## 96 Marriage Proposal...

"Don't you think, you should concentrate on your husband?" Si Li said to draw her attention.

Lu Lan looked at him and raised her brow "Should I?"

"Of course, I am more handsome than the sunset" Si Li said with confidence.

"Really?" Lu Lan toasted her glass of wine with his.

'clink!'

The couple kept on talking and had to pleasant dinner.

Afterwards, Si Li took her towards the other room. This villa had two floors, the ground floor had a living room and kitchen whereas, the first floor had three rooms. One room was their bedroom, the second room was the one, where the couple had dinner just now and the third room would be revealed now...

Si Li stopped in front of the door and opened the door. There was darkness in the room, nothing could be seen inside this room.

Lu Lan frowned her brow and looked towards Si Li.

Si Li smiled, he knew what she was thinking "Go inside first".

As soon as Lu Lan step inside the room, the lights in the room got on. This room had sensor lights.

Lu Lan was shocked when she saw what was in the room, there were the photo frames hanging on the walls. These photo frames had the photos of Lu Lan, right, started from her birth till today. All the photos were the happy memories with her parents, with Elder Li, with her classmates, with Little Champ, with Elder Si, with Madam Si, with Wang Yan, with office colleagues.

She looked at each photo and recalled that happy moment. In all the photos, she was smiling, there was no single photo in which she was crying or upset.

Seeing all the photos, Lu Lan noticed that she didn't have any photo with Si Li. However, that couldn't be possible because they had taken many selfies together, although, Si Li wasn't interested, but, Lu Lan always forced him. In fact, they had taken a family photo, in which they had taken a photo together with Little Champ, then why didn't he select that photo as well as?

At the end of the wall, there was a blank photo frame. Lu Lan didn't understand the meaning of this photo frame and she turned around to ask Si Li, however, she was startled after what she saw.

She saw Si Li bent down on his one knee and his hand had a box, in which a diamond ring was there. It was looked simple but beautiful.

"Miss Lu, I am Si Li, CEO of Si Corporation. People call me an aloof and cold person and I am not like other people, who can crack jokes to make their lover laugh, but, I will make you happy so that your face always has a smile. I may be an aloof and cold person in front of the world, but, in front of you, I will always be a person, who loves you. So Miss Lu, will you marry me and this time it is a real marriage, which tied you with me for the lifetime instead of one year" Si Li softly said, his eyes were showing love for her.

Immediately tears started forming in her eyes, but there was a smile on her face. She never expected that Si Li would propose her today.

"Will you?" Si Li again asked.

Lu Lan nodded and extended her hand in front of him.

Si Li stood up and put the ring on her ring finger and kissed her. It was a passionate kiss, but not that deep.

Si Li held her in his arms and straight away take her to their bedroom. The room was decorated like a wedding night and the bed was filled with rose petals. The couple were staring at each other, so they didn't care about any other things.

Si Li gently laid her down on the bed and kissed her again. She wrapped her arms around his waist and response to his passionate kiss. Their eyes were closed and felt the pleasure of their kiss. Soon he entered his tongue in her mouth and danced with her tongue, teasing her tongue and tasted her sweet mouth.

He found the zip of her dress and pulled it down, while she took off his suit. Gradually,

their garments were being thrown beside their bed.

Now, both were naked, Lu Lan closed her eyes tight. It was not that she hadn't seen Si Li's naked body, they had taken bath together many times, but it was her first time, they would going to do, so she was nervous and felt shy as well.

"Open your eyes, there is no need to be shy," Si Li said as he noticed her body was rigid.

"No, I... I am nervous" Lu Lan's refused.

"Do you want it?" Si Li asked.

Then only, Lu Lan opened her eyes and looked in his deep blue eyes, which was crystal clear and were showing the love for her.

After a while, Lu Lan nodded.

"So what's there to be nervous? Just love me back, okay?" Si Li softly said and again covered her lips with his.
