"Miss Lu, from now onwards I have decided that you are no longer be my student anymore" Professor bold voice was echoed in the entire hall.

Song Tianxin and Wang Yan were so shocked that they shouted in unison "What!".

However, they soon shutted their mouth, when Professor Chen shot them angry glanced.

Afterwards, Professor Chen turned towards Lu Lan, who was still shocked that she didn't know how to react in this situation.

"Go back and stay at home, because you are not capable to protect your husband. You will always be timid, who always need other peoples' help to protect their families. I am sure, even, if he would die, you will be always like this, A WEAK PERSON. So go and enjoy his money like other useless girls who don't do anything for their families".

After saying those harsh words Professor Chen turned around and leave without waiting for her reply.

"You two follow me" Professor Chen pointed towards Song Tianxin and Wang Yan.

Therefore, both of them reluctantly follow Professor Chen.

Lu Lan was still in a dazed, Professor Chen's words were echoed in her mind, however, afterwards, she came back into her senses and recalled the words 'A WEAK PERSON', then she decided to follow her friends.

When Lu Lan reached inside the training hall, all people were stunned to see her.

"Didn't Master say that she is not his student anymore? What does she want now?" One of subordinate commented.

"How dare she neglect the words of the Master?" Another subordinate commented.

Professor Chen turned towards Lu Lan and angrily asked "You...! What do you want

now?"

"Master, you told me to live on my husband's money. So here I am" Lu Lan calmly replied.

"What do you mean?" Professor Chen was in a rage.

"This place is purchased by my husband and I know that you have taken this place on a contract for one year. So it means my husband is still the owner of this place. Therefore, indirectly I am the owner of this place as well. So I have the right to come in this place whenever I want" Lu Lan replied.

Hearing Lu Lan words, everyone was shocked and looked at her with disdain and started to criticize her.

"How dare she show off her status in front of the Master?"

"Does she know to whom she is talking?"

"What does she think of herself?"

"Silence" Professor Chen shouted.

However, Professor Chen never thought Lu Lan would use his words against him.

"Let her do, whatever she wants to do".

Lu Lan already said that she would take bear all the consequence and never let down Si Li, so how could she leave this place without fought back?

Only option left for Lu Lan was to stay here, watch them and practice on her own because she knew that she couldn't get better master than Professor Chen.

Afterwards, Professor Chen ignored Lu Lan and started to give training to Song Tianxin and Wang Yan.

Lu Lan set her mat on her own and observed them and start practising. However, because of this, she got many bruises than usually she got and her body was badly hurt.

Even some of the subordinate who criticized her earlier, now felt pity on her.

Anyhow, Lu Lan completed her training for the day, but let's see, how many days she maintained her spirit?

As soon as Professor Chen left with his subordinates, Song Tianxin and Wang Yan ran towards Lu Lan to check Lu Lan's health, because she badly hurt herself today.

"Xiao Lan...!" Wang Yan called out.

"Miss Lu, are you okay?" Song Tianxin asked.

"Don't worry, I am fine" Lu Lan tried to smile and lie.

However, she failed in front of Song Tianxin and Wang Yan "Don't lie, come let's go to the hospital".

"Yan Jie, Miss Song. I am really okay and even I am going to the hospital to meet Mr Si. I will get the treatment from there".

"Okay, but take care of yourself" Song Tianxin didn't force her further.

"If you need any help. Call me, okay?" Wang Yan said.

"Okay, I will"

After saying goodbye to them, Lu Lan decided to go to the penthouse, instead of going to the hospital, because she knew that if Si Li saw her in this conditional he would be very upset. Therefore, she decided to tell him later.

However, Si Li already got information about her. His heart ached for putting her in this situation.

Therefore, he got discharged from the hospital after giving assurances to his doctor and straightaway went to his penthouse.

Both Lu Lan and Si Li's car reached at the penthouse at the same time. When she saw him, she was shocked.
