

## CHAPTER 41: EVERLASTING LOVE

Warning: sex :)

Painfully, Xavion's knees pressed into the floor as ungodly sounds escaped his lips from the cock down his throat. Malach was seated upon the bed, Xav looking cute between his spread thighs as he moved his mouth up and down until Mal was a mess beneath him.

Xavion gripped the base of Mal's length with one hand, using the other to hold his thigh steady. He eagerly licked up the shaft and smirked at the sound of Malach's groaning.

"Xav," he moaned, voice deep but hazy from the pleasure.

Xavion looked up. Sculpted abs - eight of them. Malach's eight, tight, delectable abs filled Xavion's vision as he teased the angel some more with his tongue. He circled the appendage along the reddened tip before swallowing his cock whole at once.

A so , airy gasp forced itself from Malach who would've blushed if he weren't so aroused. The sound made Xavion's own erection ache as it jutted up from between his strong thighs.

"Xav," Mal said more firmly this time as he caressed Xav's cheek lovingly.

"What is it?" he asked, slightly out of breath as he looked up at his boyfriend from his kneeling position.

Malach's blonde hair has grown out a bit, looking slightly messy upon his head. He also hadn't shaved (being too worried about Xav to take care of himself the previous night) which added to his rugged appearance. It was sexy

"Come here," he said, tugging Xav up and into his arms. "I want to kiss you."

Malach positioned the man onto his lap, running his hands all over Xavion's exposed skin as they kissed. Malach kissed him like he was starving. Like it was the last time they would ever kiss. Their tongues roughly collided, movements becoming more and more frantic as Xav ground his erection onto Malach's thigh.

The kiss was so passionate, they both felt lightheaded as they finally pulled away. But that hunger, that needfestering deep within them did not cease. It only grew.

Before he could register what was happening, Xav was on his hands and knees with his ass facing Malach - who began to caress down his back.

Xav allowed himself to relax beneath Malach's touch, biting his bottom lip as the angel reached his ass and groped him. A whimper nearly escaped him as he felt firm hands spreading his behind and licking his hole.

He let out a choked moan as Malach quickly got to work, moving his tongue repeatedly over his entrance and making filthy noises. Mal gathered some of the excess saliva and began stroking Xav's length at the same pace.

"F-fuck, Malach," he exhaled, clenching his jaw in painful pleasure as two fingers entered him.

The sting was faint but it felt so good He couldn't help but push his hips back against the feeling, more dirty sounds filling the room as he approached his release.

"I want you inside of me," Xav forced out between moans, hoping Malach wasn't in the mood to try teasing him.

He was pent up with frustrations and incredibly, overwhelmingly, unbearably horny. He needed Malach immediately.

Mal gulped, feeling his dick jerk up with arousal from Xav's unholy words. "I should stretch you more first, baby," he whispered to him, inserting a third finger into his hole that clenched around it.

"Don't need it—" Xav insisted, being cut o with a whimper as Malach reached his sweet spot.

That sound nearly made Mal shi on the spot. It was so , needy, desperate. It drove him crazy.

"I need you now," Xavion cried out as the thrusts against his prostate became persistent.

His hips greedily followed his fingers now, pushing back every time they le him for a millisecond.

Malach was tempted to tease him a bit more, but he knew if he didn't oblige soon then the impatient hooligan would resort to pushing Mal over and riding him to completion. Which, while that was incredibly sexy and the angel enjoyed very much, he wanted to be in charge this time.

So he tugged Xav to his chest, connecting their lips once again in a passionate kiss as he positioned the man how he wanted. With Malach's chest to Xavion's back, the angel teased his cock along his ass that pressed back greedily.

"Be patient, baby," Malach murmured, kissing Xav's neck as his cock slowly pushed inside. "Let me make you feel good."

Xav went to reply, but the feeling of Mal's dick finally filling him up was enough to shut his mouth. It slid against his sweet spot as the angel began a steady rhythm, causing his back to arch in pleasure.

Malach stroked Xav's own cock with each thrust, pace not once wavering even as he kissed his ears and neck. It didn't take long before Xavion was a moaning mess before him.

"You feel so good," Mal grunted, fucking him harder and harder as he got closer to his orgasm.

Xav couldn't contain himself as he came. He wanted to warn Malach, but his mouth couldn't form the words as the knot in his stomach erupted, a shout involuntarily leaving his lips.

His hole clenched around Malach so tightly, it forced Mal's own release. He squeezed his eyes shut and buried his face in Xavion's neck as he filled him with cum. The orgasm felt more intense than he'd experienced previously, both of them feeling spent as Mal gently pulled out.

Xav didn't waste a second before cuddling into Malach's chest. Mal happily welcomed the embrace, pulling a blanket over the two of them as the normally moody prick turned into an innocent baby sleeping upon his pecs within seconds.

Xavion's hair tickled his chin, hands gripping his shoulders even in his slumber. Mal would've laughed if he didn't find it so damn cute.

"I'm so happy you're safe," Malach said quietly, knowing Xav was asleep anyway. "I really don't know what I would've done if Lucifer did something terrible to you."

A frown overtook his face at the thought but he quickly shook his head. He didn't want to think about that right now. All he wanted to do was revel in his Xav's love and touch.

"I love you, Xav." Tears filled Mal's eyes as he squeezed Xavion even tighter. "I wish I wasn't the first person to show you what real love feels like, because you deserve all the love in the world, but at least I can promise you that you'll never have to experience a loveless life ever again. I'll make sure of it."
