

《The Mysterious CEO》

1 1. A NIGHT

The sky was covered with dark clouds, it was middle of January & snow was slowly falling from the sky. No one in this dark street wants to spend a single moment, however, a crying voice of an old man was coming from the corner of the street.

Where a man with handsome face sitting in a chair having darkened expression & in front him an old man was in his knees begging for mercy and around them the bunch of bodyguards was standing in a circle.

"Pres... President... please forgive me...please... I know I was wrong... but please forgive me..." an old man said in a hoarse voice. Hoping to get the chance for the survival but he forgot that a man sitting in front of him was Si Li, CEO of the Si Corporation who was known for merciless. The old man continued "I have already confessed whole things... please let me leave."

"Continue". An emotionless voice coming from Si Li.

A man in the black suit stand beside the Si Li moved forward after receiving Si Li orders and release the wild dogs towards the old man, who haven't been eaten fresh meat since the last month.

Suddenly,

"Ahhhhh-----" voice of a girl who couldn't hold it in anymore as she let out a scream.

Seeing the girl, old man eyes lit up & said in a hoarse voice "Lu Lan... Lu Lan... Please save me... please...".

Lu Lan was walking around the street alone, as she was very sad because, after so much hard work, she didn't get the chance to transfer to the Taxation department in her company. She has a dream become a part of the consultant team of the taxation department, but because she hates to do politics & don't have any strong back because she doesn't want to become mistress of any man for apost as she believes that to become successful they have relied on their hard work and not on their appearance.

Lu Lan was so sad that she didn't know where she was walking alone unless scream voice coming from the dark corner She found the voice very similar to someone she

knows, to confirm she went towards the dark corner saw that some wild dogs bitten to her manager and his face was cover with the blood & flesh.

Upon seeing a girl come out nowhere, Si Li looked at his assistant & assistant move towards the Lu Lan. But to his surprise, Lu Lan moved forward said motionless "you won't get anything by killing this useless old man".

Lu Lan knows the person sitting on the chair was CEO of Si Corporation, Lu Lan is currently working in the Tax advisory which is subsidiary of Si Corporation.

By hearing Lu Lan words, the old man was very angry but he has to suppress his anger as his only hope that by seeing Lu Lan, Si Li don't want to create an impression which he has been hiding from this world that he really kill someone.

To the world, Si Li is the someone who believes in justice & does the same. But it is very difficult for someone, to remain in power only with having justice by your side.

Upon hearing Lu Lan words, old man immediately said "Lu Lan is right, you won't get anything by killing me. She is right..."

"Instead of killing him, why don't you make him someone who won't even call himself a man" Lu Lan said confidently.

She knows what kind of man his manager is, she remembered that she was his target to fulfil his desire but Lu Lan able to save herself but she won't able change the working environment nearby her. She only hopes that someday she will be able to fulfil her dream.

Lu Lan words not only surprise assistant Mu Che and old man but also Si Li surprise to see a girl who was not even scar by this scene but also suggested a cruel idea.

"Choice is yours and don't worry I will never let anyone know about this because I know what you are doing is correct" Lu Lan continued and turn around leave.

"LU LAN! YOU BITCH! I KILL YOU.....!" old man shouts crazily.

"Do as she wish" Si Li said coldly.
