Chapter 19 Going to wonderland

"Come in," he heard in a muffled voice.

"Hey Celi ...are you okay?" He asked not really knowing what else to say

"Yeah I'm fine,sorry you had to witness that...that was so embarrassing," Rachel said still talking in the pillow

"Hey its okay ...i grew up with all of that"

"Hey I got an idea" he said while he sat at the edge of the bed.

"Alright, I'm listening,"

"How about we go out this evening,just the two of us...to wash out the bad energy from this morning...what do you say?"

"Is it a date?" Rachel turned over to smirk at a jaw dropping yandel.

"Omg!!!!" Rachel burst into a fit of laughter at the super perplexed look on his face, I mean he is really hot and successful and nice any girl will be lucky to have him but he is just not the man for her, sadly Talon was still occupying the back of her mind and she still thought about the image of seeing him and that rich old hag of a woman in that position, she could swear to die was worth it because the pain wasn't very prominent like before.

"Haha very funny Celi," yandel recovered playing it off like he wasn't affected by the girl he liked just thought they were going on a date.His heart still hadn't stop beating like a drum in a mad circus,he can't deny that he was slight disappointed that she didn't mean it,it would have really nice to go on a date with her.

But who was he kidding,he knew he was losing himself little by little,he's love for independent beautiful women had caught up with him but he knew no matter the rules he could break for araceli,he wouldn't break his number one rule

'Never mix business with pleasure'.

That is a rule that has put a lot of young businessmen out of business because someone had the ability to ruin your whole work and effort of so many years by just dropping or leaking words to the press about things that you do.

"So are you sure you're gonna be okay?" He asked Araceli.

"Yeah i will be fine,thanks for coming though...it was an unexpected but pleasant surprise to be honest" Rachel replied smiling.

"Yeah it's no problem,"

"So you heading out now?" Rachel asked, feeling a tinge of disappointment lingering in the depths of her chest.

"Well I said i was gonna check on my best man,"

"Ace??"

"Yh Ace and speaking of which I haven't seen him since I arrived, does he usually sleep in this late?" Yandel asked.

"Well it's the weekends i guess, mom always lets him sleep in, and considering what happened yesterday I suggested to the maids that he shouldn't be woken up I know that as a fact" Rachel clarified.

"Yh you are right...he does need rest" he agreed.After talking with ace yesterday,he realized how neglected and lonely the boy felt because Araceli is always busy with work and his parents are always at some meeting or business trip.

"So what time should I pick you up?"

"6 30 ok?" Rachel asked

"Yh 6 00 okay" Yandel replied laughing a little.

"Heyyy i said 6 30" rachel said laughing.

"La la la la..." Yandel said while closing his ears and leaving her room, she gave chasing him down the stairs and around their estate a thought but on a second note, she needed some rest and to digest her breakfast which she didn't feel till now that she was off the adrenaline of dealing with Xander.

She went into the bathroom to shower off the stress and everything that morning hoping she will be able to get some sleep after the drum worth of coffee she had consumed all in one morning.

She woke up around 5 33,giving her atleast 30minutes to prepare for her outing with Yandel which felt she was kinda a little bit too excited for, which led her to what has been giving her an inch of worry

"What the hell am i going to fucking wear!!!!"

She didn't wanna wear any dinner gown or cocktail dress because she was dumb enough to forget to ask him where they would be going but now there wasn't

time. She needed an outfit that said good enough for roadside dinner and not too bad for a 5-star restaurant....who was she kidding, she was either going to be underdressed or overdressed either way and since she had already clarified that it wasn't a date, she finally decides to just go for an elegant casual look from her sense of dressing.

She opted for a white oversized sweatshirt and a fade slim fit jeans with black vans. She has always been known for not wearing clothes that hugged her torso because of her "chest insecurity" and she doesn't have to worry about that because she was in Araceli's body, not hers.

She checked the time to see it was a few minutes past 6

"Ofcourse he is going to show up..."

The door bell pierced through the whole house.

"Late..." Rachel paused.

She heard his voice downstairs taking to an excited ace who she guessed must have been watching his favorite evening show which was a quiz show for kids.

"Guess I was wrong then," Rachel thought as she headed downstairs, from far, she saw he was also wearing an all-white sweatshirt and the light faded jeans with some white airforce. She couldn't help but feel warm in her stomach, not only did they jinx in their outfit similarity but the whole walking down the stairs made her feel like she was going to prom or homecoming.

As she reached the last four steps and she noticed yandel had stopped talking and had his eyes on her.

"Woah..." Yandel said in complete awe.

"Yh...you can close your mouth now Baldwin," Rachel said chuckling nervously.

"You really look like shit" yandel said with a straight face.

"What the..." Rachel said in confusion.

"I'm kidding you look great" yandel said chuckling at her expression.

"Yh funny you and language by the way ace is here" rachel pointed out.

"Oh sorry"

"I didn't hear shit" ace said with a smile.

"Well if mom hears that I'm totally gonna throw you under the bus" rachel said heading into the kitchen to get some apple.

"Well aren't you the nicest Celi," Yandel said following her into the kitchen.

"Yes I'm dear, and trust me you don't wanna see me when I'm being super nice, I puke rainbows and poop candies," Rachel said dripping in sarcasm.

"Well atleast your smile is pretty," Yandel added silently while taking a glass of water with no hint of play in his voice.

Rachel played off the compliment even though she was blushing really hard

"Well can we go now??!" Rachel asked trying to escape the embarrassing site of her blush.

"Is the strict and snappy Araceli blushing?!!" Yandel teased touching her cheeks which she slapped off with no haste giving him a look that said i will ruin you if you do that again.

"Alright enough of this mushy stuff... let's go," Rachel said, walking towards ace and kissing him on the head while ruffling his hair.

"Have fun and get married before you come," Ace said while Araceli just shut the door to avoid another embarrassing comment.

"We will look good together" Yandel said smirking at her

"You know what else will look good together??" rachel asked nicely.

"What??"

"You in a wheelchair because i ran you over with your own car" Rachel replied smiling sweetly.

"Okay woman you freaky, I like that," Yandel said laughing even though she really scared him.

"Is that a faux black accent?!" Rachel asked.

"What!!...uhm no" Yandel stuttered when the truth was yes, he did try a black accent but failed terribly, watching a lot of All American had taken a huge toll on him now he can't help but want to try a black accent every time.

"Yh whatever I don't even care,"

They got into the car and started heading towards the gate leading out of the estate. The leaves were starting to fall and Rachel knew her favorite time of the year was coming...winter. She looked at Yandel and he smiled back at her.

"You like the winter right?" he asked.

"Yh...How can you tell?" Rachel asked

"You have the look my younger siblings used to have when the winter is coming"

"You mean the twins right?" Rachel asked.

"Yh them,you should meet them sometime,their 20th birthday is coming up soon" yandel said.

"yh that will be cool,which reminds me where are we heading to exactly?" Rachel asked.

"Its a surprise" yandel replied looking side ways at her

"Hate surprises" she replied.

"Well not my problem" he said driving further.

It was more than 15minutes that they have been on the road and she was starting to get impatient with the whole surprise thingy till she realized she recognized this area, it was the route to the amazing wonderland amusement park.

"Are we going to wonderland??"

"Yeap" Yandel smiled at her growing excitement.

Chapter 20 Executing her plan.

It was more than 15minutes that they have been on the road and she was starting to get impatient with the whole surprise thingy till she realized she recongnized this area,it was the route to the amazing wo derland amusement park.

"Are we going to wonderland??"

"Yeap" yandel smiled at her growing excitement.

"Woahhh...that will be soo cool,i have always wanted to come here but Ta...Xander always thought it was childish and noisy" rachel said almost slipping up.It brought back serious memories to her,how she will always beg talon but he never wanted too,but she always went to watch baseball games with him at powerwatch pub,it was always frustrating how she could break her rules for him like going to watch games with him even though she hated sports but he could go

will her to the theatre or musical or how he never wanted to go the wonderland with her.

"Well that's on him...he will be missing out on all the fun,corn dogs and cotton candy ,i told you he is a sadist" yandel said.

"Sadist??..." rachel asked confused.

"Yhhh...like someone who is always sad and don't like to see happy people" he replied while parking.

"Baldwin..."

"Yh..."

"A sadist is not a sad person,its someone who enjoys inflicting pain on people" rachel explained tentatively.

"Ohh..."

"Yhhh"

"ok not important smartie pants lets go have fun...who ever reaches the gate first pays for the tickets" yandel yelled starting to run towards the gate.

Time flew by pretty fast.In four hours,they had done alot of games and ate alot if fair junks and decided to take their leave since she needed to put ace to bed.They ran to the car and got in breathing heavily after baldwin had requested for a rematch and she had beaten him on both occasion.

"How can you run so f...ast and...not out of breathe" yandel asked breathing heavily.

"What can i say...some of us do exercise" rachel replied,even tho she knew it was her early morning run that paid off.

"You keep surprising everytime to me everytime" yandel said shaking his head.

"And you too...i mean one time i thought you were an asshole and now you are just took me to where i always wanted to go" rachel replied.

In the next hour,she was at home on her bed.Tomorrow was the day she was going to carry out her first scheme against xander miller and alice.And she didn't have room to mess shit up,she was excited and nervous at the same time,she was finally gonna plot her revenge for araceli and she needed this to go well.

She was going to try to break up her engagement to xander since speaking up and being rude as hell didn't work,she decided to try and set him up with a

random chick, knowing xander he always visited the blue bar on Saturdays to drink with his friends. It was forty minutes past 9 which meant show time.

She put on a black hood and blue sweatpants and headed to blue bar after she had put ace to bed. She got into her car and drove to the club before he left by 11. This was where she knew she was gonna have a problem, she needed to find the right hooker which would help her plan work and get a video of them together to so she can show it to her parents and the engagement will be off in no time.

All she needed was a blond bimbo, with big boobs enough to blind his senses, just while she was in thought she found her self in front of blue club with the 'e' missing. She walked into the club after slipping the bouncers a hundred dollar each to let her enter. She entered the club and headed to the bar straight while she had her hood on, she didn't need xander recognizing her or anybody recognizing the CEO of Garcia enterprise at a club such as blue.

She went to the bar and ordered two tequilas while starring at the crowd before her looking for the right bimbo she could use to carry out her plan.

"Bingo..."

She found the perfect bimbo walking towards the bar on the other side, she wore a gold glittering short dress that was barely below her almost none existent ass while wearing black heels and red lips with Overly bleached hair. She took the two tequilas she ordered went to meet her.

"Hey" rachel said sliding the tequila to her.

She turned to look at rachel giving her a weird look.

"Thanks for the drink but no thanks, i don't swinge that way, sorry" she said, taking the drink from rachel.

"Ohh no no you must have read me wrong" Rachel tried to clarify.

"I'm not tryna hit on you or anything, i just need you to help me do something and i will pay you five hundred box" rachel said trying to act as subtle as possible.

"Ok i don't fuck with drugs or pills or shit like that alright, i don't wanna get caught up in police shit again, i have had enough of that for a week" the blond headed woman went off talking about how she had had two bad experience with the police.

"Ok chill alright, i'm stella and i'm here spying on my fiancé, i know he's cheating on me but i don't have solid evidence, my family or friends won't believe me because he acts so nice in front of them, please i need you to do me a favor" rachel explained point to xander is black dress shirt opened at the top and and blue dress pants with black shoes.

"I'm Amanda by the way but my friends call me Amy, I'm so sorry that you have to deal with such a crap for a guy, I mean generally, guys are just not worth shit" Amy said touching Rachel by the shoulder in an attempt to console her.

"Look I will give you five hundred bucks if you can try to get with him so I can have it on video and show it to my family, maybe they will finally let me call off the engagement.

"Don't worry about trying to give me money alright, take this as a woman helping another woman in need" Amy replied.

"Thank you so much"

"It's no problem" Amy said.

"I just need to get my game on" she said smiling at Rachel.

She pushed perky boobs up through her clothes and downed the glass of tequila Rachel offered her before walking towards where Xander and four of his other friends were sitting, she turned around and gave Rachel a wink before striding towards Xander and sat on his legs, she wasn't even surprised when he put his hands around her immediately as his friends cheered him on like the fools they were.

Rachel brought out her phone and started taking a video of what was playing out before her. They started getting comfortable and Amy definitely did a good job at seduction because it seemed like anytime he wanted to make use of his nonexistent common sense, her boobs seemed to renew the hypnotic power she had over him. Things were starting to get juicy and they were about to start making out exactly where she wanted things to go but it looked like Xander's phone rang and something important came through because he ended up taking her off his lap and with haste headed towards the exit. Before she could pull through the crowd of sweaty bodies she realized he was nowhere to be found anymore.

Amy started walking up to Rachel with a slight long face.

"Hey sorry it didn't work out" Amy said.

"It's fine, you did your best, thank you so much" Rachel said, already thinking of another plan.

"I mean we were almost about to make out when all of a sudden a call came and he said it was important and he needed to take it" Amy went on to explain.

"It's fine"

"Hey by the way, did you see the name of the contact by any chance?" Rachel asked

"Well...if i can remember correctly i think it was Alica or alissa" amy said still thinking of the exact name.

"You mean Alice!!!" rachel exclaimed

"Yh that was it...Alice!"

"That two faced bitch

Chapter 21 Plan B always works-1

"I mean we were almost about to make out when all of a sudden a call came and he said it was important and he needed to take it" amy went on to explain.

"Its fine"

"Hey by the way,did you see the name of the contact by any chance?" rachel asked

"Well...if i can remember correctly i think it was Alica or alissa" amy said still thinking of the exact name.

"You mean Alice!!!" rachel exclaimed

"Yh that was it...Alice!"

"That two faced bitch..."

Of course it had to be Alice.Honestly,that snake has been stingy Araceli for way to long and it's about time that shit stopped.Since her plan A didn't work,Plan B was immediately gonna start because she wanted to give them a piece of their own cake which was uncalled for drama,asides that,she needed an partner and a friend,fighting what was suppose to be the two closet people in Araceli's life was starting to pull her down,having someone indulge in her course was relieving.

"Hey amy,i still wanna thank you for today really and i know you said you don't want the money i offered,so i want to offer you something else" Rachel said to amy.Opening up and telling secrets isn't something Rachel is familiar with,even when she was just Rachel johnson the jobless MBA holder with a failed relationship,she still couldn't tell people who she really was,but with all that was happening,she couldn't deny she needed a friend.

"What is that?" Amy asked looking a little confused.

"Friendship" Rachel said shyly.

"Really??!!!" Amy squealed while jumping hugging Rachel like she had just won a lottery or a ticket to Dubai.

"Yh, I mean since I moved here I haven't really made any friend except the guy who is supposed to be my business rival" Rachel said.

"Of course I will love to be your friend, to be honest, I was also tired of those backstabbing hoes at the club, they be all smiles and shit with you then they go behind you and make shit rumors about you give two blow jobs to old men" Amy said with disgust.

"What the..." Rachel said still wondering how people are so shitty yet half of everyone blames the devil for it.

"By the way, you said something about a business rival which makes me think now, you do look kinda familiar you know..." Amy said touch the side of her head while crunching her eyes to look at Araceli from different angles, from Rachel's point of view she looked like a photographer who trying to get a good angle of a model.

"Really... I'm sure you got me mixed up with someone else" Rachel said nervously.

"No no, I'm serious though, I feel like I have seen you somewhere you know" Amy said not letting go.

"OMFG!!!" Amy exclaimed holding onto both arms of Rachel.

"What does that even mean?" Rachel asked startled.

"Oh my fucking god, when were you born... the 60's?!!!" Amy said rolling her eyes.

"I remember where I have seen you" Amy said excitedly, making Rachel confirm her suspicion, Amy was definitely drunk.

"Where then??" Rachel asked crossing her arms.

"On the Manhattan Business magazine, I mean now it makes sense, you are the CEO and heiress of Garcia's enterprise right??... No wonder your skin is clean omg" Amy squealed.

Rachel didn't know if this was a good thing or bad, and of course people have seen her on magazine, since she took over from Araceli she had turned down up to 4 offers to be front cover, Her publicist did query her decision but she shut her off, she didn't need any more public pressure because she didn't want to make her business public.

Chapter 22 Plan B always works-2

"Hey..uhm can you not say that out loud like that,i'm tryna stay as discrete as possible" Rachel whispered screamed hushing her.

"Oh sorry,so sorry,so so so sorry" Amy apologized over and over.

"It's ok Amy,why don't we go have late MacDonalds and some coke" Rachel said tugging her hands Towards the road so they could get a cab.

"Wait you got coke?!!!" Amy said overly excited.

"Coke?!...oh shit COKE!!!!"

"Shit no amy...I meant coke like the soda coke" Rachel clarified at the girl's excitement to do drugs

"ohh...uhm yh that will be nice,would have just eaten the usual so a change will be nice" Amy said walking beside Rachel.

"What's the usual?" Rachel asked.

"Lol Ramen" Amy said getting into the cab they had stopped "MacDonald's" Rachel told the driver.

"College student then" Rachel replied.

"Drop out actually" Amy said.

"Ohh"

"Yh"

"That's cool" Rachel said trying to end the uncomfortable topic.

"No it's not rachel,don't say it like *ohh its cool and totally normal to drop out of college* because i didn't just drop out because i don't like school" Amy said looking outside the window.

"Hey I'm sorry,that's not how i meant it" Rachel said feeling bad.

"No it's ok"

"I'm a foster kid and my foster home could only take me as far as high school, I tried to send myself to college and also work but I couldn't strike the balance, I was failing classes and had to drop a few which was going to add to my school which I already had problem affording so I decided to drop out and focus on surviving first" Amy opened up but still avoiding eye contact with Rachel.

"Hey come here" Rachel said not knowing what else to say and gave her a hug. Unlike Amy, she could say she kinda had it easy to be honest, she went to college and didn't have to worry about her tuition and also feed and only worked on summers.

"You will be fine girl" Rachel whispered in her ears, she opened her eyes and realized they were already at MacDonald's.

"Let's go" Rachel said paying the driver his money and told him to keep the change.

They chose the table close to the window which looked like it has just been cleaned few minutes ago, Amy went to the restroom to clean up her make up because her face was messed by her mascara when cried in the cab on her shoulders. Thinking everything now, she's so glad she was able to find a friend like Amy, meeting her felt so right she couldn't deny it.

Even though she had brought the idea of them eating out she honestly didn't know if she had an appetite to eat after her plan A, so she waited for Amy to decide so she can do the same thing.

Amy came back wearing a hoodie over the gold glittery short dress she was wearing initially.

"Amy where did you get that hoodie?" Rachel asked looking confused because she was only holding a small miniature of a wrecking ball which was impossible to hold a hoodie that big.

"Oh I saw it in the lost but found thingy so I decided to take it, besides it's getting cold" Amy said like it was completely normal.

"Amy it could be fleas or ticks or even STI's for god's sake" Rachel exclaimed.

"It's not like I'm planning on stuffing it up my playground, it's just for the night" Amy said laughing at Rachel's over-exaggerated concern.

"Playground...really" Rachel said giggling.

"Yhhh because that's where it's fun" Amy replied raising her brows at Rachel which only made her laugh more.

"Hey by the way, you know my name isn't Stella right?" Rachel said.

"Yh had a feeling, a Stella is always a fattie" Amy said chuckling.

"Cruel...I'm Araceli and i have a little brother Ace" Rachel said smiling.

"So what's your plan with you fiancé and where do I come in?" Amy said excitedly

"Well first of all I want to get friendly with him before trapping him then drug and seducing him and that's where you come in" Rachel said looking at her directly.

"Feel like Tom cruise right now" Amy said grinning.

"First of all lets get nice with him,I need him to believe i still want him so I can bait him"

She dialed xanders number...

"Hello"

"Hey Aracel what's up"

"I just want to say I'm so sorry for the way i treated you and now I know it wasn't right,I hope you can find away to forgive me"

"Its ok Aracel,I'm sorry for the mean things i said"

"Alright its ok,wanna meet tomorrow?"

"Yh sure"

"ok..goodnight xanny..I love you"

"Love you too"

"Night"

"Girllll that was so smooth" Amy squealed at Rachel's acting skills

"Now all we need to do is join adam and the serpent some hours apart" Rachel said smiling evilly.

"By serpent you mean..."

"Alice Amy"

"Ohh yh of course"

"Sounds like a bitch"

"Ohh trust me,A bitch barks...this one stings..."
