### 182 Only wish to die!

The water came so suddenly and forcefully that Liu Juan shivered up like she was thrown into the water.

Because of her movements, she felt the pain in her lower part and the scene of the horrible night flashed in her mind.

Liu Juan swiftly moved backward despite the fact that she wasn't wearing anything, her face was badly swollen and bruises could be seen all over her body. She did not care about anything as she felt that at that point, moving away from him would be the best thing.

Seeing her naked in front of him, the first man's inner monster woke up. Last night was really a pleasure for him, so why not having the same pleasure now also?

He started walking towards her step by step.

"NOO!!! Don't come here..." Tears started to roll down on her cheeks. Last night was a horrible dream for her, she didn't want that night to turn into reality again.

He had a sinister smile on his face. Seeing this Liu Juan got more scared as she started shivering.

"Pl...Please don't come here...I will do anything...Just...Just don't come here...Pl...please...." Liu Juan joined her both hands together and begged.

However, the man didn't seem to be in the mood to listen to her plea, he was overwhelmed by his lust.

He stood in front of her like a devil in front of his prey. He hurriedly undid buttons of his pants.

Seeing this Liu Juan's face turned pale as a white sheet. She closed her eyes and prayed for her early death.

She couldn't bear this pain anymore.

However...

'Pang'

"Hey, what are you doing?"

The second man dashed into the room when he saw that his partner was taking advantage of Liu Juan alone.

They wanted Liu Juan to go on the street to beg and earn some money for them. They were sure that seeing the pitiful face of Liu Juan. People would feel pity for her and would donate something.

She could turn their day, earlier they had to work to earn money for their drinks but now she would earn for them and they would enjoy their life leisurely...

The first man immediately zipped up and hurriedly reply "Nothing...Nothing...I am just trying to teach her. This Bit\*ch dare to deny my orders."

The first man immediately found an excuse for his actions and put the blame on Liu Juan instead.

These three men were agreed to share Liu Juan equally between them and none of them would try to take extra advantage of her. If anyone would try to betray, then it would be the last day of that person's life.

The first man was so overwhelmed in his lust that he forgot about the terms agreed between the partners. So, when the second man came inside the room, he came back to his senses. Although he was unhappy to be interrupted, he couldn't dare to voice out his thoughts.

In a hassle, he spat out whatever came in his mind to divert the blame on Liu Juan.

Sure enough, his trick was successful. His partner, the second man, believed him.

The second man disdainfully looked at Liu Juan and raised his hand giving few slaps to her without hearing anything from her.

"Ahhhhh".

Five fingers marks were clearly visible on her cheek.

"You bit\*h, how dare you to deny our order."

He didn't stop there. He started kicking her also.

Liu Juan couldn't do anything else except cry. After a while, even her crying voice died out and she curved her body to avoid his kicks. It was of no use as she wasn't wearing anything and the cold weather increased the pain in her body which was so immense that she could only wish to die.
