

《The Mysterious CEO》

Chapter 311 - Swap (Part-1)

Mo Corporation.

Mo Jiang did not know why but he felt that part of his soul had left. Why was he feeling like this?

He was feeling extremely anxious. He immediately took out his phone to call Sun Choi. "Where are you?"

"Outside the salon." Sun Choi replied and continued further. "She found her sister outside the school.

"Then?" Mo Jiang immediately sat up in alarm.

"Some men were beating her. She wanted to help but I didn't allow her." Sun Choi reported.

"Good. Keep an eye on her." Mo Jiang said and hung up.

"Liu Ruolan." Mo Jiang murmured her name.

Although the girl looked exactly the same as Liu Juan, Mo Jiang could not help but feel disgusted just by hearing her name alone.

Previously, Mo Jiang wanted to kill Liu Ruolan and Bo Xiao. After all, they had dared to attack him. How could he leave them just like that?

Initially, he kept Liu Juan by his side to kill Markus who had run away but every time, luck did not seem to be on Markus's side.

Afterward, things between him and Liu Juan had changed.

Initially, she was a burden to him but with the passage of time, he realized that unknowingly, she had removed the loneliness from his life to the point that they had a very beautiful family now.

Now she was a sweet burden to him. He was so content with his life that he could not

ask for anything more.

He just wanted to protect her and their son for the rest of their life.

Unexpectedly, Liu Ruolan came into their lives again, and with no information of Markus, Mo Jiang could not help but be suspicious of Liu Ruolan.

Did Liu Ruolan come back into their lives on the words of Markus? After all, her current life was not any better those days. So Markus might have contacted her to do his bidding.

Then what about Bo Xiao?

The last time Mo Jiang heard about the man was when the foolish man wanted to form a gang in country X.

What could Mo Jiang say about him?

Was it that easy to take Liu Juan away from Mo Jiang?

Nevertheless, with the abrupt arrival of Liu Ruolan, Mo Jiang could not help but feel that it must be related to Markus somehow.

Mo Jiang immediately took out his phone and called someone. "Where are you?"

"City B. Why?" Si Li asked.

"Still in City B? Did I not tell you to come back? Today is Little Champ's birthday. How many times do I have to call you? This is the tenth time." Mo Jiang asked.

"He is your son, not mine. Why should I be present for his birthday? Yes, I might be present on his birthday if you let him join my team once he turns into an a.d.u.l.t though." Si Li suggested which was rejected instantly.

"Don't even think about it. Little Champ won't live like us. I will never let him be a part of our world. Anyways, come back as soon as possible. I have a hint that he is back."

He?

Hearing the grave tone of Mo Jiang, Si Li did not ask anything and said. "I will be there in a few hours."

Liu Ruolan's men had been following Liu Juan, so they knew how Liu Juan came to

Liu Ruolan's house.

Liu Ruolan changed into clothes that looked the same as Liu Juan's. She went back to the salon. After getting her beauty treatment done, she followed Sun Choi back to Juan Villa.

"I will carry it. You can go back." Liu Ruolan, in the appearance of Liu Juan, said as she carried a few packets of beauty products which she said she got from the salon.

Sun Choi drove the car to the parking lot to wait until Mo Jiang came back.

Meanwhile, Liu Ruolan entered the villa and was stunned to see it.

It was lavish Every corner of it was decorated with expensive vases or showpieces. It looked nothing less than a king's villa.

A wave of jealousy was clearly seen in her eyes. After all, this villa was far better than Bo Xiao's Villa.

Liu Juan!

Liu Juan!

Liu Juan!

Why did she get all the things which Liu Ruolan wanted?

From a lavish villa like this to a lovely husband!

Liu Ruolan also wanted Bo Xiao to be her lovely husband but instead, he gave his heart to that b*tch, Liu Juan.

Liu Ruolan closed her eyes in order to calm her ferocious emotions down. She would get back all the things.

Liu Ruolan continued to walk and came to stand in front of a big photo frame of Mo Jiang and Liu Juan. It was their wedding photo. Mo Jiang looked so charming and handsome in his black suit. He didn't have a cold expression; instead, he stood there with a bright smile on his face. On the other hand, Liu Juan looked like a delicate and gorgeous woman in her champagne-colored wedding dress. Both looked as if they were made for each other.

A smile that was full of mockery and envy appeared on her lips. It was really a pity that Liu Juan was now dead without getting a chance to see Mo Jiang for one last time.

Liu Ruolan opened the packet which she had earlier claimed to contain beauty products but instead, there were small devices in it.

Liu Ruolan started working on fixing those small devices in the entire villa before leaving from there.

Mo Jiang was not an easy person to kill. Even Markus could not kill him, especially after Mo Jiang had broken down his entire kingdom.

Things were more difficult in country X where Mo Jiang and Si Li ruled.

Nevertheless, Mo Jiang had to die.

But how?

Of course, through Liu Juan.

Liu Juan's love for Liu Ruolan was so blind that Liu Juan did not notice that she had paved a path for her beautiful family towards their destruction.

Stupid girl!

Releasing a pitiful sigh, she walked upstairs to go to the master bedroom.

'Click.'

Liu Ruolan stepped inside the room. It gave her a feeling of coziness. The curtains, the furniture- everything was all in bright color. There were many photo frames kept beside the bed.

Liu Ruolan walked towards them to pick a photo frame. It was a family photo of three. Mo Jiang, Liu Juan, and Little Champ.

Liu Ruolan ran her hand over it and stopped on Little Champ's face. His cute little face, similar to Liu Juan and of course to Liu Ruolan as well after all she was the twin sister of Liu Juan, had a billion-dollar smile. Liu Ruolan was wondering how his face would look once he was dead in the blast.

Liu Ruolan smiled at her thoughts until the vibration of a phone disturbed her..

It was Liu Juan's phone. Sun Chou was calling her.

"Hello." Liu Ruolan swiped up to answer.

"Mo Jiang is here. Get out of there. Now! I am leaving." With that, Sun Choi hung up.

Liu Ruolan's face stiffened. 'Mo Jiang is here.'

'So soon.'

'How?'

She walked towards a window to look down, just in time to see Mo Jiang parking his car and Sun Choi leaving from the villa.

"Bast*rd." Liu Ruolan cursed Sun Choi.

He knew that she was Liu Ruolan and not Liu Juan.

They had planned to leave the villa together but who knew Mo Jiang would come back so soon.

Liu Ruolan then heard someone call out. "Dad, Mama said you have ordered a football cake for me, just like the one which we saw that day in the mall. Is it true?"

"Your mama doesn't understand the meaning of surprise. It is a surprise for you and she has already ruined it. Let's go and teach her a lesson. Where would she be?"

"In her room."

Little Champ's giggling voice came closer and soon she heard, 'Click.'

The door of the room opened.
