Afterwards, he zipped up his pants and held the collar of her dress and lifted her up roughly "Tell Me...How did you feel the taste of water? Huh?"

"L-Let go of me..." Liu Ruolan said weakly.

'Slap'

'Slap'

"One more word of going away and you will die....Bit*ch" Mr Jin said angrily and threw her back.

Again she felt a sharp pain on her back and lost her consciousness.

Mr Jin snorted and again went to the driver seat and drove off.

Afterwards, he brought a big suitcase and put Liu Ruolan inside it. Then he again went towards the hotel to check-in for two days.

The room in the hotel was not so big, but it was clean and comfortable.

To reduce the frustration for loss of Liu Juan, Mr Jin started drinking beer. Once he downed a bottle, the burning sensation spread down in his throat and then his chest.

Nevertheless, he didn't stop and continued drinking the bottle of beer one after another until he emptied down all the bottles.

By the time, Liu Ruolan woke up again. The pain was still unbearable for her, but seeing different surrounding around her, hope arose in her little heart that might be someone had saved her. Perhaps, the person was Liu Juan.

Therefore, she used all her strength to get up. After getting up, she found that she was lying in the suitcase.

Why was she lying here?

Where was she?

Who had saved her?

With her numerous thoughts, she tried to stand up, but as soon as she stood on her legs, she again fell.

"Ah!"

Mr Jin had lazily leaned back on the sofa with his eyes half-closed. Due to excess drink of beer, he felt a hot sensation in his body. When he heard Liu Ruolan, his sight went towards her and he instantly felt this burning desire in his body.

With a smirk on his face, he stood up and staggered towards her. He bent down in front of her and held her cheek tightly and drunkenly said "What happened? Does it still hurt? Huh?"

When Liu Ruolan saw Mr Jin in front of her, her little heart trembled in fear. She didn't dare to move an inch. Although he had held her cheeks tightly, she didn't dare to make a single sound.

"Let me help to ease your pain...Mmm..."

Mr Jin held her up and threw her on the bed.

Liu Ruolan's body trembled in fear, as she thought that Mr Jin was going to beat her again. She immediately sat up and hid on the corner of the bed. However, Mr Jin held her leg and wrenched her towards him again.

"Trying to run away...Mmm... now I will see how can you run away?"

As soon as Mr Jin said, he held her hands above her head with his one hand and tore her clothes in one go.

Zap---

"No...." Liu Ruolan cried. She didn't know what was Mr Jin's intention? She just thought that he would beat her badly this time.

However, she didn't know that something worst would be happening with her.

Mr Jin's eyes showed the burning desire and he couldn't control himself. Therefore, he swiftly unzipped his pants and was about to enter into her and almost violate her, however...

BANG!

All of a sudden, the door of the room opened and the army of the men entered into the room. Mr Jin was shocked to see the commotion in his room all of a sudden. He immediately got up and hurriedly zipped his pants, but the men kicked him and he fell on the ground.

"Ahhh..."

The men immediately knocked down Mr Jin and left by dragging Mr Jin with them.

Liu Ruolan didn't know who these men were? And why did they help her?

Now she had lost all the trust in human beings. One by one, everyone was betraying her.

First, the people from the orphanage took away her younger sister. Then because of Liu Juan, she trusted Mr Jin, but now he was beating her and wanted to kill her. Even Liu Juan didn't come back to save her. When she was here only because of her.

Liu Ruolan's vision was blurry as her eyes were slowly closing as she was entering into the dark world. However, before closing her eyes, she saw a handsome face of the man.

Liu Juan ran as fast as she could. She wanted to save her big sister. Her big sister was in danger because of her. She had to save her at any cost!

She was running on the road as it was a highway and as it was a rural area, there were no street lights on either side of the road.

Liu Juan didn't know where she was running as there was no light.

All of a sudden, a light hit on the face from the headlight. Before, she could understand where to move, the truck had hit her.

'Swoosh!'

"Ahh....!"

'Whoosh!'

A loud squeal came as a result of the sudden break by the truck.

"Did you hear that scream?" The driver of the truck asked in fear to his partner who was sitting on the passenger seat.

"I...I think...we have hit someone..." The other man (his partner) stuttered.

"What...?" The driver was shocked as it was the first time in his life that he had hit someone.

"I will go and check..."The driver said and was about to get down from the truck, but his partner stopped him.

"Are you mad? If you get down and go there, what if the person is okay and claim a huge amount of money from you, then you will be struck in trouble unnecessarily. Let's just leave from here." The other man looked around the road and found out that there was no one who had seen them nor there was any security cameras. So they could leave easily.

"But..."

"No buts, come on, move here. I will drive. Hurry!" Then the other man immediately got into the driver seat and drove away the truck.
