

The Pinnacle of Life –

Chapter 0543

Lord Lex Gunther came alone.

Waltz Fleur lived here. Since Lord Lex Gunther was Waltz's godfather, of course he knew the address. But he couldn't simply disclose Mr. Rockefeller's address to other people. Only people in the inner circle should know.

Hence, when Lord Lex Gunther's bodyguard wanted to follow him, he refused. The bodyguard didn't deserve to know where Mr. Rockefeller lived!

The main gate was left open. Before Lord Lex Gunther even entered, he heard a woman saying something in an exasperated tone.

He vaguely heard his name and the mention of someone's rage.

"Is Mr. Rockefeller's mother-in-law still upset?"

"I've already made Penelope's family lick all the toilet bowls in California Plaza. Is that not quite enough? How about getting them to lick Grandview Mall's toilets too?"

At this moment, Penelope Fernandez and her family had already vomited their bile juices. As California Plaza's general manager, she was usually very privileged. She would only enter high-class Clubhouses, and the toilets she used were all custom-made with fully automated AI functions.

Each of these toilets cost several hundred thousand dollars. Penelope wouldn't even enter the toilets in shopping malls. Never had she thought she would have to lick the bowls inside! After doing it once, she already vomited everything she ate the night before.

Forget about over 1,00 toilet bowls. One was enough to take her life.

In the end, Penelope's husband and the manager of the Chanel outlet had to take most of the burden.

The female store manager hadn't stopped crying until now. She was nearly out of tears. All she wanted was to suck up to Penelope. As a result, she ended up pushing herself down the proverbial abyss of hell.

At that point, a martial artist from Thousand Miles Conglomerate, responsible for supervising them, suddenly received a call from Lord Lex Gunther.

The group of people thought that Lord Lex Gunther was willing to take back his order. They thought their suffering would finally come to an end.

In fact, Penelope even had other hopes.

At the very least, she was one of Lord Lex Gunther's employees. Earlier, Lord Lex Gunther had probably punished them to appease Alex. Now that Alex had left, they wouldn't have to lick anymore toilet bowls. Perhaps, they might even be compensated.

To her surprise, the martial artist looked at Penelope and the rest upon ending the call. "Lord Lex Gunther said you'll have to lick the bowls in Grandview Mall's toilets too. Penelope, you and your daughter will head there!"

When Penelope heard that, she instantly passed out.

"Mr. Rockefeller, are your mother-in-law and sister-in-law alright?"

After Lord Lex Gunther walked through the door, he looked at everybody. He put the shopping bags down and hurriedly walked over to Alex.

Alex was a little surprised by Lord Gunther's arrival. Lord Gunther, however, had come at the right time.

Alex glanced at Madame Claire Assex and sneered. "Weren't you afraid that Lord Lex Gunther would have me killed with a single word, then drag your family down with me? Well, why don't you ask him now if he dares to attack me?"

"Mr. Rockefeller, you must be joking. I would rather jump to my death or hang myself than attack you!" Lord Lex Gunther quickly said.

Madame Claire stared at Lord Lex Gunther. She had a feeling that she had seen him somewhere before, but she couldn't recall anything.

On the day that Madame Joanne forced Lady Dorothy Assex to get married to Spark Rockefeller, Lord Lex Gunther had gone over to the Assex family's place with a group of executives from Thousand Miles Conglomerate. They brought gifts too. However, there was a mishap, and Lord Lex Gunther had left in a hurry. At the time, Madame Claire was stuck outside and couldn't see what happened clearly at all.

Madame Claire rolled her eyes. "Who is he?" She asked.

"He is Lord Lex Gunther. The Lord Lex Gunther of Thousand Miles Conglomerate."

Lord Lex Gunther hurriedly nodded. "Yes, yes. I am Lord Lex Gunther. Madame Claire, I have already punished Penelope and her family heavily. To avenge you, I made them lick every toilet bowl in California Plaza. And oh, I have just ordered them to lick Grandview Mall's toilet bowls too. I wonder if you're pleased with that," he said.

When he said this, all the women were stunned.

How many toilet bowls were there in California Plaza and Grandview Mall if these all added up?

If one really were to lick all these, wouldn't their tongue be damaged?

But, the very next moment, Madame Claire seemed to have become enraged. She spat in Lord Lex Gunther's face. "Who are you trying to fool? If you're Lord Lex Gunther from Thousand Miles Conglomerate, then I must be your father!"

There was no way she would believe it.

What kind of person was Lord Lex Gunther anyway?
