

"A huge mansion? How huge is it?" Wang Xue immediately brightened up. She was excited, mainly because Lu Chen said that he would bring them along to stay at his place.

"It's in the Dragon Lakeview Mansion Area. You don't have to brag about it. It's just a place to stay, nothing more," Lu Chen said.

"Hey, the mansions at Dragon Lakeview cost at least fifty to sixty million each. They are where the rich of Chongqing live!" Wang Xue exclaimed. She felt reluctant.

That place cost at least tens of millions.

Imagining the possibility of herself living there one day in the future, her excitement overgrew her reluctance.

"Hmph! I can't believe Tang Qingshan and the others mocked you just now. They will be so embarrassed four days later! I can't wait to see their reaction then," Wang Xue snorted as she recalled what happened earlier.

Lu Chen shrugged. He didn't really want to embarrass anyone. However, it was undeniable that Tang Qingshan and the

others' actions annoyed him.

After breakfast, Lin Yijun went to work under the protection of four bodyguards, while Lu Chen contacted Du Fei.

He felt vulnerable. It had already been a few days but Mr. Mu's whereabouts were still unknown.

Lu Chen was on edge knowing that the enemy could be lurking anywhere in the dark.

Most importantly, he didn't know what Xiao Bieqing was planning at all.

"Fei, can you draw a portrait of Mr. Mu?" Lu Chen asked.

Lu Chen had already given up on his operation to destroy the Wang family. Instead, he focused all his attention on the search for Mr. Mu. However, there was still no progression after more than one week. He was starting to panic.

"I don't have any artistic talent, so how could I sketch a portrait?" Du Fei replied, smiling wryly.

“Fei, you could always look for a sketch artist. As long as you can describe that person’s facial features, they can help you to sketch a rough portrait,” Song Hai suggested.

Although he had went with Du Fei to Qijiang County to deal with Mr. Mu, he went back to the hospital halfway after receiving Lin Tong’s call.

Lu Chen’s eyes brightened as he agreed, “Yeah, there are sketch artists like that too. Look them up for me. I want this man’s portrait as soon as possible.”

Lu Chen prepared to show all his men this portrait. He even considered offering cash rewards to anyone who could get Mr. Mu. As long as he was still hiding in Chongqing, he would find him.

That was if he did not disguise himself.

However, disguises didn’t work as well as they were rumored to. The only way to avoid recognition was to stay hidden.

“Alright. I will settle this by tomorrow,” Du Fei affirmed.

“Okay.” Lu Chen nodded. Then, he left the Sakura Nightclub.

The next day’s afternoon, Du Fei finally found a sketch artist according to Lu Chen’s suggestion and had Mr. Mu’s portrait drawn.

Upon receiving the portrait, Lu Chen examined it before asking, “How alike do you think Mr. Mu is to this portrait?”

Du Fei answered, “I’d say around 70% similarity.”

Lu Chen nodded before going back to observing the drawing. Suddenly, he frowned. “I feel like I’ve seen this person somewhere before. He looks really familiar.”

However, maybe because the portrait was not completely alike to Mr. Mu himself, he couldn’t remember where he had seen this person.

“Don’t show this portrait to the public yet. Let the men be familiarized with this face and get them to search for him. Pay attention to the high end places too.”

Lu Chen felt that he still wasn't powerful enough in Chongqing. If he was, he would have found Mr. Mu by now as long as he was still within Chongqing's borders.

"Actually, I think that there might be a chance that the guy has returned to Beijing. Now that he has caught your attention, it will be even harder for him to attack you. Hence, it might be someone else who will strike next time," Du Fei analyzed.

Lu Chen nodded in agreement. There was a possibility for that to happen.

However, he was impatient. Xiao Bieqing's presence was like a knife suspended above his head, making him unable to stay calm.

If he couldn't find Xiao Bieqing, he wouldn't be able to know what she was plotting.

Lu Chen thought to himself angrily, Oh Xiao Bieqing. You better not piss me off, for I have a few dirty tricks up my sleeve and I won't hesitate to use them! Xiao Bieqing had really caused him so much trouble. He did not expect Xiao Bieqing to plot against him when he hadn't even got

his revenge on her.

Lu Chen was able to relax in the morning now that Xu Jing was there to send Qiqi to school. Sometimes, if Lin Yijun woke up earlier, he could sleep a little longer before getting up.

The next day, Lu Chen went to Yi Qi Technology after his meal.

Now that he had caught Xiao Bieqing's attention, he was worried that she would use Yi Qi Technology against him.

Although Lu Chen had been very low-key, and even Xie Weihao had promised to keep it as a secret, he was still worried.

At one point yesterday, he even had a nightmare where Xiao Bieqing became a demon and gobbled him up, leaving neither hair nor hide of him behind.

After parking his car, Lu Chen headed to Jun Yue Tower.

Following the dissolution of Jun Yue Group, Lu Chen had made Jun Yue Tower as Yi Qi Technology's main office; they had to wait at least half a year before they

could move to the Science and Technology Park.

However, right at the entrance, Lu Chen ran into a familiar man.

It was his old classmate's boyfriend, Xu Zhiheng.

Xu Zhihang was one of the company's senior managers—the human resources department's vice manager. He was a talented man who had returned from overseas after graduating.

“Lu Chen? What are you doing at my company?” Xu Zhiheng did not expect to run into Lu Chen here.

The last time they had a meal together, he remembered that Lu Chen was a mere security guard. Yu Li had mocked Lu Chen by asking him to arrange a job for Lu Chen but Lu Chen humiliated the both of them at the end of the day. Thinking about it made his mood sour.

Moreover, at the class reunion the next day, his girlfriend was humiliated by Lu Chen once again. He was prejudiced toward Lu Chen after all that his girlfriend

told him.

“Your company? Aren’t you afraid of Chairman Wang or Chairwoman Xu hearing of your boasting right now?” Lu Chen didn’t know why Xu Zhiheng had a personal vendetta over him. He looked at him as if he had met his enemy.

Lu Chen did not recall offending this talented overseas graduate.

Xu Zhiheng also noticed his slip of the tongue. However, Lu Chen was just an insignificant security guard whereas he was the vice manager of the human resources department here. Although he knew that he was wrong, he stubbornly continued, “Yes, this is my company. What about it?”

He glared at Lu Chen mockingly and taunted, “If I’m not wrong, you’re here to apply for the security guard job right? Lu Chen, I’m not being prejudiced but your attitude really disturbed me today, so you won’t be able to get the job. Just leave.”

Lu Chen smirked and said, “I’m sorry to disappoint you but I’m not here to apply for a job today. I’m here to talk to your

chairman, Wang Wei.”

“You want to talk to Chairman Wang?”

Xu Zhiheng almost burst into laughter when he heard what Lu Chen said.

“Lu Chen, why do you like talking big so much? Don't you have any sense of shame?” Xu Zhiheng sneered.

Lu Chen smiled. Seeing that Xu Zhiheng was his ex classmate's boyfriend, he didn't take his words to his heart.

However, he was stopped by Xu Zhiheng right as he wanted to leave. “Lu Chen, just tell me why you came to our company. If you're really here to apply for a job, I can tell you now that you're eliminated.”

Lu Chen stopped in his tracks. He gave Xu Zhiheng a once-over and chuckled. “Since you don't appreciate the chance that I gave you, don't blame me for not giving you and Yu Li face. Do you believe that one call from me will bring Wang Wei himself down to invite me up?”

“You want Chairman Wang to invite you up?” Xu Zhiheng laughed, “Lu Chen, are you kidding me? Who do you think you are? You're just a nobody who guards the

entrance, so who are you to brag in front of me? If you can make Chairman Wang himself come down to invite you up, I will kneel down and bow to you.”

Lu Chen raised an eyebrow and taunted, “For real?”

“Of course. As long as you can make Chairman Wang himself come down to invite you up, I will kneel down and bow to you. But, if he doesn’t come down, you’ll have to lick my shoes clean,” Xu Zhiheng said disdainfully.

He thought he knew all about Lu Chen and his attitude. The other day at Jadeite 36, he still remembered how Lin Yijun begged for him to arrange a job for Lu Chen.

“Alright, it’s a deal then.” Lu Chen grinned before taking his phone to contact Wang Wei.

Since Xu Zhiheng dares to challenge me, I’ll teach him a lesson then. Hopefully after this, he will focus fully on his job instead of bragging around during office hours.

After all, Xu Shuting was really confident in Xu Zhiheng’s work performance. This

meant that he must be at least somewhat talented. As the head of the company, he hoped that more talented people would work under him.

Of course, as the head of the company, he should also remain forgiving.

Although Xu Zhiheng was always going against him, Lu Chen just wanted to teach him a lesson.

“Stop the act. Do you think that I don’t know what kind of person you are? Lu Chen, I advise you to start licking my shoes now. Why waste more time?” Xu Zhiheng taunted upon seeing that Lu Chen ended his phone call.

Lu Chen kept his phone and looked at the time. It was already ten minutes after working hours had started. Lu Chen couldn’t help but remind him, “By the way, aren’t you afraid of being late to work? Or do the senior managers have flexible working hours?”

After Lu Chen’s reminder, it finally occurred to Xu Zhiheng that he still hadn’t clocked in yet. Xu Zhiheng turned red and bellowed, “Lu Chen, you’re doing this on purpose,

aren't you? You're making me late on purpose, right?"

Xu Shuting had set up quite a few rules in Yi Qi Technology that even Lu Chen acknowledged was really strict, especially for the management team.

If a normal worker was late for less than half an hour, one day worth of salary will be deducted; if a normal worker was late for more than half an hour, three days worth of salary will be deducted.

If a worker from the management team was late for less than half an hour, three days worth of salary will be deducted; if a worker from the management team was late for more than half an hour, five days worth of salary will be deducted.

Xu Zhiheng was so busy taunting Lu Chen that he forgot to clock in.

He glared at Lu Chen angrily before running into the tower to clock in.

However, after clocking in, Xu Zhiheng came back and continued picking on Lu Chen. Lu Chen couldn't help but frown.

Initially, he reminded Xu Zhiheng to clock in because he wanted to give him a chance to avoid being embarrassed when Wang Wei came.

He didn't expect Xu Zhiheng to be so shameless and continue picking on him even after clocking in when he should be doing his job right now. Lu Chen was starting to get irritated.

He still believed that Xu Zhiheng had the capabilities to handle his job. However, his working attitude was a big problem. He needed some form of punishment.

"Lu Chen, you made me lose three days' salary! You're doing this on purpose, aren't you?!" Xu Zhiheng confronted Lu Chen furiously.

Lu Chen shook his head. The light smile on his face completely disappeared.

"It is your own fault that all these happened. What does anything have to do with me? You're the one who started picking on me, blocking my way while you mock and taunt me! Also, I want to ask you, do you think working in Yi Qi Technology makes you better than

everyone else so that you can look down upon them?”

Xu Zhiheng was stunned. He did not expect Lu Chen to lecture him instead. He was so pissed he felt fire burning in his lungs.

Right when Xu Zhiheng was about to burst in anger, he saw Wang Wei hurriedly jogging to the entrance. He walked over once he noticed them.

“Chairman Wang really came?” Xu Zhiheng suppressed his anger when he saw Wang Wei and stared at Lu Chen in shock. He didn’t expect that Lu Chen actually knew Chairman Wang.

Impossible!

This was impossible! It must be a coincidence. Who could this guy possibly be to be friends with Chairman Wang?

“Chairman Wang, I was late all because of this fella over here! I clocked in late because I tried to stop him from trespassing.” Xu Zhiheng thought about him being late and immediately put all the blame on Lu Chen.

“Xu Zhiheng, what do you mean?! Mr. Lu is an important guest of mine! How could you block him from entering the building? Who gave you the guts to do so?” Wang Wei’s facial expression changed as he chastised Xu Zhiheng.

This was the company’s founder and Xu Zhiheng dared to block him from entering the building! Was he seeking his doom?!

Important guest?

Xu Zhiheng’s heart dropped. Wasn’t Lu Chen just a security guard that stood guard by the entrance?

What right did he have to be Chairman Wang’s important guest?

Wang Wei’s expression darkened. It didn’t matter if he was being truthful or not. Putting Lu Chen aside, as the vice manager of the human resources department, Xu Zhiheng couldn’t even set his priorities straight. It was a serious dereliction of duty for him to waste almost half an hour on this matter.

“I feel like it would be better for you to be the vice manager of the security

department instead,” Wang Wei retorted, snorting.

Xu Zhiheng’s facial expression turned into one of panic. He realised that he had made another serious mistake again. He cursed Lu Chen mentally, his loathing toward him increasing as he glared at him with blazing hatred.

“I hope you still remember our bet,” Lu Chen reminded Xu Zhiheng and laughed mockingly.

Xu Zhiheng’s expression hardened. He would rather die than kneel and apologise to Lu Chen.

However, Xu Zhiheng was smart too. He ignored Lu Chen before turning to Wang Wei and said, “I’m so sorry, Chairman Wang. I will write a report after some self-reflection and submit it to you.”

After that, he ran back to the entrance dejectedly. He didn’t dare to stay there any longer, afraid that Lu Chen might taunt him even more.

It was just that he felt that it was really unfair.

Lu Chen was just some security guard, so how could he be acquaintances with Chairman Wang?

He was even Wang Wei's VIP guest! Was this a joke?

“Young master, what should we do about him?”

Wang Wei cautiously glanced at Lu Chen after Xu Zhiheng left.

Xu Zhiheng was one of the senior managers under him. For Xu Zhiheng to offend the company's boss, Wang Wei knew that he would get an earful from Lu Chen.
