

The Rest Of My Life Is For You

Chapter 13: The iceberg finally has a little bit of a tantrum!

If he had known beforehand, he would have helped her to a bad fall so that she would learn her lesson!

If it were not for her meticulous care of Xiao Liuliu, to the extent of scrambling to take the nursing job, he would have previously strangled her to death right away!

Yu Yuehan reached out and massaged the space between his eyebrows. As the thought of the abrupt kiss flooded his mind again, he tugged at his tie irritably.

He felt that his breathing was hindered...

It had happened twice already!

He had never encountered anything of this sort, but he encountered it twice with the same woman.

"Young Master, the vehicle that was in the traffic accident, the one that Little Miss was in, was originally supposed to pick you up. We suspect that Little Miss might not have been the target of the other party." the assistant could not help but remind him again after failing to receive a reply from Yu Yuehan.

The Yu Family is the top family of H City and is filled with unlimited glory.

However, in actual fact, the family was not as peaceful as what people perceived it to be.

This was especially the case because Yu Yuehan was the only direct heir of the Yu Family.

In comparison to Fang Zhenyi who possessed a simple family background, no information could be recovered from Nian Xiaomu regarding her family background. It appeared too mysterious... too dangerous!

"What are you trying to say?" Yu Yuehan turned around, speaking with his thin lips that were slightly open.

No traces of emotional turmoil could be spotted on that face; it had recovered to its tranquil state.

He looked up. His gaze swept past the assistant and landed on the door of the villa.

As rays from the sunset passed through the windows, they landed on the floor. Layers and layers of orange rays opened up, reflecting a warm and fuzzy feeling.

In the living room, Nian Xiaomu carried Xiao Liuliu in her arms as she changed the dressing of her injured arm.

That tender gaze, that subtle, warm smile seeping from the corners of Nian Xiaomu's mouth—her clean, beautiful facial features were amplified because of these, causing her to look increasingly stunning.

As the distance was a little far apart, he could no longer hear what she was saying.

He could only see Xiao Liuliu, who was sitting in front of her, jumping into her embrace with a bright smile after she was finished wrapping the gauze.

The next moment, Xiao Liuliu lifted her tiny head and planted a kiss on Nian Xiaomu's face...

Yu Yuehan's eyes enlarged!

The current expression on his face could no longer be expressed as shocked; that was a term too simple to be used in this situation.

He had never seen Xiao Liuliu showing such affection to anyone except for him.

She must really adore Nian Xiaomu...

As the assistant had his back to the villa, he did not witness this scene. Upon hearing his boss's query, he replied bluntly, "Young Master, for your safety, Nian Xiaomu can no longer continue to stay in the Yu residence."

"..."

"Young Master, I have asked the doctor about Little Miss's injuries; it is alright if there is only one caregiver. It will be more dangerous if Nian Xiaomu is indeed a spy from the other side."

Yu Yuehan stood up with folded arms, his long body in full view.

His eyes flickered slightly after he heard his assistant. Glancing at the two in the living room with a complex expression, he finally turned his back and left.

—

In the living room.

"Nian Xiaomu, you are allowed to take a break from work now. Fang Zhenyi will take care of Little Miss tonight," the butler reminded her as he approached her.

Fang Zhenyi, who had disappeared the whole day, followed behind him.

At this point in time, her thoughts were not entirely on the child. She scanned the villa urgently, her eyes showing disappointment after they did not spot any sign of Yu Yuehan.

When she looked up again, she saw Nian Xiaomu and stared at her fiercely!

If Nian Xiaomu had not taken away her chance to take care of Xiao Liulu, she would be the one who spent the whole day with Young Master Han!

She should have arrived earlier; Young Master Han had already left...

Looking at Xiao Liulu, who was still stuck lovingly in Nian Xiaomu's embrace and reluctant to part with her, Fang Zhenyi's expression turned more malicious.

No! She had come into the Yu residence after great difficulty. She would never allow Nian Xiaomu to ruin her opportunity!

"Butler, can I extend a request?"
