

《The Mysterious CEO》

Chapter 225 - Abrupt turn of event! (Part-1)

Big Sister...

Why was Liu Ruolan walking towards their boss?

Bo Xiao knew the answer to this question but Liu Juan...

Though she understood now who had betrayed Bo Xiao as well, she found it hard to believe that it was Liu Ruolan.

Didn't Liu Ruolan have feelings for Bo Xiao so how could she betray him?

Was Liu Ruolan just like the way their boss had previously mentioned to her?

Selfish? Cruel enough to hurt people for her own interests? Cunning and evil?

No! This was not possible.

Liu Juan didn't want to believe it.

However, then she heard the words from Liu Ruolan's mouth, "I hope you like my performance. Both of them are here." Liu Ruolan turned to look at Bo Xiao and Liu Juan while standing behind their boss.

"Absolutely." The man said as he smiled while one could see a glint of anger in his eyes.

Then Liu Juan realized that no matter whether she believed or not, this was the truth.

But why?

Why was Liu Ruolan doing this?

Her big sister wasn't like that.

All of sudden, the woman standing beside their boss didn't look like her big sister, at all.

Her eyes which were filled with love, care and innocence in their childhood...now they were looking nothing like that.

Why did her big sister change?

"Confused?" The man looked at Liu Juan and understood what was running in her mind. After all, her mind was an open book to him.

Liu Juan didn't make any sound but yes, she was confused to see Liu Ruolan who was taking the side of their boss instead of taking Bo Xiao's or her side. Though, it didn't mean that she was happy that Liu Ruolan had betrayed her for Bo Xiao.

The man tilted his head to look at Liu Ruolan, "Ruolan Darling, why don't you help me clear your little sister's confusion, huh?"

Though the man would explain everything, the fun and joy which Liu Ruolan's explanation would bring couldn't be compared with his explanation.

Thus, the man was happy to delegate his work on whom he had trust that she would do her job perfectly just like the way he wanted.

Liu Ruolan's smile disappeared when her eyes snapped from the man to Liu Juan "Hmm..." Liu Ruolan started walking, one step at a time, towards Liu Juan while continuing to speak, "I can understand you must be confused to see how the girl who stupidly followed you, who you used as a shield to save yourself..."

"No, Big Sister..." Liu Juan interrupted Liu Ruolan when she realized that Liu Ruolan had some big kind of misunderstanding towards her but before she could explain further...

'Slap!'

A hot sensation was felt on her right cheek.

"Didn't I tell you that I hate this word? Don't you ever call me Big Sister! I don't have a little sister like you who used me only for sacrifices." Liu Ruolan snarled.

All this time, Liu Juan was looking at Liu Ruolan in shock.. It was the first time in her life when Liu Ruolan had slapped her and talked to her like that.

Her mind couldn't understand when she used her big sister as a sacrificial lamb or a shield to save herself?

Before Liu Juan's mind could understand anything further, Liu Ruolan grabbed her

collar and pulled her up to make her look at the hateful eyes of Liu Ruolan and then Liu Ruolan continued to rant, "Not only I hate to hear Big Sister from your nasty mouth but I also hate to see you alive. I want to kill you, that's why I took our boss's side. Now you understand!"

Liu Ruolan pushed her back which made Liu Juan lose her balance and she fell backward.

'Thud.'

Liu Juan's mind turned blank with a buzzing sound ringing in it with the words, 'Not only I hate to hear Big Sister from your nasty mouth but I also hate to see you alive. I want to kill you.'

A drop of tear couldn't help but roll down on her cheek and a whisper escaped through her lips "Why?"

Her whisper was like the buzzing sound of a bee, but still, enough for Liu Ruolan to hear to which a sneer formed on her face "Why?"

"Because you lied to me!"

Liu Ruolan's words darted Liu Juan's sight back up to her.

"Do you remember what you promised me? That you will come and save me from Mr. Jin? But did you come? No! Why? Because you never had an intention to come back in the first place! You used me to save yourself! And again after so many years, you tried to use me in the name of freedom, didn't you?" Liu Ruolan said through gritting her teeth while her eyes turned red in anger.

Liu Juan's brows frowned at this revelation and she wanted to rebuke against Liu Ruolan's accusation but she didn't get the chance as...

"Yes, she did have a plan but I saved you, didn't I?" The man interrupted.

Liu Juan's sight darted to the man and back to Liu Ruolan. What was going on?

Bo Xiao seemed to be intrigued to know what their boss had planned because as far as he knew Liu Juan never had an intention to use Liu Ruolan.

However, Liu Juan thought to go against their boss to get freedom from here for herself and her sister, unfortunately for her as well for him, not only their plan had backfired but they also fell into their boss's trap.

"Yes. Now kill her and hand over Bo Xiao to me." Liu Ruolan looked at the man as

now he was the person on whom she could trust but here she was wrong again.

"Mmmmm...Ruolan Darling, there is a thing, I will hand over Bo Xiao to you but I can't kill her." The man tsked.
