, why don't we just forget about it and let him go since I'm not hurt? Besides, he's a member of the Ye Family. We can't hurt him! We can't mess with the Ye Family!" As she spoke, a bitter smile crossed Bai Yi's face.

Their company, the New Bai Family Group, was too weak to go against a powerful hidden prominent family like the Ye Family. With just a single move from the family, the New Bai Family Group would be destroyed completely. Besides, all she wanted now was for Lin Fan to stay safe and sound. As long as Ye Chen could help Lin Fan to resolve his misunderstanding with the Bai Clan of Jiangnan Province, she wouldn't mind all the sufferings she had to endure on this day.

However, an unemotional word came out of

Lin Fan's mouth, which surprised everyone in the room. "No!" Ye Chen, Bai Yi and Chang Yuan were all stunned; they couldn't believe that Lin Fan had actually rejected Ye Chen's offer.

Not only did he reject Ye Chen's offer, Lin Fan took a step forward suddenly while glaring at the young man with his sinister and furious eyes, as if he was staring at a prey that was caught in his claws. "I've thought of simply making you a cripple since you tried to harm Bai Yi. However, you almost got her killed, so I'll have to... kill you instead!"

Gasp! There was an intense killing intent in Lin Fan's words. Ye Chen's expression changed abruptly upon hearing that. However, just as he was about to continue threatening Lin Fan, he was shocked to notice that the latter's leg was flying toward him after tapping on the floor with his foot. Within a split second, the kick landed heavily on his groin.

Thud!

A crushing sound came from Ye Chen's lower body.

He felt a sharp pain in his crotch, and then he was kicked up into the air.

He literally flew three meters away from the kick.

Ye Chen's knees buckled and hit the ground with a thud.

Drip!

Drip!

As blood began flowing out from Ye Chen's crotch, the pain was so overwhelming that his entire body trembled.

"Ahhhh!"

"My crotch, y-you incapacitated me... How dare you incapacitate me, bastard!"

Beads of cold sweat trickled down from Ye Chen's forehead.

Terror, hatred, and resentment were all visible in his eyes. He could have never imagined that Lin Fan would still have the

nerve to incapacitate him after he had indicated that he was from the Ye Family.

This guy was really a maniac.

Even Chang Yuan and Bai Yi were also terrified.

Ye Chen's severe injuries signified that Lin Fan was starting a deadly feud with the Ye Family.

This guy was doomed.

"Lin Fan, you..."

Bai Yi was so panicked that she was as white as a sheet.

However, Lin Fan was completely unperturbed. Walking forward, he helped Bai Yi up and brought her to the couch, then said softly, "Darling, cover your eyes and don't watch what happens next! Like I said, since he has almost made you lose your life, he deserves to...die!"

What?!

Upon hearing Lin Fan's words, Bai Yi's expression changed. She had never thought that Lin Fan would actually want to kill Ye Chen instead of simply incapacitating him!

“Lin Fan, please don’t be impulsiv...” Just when she was going to persuade Lin Fan not to kill Ye Chen, she suddenly felt her vision go black and eventually lost consciousness.

“Darling, you’re exhausted. Just rest for a while and leave everything to me!” Lin Fan spoke softly to Bai Yi and removed his hand from her acupoint.

Then, he turned his gaze toward Ye Chen.

At this moment, Ye Chen was completely dumbfounded.

He finally understood that Lin Fan was really going to kill him. This guy was undoubtedly a horrifying maniac.

Tap tap tap!

Especially when he saw Lin Fan walking toward him, he could only feel his scalp tingling.

“No... Lin Fan, you’ve already incapacitated me. You cannot kill me! You must not! Otherwise, the Ye Family will absolutely kill you and your family no matter the costs!” Ye Chen said, his voice full of panic.

Fear!

Despair!

At this moment, he even regretted having provoked this maniacal Lin Fan. This guy was too cruel and crazy.

However, Ye Chen became even more astonished when Lin Fan did not flinch at all at the sound of the Ye Family's name. Instead, Lin Fan just smiled mockingly and said, "What harm can the Ye Family bring to me? You harmed my wife, so you deserve to die! If the Ye Family wishes to take revenge, all of them will be eliminated!"

What!

Lin Fan sounded extremely arrogant as though the Ye Family meant nothing to him. Ye Chen and Chang Yuan could hardly believe their ears.

Just when Ye Chen was going to say more, a cold voice suddenly rang from the outside.

"How dare you? Who is being so arrogant that he wants to eliminate the Ye Family!"

The words sounded piercingly cold and fierce.

Upon hearing the voice, Ye Chen was first startled then became delighted!

“Tian! Hahaha... Tian, hurry up! Save me! Please save me!”

Ye Chen looked outside the room with great anticipation.

Not only him, but Chang Yuan was excited too.

Did he finally arrive?

Chang Yuan had heard before that Ye Chen's eldest brother was not only the Ye Family's direct disciple, but he had even learnt medical skills by following a Divine Doctor around the country.

In addition, the Ye Family placed high hopes on this eldest brother of Ye Chen. They allowed him to hold a high status and he was even one of the promising successors in the family.

Besides, rumors had it that he had recently gotten close to an influential man. His return this time was to inform his family about this great news.

Under the duo's expectant gazes, the sound of quick footsteps rang nearer outside the room.

Then, several strong bodyguards appeared

at the door.

There were ten- no, twenty of them!

...

These strong men looked like iron towers, and their fierceness was evident.

Just then, a young man walked out from the path that had been laid out by the bodyguards.

He was Ye Chen's eldest brother.

"Tian! Hahaha... You're finally here! Hurry up, get someone to help me take this maniac down!"

Ye Chen was so delighted, as though he had seen his own salvation.

Meanwhile, Chang Yuan also looked excited; his gaze toward Lin Fan was full of contempt and satisfaction.

It was over!

This arrogant bastard Lin Fan would face his doom now.

Just as the young man reached the door, he saw Ye Chen kneeling on the floor with

blood oozing out from his crotch. His face darkened immediately at the scene.

“Chen! Y-Your crotch!”

The young man was boiling with anger. He did not even manage to take a glance at Lin Fan, but instead dashed toward Ye Chen to check on his injuries.

The young man’s expression became even worse after taking a look at Ye Chen’s injuries.

“Damn it! Chen, y-you’re totally incapacitated! I’m afraid that you will never make a full recovery!”

What!

The young man’s words were a massive blow to Ye Chen, and his face turned ashen.

He knew that his brother had excellent medical skills and was the disciple of a Divine Doctor.

Since his brother had said that he was unable to heal his crotch, this too signified that he had truly become incapacitated for life.

“Ah! Kill him! Tian, help me kill him!”

Ye Chen stared at Lin Fan as though he was looking at his worst enemy.

After hearing Ye Chen's words, the young man had a murderous look in his eyes too.

Slowly, he stood up and turned around, then looked toward Lin Fan's direction.

He wanted to have a clear look at the man who had not only incapacitated and wanted to kill his younger brother, but had also threatened to eliminate the Ye Family if they were to take revenge!

"Rascal, you need to pay the price for injuring Chen..." the young man said coldly while turning his gaze toward Lin Fan.

However, when he finally had a clear look at Lin Fan's cold face, he stopped speaking abruptly. The angry and murderous look on his face froze.

As the colors drained from his face, Ye Tian stood still as though he had been frozen.

"Tian! W-What happened to you?" Ye Chen asked hurriedly as he sensed that something was wrong the moment his brother stopped speaking.

He was not the only one!

Chang Yuan's satisfied smile froze too. He too could not understand why Ye Chen's brother, who was just itching to kill Lin Fan a moment ago, suddenly became silent!

W-What was going on?

However, this was merely the beginning.

Thud! Before Ye Chen and Chang Yuan's astonished gazes, Ye Chen noticed that his brother, whom he had always respected, actually became panic-stricken and knelt in front of Lin Fan.

Ye Tian lowered his head and shouted, "Grandmaster, I'm Ye Tian and it's my honor to meet you!"

Boom! His words struck Ye Chen and Chang Yuan like a thunderbolt, stunning them.

What did they just witness?

Ye Tian, one of the Ye Family's successors, was kneeling to Lin Fan!

He even called him... his Grandmaster?

H-How was this possible?

"Tian, are you crazy? He's my enemy, not your Grandmaster! What are you doing? Get up quickly!"

Ye Chen looked at his brother, Ye Tian, as though he was looking at a lunatic.

However, Ye Tian just ignored him and kept kowtowing to Lin Fan instead.

“Please forgive me! I didn’t see you just now because I was being too anxious! I hope that you can forgive my rudeness just now!”

Cold sweat trickled down from Ye Tian’s forehead.

At this moment, he was almost scared to death.

This man was the Divine Physician of Bones, his Grandmaster.

When he followed his master, Divine Doctor Zhang, to attend Bai Chen’s banquet at the Bai Residence in Jiang City previously, he had personally witnessed four ultimate Grandmasters, namely the Blood Buddha, the Blood Wolf, He Lanshan, and Leng Aotian, kill the Third Team of White Angels for Lin Fan. Afterward, they even threw the skulls of the victims into the Bai Residence’s courtyard.

Moreover, he had asked his master about Lin Fan’s background and even guessed that Lin Fan might possess another more terrifying identity. He was probably the King of Blood Prison!

Upon thinking about the King of Blood Prison, Ye Tian felt his scalp tingling, and beads of cold sweat started to trickle down

his face.

“Grandmaster, forgive me! Please forgive me!”

Ye Tian was kowtowing to Lin Fan non-stop, like a chick pecking at rice.

This scene came as a huge shock to Ye Chen and Chang Yuan.

“How could this be! How could Lin Fan become my brother’s Grandmaster? What’s more, my brother is so terrified of him!”

“It’s impossible! H-How is this possible!”

Feeling that his mind had gone blank, Ye Chen even thought that he was simply dreaming now.

Meanwhile, Chang Yuan shuddered, and piss slowly flowed out from between his legs.

This scared the piss out of him!

“It’s impossible! What has this guy done? How can he become Young Master Ye Tian’s Grandmaster!”

Chang Yuan’s expression was one of disbelief and horror.

Although he had heard before that Ye Tian was learning medical skills from a Divine Doctor, he did not know that Divine Doctor's name. Since Ye Tian was calling Lin Fan his Grandmaster, did it mean that Lin Fan was that Divine Doctor's master?

This was unbelievable because Lin Fan was only in his twenties.

At this moment, Lin Fan did not care at all about Ye Chen and Chang Yuan's bewilderment.

Fixing his gaze on Ye Tian who was kowtowing to him, his eyes became piercingly cold.

"Are you stopping me now?"

Just five simple words. They sounded like thunder in Ye Tian's ears, causing a shiver to run throughout his body.

"I don't dare to do so!"

While keeping his head so low that even his forehead was almost touching the ground, Ye Tian asked in a trembling voice, "But I would like to know why you are so furious with Chen that you want to kill him?"

Ye Tian had no idea what had happened.

However, he knew that this Grandmaster of his had never stirred up troubles for nothing. Hence, it was highly possible that Ye Chen had really done something unforgivable.

Upon hearing his question, Lin Fan's gaze turned colder.

"Your younger brother has indecent thoughts about Bai Yi!"

What!

Ye Tian was shocked upon hearing his words.

He knew that Lin Fan adored his wife the most. Lin Fan would even kill him straight away for the sake of Bai Yi if he really tried to stop him, let alone Ye Chen.

Furthermore, this could very possibly bring disaster to the whole Ye Family.

Drip!

Drip!

Ye Tian's face was covered in sweat now.

What should he do?

Being the young master of the Ye Family, Ye

Tian was a nervous wreck at this moment.

After pondering for a while, he let out a deep sigh and said to Lin Fan, "I understand! Chen has really committed an unforgivable crime! Grandmaster, please seek justice as you wish!"

When Ye Chen, who was behind Ye Tian, heard what his brother had said, he was shocked and became flustered at once.

"Tian, y-you can't do this to me. I'm your younger brother. How could you do this to me! Besides, what harm can this rascal bring? He's only a country bumpkin from Jiang City, but we're from the Ye Family. By acknowledging him as your Grandmaster, you've already disgraced the Ye Family! And now, you're even willing to let him kill me! You... You..."

Ye Chen became increasingly enraged and started blaming Ye Tian angrily.

Ye Tian's eyes were full of complicated emotions. Turning his gaze toward Ye Chen, he looked at him pitifully.

"Don't blame me, Chen! About your usual misdeeds and mischiefs, I've long warned you to break these bad habits! But you've never listened to me! And now, how dare you

have thoughts to harm my Grandmaster and Ms. Bai! You deserve this!”

Hearing Ye Tian’s words, Ye Chen’s body shuddered and froze all over.

Was it over?

He could not believe that Lin Fan actually had such terrifying powers that would even make Ye Tian, who had always been so conceited, obey him so obediently. This was beyond belief.

Tap tap tap!

When Ye Chen saw Lin Fan walking toward him, his face turned as pale as ash.

“No! Lin Fan, I don’t know what kind of charm you have placed on my brother. But you need to think carefully, I’m part of the Ye Family! If you kill me, you’ll be declaring a war with all of us! Not only you’ll die, your wife and your whole family will die too!”

At this moment, Ye Chen threatened Lin Fan angrily.

From what he knew, the only way to stop Lin Fan was to mention the Ye Family.

However, at this moment, Lin Fan had

reached Ye Chen's side, as though he had not heard him.

He looked down at Ye Chen as if he was looking at a crawling insect.

Then, Lin Fan slowly put out his palm toward Ye Chen's head.

"No..."

Ye Chen was completely paralyzed with fear. In his eyes, Lin Fan's palm which was reaching for his head looked like Death's hand, causing him to despair and quiver.

"Don't kill me! I'm begging you... No!" Ye Chen screamed in extreme terror.

At this very moment, when Lin Fan's palm was almost touching his head, the sound of footsteps could be heard. A ferocious yell then rang out. "Freeze!"

Hmm?

This single word made Lin Fan's palm pause in mid-air. He turned his gaze toward the sound's direction, and only then he realized that three police officers and a hall manager had dashed in.

Lin Fan could not help but narrow his eyes

when he saw the female police officer at the very front.

“It’s you?”

Lin Fan was surprised to see this woman here, especially when he noticed that the woman looked as though she was coming for him.

“Help, police officers! This man is trying to kill me, p-please save me!” Ye Chen shouted for help and was delighted upon seeing the police.

Upon hearing his words, Sima Yan’er and the other two police officers’ faces darkened.

“Freeze! Raise your hands up now!” The trio did not have the time to think any further and quickly took out their guns, pointing them toward Lin Fan’s head.

Whoa! This scene made Ye Tian and the others in the room blanch; he was scared that something bad would happen to Lin Fan.

After all, Lin Fan was the Divine Physician of Bones; he had saved countless criminal gang leaders and tycoons. If anything bad happened to Lin Fan and those gang leaders caught wind of it, not only would Sima Yan’er and her colleagues be in trouble, but the whole Jiangnan City would also be dragged into this. Upon thinking about it, Ye Tian became as white as a sheet.

On the other hand, Ye Chen and Chang Yuan became wild with joy when they saw three guns being pointed toward Lin Fan's head.

"Hahaha... Lin Fan, weren't you still bragging a while ago? Weren't you being arrogant just now? Didn't you just say you wanted to kill me? Kill me then!" The terror and despair in Ye Chen's heart had already been replaced with mockery and disdain.

"Well? Are you afraid now? You can let me go if you're scared! Otherwise, when you're dead, your wife, your family, haha..." Ye Chen laughed menacingly; he was utterly confident that Lin Fan would not be able to hurt him now. If he really died, Lin Fan would stand no chance to live as well.

Beside him, Chang Yuan was also laughing viciously and mockingly. "Hahaha, Lin Fan, I think it'd be better for you to let Young Master Ye off! Otherwise, Bai Yi will become a widow at such a young age! *Tsk-tsk!*" Chang Yuan chimed in with Ye Chen, provoking Lin Fan right at that moment.

Upon seeing this scene, Ye Tian had complicated feelings inside of him and deemed his younger brother as an idiot. "He really... deserves to die!" He shook his head as though he had seen Ye Chen's miserable end with his own eyes.

At this moment, a cold and wry voice rang in Ye Chen's ears. "Since you're seeking death, I'll help you then!"

What?! As though a bomb had exploded, Lin Fan's words took everyone in the room by surprise.

Help you? Was he really going to kill Ye Chen even though three guns were pointing at his head now? *This is crazy!*

The smiles on Ye Chen and Chang Yuan's faces froze. In particular, Ye Chen's smile turned into a hopeless and terrified expression when he noticed the murderous look and the malicious smile on Lin Fan's face. "Officers, please save—" he exclaimed, trying to seek help from Sima Yan'er and her colleagues.

However, just as he started speaking, Lin Fan had already grabbed his head and twisted it fiercely!

Crack! The sound of his neck breaking was crisp and clear.

Everyone witnessed as Ye Chen's terrified expression froze on his face. His neck had been completely twisted by Lin Fan. At this moment, the whole room was in silence as everyone fixed their gazes at Ye Chen,

looking shocked and astonished.

Ye Chen's neck had been twisted and broken in front of everyone's eyes. The horror on his face was frozen and his eyes were full of hopelessness. Until his death, it seemed like he had not figured out where Lin Fan got the nerve to break his neck in front of the police. It was bewildering!

When Chang Yuan realized that Ye Chen had really died, he felt a shiver running down his spine. "Young Master Ye! No... Lin Fan, how dare you murder someone before the police!"

Chang Yuan seemed to be dumbfounded at this moment; he had never imagined Lin Fan to be such a cruel and merciless man. As a cold chill crept up his spine, he looked at Lin Fan as though he was seeing a lunatic or a monster.

"Fire away, police officers! Hurry up and shoot him! That guy is a murderer! Kill him with your guns now!" Chang Yuan quickly turned his head to look at Sima Yan'er and her colleagues.

Meanwhile, Sima Yan'er and her colleagues felt their scalps tingling too.

"B*stard! How dare you kill someone! Raise

your hands up, you're arrested!"

"Raise up your hands at once, you rascal! Otherwise, we'll shoot you!"

The two male police officers were shocked yet enraged. Hurriedly, they took a few steps forward and pointed their guns at Lin Fan; they looked as though they would fire their guns and kill Lin Fan the second he moved. Not only them, but Sima Yan'er had also become as white as a sheet and was looking at Lin Fan in a perplexed manner.

"Put your guns down!"

What?! Sima Yan'er's orders startled the two male police officers—they could hardly believe their ears.

"Chief, this guy is a murderer. How can we drop our guns?!"

"That's right, chief. He's too dangerous—he might even hurt us!"

Both male police officers were extremely wary of Lin Fan at this moment. They were scared that this guy would come at them once they disagreed with each other.

Upon hearing their words, Sima Yan'er shook her head and said with complex feelings,

“Just put your guns down! If he really wanted to hurt us, we’d probably be dead by now!”

Whoa! The two police officers, Chang Yuan, and the rest were in disbelief after hearing her.

However, both male police officers could not help but think about Lin Fan’s incredible speed and vicious means before they arrived; he was even capable of finishing off dozens of bodyguards at the corridor within minutes. Hence, how could they possibly be a match for him?!

Upon thinking about this, the two male police officers slowly put their guns down after giving Lin Fan a wary look. On the other hand, Sima Yan’er simply walked toward Lin Fan and passed him a pair of handcuffs. “Put it on and follow us!”

When Lin Fan heard Sima Yan’er’s words and noticed the complex expression on her face, he nodded his head without protesting. “Sure!” Without hesitation, he took the handcuffs and put it on by himself.

The other police officers and Chang Yuan felt relieved at this moment; this cruel man was finally being arrested. However, as soon as Chang Yuan let out a sigh of relief, he felt

a shiver run through his body along with rising goosebumps. As though a beast was staring at him, he felt his scalp tingling too.

“L-Lin Fan!” As Chang Yuan felt his eyelid twitching, he looked up and realized that Lin Fan had fixed his gaze on him. Moreover, Lin Fan’s lips were curled into a malicious smile; the latter was looking at him as though he was already dead.

“W-What are you going to do?”

Chang Yuan was quivering now.

He was scared that this lunatic would kill him any minute now.

However, Lin Fan merely grinned and said casually, “I shall keep you alive first. I’ll claim your life when I get back from the police station!”

What?!

When he gets back from the police station?

Lin Fan’s words made Chang Yuan twitch his mouth; contempt and mockery flashed across his face at once.

When you come back?

In your dreams!

You can’t escape from a death sentence by killing a man right in front of the police.

Thinking about this, Chang Yuan did not talk back any more; instead, he began manipulating in order to get rid of Lin Fan—this threat—once and for all.

However, Lin Fan did not care about him at

all. He turned his gaze to Ye Tian and said calmly, "Bai Yi will regain consciousness in ten minutes! By then, don't tell her the truth and let her wait for me at the hospital!"

Ye Tian immediately bowed and replied, "Yes, Master!"

With that, Lin Fan finally turned around and followed Sima Yan'er and the others out of the room.

After Lin Fan and the others had left everyone's sight, a bodyguard who was standing aside walked briskly toward Ye Tian and asked, "Young Master Ye Tian, don't you feel upset that Young Master Ye Chen had just been killed by that guy? He's at feud with the Ye Family now! Besides, do you really think that he can still walk out from the police station? He just killed someone right in front of the police!"

Not only him, but the other bodyguards and Chang Yuan—who was on the floor—turned their gazes toward Ye Tian.

They could not figure out why Ye Tian was not simmering with resentment after witnessing his younger brother being killed; instead, he seemed to be relieved.

Moreover, they could not understand why Ye

Tian still respected Lin Fan greatly even though the latter had become a murderer.

Upon hearing that bodyguard's words, Ye Tian could not help but turn to look at Ye Chen's body on the floor.

There was a mix of grief and complex feelings in his eyes.

"What do you guys even know?! Not only did this rascal just seek his own death, but he nearly dragged the whole Ye Family to die with him as well!"

Everyone widened their eyes in shock, unable to believe Ye Tian's words as soon as he spoke.

Did Ye Chen almost drag Ye Tian and the Ye Family to die with him?

Was it true that Lin Fan had the capability to eliminate the Ye Family?

How was this even possible?

Not only were the bodyguards astonished, but Chang Yuan—who was still on the floor—shuddered too. Although he felt relieved moments ago, he felt suffocated and terrified again.

If Lin Fan really had such terrifying capabilities, wouldn't he be the next one to die as soon as Lin Fan walked out from the police station alive?

Chang Yuan felt his scalp tingling upon thinking about this.

However, Ye Tian did not care about what Chang Yuan was thinking at all; he simply ordered the bodyguards, "Throw this guy out immediately! After that, all of you will stay outside and wait for Miss Bai Yi to regain consciousness. As soon as she's awake, escort her to wait for Lin Fan at the hospital! I'm now going to report this to Master Ye!"

He was going to report this to Master Ye!

Ye Tian seemed to have mixed feelings about this; he knew the complications of this incident might lead Lin Fan to vent his anger on the Ye Family. Hence, he needed to settle this issue as soon as possible.

Thud! A bleeding figure had been thrown out of the Crown Clubhouse by several bodyguards in black as though they were throwing away a dead animal.

"Ah... Ouch!"

Chang Yuan was thrown hard onto the floor,

and the sharp pain in his legs made him tremble non-stop.

“Damn it, Lin Fan! I’ve been crippled, and my life is over now!”

Looking at his badly injured legs, Chang Yuan could not hide the hatred on his face.

In addition to that, his face further darkened upon thinking about Ye Tian’s words just now.

“No! I must think of a way to let Lin Fan die in the police station! This is my only chance to kill this guy, or else I’ll be doomed once Lin Fan leaves the police station—just like what Ye Tian has said!”

With that, Chang Yuan quickly took out his phone and dialed a number.

He felt his heartbeat elevating when he saw the contact number on the phone—that was because the name of the contact was Young Master Ye Ming!

Similar to Ye Tian, Ye Ming belonged to the Ye Family; he was also one of the promising successors of the Ye Family.

Moreover, Ye Ming and Ye Tian could be considered direct rivals.

Soon, the call was answered and a lazy voice rang from the other end of the phone.

“Hello? Who’s this?”

The voice was indifferent and cold as though it belonged to an arrogant man who was overlooking his men right now.

Upon hearing this, Chang Yuan hurriedly plastered a smile on his face and said warily, “Young Master Ye Ming, this is Chang Yuan. We’ve met once in a cocktail party!”

Hmm?

After hearing his words, Ye Ming—who was on the other end of the phone—went silent for a while as though he was trying to recall who Chang Yuan was.

However, Ye Ming’s voice rang again after a short moment of silence.

“I don’t remember you! Just tell me why you are looking for me! If there’s nothing, I’ll just hang up!”

As soon as he finished speaking, the arrogant Ye Ming seemed like he was about to end the call. This made Chang Yuan become nervous as he quickly said, “Hold on, Young Master Ye Ming! I want to tell you

the latest news! Ye Chen is dead!”

What?!

On the other end of the phone, Ye Ming seemed to be startled. He then asked agitatedly yet in disbelief, “Did you just say that Ye Chen is dead?”

“That’s right! Earlier on, Young Master Ye Chen had his neck broken by a guy called Lin Fan!” Chang Yuan replied humbly.

However, Ye Ming began roaring in laughter as soon as he finished speaking. Then, he said excitedly as though he had heard great news, “How do you know this? Besides, wasn’t Ye Chen together with his brother, Ye Tian, just now? Since he’s dead, what about Ye Tian?”

Ye Ming and Ye Tian seemed to have long-held grudges; at this moment, he was so happy to find out that Ye Tian’s younger brother had been killed. However, his utmost concern was whether Ye Tian was still alive or not.

After all, Ye Tian’s death meant that he would lose his biggest rival, and in turn, he would have full control over the Ye Family in the future!

When Chang Yuan heard his questions, he immediately told Ye Ming the whole story in full detail.

After Ye Ming learned that Ye Tian had personally agreed to let his younger brother—Ye Chen—be killed and even helped to clean up his body, he was in utter shock.

“Hahaha... Great! That’s great! Ye Tian is so merciless! I would have never expected Ye Tian to sacrifice his younger brother for an outsider! If our family knows about this, his status as the successor will absolutely be annulled! I’ll see how he’s going to fight against me then!”

Ye Ming was wild with joy now; he had never imagined Ye Tian to commit such a serious crime.

Working together with an outsider to harm his own family member was an unforgivable crime in the Ye Family!

Upon hearing Ye Ming’s excited voice, Chang Yuan felt glad at once and quickly said, “You’re right, Young Master Ye Ming! Ye Tian isn’t qualified to be the Ye Family’s successor. He shouldn’t have the right to lead the Ye Family when he’s afraid of a live-in son-in-law!”

While speaking, an idea popped into Chang Yuan’s mind and he continued, “In my opinion, only Young Master Ye Ming can lead the Ye Family to glory! You can kill off Ye Chen’s murderer—Lin Fan—in the police station and inform the Ye Family’s senior members about your contributions and Ye Tian’s crimes. Ye Tian will be doomed, and you’ll officially become the successor of the

Ye Family!”

Hmm?

On the other end of the phone, Ye Ming’s eyes lit up in excitement after hearing Chang Yuan’s suggestion.

He was right!

If he simply reported Ye Tian’s crimes, not only would he contribute to nothing, but he would even be regarded as being jealous of Ye Tian.

However, if he could bring the murderer’s head and Ye Tian’s crimes back home, the senior members of the family would definitely feel that he was the only successor who could lead the Ye Family and bring it to glory.

Upon thinking about this, Ye Ming curled his lips into a big smile and told Chang Yuan excitedly, “Great! Chang Yuan, you’ve done a great job! I assure you that the b*stard, Lin Fan, will die in the police station no matter what! Once I become the official successor of the Ye Family, I’ll definitely repay your kindness!”

Whoa!

Ye Ming's words nearly made Chang Yuan cry with joy.

He made a promise!

If everything went according to Ye Ming's plan, not only would he kill the threat named Lin Fan, but he would also defeat Ye Tian and become the trusted subordinate of the Ye Family's successor.

He would soon become successful!

When the call ended, Chang Yuan could not help but turn his gaze toward the direction of the police station as he smiled viciously.

"Haha! Lin Fan, I bet you never thought that I, Chang Yuan, would still be able to kill you in the police station no matter how capable you are! Just wait for it—once you're dead, I'll help you take good care of your wife, Bai Yi!"

As he spoke, the vicious smile on Chang Yuan's face became wider.

Meanwhile, Ye Ming called a number.

The call was picked up in no time, and a middle-aged man's nasty voice rang at once.

"Hello! Young Master Ye Ming, what brings

you to call me? How may I help you?"

The middle-aged man sounded surprised.

However, his words simply made Ye Ming curl his lips into a smile as he said calmly, "Captain Wei, I have a job for you! I want to buy Lin Fan's life with ten million!"

Jiangnan Police Station was located at the south of Jiangnan City.

At that moment, Sima Yan'er was now sitting alone at a table in the interrogation room of the police station, fixing her gaze on the man in handcuffs opposite her. He was Lin Fan.

"Your name?" Sima Yan'er asked coldly.

Upon hearing her question, Lin Fan shrugged.

"Lin Fan!"

"Your age?"

"23!"

"Your occupation?"

"Stay-at-home husband!"

Sima Yan'er was rendered speechless upon

hearing this.

However, there was a profound look on her face.

"He's actually married!" she murmured to herself.

Sima Yan'er quickly shook her head and fixed her gaze on the document in her hands. Then, she looked at Lin Fan and asked curiously, "Lin Fan, during the period when you were thirteen to twenty years old, your personal information shows no record at all! Tell me, where were you during these seven years? What did you do? Did you learn those cruel killing techniques during these seven years?"

Sima Yan'er could not hide her curiosity now.

After all, this was her first-time meeting such a calm criminal like Lin Fan.

When he killed Ye Chen, he looked relaxed and casual as though he had just killed an ant.

When he walked into the police station, he was not in fear or nervous at all. On the contrary, he looked like he was taking a walk around his backyard.

Every unusual reaction of his indicated that Lin Fan was not a simple guy!

House husband?

What an absurd joke this is!

However, Lin Fan only smiled wryly and spoke frankly upon seeing Sima Yan'er curious expression, "You're right!"

Hmm?

Sima Yan'er was startled; she thought that getting information from Lin Fan would be a tremendously difficult task.

Little did she know that this guy would be so straightforward and tell her the truth!

"Tell me more!" For a moment, curiosity flushed across Sima Yan'er beautiful face.

Upon seeing this, Lin Fan said smilingly, "When I was thirteen, I followed an old man to the Amazon rainforest and learned all sorts of killing techniques! Since then, I became an assassin in the Dark World and killed gang leaders, tycoons, and political leaders. I did everything evil and had never failed at my tasks! It was also that year I became the global Dark Emperor!"

What is he talking about?

Sima Yan'er was dumbfounded upon listening to Lin Fan speaking in such a serious manner.

Did this guy read too many novels?

Thirteen years old, the Dark Emperor?

Could he at least be serious when he was speaking nonsense?!

Upon thinking about this, Sima Yan'er's face darkened as she looked at Lin Fan furiously.

"Shut up, Lin Fan! I want to hear the truth, not this nonsense! Let me remind you that you're a criminal now, whereas I'm a police officer! I hope that you can be honest with me!"

Be honest?

Lin Fan could not hide the helpless expression on his face.

He knew that nobody would believe him if he told the truth.

At that moment, Lin Fan pondered for a while and said seriously, "Fine! I'll be honest! Actually, I can tell you my true identity!"

His true identity?

Sima Yan'er paused for a second and her eyes lit up with curiosity.

She felt as though she was going to hear some mysterious information at that moment.

Hence, she looked at Lin Fan expectantly too.

However, just when she felt that her heart was about to jump out of her chest, Lin Fan's voice rang.

"Actually, I'm... China's Lin Zuo!"

Lin Zuo? Sima Yan'er was slightly dazed when she heard Lin Fan's words. Then, her pretty face turned red suddenly as she glared at Lin Fan with her furious eyes.

Smack! She smacked her palm on the table before yelling at Lin Fan. "Lin Fan, I suggest you be honest and act appropriately! This is a police station; it's not a place for you to simply mess around! I want you to tell me the truth!"

Right now, Sima Yan'er realized that she was being fooled by this moron. *Lin Zuo of China? In that case, why don't you just say you're the King of Blood Prison instead?*

However, an innocent look appeared on Lin Fan's face when he saw Sima Yan'er's angry expression. "Officer, everything I've said is true! I'm really the Lin Zuo of China! If you don't believe me, you can ask the top political management of China!"

What the hell? Sima Yan'er almost exploded in anger upon hearing Lin Fan. *You want me to ask the top political management of China? Why don't you tell me to ask the President of the United Nations instead?*

Sima Yan'er was consumed in a burning flame of fury. Almost immediately, she walked away from the interrogation table

and toward Lin Fan, switching off the digital video recorder first. As she walked, an icy look gradually appeared on her pretty face.

Eh? Lin Fan was slightly dazed when he saw this, especially after seeing Sima Yan'er switch off the digital video recorder. He couldn't help but curl his lips and said, "Officer, you're supposed to keep the recorder on while you're interrogating a suspect. You are not going to execute any illegal punishment on me, are you?"

Illegal punishment? Sima Yan'er couldn't help but glance at the shackles on Lin Fan when she heard that.

"You are right! I am going to execute illegal punishment on you!" As she said that, a cold smirk appeared on Sima Yan'er's face.

"Those shackles on you are made from a hard and special type of alloy. They are used exclusively to deal with particular martial artists. Now, you're all chained up and there's nothing you can do anymore, so I can do whatever I want with you!" Sima Yan'er's voice was cold.

Lin Fan was confused when he heard this. He then asked curiously, "Officer, I didn't do anything wrong to you. Why would you want to do that?"

Why would I want to do that? Sima Yan'er gritted her teeth in annoyance when she saw the pretentious look on the man's seemingly innocent face. *He slept with me last night and took my virginity. It's fine if he doesn't want to admit that, but now, he's acting all innocent and denying everything! He's going too far, damn it!*

"You jerk! Don't you remember what you did to me last night when I was drunk? Do you still want to deny that?" As she said that, Sima Yan'er moved forward and stood in front of Lin Fan. She glanced at his groin with her beautiful eyes as an icy smile crossed her face. "Hmph! Since you used that to take advantage of me last night, I'm going to return the favor by kicking it now!"

As she finished, Sima Yan'er kicked in the direction of Lin Fan's groin with all her might.

Whew! The force of her kick was rather great. Although her kick couldn't possibly destroy Lin Fan's groin even if it had hit its target, it would still cause enough pain to him for quite some time.

Immediately, Sima Yan'er's kick almost hit Lin Fan's groin within seconds. A triumphant smile appeared on Sima Yan'er's face when she saw this; she couldn't wait to see the agonizing look on Lin Fan's face.

However, at that moment, the excited smile on Sima Yan'er's face froze immediately. To her surprise, a large hand grabbed her foot—it was Lin Fan's hand.

Sima Yan'er was shocked when she noticed this. Not only was she surprised by his hand, she was also very surprised to see all the shackles on Lin Fan removed completely and scattered around on the floor. Yet, she didn't hear a single noise when he removed the shackles, so she found it hard to believe with her own eyes.

“Y-You!”

Sima Yan'er's pretty face turned as pale as a ghost, and her eyes were full of panic and horror; after all, she had seen how cruel and crazy the jerk could be with her own eyes. Initially, she thought she could take revenge against Lin Fan for what he did last night since he was completely shackled.

But now...

“What are you trying to do? Let go of me at once! I'm a police officer! You...”

Sima Yan'er went pale. She was afraid that Lin Fan would harm her.

Upon hearing her, Lin Fan rose from his seat

slowly. He grabbed Sima Yan'er's delicate foot with one of his hands and raised her leg in the middle of the air. He smirked teasingly and said, "Hmph! You've been thinking about messing with me since this morning. If that's the case, then I shall teach you a lesson!"

What? Sima Yan'er was dazed. Before she could react, Lin Fan twisted her foot around which caused Sima Yan'er's body to spin uncontrollably. With a single push, Sima Yan'er staggered and fell face down on the interrogation table.

"You..." Sima Yan'er had no idea what Lin Fan was about to do to her. Still, she had a bad feeling about having her back toward Lin Fan.

However, just as Sima Yan'er was about to reprimand Lin Fan, she felt a large, warm hand spanking her bum harshly; her body then quivered involuntarily. *Spank!*

"H-How dare you hit me?" Sima Yan'er blushed, feeling nothing but embarrassment. Never had she imagined that she would get spanked by a criminal on the bum—not even in her wildest dreams. In fact, she never had any forms of physical contact with other men, except for when she was with Lin Fan the night before. However, she was being humiliated by the moron once again. This

made Sima Yan'er feel so embarrassed and angry at the same time that she wished she could hide herself from Lin Fan.

However, this was simply the beginning.

Spank! Spank! Spank! Loud spanking noises continued to echo through the room as Lin Fan smacked Sima Yan'er on her bum harshly over and over again.

Sima Yan'er's body was very comfortable to the touch indeed; with each slap on her round and plump rear, it made one feel aroused as his heart pounded rapidly in excitement.

Following Lin Fan's continuous slaps on her bum, Sima Yan'er felt a burning sensation spreading rapidly—like a strange yet fantastic electric current—from her rear end throughout her entire body. This sensation excited Sima Yan'er and made her body feel tingly as well. Getting aroused by the spank, she blushed in shyness.

"You're a jerk! Lin Fan, you're a despicable jerk!"

Sima Yan'er bit her red lips tightly as her pretty face turned so red that it seemed as though it was about to bleed. Her beautiful eyes looked hazy and dreamy with the

slightest bit of mesmerizing, passionate look flickering in them; it would make one's heart throb uncontrollably if they took a glance at them.

Spank! Spank! Spank! Completely ignoring Sima Yan'er's protests, Lin Fan continued to slap her on her bum. This made her body tremble continuously and she became totally dazed.

Sima Yan'er's body convulsed violently following Lin Fan's final slap on her bum. With her body slumped over the interrogation table, she panted heavily.

Just when she was about to shout and scold Lin Fan furiously, the door to the interrogation room opened from outside. *Creak!*

Eh? Sima Yan'er stopped what she was about to say the minute she heard the sound of the door opening.

She turned around and saw a short, lewd and obese man leading a team of men as they stood at the entrance of the interrogation room.

"Captain!" Sima Yan'er knew the short and obese man; he was the Captain of the police station. He was also her direct boss—Wei Fengqiang.

Eh? At that moment, Wei Fengqiang and the others were baffled when they saw what happened in the interrogation room. They had seen Sima Yan'er—the most well-known, prettiest yet aloof female officer in the police station—lying face down on the table. They were very surprised, especially when they noticed that the girl was actually blushing. Shyness flickered in her eyes as they looked sexy and mesmerizing, looking as though something had happened moments before they entered.

The one standing behind her was the suspect, Lin Fan. However, his arms and legs were not chained up. *This...* Wei Fengqiang and the others couldn't quite believe their eyes. It was their first time seeing such a passionate look on Sima Yan'er's face, which appeared rather sexy and alluring to them. Everything looked as if it was the suspect

who did this to her.

“What are you guys doing?” Wei Fengqiang glanced at Lin Fan with an intense and antagonistic look in his eyes. “He’s a murderer. Why is he not chained up by his arms and legs? Come on, help me chain him up!”

As he finished, Wei Fengqiang waved his hand and a group of police officers standing behind him charged at Lin Fan immediately, looking like a bunch of hungry predators lunging at their prey. As they surrounded Lin Fan, they picked up the shackles on the floor immediately and chained him up around his arms and legs again with the cuffs.

Lin Fan didn’t retaliate despite being chained up by the men. However, he noticed the subtle hostile look in Wei Fengqiang’s eyes as the latter looked at him.

“Alright then. Yan’er, you may go out now and leave it to us!”

What?! Sima Yan’er was dazed when she heard Wei Fengqiang’s words. Most of the time, Wei Fengqiang was the laziest person among officers in the police station; he always came up with every possible excuse to rid himself of any duties, pushing the responsibility of capturing and interrogating suspec

ts to Sima Yan'er. But now...

"Captain, are you sure about this?" Sima Yan'er stared at Wei Fengqiang curiously. Somehow, she had a feeling that it wasn't just as simple as what she had heard. It seemed like her boss didn't simply want to interrogate Lin Fan himself; perhaps he was about to do something else.

"Yes, of course!" Wei Fengqiang smiled at Sima Yan'er before pointing at the group of police officers he brought along with him. He continued, "Don't you see that we have so many people with us? Don't worry! Just hand the guy over to me—he won't escape so easily under my watch!"

Although Sima Yan'er was still puzzled by Wei Fengqiang's sudden change of behavior when she heard his words, she couldn't do anything but to nod and obey his order. She then said, "Okay then, you guys can go ahead and interrogate him first. I'll go out and buy some coffee." As she finished, Sima Yan'er reminded Wei Fengqiang again. "Also, Lin Fan is a very cunning and dangerous man. You guys have to be careful!"

As she said that, Sima Yan'er couldn't help but recall the scene where she was being spanked by Lin Fan on her bum, feeling embarrassed and angry at the same time.

Hence, she glared at Lin Fan furiously before turning her head away and walked out of the door.

Slam! After making sure that Sima Yan'er had left, Wei Fengqiang slammed the door of the interrogation room loudly. What was more, he even locked the door from the inside.

Eh? Lin Fan narrowed his eyes when he saw what Wei Fengqiang was doing. "You guys want to beat me up?" His voice was cold and unemotional.

What?! Wei Fengqiang and his team of police officers were dazed for a second when they heard him. However, all of them soon burst into laughter as they snapped out of their daze.

"Haha! Did you guys hear that? The punk actually knows that we're going to beat him up!"

"Hmph! The guy is all chained up with shackles. He's already dead meat anyway, and there's nothing he can do about it. Of course we can do whatever we want with him!"

"Yeah, that's right!"

"..."

At that moment, all the police officers were insulting and mocking Lin Fan as disdainful smirks appeared on their faces. A look of pity and disdain flickered in their eyes; to them, Lin Fan was no different than a dead man.

Apart from the police officers, Wei Fengqiang curled his lips too when he heard that. "You're right, punk! We do want to beat you up. What are you going to do about it anyway?"

Wei Fengqiang stood in front of Lin Fan and glanced downward at the latter proudly; with his cold and cruel eyes, it looked as if he was looking down at a lowly bug.

Naturally, Lin Fan realized what was going on when he saw Wei Fengqiang's reaction; he leaned against the chair as he asked with a grin on his face, "Well then, do you mind telling me the reason for beating me up? I'd like to die knowing what I've done. Also, whose order are you doing it on?"

Eh? Wei Fengqiang was baffled when he heard Lin Fan's questions. He did not expect Lin Fan to be so calm even when he was about to die very soon. "You want to know who asked for you to be beaten up? Dream on!"

It was clear that Wei Fengqiang didn't have the patience to continue talking nonsense with Lin Fan. Almost immediately, he waved a hand and a strong, muscular police officer stepped forward.

"You, go and throw a few punches at the punk! Make him shut his pie hole for me!"

The muscular police officer smiled sinisterly as he agreed to Wei Fengqiang upon hearing his order. He then approached Lin Fan steadily step by step.

"Haha! Hey punk, do you know that I, Hong Qiang, am the No. 1 Iron Fist of the police station? I can break a blue brick into pieces with my fist!"

As he said that, the muscular police officer couldn't help but glance at Lin Fan's abdomen. An evil and vicious smile crossed his face. "Now, let's see if your delicate abdomen can withstand my punch!"

As soon he finished his sentence, a malevolent look flashed across the muscular police officer's eyes. He then clenched his hand into a fist and threw a heavy punch at Lin Fan fiercely.

Whoosh! The muscular police officer's fist brushed through the air quickly; it was a very powerfu

I punch.

As for the police officers surrounding him, they became fairly excited when they saw this.

“Haha! Mr. Hong is showing off his iron fist again! I remember the last time he punched a criminal, it broke about six to seven bones in that guy’s body!”

“That is nothing! There was once when Mr. Hong punched a criminal lightly on his stomach, and the guy actually vomited non-stop for three days and three nights. He almost died because of that!”

“Mr. Hong is really incredible! I think only a single punch from him would be enough to silence the punk completely! After all, he looks pretty weak and frail. There’s no way he can withstand a punch from Mr. Hong!”

“ ... ”

Several police officers began to discuss among themselves; all of them were almost certain that a single punch from the officer named Hong Qiang would be enough to end Lin Fan’s life.

Hong Qiang’s punch got closer and closer toward Lin Fan. Within seconds, his punch

would hit Lin Fan's abdomen violently. An excited and cruel smile appeared on Hong Qiang's face, seeming as though he could picture the agonizing look on Lin Fan's face after receiving this blow to his stomach.

Boom! Crack! However, the moment Hong Qiang's punch hit Lin Fan's abdomen, he felt like his fist had hit a wall as hard as steel; he could no longer move forward an inch. Since he had thrown the punch at Lin Fan with all his might, his arm was unable to withstand the powerful reaction force from Lin Fan's abdomen, breaking it in a flash.

“Ahhh!”

The crowd watched in shock as Hong Qiang cradled his mangled arm while making a mad scramble to retreat after releasing a bloodcurdling scream.

Wei Fengqiang and the rest of the police officers were startled.

W-What is going on here?

Why was Lin Fan completely unharmed when Hong Qiang struck him? Why did Hong Qiang’s own arm end up breaking instead?

This was utterly unbelievable.

Instantly, all the police members and Wei Fengqiang surged ahead, their expressions having changed.

“Mr. Hong, what happened to you? Your arm...”

“My god, it’s broken! Mr. Hong, what happened just now? That twerp’s fine, but your arm broke...”

“ ... ”

Everyone surrounded Hong Qiang to ask after him in concern; shock and

incomprehension were plastered on their faces. Right then, they could see that Hong Qiang's face was as white as paper, completely drained of color.

He looked at Lin Fan as though he was looking at a ghost. "C-Captain! That brat's got something by his torso! I punched him right in the belly, but it felt as if I had just struck a wall of metal! I couldn't hurt him at all! The recoil ended up breaking my arm instead..."

What?!

The crowd was frightened upon hearing Hong Qiang's words. None of them could imagine what Lin Fan might be hiding by his torso for him to be able to break Hong Qiang's arm. T-This was unimaginable.

"You two, roll that b*stard's shirt up and see what he's hiding underneath!" Wei Fengqiang's expression was so stormy one could almost see it rain around him.

Upon hearing his words, two of the policemen made a noise of assent and immediately headed for Lin Fan. Once they were in front of him, the two police lifted up his shirt hastily. However, the angered expressions on the crowd's faces immediately froze when they caught sight of

Lin Fan's torso.

All they could see was an expanse of bronze skin. The eight-pack he had was as hard as a block of steel, and the lines of his torso were well-defined; there was not an ounce of flab to be found on him.

That wasn't all; the crowd also saw that he had no less than six scars upon his torso. There were scars from bladed wounds as well as scars caused by bullets; each of these scars were like badges of honor on him, creating an impactful visual sight.

The two policemen beside Lin Fan could not help but swallow furiously. This was the first time they had ever seen such perfect abs—especially when those abs were not only as sturdy as steel, but also seemed to contain a terrifying, explosive power that went beyond their imagination. It made their hearts shudder with fear.

“Captain, j-just who is this guy? Why does his torso have so many scars here?” asked one of the policemen in disbelief.

His torso alone had six scars on it, so what about the rest of his body?

They couldn't bring themselves to imagine the number of scars he must have.

The crowd was not alone in their thoughts; even Wei Fengqiang could feel his skin crawl at this moment.

“B*stard! Ye Ming, what kind of monster did you send me to face?” Wei Fengqiang’s eye was twitching; he could sense that he had seemingly made a terrible mistake. However, at the thought of that sweet money—all ten million of it—the terror that had just risen within himself vanished without a trace. It was soon replaced by heavy cruelty and madness.

“Hmph! What are you guys panicking about? Who cares who this brat is? This is a police station—it is our territory. We have to do what we must do! We must not give in!”

“Yes, Captain!”

Upon hearing his order, the two policemen grunted in assent. They immediately headed to the shelf in the interrogation room and extracted two police batons from it; they then approached Lin Fan menacingly with the batons in hand. With each step they took, the menacing aura they exuded grew even more, and they gazed at Lin Fan like a starving wolf eyeing a little lamb.

“Beat him up! You two, trash him! I refuse to believe that the brat has abs of steel!” Hong

Qiang yelled at the two policemen as he continued to cradle his mangled arm.

The two policemen revealed twisted smiles upon hearing his words as they nodded.

“Don’t worry, Mr. Hong. We’ll pay him back with the exact same treatment he gave you!”

“Yeah! Mr. Hong, just sit back and watch! We’ll be sure to pummel this twerp so thoroughly that he’ll even puke last night’s dinner up!”

Nearing Lin Fan as they said this, pity and conflict filled their eyes as the two policemen looked at him; they could clearly see that Lin Fan was certainly not an ordinary person. However, no matter how extraordinary he was, he was a murderer. Since he had entered their police station, he would only be leaving it on a stretcher.

“Don’t blame us, kid!” muttered one of the policemen. He and his partner lifted their batons in unison and brought them down to strike hard at Lin Fan.

However, Lin Fan suddenly lifted his head, his two eyes boring straight into the two police. The two policemen instantly felt their bodies tense unwittingly the moment Lin Fan’s gaze fell on them, and a chill

immediately spread throughout their hearts.

It felt as though some eldritch, mysterious creature had set its eyes upon them, making them unable to bring their batons down. Their hair stood on ends, making their skin crawl.

Eh? Wei Fengqiang and the others froze in place, their brows beginning to furrow when they saw how the two policemen stood there stiffly with their batons raised.

“What are you doing? Why aren’t you hitting him with your batons! I’ll take responsibility for whatever happens, so do it!”

However, pained smiles appeared on the two policemen’s lips when they heard his words.

“C-Captain, I-I dare not to!”

What?

They don’t dare to hit him?

Upon hearing those words, everyone then looked at the two frozen policemen. None of them—be it Wei Fengqiang or the rest of the police force—could believe their eyes.

What was going on?

No one knew what was going on at all.

They could only see the two policemen with their batons raised, unable to strike down; they were even as white as paper, and cold sweat dripped by the bucketful.

It was as though they were currently experiencing some frightful event.

“You b*stard! What on earth is this?” Wei Fengqiang was livid. He had no idea that he would experience roadblock after roadblock just going after a simple murderer. This was simply unthinkable.

“What a bunch of useless idiots! Out of my way, I’ll do this myself!” Wei Fengqiang stepped forward and yanked the baton out of one of the policeman’s hands before kicking him to the floor. He then stared straight at Lin Fan with the baton in his hands and said, “You twerp, I don’t know what tricks you’re pulling, but no one who has faced me ever came out in one piece! So, just accept your fate!”

As he spoke, a malicious smile spread across his face. He lifted the baton he was holding and prepared to smash it against Lin Fan.

Lin Fan’s eyes grew frostier as he watched this. However, the corners of his lips arched up into an eerie smile.

“If you bring that baton down, you will die!” Lin Fan’s words made Wei Fengqiang halt his actions; it seemed as though those words were a declaration from hell.

What?

Wei Fengqiang froze; he looked at Lin Fan as if he was looking at an idiot.

I’ll die if I hit him?

What nonsense is this?

This brat is clearly chained up with metal alloy restraints. Don't tell me that he can still break through them?

Wei Fengqiang knew very well that even grandmasters could only dream of breaking these metal chains when they were restrained tightly like this, let alone the skinny, twiggy Lin Fan.

Thinking about this, Wei Fengqiang smiled malevolently before he barked out, "Fine! You're a really obnoxious brat! Still, I want to see for myself just what sort of tricks you have up your sleeve that can kill me!"

With that, Wei Fengqiang lifted up the baton and prepared to crack it hard on Lin Fan's head. However, a series of urgent knocks made Wei Fengqiang stop in his tracks yet again.

Flames of anger burst to life within Wei Fengqiang; how could he not be angry? He had been interrupted for the third time already.

"Damn it! Which b*stard is knocking on the door right now? Do you want to die?" Wei Fengqiang yelled at the door with heavy displeasure in his tone.

However, a series of terrified voices rang out

from outside the door as soon as he said that.

"B-Bad news, Captain! We're in trouble! Our station has been surrounded!"

"That's right, Captain! Come out now and see for yourself! It looks like we've poked a wasp's nest this time!"

"..."

The frightened voices rose up and down in a pitchy manner, causing everyone in the room to stay rooted in place.

The police station has been surrounded?

H-How could this be?!

Who would be gutsy enough to surround the station? Wasn't that person just looking for death?

Wei Fengqiang's heart shuddered, an ominous sense of foreboding rising within him. He continued to ask from beyond the door, "Who's ballsy enough to dare to surround us? Are you a bunch of useless imbeciles? Can't you arrest them and bring them inside?" Wei Fengqiang's voice was filled with fury.

The remaining policemen exchanged looks with each other; none of them could imagine what kind of person would dare to do such an insane thing.

However, the following words from the policemen outside left them in disbelief.

"Captain, we can't arrest them! The two people leading them... they're Dragon and Tiger!"

Those simple words instantly made everyone in the room nearly pee their pants in fright.

Dragon and Tiger themselves?

Everyone, including Wei Fengqiang, thought that their ears were playing tricks on them.

"F*cking hell, what did you just say? Repeat it!"

The sense of foreboding Wei Fengqiang had grew stronger. As he spoke, he walked toward the door of the interrogation room and opened it to see the dozen or so policemen standing outside with faces as white as paper, fear and panic on their faces. It was as though they had been thoroughly frightened by some terrifying thing.

Upon seeing the door to the interrogation room open, the policemen from outside surged in hastily, their voices quivering.

“Captain, it’s true! Dragon and Tiger are just by the entrance to the station!”

“T-There’s close to 10,000 soldiers apart from them as well! They even have a bunch of military vehicles!”

“Captain, are we in big trouble now? Dragon and Tiger, together with their army, look like they’re here to make someone pay!”

“...”

*Whoa!*The moment those words were spoken, Wei Fengqiang and the rest of the police officers had nearly lost control of their bladders.

How could this be possible?

Both Dragon and Tiger were among the eight top martial artists in China. They led the Dragon and Tiger Legion to defend the borders of the nation, and they were invincible; not a single foreign army dared to battle them.

Right now, these two god-like beings have led their terrifying army to the doorstep of

this little Jiangnan police station.

It was practically like the stuff of stories.

That wasn't even the end of it; upon receiving confirmation of the matter, Wei Fengqiang's heart pounded. He wasn't sure why, but he instantly thought of Lin Fan.

"No... that can't possibly be it! Both Dragon and Tiger are such powerful people. Why would they surround and block off our police station just for a simple murderer? I must be overthinking things!"

Wei Fengqiang shook his head. After comforting himself, he barked at the remaining policemen, "Oi, what are all of you standing around for? Adjust your uniforms so that you look sharp. Go to the entrance and welcome those two martial artists!"

Upon hearing those words, someone asked from the crowd, "Captain, if we're all going to welcome Dragon and Tiger, what about the murderer here?"

Eh? Upon hearing this, Wei Fengqiang stiffened slightly; it was then that he looked toward Lin Fan as a harsh glint appeared in his eyes.

"Leave him in the interrogation room first—

it's not like he can run anywhere! Once we've greeted these esteemed martial artists, I'll take care of him then!" With that, Wei Fengqiang gave a harsh snort before leading the rest of the policemen in a herd toward the door.

However, they had only just left when the cold metal alloy chains around Lin Fan's limbs cracked open as though they had sustained a terrifyingly strong force. Lin Fan slowly stood up from his seat.

"Looks like someone's looking for death again!"

Lin Fan's eyes were eerily cold. With an arch of his lips, he slowly made his way to the door.

The entrance to the police station was currently blocked off by line after line of military vehicles packed closely together. From a distance, it looked like a sea of green with an entire army of soldiers all lined up, shocking people to their core.

The mere mention of the Dragon and Tiger Legion was enough to let the world quake because of its terrifying might; at that moment, they had encircled the police station, forming a blockade.

The frightening wave of their fearsome energy crashed against the entrance to the police station with no restraint. This seemingly demonic army could make chills run up people's spines and make them wet themselves in fear just from a single glance, especially when that glance came from the two hulking people—both as sturdy as two towers—standing at the forefront of this army.

They merely stood there, and yet they were able to exude a terrifying aura without moving a finger like they were titanic mountains. It was as though they could make any enemy retreat with just a single gaze.

Chapter 432 Lin Zuo... We Are Here To See You

These two were the top martial artists, Commander Dragon and Commander Tiger.

Meanwhile, the police officers inside the interrogation room had stepped out. They looked at the fearsome Dragon and Tiger Legion with fear and terror in their eyes.

“My God! It’s those two titans, Dragon and Tiger. Why are they here at our police station?”

“Yeah, what happened for them to come to our station and surround it? Have we made some earth-shattering mistake?”

“That can’t be it! If we did, the legion would have already just rounded all of us up! It looks more like they’re waiting for someone!”

Eh? Upon hearing someone guess that Dragon and Tiger had blocked off the entrance to the police station to wait for someone, all of the police officers shuddered violently.

That was right; if the legion had actually been here to capture them, they would have been no different from a bunch of cattle. The

Chapter 432 Lin Zuo... We Are Here To See You

policemen would have long been quashed by the sheer terrifying numbers of the Dragon and Tiger Legion.

However, the two martial artists and their army had merely blocked off their entrance; they hadn't made a move at all. Clearly, they were waiting for someone, but no one could fathom just who it could be. Who could possibly make two top martial artists as well as 10,000 soldiers wait in patience?

This was unimaginable.

"It's hard to imagine who in China could make two martial artists wait for them here!"

"Yeah! It's so scary! Moreover, why are such powerful people here at our police station!"

"Look! Captain Wei Fengqiang is here!"

Upon hearing that, all of the police officers glanced toward the main building. It was then that they saw Wei Fengqiang come scuttling out of the building along with the rest of the police officers as though his behind was on fire, the fear and panic evident on their faces. In no time, they reached the two martial artists while

panting. With Wei Fengqiang at their helm, the police then bowed to Dragon and Tiger.

“I am the captain of Jiangnan Police Station, Wei Fengqiang. I-I humbly welcome you, esteemed sirs, to be our guests here! I would like to ask if there is anything that I, this lowly one, can do for you?” A smile of flattery was plastered on Wei Fengqiang’s face as he looked at Dragon and Tiger in anticipation like a dog. He was practically a completely different person from before.

Upon hearing that, both Dragon and Tiger gave Wei Fengqiang a noncommittal once-over like they were looking at a tiny ant.

“We are waiting for Lin Zuo!”

The moment those words fell, the entire police force fell into dead silence. Every single person from Wei Fengqiang to the rest of the policemen gaped, their expressions frozen. None of them could believe their ears—especially Wei Fengqiang. He felt as if his head had been struck by lightning and was extremely dumbfounded.

Chapter 432 Lin Zuo... We Are Here To See You

The most mysterious, most frightening of China's four commanders, Lin Zuo?

How is this possible?

Cold sweat dripped like mad from Wei Fengqiang's forehead, his face now having paled to the same shade as a sheet of paper. Panicking, he hastily said to Dragon and Tiger, "E-Esteemed sirs, I-I would like to ask if you have been mistaken? O-Our police station is not any place of note; how would Lin Zuo be here? Y-You must have been mistaken!"

Wei Fengqiang was in complete panic; Lin Zuo was one of China's most prominent, powerful people. As captain, how could he not know that Lin Zuo had come to Jiangnan Police Station? Could it be that...

No, that absolutely can't be!

Wei Fengqiang's mind screamed at him, but thick fear had already spread throughout his heart. However, right after that thought, he suddenly heard several of the policemen crying out.

"Damn it! How did that murderer get out

Chapter 432 Lin Zuo... We Are Here To See You

here? Wasn't he tied up with metal handcuffs and restraints on his feet?"

"Yeah, who let him out this time? Aren't we just asking for it if we ended up angering Dragon and Tiger?"

"We're done for! Our station's name is going to be completely in the gutter now that a murderer just waltzed out of here!"

"..."

All the policemen around the area stared in disbelief toward the direction of the main building.

Upon hearing their words, however, Wei Fengqiang felt his scalp crawl.

The murderer?

Could it be Lin Fan?

*Damn it, how did that douche get out of the interrogation room? Which b*stard had released him?*

At that thought, Wei Fengqiang hastily whipped his head around to look at the

Chapter 432 Lin Zuo... We Are Here To See You

station. It was then that he saw that the skinny figure had already made its way out of the building; he was now slowly heading toward the door.

Lin Fan had his hands in his pockets, his gait confident and leisurely as though he wasn't a murderer at all. Rather, it looked like he was taking a stroll around a park judging by how laidback he was.

This made the panic in Wei Fengqiang grow even more. He hastily yelled at the police, "What are you standing around for? Can't you see that the murderer has escaped? Get him! Go now! Capture that twerp!"

Wei Fengqiang was beyond livid. Never would he have dreamed that this son of a b*tch, Lin Fan, would come waltzing out at this moment before he could teach him a lesson. If Lin Fan were to anger these two top martial artists, Wei Fengqiang would certainly be involved as well.

Right upon hearing Wei Fengqiang's orders, the policemen instantly snapped out of their reveries and prepared to charge toward Lin Fan, but then something that would leave an everlasting impression on everyone

happened.

The crowd watched in shock as both Dragon and Tiger as well as the frightening legion of soldiers outside bowed at once before letting out a deafening roar that reverberated throughout the land.

“Lin Zuo... We are here to see you!”

“...”

Their roars shook the heavens, but they had Wei Fengqiang as well as the rest of the police force baffled.

Chapter 433 Execute Whoever Wishes Lin Zuo Harm

Lin Zuo?

Wei Fengqiang and the rest of the police officers' eyes twitched madly; they couldn't understand it at all. Who was it that Dragon and Tiger as well as their entire legion came to see?

Where was Lin Zuo?

Which one of them was Lin Zuo?

Everyone couldn't help but began to look everywhere. Their gazes swept around the vicinity, and at last, the crowd realized to their shock that the two martial artists and soldiers were bowing only toward a single figure.

And that was the murderer, Lin Fan.

Upon realizing this, all sounds around the police station disappeared; it was so silent that one could even hear a pin drop. Countless gazes stared at Lin Fan as though they were looking at a ghost. The sound of Lin Fan's steps entered the police officers' ears, sounding like rumble after rumble of thunder which made everyone's heart hammer madly in their chests.

Chapter 433 Execute Whoever Wishes Lin Zuo Harm

He is... Lin Zuo?

That's not possible! H-How could this be?!

Both Wei Fengqiang and the police officers around him were screaming mentally right now. They couldn't believe it—no, they weren't able to believe at all that a murderer was the terrifying Lin Zuo, the very one who shook the entirety of China.

Wei Fengqiang's body gradually began to tremble, and his face instantly drained of color.

Lin Fan?

Lin Zuo!

Just then, Wei Fengqiang couldn't help but recall what had happened earlier in the interrogation room.

When Hong Qiang punched Lin Fan's abdomen, the former's arm broke from the recoil. Furthermore, Lin Fan had an eight-pack as well, and the six scars he had on it were frightening and abnormal in an eerie way.

Chapter 433 Execute Whoever Wishes Lin Zuo Harm

Moreover, two of his policemen were unable to hit Lin Fan just by the sheer force of Lin Fan's pressuring aura.

These scenes played out ceaselessly in Wei Fengqiang's mind like a movie, making him tremble even more like a shaking sieve of flour. Cold sweat dripped endlessly to the ground as though a tap had been turned on.

Fear and despair spread themselves throughout Wei Fengqiang's heart. His legs weakened before he fell and sat on the ground with *athump*.

"T-That can't be! The one I was about to beat up was Lin Zuo? How could this be? Ye Ming, you damn b*stard, go f*ck yourself!"

Wei Fengqiang's mind was currently in a whirl of despair. Yet, he was not the only one; several other policemen fell to the ground with *athump* as well. However, Hong Qiang and the two policemen who tried to raise their hands against Lin Fan earlier felt their vision darkening before they collapsed in a dead faint when they saw Lin Fan approach Dragon and Tiger.

By now, Lin Fan had already reached the

Chapter 433 Execute Whoever Wishes Lin Zuo Harm

door. Instantly, all the policemen saw everyone, be it the two martial artists or their soldiers, bow even deeper as though they were beasts which had seen the arrival of their true leader; their heads were now bowed even lower than before.

It was as though Lin Fan was their religion, and it was a shocking scene indeed.

Lin Fan, however, was not fazed by this at all. His gaze swept around the vicinity when he reached the door and eventually landed on Wei Fengqiang, who had dropped to the ground. It was just a simple glance, but to Wei Fengqiang, it felt like his head was about to explode.

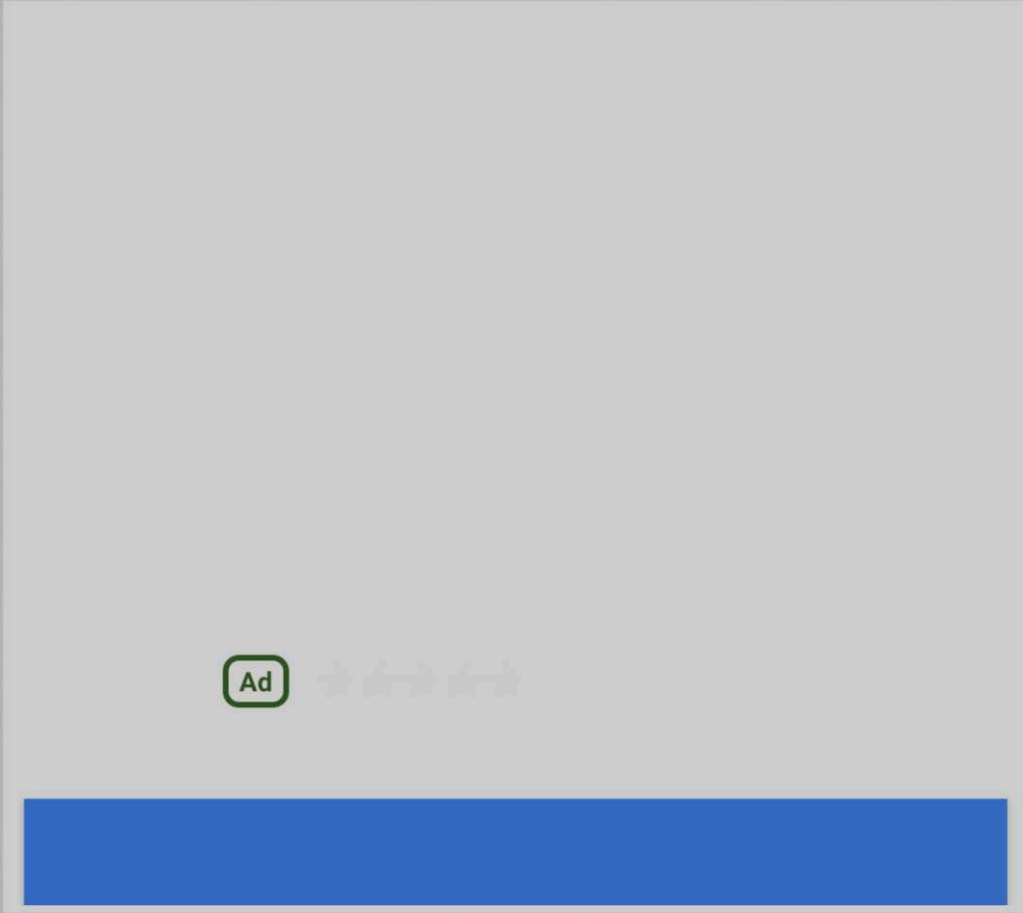

Without another word, Wei Fengqiang got up and hastily kneeled by Lin Fan's feet. Then, like a chick pecking away at grain on the ground, he began to kowtow continuously.

"L-Lin Zuo! This humble one did not know who you were. I have wronged you, and I should die for this! Please, Lin Zuo, have mercy on me! Have mercy on me!"

With that, Wei Fengqiang's head knocked against the ground endlessly. His kowtows

were extremely violent; each time he lowered his head, he would smash it hard against the ground, bloodying his forehead in an instant. Nevertheless, Wei Fengqiang paid no heed to his injuries; he was as lost and panicked as a dog which had lost its master.

Upon witnessing this, the frostiness in Lin Fan's eyes grew even more. "Speak! Who gave you your orders?"

Orders?

Upon hearing that, Wei Fengqiang's kowtowing, portly figure went rigid at once. He raised his head with a pained look on his face. All he could do was steel himself as he answered, "L-Lin Zuo, the one who gave me those orders... was... Ye Ming of the Ye Family!"

Wei Fengqiang wasn't an idiot; he could tell that Lin Fan had already seen through everything, and was simply asking Wei Fengqiang for confirmation. The moment Wei Fengqiang decided to raise a hand against Lin Fan, his fate had already been sealed.

Chapter 433 Execute Whoever Wishes Lin Zuo Harm

Likewise, Ye Ming's fate was sealed too.

"Ye Ming of the Ye Family?" Lin Fan couldn't help but shake his head noncommittally upon hearing this unfamiliar name.

This kind of squirming maggot is really just looking for death!

At that thought, Lin Fan's eyes bored straight into Wei Fengqiang. He then said toyingly, "If my guess is right, he wanted you to kill me. Am I right?"

Whoa! Those words whipped the crowd into a frenzy. All of the police officers stared at Wei Fengqiang with widened eyes, fear seeping into their gazes. The ones who had followed Wei Fengqiang into the interrogation room collapsed weakly to the ground in fright, their faces white as paper.

Wei Fengqiang had only told them that they were to teach Lin Fan a lesson when he called them to the interrogation room—that was all. However, never in their dreams did they imagine that Wei Fengqiang's true intention was to kill Lin Fan.

This was insane.

Chapter 433 Execute Whoever Wishes Lin Zuo Harm

Heavy fear and despair had already nestled themselves within Wei Fengqiang's heart. He could only continue to steel himself and nod upon sensing the harshness of Lin Fan's gaze. "Y-Yes! Ye Ming told me that he would give me ten million if I killed you!"

Just as expected, the smile on Lin Fan's lips grew even more malevolent upon hearing this. He could barely be bothered to spare another glance at Wei Fengqiang as he simply headed straight toward a military car under the respectful bows of Tiger and Dragon as well as their soldiers.

Upon seeing this, the despaired Wei Fengqiang stiffened slightly.

Was Lin Fan not going to kill him?

He hadn't imagined at all that Lin Fan would let him go.

Ecstasy began to spread throughout him, making his excited face redden to no end. He prepared to get up, but right at that moment, a cold voice rang out in front.

"Execute whoever wishes Lin Zuo harm!"

Chapter 433 Execute Whoever Wishes Lin Zuo Harm

That voice was frosty beyond belief.

With that cry, a cold glint suddenly flashed followed by a dull sound. Wei Fengqiang's excited smile froze in an instant. His head then slowly rolled off his neck, coming to a stop by a police officer's feet.

Chapter 434 Extermination, With No One Left Alive

Hundreds of green military vehicles zoomed toward Jiangnan Police Station in a verdant swathe—just like an impressive river of metal. It was a breathtaking sight indeed; pedestrians either stopped in their tracks, felt bewitched by it, or attempted to either take a picture or recording of the sight, their expressions filled with awe.

Meanwhile, Sima Yan'er slowly made her way back to the police station from the sidewalk with a few boxes of coffee in her hands, but she couldn't stop herself from freezing upon catching sight of the number of military vehicles.

“The Dragon and Tiger Legion!”

Sima Yan'er's expression shifted slightly when she saw Dragon and Tiger emblems on the military vehicles; she couldn't understand why the fearsome Dragon and Tiger Legion would make an appearance in downtown Jiangnan City.

That wasn't all; Sima Yan'er couldn't believe her eyes when the centermost car in the convoy drove past her.

“Was that Dragon and Tiger in there?”

Chapter 434 Extermination, With No One Left Alive

Together with... Lin Fan?"

Sima Yan'er had only gotten a glance, but she had definitely seen three people in that vehicle.

Commander Tiger had been the one driving while Commander Dragon sat next to him in the passenger seat; behind them sat a skinny figure which vaguely resembled Lin Fan.

"No, that's not possible! My eyes must have been playing tricks on me!" Sima Yan'er shook her head furiously, thinking that she must have been hallucinating. After all, she had seen Dragon and Tiger personally chauffeuring nameless little Lin Fan around with her own two eyes. That was practically something out of a story, and besides, that guy was still locked up in the police station's interrogation room.

At that thought, Sima Yan'er hurried to the police station with the coffee. However, an unbelievable sight greeted her when she arrived at the station; the entire police force was out on the compound with intense fear and shock still on their faces as though they had just gone through a terrifying

Chapter 434 Extermination, With No One Left Alive

experience.

That was not all; some of the policemen were still busying themselves with a body bag. There were also gory bloodstains on the ground; it seemed as though a killing had just taken place moments ago.

“W-Why are you all out here? What happened earlier?” Sima Yan’er asked one of the policemen. Upon hearing that, however, the corners of the man’s lips twitched into a pained smile, but he didn’t dare answer her; this made the confusion in Sima Yan’er grow even more.

She immediately walked over to stand next to the body bag. She then crouched down and unzipped the bag to see Wei Fengqiang’s mangled head as well as his headless corpse. Sima Yan’er’s body stiffened, and she fell to sit on the ground in fright.

“C-Captain?”

Rivulets of cold sweat dripped down Sima Yan’er’s forehead in a gushing flow. She hadn’t imagined that Wei Fengqiang would be the one to die.

Chapter 434 Extermination, With No One Left Alive

“T-This can’t be right! Captain Wei had been in the interrogation room earlier questioning Lin Fan. How could he be dead here?” Upon thinking of Lin Fan, Sima Yan’er hastily asked the police around her, “Where’s Lin Fan? Is he still in the interrogation room?”

Much to Sima Yan’er’s shock right then, when she mentioned Lin Fan, all of the policemen showed expressions of fear as though they had just heard the grim reaper’s name. One of them wiped his sweat away as he stammered, “Captain Yan’er, t-the truth about the incident regarding Mr. Lin has surfaced, so he has been released with no charges!”

What?!

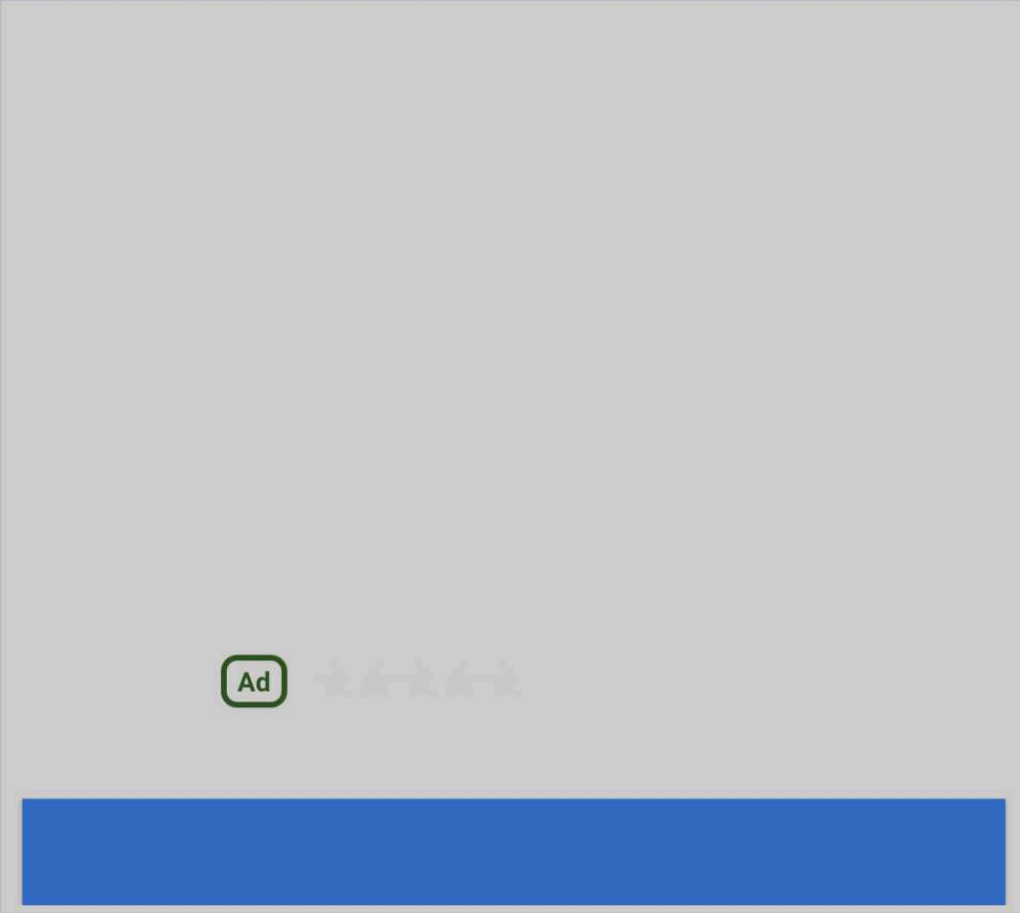

The policeman’s words had shaken Sima Yan’er. The figure in the car that Dragon and Tiger had been in came unbidden to her mind.

Could that really have been... Lin Fan?

...

Meanwhile, the Ye Residence was in an absolute furor; all of the higher-ranking

members of the hidden yet prominent Ye Family were all huddled together in a room, deep in discussion. Two youths were in the center of the room, one of them standing straight while the other kneeled on the ground.

A complicated expression rose unbidden on Ye Wuya's face as the head of the Ye Family peered at the two heir candidates to the Ye Family.

"Ye Tian, did you really witness your brother's murder at the hands of others, but did not help him? No rebukes, no protests, not a word at all?" Ye Wuya's gaze was filled with intense fury as he watched Ye Tian.

Ye Tian was absolutely one of the most impeccable descendants the Ye Family had, especially with the medical skills he had learned while following Divine Doctor Zhang throughout the year. He had long since been listed as one of the family's heirs, but no one could have known that he would be so cold-blooded and heartless as to stand by the sidelines as he watched his younger brother, Ye Chen, being killed off.

How embarrassing it was for the Ye Family.

Chapter 434 Extermination, With No One Left Alive

Upon hearing those words, numerous gazes darted over to land on the kneeling Ye Tian. Disappointment, anger and conflict revealed themselves on the Ye Family's faces.

"Sir, I... was indeed at the scene when my brother Ye Chen was killed!" Ye Tian's face was ashen. The moment he finished his words, he lowered his head again.

Hearing this, the room erupted. As the Ye Family broke out into discussion, the noise in the room rose even more; their words were filled with reproach for Ye Tian.

Upon hearing this, Ye Ming, who stood in the center of the room, couldn't resist the delighted smile rising on his lips as he reveled in Ye Tian's misery.

"Sir, my respected elders, do you hear this? Ye Tian is beyond heartless. In the face of his brother's death, he did nothing. Is he any different from an animal? How can such a person be fit to be an heir to the Ye Family? I suggest his title as heir to be stripped and for him to be exiled from the Ye Family!"

Whoa! Ye Ming's words whipped the commotion to greater heights. However, their

Chapter 434 Extermination, With No One Left Alive

voices sided with a single party—the core and higher-ranking members of the Ye Family wholly agreed with Ye Ming, which made the kneeling Ye Tian look as pale as a sheet. He hastily pleaded with the higher-ranking members of the Ye Family as well as the patriarch, Ye Wuya, and said, “Sir, respected elders! It is not that I am a heartless person, but my brother, Ye Chen, has committed many evil deeds. He had intended to rape a woman and kill her husband! His actions are no different from deliberately seeking his own death! Moreover, had I not done so, what awaits the Ye Family will be extermination. Not a single one of us will be left alive!”

What?!

Everyone couldn’t believe their ears when they heard Ye Tian’s words, including Ye Wuya and the rest of the Ye Family.

To them, Ye Tian had gone truly insane.

“Ye Tian, what are you saying? We are one of the four hidden prominent families! Who would possibly dare to lift a finger against us!”

Chapter 434 Extermination, With No One Left Alive

“That’s right, our family is the only one doing the killing! Who would dare to kill us? Have you gone crazy from fear?”

“Damn it, not only are you heartless, you’ve gone insane too! All you speak is nonsense!”

“...”

The higher-ranking members of the Ye Family looked at Ye Tian as if they were looking at a fool.

Ye Ming, who stood next to Ye Tian, burst out into laughter as if he had just heard an extremely amusing joke. “Hahaha... Ye Tian, are you saying that Bai Yi’s husband—Lin Fan—is capable of killing every member of our family? My my, you’re killing me from the absurdity! Hahaha...”

Chapter 435 The Ones Who Kill Him Are the Two Terrific Martial...

At that moment, Ye Ming was laughing like a drain. He placed his hand over his stomach and pointed at Ye Tian like he was pointing at a laughing stock. “Ye Tian, you are an heir to the fortune of a hidden prominent family, but you’re actually scared of a lowly, unsophisticated live-in son-in-law from a third-tier city like Lin Fan? You’re really embarrassing the whole Ye Family! You are a complete imbecile, a worthless piece of garbage and a wimp!” There was nothing but disdain in Ye Ming’s words.

Apart from him, everyone else had somehow heard of Lin Fan too. After all, he was the guy who had offended Bai Chen from the Bai Clan; such news had been going around the four greatest families like crazy. But now, an heir from the main branch of the Ye Family actually felt intimidated by a lowly live-in son-in-law from a small town; this was a huge humiliation to members of the Ye Family. Almost immediately, the Head of the Ye Family—Ye Wuya—and all the surrounding senior members of the family looked at Ye Tian displeasingly.

However, Ye Ming continued to berate Ye Tian. With a disdainful look on his face, Ye Ming mocked, “Let me tell you this, Ye Tian—

Chapter 435 The Ones Who Kill Him Are the Two Terrific Martial...

you may be scared of that Lin Fan, but I'm not! In order to avenge Ye Chen and to redeem the pride of our Ye Family, I've sent my men over to eliminate that guy! I'm sure there'll be a person who's going to deliver his head to the Ye Family soon!"

Ye Tian was struck dumb by Ye Ming's words. Almost immediately, his face turned pale as soon as he heard that. *Kill Lin Fan? This is crazy! Ye Ming is digging his own grave!*

Ye Tian pointed at Ye Ming when he thought of that and said horrifyingly, "Ye Ming, d-did you know that you've made a huge mistake and you'll be in deep trouble? Do you know Mr. Lin's true identity? If you upset him, you'll die! Everyone around here will... die too!"

The surrounding members of the Ye Family were once again shocked when they saw the terrified look on Ye Tian's face and heard his trembling voice. Right at that moment, they all thought Ye Tian was scared of Lin Fan, which was a total disgrace to the Ye Family.

"Damn it, you useless wimp! I can't believe you are actually scared of a lowly live-in son-in-law! Such a coward like you is not worthy

of being a member of our Ye Family!”

“Yeah, I was so blind and ignorant to actually think that he was the pride of the Ye Family! Now, it seems to me that he’s nothing more than just a piece of worthless garbage!”

“Ye Ming is awesome! I can’t wait to see that wimpy Lin Fan’s head right now!”

Everyone began to praise Ye Ming’s courage while belittling Ye Tian for his cowardice. The atmosphere became noisy with all the discussion and gossip from members of the Ye Family. The insulting and disdainful tone in their words made Ye Tian look awful with a grim expression across his face.

“Master Ye, may I speak with you in private please? Mr. Lin is definitely not as simple as all of you think he is! There’s absolutely no way the Ye Family can afford to mess with him!” Refusing to give up, Ye Tian talked to the head of the Ye Family, Ye Wuya.

He knew the reason why Lin Fan chose to become the live-in son-in-law of the Bai Family—it was to conceal his true identity. But now, Ye Tian couldn’t reveal his grandmaster’s shocking identity in front of

Chapter 435 The Ones Who Kill Him Are the Two Terrific Martial...

so many people. Hence, he only hoped he could tell Ye Wuya about everything he knew in private.

However, Ye Wuya—the head of the Ye Family—became very angry as a grave look crossed his face when he heard Ye Tian’s words. “That’s enough!” He glared at Ye Tian with a disappointed and surprised look in his eyes. “Ye Tian, do you think the Ye Family is just a bunch of good-for-nothing cowards? We cannot afford to mess with Lin Fan? Are you kidding me? He’s just a live-in son-in-law, whereas we are one of the Four Greatest Hidden Prominent Families! From today onward, I strip you of your status as the heir to the family’s fortune, and you shall be expelled from the family! As long as Ye Ming can kill Lin Fan, avenge Ye Chen and redeem the pride of the Ye Family, he shall be the one and only heir to the family’s fortune in the entire Jiang City!”

Gasp! Ye Tian looked really dejected when he heard this. On the other hand, Ye Ming, who was standing beside them, became so excited that he almost skipped in delight.

“Master Ye, I, Ye Ming, thank you for your approval! Master Ye and everyone else here,

do not worry. Within half an hour, Wei Fengqiang will deliver Lin Fan's head to the Ye Family!"

Ye Ming's words made Ye Wuya, the head of the Ye Family, nod in satisfaction. The rest of the people were very ecstatic after hearing him as well.

"Haha! Congratulations, Ye Ming! You are the future head of the Ye Family!"

"Yeah, that's right! Ye Ming is very awesome indeed, unlike someone who is actually afraid of a bumpkin!"

The surrounding senior members of the Ye Family continued to congratulate Ye Ming, showering him with all kinds of exaggerated flatteries.

Seeing their reaction and being praised by members of the Ye Family, Ye Ming became very excited and thrilled. *Spending 10 million for the head of a lowly live-in son-in-law in exchange for the complete support of the entire Ye Family is really worthwhile! Haha!* Ye Ming exclaimed to himself in excitement. However, he pretended to be humble while receiving congratulations from the people around him.

Chapter 435 The Ones Who Kill Him Are the Two Terrific Martial...

Thump! Ye Tian fell and sat on the floor as if all energy had left his body when he saw this. "We're doomed! The whole Ye Family will be in deep trouble!" he shouted frantically at them like a lunatic.

All the surrounding members of the Ye Family were slightly puzzled when they heard him. *We'll be in deep trouble? Hmph! What an idiot!* All members of the Ye Family stared at Ye Tian like they were looking at a fool.

Ring! At that moment, the ringtone to Ye Ming's phone sounded; his cellphone rang. He pulled it out and took a glance at it. Then, he sneered at Ye Tian and mocked, "Haha! Do you see this? It's a call from the police station. I'm sure that Lin Fan, the guy you were so scared of, has lost his head by now!"

Ye Ming's words excited everyone around them greatly. However, everyone noticed how the smile on Ye Ming's face froze in a rictus after he answered the call. Then, his eyes bulged as if he had heard terrifying news. After that, he was completely

perplexed.

“D-Dead? Are you sure?” Ye Ming’s face turned as white as a sheet, especially after he got a confirmation from the caller on the other side of the phone.

Thump! His legs went limp and he fell onto the floor.

Eh? Ye Ming’s reaction caused the hearts of Ye Wuya, the head of the Ye Family, and all the surrounding members of the family to skip a beat. All of them scrambled to ask Ye Ming what had happened immediately.

“Ye Ming, what happened? Who did you say was dead?”

“Yeah, Ye Ming, was Lin Fan the one who died?”

The members of the Ye Family continued asking Ye Ming about the news he received from the police station. All of them stared at Ye Ming simultaneously, their eyes full of anxiety and worry.

Upon hearing their questions, Ye Ming glanced at the people around him and said

in horror, "I-I just got the news from the police station. The one who died is not Lin Fan, but Wei Fengqiang, the Captain of the police station whom I had bribed to kill Lin Fan!"

What?! Ye Ming's words shocked everyone in the main hall. The person they wanted to kill was alive, whereas the supposed killer they sent was dead.

Somehow, everyone felt like there was something off about this; all of them had a bad feeling about what was going on. They then turned to Ye Ming and continued asking.

"Ye Ming, who was bold enough to actually kill Captain Wei Fengqiang?"

"Yeah! D-Don't tell me that it was Lin Fan who did this! He's just a live-in son-in-law. There's no way he can be so bold!"

Everyone continued to bombard Ye Ming with all sorts of questions and doubts. Now, all members of the Ye Family were so nervous that they felt their hearts racing rapidly.

Chapter 435 The Ones Who Kill Him Are the Two Terrific Martial...

The corner of Ye Ming's mouth quivered as shivers crept down his spine when he heard them. "It was not Lin Fan who killed him—it was Dragon and Tiger, the two terrific martial artists!"

Chapter 436 Lin Zuo Is Mr Lin Fan

Dragon and Tiger!

*Whoa!*As soon as they heard this name, the surrounding high-ranking members of the Ye Family started chattering non-stop.

There was a look of shock and disbelief on their faces as the intense chattering reverberated throughout the area.

“Oh my, I heard that an important figure has come to Jiangnan. Not only did Dragon and Tiger bring tens of thousands of their army to pay their respects, even Liu Zhen, the number one President of the province, and the Eight Great Conglomerates have also gone to the airport to pay their respects!”

“I know, right? I heard about it too! However, I don’t really understand why Dragon and Tiger murdered Wei Fengqiang.”

“Is he related to that significant figure?”

At this moment, many of the Ye Family members were discussing the possibilities.

The moment the ‘important figure’ was mentioned, there was a look of terror and fear on nearly everyone’s faces, especially

Chapter 436 Lin Zuo Is Mr Lin Fan

Master Ye Wuya's!

With a serious look on his face, he then asked Ye Ming, "Ye Ming, where is Lin Fan?"

Lin Fan!

Slightly startled, everyone turned their gazes toward Ye Ming.

That was right; the Ye Family was most worried about Lin Fan and Wei Fengqing.

Sensing everyone's gaze, Ye Ming's face turned ghastly pale. In a shaky voice, he said, "Lin Fan has been released clear of charges!"

The entire Ye Family was stunned by this piece of information.

Released clear of charges?

How was this even possible?

Lin Fan had murdered Ye Chen in front of three policemen; murder was an unforgivable crime.

However, Wei Fengqiang was now dead, and

Chapter 436 Lin Zuo Is Mr Lin Fan

Lin Fan had been released clear of charges. There must be a terrifying relationship between them.

Almost every one of the Ye Family trembled at the thought of this.

At this moment, hurrying footsteps came from outside of the door.

Everyone immediately saw the Ye Family's butler running into the house with a look of panic on his face.

Sweating profusely, he looked as pale as a sheet; the butler seemed as though he had seen a ghost.

Master Ye Wuya furrowed his brows when he caught sight of this. He then scolded, "Mr. Zhang, why are you in such a hurry?"

"If someone were to see you like this, our Ye Family would be embarrassed!"

Master Ye Wuya's voice sounded stern.

However, what surprised the crowd was that the butler had ignored Master Ye's scoldings. Instead, he said in a trembling

Chapter 436 Lin Zuo Is Mr Lin Fan

voice, "M-Master Ye, things are not looking good! There are a lot of soldiers outside!"

What?!

Everyone's eyelids started twitching when they heard this.

However, before Ye Wuya could ask any further, the sound of a door being crashed open was heard coming from outside.

The Ye Family's door shattered open as if it had been struck by a train.

Groups and groups of soldiers in full uniforms swarmed in like a torrent of molten metal.

There were tens, hundreds, two hundred of them!

...

The number of soldiers was beyond numbers; soon, the mass of people had almost crowded the entire Ye Family's huge yard.

Especially after the intense killing intent

Chapter 436 Lin Zuo Is Mr Lin Fan

dissipating from each soldier had amassed, the terrifying suppression was overwhelming.

Similar to the Dragon and Tiger Legion, they sent shivers down the crowd's spine.

That was not all; after Ye Wuya and the others saw the Dragon and Tiger badge on these soldier's uniforms, it was as if bombs after bombs were being dropped on them, leaving them baffled because they were the Dragon and Tiger Legion!

However, the scene that made the whole Ye Family's hairs stand on their ends had only begun.

The Dragon and Tiger Legion, who had made their way into the yard, split into two rows in an orderly fashion.

Then, two silhouettes stepped out from the group; they were the Gods of War, Dragon and Tiger.

Their auras were heinous and their gazes were cold. In particular, Commander Dragon and Commander Tiger's eyes looked as if they were staring at the dead.

“W-Welcome, C-Commander Dragon and Commander Tiger. Excuse me for not going out to welcome you. Do forgive me!”

At this moment, Ye Wuya could only feel a tingling sensation on his scalp. He swiftly scurried toward Dragon and Tiger before bowing to them.

As he gave them a 90-degree bow, cold sweat was streaming down from his forehead.

“I wonder to what do I owe the pleasure of this visit?”

As he voiced out this question, Ye Wuya could feel his heart racing; it was as if his heart was on the verge of leaping out from his mouth.

The senior members and lineal descendants of the Ye Family were also intimidated. Looking at Dragon and Tiger as well as the soldiers' gazes, they were filled with terror and panic.

For some reason, all of the Ye Family members recalled Ye Tian's screaming at this moment.

Chapter 436 Lin Zuo Is Mr Lin Fan

A misfortune would befall the Ye Family!

C-Could this be real?

In an instant, every one of the Ye Family members looked at Ye Tian in disbelief. They were in extreme terror.

“Ye Wuya!”

Commander Dragon’s gaze was extremely frightening. It was as if the Ye Family, one of the Greatest Hidden Prominent Families, meant nothing to him in his eyes. “Do you know what you’ve done wrong? Does your Ye Family know what you’ve done wrong?”

Gasp!

Commander Dragon’s sarcasm was like a bolt from the blue, leaving the Ye Family stunned.

“C-Commander Dragon, my Ye Family has always abided by the rules. I wonder what we could’ve done wrong?” Ye Wuya forced out a smile.

However, Dragon and Tiger were infuriated when they heard his reply.

Chapter 436 Lin Zuo Is Mr Lin Fan

“You don’t know what you’ve done wrong? In that case, let me ask you something. Ye Chen was hatching a sinister plot against President Bai Yi. Was that a crime?”

“Ye Ming bribed Wei Fengqiang and wanted to murder Lin Zuo. Could this be considered a crime?”

Commander Dragon’s questions were like bombs, sending chills down the Ye Family’s spines.

However, Ye Wuya and the rest of the Ye Family members were appalled soon after. Did they just hear Commander Dragon mention... Lin Zuo?

Were they mistaken?

Ye Wuya looked like he had just seen a ghost as he asked Commander Dragon, “Commander Dragon, Ye Chen had indeed harbored evil intentions and was plotting against President Bai Yi. Nonetheless, he is already dead! Besides, did I hear you wrongly? You said that Ye Ming wanted to kill... Lin Zuo?”

Plop, plop!

Chapter 436 Lin Zuo Is Mr Lin Fan

Cold sweat began to trickle down the Ye Family's foreheads.

Looking at Commander Dragon's gaze, they were filled with intense terror and disbelief.

Lin Zuo from China?

He was one of the top leaders in China; even if the Ye Family was given a thousand guts, they still wouldn't dare go against such an influential person like him—Lin Zuo could simply destroy the Ye Family just by lifting a finger.

Ye Ming, who was in the crowd, was completely baffled.

"I-Impossible! Why would I want to kill Lin Zuo? I only want to kill the live-in son-in-law from Jiang City!"

Ye Ming's face was as pale as a sheet.

Meanwhile, Ye Tian was also sweating profusely at the side.

Is it possible that besides being the King of Blood Prison, Grandmaster Lin is also... that guy?

Chapter 436 Lin Zuo Is Mr Lin Fan

The thought of this made Ye Tian's scalp tingle.

"Hmph!"

With a sharp exhale, Commander Dragon stared at Ye Wuya dead in the eyes and said, "You didn't hear me wrongly; I said that you guys were the ones who wanted to kill Lin Zuo!"

It was really Lin Zuo!

After verifying this, Ye Wuya and the rest of Ye Family were so terrified that they almost peed their pants.

Thud, thud!

Some of the Ye Family members could not bear this stress that they collapsed onto the floor out of fear.

That was not all; Commander Tiger swept a glance at the Ye Family and let out a sneer. "Lin Zuo is in fact, Mr. Lin Fan!"

That was because Lin Zuo was Lin Fan!

As soon as this remark reverberated across the Ye Family's yard, all the noises vanished in an instant. Ye Wuya, Ye Ming and every one of the Ye Family members were stunned; the silence was suffocating.

After they had come back to their senses, the whole Ye Family felt their vision darkening; they were absolutely terrified.

Some people in the crowd then exclaimed, "What's wrong, Uncle? Help, he passed out!"

"Uncle! Wake up, don't give me a scare!"

"..."

Voices of panic echoed as some of the Ye Family members were so scared that they had passed out.

Even Ye Wuya felt a throbbing pain in his heart; with a yell, he spat out a mouthful of blood.

"I-Impossible! How can Lin Zuo and Lin Fan be the same person? How is this possible?"

Chapter 437 Go to the Ye's... Kneel and Apologize

Ye Wuya's back was drenched with cold sweat; he appeared decades older, and the despair and fear in his eyes were rather intense.

On the other hand, Ye Ming was in a worse state; his body trembled as fluid trickled down his thigh.

He was wetting himself right there and then.

"Lin Fan is Lin Zuo! T-The person I wanted to kill was Lin Zuo, one of the Four Great Commanders in China?"

Ye Ming's face was as pale as a sheet.

Meanwhile, Dragon and Tiger seemed to have expected the Ye Family to have such a reaction. The duo glared coldly at Ye Wuya and said intimidatingly, "Ye Wuya, do you have anything else to say now?"

"N-No!"

Ye Wuya's face turned ashen.

At this moment, he said, "My Ye Family is ignorant for having the audacity to harbor evil intentions against Lin Zuo. We deserve

to be punished! I wonder how does Lin Zuo plan on punishing us?"

A thick despair enveloped every one of the Ye Family members' hearts. They looked at Dragon and Tiger with a nervous and terrified look on their faces.

They knew that an order from Lin Zuo would not only determine their life and death, but it would also conclude the rise or fall of one of the Prominent Families—the Ye Family.

While the crowd was engulfed in anxiety, Commander Dragon shrugged his shoulders out of helplessness and answered, "Lin Zuo is kind. On account of Ye Tian, he has instructed us not to destroy the Ye Family. However, Ye Ming has to die!"

Whew!

When they heard this, all of the Ye Family members who were rather nervous heaved a sigh of relief; it was as if they had been to hell and back.

They had survived this ordeal!

The Ye Family was also preserved.

Chapter 437 Go to the Ye's... Kneel and Apologize

When the Ye Family heard that Lin Zuo did it for Ye Tian's sake, they shifted their gazes filled with gratitude toward Ye Tian. Only then did they understand that Ye Tian's choice was right since the beginning.

He was the one who had rescued the entire Ye Family!

On the other hand, Ye Ming's face was as pale as a sheet, especially when he saw Ye Wuya walking toward him with a vicious expression. Terrified, he kept retreating.

"M-Master Ye, what are you doing? I... was in the wrong. I really didn't know that Lin Fan and Lin Zuo were the same person! I beg of you! F-Forgive me!"

Fear was written all over Ye Ming's face.

At this moment, he no longer had the dignity of the Ye Family's heir. Like a chick who had wetted itself, he was in utter despair.

However, Ye Wuya and the rest of the Ye Family were acting coldly at this moment after listening to what he had said.

"Don't blame me, Ye Ming! You're the one

who almost caused our Ye Family to be wiped out!”

“Hence, we can only use your life to ask for Lin Zuo’s forgiveness!”

As soon as he finished talking, a dagger appeared in Ye Wuya’s hands; he proceeded to thrust it forward.

The dagger was then stabbed into Ye Ming’s heart.

Plop, plop!

Drops of blood and gore gushed out of Ye Ming’s wound as his whole body froze; he could only feel his energy swiftly dissipating from his body.

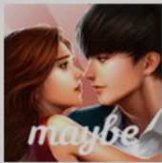

“Lin Fan... Lin Zuo!”

Ye Ming blurted out his last words.

If he was reincarnated, he surely would not want to meet this man anymore; he was like a demon.

When Ye Ming's body collapsed to the ground, Ye Wuya finally breathed a sigh of relief.

He then turned to the rest of the Ye Family and said, "Everyone has heard what I said, right? Ye Tian has saved us this time! From today onward, Ye Tian will be the heir of the Ye Family!"

Whoa!

The surrounding Ye Family members looked at Ye Tian as if they were looking at a hero when they heard this.

Sensing the respect from the crowd, Ye Tian's face reddened out of excitement.

He knew that from today onward, he was a totally different person; Lin Fan was Lin Zuo, and he was also his grandmaster.

A deep gratitude permeated Ye Tian's heart; he was absolutely determined that he wanted to follow Lin Fan regardless of the price he had to pay, and would never regret this decision.

Meanwhile, the atmosphere in one of the wards at First People's Hospital in Jiangnan City was rather depressing.

Chang Yuan—who was in a wheelchair with his legs tied up—was looking at Old Master Shen, Shen Jian and the others as he said, “Old Master Shen, I am at fault in this matter. I can apologize to Bai Yi! However, everything that I've done was for Bai Yi's sake!”

“After all, he was a wealthy kid from the Ye Family; if Bai Yi had become Ye Chen's partner, wouldn't it be a thousand times better than being Lin Fan's wife?! Furthermore, Lin Fan is now a murderer; he has also offended the Ye Family. He is done for!”

The red slap mark still lingered on Chang Yuan's face; he had been slapped by Bai Yi and Bai Shan, but he did not take it to heart at all.

He was still trying to explain himself.

However, Old Master Shen, Shen Jian and Shen Jie's faces had turned green when they heard this.

Chapter 437 Go to the Ye's... Kneel and Apologize

The Ye Family?!

The Ye Family was one of the Four Greatest Hidden Prominent Families of Jiangnan Province. If Lin Fan murdered one of the Ye Family members, it would mean that he had made an eternal grudge with the Ye Family.

Now, not only was Lin Fan done for, they were also going to suffer the same fate.

“Chang Yuan, watch your d*amn mouth!” Bai Shan shouted out furiously.

Looking at Chang Yuan’s gaze, he was eager to skin this brat alive.

“You’re the one who caused this to Lin Fan. You’re also the culprit who dragged my daughter into such trouble!”

“You asked for it. Even if I die, I will never let you off the hook!”

Bai Shan was infuriated.

Meanwhile, Bai Yi, who was at the side, seemed as though her soul had just left her body.

Chapter 437 Go to the Ye's... Kneel and Apologize

After she had come around, she realized that Lin Fan had really killed Ye Chen and he had been apprehended in the police station.

“Lin Fan! Lin Fan!”

Lin Fan’s name was written all over Bai Yi’s look of despair. Drops of tears trickled from her eyes as she wailed, “How can you be so foolish? You’re a fool. If you are sentenced to death, I’ll follow you to death as well!”

Bai Yi had lost interest in everything else at this moment; she knew that she would only stay alive if Lin Fan was alive too.

If Lin Fan was dead, she would die too!

Nevertheless, Old Master Shen—who was on the bed—finally spoke up at the moment. “Bai Shan, Yumei! Don’t act rashly. What’s important right now isn’t Chang Yuan’s mistakes or Lin Fan’s faults—it is the wrath of the Ye Family!”

“So, I’ve decided that I want your whole family to go to the Ye Family. All of you shall kneel down and apologize! Moreover, I want all of you to give all of your properties—including Bai Yi—to the Ye Family if they are

willing to accept them! You will not stop until they forgive you!”

Bai Yi and her family’s expressions immediately changed when they heard Old Master Shen’s orders.

Kneel and apologize to the Ye Family.

Hand over all properties and Bai Yi to the Ye Family in exchange for their forgiveness!

As soon as Bai Yi and her family heard Old Master Shen's demands, all of their faces immediately turned pale; they did not expect that Old Master Shen would heartlessly send his granddaughter away for his own sake.

In an instant, Bai Shan's face reddened out of fury. Looking at Old Master Shen and the rest of them, he scolded, "Dad! How can you do this? We are still unsure if Lin Fan is dead or alive, but you already want to send Bai Yi over to the Ye Family. Don't you think that you're letting us down? Don't you feel like you're doing Lin Fan wrong?"

Bai Shan was not the only one who was displeased; there was a deep look of disappointment on Shen Yumei's face.

"Dad! I will not let you send Bai Yi to the Ye Family! I will never agree to it!"

Bai Shan and his wife were rather unyielding.

However, Shen Jian and Shen Jie couldn't

help but offer some advice at the sight of this. “Bai Shan, Yumei! How can you guys be so narrow-minded? He is a wanted criminal now—he is done for! Do you guys want Bai Yi to live the rest of her life as a widow?”

“He’s right, Yumei! We are giving her to the Ye Family. Countless women in Jiangnan can only dream of entering one of the Greatest Prominent Families! If Bai Yi manages to enter the Ye Family, it would be such a glorious thing—even if she becomes a maid there!”

In Shen Jian’s eyes, he would give anything up as long as he could avoid any conflict with the Ye Family. If not, Bai Yi and her family would not be the only ones who were going to be done for; even the Shen Family would be doomed.

At this moment, both parties were having such a heated argument that their faces had reddened.

Chang Yuan, who was standing at the side, couldn’t help but say to Bai Yi, “Bai Yi, even if you’re considering it for yourself, shouldn’t you consider your father, mother and Lin Fan as well?”

Lin Fan!

The moment she heard Lin Fan's name, Bai Yi's body trembled violently.

He was right. If she could obtain the Ye Family's forgiveness, perhaps there might still be a glimmer of hope for Lin Fan although he was a wanted criminal.

Furthermore, if the Ye Family decided to seek vengeance, Lin Fan's death would be indisputable; he would certainly be dead.

Bai Yi's face turned ashen as an intense look of despair emerged at the thought of this.

Now what?!

What should I do?

Chang Yuan was immediately delighted when he saw the hesitation on Bai Yi's face. He swiftly exaggerated the truth and added, "Bai Yi, Young Master Ye Ming is now the Ye Family's heir! He will certainly have feelings for you. If you can win Young Master Ye Ming's heart, he can persuade the Ye Family to abandon their plans of seeking revenge! You could even use your relationship to help

Lin Fan escape the death penalty!"

Escape the death penalty?!

These four simple words triggered a violent tremble in Bai Yi's body; she was hoping that Lin Fan did not have to die.

However, she could not possibly betray Lin Fan too.

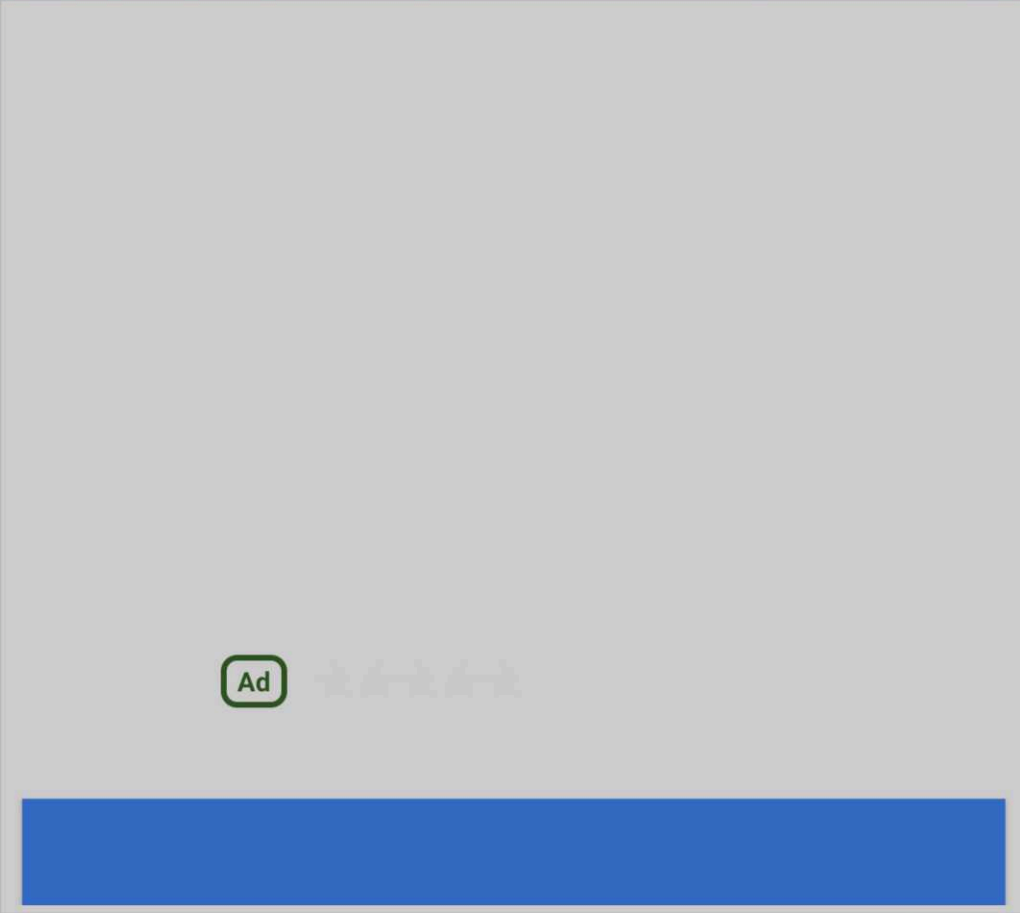

Tears started to trickle down from Bai Yi's eyes; her incomparable beauty was filled with despair and sorrow.

Nonetheless, a stern look instantly appeared on Old Master Shen's wrinkled face when he caught sight of this. In a stern voice, he shouted out, "That's enough! I don't care if you guys are willing to or not. Just do what I say!"

"Your whole family shall go to the Ye Family immediately and kneel outside of their door! Hand over all of your properties and Bai Yi to Young Master Ye Ming and obtain the Ye Family's forgiveness!"

Old Master Shen spoke in a resolute tone.

Hearing this, Bai Yi and her family's faces turned ashen; on the contrary, Chang Yuan couldn't be more delighted.

He knew that it would be impossible for him to win Bai Yi's heart in this life, but he still wanted to seek revenge against Lin Fan.

The best way to do that was to present Bai Yi to Ye Ming.

Not only would he be able to get his revenge against Lin Fan, he could also obtain Ye Ming's trust—this was simply killing two birds with one stone.

Was he finally going to succeed now?

Chang Yuan was smiling from ear to ear at the thought of this.

However, a cold voice came from outside of the door at this moment. "I object!"

Huh?

The crowd was slightly stunned when they heard this; they did not know who was the one who had the audacity to suddenly interrupt at this moment.

Chapter 438 He's a Wanted Criminal

Moreover, why did this voice sound so familiar?

Especially after Bai Yi heard his voice, her body shivered violently and the sorrow on her face froze instantly; she even doubted if she had heard it wrongly.

"Is it him?"

Bai Yi's eyes stared at the door as her heart raced out of nervousness.

Meanwhile, the others had also shifted their gazes toward the door.

Under the watchful gaze of the crowd, a skinny figure emerged at the ward's door.

However, after making out the face of this man, Old Master Shen and Chang Yuan's expressions changed abruptly. "L-Lin Fan? This is impossible. W-Weren't you apprehended?"

"Damn it! Why are you here? How is this possible?"

"..."

Chapter 438 He's a Wanted Criminal

Old Master Shen, Chang Yuan, and the rest of the group looked like they had just seen a ghost.

On the other hand, Bai Yi's eyes lit up instantly.

Pit-a-pat!

Her tears were like a string of pearls that had broken, rolling down from her eyes; she was letting out tears of joy.

At this moment, Lin Fan couldn't be bothered to look at Old Master Shen and the others. His eyes were fixed on the sobbing Bai Yi and the overjoyed Bai Shan and Shen Yumei. He then greeted them right away, "Honey, Dad, Mom, I'm back!"

Wow!

After making sure that all of this was real, Bai Yi started wailing and burst into tears before jumping into Lin Fan's arms.

"Sob..."

Bai Yi's face had been drenched by her tears; she cried so beautifully that it tugged at

people's heartstrings.

She rested her head on Lin Fan's shoulder while hugging him tightly, afraid that she would lose him again. "You fool! Why did you act so rashly? Why did you have to scare me like that?"

"What would I do if you were really sentenced to death?"

"What am I supposed to do if you can't return anymore?"

" ... "

Her grumbles echoed in Lin Fan's ears, making Lin Fan feel moved.

He could clearly feel Bai Yi's terror and fear. She was afraid of losing him—just like how he was afraid of losing her.

"Don't worry, honey! I'll be fine!" assured Lin Fan while gently stroking Bai Yi's hair.

Standing by the side, Chang Yuan opened his mouth and said, "Lin Fan, you really have the guts to escape from prison! You're courting death. Not only are you dicing with

Chapter 438 He's a Wanted Criminal

death, you're going to drag Bai Yi down with you too!"

Escape from prison?

Hearing Chang Yuan's remarks, everyone in the room was baffled; even Bai Yi had lifted her head from Lin Fan's embrace. The delight on her face had completely frozen as intense fear and utter disbelief took over instead.

Old Master Shen, who was startled, also asked frightenedly, "Chang Yuan, h-how did you know that Lin Fan escaped from prison?"

"Old Master Shen, don't you get it?" Chang Yuan's face was filled with immense evil as he replied straight away, "This brat killed Ye Chen. I saw him in handcuffs when he was being escorted away by the police with my own eyes! How can a murderer be released? There is only one possible explanation to this—he must've secretly fled from prison! I bet the police will be looking for him and arrest him very soon! Not only is he a murderer, he is also a wanted criminal now!"

Chang Yuan's explanation gave goosebumps to everyone who was in the ward.

Murderer!

Wanted criminal!

Hearing these two nouns, everyone in the room felt a tingling sensation on their scalps.

Shocked, Bai Shan and his wife's faces had turned ashen. They then worriedly said to Lin Fan, "Fan, you shouldn't have come here—this is a hospital, and there are eyes everywhere! The police will be able to locate you very easily!"

"Quick, leave! The further you flee, the better! Don't you worry. We will take good care of Bai Yi and we will wait for you forever..."

In the couple's eyes, Lin Fan was like their biological son. He had been arrested and sent to prison previously because he had committed murder, so their hands were tied.

But now that Lin Fan had escaped from prison, they would rather be convicted for harboring a criminal than to see Lin Fan get

Chapter 439 My Ye Family Apologizes to You

arrested once again and sentenced to death.

Looking at the anxious look on his parents-in-law's faces, Lin Fan was touched. He then shook his head and said smilingly, "Dad, Mom! You don't have to worry. I didn't escape from prison. I was acquitted of my crimes!"

What?!

Lin Fan's revelation left everyone in the room, including Bai Shan and his wife, astounded.

Acquitted of his crimes?

How was this possible?

Every single one of them had a look of disbelief on their faces, especially Chang Yuan. He immediately burst into laughter as if he had just heard the funniest joke.

"Hahaha... Lin Fan, can't you come up with a better reason if you want to lie to people? Acquitted of your crimes? Do you think those police officers are dumb? They saw you committing murder with their own eyes. Why would you be acquitted of the crime? Also, do you think you'll be safe after

escaping from prison? Let me tell you something—the Ye Family will certainly not let you off the hook!”

The Ye Family!

Hearing this name, Lin Fan squinted his eyes slightly as he glanced at Chang Yuan’s arrogant look.

“Are you talking about Ye Ming?”

Huh?

Chang Yuan’s smile instantly froze before a hint of shock appeared on his face.

He did not expect Lin Fan to know who Ye Ming was.

After all, Young Master Ye Ming had never revealed himself since the beginning. So, how did Lin Fan know him?

Nonetheless, this was not all; Chang Yuan couldn’t believe his ears when he heard what Lin Fan said next.

“Oh, let me tell you something as well! By now, Young Master Ye Ming, who has been

Chapter 439 My Ye Family Apologizes to You

behind your back, should be... dead, I think.”

As Lin Fan’s words traveled into Chang Yuan, Old Master Shen and the others’ ears, their eyes widened, wondering if they were experiencing auditory hallucinations.

Ye Ming, who was the next heir of the Ye Family, was the greatest Young Master in Jiangnan City.

But now, Lin Fan was saying that he was dead?

How was this even possible?

“Lin Fan, you’re starting to blabber nonsense again!”

Chang Yuan’s sullen look was terrifying; he was staring at Lin Fan as if he was looking at a madman. “Do you have any idea who Young Master Ye Ming is? He is the treasure of the Ye Family and the backbone of the country in the future!”

“As for you, you’re only a fugitive! How dare you say that he is dead? Hahaha... You must be joking!”

Chapter 439 My Ye Family Apologizes to You

Chang Yuan was not the only one who was bearing this thought; even Old Master Shen and the rest of the people, including Bai Yi and her family, found his remarks implausible.

After all, Ye Ming represented the Ye Family.

Who would dare to provoke the Ye Family, let alone murder the heir of the Ye Family?

This was simply dubious.

However, Lin Fan put on a faint smile and said teasingly, "You can ask them yourself, and you'll know whether he's dead or not!"

Them?

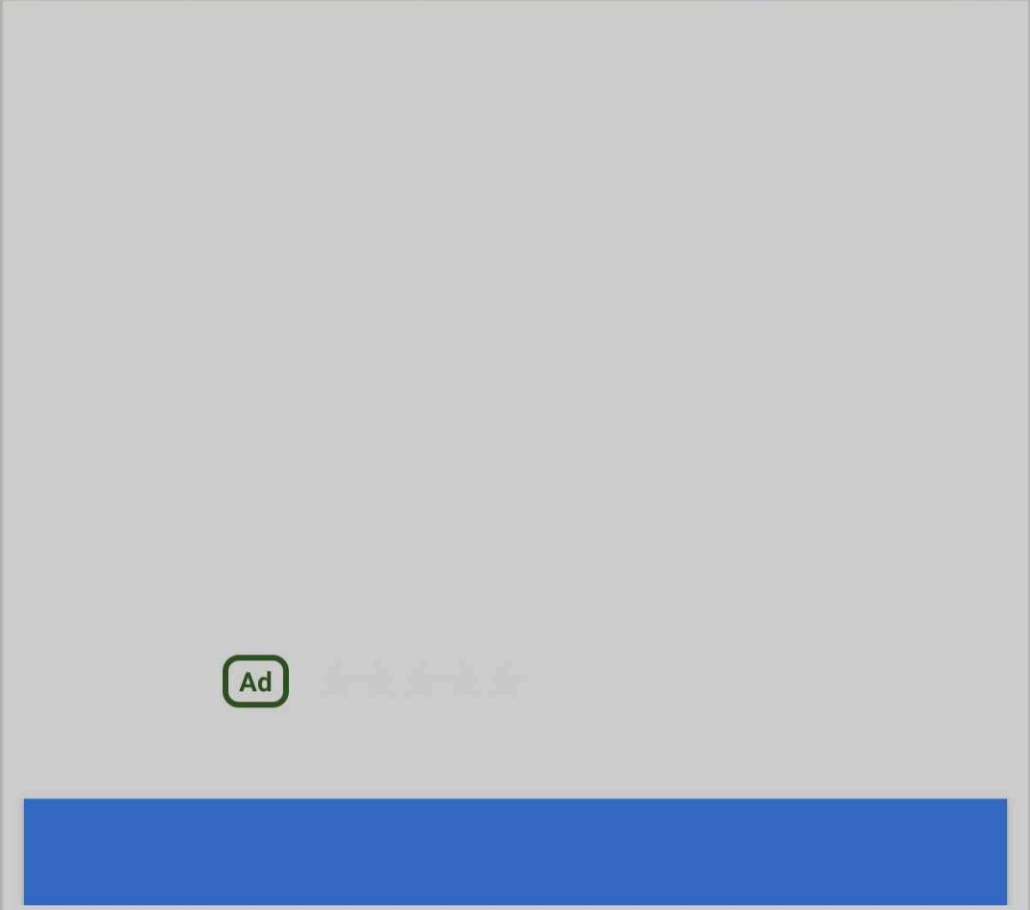

Everyone was slightly appalled; they did not understand who Lin Fan was talking about.

At this moment, a uniform sound of footsteps suddenly came from the hallway outside of the ward.

Huh?

When they heard the series of footsteps, everyone in the ward was dumbfounded.

They could make out from the footsteps that there were surely 20 or 30 people outside at the very least.

As expected, people in suits appeared in front of the door of the ward, entering one after another under the curious gazes of the crowd.

The person leading the group was a middle-aged man who seemed like he took good care of his health. He seemed cultured, yet there was a dignified look on his face.

After recognizing this middle-aged man, Chang Yuan, who was in the ward, was immediately startled.

“H-He is Master Ye Wuya!”

What?!

Chang Yuan’s remark sent shivers down everyone’s spine, including Old Master Shen’s.

Master Ye Wuya?

He was the most terrifying, powerful figure in Jiangnan City. Why would he show up

Chapter 439 My Ye Family Apologizes to You

here?

That was not all; Chang Yuan was completely stunned. Glancing behind Ye Wuya, his face turned ghastly pale. "That is the President of the Ye Group. That's the Chairman of the Ye Group..."

Chang Yuan and Old Master Shen then realized that all these people were the heart and soul of the Ye Family.

Every one of them had such a huge influence that they could shake the entire Jiangnan City with a stomp.

With all 20 to 30 people gathered here, they basically represented all leaders of the Ye Family, which was one of the Prominent Hidden Families.

This was simply mind-boggling.

"W-What are the senior members of the Ye Family doing here? Are they here to denounce Lin Fan of his crimes?"

Terrified, Old Master Shen's body trembled non-stop on the bed.

Chapter 439 My Ye Family Apologizes to You

Hearing his mumbling, Chang Yuan seemed to have remembered something all of a sudden. He turned to Lin Fan with an ecstatic look on his face and said arrogantly, "Hahaha... Are you seeing this, Lin Fan? The leaders of the Ye Family are here; they are surely here to denounce you of your crimes! You murdered Ye Chen, so the Ye Family will go against you until the end! You're done for. You're doomed!"

Chang Yuan's face was filled with joy and ridicule.

Meanwhile, Bai Shan and his family, who were standing at the side, were so scared that their faces had turned as pale as a sheet.

Click, clack!

Then, they saw Ye Wuya and the rest of the people heading straight toward them after they had appeared.

Bai Shan and the rest of the people's faces turned ashen at the sight of this.

"W-What are you guys trying to do? Let me give a warning to all of you—nobody is

Chapter 439 My Ye Family Apologizes to You

allowed to lay a finger on my son-in-law! If not, I would rather put my life on the line than to let that person go!”

Bai Shan defended Lin Fan behind him while looking at Ye Wuya and the rest of the people with a terrified look.

However, what surprised him was that although this group of leaders from the Ye Family—led by Ye Wuya —were looking at him, there was not a hint of hostility or killing intent in their gaze. Instead, there was an intense look of respect and panic.

This...

Bai Shan, Shen Yumei and Bai Yi were wondering if they were seeing things.

After all, why would those influential leaders of the Ye Family be afraid of them? This was certainly unbelievable.

Five meters!

Three meters!

...

Chapter 439 My Ye Family Apologizes to You

Seeing that Ye Wuya and his group of people were inching closer and closer to Bai Yi and her family, the smile on Chang Yuan's became wider and wider.

"You're done for! Lin Fan, you demon, have you finally met your match?"

Chang Yuan was so excited that his face had reddened.

However, after seeing Ye Wuya walking up to Lin Fan, the scene that followed instantly froze the smile on his face.

Ooh la la!

With Ye Wuya as the leader, all of the leaders of the Ye Family stood upright and were uniform.

Facing Lin Fan and Bai Yi and her family, all of them simultaneously bowed down.

Then, there was a voice that was filled with fear and terror. "Miss Bai, my Ye Family would like to ask for your forgiveness!"

Miss Bai Yi, my Ye Family would like to ask for your forgiveness!

The moment Ye Wuya blurted out those words, the air in the ward seemed to have frozen instantly.

Old Master Shen and the rest of the people could not believe their ears at this moment.

Especially when they saw the group of leaders from the Ye Family bowing to them, their eyes had nearly popped out of their heads.

This was the Ye Family, one of the Four Greatest Prominent Hidden Families!

But now, they were actually asking for Bai Yi's forgiveness—it was simply unbelievable.

They were not the only ones who were shocked; the evil smile on Chang Yuan's grim smile had also frozen in place.

He forcefully rubbed his eyes, but after making sure that he was not hallucinating, his body trembled violently and he almost wetted himself in his wheelchair.

“M-Master Ye, what are you guys doing? Why are you asking for Bai Yi’s forgiveness? Her husband is the murderer who killed Ye Chen. Are you guys not here to seek revenge?”

Chang Yuan was totally baffled.

He understood the nature of prominent families like the Ye Family very well.

These people prioritized their dignity and pride over their own lives.

Lin Fan had killed Ye Chen, which was like a slap across the Ye Family’s face. The Ye Family would surely be eager to seek revenge.

But now...

“Revenge?”

Hearing Chang Yuan’s question, Ye Wuya shifted his gaze and looked at Chang Yuan as if he was looking at a fool.

“You must be Chang Yuan! To my knowledge, you had something to do with Ye Chen’s murder! You were also the one who instigated Ye Ming to go against Mr. Lin!”

Sensing the hostility in Ye Wuya's eyes, Chang Yuan's face turned pale out of fear. "Master Ye, this is all a misunderstanding! I did not instigate Young Master Ye Ming to go against Lin Fan! All of this happened because Young Master Ye Ming wanted to avenge his people!"

Chang Yuan's heart skipped a beat at the mention of this.

He then came to his senses; the heart and soul of the Ye Family were all present, but Young Master Ye Ming was the only one who was nowhere to be seen. There was obviously something wrong about this.

"Master Ye, I am Young Master Ye Ming's man! May I know where he is now? He can vouch for me!"

A bad feeling enveloped Chang Yuan's heart.

"He is dead!" Just then, Ye Wuya's voice sounded cold, but when it reverberated into everyone's ears, it was like a thunderbolt.

At this moment, everyone recalled what Lin Fan had said earlier—Ye Ming was dead.

Back then, everyone refused to believe him; but now, they did not expect what Lin Fan had said to come true—not even in their dreams.

“I-Impossible!”

“Master Ye, why is Young Master Ye Ming dead? This matter certainly has something to do with Lin Fan!” Cold sweat was rolling down Chang Yuan’s forehead.

Ye Ming’s death had totally skewed his outlook on the world.

In particular, the way he looked at Lin Fan was as if he was looking at a demon.

“This has something to do with Mr. Lin indeed; Ye Ming was too ignorant and offended Mr. Lin!” replied Ye Wuya coldly.

However, everyone’s heart trembled at his

Ye Ming was dead because he offended Lin Fan.

This was simply unbelievable. After all, Lin Fan was merely a son-in-law. Why would the Ye Family kill their own heir because of him?

Wasn't this a f*cking joke?

However, things did not end there.

Ye Wuya threw a cold glance at Chang Yuan and put on a gruesome smile. "And you, don't you worry. Our Ye Family will not kill you! Instead, we will make your company go bankrupt and ruin your family. You will wish that you were dead rather than alive!"

With that, it was like a fateful sentence to Chang Yuan. His body trembled and he almost passed out due to the immense shock.

The thought of these promises struck terror into his heart.

Of course, he believed that the Ye Family would keep their word; Chang Yuan seemed like he had just witnessed the pitiful life ahead of him.

“Mr. Lin, Miss Bai Yi! To show our remorse, the Ye Family will give half of our properties to you as compensation without any conditions, Miss Bai Yi!”

With that, Ye Wuya waved his hand and a lawyer immediately walked up to them while holding a few sets of documents in his hand.

“This is the assignment of contract! We will settle everything for you!”

Hence, forking out half of it would equate to billions worth of wealth at the very least.

Moreover, they were going to give it to Bai Yi without any conditions whatsoever just to show their remorse?

This was absolutely madness!

Old Master Shen, Shen Jian and Shen Jie felt like they were dreaming.

They found it hard to believe that they were about to give Bai Yi to the Ye Family moments ago in order to seek forgiveness, but less than half an hour later, the Ye Family had respectfully presented half of their assets to Bai Yi.

This huge disparity left the trio dumbfounded.

That remark alone made Old Master Shen roll his eyes. Unable to bear the shock anymore, he passed out.

Then, the group of leaders from the Ye Family bowed down before leaving the room.

The utter silence in the ward was deafening.

Everyone's gaze simultaneously turned to the agreement which Bai Yi was holding. The looks on their faces was as if they had seen a ghost.

What?!

Hearing her question, everyone in the room shivered uncontrollably.

She was right!

This incident was too odd since the beginning.

After Lin Fan was arrested, he was acquitted of his crimes!

Young Master Ye Ming of the Ye Family failed to go against Lin Fan and got himself killed instead.

Furthermore, the Ye Family might look like they were asking Bai Yi for forgiveness, but all of them had noticed that Ye Wuya and the

What a shock!

At this moment, everyone had their eyes fixed on Lin Fan. A look of utter disbelief was glistening on their faces, especially Chang Yuan's.

"I-Impossible! How did this brat do it?"

Chang Yuan's face was as pale as a sheet; beads of cold sweat trickled down his forehead non-stop.

Although he had killed Ye Chen, he was still safe and sound.

He had been arrested and sent to prison, yet he was acquitted of his crimes.

And now, the Ye Family had killed their heir, Ye Ming, because of Lin Fan; they had even presented half of their assets to ask for forgiveness.

All these incidents were just too creepy.

Although Ye Wuya and his people had already left, the crowd still could not recover from the shock.

Chapter 441 I'm... Done For

Sensing the gazes that were fixed on him, Lin Fan shrugged his shoulders helplessly and said to Bai Yi, "Honey, this has nothing to do with me! This should be the Dragon and Tiger's doing. I only heard that the Ye Family had offended Dragon and Tiger, as well as... Lin Zuo!"

What?!

Lin Fan's words stunned the crowd.

Dragon and Tiger!

Lin Zuo!

They did not expect that this matter would involve such influential people.

In an instant, everyone breathed a sigh of relief, including Bai Yi and her family as well as Shen Jian and the rest.

After all, if this was really Lin Fan's doing, Lin Fan would be absolutely terrifying. However, if it was Lin Zuo or Dragon and Tiger's doing, then everything could be justified.

Nevertheless, Bai Yi still had her suspicions.

Chapter 441 I'm... Done For

Even after hearing Lin Fan's explanation, she still felt like he still had something to do with this for some unknown reason.

Ring! Just when Bai Yi was about to ask him more questions, Chang Yuan's phone started ringing; his heart then skipped a beat.

The second he answered his phone, it was clamorous on the other end of the line. "Chairman, t-things are not looking good! Our Chang Group has been closed down by the authorities! All of our previous tax evasion matters have been exposed!"

What?!

Hearing all the panicked voices, Chang Yuan was so frightened that his face turned as pale as a sheet.

However, this was only the beginning.

After hanging up the call, he received another call, followed by another, and another.

"Brother! Something bad has happened— Dad and Mom's company were involved in bribing public officials, so they have been

arrested!”

“Chang Yuan! I’ll give you one week to settle the 50 million which your family owes me. If not, I will chop you up and feed your remains to the dogs!”

“You’re a liar, Chang Yuan. You’ve become bankrupt and your debts are piling up. How dare you lie to me? Leave...”

“ ... ”

These phone calls were like bolts from the blue.

His creditor, relatives, girlfriend and other people were calling him all at the same time.

However, almost every one of them was pushing Chang Yuan a step closer to the deep abyss of hell.

His company was ultimately done for!

His creditor was chasing him to pay his debts!

His girlfriend had abandoned him!

Chapter 441 I'm... Done For

All of these dealt a blow to Chang Yuan, who had nearly fainted.

"I'm better off dead than alive! Ye Wuya said he'll make me wish that I was dead rather than alive. Everything he said was true! I'm... done for!"

At this moment, Chang Yuan's face had turned ghastly pale; it was as if he had foreseen the miserable life ahead of him.

Looking at Chang Yuan's ashen face, Shen Jian and his father felt even more confused.

Who would expect that Chang Yuan, who was so arrogant just now because he had Ye Ming behind him, to be doomed?

On the other hand, Lin Fan—whom many had thought that his fate was sealed—would show up safely and unharmed. He even helped Bai Yi to become a mega-rich woman in Jiangnan City.

Soon, news regarding the transfer of the Ye Family's properties was released.

Boom!

There was a huge uproar in the entire Jiangnan City.

The Ye Family, one of the Four Greatest Prominent Families, had transferred half of their wealth to the New Bai Family Group, which originated from a small city.

As soon as news of it broke out, it was like an earthquake that caused an uproar in Jiangnan City.

Almost every force started to look into the New Bai Family Group's information.

They were eager to find out what kind of fearsome background did this inconspicuous company have that could make the Ye Family yield to them—this was simply unbelievable.

Soon, with the inquiry from so many forces, the background of the New Bai Family Group was unveiled.

Chapter 441 I'm... Done For

They were simply an ordinary company from Jiang City. Although the president of the company was known as the most beautiful president in Jiang City, its background was not that mind-blowing at all.

The reason why Ye Family yielded to them was mostly because of Dragon and Tiger; there were even rumors that the Ye Family had offended Lin Zuo from China, causing Dragon and Tiger to almost annihilate the entire Ye Family.

Out of helplessness, the Ye Family could only clear all the grudges. Hence, the biggest benefactor from all of this was the New Bai Family Group.

After verifying this matter, every one of the Jiangnan Conglomerates were envious of the New Bai Family Group to the bone. In their eyes, the New Bai Family Group had gotten an unexpected fortune and was basking in the glory of Dragon and Tiger.

If not, they wouldn't even be able to get their hands on the Ye Family's assets. On the contrary, their companies would be taken over by the Ye Family instead.

Chapter 441 I'm... Done For

Out of the blue, the New Bai family Group had become a target for the Jiangnan Conglomerates.

There were even so many parties who had started to plot against them, wanting to take advantage of the New Bai Family Group.

However, Lin Fan couldn't be bothered by any of this; he continued to wash the clothes and did the cooking, helping Bai Yi and her family to condition their bodies.

However, Lin Fan had just walked out of the market after buying some vegetables one day when he saw a police car and a Porsche Cayenne parked not far away from the market.

The couple, who had gotten out of the car, seemed like they were in a heated argument.

"Is that her?" When Lin Fan saw the woman standing beside the police car, his expressions changed slightly.

At that moment, he turned his head and left the scene without any hesitation.

However, it was at this moment when the

policewoman in uniform caught sight of Lin Fan. Her eyes swiftly turned toward his direction, looking as if she had found her savior.

“Honey, you’re finally done buying the vegetables! I’ve been waiting for you for so long!”

As those gentle remarks came out from the policewoman’s mouth, she quickly rushed toward him before holding Lin Fan by the arm.

“What the...”

Looking at this woman was smiling from ear to ear, he felt a sense of awkwardness in the air.

This woman was Sima Yan’er, but she was no longer her past self.

Sima Yan’er gazed at Lin Fan with an intense look of fondness and was acting like a small girl; her behavior was like a young woman who was ensnared by love.

However, Lin Fan’s lips twitched when he saw her behavior. “How dare you use me as

a shield?”

Lin Fan was at a loss for words.

However, he was about to push Sima Yan'er's hand away when the young man who was arguing with her earlier charged toward him in a furious manner. With a look of fury, he rebuked, “Yan'er, who is this b*stard? W-Why are you being so intimate with him? Don't tell me the reason you rejected me over and over is because of this scoundrel?”

*You little b*stard! You little vermin!* Lin Fan was rooted to the spot. He was about to free himself from Sima Yan'er's grip, but after hearing the young man's words, an icy look flickered in his eyes.

As for Sima Yan'er, she glared at the young man with a furious look on her face and bellowed angrily, "Huangfu Xuan, you'd better watch your tongue! You are the one who's a b*stard and a vermin!"

Sima Yan'er looked really furious. She clenched her fists so tightly in a way that seemed as though if the young man continued to insult Lin Fan, she would not hesitate to beat the living sh*t out of him.

"You..."

An utterly grim look crossed the young man's face; he didn't expect Sima Yan'er to actually defend Lin Fan like that.

However, he couldn't do anything except to control his anger when he noticed how Sima Yan'er seemed to be really angry. He then said, "Okay, Yan'er, tell me then—who is this guy? Why are you being so close with him?"

At that moment, an intense look of jealousy flickered in Huangfu Xuan's eyes; he had grown up with Sima Yan'er together since

they were little. In everyone's eyes, Huangfu Xuan was a handsome young man, whereas Sima Yan'er was a beautiful lady. Both of them were a perfect match for each other destined to be together. However, Sima Yan'er had rejected him over and over again. He didn't expect a random guy like Lin Fan to win Sima Yan'er's heart when he failed to do so after pursuing her for so many years; he didn't even have the chance to hold Sima Yan'er's hand. He almost exploded in anger, especially when he noticed that Lin Fan looked fairly normal. He seemed like a homely man who was responsible for cooking at home, dressed casual wear while holding a basket in his hand.

However, at that moment, Sima Yan'er simply smiled when she noticed Huangfu Xuan's anger. She wrapped her arms tightly around Lin Fan's arm while clinging on his shoulder before exclaiming, "Huangfu Xuan, I'll tell you one more time. I have a boyfriend! He is my boyfriend!"

Her words made Huangfu Xuan's eyes turn red with fury. "No... I don't believe that! Yan'er, you're lying to me, right? You don't usually like to hang around with any men, so how can you possibly have a boyfriend?"

As he finished, Huangfu Xuan glared at Lin Fan with his icy and furious eyes. "Hey punk,

tell me the truth, Yan'er asked you to pretend to be her boyfriend to get rid of me, right? How much did she pay you? A thousand? Ten thousand?" As he said that, Huangfu Xuan pulled out a stack of red bank notes from his bag immediately and threw them at Lin Fan's feet like he was throwing garbage. "Here's 30,000! Take the money and leave at once! Or else, I'll break your leg if you keep bothering Yan'er!" There was an unemotional, threatening tone in Huangfu Xuan's voice.

Hearing his threats, Lin Fan narrowed his eyes as a playful smirk crossed his face. "You don't believe me?"

Eh? Huangfu Xuan was surprised. He didn't expect a poor loser like Lin Fan would dare to talk to him in such an arrogant manner. "Who do you think you are? How can someone like you be good enough to be with Yan'er? I will never believe that even if you beat the hell out of me!" His words were full of disdain and mockery.

However, just as Huangfu Xuan finished talking, both he and Sima Yan'er were surprised by what happened next.

"If that's the case, I'll prove it to you then!" Following his teasing remark, Lin Fan held out his large, powerful hand and pulled the

petite Sima Yan'er into his embrace tightly. Then, he placed his claw-like hands on Sima Yan'er's plump rear and caressed it tenderly while pressing his lips against Sima Yan'er's red lips tightly.

Sima Yan'er was completely dumbfounded. She goggled at Lin Fan with her bulging yet beautiful eyes. She absolutely didn't expect him to be so bold as to embrace her, caress her bum, and kiss her at the same time in public.

She tried to struggle and free herself from Lin Fan's embrace, but to her surprise, she noticed he was very powerful; no matter how she struggled, she couldn't break free from his embrace.

As Lin Fan caressed her bum, Sima Yan'er felt a tingling sensation spread—like an electric current—from his hand onto her bum, making its way throughout her body. The sensation made her feel aroused while completely losing her energy and clinging on Lin Fan's chest. The warm sensation on her lips and fragrant scent from his tongue were like excited stimulations to Sima Yan'er, which made her succumb to Lin Fan's seduction completely. A hazy look filled her mesmerizing eyes and her beautiful face turned so red that it seemed as though it was about to bleed. It was a passionate

kiss!

Huangfu Xuan, who was standing at the side, was struck dumb when he saw this. He was dazed completely. "No... no! Are you guys really together? B*stard! Damn you, you f*cking b*stard!" Behaving like a total maniac, Huangfu Xuan bellowed furiously at the top of his lungs. His eyes turned crimson as he lunged at Lin Fan in rage. "You little b*stard, I'm going to kill you!"

As he finished, Huangfu Xuan threw a hard punch at Lin Fan's face violently. Right now, he hated that good-looking face very much. He couldn't wait to bash Lin Fan's face and hoped that it would be disfigured with a single punch.

However, an unexpected event occurred. *Whoosh!* When Huangfu Xuan's fist was about to hit Lin Fan, the latter kicked at the young man violently. Despite the fact that Lin Fan had attacked after Huangfu Xuan did, his kick hit Huangfu Xuan first. With a *loudboom*, his heavy kick landed on Huangfu Xuan's chest.

Huangfu Xuan felt immense pain immediately, feeling as though his chest was hit by a train. The kick sent him flying about three to four meters away like a kite no longer attached to its string. He fell

heavily onto the ground with a loud

“Y-You moron!” Kneeling on the ground, Huangfu Xuan was overwhelmed with excruciating pain; it was as though his ribs were broken. Immense pain from his chest and all the humiliation he suffered today increased his hatred toward Lin Fan greatly.

“Punk, you wait and see! You and I are not finished just yet! I’ll come back and seek revenge on you!” Huangfu Xuan knew he was no match for Lin Fan. Hence, he simply glared at Lin Fan resentfully before turning around and walked toward his Porsche angrily. Within a split second, he drove away and left hastily.

Ugh! It was not until now that Sima Yan’er managed to let out a moan. She had to use all energy in her body before she could finally push Lin Fan away. Right at the moment, she was flushing deeply; her pretty face turned red and her beautiful eyes were filled with fiery passion as she panted heavily.

“L-Lin Fan! You jerk! You took advantage of me!”

Sima Yan’er glared at Lin Fan. She almost cried out of extreme embarrassment and frustration. If she hadn’t bit the tip of her

own tongue to keep herself from losing her sanity in pleasure just now, she would have succumbed to Lin Fan's seduction again this time.

Despite Sima Yan'er's protest, Lin Fan just shrugged his shoulders calmly and said, "All of these are just your payment for using me to get rid of Huangfu Xuan. And, by the way..." As he said that, Lin Fan grinned while glancing at Sima Yan'er's bum teasingly. "Your bum feels good!"

After he finished his sentence and before Sima Yan'er could react, Lin Fan fled the scene in a haste like a rabbit.

“You jerk!”

Glancing after Lin Fan who had disappeared into the distant street within a split second, an angry and embarrassed look crossed Sima Yan'er's face; she just wished she could hide herself away from everyone. She didn't expect Lin Fan—that jerk—to take advantage of her so many times just because she used him to get rid of Huangfu Xuan.

However, Sima Yan'er realized that she had actually fallen for Lin Fan when she thought of the moment he touched and kissed her just now. She blushed as her pretty face turned burning red. *Perhaps I've fallen for that jerk? No! That's impossible! Maybe it's just because he resembles that man very much!*

That man! A longing look flickered in her beautiful eyes as she reminisced about the past. She missed the man very much; although many years had passed, she still reserved a special and exclusive spot in her heart for that man.

Will we meet again in this life? A bitter smile crossed Sima Yan'er's face as she thought of this. However, if she were to find out that the man she had been missing for so many years was actually the jerk who took advantage of her just now, how would she feel about that?

...

Meanwhile, Lin Fan, who had left the market, happened to pass by Galaxy Tower right at that moment.

After the Galaxy Tower was unconditionally given to the New Bai Family Group by Yang Tianhao, the Head of the Yang Family, Bai Yi had turned it into the company's headquarters.

When he walked closer, Lin Fan immediately noticed a group of security guards patrolling the surroundings building. The whole building of New Bai Family Group looked new and fresh, especially the large, grand horizontal inscribed board with the words 'New Bai Family Group' carved on it.

However, just as Lin Fan was about to enter the building, several luxury cars sped rapidly toward the building and parked right in front of the entrance. *Screech!* The way the cars drove and stopped were as fast as lightning.

Eh? Lin Fan was perplexed; he knew that cars were usually not allowed to park at the entrance of the building. Even if it was Bai Yi's car, it would only be allowed to park at the parking lot. At that moment, Lin Fan was rat

her surprised that these luxury cars were so arrogant and rude to park right in front of the entrance.

Almost immediately, he saw the car doors spring open as several assistants exited the vehicles. Some of the assistants were holding umbrellas, while others were holding water bottles in their hands; they looked very busy.

Finally, a young man got out of the car slowly while being surrounded by a bunch of people. The young man looked handsome, having his hair perfectly styled and gelled. He looked young and seemed like he was only in his early twenties. There was a proud and arrogant look on his face, acting as though he was a well-known superstar—especially after he got down from the car and glanced at the lobby of the New Bai Family Group coldly. Then, he remarked disdainfully, “Hmph! I can’t believe you guys actually agreed to let me participate in an event organized by a small company like this! If the news goes around, I, Zheng Hao, will be humiliated!”

A small company! Besides Lin Fan, who was already speechless, several assistants were smiling bitterly upon hearing his words too.

“Mr. Zheng, please bear with this for a little

while! The New Bai Family Group is an elite company, and they have become popular in Jiangnan Province recently. Besides, they pay us handsomely too! The only thing you need to do today is to act as a commercial endorser for the company and shoot some marketing posters. That's all!"

A commercial endorser for the company?

Hearing that, Lin Fan remembered a young man named Zheng Hao. He was a young and handsome actor in the entertainment industry. Furthermore, he was also an idol superstar who became very popular among female fans recently. Nevertheless, Lin Fan didn't expect Bai Yi to hire him as a commercial endorser for the New Bai Family Group.

"Fine. I heard the President of New Bai Family Group is rather pretty. So, for the sake of the pretty female president, I suppose I can deal with a little inconvenience like this!" Zheng Hao smiled while leading a group of assistants and marched into the lobby merrily.

However, when he reached the entrance, Zheng Hao noticed Lin Fan staring at him curiously. He frowned in annoyance and said, "Hey, where did a bumpkin like you come from? Get lost immediately! It's a small company indeed, since any poor loser

can come in here just like that!”

Lin Fan was speechless with Zheng Hao as his face froze in a rictus: he didn't expect to get scolded by a celebrity hired by his own company. However, before Lin Fan could react, he was pushed aside by Zheng Hao and his assistants as they marched right into the lobby.

Tsk tsk... what a snobbish superstar he is— putting on such airs! Lin Fan, however, wasn't upset. He simply shook his head and walked into the company too.

Soon, Lin Fan arrived on the tenth floor of the tower. Just as he came out of the elevator, Lin Fan saw Bai Yi walk out of an office with a frown on her face.

“Lin Fan? What brings you here?” Bai Yi was puzzled when she saw Lin Fan. She was feeling rather frustrated and upset moments ago. However, her mood unknowingly lightened up a lot upon seeing her husband, especially when she saw that Lin Fan was still holding a basket in his hand. She couldn't help but feel helpless with him. “Why did you come to the office with a basket in your hand? If the staff sees their Chairman looking like this, you'll be the laughing stock of the company!”

Chairman of New Bai Family Group? Indeed!

After the New Bai Family Group was officially established by Bai Yi, she appointed Lin Fan as the Legal Representative and Chairman of the company.

Looking at Bai Yi's smiley face, Lin Fan couldn't help but beam cheerfully while walking toward her. "Darling, I missed you, so I thought I'd come over to see you!" A few simple words from Lin Fan made Bai Yi blush in shyness instantly.

However, at that moment, the tip of Bai Yi's nose twitched as she sniffed Lin Fan. She frowned immediately and asked, "Eh? Why is there a woman's perfume scent on your body?"

What? Lin Fan's face froze in a rictus as his heart skipped a beat. He had embraced Sima Yan'er just now, so he must have gotten the perfume scent from her. *Sh*t!* Lin Fan cursed to himself quietly when he thought of this.

Furthermore, Lin Fan's troubles continued when a sullen expression crossed Bai Yi's delicate face immediately. She advanced toward Lin Fan and stared at his lips. She then questioned coldly, "Lin Fan, is that a

lipstick mark on your lips? Tell me the truth, you were fooling around with that sexy girl again just now, weren't you?"

Gasp! Bai Yi was completely overwhelmed with jealousy at that moment. *Perfume scent. Lipstick marks.* She was almost certain that Lin Fan had an intimate contact with a girl just now. Otherwise, there was no way these markings would be left on him.

Now, Bai Yi couldn't help but recall those photos Chang Yuan had shown her previously. Those were photos of Lin Fan coming out of a hotel with a sexy girl in a red dress. Overwhelmed with jealousy, Bai Yi felt very angry and frustrated, especially when she thought of the photos.

"D-Darling, let me explain!" Lin Fan panicked. Even though he was the boss of Global Group and the King of Blood Prison, he couldn't help but panic the moment he saw Bai Yi's beautiful yet resentful and teary eyes. "Darling, please don't cry! I really didn't fool around with any girl!"

Lin Fan just wanted to slap himself across the face now. *Damn it!* If he knew Bai Yi would misunderstand him, he wouldn't have embraced and kissed Sima Yan'er just now.

At that moment, just when Lin Fan struggled

to come up with a reasonable explanation about the perfume scent and lipstick marks on him, a room door beside them opened. Bai Yi's assistant, Xian, came out of the room with a grim look on her face.

"President Bai, something has happened! That young actor, Zheng Hao, has gone too far! He has actually refused to film!"

What?! Bai Yi and Lin Fan were baffled when they heard the assistant.

He has refused to film? A sullen expression appeared on Bai Yi's beautiful face when she heard that.

The New Bai Family Group had spent a huge fortune hiring Zheng Hao to be their commercial endorser. Although he was rather snobbish, Bai Yi had no problem putting up with his nasty attitude as long as he was willing to film seriously. However, if he refused to work, it would affect the New Bai Family Group greatly.

Bai Yi had no choice but to turn and glare at Lin Fan furiously when she thought of this. "I'll deal with you later!" As she finished, Bai Yi immediately followed her assistant to the lobby where the filming set was located.

Lin Fan let out a long sigh of relief when he saw that Bai Yi had left. He wiped the cold sweat off his forehead; if Bai Yi kept on pressing him about how he got the perfume scent and lipstick mark on him, he really had no idea how to explain it to her. But now...

It seems like I would need to thank the young actor for that! Lin Fan grinned while following Bai Yi to the lobby where the filming set was located with the basket in his hand immediately.

However, just as the three of them entered

the lobby, a vase was hurled and it was shattered into pieces instantly at their feet.

Then, a furious bellow was heard. "What kind of rubbish company is this? I don't mind filming a commercial that requires kissing, but look at the ugly duckling you people find me! How can such an ugly model be worthy of working with me, Zheng Hao, in a kissing scene? Ask your President to come over here. I'll film if she takes the model's place in the shooting! If she doesn't, I won't film!" The voice sounded very angry.

Bai Yi and Lin Fan turned to look at the filming lobby and realized immediately that the whole place was a complete mess.

In the middle of the lobby, the young actor, Zheng Hao, was shouting and scolding the staff responsible for the filming with an angry face. Besides, the female model who took part in the filming was crying non-stop following Zheng Hao's insults and criticisms. Nonetheless, she couldn't say anything as she cried sadly, tears flowing down her cheeks.

Bai Yi was very upset when she saw this. She asked coldly, "What happened?"

Her question attracted everyone's attention as all the people in the filming lobby turned

to look at Bai Yi simultaneously, especially Zheng Hao. When he saw Bai Yi's gorgeous face and her sexy, curvaceous body figure, an excited and lascivious look flickered in his eyes immediately.

"P-President, there's a kissing scene in the marketing commercial. However, Mr. Zheng Hao wasn't pleased with the female model we hired, so he refused to film!" the assistant replied immediately despite being worried that Bai Yi might be angry.

However, the assistant's words made Bai Yi's pretty face look even more solemn. Of course, she knew that the female model was in fact a very beautiful lady. Zheng Hao was messing around with them and making outrageous requests.

"Oh, my beautiful President, you're finally here!" A playful smile appeared on Zheng Hao's face when he noticed Bai Yi was here. He walked slowly toward her, ogling at Bai Yi's body with an intense and blunt lascivious look in his eyes. "President Bai Yi, it's not that I'm unprofessional or anything, but the female model your people hired is just too ugly!" As he said that, Zheng Hao licked his lips while leering at Bai Yi as his lust for her intensified. "However, President Bai Yi, if you can take the model's place and personally film the kissing scene with me, I

can film the commercial absolutely free of charge! What do you think?"

Absolutely free of charge? Zheng Hao's words made everyone's faces change abruptly; they finally realized the guy was messing with them on purpose in order to coerce Bai Yi into filming the kissing scene with him personally. That guy was really despicable and shameless.

"Mr. Zheng Hao, please behave yourself!" Bai Yi looked grim and very unhappy.

Behave myself? Zheng Hao smirked coldly. As if being certain that Bai Yi would agree to his request, he sat down immediately at the side while smiling teasingly at her. "Alright then, since President Bai Yi has refused to film the kissing scene with me, I... won't film!"

Everyone in the filming lobby looked very grim when they saw the unconcerned expression on Zheng Hao's face. The marketing commercial was about to be published online soon, but no one expected a famous celebrity like Zheng Hao would be so unprofessional as to refuse to film the commercial. At that moment, it was impossible to switch actors due to time constraints.

What should we do now? Everyone glanced at Bai Yi simultaneously. They thought the only thing they could do now was to hope that Bai Yi would agree to Zheng Hao's request and film the kissing scene with him personally. Otherwise, the company would suffer a great loss. Not only them, but Bai Yi appeared moody with a dark grave look across her face as well.

Just as she was stuck in a dilemma, a lazy voice was heard. "Allow me to film instead. What do you think?"

What? Everyone in the filming lobby was baffled when they heard the voice and looked at the direction where the voice had come from. When they realized the voice belonged to a homely man dressed in shabby casual wear with a basket full of vegetables and fruits in his hand, they were dazed. *What the hell? Are you kidding me? Did the homely man just return from the market? Allowing him to film instead? Are you f*cking kidding me?* Almost immediately, the corners of everyone's mouth twitched as a helpless look of disbelief crossed their faces—even Bai Yi's.

"Haha!" Zheng Hao burst into laughter; he was laughing like a drain. The young man pointed at Lin Fan like he was looking at a laughing stock. Zheng Hao was laughing so

hard that he was almost out of breath.
“President Bai Yi, you surely have all kinds of people around the New Bai Family Group, huh? I bet he is a cook in your company, am I right? Haha! Look at him—he’s still holding a basket in his hand! I think he works in the cafeteria, right?”

Zheng Hao sounded very insulting. He had met Lin Fan before when he was on his way into the tower. Lin Fan was a cook who blocked his way and was pushed aside by his assistants. And now, a lowly cafeteria cook like him had actually wanted to snatch the role away from him? *Are you f*cking kidding me?*

Just as he was about to mock Lin Fan again, Bai Yi’s furious growl was heard echoing throughout the lobby instantly. “Shut up!”

Zheng Hao was surprised to see a furious look on Bai Yi’s beautiful face; she stared at him like she was looking at a dimwit.

This...

Zheng Hao was dazed. He couldn’t believe that President Bai Yi would lose her temper and shout at a superstar like him because of a cafeteria cook.

However, at that moment, Bai Yi’s voice was

heard once again. "He is the Chairman of New Bai Family Group. What are you guys waiting for? Greet him politely now!"

What?! Besides Zheng Hao, all the rest of the filming staff were dumbfounded by Bai Yi's words.

Chairman? Him? All the filming staff in the lobby heard the Chairman of New Bai Family Group was Bai Yi's husband. *Therefore, is he Bai Yi's husband?*

The expression of almost all staff in the lobby changed abruptly when they thought of that. They bowed to Lin Fan simultaneously.

"Chairman!"

"Chairman!"

"..."

Zheng Hao was struck dumb by this when he saw them greeting Lin Fan politely. *He... he is my boss?* Zheng Hao couldn't believe this was real. Although he looked down on the New Bai Family Group, it was still a large business conglomerate with assets worth over ten billion. He didn't expect—not even in his wildest dreams—that the one who controlled this large business conglomerate was actually a cafeteria cook. *Damn it! This is really...* Right at that moment, the revelation of Lin Fan's identity was a slap in Zheng Hao's face as an imaginary yet painful burning sensation spread on his cheek.

However, Bai Yi couldn't care less about Zheng Hao's reaction. She just stared at Lin Fan with a helpless and worried look in her beautiful eyes. "Lin Fan, do you... really want to film?"

Everyone in the lobby, including Bai Yi, thought Lin Fan was not suitable for the role. After all, the commercial had high expectations for the appearance of the male model; even a handsome young actor like Zheng Hao could barely fulfill the requirement on looks for such a commercial.

A faint smile crossed Lin Fan's face when he noticed the worried look on everyone's faces. "Trust me, darling!"

As he finished, Lin Fan put down his basket and followed the staff into the changing room.

One minute had passed and another ten minutes passed. After fifteen minutes, a figure walked out of the changing room as the door opened. *Creak!* Everyone in the filming lobby goggled at the figure and his face in amazement; they bulged their eyes so hard that their eyeballs had almost popped out of the sockets. Each and every one of the filming staff almost couldn't believe their eyes.

At that moment, silence had reigned through the whole shooting hall, and countless gazes were set on Lin Fan. Moreover, there were people who were in utter disbelief.

Lin Fan took off his casual wear that was old and shabby before putting on a black suit. His dark hair was hanging upon his forehead alongside with his gloomy eyes, glistening like stars. The edges of his lips that were slightly raised had given people a sense of misconception that was mysterious and feminine at the same time. In particular, he looked especially breathtaking when he put on the entire black suit, seemingly as though he was a prince walking out of the dark. He was elegant and noble all together.

The crowd was astounded. They were unable to relate the current Lin Fan in front of their eyes with the house husband that he had shown up just moments ago; they seemed like two totally different individuals.

“Oh my God! Our chairman is actually quite handsome! My girlish-heart can’t take this any longer!”

“He seems so elegant. No wonder President Bai Yi has never left Chairman Lin Fan—he’s a gem after all!”

“Exactly. He really looks like a prince

compared to other celebrities!”

The videography personnel around them were marveled, especially the female staff. Their eyes were twinkling all the way as they looked at Lin Fan.

Even Bai Yi was subconsciously absentminded for a slight moment, doubting whether the man before her eyes was her husband, Lin Fan.

“Darling, how do I look? Is it okay?” Lin Fan did not care much about the looks the crowd had toward him. Instead, he walked up to Bai Yi before gently turning around.

He was acting gracefully and was full of elegance, which made Bai Yi feel as though her heart was pounding non-stop; her cheeks were also flushed. At this point of time, she felt touched by Lin Fan.

“I-It suits you very well!” Bai Yi dared not cross sight with Lin Fan after saying that; she was worried that she would gaffe in front of the crowd.

As for Zheng Hao, the young hunk who was standing at the side, he had gotten extremely envious after noticing the bashful expression on Bai Yi’s face. Even Zheng Hao was unable to deny the fact that Lin Fan

looked more elegant and more temperamental than himself after dressing up in that suit. He was having a surge of jealousy after admitting to it.

“So what if he’s good looking? He has never been filmed before; how good can his acting skills be?” Zheng Hao furiously glared at Lin Fan as he snorted.

A word from him had led to a stiff atmosphere across the hall. Even though Zheng Hao had spoken something that was unpleasant to hear, the people from the crowd were worried about the exact matter as well. Could Lin Fan really pull this off?

“Lin Fan, if you’re unable to do it, don’t force yourself!” Bai Yi was looking at Lin Fan with an anxious expression on her face.

However, Lin Fan only put on a slight smile after hearing that. “Darling, it isn’t only me. In fact, it’s us!”

Huh?! Bai Yi was slightly startled. However, before she could even react, Lin Fan had grabbed her hand as they walked toward the film studio.

Wow! It was then the crowd knew that Lin Fan had actually wanted to bring Bai Yi along for the shoot. Nonetheless, it was needl

ess to say that the both of them were a perfect match at this point of time.

Lin Fan, who was dressed in a suit, looked just like a prince. On the other hand, Bai Yi was wearing the business attire of an office lady; she seemed like a female business tycoon.

At that moment, Bai Yi and Lin Fan had started posing under the guidance from the director. Whether it was modeling or a kissing scene, the shoot was done in a natural and smooth manner—there was not even one time out throughout the whole process. The crowd could only describe the videos and the photos with one term when they saw it for the first time—they were a match made in heaven.

Every staff member in the shooting hall was in extreme admiration for them both. However, there was only one person who seemed immensely sullen.

“Damn it! How could they have done a better job than I did?” Zheng Hao, the young hunk, was looking ghastly pale. He tightly clenched his fist as he felt an immense surge of anger.

“Alright then! Continue with the shoot then! However, I won’t let your shoot make it to the

advertising floor anyway!" As soon as he thought about that, Zheng Hao took out his mobile phone and toggled through his contacts. He then edited a text before sending it out.

These people, who had great relationships with Zheng Hao, were all leaders from various major TV stations. One word was all he needed to get all the TV stations to reject Bai Yi and Lin Fan's advertising endorsement video.

After contacting every single one of them, the way he looked at Bai Yi and Lin Fan was filled with hideousness. "Just wait for it! You'll cry even harder than how you're smiling right now!"

Soon after, all the endorsement videos and photos for the posters were announced to be completed after the director had said, "Cut."

In an instant, every single staff on set, including the director, gave them a round of applause. It reverberated across the shooting hall, and everyone's gaze toward Lin Fan and Bai Yi was filled with admiration and fanaticism.

"President Bai, the shoot between the both of you was perfect. It's also my first time

having such a successful shoot!”

“Indeed. There wasn’t even one NG, so it’s absolutely unbelievable! The both of you really have star qualities!”

The joyous voices filled with respect from the director and the staff who were standing aside could be heard.

Bai Yi was all smiles after listening to their words; she had no idea that she would have such great teamwork with Lin Fan. Moreover, only one look from her was enough for them to cooperate seamlessly with each other. However, it was at that moment when the assistant, Xian, had run over with a ghastly pale look. She then told Bai Yi, “President Bai, there’s a problem! I’ve just sent out previews of the videos and photos to a number of TV stations, but none of them have accepted it!”

What?! Everyone was startled after hearing what she had said; they never thought that something like this would happen.

“Xian, didn’t we negotiate with the TV stations already? We’ve even paid deposits for the advertisement. How can they reject us?” Bai Yi was looking sullen. If they were unable to negotiate with the TV stations, the endorsement advertisements that they had

shot would have no value.

“President Bai, all of these TV stations have responded in a similar fashion! They said that both you and the chairman aren’t superstars. There isn’t much popularity in the both of you, and that’s why they have refused to cooperate! Moreover, every negotiation done prior to this has been deemed void!”

Whoa! Those words from her had gotten everyone’s blood up throughout the whole shooting hall. All the hard work they had done for this shoot had been rejected by the TV stations; it was as if their efforts had been drained away. How could they not be furious?

Within a short while, the hall was filled with endless raging yells from the crowd. Even Bai Yi’s face had turned ghastly. Their collaboration had been rejected, which meant that the advertising work for New Bai Family Group had been discarded as worthless. It definitely hit them hard as they were a newly established group.

“How could this possibly happen?” Bai Yi was sweating as she was feeling worried.

However, Lin Fan was staring directly at Zheng Hao at this moment as he said, “You

did this, didn't you?"

What?! The yelling sound in the hall had turned into silence after everyone heard what Lin Fan had said; they set their sights on Zheng Hao all at once. As questions and doubts piled up in their minds, they were in utter disbelief that a superstar like Zheng Hao would have done something dirty like this.

"That's right! I was the one who did it!" However, Zheng Hao—the young hunk—did not cover up for himself at all just then. He swept a look at Lin Fan and Bai Yi, the furious flame in his eyes burning to its extreme.

"Let me tell you honestly, Bai Yi. Since you've recruited me, you should put me to use! Moreover, it must be you, yourself and I who ought to be shooting for the kiss scene—only then I'll quit this nonsense!" Zheng Hao was tremendously shameless during his speech; it was as if he had Bai Yi and the New Bai Family Group by the short hairs.

"If you don't agree to a kissing scene between us, your advertisement will never make it online! As long as you don't agree to it, your advertisement will never make it! Let's see about that! Why don't you beg me for it? Hahaha..." Zheng Hao was seemingly

arrogant and furious.

To him, it was as if he had gotten control over Bai Yi after he had cut off the New Bai Family Group's advertising channels. All he wanted was to flagrantly take advantage of Bai Yi. Besides, he would want to kiss Lin Fan's wife in front of him, the bumpkin. He would like to touch his wife as well to vent his jealousy.

However, just as Zheng Hao was laughing frantically, a huge hand appeared before his eyes at the speed of lightning. Then...

Slap! The slap landed on Zheng Hao's face, making a deform on his appearance immediately.

Slap!

The sound of the slap to the face was immensely bright and crisp, startling everyone else on the scene.

At the moment, the crowd could see a flashing red bruise on Zheng Hao, the young hunk's face.

He himself was totally dumbfounded; clearly, he did not expect Lin Fan to give him a slap on the face without uttering a word.

"Y-You slapped me?"

Zheng Hao was looking at Lin Fan with utter disbelief.

He had been in the entertainment circle for so many years and had developed his own style of arrogance; only he could curse on someone else but not vice versa. He could hit on others, but no one else could fight back.

Moreover, all of his cooperation partners had to beg him for a collaboration or an appearance.

Right then, Zheng Hao had never imagined that Lin Fan would slap him even after the New Bai Family Group had not put him to

use in any of their advertisements.

Bang! By the time Zheng Hao finally came back to his senses, his expression had immediately turned hideous.

“Are you sick? You b*stard, I’m going to kill you!”

Zheng Hao seemed ferocious when he pounced forward, wanting to get into a fight with Lin Fan.

However, what happened afterward was out of his expectation.

Before he could even get close to Lin Fan, Lin Fan had fiercely landed another slap on his face.

Slap!

“What’s the matter with slapping you?”

Slap!

“You shameless brat! You’re just an actor, that’s all!”

Slap!

“Tricking my wife into filming a kissing scene with you, where’s your dignity?”

...

Everyone in the shooting hall was astonished at this point of time.

They watched as Lin Fan slapped Zheng Hao again and again on his face, treating him as though he was a spinning top.

His gorgeous-looking appearance in the first place eventually became swollen like a hog's face; his nose and mouth were even dripping with fresh blood by that time.

It was Lin Fan's ultimate slap in the end that had blown Zheng Hao to the ground.

Silence had reigned through the whole shooting hall.

The staff around them covered their mouths as they were fully immersed in the shocking scene.

Beating up a superstar!

This had to be the most shocking incident they had ever witnessed throughout their whole life.

Especially when they thought of the matter being exposed on the Internet, the New Bai Family Group would definitely become a

subject that the Chinese entertainment circle would lash out at; the crowd was extremely terrified having to think about that.

It was over!

Even Bai Yi had a ghastly look on her face.

Something like this would definitely be an unsavory scandal. Once it was up on the Internet, it would no doubt become a clap of thunder. By then, New Bai Family Group would emerge as a new target for attack throughout the whole Internet.

“Lin Fan, you’ve acted too recklessly!”

Bai Yi nearly broke into tears of frustration and worry at that moment.

She had been utterly exhausted after their advertisements were rejected by most TV stations; now that Lin Fan had beaten Zheng Hao up, it was as if he had struck a beehive. Bai Yi dared not imagine what would happen next.

This moment, nearly all the employees of New Bai Family Group were putting on a sullen look on their faces.

Zheng Hao soon regained consciousness

afterward.

He could feel his cheeks being as swollen as a hog's face and went ballistic.

"You're finished, Lin! Since you've beaten me up, I promise to ruin the reputation of New Bai Family Group. I will make you all become the target of attacks throughout the whole Internet!"

"All your collaborations and endorsements will be void. I will definitely do away with New Bai Family Group—otherwise, I won't go by the surname Zheng!"

Zheng Hao's voice was filled with immense hatred.

Almost everyone noticed that he bore grudges with Lin Fan; he would never give up until everything was over.

However, what had surprised the crowd was Lin Fan's attitude; it seemed as though he had no worries. "You alone?" Lin Fan swept a look at Zheng Hao just like he was looking at a worm that was raising a hue and cry.

He then turned his head around and said to his assistant, "Upload the photos of me and Bai Yi onto the Internet and tag Zhang Yichen!"

What?

Tag Zhang Yichen?

Zhang Yichen was their National Goddess and also Asia's Diva.

How could she possibly notice a request from an ordinary person?

Was he joking?

Nearly everyone there was seemingly looking at a fool right now as they looked at Lin Fan after listening to what he had said.

In particular, Zheng Hao acted as though he had heard the greatest joke in the world. "Hahaha... Lin, are you out of your mind? Does Zhang Yichen know who you are?" Zheng Hao cursed at Lin Fan while pointing his finger at him.

"Even I myself have only been fortunate enough to meet her once, let alone someone like you! She is one of the heavy hitters in the entertainment circle. Who do you and your New Bai Family Group think you guys are? Hahaha..."

Zheng Hao's laughter turned out to be exceptionally arrogant and furious.

However, everyone in the hall seemed to have agreed with him although he had always spoken in an offensive manner.

Zhang Yichen's position in the entertainment circle was extremely superior; even if one was the greatest tycoon of all China, it would not be sufficient to please Zhang Yichen—let alone New Bai Family Group. Moreover, she had never done any endorsements for any industry on her social media.

However, Lin Fan planned on letting Zhang Yichen publicize the videos and photos of him and Bai Yi; this was absolutely something that Lin Fan was spinning yarn about.

All of a sudden, almost every single employee of New Bai Family Group shook their heads non-stop; they felt like their boss was being starry-eyed.

Apart from the crowd, even Bai Yi had a sullen look on her face. "Lin Fan, what are you trying to do? You really think that Zhang Yichen would respond to us?" Bai Yi said to Lin Fan.

"You're right. Last time, we received tickets to Zhang Yichen's concert simply because we were her fans! How can a superstar that

sits up high possibly care about ordinary fans like us?”

Bai Yi found it hard to believe it.

From her point of view, tagging Zhang Yichen to publicize her work was only humiliating themselves.

However, to the crowd that was doubtful and puzzled, Lin Fan did not make any further explanations. Instead, he put on a smile as he said to his assistant, Xian, “Upload it right away! The New Bai Family Group will be viral all over the Internet after three minutes!”

What?

Viral over the Internet?

After hearing what he had said, it seemed to the crowd that Lin Fan was talking nonsense.

Everyone started to doubt whether Lin Fan had gotten mad.

As for his assistant, Xian felt awkward as she glanced toward Bai Yi; she immediately toggled up the social media of New Bai Family Group after seeing Bai Yi nod helplessly. She then uploaded a photo of Lin Fan and Bai Yi together onto the web,

tagging Zhang Yichen at the same time.

“Hahaha...”

Zheng Hao could not help with the irony he had in mind after witnessing the scene. He then burst into laughter.

“Idiot! I, Zheng Hao, have been in the entertainment circle for so many years and have never once seen any superstars do any endorsement for their fans! Hahaha, in particular, the Diva—Zhang Yichen—has never accepted any business endorsements. This is the greatest joke ever!”

“Hahaha, just wait for it! After three minutes, not only will the New Bai Family Group not go viral, it will also become the greatest joke throughout the whole Internet!”

Zheng Hao was laughing with exceptional confidence.

Even if he were to be beaten to death, he would never believe that Zhang Yichen would respond to New Bai Family Group, nor would she respond to Lin Fan.

Time slowly passed in seconds.

One minute!

Two minutes!

Three minutes!

When the three-minute mark was about to pass, the sarcastic smile on Zheng Hao's face had grown stronger. As for Bai Yi, her appearance had turned menacing instead.

As expected, a diva in the entertainment circle would never respond to ordinary fans like them after all!

Bai Yi and the crowd could only put on a wry smile.

Just as Zheng Hao was about to open his mouth to humiliate Lin Fan further, Xian had swiped through the webpage once more before she froze up completely.

Not only that, Xian had even doubted her vision, thinking that she might have misjudged it by sight. She rubbed her eyes to assure herself that it was not an illusion.

Bang! She leaped up in joy and said, "President Bai, Chairman Lin! There's a response! Zhang Yichen has replied to us with five words—a match made in heaven! Moreover, she has reposted the endorsement advertisement of the New Bai Family Group onto her personal social media

. She even tagged a group of heavy hitters from the entertainment circle to congratulate the both of you for your great success!”

What?!

Zhang Yichen had really responded?

There was immediately a rustle throughout the entire shooting hall after hearing Xian—the assistant—speak as she put on an extremely joyous look.

How was that even possible?!

The National Goddess who was frightfully superior had really responded; it was absolutely unbelievable.

In a short moment, everyone in the shooting hall had taken out their mobile phones one after another. They then logged into their social media accounts and started searching for it.

In particular, the crowd had noticed a string of words attached to Zhang Yichen's social media account after they had logged in.

“As beautiful as a match made in heaven, sweet as honey. I really admire the both of you. Wishing you all the best...”

Other than that, Zhang Yichen had even

Chapter 447 The Match Made in Heaven That Shocked China

tagged the other heavy hitters in the entertainment circles for the very first time.

Bang!

It was all over the place on social media after Zhang Yichen posted this status on her account.

One followed by another, the entertainment circles' heavy hitters were liking and reposting her status.

The King of Rock, Xu Youfeng had also posted, 'He looks gorgeous! Is the man in the picture really a prince? He feels so noble to me, and I dare not offend him. Oh my God! Repost this to support them!'

'The man looks extremely handsome and the lady allures me. How could there possibly be such a match made in heaven? It's totally unbelievable! I must repost this!' This was posted by the CEO of Hua Yi Group, Wei Ming.

The King of Entertainment in China, Li Zhi'an had reposted it as well. 'Love it! I love it! This photo right here is the most perfect piece that showcases the art of loving! New Bai

Family Group? I must show my support!

“...”

Silence gradually reigned in!

As the crowd in the shooting hall scrolled through social media, the hall had fallen into pin drop silence all of a sudden.

Countless gazes focused dead onto their respective mobile phones.

Every staff in the scene was filled with excitement to the extreme; they were all flushing red on their cheeks after seeing Zhang Yichen's status being reposted by more and more superstars.

Phew...

Eventually, everyone was breathing heavily, starting from the director himself to all the producers and staff on the scene.

Their looks of excitement were as if they had seen a miracle.

“Xu Youfeng, my idol, the King of Rock! Oh God, they've actually alerted him!”

Chapter 447 The Match Made in Heaven That Shocked China

“Hahaha... Li Zhi’an, China’s King of Entertainment! He actually reposted our photo!”

“...”

Countless voices of ecstasy were reverberating throughout the entire shooting hall.

The crowd slowly came back to their senses, slowly embracing and cheering for it.

It was then the crowd that had come back to their senses was embracing and cheering for it.

Even Bai Yi, who was staring at her phone at the moment, was shivering.

‘I admire the both of you! Wishing you all the best...’

It was Zhang Yichen’s status; being an ordinary fan, Bai Yi could never imagine that she was able to make her idol admire and support her one day.

At that moment, Bai Yi raised her face slightly to look at Lin Fan with her lovely

eyes. Her gaze was filled with excitement and surprise.

“L-Lin Fan, how did you actually do that?”

Swish!

Everyone else around them shifted their gazes toward Lin Fan all at once upon hearing that.

Lin Fan said that it would go viral in three minutes, and it had actually happened.

The tricks he had had up his sleeves were just like a prophet's. The crowd was in awe as they looked at Lin Fan with fascination.

Slam!

However, the sound of someone dropping to the ground was heard. It was Zheng Hao; he was totally dumbfounded after he had logged onto his social media account.

“I-It's impossible! How did you do that? How could Zhang Yichen possibly respond to you? Why would the heavy hitters in the entertainment circles support you?”

Chapter 447 The Match Made in Heaven That Shocked China

The look in Zheng Hao's eyes was as if he had seen a ghostly appearance. He stared right at Lin Fan with his voice slightly trembling.

However, that was only the start to his astonishment.

The voices of people yelling were heard once again.

"Q-Quickly take a look at social media. Chairman Bai and Director Lin's photo has made it to the hot search! The official social media account of the Jiangnan Provincial Government and that of the Dragon and Tiger Legion have reposted the photo as well! Also... the official account of the Chinese Military reposted as well!"

What?!

Countless voices were followed as everyone trembled in astonishment.

They could understand that the heavy hitters who had reposted just moments ago might just be due to Zhang Yichen's prestige.

However, it was the Jiangnan Provincial

Ad

Government official account!

The Dragon and Tiger Legion official account!

The Chinese Military official account!

...

These could be the most genius social media accounts across the whole of China; these accounts would only normally post updates on national affairs and international news, so why would they possibly repost a personal group photo?

What in the world was happening?

At that point in time, the crowd was scrolling through the social media platform with their eyes twitching wildly.

They were shocked to discover that other than the Jiangnan Provincial Government official account, the Dragon and Tiger Legion official account and the Chinese Military official account, there were more than ten other heavyweight national official accounts that had given likes to the photo and reposted it.

Chapter 447 The Match Made in Heaven That Shocked China

Nearly every update was written with 'A match made in heaven. Wishing you all the best!'

'Jiangnan Provincial Government official account: A match made in heaven. Wishing you all the best!'

'Dragon and Tiger Legion official account: A match made in heaven. Wishing you all the best!'

'Chinese Military official account: A match made in heaven. Wishing you all the best!'

...

It was astounding to look at the densely packed blessings from the official accounts, followed by becoming the top hot search on social media. It had suppressed the updates from celebrities, pushing them to the end of the webpage.

Drip!

Drip!

Droplets of bean-sized sweat were dripping off everyone's foreheads; it was all over the

Chapter 447 The Match Made in Heaven That Shocked China

place.

They had never witnessed such line-ups only to give them their blessings. Furthermore, all of these were blessings from official accounts all over China. Especially with the neatly arranged updates across social media, it seemed more like they were congratulating the couple—Bai Yi and Lin Fan—instead.

This really was a groundbreaking event on Chinese social media platform.

Zheng Hao had witnessed everything that had just happened; his appearance had abruptly turned ghastly pale.

“How can this happen? Why would all the official accounts in China publicize an ordinary person? Especially with it being an endorsement advertisement! How can this be possible!”

Zheng Hao was in absolute awe at that moment.

It was definitely the most frightening scene he had witnessed throughout his whole life.

Chapter 447 The Match Made in Heaven That Shocked China

It was completely mad to see all the official accounts showing their blessings toward an endorsement photo.

Ring!

Zheng Hao's phone had started ringing at this moment and he picked up the phone immediately.

Right after he had accepted the call, furious yelling could be heard from the other end of the call.

"Damn you, Zheng Hao! Did you just sabotage me? You made me reject the New Bai Family Group, and now all the official accounts across China are sharing their endorsement photos! Thanks to you, I've now been fired!"

Bang!

The yelling voice struck Zheng Hao just like lightning; he was completely stunned.

It was a call from a leader of one of the TV stations who had also rejected the collaboration with New Bai Family Group.

Chapter 447 The Match Made in Heaven That Shocked China

But now, he had been dismissed for that.

Ring!

Following the end of the first phone call, there were numerous phone calls coming into Zheng Hao's phone; it was total chaos.

There were calls after calls as countless mad and yelling voices could be heard; all these people were nearly all the connections he had.

However, there were those who were being dismissed and those going through investigations right now!

None of them had ended up well.

However, it was not until the final phone call which had made Zheng Hao's face as white as a sheet. "B-Boss, are you looking for me?" Zheng Hao asked right after picking up the call.

The phone call was from the most superior leader of his entertainment company.

Simply speaking, any words from one of these heavy hitters could decide his fate.

There was only silence!

The superior leader did not utter a single word on the other end of the call.

Minutes had passed; Zheng Hao was about to go mad after waiting for so long when the leader suddenly spoke up.

“Zheng Hao! I already know about every piece of nonsense you’ve done to the New Bai Family Group! You idiot! You don’t even know who you’re messing with. They are the symbol of atrocity and horror!”

“You’re over! You’ll forever be shelved!”

One word from him had caused Zheng Hao to blackout completely; he had almost passed out.

Shelved and blacklisted forever!

Zheng Hao loosened his palm after hearing those words. His phone instantly fell from his hand and dropped to the ground.

However, he seemed unconscious; he looked ghastly pale as though he had lost his soul.

"I-It's over for me!"

"How did this happen? How could this possibly happen?"

A sense of fear and helplessness emerged in Zheng Hao's eyes.

He was a popular young star, not to mention a milch cow to his boss.

But now...

"W-Who are you people exactly? It's impossible for you to be ordinary people. How did your photos attract national attention? Moreover, various national departments had reposted it! This is impossible!"

Chapter 448 I Was That Gigolo

Zheng Hao stared right at Lin Fan and Bai Yi with his reddened eyes.

Not only him, but everyone in the shooting hall had fixed their gazes on Lin Fan right at that moment.

Even Bai Yi was feeling as though it was just a dream.

“Lin Fan, how did you do that exactly?”

Bai Yi turned her head around to look at her husband; she was astonished to find not only Lin Fan’s physical appearance that was seemingly noble and mysterious like a prince, but his temperament and his actions were as though the emperor had befallen. He gave people a strong sense of suppression with his superiority.

However, Lin Fan did not even bother to look at Zheng Hao at the moment.

Instead, he turned his head toward her and said, “Darling, everything has been dealt with. I shall leave then,” he said to Bai Yi.

As soon as he finished speaking, he then made his way back to the dressing room

Chapter 448 I Was That Gigolo

under the astonished gazes of the crowd. Soon after, once Lin Fan emerged again, he was dressed in his earlier outfit.

He was even carrying a basket filled with fruits and vegetables, looking just like a domesticated house husband.

The difference made the crowd feel as though they were having an illusion; they were unable to associate Lin Fan—the house husband in their eyes—with the noble prince who had just shown up earlier.

It was as if they were two different people which were absolutely incomparable.

That was the case with Bai Yi as well; if she had not witnessed it with her own eyes, she would not have believed the Lin Fan who had dressed up in a suit was actually her husband.

“Goodbye, darling!”

Lin Fan gently put up a smile as he waved his hand at her. He then casually walked off the scene.

*Bang!*As soon as he left, the entire shooting hall

Chapter 448 I Was That Gigolo

was filled with a loud commotion among the crowd once again.

The looks on the staff remained stunned.

“Oh my God, the chairman looked like a totally different person after he had gotten changed. If I hadn’t seen it with my own eyes, I wouldn’t have believed that they were the same person!”

“Exactly! Chairman Lin looked like a noble emperor after he was dressed in that suit. However, as soon as he took it off, he looked just like any other passerby! This transformation is so unbelievable!”

“Chairman Lin is undoubtedly a noble and elegant person. Why does he dress up so ordinarily?”

“ ... ”

Countless arguments came one after another across the entire shooting hall.

Nearly everyone seemed to be puzzled by Lin Fan dressing up so ordinarily and looking just like a passerby.

Even Bai Yi had a confused expression on her face. She looked toward the direction of where Lin Fan had left, showing a sense of shame through her gaze.

“Lin Fan, you’re even willing to be an ordinary person because of me; is that why you dress up so indistinguishably?”

Bai Yi was not dumb; based on Lin Fan’s temperament and his image moments ago, he was even qualified to become the Nation’s Husband. However, he had chosen to become an ordinary man who looked so common in everyone’s sight.

There was only one explanation to all of this –it was all for her. He had concealed his bright and dazzling self because of her.

Thinking about this, Bai Yi’s love for Lin Fan had grown even fonder.

...

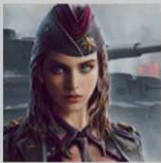

In the afternoon, Lin Fan was carrying a few portions of food that he had packed up as he headed toward First People’s Hospital in Jiangnan.

Chapter 448 I Was That Gigolo

Bai Shan and Shen Yumei had recently been taking care of Old Master Shen in the hospital.

Therefore, the responsibility of delivering food could only fall on Lin Fan.

Along the way, Lin Fan could hear the people around him discussing something heatedly.

Almost all of their conversations were talking about the 'match made in heaven' on social media!

"Hey... I've never seen official accounts reposting this sort of photos in my life before. They had even sent their blessings!"

"That's right. However, the man in the photo looks extremely elegant. Is he an international fashion model?"

"..."

These conversations were heard all over the hospital.

However, everyone simply did not know that the person they were ragingly discussing about had just walked past them.

Chapter 448 I Was That Gigolo

“It seems like no one can recognize me!”

Lin Fan gently put up a smile.

What worried him the most was getting recognized. Once that happened, he would become entangled in constant bother; it was something he did not wish to experience.

Very soon, Lin Fan reached the entrance of the ICU ward.

Before he could even enter the room, he heard some ridiculous comments coming from inside the room.

“Hahaha... Auntie Yumei and Uncle Bai Shan, Bai Yi is absolutely brilliant! She took over half of the Ye Family’s properties a few days ago, and now, she has found herself a gorgeous-looking man! This is simply a bumper harvest in both her career and her relationship! I wonder if my useless cousin-in-law would be pissed off?”

Huh?

Lin Fan was slightly startled after hearing the voices.

Chapter 448 I Was That Gigolo

It was obvious to him that it was the voice of his second uncle's daughter, Bai Yan.

Ever since Lin Fan had taken over the Bai Family Group from Bai Chen's hands, the Bai Family and him had never gotten along.

He did not expect Bai Yan to actually show up here.

It did not end there; afterward, the voices of the father and son duo—Shen Jian and Shen Jie—were heard coming from inside of the ward as well.

“Bai Shan, Yumei, Bai Yi has really acted beyond measure this time! Lin Fan and her have yet to divorce, so how can she take such photos with some other man? Moreover, there's a huge uproar about this matter. How is Lin Fan supposed to act like a man from now on?”

“Indeed. Even though I don't get along with Lin Fan, Bai Yi has really made a mistake this time round!”

To his surprise, Shen Jian and Shen Jie not laughing at Lin Fan like how Bai Yan was mocking him. In fact, the words they said

Chapter 448 I Was That Gigolo

were filled with empathy.

Lin Fan could not help but shake his head and laugh as he walked through the door after hearing them.

“L-Lin Fan!”

Watching Lin Fan walking into the ward, Bai Shan and Shen Yumei’s expressions had immediately turned unpleasant.

It turned out that even the both of them had not recognized Lin Fan from that photo, having thought that Bai Yi had taken these photos with an international fashion model.

“Lin Fan, I’m sorry. I will definitely teach Bai Yi a lesson after I get back!” The expression on Shen Yumei’s face was tremendously sullen.

Before Lin Fan could even say anything, Bai Yan, who was in the room, stood up before them and burst into laughter.

“Hehehe... Lin Fan, how do you feel after getting cheated on? I believe you should know how it feels by now, right? Bai Yi has just found herself an elegant dandy who’s

Chapter 448 I Was That Gigolo

100 times better looking than you! Moreover, quite a number of official accounts have sent blessings to the match made in heaven!”

The way Bai Yan looked at Lin Fan was full of hatred and irony.

To her, the Bai Family had lost the Bai Family Group all because of this b*stard, Lin Fan; there was no way she would not hold grudges against him.

“Hmph! Lin Fan, just wait and see. Now that Bai Yi has become a rich woman with a gorgeous-looking gigolo by her side, you’ll be abandoned any moment now! I’ll see how you’ll end up by then.”

Bai Yan was smiling from ears to ears at that moment; it was as if she had seen the depressed look that Lin Fan had put on after being kicked away by Bai Yi.

However, what had shocked everyone in the room was Lin Fan’s calm attitude; he was not angry about it at all. Instead, he shrugged his shoulders and said while putting on a smile, “Is that so? Maybe the gigolo that you mentioned was... me!”

What?

The atmosphere in the ward became slightly stagnant after hearing what Lin Fan had said.

Be it Old Master Shen who was lying on the bed, Bai Shan and his wife, or Bai Yan, all of their expressions froze.

“Lin Fan, are you saying that you’re... that man?”

Bai Yan looked at Lin Fan as if she was looking at a fool.

Her eyes were filled with spite and disdain; she was looking at Lin Fan as if he had gone mad.

She was not the only one who was behaving this way. The corners of Bai Shan and Shen Yumei’s lips also twitched slightly. The couple could not help but heave out a long sigh. “Lin Fan, don’t get too worked up. Don’t worry. We’ll definitely stand on your side this time!”

“That’s right, Fan. You have done so much for Bai Yi and our family. We won’t allow Bai

Yi to act rashly! Don't worry about it!"

At this moment, Bai Shan and Shen Yumei thought that Lin Fan was mad because of Bai Yi, which was why he had said something like that.

As for Bai Yan, she burst into laughter after she had come back to her senses.

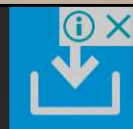

"Hahaha... This is pathetic! Lin Fan, has Bai Yi driven you mad? How can you be so shameless to claim that you are that international fashion model? This is absolutely ridiculous!"

Bai Yan then switched on her phone while talking to Lin Fan to show the photo on her social media to everyone in the room. All the while laughing, she began, "Everyone, take a look at this! This international fashion model's temperament and image are exceptional! Even those international celebrities will have to be ashamed of themselves! As for you, you're just a househusband! How can you be so shameless to say that you're the man in this photo! Hahaha... This is simply a joke!"

Bai Yan was laughing so hard that her body

rocked back and forth.

This was certainly the funniest joke she had ever heard in her entire life.

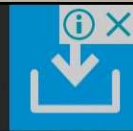

The trio, Old Master Shen, Shen Jian and Shen Jie, felt that Lin Fan bore some faint resemblance to the man in the photo after carefully comparing the both of them.

However, his image and temperament were still a world of difference from the one in the photo. Hence, it was impossible for them to relate both men together.

When the crowd was about to comfort Lin Fan, Bai Yan's eyes lit up before she continued saying smilingly, "I heard that the ambassador whom the New Bai Family Group had invited is the popular celebrity, Zheng Hao! I'm certain that this international fashion model must have been introduced to Bai Yi by Zheng Hao!"

Zheng Hao!

Old Master Shen, the Bai Shan couple and the others could not help but nod after hearing the celebrity's name.

Chapter 449 Is It Really Lin Fan?

Indeed, perhaps only a celebrity like Zheng Hao could introduce such a handsome boy toy to Bai Yi.

Everyone looked at Lin Fan in a more sympathetic way at the thought of this.

However, no one seemed to have noticed the strange look that Lin Fan had put on at this moment.

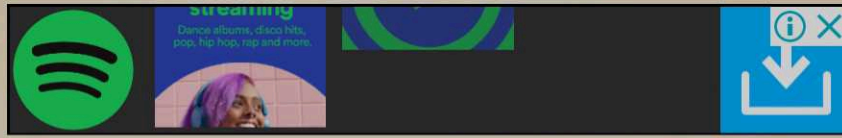

The look that he directed at Bai Yan was one that suggested that he was looking at an idiot.

Knock, knock, knock. Right before he could explain any further, someone knocked on the door.

Huh? While everyone was startled, Shen Jie immediately walked up to open the door.

When the door was opened, everyone in the ward was astounded to witness the scene; a densely packed crowd of people who were holding video cameras were waiting just outside the door.

“All of you are...” Shen Jie was rather dumbfounded.

Chapter 449 Is It Really Lin Fan?

He could clearly notice that these people were either news reporters or entertainment news reporters.

The video cameras had stunned everyone in the ward.

Cough, cough...

A middle-aged man, who was the leader, had quickly spoken up.

“I’m Zhou Feng, the chairman of Huayi Entertainment Group. I’ve come to pay my respect to Mr. Lin Fan! Other than that, I’d also like to invite Mr. Lin Fan to do an endorsement for us! This is an endorsement contract worth 500 million with the time period of one year!”

W-What?

What this middle-aged man had said startled everyone in the ward.

Particularly, after they had given a closer look at this middle-aged man, they were all even more astounded.

Indeed, this person right here was a heavy

hitter in the entertainment circle. He was the King of Celebrities, who had control of Huayi Entertainment and was the person who had signed countless superstars—Zhou Feng.

As for now, he was actually here to look for Lin Fan... for an endorsement?

How was that possible?

At this moment, the atmosphere in the entire room seemed to have been whipped into turmoil.

Whether it was Old Master Shen and his family or the Bai Shan couple, none of them could believe what they had just heard.

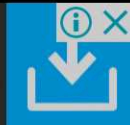

An endorsement contract worth 500 million with a time limit of one year.

This... This was simply a whopping price. Even a top tier superstar of the entire Chinese entertainment circle would not get such a sky-high price, let alone an ordinary person.

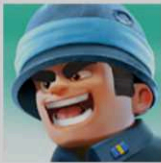

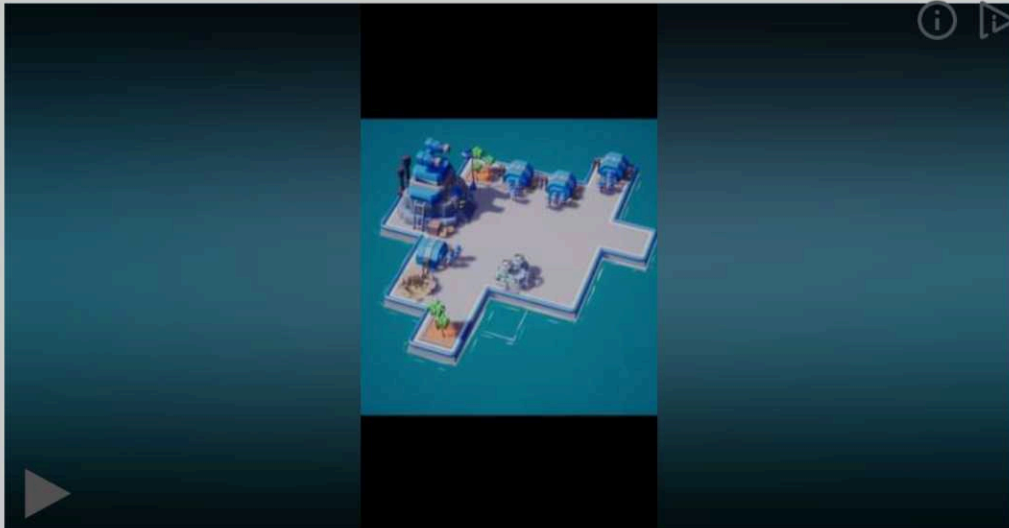

But now, everyone was dumbfounded; all the people in the ward were frozen to their spots in disbelief.

Chapter 449 Is It Really Lin Fan?

However, that was only the start.

A beautiful, middle-aged lady who was standing beside Zhou Feng, the Chairman of Huayi Entertainment, started talking.

“Mr. Lin Fan, I am the Chairwoman of Asia Television Limited, Li Nan. I’ve come this time to invite you, Mr. Lin Fan, to join our show of ‘Ultimate Avenue of Superstars’. The appearance fee will be 500 million for a production of five episodes!”

Wow!

The words that came from this lady were like a bomb. Those people who were already dumbstruck nearly fell to the ground out of shock.

Asia Television Limited was a TV station that had been broadcasting in over ten countries throughout the whole of Asia.

The ‘Ultimate Avenue of Superstars’ in particular was a show in which only the top-tier celebrities were qualified to join.

No one from the crowd had expected her to invite Lin Fan. Moreover, the appearance fee

offered was 500 million for five episodes. This meant that one episode would be worth 100 million for him.

What in the world...

However, the truly shocking news had only begun.

“Mr. Lin, our Huanyu Group is extremely satisfied with your image. We would also like to invite you for an endorsement. You can charge us any amount for the endorsement fee. As long as you offer us a price, we will definitely satisfy you!”

“Mr. Lin, we will like to purchase authorization to use your images. You can offer us any price!”

One invitation after another came from these people who were at the door.

Then, everyone in the ward realized that the people in front of them were the executives of the top tier entertainment companies throughout China and Asia.

Their offers had especially terrified everyone, as if lightning had struck right

after listening to them, making their scalp tingle.

Thud!

Bai Yan seemed like all of her energy had been drained from her as she fell to the floor and landed on her backside with a ghastly pale look on her face.

“I-Is it really Lin Fan?”

She was stunned.

She immediately took out her phone and compared Lin Fan to the man in the photo that had caused an uproar across China once again.

Their temperaments were totally different, but the more she looked at it, the more they resembled each other in terms of appearance.

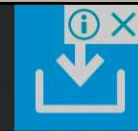

They had only dressed up differently, but their figure seemed to have matched.

Indeed, it really was... Lin Fan.

whole image of a person? How did this guy accomplish such a huge transformation?”

Bai Yan was utterly astounded, especially when she saw the flattering looks on the chairmen’s faces who seemed to be thirsting for talents. She simply could not believe what was happening before her.

Not only her, even Old Master Shen and his family and the Bai Shan couple were comparing Lin Fan to the man in that photo as well.

Right after they had made sure that it was only a suit that had turned Lin Fan into a totally different looking person, the crowd in the ward all drew in a deep breath.

“I’m sorry, everyone. I’m not interested in any of your endorsements!”

Lin Fan did not care about the crowd’s astonishment. Instead, he simply announced his decision to the entertainment company chairmen with a smile hanging on his face.

He turned down our offers! Bai Yan and the others could not believe their ears after seeing Lin Fan decisively rejecting all the contracts that were worth a

fortune.

“Oh my God! How can this be? Lin Fan has personally endorsed the New Bai Family Group. What about Zheng Hao?”

Bai Yan’s face turned ghastly pale as she muttered that to herself in disbelief.

After hearing her mutterings, the Chairman of Huayi Entertainment, Zhou Feng, could not help but let out a snort.

“Zheng Hao? He’s just an actor! He has been permanently shelved and blacklisted by our company for having offended Mr. Lin!”

What?

Bai Yan’s eyes nearly popped out of her head after hearing his remark.

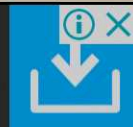

Zheng Hao, the popular young celebrity, had been blacklisted because he had offended Lin Fan?

How was that possible?

In an instant, Bai Yan’s gaze toward Lin Fan turned into a fearful look that seemed as if

Most of the heavy hitters from the entertainment industry had left.

However, the atmosphere in the ward was silent and oppressing.

Everyone could feel their own heart fiercely pounding non-stop. All of them had shifted their gaze toward Lin Fan all at once, as if they had seen a ghost.

"F-Fan, you rejected all of them?"

Bai Shan was very shocked.

The invitations that the entertainment giants had sent out to Lin Fan moments ago were all worth over hundreds of millions after all. Every single invitation was worth an astronomical price.

However, Lin Fan had rejected all of them. Was he still the son-in-law who entered their family for three years without a single penny on him?

Not only Bai Shan, but even Bai Yan had started doubting her own outlook on life. To her, Lin Fan was a poor b*stard, a scum.

However, this scum had rejected the wildest chance he could ever have in earning a fortune. This had made her hardly able to recognize Lin Fan anymore.

“Dad! All of these are a meagre amount. They’re meaningless! Moreover, I’d prefer to live off my woman instead!” said Lin Fan smilingly.

Live off his woman?

Be it the Bai Shan couple or Bai Yan and the others, the corners of all their lips started twitching as they all felt somewhat embarrassed.

*God d*mn it. He’s hopeless after all.*

They initially thought that he didn’t think much of amassing fortunes, but it turned out that he was simply... lazy.

“Hmph! Don’t feel proud about yourself, Lin Fan! So what if you really are the man in this photo?”

Bai Yan put on a grin that was filled with hatred.

“Let me tell you the truth! The Jiangnan Province’s Bai Clan will soon take their revenge against you! You better leave now if you don’t wish to die here!”

What?

Bai Yan’s words shocked everyone in the ward.

The Bai Clan of the Jiangnan Province was one of the Four Greatest Hidden Prominent Families of Jiangnan Province.

Almost everyone had known that it was because of Lin Fan that the Bai Clan of Jiangnan Province had failed to take over the New Bai Family Group and had even lost the Bai Family Group.

He even let Bai Chen experience defeat when victory was within his reach.

As for now, Jiangnan Province’s Bai Clan had finally wanted to take revenge?

“Bai Yan, a-are you hiding something?” Bai Shan’s face turned utterly pale. Was the matter he was most worried about going to happen soon?

Everyone shifted their gaze toward Bai Yan simultaneously.

Bai Yan was only putting on a slight smile instead. The way she gazed at Lin Fan was as if she was looking at a dead man.

“Lin Fan, do you know who’s the second candidate to inherit the Jiangnan Province’s Bai Clan? His name is Bai Hu, a Three-Starred General who controls the Eastern Sea Legion and guards the Eastern Sea. He has more than ten thousand soldiers dominating that region. He’s also the disciple of the two terrific martial artists—Commander Dragon and Commander Tiger! Today, he has finally returned!”

Wow!

Her words had made the expressions on everyone’s faces become more and more unsightly.

He is the disciple of the Gods of War, Dragon and Tiger, and also a Three-Starred General?! Bai Shan and the others blanched after hearing his identity.

They were even more terrified by what they

heard next.

“Other than this, Bai Hu already knows that the Third Team of the White Angels and Jiangnan Province’s Bai Clan have lost to you! He will definitely take revenge against you! Hahaha... I can’t wait to see how you will meet your death!”

Bai Yan’s voice was filled with joy.

The Bai Shan couple and even Old Master Shen and his family were terrified after she had finished talking.

The disciple of Commander Dragon and Commander Tiger, who was also a Three-Starred General, had wanted to take revenge from Lin Fan. The consequences were unimaginable.

Dragon and Tiger were the ones who had managed to suppress the Ye Family, one of the Four Greatest Hidden Prominent Families of Jiangnan Province.

Now that their disciple was going to take revenge, there was no chance Lin Fan would survive.

Soon, the expressions on the Bai Shan couple's face had changed before they swiftly persuaded Lin Fan to flee for his life.

It was then when they heard uniform footsteps and a commotion coming from outside the ward.

Under the astonished gazes of the crowd, numerous fully-armed soldiers had shown up at the entrance of the ward.

There were tens of them, then a hundred of them, then two hundred...

In a blink of an eye, the entrance of the ward was immediately packed.

This scene had made everyone's heart jolt. They knew... that Lin Fan was done for this time!

The scene was so oppressive that at this moment, everyone in the ward had lost their hope as they watched the soldiers who were crowding the hallway.

These soldiers were extremely hostile. The moment they showed up, they were already pointing their guns toward the ward.

Chapter 450 I'd Prefer to Live off My Woman

A sturdy man dressed in military uniform stepped out from the brigade of soldiers.

“Which of you is Lin Fan?”

His voice was bitterly cold.

The people in the ward were looking sullen after hearing what he said.

“I am Lin Fan!” Lin Fan calmly shrugged his shoulder before he stepped out.

Huh?

The big fellow was startled after seeing Lin Fan's composed manner.

He had never expected Lin Fan to be able to act this calmly in front of a brigade of more than two hundred soldiers.

“Hmph! I hope you don't wet your pants later on!” The muscular man glared at Lin Fan with a glacial look in his eyes as he spoke. “I am the One-Starred General of the Bai Hu Legion, Wei Fan! I have received an order from my commander to bring you over to our military base!”

What?!

Everyone in the room had an immense change in their expressions after hearing that.

On the other hand, Bai Yan's eyes lit up. Then, she hurriedly asked, "Officer, may I know if your commander is Bai Hu of the Jiangnan Province's Bai Clan?"

Bai Hu!

Bai Shan and the others were all so terrified after hearing his name that their hearts were in their mouths.

If these people were sent by Bai Hu to take Lin Fan away, then Lin Fan... would surely be doomed.

Everyone shifted their gaze toward the hefty officer at the thought of this.

Under the watchful gaze of the crowd, the One-Starred General nodded in an uncaring manner.

"You're right! My commander is indeed the Three-Starred General, Mr. Bai Hu! I heard

that Lin Fan had caused the death of the Third Team of the White Angels. Mr. Bai Hu is extremely furious about this matter and promised that he will severely punish the murderer!”

His remarks were like a sledgehammer that was being fiercely slammed onto Bai Shan and the others’ heart. They nearly fainted out of fright.

As for Bai Yan, she was rather excited instead.

She was positively ecstatic over witnessing Lin Fan’s impending doom as she looked at him. Then, she said sarcastically, “Lin Fan, are you seeing this? Your retribution has come! Hahaha... You’ll have to hand over the Bai Family Group and half of the Ye Family that you’ve taken over! By then, Jiangnan Province’s Bai Clan will become the greatest prominent family, and you’ll be dead for sure!”

It was as though Bai Yan had foreseen the scene of Lin Fan being torn apart alive by Bai Hu. She was extremely excited about it.

However, there was no fear or terror on Lin

Fan's face; there was only disdain.

"I can leave with you! However, I hope your commander can bear the consequences!"

What?

What Lin Fan said had startled the crowd. They did not expect that someone who was already at death's door to still be this stubborn and disobedient.

Bai Yan, on the other hand, was laughing her head off.

"Hahaha... Lin Fan, go on with your act. After today, I'm afraid that you'll only get to bluff around in hell!"

Bai Yan was exceptionally joyful. The way she looked at Lin Fan was as if she was looking at an idiot.

The burly officer also let out a snort as well.

"Take him away!"

Two fully armed soldiers immediately pointed the tips of their guns toward Lin Fan right after the order was given out.

Lin Fan remained calm even after seeing this. He even turned his head toward the Bai Shan couple who were very worried about him.

“Mom, Dad, don’t worry about me! I’m going for a walk in the military base. I’ll be home for dinner!”

Lin Fan walked out of the ward right after he had done talking to them both.

Countless muzzles were pointed at his body. If he dared to make any unnecessary movements, they would be sure to turn him into a beehive.

Even until Lin Fan had left, the Bai Shan couple, Bai Yan and the others in the room still could not believe their ears.

A walk in the military base? He will be back for dinner?

They might have even thought that Lin Fan was simply going for a trip judging by his tone.

He really didn’t seem to have gotten a grasp on the severity of the situation!

“What shall we do? What shall we do now?”
The Bai Shan couple was anxious like ants being on a hot pan. Their sweat was draining down from their forehead profusely.

Bai Yan could not help but smile at the sight of this. “Aunt Yumei, Uncle Shan, the only way now is for Bai Yi to hand over the Bai Family Group, the New Bai Family Group and the properties of the Ye Family that they have taken over! This is the only way that Lin Fan may be able to survive!”
