148 Punishment: Be Personal Slave...

"Enough now, let's sleep. We will talk tomorrow morning and You (Si Li pointed towards Little Champ), don't you have to go to your classes tomorrow morning?" Si Li said in a firm voice leaving no room for arguing back.

Little Champ ignored him and hugged his mommy and went to dreamland.

Even, now Lu Lan felt sleepy. She had been trying to sleep, but wasn't able to sleep even for a single second. Perhaps, she had now seen Si Li and all the fear vanished away. That was why she was now feeling sleepy as well. So she didn't fight back against Si Li and accompanied with Little Champ to the dreamland.

Si Li smiled seeing the mother-son pair and his sight went towards Lu Lan's belly and whispered quietly "My Baby."

When Mo Jiang heard that Liu Juan was pregnant, he went crazy. At that time, Si Li felt that Mo Jiang was overacting. However, now when Si Li was going to become father, he wanted to shout happily to let the world know that his baby was going to come in this world.

His and Lu Lan first child!

Next morning, When Lu Lan woke up, it was 3 PM. When she saw the time, she was shocked. She hadn't slept till this late in her life and she remembered that she had even set the alarm. Then why didn't she hear anything?...

Lu Lan immediately got off from the bed and startled when she heard a voice.

"You are up."

Si Li was sitting on the couch while his laptop was kept on his lap.

First, he was also shocked to see Lu Lan was sleeping at this late, but Madam Si had told him that women usually felt sleepy during pregnancy.

She looked at him and saw the laptop, it meant he was working. However, he was studying pre- parenting books.

She immediately recalled yesterday incident when she ran out of the doctor's cabin, only to tell him and he was not there with her.

She swiftly turned around to go to their room and pretend she hadn't seen him. However, before she could take her second step, Si Li affectionately hugged her from behind and apologised in a tender voice "I am sorry."

"I don't want to see your face. Go do your IMPORTANT WORK."

"How can I go somewhere, when my beautiful wife is here?" Si Li said in a seductive voice to subside her angry while sugarcoating his words.

However, would Lu Lan fall in his trap?...

"LIER, if you had cared for me, then you wouldn't have had left me alone, yesterday." Lu Lan unpleasantly said.

"I have a reason." Si Li calmly said and turned her around to make her faced to him.

"And what was it?" Lu Lan immediately asked.

She knew that Si Li loved her and wouldn't do anything to hurt her. Yesterday was an exception and there must be a reason behind that.

"Can I not tell you now? But I promise I will tell you soon." Si Li replied afterthought for a moment.

As Mo Jiang's condition was still unsure. He had wakened up but again gone back to sleep and up til, there was no news from that side about him.

Although Si Li was disappointed, still he couldn't anything excepting for waiting for Mo Jiang to wake up again.

Lu Lan was pregnant now and if he would tell her that Mo Jiang had wakened up, then she might be tensed thinking that Mo Jiang would take Little Champ away from her. As it might also affect her and their baby's health.

Si Li didn't want to take the risk.

Lu Lan wanted to ask, but she wouldn't do that.

She knew that there were still many things which she still didn't know and she wouldn't care about things as well. As long as the person, who was standing in front of

her, was always be with her, safe and sound.

"But, you deserve a punishment." Lu Lan said in an angry tone.

"Of course, whatever you decide."

After thinking for a while, she said with a mischievous smile "You have to be my personal slave. The time limit will be for one month."

"Okay." Si Li instantly agreed.

"Okay?" Lu Lan was slightly a taken back when she saw that he agreed instantly.

"Yes, why?... Do you have a problem with that?"

"President Si, you should know that being a personal slave, you have to present in front of me, whenever I want. Are you sure that you can do that?"

"Isn't it punishment? Do I have a choice? Then I would...."

"NO! You don't have any choice. This is a punishment and you have to accept it otherwise I won't talk to you." Lu Lan interrupted him and didn't allow him to change the punishment.

Yes! It was a punishment and no one would get the choice.

However, why was Lu Lan being lenient on him?

Lu Lan looked at him and she saw that he was trying not to laugh at loud. She immediately got more angry for making fun of her.

"You..."

However, before she could say anything more...

Si Li held her up in his arm like princess style.

"What are you doing?" Lu Lan panically asked and struggled to get down from his arm, however, Si Li didn't let her go.

"Now, I am your personal servant, so let me give you some extra benefit. I will help you to take

the bath."

"NO"

"Yes, Milady."

Before she could say anything more, Si Li already took her to the bathroom.

She was constantly pushing him away. However, she instantly stopped when she had heard his warning.

"If you don't allow me to assist you. I will join you in the bath."

Lu Lan quietly sat down in the bathtub and let him do whatever he wanted.

Her face was immediately turned red and she didn't look up at him. Well, it was not the first time, where she didn't wear anything in front of him. However, she still felt shy.

She was looking so adorable that Si Li wanted to take her, to their bed right away. However, he controlled himself because he couldn't hurt their baby. He had to first confirm from the doctor that whether they could do that or not...

However, he couldn't stop himself from kissing her and touching her body.

As his hands were moving all over her body that she was feeling so hot. She was trying not to let out moans from her mouth.
