

Chapter 106

At about one o'clock in the afternoon, Paige ran back hurriedly, which was also almost when Joseph had just returned from the Junlin Group. Her face looked very strange. She seemed very worried at first, and then extremely excited, but soon the worry vanished completely. After all, her husband, Joseph, had returned safely, her heart was only left with excitement.

"Honey, I'm back." Paige ran to Joseph from a distance before Joseph entered the house. This caused her to pant while calling him.

"Hmm, weren't you going shopping with Leng Yijun and Yin Chaoge in the afternoon? How come you're back now?" Joseph looked at Paige with confusion and asked.

Paige panted and ran to Joseph's side, saying anxiously, "I'm not going. I'm not in the mood anymore. Honey, I know something that is big. Let's go, hurry back to the house and I'll tell you. This cannot be heard by others..." As she spoke, she dragged Joseph into the house.

Joseph was wondering what kind of big things his wife could know. What on earth was it? Why was she in such a hurry? Couldn't she come back at night and tell him? Wasn't she supposed to go shopping, which is what women like to do?

But when Joseph saw his wife's happy look, he stopped asking questions and followed her into the house.

After entering the room, Paige pulled Joseph into the inner room anxiously. Then, she closed all the doors and windows hurriedly. The atmosphere in the room became solemn for a moment, and her face became very serious. She seemed to be telling Joseph something very important.

"Hmm, honey, what do you want to do? You're making me panic with that look on your face. I swear, I have never done anything wrong to you." Joseph was taken aback by Paige's expression. He could not help moving back while sitting on the bed. He was thinking that he really didn't hook up with anyone, right?

The next moment, Paige, who looked serious, stood in front of Joseph. Her face was extremely serious, but her voice was very low and solemn as she lowered her head to Joseph. Her eyes were fixed on Joseph, who was sitting on the bed and leaning back. She said solemnly, "Honey, do you know the Dragon Temple Lord on the battlefield of Outer Region?" Paige's tone was extremely dignified and serious as this was a big deal.

"D*mn!" Joseph immediately panicked, his eyes glazed over, and his heartbeat instantly sped up a lot. He gulped fearfully, cold riches flowed down from his face. He then said weakly, "Uh, honey, listen to my explanation, I didn't mean to hide it from you..." Joseph was really flustered at the moment. He wondered how Paige could possibly know the deepest aspect of his identity he hid and what he should do.

Paige nodded, waved her hand to interrupt Joseph. She continued in a solemn tone, "It's okay, honey."

"I know you are afraid of me being worried so you don't tell me anything about the Outer Region battlefield. I just want to ask you, did you ever see that god-like Dragon Temple Lord when you were a soldier in the Outer Region? What did he look like? Did he really come from Frogua?" Paige asked Joseph a series of questions one after another.

"Oh, wait? What did you say? Did you just ask if I had ever seen the Dragon Temple Lord?" Joseph, who was already planning to show his hand and apologize to Paige, was confused again. He lifted his head and looked blankly at Paige standing in front of him.

Paige nodded and said, "Yes, that's right. Chaoge told me that it was a god-like existence and it's about the same age as us. Furthermore, he built the Dragon Temple on the Outer Region

battlefield in just five years. Although he is not part of the Frogua military, he is fantastic. Honey, tell me quickly, aren't you also a God of War on the Outer Region battlefield? Have you met that person before? Have you heard of his story?"

"Hmm..." Joseph was speechless and he thought to himself, "Have I ever met him? I'm that person!"

You asked me if I've seen myself? What's wrong with you, my silly wife? Joseph thought to himself. After that, Joseph heaved a long sigh of relief in his heart as Paige's solemn expression almost scared him to piss. He really thought that he had been exposed. "D*mn, you scared me to death. Can you not be so fussy in the future? It's just a Dragon Temple Lord, you don't have to act in this way. You scared me so much." Joseph hurriedly took out a tissue from the bed to wipe the cold sweat from his face. This gave him a fright. Paige was so startled that she almost scared him out of his mind. He was even ready to summon all the soldiers of the Dragon Temple to protect Paige's family. After all, he still had enemies in the Outer Region and when those people could not do anything to him, they might come to Paige who was weak. Or Estella who always played Mahjong overnight? Or Yihir who go club overnight?

Fortunately, it was a false alarm, and he still had some time to prepare. After all, if he exposed his identity now, it would be very troublesome for the Mooney family.

"Hmm." Paige was also stunned by Joseph's words. She reached out and waved her hand in front of Joseph and said, "Honey, are you okay? Are you angry? Are you mad that I think other men are strong?"

Joseph had nothing to say. He waved his hand and said, "No, how can I be angry with you? If the three of you insist on thinking that Dragon Temple Lord is a God-like man, so that's it. What do I have to be angry about? I have no grudges against him."

Paige was greatly relieved that she had just been really scared. She was afraid that Joseph would be angry. Fortunately, her husband was generous. She then asked Joseph excitedly, "Honey, have you ever seen that Dragon Temple Lord then?"

Joseph nodded and said, "Well, I've met him a few times. He has helped Frogua a few times in the Outer Region battlefield. That person's strength is strong. He is also handsome, which is comparable to your honey here. Besides, I heard that he is also very dedicated, he only loves one woman in his life! In the years of fighting in the Outer Region battlefield, he has always thought of that silly woman."

Paige's heart was still overwhelmed when she heard the front. But when she heard Joseph's last sentence about a silly woman, she was in a bad mood and said gloomily, "Honey, why does that Dragon Temple Lord like a silly woman?"

Joseph took a deep look at Paige and said, "I don't know about this. Or not stupid, it feels like that woman is the same as you. A woman who is not willing to think too much, simple-minded, easy to be bullied." Paige felt that Joseph was talking about her on purpose, but she had no proof. She could only huff and puff and glare at Joseph, saying, "I'm not stupid."

"Well, you're not stupid. By the way, if you asked me for that person's contact information, I don't have it. Without much else I'll leave. You frightened me..." Joseph said to Paige. He really wanted to go out and smoke a cigarette to calm himself down.

As soon as Paige saw Joseph was about to leave, she grabbed his arm and said, "Don't go, honey. Wait a minute."

"There's something else. Since you've seen the mysterious Dragon Temple Lord, have you ever seen one of the Four Divine Kings, Slaughter?"

"D*mn! You even know this?" Joseph stood up in an instant. In the future, if anyone dared to say that his wife was stupid, he would beat her to death. Paige even knew Slaughter. D*mn, did his wife master the intelligence department of the Outer Region battlefield?

Paige was also excited. She nodded excitedly and said, "Well, haha, my honey really know about it." Joseph nodded his head and looked at Paige nervously and asked, "Yes, I know. Why are you asking about Slaughter?"

Paige said anxiously, "Honry, it isn't my question, it is Zhaoge's. Wasn't she saved by Slaughter when she came back? At that time when Chaoge was in the car, she saw the scene of Slaughter saving her. She had been thinking about that butcher these days. So, honey, was Slaughter married? Did he have a girlfriend?"

The corners of Joseph's mouth twitched twice and he looked at Paige with unmistakable creepiness and asked, "So you're saying that Yin Chaoge likes Slaughter? Does she like that sluggish and boredom man?"

Paige nodded and said, "Well, that's right. Chaoge is really in love with that Slaughter. That's why I'm asking around for you on her behalf. Tell me, did that man get married or have a girlfriend?"

Joseph shook his head and said, "I haven't heard of it, I don't think so. Well, I'm sure there isn't!" Joseph was going to refuse, but after thinking about it, he gave Paige a very positive answer again.

"Yeah!" Paige jumped up instantly, incredibly excited. She asked Joseph again, "Well, if you meet Slaughter again in the future, or if you have time, you can ask someone to find his contact information and give Chaoge." Joseph nodded and added, "Well, okay, don't worry, I'll keep an eye on it."

Then, she continued to ask happily, "Honey, do you know any other strong, young, and unmarried men?"

Joseph asked cautiously, "Well, tell me first, what do you want to do?"

Then, Paige told Joseph about the requirements for the person Leng Yijun was looking for. After listening to her, Joseph felt even worse. He thought to himself, "F*ck, a few word person, handsome, cold and powerful, wasn't he Vanish? The Vanish King, one of the Four Divine Kings?"

"Honey, do you have any? If you do, introduce him to Yijun. Yijun is actually a warm and crazy person. She has been single for too long and she wants to get married too, but she can't find the right person." Paige was being affectionate.

Joseph nodded helplessly and said, "Well, okay, I'll keep an eye on it. I'll ask if I'm free."

"Well..." Paige was finally satisfied and sat next to Joseph. She hugged his arm and said with a sigh, "How nice it would be if Chaoge really got along well with Slaughter and if Yijun also found a Divine King level warrior to protect her. However, although that Divine King level warrior might be more powerful than you, you're still the best and most perfect man in my heart. With the man I love most, we can have a happy future together."

Joseph was in a bad mood at that time, almost losing his temper. He suddenly stood up and said domineeringly, "D*mn, honey, are you looking down on me? Even if your two friends can find two Divine Kings over, I can smash them in a minute! Your honey is much more powerful than them..." As Paige saw that Joseph was very angry, she realised that she had uttered the wrong word. She hurriedly got up, wrapped her arms around Joseph and began to pamper him. She then used her hands on Joseph's back to comfort him.

"Honey, don't be angry. That wasn't my intention. I believe you. You are the strongest in my heart. Even a Divine King can't compare to you. You are really the strongest, the God of War."

After hearing this, Joseph walked away. "I'm going out for a cigarette. You can play with Chloe first. She's going to school soon, so there won't be many days to play with her. Well, I'm going out to smoke a cigarette." Joseph was afraid that he would not be able to resist if Paige continued, so he rushed out.

Ten minutes later, Joseph came to the roof of an unoccupied abandoned building. He looked

like a depressed man squatting on the roof and smoked gloomily. Then he took out his mobile phone and made a call to Slaughter who was in the Outer Region battlefield. After the call was answered, Slaughter's respectful voice soon came from the other side, "Boss, what's up, anything else to do?" Joseph said coldly, "Nothing, I just have something to tell you. One month ago, the Yin Chaoge you saved at the border of Smycia, fell in love with you. I'll leave it up to you."

"Yin Chaoge? Who is she? She likes me, so do I need to do something about it? Kill her?" Slaughter's serious voice came from the other end of the phone.

"D*mn! What are you thinking about? You want to kill her just because she likes you? What the hell are you thinking about?"

"And the person you saved last time, don't you know who she is?" Joseph went berserk.

Slaughter on the other side of the phone was silent for a long time, and then the sound of weapons fighting came from there. After a while, Slaughter continued, "Well, I'm sorry boss, there was a Divine King trying to make trouble. I killed two of his subordinates and he ran away. Well, boss you can go ahead and give command, so do I need to go investigate Yin Chaoge now?"

Joseph, who was on the roof of Usmait, was in a mess in the wind. He was too lazy to bother him, thus he hung up the phone.

After that, Joseph made a call to Vanish. This time, he did not wait for Vanish to speak and said directly, "Vanish, I found you a wonderful girlfriend. If you have the time, come meet her in Usmait."

After a long silence on the other side of the phone, a voice came, "Boss, didn't you say last time that you wanted to give Gloomnight Organization a lesson? How about this, I'll go and kill the Divine King and all the warriors below the Divine King level. Then, you don't introduce me to a girlfriend, okay? I don't need that. I was just thinking about catching up with you as soon as possible and getting the title of 'Emperor'. Boss, Mr. Dawson, can I beg you?"

The cigarette in Joseph's mouth fell to the ground. He hung up the phone and was stunned.

At the moment, in the Outer Region battlefield, which had entered the night, Slaughter began to ask all the experts under his command to investigate Yin Chaoge's information. Besides, help him analyze the meaning of Mr. Dawson's words, whether or not to let him kill Yin Chaoge.

On the other side of the Outer Region battlefield, in the area controlled by Gloomnight Organization. Vanish, who was dressed in black robes, led several subordinates and rushed towards one of Gloomnight Organization's campsites.

Chapter 107

Joseph was feeling miserable. He finally understood the feeling of Ren Pingsheng when he was facing him at noon that day.

Both Slaughter and Vanish annoyed him a lot! Alas, they were both trained by him and were very close to him. Or did they have the same personality as him? However, it was very unlikely. He was such a devoted man who believed in love. How could the two be as excellent as him? Sigh.. Joseph stood on the roof and muttered to himself.

But at this moment, whenever he recalled how Slaughter and Vanish reacted when he was going to introduce a girlfriend to them, he was angry. One instantly reacted by considering if he should kill Yin Chaoge or not. Another one said that he would rather fight against the Divine King of hostile forces than find a girlfriend. D*mn it! 📌

The day passed quickly. The next morning, Joseph went to Chaoge Technology helplessly.

He had no choice. His silly wife forced him to do so. That day was Sunday and it was supposed to be a rest day. However, Paige kept urging Joseph to go there because Chaoge Technology had just started to run, and there was no weekend for them at all. Therefore, Joseph reluctantly went to Chaoge Technology.

On the way to Chaoge Technology, Joseph was depressed again. By right, the men under him were all very outstanding, be it Alpha 1 or the Four Divine Kings, ie Slaughter, Vanish, Gloom, and Combat, they were all top excellent men in the world. But why didn't those b*stards want to have a girlfriend? Besides, who said that having a girlfriend would affect their cultivation? What kind of bullsh*t logic was that?

Among them three, Alpha 1 didn't dare to have too much contact with Serena. Well, he just simply didn't dare. Slaughter didn't know what the love between men and women was, and Vanish was even stranger. Women were nothing in his heart. Anyway, it had been a whole night but when Joseph thought of their words, he still felt annoyed.

While he was thinking, he arrived at the gate of Chaoge Technology. There was a five-meter-high steel wall around Chaoge Technology, and there was an electric wire fence on it. There was a team of fully armed security guards patrolling the gate and the surroundings. It was heavily guarded. But to Joseph, those were nothing. Even if it was not him, any God of War level expert could easily destroy the seemingly tight security structures.

They could only defend against the sneak attacks of the experts below the God of War level.

Five minutes after Joseph arrived at the gate of Chaoge Technology, Leng Yijun, who was wearing a black suit, black stockings and black high heels, hurried over and welcomed Joseph in.

As Leng Yijun led Joseph to be familiar with the environment inside, she introduced the current condition of Chaoge technology to Joseph. There were several brand new buildings of about 30 floors in the courtyard, all with dark blue glass walls and they were fully operated by artificial intelligence. Everywhere gave off a sense of technology. Leng Yijun walked fast in her high heels. In fact, not only her, but also all the people in Chaoge technology were like that. Everyone looked very anxious.

Only Joseph was not in a hurry at all. He didn't really go here to be a security guard. He would only stay there for at most a month plus, and he didn't intend to take the salary. After more than a month, at the end of next month, he would completely announce his grand return, so he certainly wouldn't stay there any longer.

Leng Yijun led Joseph through the lobby of the first building and went to the security department in the backyard. At this moment, there were more than a hundred security guards with strong auras training at the underground training base beneath the backyard, and

there were all kinds of equipment around the field. Leng Yijun brought Joseph directly there. "Miss Leng, you've brought people here again?" Just as Leng Yijun led Joseph in, a muscular man in a black vest greeted Leng Yijun with a smile. The muscle man also glanced at Joseph. Leng Yijun nodded and said, "Yes, Zang Feng, this is Joseph, Mr. Dawson. From today onwards, he will be in full charge of the security department of Chaoge Technology. He will be the deputy general manager of the company. You have to cooperate with him!"

As soon as Leng Yijun finished speaking, all the security guards at the underground training base fell silent, and looked at Joseph unfriendly. Especially Zang Feng, his aura burst forth, and in an instant, an aura of Semi God of War level was emanated from his body. The rest of the security guards also released either four-star or five-star auras. All of them were pressuring Joseph. However, Joseph just smiled casually and didn't care much. Zang Feng stared at Joseph and said, "You? What qualifications do you have to command us?"

After Zang Feng finished speaking, several people behind who were at the peak of the five-star level immediately said to Leng Yijun, "That's right, Miss Leng. Isn't the third vice president of Chaoge Technology supposed to be Boss Zang Feng? Why are you looking for someone from outside now?"

"That's right, we're not convinced! Boss Zang Feng is an expert from the Usmait Police Department.. He's only one step away from the title of God of War."

The man who was obviously the subordinate of Zang Feng, objected to Leng Yijun with dissatisfaction. Leng Yijun frowned deeply and shouted at the group of people, "Shut up, all of you! It's up to me! This is the decision made by me and Miss Yin! It's not your turn to refute! If you have any problem, hold it in! If you don't want to do it, get out of here."

Leng Yijun's face darkened as she scolded them. She was very angry, but those faultfinders were obviously not convinced. Zang Feng and the others were still staring at Joseph with great dissatisfaction.

Leng Yijun's frowned even more. She turned to Joseph and said, "Mr. Dawson, I'm sorry. You can rest assured that I'll handle this matter well. Why don't you wait outside first? You're the one who was recruited by Chaoge and I. We won't let you lead a group of people who don't like you. Don't worry."

Joseph looked at Leng Yijun in front of him pitifully. He kept recalling what Vanish said about the uselessness of having a girlfriend. Alas, that woman was really pitiful. Joseph blurted out what he was thinking, "Miss Leng, I can't help you with finding a boyfriend. I really can't help you." Leng Yijun blushed and quickly said to Joseph in a low voice, "Mr. Dawson! I don't understand what you are talking about! I am going to help you settle the matter here now. Can you go out and wait for a while?" Leng Yijun looked menacing when she said the last few words.

When Joseph heard the words of Leng Yijun, he suddenly came to his senses and smiled. He gazed at Leng Yijun and said, "Haha, it's okay, it's just a bunch of rubbish. I can do it by myself without Miss Leng's help." When Joseph finished speaking, more than a hundred security guards at the training ground were enraged. They stared at Joseph with killing intent!

Zang Feng, who was at the Semi God of War level, shouted angrily at Joseph in a low voice, "Kid! What did you say?"

"Say it again?"

Joseph narrowed his eyes and said with a smile, "Well, since you didn't hear me clearly just now, I'll say it again. Listen carefully, I just said that you are rubbish, and the people you lead are just a group of rubbish who only know how to put on airs."

"How dare you say that the people who come from the Police Department are trash? Do you want to die?" At this moment, Zang Feng was completely furious. When he wanted to attack Joseph, he was shouted at by Leng Yijun, "Zang Feng! What do you want to do? If you don't

want to do it, get out of here! If you continue to be unreasonable, I will call Lu Tianbei! You..." Joseph waved his hand and interrupted her. He looked at her with a smile and said, "Well, Miss Leng, don't you just want to test me? Stop acting, is it fun? Just bring it on."

"Mr. Dawson, you misunderstood me. I'm not..." Leng Yijun immediately felt embarrassed when Joseph exposed her thoughts.

However, Joseph did not pay attention to her. Instead, he took a step forward, glanced at the hundreds of people present, and said, "Just now, your leader asked me to repeat my words, because he didn't hear it clearly. Maybe you also didn't hear it clearly, so I will repeat it. All of you here are rubbish. Now do you hear me clearly? Are you angry? Well, come on, you all rubbish can come at me together."

Leng Yijun was dumbfounded. She wanted to test Joseph earlier, but she only intended to let Zang Feng go to spar with him. However, she did not expect that Joseph would want to fight them all alone! Although Zang Feng was the only one Semi God of War among the people present, there were still dozens of five-star experts left. Joseph was only at the peak of Semi God of War, how could he beat everyone there?

At this moment, Leng Yijun broke out in cold sweats. It was no longer a test. Someone was going to get killed!

Moreover, Joseph was Paige's husband. If something happened to Joseph on his first day, how could she explain it to her? Therefore, the next moment, Leng Yijun hurriedly said to Joseph, "Joseph, don't make trouble! This is not a joke."

"I'm not joking with you, and I'm not joking with them, either. I don't want to waste time. Just let this group of trash come together!" Joseph said with a sneer.

"Impair him! I'll take the responsibility if anything happens! Kill..." The next moment, Zang Feng was enraged. With a loud roar, he clenched his fist and charged at Joseph who was five meters away from him. As Zang Feng attacked, the thirty plus five-star experts behind him also clenched their fists and charged at Joseph.

But in the next moment, Joseph only sneered disdainfully. His body instantly turned into a shadow and disappeared. When he reappeared, he was already in front of Zang Feng. Before Zang Feng could react, Joseph grabbed his wrist and swung the two hundred pounds Zang Feng with one hand. With a loud bang, he smashed Zang Feng to the ground.

However, that was not the end. At this moment, Leng Yijun was shocked to see that Joseph rushed into the crowd and kept attacking. Every time Joseph threw a blow and a kick, two five-star security guards would definitely be sent flying backward.

Soon, it was only ten seconds, and the whole world was quiet. The remaining dozens of four-star security guards, who were about to attack Joseph, stood still and did not dare to move. Yes, before they reached Joseph, those five-star warriors who were stronger than them and their boss, Zang Feng, were already passed out on the ground.

Yes, they were all knocked out by Joseph! At this moment, all the security guards who were still standing, as well as Leng Yijun in a suit standing on the side of the training ground, were all soaked in cold sweat. Joseph looked at the people who were about to come at him the moment before in the distance and sneered, "If you want to come, hurry up. I'm not interested in wasting time with you garbage!"

The remaining four-star security guards were all looking at Joseph in horror. They kept retreating, lowering their heads and shivering. The man in front of them was a God of Massacre. Moreover, they could see that Joseph had held back. Otherwise, those people would not have just fainted.

Leng Yijun gulped and said to Joseph with a pale face, "You, you, you."

Joseph gave her a faint smile. He looked at her coldly and said, "Miss Leng, please remember this clearly. It's not me who asked you to have me. It's you who looked for me. You know very

12:13 

well what happened today. If there is next time, I won't hold back. You should be ready to collect their bodies."

Joseph paused for a moment, and his eyes were cold. He asked Leng Yijun, "So, are you done testing me?"

Leng Yijun was so frightened by Joseph's imposing manner that she couldn't help stepping back a few steps. Joseph sneered. The reason why he didn't want to come over was that he thought it was disgusting. This time, he gave everyone a big shock at once, so that the stupid people would not keep provoking his patience one by one. After Joseph left, Leng Yijun suddenly saw the hollows on the alloy floor and the alloy wall of the training room. For a moment, she was even more shocked by Joseph.

He, he was definitely not as simple as an ordinary Semi God of War expert! ... He, who the hell was he! Leng Yijun was extremely shocked.

Chapter 108

"He... he's a God of War?" Leng Yijun was stunned. She blurted out while dozens of top medical staff of Usmait rushed in to rescue the unconscious Zang Feng and the others.

Fortunately, Joseph didn't attack too heavily, and coupled with the fact that Zang Feng and the others' physical qualities were still quite good, it didn't take long for them to regain consciousness. Although they were awake, they constantly felt the sharp pain on their bodies. When Zang Feng woke up, he looked at the ceiling with extreme despair and fear. He truly felt that he was about to die. He had never felt that death was so close.

"Yijun, Yijun, what happened? What's going on?" At this time, Yin Chaoge ran over in a hurry. After receiving the report from her subordinate, she had been calling Leng Yijun but she just couldn't get through.

When she arrived at the scene, she found that everyone was lying on the ground. Except for the sound of dozens of doctors giving first aid, there was no other sound. The security guards whom she and Leng Yijun paid a lot to hire were all pale and terrified. What worried Yin Chaoge most was that even Leng Yijun was the same.

"In... In less than ten seconds, he had knocked down dozens of five-star experts and Zang Feng. He was too... too... too strong," Leng Yijun swallowed hard and said to Yin Chaoge in great shock.

"Joseph is God of War?" Yin Chaoge asked Leng Yijun, because it wasn't something that a Semi God of War could do to knock down Zang Feng and the others in less than ten seconds.

In the face of Yin Chaoge's question, Leng Yijun shook her head and said, "I, I don't know. I don't know how powerful the God of War is. I suppose only those who have reached that level can know." Even though half an hour had passed, Leng Yijun was still in shock. Especially when she thought of the last sentence Joseph had said before he left, she became even more frightened. If she dared to find someone to test him next time, she would have to bear the consequences!

"Where is Joseph?" Yin Chaoge asked Leng Yijun. After thinking for a while, Leng Yijun replied, "He must have gone to his office. On the way here, I told him the location of his office."

"Then why are you still standing there? Go and find him quickly," Yin Chaoge said to Leng Yijun, "Whether Joseph is the God of War, why don't you ask him directly?"

"Oh, yes, let's go, Chaoge. Let's go find him quickly," Leng Yijun also came to her senses upon hearing Yin Chaoge's words. Then she went to Joseph's office with Yin Chaoge.

When the two women trotted all the way to Joseph's office, Joseph was checking the security record of Chaoge Group. Joseph only glanced at the record once and didn't pay much attention to it anymore. Because it was useless. Not to mention him, the security couldn't even fend off the killers of Outer Region who were at the early stage of the God of War level last time.

Just as Joseph was deep in thought, Yin Chaoge and Leng Yijun walked in. Leng Yijun fixed her eyes at Joseph. She took a deep breath and asked Joseph in an extremely solemn tone, "Joseph, tell me, are you an expert at the God of War level?" After Leng Yijun asked the question, Yin Chaoge also stared at Joseph.

Joseph smiled and looked at Leng Yijun, saying, "Haha. Try to guess?"

"Well..." Leng Yijun was stunned. She didn't expect Joseph would answer her like that. But just as she was about to continue asking, Joseph waved his hand to stop her and continued, "Miss Leng and Miss Yin, firstly, whether I am the God of War is my business, not yours. If you

think that I am God of War, then I am, and if you think that I am not, then I am not. Anyway, I will not give you a definite answer. Secondly! I said that I will only stay here for a month, and we will decide based on the situation later. If at that time you can afford to pay the price, I can stay. Provided that you two can pay the price! Well, if there is nothing else, you two can leave. I will upgrade your security system. Don't ask me why. You don't need to know the process. Just wait for the result."

Uh... Yin Chaoge was also stunned. That seemed to be her company, but at this moment she was driven out of her company? Moreover, she felt that Joseph was not joking at all because currently Joseph no longer paid attention to them. He lowered his head and typed crazily on the keyboard. He also contacted Qian Mian at the battlefield of Outer Region and asked for her help to upgrade the security system of Chaoge Technology. Even if it could not stop the killers at the God of War level, it had to hold them off for a while. Because as long as it could hold them off for a while, they would not survive. After all, Joseph was not Yin Chaoge's bodyguard and he would not be by Yin Chaoge's side all the time.

"Joseph, you..." Leng Yijun wanted to scold Joseph when she saw that his attitude was very bad, but in the next moment, she was pulled away by Yin Chaoge. Yin Chaoge shook her head at Leng Yijun and said, "Yijun, don't disturb him. Let's go out first."

Five minutes later, the two women returned to Yin Chaoge's president's office. Leng Yijun said to Yin Chaoge speechlessly, "Chaoge, what did you do just now? Even if Joseph is really capable and even if he is Paige's husband, his attitude just now is really unbearable. It's as if he is the master of this place. I'm so angry that I want to scold him. Why did you stop me?"

Yin Chaoge shook her head with a smile and said, "Forget it, it's okay. And don't forget that it's us who asked Joseph to come here. You also saw it at noon yesterday. He seemed to be really unwilling to come here. It was Paige who kept persuading him, so he agreed."

"Er... you seem to be right. But isn't Joseph's attitude too bad?" Leng Yijun said with some dissatisfaction, and her face darkened a little.

Yin Chaoge sighed and continued, "Sigh, why did you test him in the first place? If you were him, wouldn't you be angry? On his first day, you took him to the training ground where Zang Feng and the others were at, and even asked them to attack him. Aren't you the one who did this?"

"Uh... I, I, forget it, I won't argue with him anymore. You, as the president, don't even care, so I shouldn't care too much..." Leng Yijun sighed deeply.

After a while, Leng Yijun suddenly looked up at Yin Chaoge and asked, "Chaoge, do you really think he is a warrior at the God of War level? If he is, then he is the God of War in the battlefield of Outer Region. He is more powerful than Wang Tianhai, the God of War who is in charge of Usmit. Why would such a person be the head of security for us?"

Yin Chaoge shook her head and said, "He is an expert of God of War level, and he is about to make a breakthrough."

"Yes, what you said makes sense," Leng Yijun nodded hard.

The day passed quickly. After Joseph knocked out Zang Feng and dozens of five-star experts, no one in Chaoge Group dared to mess with him.

Previously when Yin Chaoge went to his office to look for him, he was still thinking about telling her about his leaving.

But as soon as he saw Yin Chaoge's pitiful look, he thought of Slaughter's words, "Who is Yin Chaoge? Does she like me? Do I need to kill her?" After hearing those words, Joseph felt endless pity for Yin Chaoge in his heart. She was so pitiful. She finally found someone she liked, but the other party was a blockhead.

At night, after Paige fell asleep, Qian Mian sent a message to Joseph from the battlefield of Outer Region, "Lord, the assassins from Outer Region have assembled again. There is a

Divine King level expert and ten God of War level experts that are about to enter the country. Furthermore, a group of Semi God of War level killers had entered Frogua just now.

After seeing the message, Joseph hurriedly asked, "An expert at Divine King level? Can you find out who he is?"

After a long pause on Qian Mian's side, she replied Joseph, "Lord, the other party is very secretive, but it seems to be from the killer group of Outer Region, the leader of Team 2, Bai Ye!"

"Bai Ye?" Joseph could not help but frown deeply. He was very strong. Three years ago on the battlefield of Outer Region, he had fought with Bai Ye once before he broke through. At that time, Bai Ye was already an expert at the middle stage of Divine King level, and he was also a dominant figure in the battlefield of Outer Region. He did not expect that the hostile forces of Outer Region could actually invite Bai Ye and enter the border at great risk.

"Lord, do you need me to inform Four Divine Kings? This time, Bai Ye will lead Team 2 to enter the border. I'm afraid that Alpha 1 and the others can't defend against them..." Qian Mian was a little worried. After all, assassins were good at hiding, let alone a Divine King like Bai Ye.

But Joseph soon replied to her, "Not for the time being. Don't inform the four of them. Now they are accumulating power, and they have reached the Semi Titan level. Don't disturb them. Besides, I'm still here. Don't worry, Bai Ye can't hide in front of me. If he dares to attack Alpha 1 and the others, he won't be able to walk out of Usmait alive."

After saying that, Joseph put away his mobile phone, and his eyes flickered. The reason why Bai Ye could form Team 2, a group of killers in the battlefield of Outer Region, was not only because of his own strength, but also because of his boss who was a Semi Titan behind him, Bai Hao, the leader of Team 1 killers in Outer Region!

But no matter whether it was Bai Ye or his boss, Bai Hao, if they dared to touch the bottom line of Joseph, he would make them disappear in the battlefield of Outer Region forever.
