

## TIMELESS LOVE

### CHAPTER 12 GOING TO THE HOSPITAL

At one o'clock in the morning.

In the examination room of a private clinic, Nick and Leon were waiting outside.

Nick said anxiously to Leon standing opposite of him, "How fierce are you? How horny are you? Why did you torture her like this?"

Leon revealed a gloomy expression and just stared at Nick for a long time silently,. No one could have expected this after sleeping with a woman.

Because of Hathaway's provocation and shouting, he kissed her. He just wanted her to be quiet, but the final result was out of control, and this happened naturally.

Leon had to admit that Hathaway had a beautiful face and a good figure, which made him feel very satisfied.

At the end of it just now, his mood became so good, and his depression and anger provoked by her also were dissipated. But she said she was in pain in the bed. When he asked her where it hurt, she faltered with her face covered.

Later, he contacted Nick and took her here. The female doctor Nick found calmly spoke after listening to their simple description, "Preliminary judgment, this is because of intense sex."

Leon showed an incredible expression, and then Hathaway was taken in for a detailed examination.

Leon was very eager to smoke now, but smoking was not allowed in this place. So, he could only endure it and felt depressed.

Nick continued to crow over aside, "I said before that there was a piece of news about Hathaway, but you were not interested at that time. What I wanted to say at the time was that she was actually a virgin. If you had known this fact earlier, then your actions tonight would have been gentler."

Nick continued, "The doctor who is examining her now is the doctor whom she asked to do repair surgery at that time. After the doc

tor found that she was a virgin, she was driven out."

After a long silence, Leon said angrily, "So she deliberately discredited herself and made everyone think that she underwent that kind of surgery? Did she deliberately discredit herself? Is she crazy?"

Nick shook his head." No one knows what she thinks."

Leon simply didn't know what to say. As a girl, wasn't her reputation very important? How could she make herself infamous like this?

After that, Leon remembered that she said that she was in pain at the beginning of their sex, but he said that she should not pretend to be pure and innocent...

In the whole process, he was very rude. Because he was really annoyed by her, he wanted to punish her well. The more she cried, the more excited he felt.

The door of the examination room was opened, and the female doctor took the lead in stepping out with a solemn face. As she walked, she advised, "She is diagnosed with minor injuries and is forbidden to have sex for half a month. You should also pay attention to the action in the future."

When the female doctor said this, she glanced at Leon coldly. "Since you are old enough, why are you so ignorant?"

Leon felt that his face was very hot for the first time

With this, the female doctor left. Because the scene was so embarrassing, Nick also left.

Standing in the back and wrapped in Leon's suit jacket, Hathaway showed a dejected expression. She came over and stood in the presence of Leon, looked down in great chagrin and said, "Am I the first person who came to the hospital because of this kind of thing?"

Leon just wanted to strangle Hathaway when he was scolded by the female doctor. However, when he looked at her poor appearance, he couldn't get angry.
