

## Chapter 109

After thinking for a while, Joseph still felt that it was better to be safe. Therefore, he instructed Qian Mian to transfer all the people scattered all over the country to Usmit overnight. He must get the information of those killers who entered the country as soon as possible first. This was to ensure the safety of those around him.

This night, Joseph did not sleep at all. At midnight, he got up to communicate with Qian Mian again. He arranged all ten best guards to be by Paige's side. It was, however, not so dangerous for her at this time. After all, those opposition forces at the Outer Region had not noticed her existence yet.

Moreover, Joseph would have some energy reactions when a Divine King level sneaked into Usmit. As long as the other side made a slight move, he could target the other side's location using his energy.

However, it was still a bit troublesome as his wife and daughter were both here too. He also had to stay by Paige's side.

Once Bai Ye, the Divine King level, attacked Yin Chaoge on that day, Yin Chaoge would die for sure. And, he couldn't possibly arrive at Yin Chaoge's side in an instant. If he were to stay by Yin Chaoge's side, then what would happen to Paige and Chloe? Although he was ninety-nine percent sure that Bai Ye would not find them, what if he did? As time went by after he returned, more and more people came to know or discover his identity. Joseph stood on the balcony and smoked while frowning.

He knew it! He knew that Yin Chaoge was a troublesome woman! She was a huge troublemaker! Joseph rubbed his temples and finally accepted Qian Mian's suggestion to send a message to Vanish and Slaughter. He asked them to rush back overnight to stay beside Yin Chaoge and protect her. Next, Joseph asked Combat and Gloom to keep an eye on Outer Region's Team 1. If Bai Ye dared to make a move in Usmit, then just kill the whole Team 1. If it really couldn't work, he would go to the Outer Region in person.

"She's indeed a troublesome woman!" Joseph secretly cursed in his heart. In the end, he took out his mobile phone and sent a message to Terrance, "Terrance, I've got the news that Outer Region's Team 2 killers are going to enter the border. In fact, someone has already entered the border. It's confirmed that there is Bai Ye, a Divine King level. However, I'm not sure if the other side will send others as well! You guys also expect me to protect Yin Chaoge at all times. And, when a Divine King-level killer enters the border, I have to ensure the safety of my wife and daughter too. You guys should immediately send two Divine King here."

Joseph was so furious. Since everyone in the Frogua military knew that Yin Chaoge was a sitting duck, why did they still let her roam around so freely? Why didn't they hide her in a secret base?

They wanted her to stay outside? Did they really think that the Outer Region's forces were insignificant? What about them? D\*mn it, the other side even sent out Divine King level assassins.

After a long time, Terrance just replied, "I'm sorry, Lord Dawson. Something has happened to us here. It's something major. There are indeed a few Divine King in our military, but they can't leave right now. If they go to Usmit, it will take at least three days even at the fastest speed! Therefore, I would like to kindly seek your help in these three days.

Joseph frowned and quietly jumped down from the balcony. After he walked quite a distance away, he directly called Terrance. However, he heard Terrance's weak voice as soon as the line was connected. He said, "I'm sorry, Lord Dawson, something really did happen here. We could solve some problems, but we really couldn't mobilize the military's power in these few

days.

Joseph asked seriously, "What are you guys doing now?"

After a moment of silence, Terrance replied, "We're suppressing some restless forces. Don't worry, our military has been around for so many years. It's not an issue for us to kill them. However, it's really difficult for us to mobilize some people to Usmit in these few days."

After thinking for a while, Joseph said, "Fine, but remember, I owe you guys a favor after this!" After a long silence, then he replied, "Okay." 1

Then, Joseph hung up the phone. At this time, a few of Frogua military's Divine King level and God of War were fighting fiercely with some people in plain clothes in the depths of a thick jungle in the middle of Frogua.

Frogua's military was very strong, but the other side was not too weak either. They also had some Divine King level people, and even some Semi Titan level ones too.

After Terrance hung up the phone, he also grabbed his long sword and joined the battle again.

The rumbling sound of time reverberated in the silent depths of the mountain. From time to time, huge boulders would be smashed into pieces, and some God of War level people would fall off the cliff. However, Frogua military still had the absolute upper hand. The group of enemies they were fighting against continued to flee.

As soon as Joseph ended the call with Terrance, Qian Mian sent a message to Joseph, saying that a group of Semi God of War, and even God of War level killers had already gathered around in Usmit.

"D\*mn it!" Joseph cursed in his heart. The other side's movements were quick. Joseph looked at the time. It was already four o'clock in the morning, and the sky was about to light up. And it would take at least seven or eight hours for Slaughter and Vanish to rush back here. If those Outer Region killers chose to take action in the early morning on that day, then it would be too late.

"What the f\*ck! Terrance and Sebastian, you guys owe me a lot this time!" Joseph couldn't help and cursed. Then, he urged Alpha 1 and others to rush over to protect Paige and Chloe. He went directly to the Yin family's place. In these few hours before Slaughter and Vanish's arrival, he stayed beside Yin Chaoge. On the other hand, Alpha 1 and the others were also the outstanding God of Wars. Alpha 1 and Alpha 7 were even Semi Divine King already. Even if Bai Ye came in person, they could still resist him for a while. Moreover, if Bai Ye saw Alpha 1 and the others, he wouldn't dare to fight anyway. After all, Alpha 1 was his personal guard.

Therefore, Joseph went to Yin Chaoge's place. Seven to eight hours was his bottom line! On the way to the Yin family, Joseph became angrier and angrier. As the Lord of the Dragon Temple, when did he have to become a bodyguard for others? Well, he did become a bodyguard this time!

When Yin Chaoge returned, several Outer Region's God of War got killed already.

Moreover, he killed three of them one and a half months ago. However, it was still neverending at this time, wasn't it? And, they even sent out Divine King too? Joseph was getting furious. After he disappeared in the Outer Region's battlefield for more than two months, some people became bold enough to do whatever they want. He wanted to kill them, kill until they were afraid and traumatized of him! In this way, they would never dare to provoke Joseph again. No matter what Bai Ye and the others did this time, he must go to Outer Region to kill some people.

Paige woke up at seven o'clock in the morning and wanted to go out to work. Then, Alpha 1 was talking to her. Whereas, Serena, who was wearing denim with a ponytail on her head, had already gone to make breakfast for him.

Paige immediately became worried after listening to what Alpha 1 said. She quickly took out her phone and called Joseph, "Hello? Hubby, what's wrong? Are those killers' coming again?"

At this moment, Joseph, who was walking around the Yin family, nodded and said, "Yes, I received some news the previous night. Paige, you shall stay at home this morning. I'll go back in the afternoon. Don't worry about me." When Paige was about to say something, Joseph had already hung up the phone. Paige's expression suddenly turned anxious, and she looked at the sky eagerly.

Alpha 1 smiled helplessly. In this world, how many people in a dangerous place like Outer Region's battlefield could threaten Lord, let alone in a place like Usmait?

Thus, Alpha 1 comforted her and said, "Madam Mooney, what are you worried about? Boss is the God of War. He is known as the God of War in the Outer Region and is much stronger than Wang Tianhai, the God of War from Frogua in Usmait. Don't worry, boss will be fine. And, he will be back in the afternoon.

Paige still shook her head eagerly and said, "How could I not be worried? Do you also think I'm silly? I now finally know that it's also very dangerous for you guys in the Outer Region. There are Divine King above the God of War, and there is still another level above the Divine King."

Alpha 1 was taken aback and said, "Eh, Madam Mooney, you even know Divine King level experts?" Paige nodded and said, "That's right. Not only Divine King level experts, I've also heard from Chaoge that there's a Dragon Temple in Outer Region. Their Lord is a Titan level expert and is much stronger than God of War. That's why I'm going to be worried for sure."

"Um, Madam Mooney, you... you... are you talking about Lord of the Dragon Temple?" Alpha 1's eyes became extremely strange at this moment. He thought to himself, "Madam Mooney, don't cause trouble. You are with the Lord of the Dragon Temple now every day."

## Chapter 110

As he murmured, a passer-by dressed in a suit passed by the Yin family's main gate fell onto the ground. Rather, his fall was like a prelude. Within a few minutes, seven or eight people fell to the ground one after another too. There were men and women involved. However, their hearts and necks were pierced by a stick at this moment. They were all killers who sneaked in here. Those killers were gathering in the Yin family's place. They planned to wait for Yin Chaoge to come out of the Yin family's place at half-past eight to Chaoge Technology. Then, they'll attack her. However, they did not expect that Joseph would arrive here before them at four o'clock in the morning.

At this moment, Joseph went into the Yin family's place after killing them. It seemed that the other side was going to take action on that day, but he didn't know whether it was just a test or a final hit. He also didn't know whether Bai Ye had sneaked into Usmait already.

The speed and efficiency of these killers were faster than what Joseph had imagined.

Even if these people were all God of War level killers, they were only experts from Outer Region's Team 2. Joseph was not afraid of them. What he cared about at this time was Bai Ye. He had just killed those killers because he was luring others. He pretended to be at the God of War level. He just wanted to see if he could lure Bai Ye out later. If he could lure Bai Ye out, everything else would be solved and simplified.

Therefore, Joseph swaggered into the Yin family's house from the main door in the next moment. And not long after he entered, three killers dressed in black robes with masks covering their faces appeared. They exuded God of War level energy and appeared on the top of the building opposite the Yin family's house. The three killers stared at Joseph and narrowed their eyes.

One of the killers looked at Joseph's back and said, "This person is very strong. Judging from the degree of his attack a while ago, he is at least at the peak of the God of War level. He is at the same level as us, and he hides it extremely well!

The other God of War also nodded solemnly and said, "Yes, I agree. I was wondering why Team 10 and 9 died in Usmait. It turns out that there is a strong person hiding in here. But do you guys think this man is at the Divine King level?"

The last God of War killer shook his head and said with a sneer, "I'm afraid that no more Divine King Level experts will be sent from Frogua to Usmait these few days. Don't ask me why. They are being held back by some forces. They are still in the midst of a war, so I'm judging that the person in front of me is at most a Semi Divine King expert. He is at most in that level only."

The killer who spoke at the beginning said in a serious tone, "Nevertheless, don't be careless. No matter whether Team 10 and 9 got defeated by this person, we still have to be extra careful. I suggest that we wait for the leader to come over first. Then, nothing will go wrong for us.

However, as soon as the killer finished speaking, another God of War killer shook his head and said, "Ah, when the leader comes, Frogua's Divine King will be here already too. Do you honestly think that Frogua doesn't know at all when someone like our leader of Divine King Level enters? Will there be no one monitoring the situation? Now that Frogua military's Divine King Level is being held back, this is the best opportunity for us to take action! Moreover, even if the person a while ago is a Semi Divine King, we could possibly resist him. Don't forget that we still have other seven members behind us that have also entered the border. With the strength of the ten of us, even if the person is a Divine King, we can kill him."

The last God of War killer took a deep breath and said, "Let's not struggle anymore and give it a try. If it doesn't work out, then we'll give up. Do you think that Lord Bai Ye is coming because he wants to do it in person? When the leader enters the border, his greatest use is to restrain some of the most powerful people in Frogua. The final chance to attack still goes to us. Do you want the leader, who is a Divine King Level, to kill a weak woman himself?" After he finished speaking, the three of them remained silent, and they were calculating their moves in their hearts. The next moment, their mobile phones suddenly vibrated. They all received the secret signal that the other seven members, the weakest of whom were also at the God of War peak level, had already arrived. The three of them felt relieved immediately. Thus, they looked at each other and nodded. Then, all of them lay on the roof, and a flash of light appeared on their clothes. After that, all three of them disappeared on the roof. Their clothes could reflect sunlight and temporarily make them invisible to the naked eye. This was because they were special combat uniforms.

Just as the three of them were lying still on the ground, Joseph, who had entered the Yin family gate, showed a trace of coldness on his face. As expected, there were three of them, or maybe more than that. There were even God of War level experts in the distance. And, his mobile phone also began to vibrate. Qian Mian was reporting the news to him again. Joseph looked down and found out that it was indeed Qian Mian who messaged him. Ten Outer Region's Team 2 God of War peak-level killers had all entered Usmit. They were really quick. As soon as the outside world got the news, they had all sneaked in already. Joseph continued to go further inside and the coldness in his eyes became even stronger.

At the same time when Joseph stepped into the Yin family gate, there was a ship sailing toward Usmit. It was only 800 miles away on the sea from Usmit. At this moment, a handsome man dressed in a white suit and leather shoes was standing on the open-air balcony at the top of the ship's deck, looking in the direction of Frogua's Usmit. The man had an evil smile on his face, and he was playing with two milky-white night-luminescent pearls in his hands. He was Bai Ye, the leader of Outer Region's Team 2! He had fought with Joseph, who had not broken through to the Titan level three years ago and even survived!

At this moment, he had secretly breakthrough to Semi Titan level and be on the same level as the boss's existence! However, there weren't many people who knew his true strength.

But in the next moment, he frowned because he had no intention of hiding himself completely this time when entering Usmit.

He was intentionally or unintentionally showing his arrival to the Frogua military. The reason why he did this was that he was not the one who was going to kill Yin Chaoge. It was the Outer Region forces that would be doing it instead. In fact, they also secretly sent out someone at a Semi Titan level to assist too. Bai Ye was just trying to distract or hold back the top strong forces of Frogua in Usmit from getting involved.

Indeed, this was what he needed to do. And at this moment, he had already broken through to the Semi Titan level. Thus, he had absolute confidence. Sebastian, the Frogua's Titan level, was old already. He was really old. Even if Bai Ye could not defeat Sebastian, he was still sure that he had the chance to escape.

Moreover, if there was no other way, they could join forces with the Semi Titan level who had secretly entered the border from Frogua's Xi Jiang. If they did join forces, they could fight with him and escape unscathed even if Sebastian came in person! Moreover, the hidden Semi Titan level person had already entered the border. And, they could reach Usmit that afternoon.

However, at this moment, Bai Ye felt that something was wrong, because he was sure of Frogua military's ability to monitor.

The other side must have noticed his arrival already. However, until this moment, he was less than five hours away from Usmit already. Yet, there were still no signs of any strong person coming to stop him.

"Could it be that the battle in the central part of the Frogua is not over yet? The hidden force in Frogua for so many years has held Sebastian and the others back?" Bai Ye frowned and thought to himself. Then, he took out his mobile phone and gave some instructions. Soon, his mobile phone started to receive messages one after another. Bai Ye looked at them and laughed.

"But, oh dear, Sebastian... I originally wanted to fight with you this time. The worst case scenario was to send Terrance come or dispatch some Divine King level military to come here. Well, you guys can't come at this time anymore in the end. Alas, then I'll take the lives of Yin Chaoge and the Yin family. Honestly, this is not challenging at all. Alas, this mission is so simple," Bai Ye laughed to himself.

At this moment, he also received requests from his subordinates to take action. It was said that the Yin family had someone suspected to be at the Semi Divine King level. The Team 2 members had ten experts at the God of War peak level, and two of them had even reached the Semi Divine King level already. They wanted to hold onto this opportunity because they knew that the master of the Yin family was likely to relocate Yin Chaoge out of the place.

Bai Ye thought for a moment and replied with a smile, "Okay, let's do it. I'll be there in the afternoon. Before I arrive, it's also a good thing if you guys already destroyed the Yin family."

Later, Bai Ye and Outer Region's Team 2 members began to secretly condense their energy on the building in front of the Yin family's house in Usmit, some secret places in the distance, and on several main routes that the Yin family wanted to get out of using car.

The other party had already discovered their people. Later, the Yin family's Semi Divine King would definitely escape with Yin Chaoge. Therefore, it would be their turn to attack when the other side came out of the Yin family's house!

Bai Ye smiled at the top of the ship deck, while the ship continued to sail in the distance under him.

The reward for this mission was so lucrative that even Bai Ye was tempted. At this moment, he thought that this mission was extremely simple. When the Semi Titan level sent by those forces arrived at Usmit, the leader of the Yin family was already in front of him...

## Chapter III

At this moment, a lot of people gathered in the main hall of Yin Zheng's house. The atmosphere in the hall was extremely solemn. Cold sweat kept flowing down from Yin Zheng's face. Yin Kun and his looked very pale. And there was a strong and deep sense of fear in their eyes. Usmait's God of War, Wang Tianhai, and Eason, the God of War who rushed down from Vowhye the late previous night! Yes, he was Eason, Sebastian's grandson! There were also Felix, the central region's God of War, as well as Yin Chaoge and Leng Yijun, who were sitting inside there. Not only that, several other descendants of the Yin family were present too.

Wang Tianhai also got the news the previous afternoon, and then he quickly mobilized his men to come over. He also asked for help from the Vowhye's side, but only Eason came. They really couldn't shift any manpower from their side. Therefore, Wang Tianhai had no choice but to request his close friend, Felix, to come here. On one hand, Felix was at the God of War peak level, which was a level higher than him. On the other hand, the most important thing was Felix could get in touch with that Lord. If the Lord was willing to reach out and help this time, then everything would be fine.

But since Wang Tianhai told Felix the previous night that he wanted to ask for Mr. Dawson's help, Felix lost courage. Because Mr. Dawson still had to protect Madam Mooney. To ask him to protect Yin Chaoge? Not to mention anything else, did he honestly think that Yin Chaoge deserved Dragon Temple's Lord from Outer Region protection? What kind of joke was that!

Therefore, the atmosphere in Yin Zheng's main hall felt extremely strange at this moment. Yin Zheng's lips trembled and his eyes were full of fear as he spoke to Wang Tianhai, "Mr. Wang, do we need to flee away from Usmait?"

Wang Tianhai also nodded with a very serious look, "Well, have you packed up everything? After that, let's go to the central region's military base. There are several assassins from the Outer Region who are at the God of War peak level. They are very strong, and can't stay any longer in Usmait anymore. But don't worry, we are the three God of War around here too. Thus, we could safely escort you guys back to the central region's military base. Moreover, the central region's military strength is indeed much stronger than that of the Usmait's military, and their weapons are also more advanced. Even if there are seven or eight God of War here, they dare not attack the central region's military directly!" Indeed, Wang Tianhai received some news. Even the message from the Frogua's military that he received the previous day did not mention that Bai Ye, the Divine King level has entered the border. He was even more unsure that the people who entered the border this time to kill Yin Chaoge includes two Semi titan level and Semi Divine King, eight God of War, and more than hundreds of Semi God of War.

"Nonsense! What escort! Just stay put." At this moment, they heard an angry roar coming from outside the door in the distance. In the next moment, everyone saw Mr. Dawson, who was dressed in black. He looked angry as he slowly entered from outside.

"Boom!" Yin Zheng, Yin Kun, Wang Tianhai, Felix, and the others immediately stood up the moment they saw Mr. Dawson. Yin Zheng and Yin Kun were extremely shocked. Their mouths and eyes were wide open. They didn't expect that the master who was in charge of Usmait would really come.

The next moment, Yin Xizhou, a junior of the Yin family, Yin Kun's grandson, stood up and shouted at Mr. Dawson, "Who are you? How dare you talk to Mr. Wang like that? Get out of here now!"

"Come on! Someone come and chase him out now!" At this moment, Yin Xizhou also wanted to show off in front of Wang Tianhai and the other three God of Wars. He foolishly rushed

forward to Mr. Dawson and was about to chase him out with his men. Yin Zheng and Yin Kun, who were still in shock, had no time to react. When they were about to speak, Yin Xizhou had already rushed to the front of Mr. Dawson.

"Get lost!" The next moment, Mr. Dawson roared and slapped Yin Xizhou hard. He not only flew away, but his body also moved back to the house at a faster speed. He hit the glass door and a big hole emerged. Then, he continued to fly backward until he fell after hitting the wall. He vomited blood and passed out. Mr. Dawson did not hit him hard. He only wanted this fool to lay on the bed for half a year.

At the moment when Mr. Dawson slapped Yin Xizhou away, more than a hundred guards around the Yin family suddenly rushed toward Mr. Dawson. At this moment, they were also very afraid of him, because Yin Xizhou was not a good-for-nothing. He was a five-star level, but he still got slapped away by the man in front of them. It could be seen that the man in front of them was really strong. Yin Chaoge was shocked when she saw this. She hurriedly shouted to the people outside, "Stop! Go back!" Following that, Yin Chaoge stopped the guards and hurriedly turned around. She gritted her teeth and said to Yin Zheng, who was in the hall, "Grandpa, granduncle, I'm sorry. He is Chaoge Technology's new security head. He might have acted in a hurry just now. Please don't blame him. I'm so sorry."

Mr. Dawson's expression instantly became extremely gloomy when he heard Yin Chaoge's words. He said, "Do I need someone like you to plead for me? Do you want your grandfather and granduncle to have a try of my skills?"

"Get lost, you troublesome woman. Move aside and stay still..." Mr. Dawson, who was extremely unhappy, pulled Yin Chaoge, who was in front of him, aside and made her return to her seat.

Yin Chaoge felt absurd when she saw Mr. Dawson's movements, and her expression face changed wildly. The next moment, she got up again and reached out to point at Mr. Dawson. When she was about to scold him, Leng Yijun, who was next to her too, also looked different. She was about to scold him too.

Mr. Dawson had gone too far. Even if he was Paige's husband, all the people present on that day were top big shots in Usmit. Mr. Dawson would be finished in the event if something went wrong.

However, just as Yin Chaoge and Leng Yijun were about to scold Mr. Dawson, they suddenly saw a scene that completely shocked them.

Because Yin Zheng, Yin Chaoge's grandfather, and Yin Kun, her granduncle, knelt in front of Mr. Dawson and looked extremely frightened. When Yin Zheng heard what his granddaughter had said to Mr. Dawson earlier, he was extremely frightened. "D\*mn it! She must be joking with me. I can't stand a joke like this. How could you ask the Giant level of the Outer Region to be your security guard? F\*ck." 

Yin Zheng was so scared that his whole body was shivering and his face looked extremely pale. Yin Kun had the same look. Earlier on, his grandson attacked him? He was in a bad mood at this moment.

"Lord, I'm sorry. I really don't know that silly girl, Chaoge, dared to recruit you to Chaoge Group. I'm really sorry. Lord, it's all my fault. It's Yin family's fault," Yin Zheng said to Mr. Dawson with great fear.

Mr. Dawson snorted, lowered his head, and said with a sneer, "Old man, don't pretend to be innocent in front of me. Haven't you been scheming this for a long time already? Do you think I'm st\*pid? Well, haven't you got my wife's best friend to get involved with your granddaughter to tie me up? Haha, old man, you really are such a scheming person. But how dare you plot against me? You're finished. I'll get even with you after this matter is over!"

Yin Zheng's face became paler, and his heart was filled with bitterness after hearing this. Indeed, he never thought that his plan could deceive Mr. Dawson. However, he had no choice

but to do so when Wang Tianhai, the God of War from Usmait promised to protect the Yin family already. However, Yin Zheng, who had been adventuring his whole life, did not think so. He knew very well that Wang Tianhai could not protect the Yin family. For example, when the Outer Region's assassins attacked again this time, Wang Tianhai could only take them to flee. But could they really flee successfully? If they could safely reach the central region's military base, then it would be very safe. But who knew what would happen during their journey there? Could they really reach the central region's military base alive? Yin Zheng did not believe that, and he had no sense of security at all.

Therefore, he could only put his hopes on Mr. Dawson. Even if he would anger him because of this, he would not hesitate to do so. Anyway, he was about to die. His granddaughter was the one he loved most. She had grown up in his arms and became the true phoenix of the Yin family. That was why he dared to plot against him. It didn't matter even if he had to die for this.

At this moment, Yin Chaoge and Leng Yijun, who were standing beside them, were completely scared out of their wits when they saw this scene.

That was her grandfather, the master of the Yin family, the second top family in Usmait! At this moment, he was kneeling in front of Mr. Dawson and apologizing to him? At this moment, Yin Chaoge felt that her life was in a mess, and she was no better than Leng Yijun. Her mind went completely blank as she looked at the scene in front of her eyes.

"Grandpa, grandpa. You, you... he, he, he... Who is he? Grandpa, don't scare me!" Yin Chaoge stammered to Yin Zheng.

Yin Zheng lowered his head and turned around. He continued to kneel to Mr. Dawson and said, "Sigh, Chaoge, stop asking. You just need to know that you are fine. This time, our Yin family will be fine too. Hurry up and thank Lord!"

"Me...?" After hearing Yin Zheng's words, Yin Chaoge looked at him again. At this moment, Mr. Dawson immediately sat at the host's seat. For a moment, she felt extremely strange and didn't know what to do. She thought to herself, "Should I kneel down and thank him?" She refused to accept this in her heart.

"Forget it! Old man, let's settle our affairs. We'll talk about your problems later. Now, be quiet and listen to my arrangements!" Mr. Dawson, who was sitting on the host's seat, waved his hand and said angrily. As soon as Mr. Dawson finished speaking, everyone was extremely quiet. He remained seated while Yin Zheng and Yin Kun, both knelt respectfully in front of him. Wang Tianhai and Felix bowed their heads respectfully and stood up. Eason stood up too. Yin Chaoge and Leng Yijun looked at the scene in front of them in a daze and ordered Mr. Dawson, "Wang Tianhai and Felix, take the people of the Yin family to our underground fortress later. Don't you all ever come out before I come back!"

"Yes!" Wang Tianhai and Felix accepted the order respectfully. Mr. Dawson looked at Eason again and frowned. Then, he asked him a question.

"And, who are you?"

At this moment, Eason's heart was not much better than that of Leng Yijun and Yin Chaoge. He was extremely shocked. Who was this person in front of him? It seemed that he was about the same age as him, but his aura made him feel terrified. When did such a scary person exist in Frogua? This person's aura seemed to be no worse than his grandfather, Sebastian.

Eason was extremely shocked and said subconsciously, "I... I am Eason, from Vowhye.

Mr. Dawson frowned and said unhappily, "Are you Sebastian's grandson? The grandson who just broke through to the early stage of God of War? Why are you roaming around like this? Go back to Vowhye this afternoon. Don't make trouble here!"

"Uh..." Eason was stunned. When he heard what Mr. Dawson said, he didn't feel good at all. The people of the Yin family in the hall also felt extremely strange. He was Sebastian's grandson, the grandson of the highest commander of the Frogua's military, who had the

strength of a God of War. Did he just get taught a lesson by the person in front of him? In an instant, everyone couldn't help but look at Wang Tianhai and Felix, the two senior God of War. Then, they were surprised to find that these two people were actually nodding slightly. Obviously, they agreed with what Mr. Dawson said.

Eason was extremely depressed, but under the pressure of Mr. Dawson's monstrous aura, he couldn't even raise his head. He could only stand there like a fool and looked like a mess... Indeed, at this moment, he looked like a mess in front of Mr. Dawson. He was once the strongest and outstanding genius in Vowhye. And when had he been criticized like this by someone?

Eason was stunned, but Mr. Dawson ignored him. In Mr. Dawson's heart, he felt that Eason was here to make trouble. Sebastian had fought and dedicated his whole life to Frogua. It was not easy for him to have a grandson who had broken through and became God of War. The Parks family finally had a successor. If Eason died here, the blow to Sebastian would be unimaginable. Moreover, the whole Frogua would be in chaos if Sebastian lost his grandson. There was no need for Eason to be here! He was unnecessary and only going to cause trouble!

The next moment, Joseph looked at Leng Yijun again and said, "And you, Leng Yijun, haven't you been beating around the bush while trying to test my strength all this time? Well, then you can pretend to be Yin Chaoge and go out with me. Now you two should quickly take off your clothes and put on this fake human skin mask. Hurry up, I will give you five minutes at most!" After saying that, Joseph threw a simulated mask at Leng Yijun. The mask was made according to Yin Chaoge's face. Leng Yijun and Yin Chaoge have similar figures. However, some body parts were bigger. It should be fine by tightening them.

"Um, me," Leng Yijun was also stunned.

"And what about you? Then, go ahead..." Joseph could not help but shout at Leng Yijun when he saw that she was still standing there in a daze. Then, Yin Chaoge dragged her to the bedroom beside them to exchange clothes.
