

# Chapter 110 A Chance Encounter

Jacob curled his lips as he watched Mr. Nell make the call. Mr. Nell was timid and scheming. He might have already started screwing Leon by now.

It would be great if he killed Leon!

If Leon hadn't come up with that clause that all construction materials could only be used in his company, how could he have become so miserable now?

Now it was finally his turn to laugh at Leon.

Thinking about it, Jacob felt very happy. He really wanted to see Leon's defeat.

Alyssa sat on the side. This place was really noisy. There were voices everywhere talking about business. Some ladies were talking about who was the most handsome and richest guy.

Business talk was fine.

Couldn't those women make money on their own?

From their mouths, she could hear the famous rich people in the whole A City, but most of them were uneducated.

She also heard George's name from them.

They said that George had sat in the office of the chairman of Hunter Group and that he was probably going to replace Leon.

When she heard this, she thought they were idiots!

Even if they could marry into a rich family, they would only end up being abandoned.

Others didn't know, but she knew very well that Leon was not going to be replaced by George.

Grandpa still valued Leon!

Although she was not involved in the internal adjustment of Hunter Group, from the current situation, it seemed that George appeared in the chairman's office just to make the board and senior management of Hunter Group let down their guard. That way, Leon could be freer.

Alyssa was bored sitting there. At that moment, she suddenly saw everyone looking at the door. She looked over and was surprised to see George and Emily coming together.

They were here too?

It seemed that Mr. Granger, the host of the party, wanted to have a good relationship with the Hunters. Mr. Granger also ran a company about real estate. Previously, he had a partnership with Hunter Group. Now, he seemed to want to get closer to Hunter Group.

When George appeared, many pretty girls swarmed to him.

Alyssa smiled. Today George wore a suit. He was quite handsome, but not as elegant as her husband.

George was more like Audrey. He was still a student and not mature enough.

Leon was completely different from him. As soon as he walked in, he had a cold aura all over his body.

It was also because of his temperament that many women were afraid to approach him.

Watching the way those people were obsessed with George, Alyssa suddenly felt that she was very lucky.

Luckily, Leon was not that kind of person. Otherwise, she would have her hands full.

Those women were too flattering. She withdrew her gaze and noticed that there were a lot of men looking at her.

Those men looked like they were up to no good. The way they looked at her reminded her of Ryan.

She really didn't want to stay here anymore. Besides, Emily and George were here too. She stood up and walked out.

However, just as she stood up, Emily walked to her. She reached out her hand and pulled her back.

"Miss Graham, you're here too." She smiled at Alyssa, holding a goblet and trying to clink it with Alyssa. Alyssa quickly set her glass aside. Emily glanced at Alyssa and came up to her ear, "You're scared?"

"I'm scared of what?" Looking at Emily, Alyssa suddenly laughed.

Emily was angry when she saw Alyssa's smile. It made her even angrier when she looked at Alyssa's confident smile.

Alyssa looked at her with a clear look of mockery and contempt.

She was just a dumb student and she had been with Ryan before. Who was she to look down on her?

On the contrary, she should look down on Alyssa.

Emily looked at Alyssa and snorted, "Miss Graham, naturally you know what you're afraid of."

"I'm sorry. I don't know what you are talking about. What do you think I should be afraid of?" Alyssa wasn't nice. It was Emily who wanted to get her into trouble.

Since that was the case, she didn't need to be nice.

Emily was even angrier when she looked at Alyssa's expression. She thought for a long time but found nothing to attack Alyssa. Then she turned her head to look at the celebrity ladies around her and laughed. She taunted, "You followed Leon here because you were worried that he saw other pretty women and wasn't interested in you anymore, weren't you?"

"Is that what you think?" Alyssa laughed at Emily's superficiality.

"What are you laughing at?" Emily just wanted to rip her face off when she saw Alyssa laughing bluntly. How could Alyssa laugh like that in front of her?

"What do you think he is? How can Leon be the kind of person in your mind? He's devoted. He is the same before and after he marries me and he only cares about me. You're saying that because you're jealous that we're together! You are so boring! Get out of my face!"

She was about to leave, but Emily stepped in front of her, not only stopping her, but also pushing her with her hand.

Bam!

It wasn't Alyssa who fell, and it wasn't Alyssa who was embarrassed.

Instead, it was Emily.

Emily looked at Alyssa in surprise and confusion.

They were about the same height. She originally wanted Alyssa to make a fool of herself. But why did she make a fool of herself?

She felt like all the force she pushed Alyssa with had bounced back!

Now, she fell to the ground. Her skirt flipped upward. Even though she had worn pants that prevented her from getting naked, her body was still visible to these people!

She was angry and humiliated at the thought of how awkwardly she had just been pushed down.

Emily knew she was humiliated. She wanted to run away immediately, but when she looked up, she saw so many people looking at her. There were so many people gathered around.

She clenched her hands fiercely as she watched the mocking laughter of the people around her.

This was the first time she had been laughed at by so many people!

Alyssa was the closest to Emily. Seeing that everyone was looking at them, she gently extended her hand to Emily.

Emily hit her hand directly when she watched her hand outstretched.

Alyssa deliberately took a few steps backward, and then looked at Emily with fake aggravation.

The people around them started pointing at Emily before Alyssa could say anything.

"I just saw Miss Cole pushing that little girl in the pink dress. Somehow, she fell instead. That little girl tried to give her a hand, and she hit her?"

"Miss Cole has always been very gentle ..."

"I heard that Emily likes Mr. Hunter all the time, but Mr. Hunter doesn't like her. Some time ago, Mr. Hunter got married, didn't he? That little girl was brought by Mr. Hunter. I haven't seen her before. Perhaps she is the daughter of Mr. Hunter's business partner, and Emily is probably jealous."

"By the way, did you see the bracelet on that little girl's wrist? It's beautiful! I think I've seen it somewhere before, but I can't remember."

"I didn't think of it until you mentioned it. I was just about to say that bracelet seems to be the one Mr. Hunter bought for Mrs. Hunter before. So that girl is ..."

Everyone understood. At this moment, they looked at Emily with more ulterior meanings.
