Si Li was sitting in his chair, thinking about Lu Lan and his past then, suddenly,

Bang!

Bang!

Two bullets passed through near the right ear of Si Li and hit the window behind him and the glasses of window scattered everywhere.

"President....!" Man shouted

Bang!

Then, a bullet was hit on the head of the man, who was standing beside the Si Li. Before, Si Li could understand what was happening man fell on the ground beside Si Li's legs.

Just then, a helicopter came above the balcony and was hovering there and then three ropes fell from the helicopter and three men came down through the ropes.

One man pointed a gun at the Si Li and the rest of the two started to check the surrounding. After the few minutes, both the men exchanged a look and one man took out his walkie-talkie and said: "Everything is under control".

The man who pointed a gun at the Si Li took his footsteps back and went to stand with the other two men in a row.

Just then, the fourth man came down through the rope. He went towards the dead body of Si Li's man and bent down and spoke to the dead body "Sorry Man, I had no intention to kill you but I need some privacy with Mr Si. Hope you don't mind and may

your soul rest in the peace".

Then the man looked up towards Si Li, who was still sitting on the chair with a calm expression. The man smiled at Si Li and said "How are you, Mr Si? It's been a Long time. I hope you don't mind for your man".

Si Li smiled at him and said in a calm tone "I am good, Mr Robot. Don't worry about my man, I will make sure you will pay for it".

"Hahahaha....." Robot laughed aloud and stood up and sat opposite to Si Li and said "I must say that you are quite an interesting person. In this situation, you are still thinking to take revenge for your man. Impressive..."

"Thank you for your compliment, Mr Robot, " Si Li said.

"Mr Si, you know, I was hurt. I only took your arms and killed your few people. In exchange, you not only take your arms back but also killed my entire army based. That's not fair".

"So Mr Robot is here only to take revenge? Si Li asked.

"You are sure a smart person, Mr Si" Robot chuckled.

"Hmm..." Si Li nodded and asked "Mr Robot, can you tell me your plan, so that it will be easy to implement".

"Of course, Mr Si. If I get your corporation my task will be quite easy" Mr Robot smiled.

"Mr Robot, can you tell me what kind of corporation do you want?"

"Nothing much, just tell me how would you like to die?"

"Mr Si, don't take it personally but actually you are currently the King of Underworld and after your death, I will be the King".

"And don't worry, your men can work under me after your death, as you know that currently, I am running short of men".

"And the most important thing....regarding your wife...Don't worry I will make her my mistress. I am sure, the women who won the heart of King of underworld must be good in bed also...right?" Mr Robot laughed aloud.
