

# Chapter 32 Frozen Shoulder

"You start to know fear now, don't you?"

"Alyssa, Alyssa, I know I was wrong. I'll never come to you again."

Ryan Young retreated nervously and called the police, his hands holding his cellphone tightly.

"I wish I could tear you into pieces. Do you think this is over?" Alyssa Graham glared at Ryan Young. Thinking of the fire Ryan Young started at the Graham's House in the past and that he slapped her, Alyssa stabbed Ryan with the knife!

Bang!

A figure suddenly came to her side and pressed her hand down.

She turned around and to her surprise, it was Leon Hunter.

She panicked and her knife fell onto the ground.

Leon Hunter immediately picked up the knife and took the astonished Alyssa Graham to the corner.

Beep! Beep! Beep!

Police cars rang.

Leon Hunter quickly got Alyssa Graham into the car and drove away.

Half an hour later,

Alyssa Graham and Leon Hunter sit face to face in the study.

Alyssa Graham lowered her head and her face was grey like dirt.

"I called the doctor to come here to take a look at your hands. He should be here shortly."

Leon had a lot of questions, but he didn't want to push Alyssa Graham to talk.

He turned around and was about to leave, without hesitation.

"Leon Hunter." Alyssa Graham called his name.

Leon Hunter Stopped.

"My hand is hurting. Can you stay here with me?"

"I'm not a doctor." Leon Hunter frowned, "However, I happen to have something to say to the doctor."

Then, Leon stopped walking and stayed.

"I see." Alyssa Graham did not show any emotions on her face, but she smiled at heart, knowing that Leon Hunter agreed to stay.

Soon the doctor checked Alyssa Graham's hand and began to help with her wound.

The wound was cut by the handle of the knife. She had held it too tight. She didn't notice the wound until she got home. It was not bad, but it was bleeding.

After the doctor treated the wound and left, Leon Hunter said a few words to the doctor and left.

Leon Hunter saw the doctor leave and went to Alyssa Graham's bedroom.

"Let's pretend that this had never happened. I didn't see it. You didn't hurt anybody with a knife. Do you understand?"

"But I did..."

"Now do what I just said."

"If Ryan Young identifies me, I can't escape." Alyssa Graham lowered her head and looked at her injured hand. Knowing that she found Ryan Young in the street and the monitoring of the surrounding stores should have been on. It's ok for her to lie, but the monitoring had recorded the whole thing.

"I'm here to help."

Alyssa Graham said, "I know. But will this trouble you?"

Leon Hunter took Alyssa's hand. "Be careful with your hand and have a good rest."

He didn't know before that her hands were very beautiful, white and clean, with very thin and long fingers.

"Yeah." Alyssa Graham nodded and saw Leon Hunter staring at her hands. "Actually, it should be fine. The doctor said that my hand should be all right if I am careful with it. It's late and I've got lots to do tomorrow. I'm about to rest."

"Sure."

Leon Hunter nodded and left.

Alyssa Graham noticed something wrong as she saw Leon leaving.

She had tried every means to keep Leon Hunter by her side.

Now she had the chance to stay with Leon Hunter. How could he just leave like this?

She saw the man leaving and immediately cried, "Ouch!"

Leon Hunter heard her voice and immediately turned around.

"Leon Hunter, my arm hurts a little. I can't see it because it's on my back. Could you please help me take a look? "

"Why didn't you say it when the doctor was here?" Leon Hunter touched and looked at Alyssa's arms, "I don't see anything wrong with your clothes on."

"Oh, right!"

Alyssa Graham nodded and immediately took off her clothes.

Leon Hunter was stunned as Alyssa Graham took off her clothes.

He lowered his head without a second thought and didn't look at Alyssa.

After waiting for a while and didn't hear anything from Alyssa Graham, Leon turned around and found that Alyssa's pullover pajamas had covered her head.

Her hand was injured, so she couldn't move. Now she was trapped in her clothes.

Leon Hunter raised the corners of his mouth. He tried not to laugh and went to help her undress.

However, he was stunned when he took off the pajamas.

She was not wearing any underwear.

Alyssa Graham saw Leon Hunter staring at her with a weird look on his face, and smiled at him, "This is not your first time seeing it, is it? Where does this weird look come from?"

Leon Hunter quickly regained his mind. Looking at her white arms, he was stunned again.

After 10 minutes, Alyssa Graham glanced at Leon Hunter and found that he was still staring at her arm.

What's about this arm? He's got.....

Leon Hunter doesn't like her, does he?

No, Leon Hunter clearly likes her.

If he doesn't like her, why did he bother marrying her?

Thinking of this, she regained her confidence. "Can you help me take a look and see whether there's any problem?"

"I'll call a doctor."

"You want a doctor to look at me the way you just did?"

Leon Hunter was stunned for a moment, and he went out.

Alyssa Graham saw Leon leave, and knew that he really didn't care about her. She lowered her head and was about to put on her clothes. Suddenly, she heard something outside.

Hearing the noise outside, she quickly covered her body with clothes. Leon Hunter came in and quickly closed the door. He went to Alyssa and touched her arm. "Does it hurt here?"

"No."

His hand touched the middle of her arm. "Does it hurt here?"

"Not here either."

"Here?" His hand rubbed her shoulder and touched the protruding bone. She was very thin.

Alyssa Graham shook her head, "Not here."

"So where does it hurt?"

"A bit below."

Leon Hunter's hand went down slowly and pressed.

"Oh! It hurts!"

Alyssa Graham screamed and felt the pain in her arm.

Leon Hunter took out his cellphone and looked at the map that the doctor had just given him.

It was very quiet around.

Alyssa Graham could not stand the silence and said softly, "Why...why are you not talking? "

"You have Frozen Shoulder!"

"What?"

Alyssa Graham turned around and saw Leon Hunter's serious face. For a moment, she didn't know what to say.

He said she had Frozen Shoulder?

She didn't feel anything wrong with her shoulders before.

She looked at Leon Hunter, "Really?"

"The part where you felt pain is around the shoulder."

"Oh! So, in fact, I don't feel much pain now. I don't feel much pain anymore."

"I'll set a doctor's appointment for you. Take an X-ray to see whether there's anything wrong with your shoulder."

"I am injured... It's inconvenient for me to go to the hospital like this. "

Alyssa Graham looked at Leon Hunter pitifully.

Leon Hunter looked into Alyssa Graham's eyes and didn't know what to say.

"Or, I'd better not go to a doctor. It would be a waste of time to get the X-ray. I have to study!"

"Let's go now."

"What?"

Before Alyssa Graham said anything, Leon Hunter started putting on her clothes.

She tamely looked at Leon Hunter as he did it. Then, she was carried directly to the car by him.
