

《The Mysterious CEO》

215 Freedom ? Part-1

Liu Juan scoffed nonchalantly as she seemed to know that this would happen. She didn't know the reason, but she guessed that Bo Xiao would betray her after taking her help!

Thankfully, she had already prepared for this day. She absolutely wasn't about to put her full trust in only one avenue, especially when it involved Bo Xiao.

"Tsk...Tsk..."Liu Juan shook her head and said with an evil smile on her face "Bo Xiao, you are wrong! No one can take away my freedom from me not now nor ever! I control my own life and how I live it, not anyone else!"

"Really? I don't think so!"

"It doesn't matter whether you think like this or not. But let me tell you, you have to fulfill your promise whether you like it or not! You have no say in the matter, never have."

"Pfft....Hahaha...." Instantly, Bo Xiao started laughing as if he had heard a joke.

After a while, when his stomach started hurting, he forced himself to stop laughing. He held his stomach while coughing a few times and then took a few deep breaths to calm down "Sigh! Liu Juan, you know the doctors told me to stay happy for early recovery, but I had never imagined that you would really make me happy...In fact, so much happy...that I couldn't stop my laughing...hahaha...Sigh! Okay...Look, Liu Juan...If you stay beside me as my woman. I promise I will make your life wonderful... you can see your sister's condition. Isn't she happy here with me, huh? Well, I know she likes me and that's why she has been rude towards you, but don't worry, I will handle her. Though, she can't continue like my other mistress. After all, she looks like you, if I have you then why would I need her, right?"

Liu Juan just stood there indifferently and continued to listen to Bo Xiao's nonsense, but now she had enough. She didn't have any more patience to continue to listen to his ramblings anymore.

She simply smiled and took out a recorder from her pocket and started playing it. The sounds coming out from the speaker sent an instant shock into the room.

"Liu Juan...you must remember, if I don't have control of South America, then you must give up on your freedom. Don't forget about my ambitions, I want to become the Big Boss. No matter how! Even if I have to kill our big boss..."

And at that moment, Bo Xiao's voice could be heard from the recorder which had stiffened Bo Xiao's smile. He couldn't believe his ears at this moment.

This...

He couldn't believe that Liu Juan had recorded all of the conversations between them. It seemed that although he had trusted her and even dared to betray her, she didn't trust him not even for a single moment. He tried every way he could to gain her trust and made her realize but the facts in front of him, it was proving he was the only one thinking that he had won her over.

Bo Xiao didn't know whether he should be happy or angry. Happy because the girl to whom he liked was not an ordinary girl, she never depended on anyone and could hold her own in almost every situation and angry because the girl to whom she liked didn't trust him, not even once.

At that time, Liu Juan had a wide smile on her face which seemed to be equal to an evil incarnate blooming on that beautiful face of hers. It was an absolutely stunning sight.

She stopped playing the recording and slightly bent forwards towards his face and studied his face with a mocking smile on her face "What happened? Why aren't you smiling now? Didn't the doctors suggest for you to stay happy, huh? Laugh.... C'mon...laugh!!!"

"What do you want?" Bo Xiao sternly asked.

"Good! Now you talk some sense!" Liu Juan straightened up and continued "I want your big boss to leave this villa tomorrow morning and the day after tomorrow, we leave for our final mission!"

"That's so soon! I need time to think of a way to send the big boss away without you. You know how he is... He suspects everything and everyone!"

"That's not my problem! You should have thought about the consequences before betraying me!"

"Liu Juan....don't think I am a pushover! If you leak this recording, then I am not

going down alone, I will take you with me!"

"Ha....!" Liu Juan sneered as if now she had heard some kind of joke. "Then who is stopping you? Go and take me down! Go...Go..."

Bo Xiao's face turned to ash, he was just threatening, who knew that she would mock him on this also?

Liu Juan didn't care about him and continued insulting him "Tsk...Tsk...Bo Xiao...sometimes, I really worry about the members as to how they could have a leader like you? Huh? Do you really think I wouldn't have planned to save myself and my sister when I started recording this, huh?" Liu Juan waved the recorder in her hands.

"If I can save you from the big boss that means I can also save myself as well. The only worst-case scenario is my freedom would get delayed. Nothing more than that!"

Bo Xiao clenched his fist tightly in anger as he really made a mistake to consider her indebtedness. If he had known that she would threaten him like this, he wouldn't have made a deal with her.

Now, except for agreeing with her, he hadn't had much choice.

"Fine! I will get things done!" Bo Xiao said while gritting his teeth.

"Good!" Liu Juan then left.

Whereas, Bo Xiao tried to calm himself down as no one had dared to threaten him. Liu Juan was the first one, of course, he would make her pay for it!

'Liu Juan, let's see how you get your freedom!'
