163 Run Away....

There were pillows instead of Liu Juan.

Then, where was Liu Juan?

Had she run away?

That was impossible!

The security in this villa was so tight, how could a little girl at the age of six surpass the security and leave the villa without letting any know?

Then, someone must have kidnapped her.

But, who?

Who had dared to enter in this villa and kidnap her?

In the orphanage,

Time: 3 AM in the morning.

The children were in deep sleep in the hall.

There was darkness in the hall. The children, who were scared of darkness, couldn't do anything except getting used to this darkness.

Soon, a shadow in the darkness entered the hall and went towards the bed in the corner. The shadow's pace was light and carefully so that no one could take a glimpse of it.

However, the girl on the bed in the corner had noticed the shadow and she was about to shout "Wh...."

However, the person jumped out of the shadow and put a hand on the girl's mouth to prevent her from shouting.

"Big Sis is me." The person quietly whispered.

"Juan.." Liu Ruolan eyes' teared up and she tightly hugged Liu Juan.

"Thank God, you have come. I thought I won't be able to see you again." Liu Ruolan said in a hoarse voice.

"I missed you, Big Sis." Liu Juan said and started crying.

"Shuhhh...Juan, don't cry here. Come let's go outside."

Afterwards, both of the sisters quietly left the hall and went to the rear side of the building where the security guards wouldn't come.

"Juan, how did you come here? I heard that the person who adopted you is a very big man. Did he allow you to come here?" Liu Ruolan asked.

"No, Big Sis, I...I ran away from there. They are not good people. They always send me for fighting and training sessions. I don't want to go back there."

...

Since the day Liu Juan was there, she always wanted to run away, whether it was night or day. However, bodyguards were always present at all places. Their threatening aura scared Liu Juan and made her want to run away from there.

Until last night, whenever Liu Juan woke up by a nightmare. Whenever she had a nightmare, Liu Ruolan was always there with her. However, Liu Ruolan wasn't there last night.

Liu Juan was so scared that she left her room absent-mindedly and went into the entrance of the villa. She was calling for Liu Ruolan and crying "Big Sis, where are you? I am scared."

Her voice was hoarse and so low that no one had heard her voice.

She went towards the entrance door. The door was big and secured locked. She stood on her toes trying to open the door, but she couldn't.

Seeing that it was not opening that she started hitting the door and cried out "Open the door, I want to go to Big Sis."

Liu Juan's fists started to turn red and were badly hurt, but she didn't stop. Until she heard a stony cold voice from the outside "Who is that?"

Only then did Liu Juan come back into her senses and that was when she realised that she was adopted by a man and now she was in his cage.

Liu Juan got scared that the bodyguards would beat her up, so she ran away from here.

She didn't know where she was going, she was just running away. Afterwards, she reached the backyard of the villa.

She leaned on the wall catching her breath. All of a sudden, the wall removed aside. She got so scared that she fell on the ground.

Liu Juan didn't understand what was going on?

How did the wall move on its own?

Again, the wall started to move as if it was going to close.

At that moment, Liu Juan heard the sound of footsteps. It must be the footsteps of the bodyguards, she didn't understand what should she do?

How could she protect herself from them?

Seeing that the wall was going to close, Liu Juan immediately stood up and went inside the wall.

Till the bodyguards reached the backyard, the wall had closed and there was no one in sight.

"There is no one. I think you must have heard things. Now come on, let's go. Don't disturb Young Master Bo, otherwise, you would not be able to survive his wrath." One of the bodyguards said and then the rest of them left.

--

In the wall, Liu Juan didn't know where this path would take her, she just walked straight. There was darkness with no source of the single ray of light. Liu Juan's heart was beating fast and loud because of this scary path. She just wanted to go to her Big SIs, how could she end up here?

Soon, Liu Juan's head hit the wall "Ooouch!"

The wall in front of her automatically moved and Liu Juan found the source of the light. She immediately came out of the scary path and found that she was outside the

fence, facing the rear side of the villa.

Again the wall closed.

Liu Juan saw that there was no one, so she immediately ran away from there.

When Liu Juan was coming here from the orphanage, she had noted down the number of turns which the bodyguard was taking that day. So she remembered that they had taken five right turns and seven left turns and the long highway.

However, Liu Juan had made a mistake when she was coming she counted right turns as while going back to the orphanage, she had to take the same left turns. The poor girl wasn't able to understand this.

Therefore, she lost.

Luckily an old man saw Liu Juan and asked her what she was doing here. Liu Juan trusted him and told him everything since her adoption until now.

The old man felt pity on her and brought her to the orphanage.

...

Back to the conversation

"But Juan, if you stay here, Mr Yang will send you back to that man." Liu Ruolan worriedly said.

"Big Sis, I don't want to go. They are bad people. They don't allow me to take rest even for once. I even got hurt. See this Big Sis." Liu Juan cried out and showed her hands to Liu Ruolan.

Liu Ruolan heart ached her little sister. She always made sure to protect Liu Juan from other children who tried to bully her, however, Liu Juan had so many bruises and she couldn't do anything.

She only had Liu Juan as her family, how could she let her only family go away?

No! She couldn't.

"Okay, Juan. Stop crying. No one will take you away from me. We will go to the other orphanage, where no one could take you away from me."

"Really?"

"Yes, come on. Let's leave from here."

Although this orphanage was good and they were here since their birth, it separated both the sisters which they couldn't handle it.

Soon, Liu Ruolan took a few of her clothes and both the sister left from the orphanage without getting caught by anyone.
