

I Inherit An Auction House At The Start, Trillion Times Rebate!

Chapter 14: Knock on the Door, Lin Mo Makes a Move

“But...”

Lin Mo gave Wu Jin a comforting look.

“Give it to him, but I won’t let anyone leave without paying.”

These words were very direct. However, Scarface was indifferent when he received the item. He even pretended to be dumb.

This was a very awkward situation.

Lin Mo calmly said, “Are you trying to go back on your words?”

The scar-face man snorted coldly and said in a confident tone, “Your small auction house should feel honored for having me here. You dare to ask me for spirit stones?”

Lin Mo’s pupils were clear and bright. He was not shaken at all. In fact, Scarface felt a faint chill when their gazes met and he quickly looked away in an embarrassed manner.

He said angrily, “This is just a lousy auction house. Are you guys stupid? Why don’t you all just directly rob it? Pay with actual spirit stones? Seriously? Lin Mo does not have any strength. He’s merely fooling all of you!”

Everyone in the crowd looked at each other. They did not know how to respond.

Scarface spat disdainfully at the side.

“You’re all a bunch of spineless fools. None of you even dare to make a move against this piece of trash.”

1

Upon hearing that, some people’s expressions did change.

As the scar-face man said, Lin Mo had never really shown his strength. In fact, he looked just like an ordinary person.

'How did an ordinary person like him manage to collect so many resources? He even got a tier 5 item.'

Those thoughts filled some minds. Lin Mo had probably used some special method or magic tool to conceal his power level.

At first, they thought Lin Mo was simply keeping a low profile. After hearing Scarface's words, they felt that something was a little strange.

When the Blood Harvest leader, Qingyang City's lord, and other powerful patrons saw the tense atmosphere, they got a little excited. They were not local factions, so they did not mind if things fell into chaos.

Moreover, they had no plans to participate in the feud between Lin Mo and the group of robbers. The more chaotic the situation became, the greater the possibility of them profiting. They might even be able to take a share of the spoils.

On the other hand, Li Yunfei could not sit still. He shouted angrily, "You're going too far! There's no such thing as a free meal in this world!"

This caught Lin Mo off guard. He turned around and looked at Li Yunfei. There was a look of admiration and gratitude in the latter's eyes.

"Whoever dares to cause trouble here will have to face the Dragon Tiger Mercenary Group!"

Li Yunfei greatly admired Lin Mo because he stood up against the robbers all by himself. Moreover, the low-grade tier four worry-free grass that he obtained from this auction house previously had brought him a lot of benefits. It even helped him reach the peak of level six.

The scar-face man had level seven strength. Although Li Yunfei knew he was no match for him, he still wanted to help Lin Mo. It was a way of paying the latter back. He was willing to fight by his side.

Scarface revealed a disdainful expression.

"The Dragon Tiger Mercenary Group? You've only reached the peak of level six. Yet, you dare to challenge me? You're digging your own grave."

He continued to say ferociously, "To anyone else who isn't afraid of death, feel free to step forward."

The crowd subconsciously lowered their heads. They dared not meet Scarface's gaze. Other than Li Yunfei, no one else stood up for Lin Mo.

This was not unexpected. After all, when it came to life and death, no one was willing to meddle in other people's business.

Scarface secretly heaved a sigh of relief. Fortunately, he was infamous. Otherwise, if this many people joined forces, he might not be able to win.

Lin Mo remained calm on the surface, but he was quite moved by Li Yunfei's righteous words. At the same time, he knew that after leaving Chuxin Villager, he would face more danger as such or worse.

"So what if your level is higher than mine? We still don't know the outcome!"

Li Yunfei was the leader of the Dragon Tiger Mercenary Group. How could he allow others to look down on him? If word got out, not only him but even the Dragon Tiger Mercenary Group would be shamed.

Just as he was about to make a move, Lin Mo stopped him.

"I appreciate your help, but I'll deal with him."

"But..."

Li Yunfei was a little worried. However, before he could say another word, a white light appeared on Lin Mo's hand. A shadow jumped out rapidly, creating gusts of cold wind. The shadow was moving so quickly that almost no one could see it clearly.

All of a sudden, they heard a scream coming from Scarface's group.

"Ah!"

The air was filled with a strong smell of blood.

"My face! My face!"

1

One of the robbers had blood dripping down his face. A large piece of flesh had been torn off, revealing his white bones. It was a terrifying sight.

There was a row of sharp teeth marks. It was likely that he had been gnawed on by some kind of animal. Despite that, nobody had seen such a mark before.

Everyone could not help but touch their faces. They could almost feel the pain just based on the robber's cry. They kept looking around, but all they could see was a vague shadow. Even the outline of that creature was not apparent.

"What creature is that? It's so powerful!"

"What's going on?!"

Scarface did not even see how that thing attacked. Then, another wave of miserable cries could be heard. All his lackeys' faces had become completely unrecognizable.

The scene was simply ghastly. Some of the robbers did not even have a single piece of flesh on their faces. Only teeth marks could be seen. The robbers fell to the ground after losing too much blood.

"Be on guard! Everyone, don't panic!"

Scarface shouted hysterically, but it was ineffective. The robbers tried to escape. They were so desperate that they even trampled on their fallen comrades.

The white creature kept following them like a ghost. Death was inevitable.

Chapter 15: The Lookout Fish! Lin Mo's Intimidation

Scarface could only watch helplessly as his companions fell one by one. He gathered all of his spiritual power and attempted to grab on the creature. However, the creature was simply too fast. It slipped off his hands every single time.

Sometimes, his skills would miss and land on the other robbers instead. This caused them even more agony.

The robbers who were still able to fight followed suit. All kinds of martial skills and spiritual power were released. Since they could not escape the creature, they might as well fight back. However, they could not even properly see its shadow, let alone hit it.

The situation became more chaotic and the number of casualties increased.

This scene made Scarblade exasperated. He had no choice but to ask for help from others.

"Who's willing to help us?"

However, the rest of the people avoided him like the plague. Before long, his surroundings were empty.

The cries of the robbers rose and fell. Only Scarface was safe and unharmed. He was not attacked by the white shadow. This was basically mental torture for him.

A quick death was nothing but his companions were dying in a tragic and painful manner.

Even robbers who had been living on the edge for years were scared.

Scarface had never felt so powerless. Large beads of sweat slid down his forehead. His eyes were bloodshot. He glared fiercely at Lin Mo.

“This is your fault!”

Lin Mo looked completely calm. Clearly, he did not seem to care. An unprecedented chill rose in Scarface’s heart.

He realized that he had offended the wrong person.

“What can you do to me?”

That sentence was extremely lethal. The blood color on Scarface’s eyes suddenly faded and they turned pale instead.

Still, he was an ambitious person. So once again, the scar-face man revealed a ferocious expression.

“I want your life!”

Despite that, upon closer inspection, one could see his eyes were filled with fear.

Scarface charged towards Lin Mo. Uncle Wang’s heart was beating rapidly. He could not help but shout, “Young master, be careful!”

Lin Mo sneered. He could tell that Scarface was strong on the outside but weak on the inside. With a slight wave of his hand, a huge air current formed in the center. Scarface could not even get close. He instantly flew a few feet away.

Everyone was dumbstruck. They thought that they were hallucinating.

After all, Scarface was a level seven powerhouse. Even Li Yunfei was no match for him. Yet, Lin Mo was able to defeat him with a wave of his hand. He did not even use any martial art or cultivation techniques. If he could deal with Scarface so effortlessly, one could only imagine how powerful he was.

“That’s it?”

Everyone was in disbelief. They recalled Scarface’s earlier claims.

“You’re telling me that he’s an ordinary person? Who are you trying to fool?!”

The Blood Harvest leader, Qingyang City’s lord, and the rest originally only thought of this situation as a show but now, their expressions had turned serious. Their gazes toward Lin Mo were filled with curiosity and fear.

“You!”

Surprisingly, Scarface was still able to stand up. After what Lin Mo had put him through, most people thought he was dead. Supposedly, Lin Mo was only a level one trash. How did he gain so much strength in such a short period of time?

With a wail, Scarface spat out a mouthful of blood. It was unknown whether he was angry or shocked.

“Look at those robbers!”

Suddenly, everyone realized that they could no longer hear the screams of the robbers. Only Scarface was left standing in the middle of the venue.

“Creak. Crack.”

A bone-chilling sound rang out in the air. Scarface’s body stiffened. He turned his head back in disbelief. The robbers who had come with him had already been gnawed on until only their bones were left.

His eyes were wide open. It was as if his eyeballs were about to pop out. Any hope of him emerging victorious had been completely crushed. He said in a crazed manner, “This is impossible!”

At the same time, the white shadow in the air finally stopped moving. Its outline began to slowly take shape.

The creature turned out to be an extremely large fish!

White scales covered its entire body. They were as sharp as blades. When the fish swam, it could split the air in half. Steel-like fins were stuck to both sides of its body. They looked as thin as a cicada’s wings, but they were actually indestructible.

The most shocking thing was the fish's teeth. Without a doubt, they could crush a person's skull with a single bite.

1

"It's actually a fish!"

People had been trying to guess what type of creature could annihilate Scarface and his group. They never expected it to be a fish as that did not make any sense.

"What kind of species is it? It's not restricted by land or water and it's so ferocious."

Even the most ruthless blackwater fish was nothing like it. Ordinary fish could only live in water. Once they got out, their attack power would be greatly reduced. If they stayed out for too long, they might even die.

Scarface's eyes were filled with fear as he shouted, "Don't eat me! I'll tell you a secret!"

Lin Mo raised his eyebrows and walked over.

"What secret?"

At this moment, Scarface was heavily injured and did not have the strength to fight back. Thus, Lin Mo was not afraid of any sneak attacks.

Scarface lowered his voice so no one could hear him. After whispering something, he tried to make a run for it.

Lin Mo's expression changed slightly.

Scarface knew that he would not be able to escape. His heart was filled with regret. Why did he accept this mission and provoked Lin Mo?

Unfortunately for him, Lin Mo had no plans of being merciful. His eyes turned cold.

"You want to escape? It won't be easy."

Chapter 16

"You lied to me!"

5

Scarface was filled with fear. The lookout fish began moving again. A white shadow got closer and closer to him. An image of a row of sharp fangs was the last thing Scarface saw before he lost consciousness.

“Ding dong.”

A crisp sound could be heard. Then, a ring fell from Scarface’s body. If the owner died, their belongings that were originally bound would be forsaken.

5

Blood flowed on the ground like a small stream. It was rapidly absorbed and automatically entered the fish’s body. The fish’s white scales flickered with a faint red light.

With that, the scene was no longer bloody. In fact, things looked very calm. It was as if nothing had happened. However, everyone who had witnessed the incident would probably remember it for the rest of their lives.

Who knew the high and mighty Scarface would end up like this. Even his bones were not left behind.

Everyone let out a sigh. This was the first time they had seen such a huge disparity in strength. Scarface was level seven. Yet, he did not stand a chance against Lin Mo.

It was truly shocking. Even the Blood Harvest leader and Qingyang City’s lord had dispelled their previous thoughts of wanting more chaos.

“He’s so powerful at such a young age. It makes me feel ashamed.”

“That’s right. I believe that the auction house will continue to grow under his administration. In the future, it will dominate this area.”

“The Lin family is really different. Lin Mo, if you ever need anything, just let us know. We will definitely do whatever we can for you.”

While everyone was praising him, Lin Mo calmly went to pick up Scarface’s ring. There were also ten thousand low-grade spirit stones that he had previously robbed. In addition to his life savings, it was a total of one hundred thousand low-grade spirit stones.

Lin Mo was instantly put in a good mood. He had basically become rich.

2

Since he no longer lacked spirit stones, there was no need for him to auction off the tier five top-grade Chaos Pill.

“I’m very sorry, everyone. Due to the unexpected incident, this auction has come to an end.”

His announcement caused an uproar.

“What’s the meaning of this?”

Some people understood Lin Mo’s decision. Although Scarface had been dealt with, the atmosphere had turned extremely awkward.

[Ding!]

[Successfully triggered 50 times return!]

[Obtained a tier 5 top-grade Heaven and Earth Blade technique!]

Lin Mo was surprised to hear the system’s notification in his mind. After all, he had yet to auction off the tier five top-grade Chaos Pill.

1

According to the system’s recognition, even though the auction had failed, Lin Mo did fulfill his duties as an auctioneer. Hence, he was able to trigger a return.

After figuring this out, Lin Mo took out the Heaven and Earth Blade technique and said, “Originally, I planned to auction this off, but I’ve changed my mind.”

As soon as he finished speaking, he took out the Ring Blade technique that Scarface had basically mugged earlier. After that, he handed them both to Li Yunfei.

“Here, these are for you.”

Li Yunfei was completely caught off-guard. For a moment, he was unable to return to his senses.

“Lin Mo, what are you doing? These are too valuable. I can’t...”

Lin Mo reaffirmed, “Li Yunfei, you had just bought the gold thread big ring blade, so you’ll need some blade techniques. As I cultivate sword techniques, these two items are of no use to me. Please do not decline. Take them as my thank you gift.”

Li Yunfei's lips trembled. He was speechless for a long time. After all, he could not stand the injustice and merely said a few words. Lin Mo dealt with Scarface and the other robbers all by himself. Yet, he was the one receiving such valuable gifts.

"I'm ashamed to accept them..."

"It's fine."

The others were so jealous that their eyes turned red. Seeing that Li Yunfei was still declining, they wished that they could accept them on his behalf. At the same time, they felt extremely regretful.

If they had stood on Lin Mo's side and spoke up for him, perhaps he would have given them a tier-five cultivation technique as well. A fate-changing opportunity was right in front of their eyes, but they did not seize it.

A tier five cultivation technique was definitely not common. Furthermore, it would cost a lot to get one.

Quite a number of people in the auction house began hitting their chests and stomping their feet. They sighed and felt extremely regretful.

1

In the end, since there was no way to decline, Li Yunfei finally accepted the gifts. Obviously, he was excited. He knew the value of these techniques in his hands and was extremely grateful towards Lin Mo.

"Lin Mo, if you ever need any help, just let me know. Don't treat me as an outsider."

Li Yunfei's trip this time was not a waste at all. In fact, he had made a huge profit. He could not even close his mouth due to the happiness.

1

Before everyone could compose themselves, Lin Mo's dropped another bomb.

"There is no such thing as an endless feast. Thank you all for your support. I will be leaving Chuxin Village soon. Although I have not been in the village for long, I won't forget the times I've had here."

After all, Lin Mo had grown up a lot in this place. He could not help but feel emotional. Unfortunately, the resources from this place could no longer increase his strength. If he stayed here, it would be a waste of time.

1

Moreover, he had just found out that Scarface and his group were actually sent by the clan to kill him.

His existence was a stain of shame to the clan. Hence, there were some people who wished to get rid of him as soon as possible.

However, there was nothing he could do with this piece of information. Lin Mo did not have any evidence. Even if he did, it was useless. They definitely had a high status in the clan if they dared to hire assassins to kill him.
