

Chapter 109 A Clingy Girl

"Mr. Nell, that's so nice of you to say."

Leon's face was calm, but he grabbed Alyssa's hand a little tighter.

Alyssa quickly sensed that Leon didn't want to talk to this fat guy.

She pulled Leon, pretending she didn't want to stay longer, and forcibly dragged Leon away.

In the eyes of outsiders, Leon got a clingy girl.

But Leon knew that Alyssa was not a clingy girl at all.

Thinking about it, he looked at Alyssa with a smile on his face.

His wife was smart. By a small gesture, she could tell what was on his mind. He vaguely felt something on the back of his hand. And then, when he looked down, he saw the ruby bracelet on Alyssa's wrist.

This ruby bracelet was given to Alyssa by him earlier.

At that time, she was still at work. It was not convenient for her to wear it. Later, she never wore it.

Today, she wore this bracelet. Moreover, it looked so beautiful on her hand.

Seeing that bracelet, he was happy. After all, the thing he chose was worn by the woman he liked. He felt a sense of accomplishment.

He subconsciously moved closer to Alyssa and looked at Alyssa with more affection in his eyes.

He took Alyssa in his arms as if he really loved Alyssa.

Mr. Nell watched them from afar and felt very angry.

Leon didn't care about women, did he?

Why did he cuddle with a woman now?

It seemed that Leon couldn't get away from his female companion.

That woman really got something. She actually managed to attract Leon.

He originally wanted to talk more to Leon and get closer to him, but before he could speak, he was interrupted by that woman.

However, that woman was quite attractive. Where did Leon find such a woman?

Mr. Nell of Universal Logistics looked at Leon, who was leaving, and dropped his eyes on the woman beside him, and began to consider who that woman was.

At that moment, Mr. Nell suddenly felt a figure standing behind him. He turned around and realized it was Jacob from Jacob Company.

Mr. Nell smiled at Jacob, "Mr. Jones, you're here too. It's been a long time since I saw you! You seem to be very busy lately!"

"I'm not as busy as you are. I was watching you from the side. What are you looking at?"

"I'm looking at Mr. Hunter!" Mr. Nell looked at Jacob and smiled. When he smiled, the folds on his face grew even more. Then he said, "Leon is so proud of himself lately. Derick is so stupid and he even drags Bell into it. As you know, I have business with Bell. Now, I've lost half of my business. I'm trying to work with Mr. Hunter. I'm just worried that he might give me a hard time because of Derick."

Mr. Nell said with a worried face. The wrinkles on his face deepened.

Jacob smiled and said, "Mr. Nell, you are too worried. Mr. Hunter is not a man who can't tell right from wrong."

"Speaking of which, your last deal with Mr. Hunter didn't succeed. How did it go later?" Mr. Nell knew that Jacob had a higher standard. At that time, there was a lot of gossip in the circle about the failure of the contract between Jacob Company and Hunter Group. It was a big surprise that Hunter Group chose the Brown Brothers. Jacob was very passive in this matter. Since then, he had become a laughing stock in the circle.

Jacob glanced at Mr. Nell, "Alas, I can only get a few small projects now. Moreover, Hunter Group developed really well in the second half of the year. Most of the construction work is monopolized by Hunter Group. I can barely make ends meet."

The words "barely make ends meet" weren't exaggerated.

Jacob Company's situation was not good now.

He even regretted it a few times. He was too greedy at first. Otherwise, his orders would not have been reduced by half.

Now, he wanted to please Leon. He made several opportunities to meet Leon by chance, but Leon simply ignored him.

He was even more passive now. After all, there was only one Hunter Group in the whole A City.

He couldn't find another such large company to work with.

This time, he also wanted to take this opportunity to talk with Leon, but he did not even have the opportunity to say hello to Leon.

Seeing that Jacob's expression was not good, Mr. Nell thought of the situation of Jacob Company and felt panic.

People who had offended Leon didn't seem to have a good time.

Although he didn't offend Leon directly, he had contact with Bell before. Leon wouldn't suspect his company of helping Derick clean Hunter Group's money, would he?

What should he do if Leon wanted to retaliate against him?

Jacob could at least survive in A City.

But his company was so small that it couldn't stand up to anything.

Seeing Jacob's look, he felt even more panic.

Jacob watched Mr. Nell carefully and already knew he was a coward. So, he came to him, "Mr. Nell, don't worry. If Mr. Hunter really wants to deal with you, you can't even think about countermeasures. In the blink of an eye, you will be finished. There is no time for you to figure out what to do."

Hearing Jacob's words, Mr. Nell trembled nervously.

Seeing that Mr. Nell was afraid, Jacob silently sneered. He came close to Mr. Nell, "Mr. Nell, instead of waiting for Mr. Hunter to do something to your company, why don't you do something first."

"What can I do?"

"I don't know. However, Leon never brought a female companion to a party before. It's a surprise that he brought a female companion today."

"That female companion ... Who is she?"

"I don't know." In fact, Jacob knew her. He knew she was Alyssa. He had just seen Leon bring her in. But he couldn't tell Mr. Nell now, or he wouldn't be able to do anything.

After talking to Jacob for so long, Mr. Nell figured out the situation.

The situation right now was indeed not good for him. Mr. Jones had just said that it was easy for Leon to destroy whoever he wanted.

When he thought about it, he felt that he had to act quickly. After Jacob left, he immediately found a corner and called his bodyguard, and told him to catch the woman Leon brought with him today.

Leon brought that woman with him, which meant that he must like that woman. In that case, he could take advantage of that woman.

He had it all figured out. He would take that woman to threaten Leon. It didn't matter if Leon didn't listen to him. He was already married, wasn't he? If Leon didn't promise him something, he would just send the woman to Leon's wife.

Mr. Nell had planned everything and just waited for Leon to part with that woman. Then, his men would be able to catch the woman. When the time came, he directly threatened Leon with her and Leon definitely didn't dare to disobey him.
