

# Chapter 106 Defend Him

Leon stroked Alyssa's little head, "I'm fine."

"That's good." Alyssa nodded. She noticed that Leon had lost a lot of weight.

Leon must have suffered a lot in the past few days at Hunter Group.

It was hard for her to see Leon like this.

Leon had just started the car when his phone rang.

She knew that Leon was still very busy as she watched him handle things quickly and decisively.

He was so busy, but he still took time to pick her up.

This showed that he had her on his mind.

Alyssa was especially satisfied when she thought about it.

After the car stopped, she happily went to her exam.

Leon didn't know what was going on with Alyssa. He only knew that she seemed to be in a pretty good mood.

Leon started the car only after Alyssa's figure was far away.

Because Leon came to pick her up, Alyssa was in a good mood. Her test went well too.

After the test, she came out and saw Leon's car parked on the side of the road.

She happily walked over, opened the car, and got in.

"I finished the exam. I think I did pretty well on the test this time because you came to see me off. Thank you, Leon."

Leon patted Alyssa's little head, "Do you want to eat something? It's almost noon. I'll take you to lunch."

"Okay."

Ten minutes later.

Leon took Alyssa to a nearby western restaurant.

They had just seated themselves when they heard someone talking next to them.

"I heard that Hunter Group is in a mess. The president of Hunter Group seems to take the money from the company, and the shares of Hunter Group have dropped 15 points. I heard that it is George who is in charge of Hunter Group now."

"George is going to replace Leon?"

"Yeah, I heard that Leon has embezzled a lot of money."

Slap!

Alyssa clapped her hands and immediately walked to the man and woman opposite her. Her face was grim, "Hey! What's wrong with you?"

"What?" The man looked at Alyssa who suddenly stood in front of him, both surprised and astonished. This woman was quite pretty. But he didn't know her!

However, this woman just came to him!

The more the man thought about it, the stranger he felt.

Alyssa saw that the man was caught off guard and said coldly, "You said yesterday that you would give me 300,000 yuan, didn't you? You said we would go look at a house together. And today you're with another woman. Who is this woman?"

Because they were of similar age, Alyssa was unafraid. She lifted her head and looked at the man seriously.

She didn't believe that she couldn't break up this couple who said mean things behind others' backs.

Sure enough, the woman believed it and looked at the man, "Devan Cooper, I told you about our marriage the other day and you said it wasn't time. I asked you for money to buy a house and you said you didn't have money. But what about the 300,000 yuan? What about the house? Tell me clearly. If you don't explain it clearly, I ... will go to your company!"

The woman was furious and glared at the man.

"What are you going to do in my company? Last time, you made enough trouble! Our company is so tightly regulated. I lost my bonus for a whole month last time. I don't even know this woman. Don't listen to her nonsense."

The man looked at Alyssa angrily.

Alyssa looked at the man and shouted in the same tone as the woman, "Devan, you clearly said you wanted to marry me before. Now you're dating another woman and saying these things. What's the difference between you and an asshole! You're a jerk!"

"I don't even know you ..."

"But I know you! Miss, you are younger than me. You have to know the true face of this man. Don't be fooled by him."

When the woman heard Alyssa's words, she raised her hand and slapped the man.

The man got angry and hit the woman.

Alyssa curled the corners of her mouth and turned her head to see Leon looking at her with his arms folded.

She walked to Leon and sat down and saw the waiter bringing up the steak.

The man and woman who had been fighting had been asked to leave by the restaurant staff.

She had just taught the man and woman a lesson and was in a good mood. Moreover, Leon was now in front of her. She felt that her appetite had become good. So, she quickly ate her steak.

"Alyssa, do you know that man?" Leon finally asked Alyssa.

Alyssa shook her head as she ate.

"Then why did you do that just now?"

Alyssa swallowed the steak in her mouth and looked at Leon's eyes, "They slandered you."

Leon lowered his head and smiled as he thought of how they had just fought.

"You're smiling?" Alyssa caught a glimpse of Leon smiling.

Leon nodded, "I can't laugh?"

"Of course not. You should smile more often. You look so good when you smile."

Leon couldn't help but smile again. He looked at Alyssa and whispered, "Aren't you afraid that the couple will come back and fight with you?"

"I'm not afraid!"

"Why?"

"Because you're with me." Alyssa smiled as she ate her steak. Why would that be scary? Even if Leon didn't protect her, she could still protect herself!

Even if she couldn't beat them, she could run!

Besides, she wanted that couple to come after her!

If they came after her, Leon would definitely not leave her alone. Of course, she had to give Leon the chance to save her as a hero.

Maybe because she was in a good mood today, she felt the steak tasted better.

Watching Alyssa eat happily, Leon was very happy, too. He was even happier to know that Alyssa trusted him.

She just did it to defend him.

It was clear that she had him in mind.

With this thought, Leon's gloomy mood instantly got a lot better.

After accompanying Alyssa to have lunch, Leon took her home.

In the past few days, she woke up early and went to bed late to prepare for the exam. Just after she got home, she slept like a cat on her bed.

Watching Alyssa fall asleep, Leon suddenly didn't want to leave. He went to Alyssa and laid down next to her.

"Aren't you in a hurry to go to the office?"

"I suddenly got sleepy when I saw you sleeping so well."

"Then let's take a nap together!"

"Come here." Alyssa's body curled up like a kitten. When she didn't move, Leon took the initiative to move over and kissed her on the cheek.

Alyssa smiled and said, "I miss you too, but I know you're busy. It's okay. We can be together when you're done."

Leon didn't say anything, just looked at Alyssa.

Alyssa closed her eyes, unaware that she was being watched. She leaned into Leon's arms and felt warm in his arms.

Soon they were asleep.

It was after 8:00 p.m. when Alyssa woke up from her nap. Then she found that Leon was still asleep.

She moved very gently. However, the next moment, he was still awakened by the phone call.

Leon immediately opened his eyes and turned around to pick up the phone. After saying a few words, he put down the phone.
