Chapter 85

Chapter 85

Joseph, Paige arrived in Usmait City around the same time as Yahir and Estella. When everyone arrived, the Mooney family were also amazed by the magnificent and grandeur of Usmait City, which was incomparable to Oplen. In Usmait, luxury cars could be seen everywhere on the street. The house in the suburbs was worth millions Yuan. In other words, the suburbs of Usmait City was just like the downtown of Oplen. What was even more shocking was that Joseph took them to a high-class residential area in the city center and lead them to a double-storey house. There were five bedrooms with an area of more than 180 square feet. Estella and the others were shocked. They didn't expect that Joseph had a house in Usmait. Paige felt surprised too. Joseph just explained with a smile. He had bought it in Usmait a few years ago, and it was much cheaper at that time. After he said that, his family did not ask anything more. Soon, Estella and the others started washing up, Since they all came by plane, when the luggage and everything arrived at home, it was already late at night, so everyone was busy the whole night. At 11 o'clock in the night, Chloe fell asleep. After a long journey, Paige and Joseph walked to the balcony. While drinking coffee and enjoying the cool night wind, Paige said, "Honey, thank you. Thank you for preparing a house. Otherwise, we'll have to prepare it when we arrive." She was very grateful to Joseph. Standing next to her, Joseph took a sip of coffee and nodded with a smile. "Well, in a month, I will arrange for Chloe to go to school. Let's start all over again. Honey, what kind of job do you want to find? When do you plan to do so?" After thinking for a while, she said, "I want to find a market management job. I will find it the day after tomorrow. I have to meet someone tomorrow. Do you want to come along?" Joseph raised his eyebrows and asked, "Who is it? Do you want me to go along?" Paige thought for a moment and said, "Well, let's go together. It's the senior I told you before, Leng Yijun, she thought about meeting me today. It's just that we've just arrived and didn't unpack anything yet. So we are meeting tomorrow. I haven't seen her for many years. B to hear her opinion about Usmait. After all, she has been in Usmait for around six years already. What's more, she is doing well now." Joseph thought for a moment and said, "Well, I have nothing to do anyway, I'll go with you tomorrow."

She nodded with a smile. Joseph looked at her and his heart skipped a beat. He put down the coffee, walked up to her, put her coffee aside, and held her hand.

The moment she was held by Joseph, her heart beat faster. She lowered her head and whispered with a blushed face, "What, what do you want to do? Joseph held her in his arms

in her ear, "I don't want to do anything. I just want to hug you. Honey, we haven't slept together since the night of the wedding. Now Chloe has fallen asleep. Let's go to sleep." Hearing Joseph's words, Paige blushed and lowered her head. She said in a low voice, "Don't. Chloe is still in bed. If she wakes up, it will be terrible." Joseph was a little depressed. He liked his daughter very much, but on this matter, it was quite troublesome. Previously, when he was not around, Chloe had

been sleeping with Paige every night. Now that he had suddenly returned, Chloe had been sleeping between both of them every night. It was so troublesome when he wanted to do something. "Then... why don't we lower our voices? You think you can keep your voice down?" Joseph was still unwilling to give up and continued to whisper in her ear. She bit her lips and wanted to say no, but she couldn't bear it. After all, Joseph had sacrificed too much for her, and she was already his wife. Finally, she bit her lip and whispered, "Okay." Then her whole body softened. Joseph was extremely excited when he saw that she had agreed. He returned to his room with her in his arms and placed her on the bed. Then, he lay behind her and hugged her from behind. (Million words hidden here.) Early in the next morning, she went to take a shower and changed into a new set of clothes. However, she looked much healthier with blush, she exuded the aura of a mature woman. "Paige, why are you blushing? Do you have a fever?" Serena looked at her blushing face and couldn't help asking. Paige glared at her. "I don't have a fever. Go and eat your breakfast." Estella walked up to her and whispered with a smile, "Paige, Chloe has grown up now. It's time for you and Joseph to let her learn to be independent. Isn't there an empty room downstairs? Let's let Chloe sleep there in the future." Estella didn't mention anything about Paige and Joseph, but when she heard that, her face became even more red. She lowered her head and said, "Mom, it's okay. The bed in our room is huge, we have enough space." Estella smiled meaningfully, "Paige, listen to me. You are married to Joseph, so you have to change a lot of habits. And letting Chloe sleep alone is good for her, listen to me, you won't go wrong. If you are worried, you can accompany Chloe until she falls asleep." She blushed and didn't know what to say to Estella, because she felt that Estella knew everything. At this moment, Joseph also came out of the bedroom, feeling refreshed and energetic. Joseph smiled and said hello to the Paige and Estella, and then went to play with Chloe. Estella nodded at Joseph with a smile. Then, she touched Paige and said, "I'm serious. Think about it. It's good for you, Joseph, and Chloe. You should consider it." With a blush on her face, she nodded and said, "Okay, mom." After breakfast, Joseph and Paige played with Chloe for a while. Then, Joseph drove Paige to the place where they wanted to meet Leng Yijun. In a high-end western restaurant in downtown Usmit City, a lady was wearing a long black dress and high heels. She was a beautiful woman with long hair and a slim figure. Paige's senior was sitting there elegantly. She was called the most beautiful girl in college, just like Paige. She had a cold personality. She didn't have many friends. The only friend she had in college was Paige, who was a year younger than her. Moreover, she hadn't contacted Paige for a long time. After she graduated from college, both of them had not contacted each other. It wasn't until a few days ago that she took the initiative to reach out to Paige. She had talked a lot with Paige. She knew about Paige's current situation, she knew that Paige was already married, and that her child was already four years old. But what worried her was Paige's husband who had been gone for several years. Although he had retired and returned, she felt that it was not worth it for Paige. She felt that Paige must have been deceived.. Well, Paige did not tell her the truth before, including the fact that she had been raising Chloe alone in the past five years, and the fact that Joseph had been expelled from the military, she said that Joseph was just retired early But no matter what, she had always felt like she was Paige's sister. She had to help her sister to check if her husband was reliable! At this moment, Leng Yijun looked at the WhatsApp location Paige sent her and mumbled, "Silly girl, why didn't you tell me when you were dating that man? I really don't know what you were thinking. That man left for five years, and you could still bear it. You are too kind. Silly girl, don't be cheated." It was not her fault for thinking so, because she had seen too many different kinds of men in Usmit City. She had seen men from different social class, those who had fought hard to become rich, and all kinds of

young masters. She had seen a lot so she no longer trusted men so easily. She was very afraid that her kind-hearted sister would be deceived by a jerk and lost her money and dignity without realising it. Fortunately, they were in Usmait now. This time, as a sister, she had to personally guard a pass for Paige and see if the man was reliable or not! If he was not reliable, she had to persuade her silly sister to be more careful. But half an hour later, when she really saw Joseph with her own eyes, she directly changed the idea in her mind. Because she felt that Piage's husband was really impeccable. "Nice to meet you, Miss Leng. I've always heard Paige mention about you. My name is Joseph, Paige's husband." After Joseph entered the private room, he took the initiative to smile politely and greet Leng Yijun. Joseph was wearing a black suit. He was tall and had a perfect figure with a sincere and clear gaze, he was wearing a neat and meticulous outfit. He was very handsome. There was an indescribable temperament on him, and he was full of confidence. In an instant, she was stunned, because she had never seen such a perfect and delicate man like Joseph for so many years. Her momentum subconsciously weakened a little. She answered Joseph with a smile, "Nice to meet you, my name is Leng Yijun. Nice to meet you." After saying a simple greeting to Joseph, she couldn't help but be curious about Joseph. From her experience, very few men could hide anything in front of her. However, she felt that she couldn't see through the man in front of her, Joseph. It was the first time that she had met a man whom she couldn't see through.

"Miss Leng, it's been a while. You're still so pretty..." Paige smiled and greeted Leng Yijun. She had mixed feelings. Once upon a time, she thought that she might never see this senior again. This senior who had helped her in college and always saved her from harassment. This was because she had given birth before getting married, and then she had lived alone with Chloe for more than four years. Now that Joseph came back and married her with the identity God of War of Outer Region, she had the courage to live again and the confidence to come to Usmait, a magnificent well developed big city. Finally, she could meet him again. Moreover, she found that Leng Yijun had become even more outstanding. She had an indescribable temperament and momentum in her words and actions. This was exactly what Paige wanted and pursued. In other words, even in a big city like Usmait, Leng Yijun was also following the fashion trend. Leng Yijun smiled and hugged Paige. She had mixed emotions too. She then couldn't help but blame Paige, "You didn't even tell me about your marriage. You already have a child. Haiz, you've already walked ahead of me, but your husband looks quite handsome. Paige, thank you very much. I'm very happy that you can come to Usmait." "Right, thank you, Leng Yijun. But I still need you to take care of me in Usmait in the future. I haven't been to work since I graduated from college. I feel that I am completely out of touch with society." Paige told Leng Yijun with a sigh. Leng Yijun took Paige's hand and sat down beside her. She said, "Don't worry. You are very capable. Paige, I trust you. I believe that you can have your own career in Usmait." Paige nodded and asked Leng Yijun with a smile, "Leng Yijun, what are you doing now? Can you tell

me?"

"I am now an administrative manager of Yin Group. By the way, Paige, you haven't heard of the Yin Group, have you? Let me tell you, the Yin Group is one of the top three organizations in Usmit City. It's very powerful. Recently, I heard that Yin Zhaoge, the beautiful daughter of the Yin Family is coming back from abroad. She has also brought back a lot of patents and scientific research techniques. She is very capable. I feel that the Yin Family will definitely succeed this time. Paige, do you want to work in the Yin Group? I can arrange it for you." Leng Yijun said while fiddled with her hair. "Yin Group?" Joseph, who was sitting opposite the two ladies, was slightly moved. He remembered that the day before yesterday when he came to Usmit City, there seemed to be an old man from the Yin family following him. Did Yin Group mentioned by Leng Yijun at this moment related to Yin Zheng? And now, Leng Yijun still wanted his wife to go to work in the Yin Group. Joseph thought for a moment, and then took out his mobile phone under the table. He sent a message to Dennis, who had stayed in Usmit City, and asked, "Help me to find out about Yin Zheng. Does the Yin Group belong to his family? If not, does it have anything to do with them?"

After Joseph sent the text message, Dennis quickly replied, "Yes, Mr. Dawson. Please wait a moment. I'm discussing business with Yin Zheng, the head of the Yin family. I'll ask him now. But Mr. Dawson, can I ask you why you want to ask about the Yin Group? If you need it, I'll buy it directly." Joseph replied, "No, I was just asking casually. One of my wife's senior, Leng Yijun, is a senior executive of the Yin Group. She is a capable woman. She also wants my wife to go there, so I wanted to know more about it.

All right, you can ask Yin Zheng." "Okay, Mr. Dawson. Please wait a moment. I'll report it to you later." Dennis respectfully replied.

If their conversation was known by outsiders, the whole Usmit would be shocked. The content of the conversation was too generous, they planned to directly buy an unknown group. However, Joseph felt that there was nothing wrong with it, because it was very simple. If he wanted to buy a group in Tianhai City, he did not need to check the background of the other party. Anyway, it was not as big as his. Well, it was so simple. At this moment, in the reception hall of Yin family, Dennis was talking about something with the head of the Yin family, Yin Zheng. He put away his mobile phone and asked Yin Zheng, "Mr. Yin, Mr. Dawson just asked me to ask you if your Yin family has anything to do with the Yin Group in Usmit City? We have been there for a short time, so there are many things that we don't know."

At this moment, when he suddenly heard from Dennis that Joseph was asking about the relationship between the Yin Group and the Yin family, Yin Zheng, who was drinking tea, suddenly dropped the teacup he was holding. His face instantly turned pale. The next moment, Yin Zheng fell to his knees in front of Dennis and said in horror, "Mr. Drake... Mr. Drake, you have to save me. I don't know how Yin Group of Yin family offended Mr. Dawson. I really have no idea. Please help me to tell Mr. Dawson, I'll investigate it right away. I'll let Yin Group rectify. Mr. Drake, please help me." "Uh... Actually..." Dennis was also shocked at the moment when he saw Yin Zheng suddenly

ing in front of him. He said in a daze, "Well, Mr. Yin, please get up first. It's not what you are thinking. It's a senior of Madam Mooney who is a senior executive in your Yin Group, called Leng Yijun. She wants to bring Madam Mooney to work in

Yin Group." "What? Mr. Drake, are you kidding with me? Does Mr. Dawson's wife still have to go out to work?" Yin Zheng asked in disbelief. He still knelt on the ground and did not dare to get up, because Joseph killed a superior of the God of War so easily that day. He was really

frightened. In front of Joseph, who was so powerful, not only the Yin family but also the Shangguan family, who ranked first in Usmit City, were not compatible with him. They could be destroyed easily. Dennis said with some hesitation, "Don't ask about this, and don't get involved in it. Well, get up quickly. You are scared. You are the head of a top family in Usmit City..." Dennis glared at Yin Zheng speechlessly. A trace of fear flashed in Yin Zheng's eyes, and then he stood up embarrassedly, but he cursed in his heart. "Dennis, I don't believe that you are not afraid when you first knew the real identity of Mr. Dawson in Oplen. How dare you judge me?" Of course, Yin Zheng didn't said this sentence out. Then an idea suddenly pop out in his mind, and his eyes lit up in an instant. The senior of Mr. Dawson's wife was in his own company? And it seemed that Leng Yijun had a good relationship with Mr. Dawson's wife. This is a great opportunity, an opportunity for my Yin family.." Yin Zheng's mind was instantly active. Dennis did not aware of Yin Zheng's look, nor did he know what he was thinking. Instead, he quickly replied to Joseph. In the private room of the western restaurant, Joseph, who was drinking tea, looked at Dennis's reply with a strange look. He looked up at Leng Yijun in a strange way, and then looked at his wife's excited look. He was speechless. "Honey, you don't know that the group ranked first in Usmit is ours..." Joseph looked at Paige's excited expression and rubbed his temples in frustration. He didn't want to tell her everything so soon. He wanted her to get used to it slowly and regained some confidence. Well, was she going to be a small employee in the company under his command? On the other side, she asked Leng Yijun, "Leng Yijun, is Yin Group so powerful? Which company is ranked first and second in Usmit City?" Leng Yijun said with a longing face, "The second place on the list is the Shangguan family's group, called Usmit Corporation. The first place is Junlin Group. Junlin Group is the most powerful group. They don't have the support of the prestigious families in Usmit City. But in less than ten years, they became the top one in Usmit City, and the founder of Junlin Group was also the most capable one. It was said that he had established Junlin Group in college, and then he succeed at once. He is a legend." Cough cough... Joseph was suddenly choked by the tea when he heard that. It seemed that Leng Yijun was talking about him? And what did his wife's admiring look mean? Because the next moment, Joseph saw that his exceedingly beautiful wife, Paige, was now asking Leng Yijun with an expression of worship, "Leng Yijun, is the founder of Junlin Group really so powerful? You just said that the Junlin Group has been established for less than ten years. Does that mean that the founder of Junlin Group is about the same age as us?" "Yes, Paige, the founder of Junlin Group seems to be the same age as me. He is your senior. He is a real talent, and is no weaker than Yin Chaoge from the Yin family. He was very impressive. However, he was gone five years ago." Paige was stunned and then asked, "What? He is gone? How could that be?" Leng Yijun said with a sigh, "Alas, yes, he disappeared. I heard that he was being hunted down, you should also know that such a person is too outstanding. However, recently, there were rumors in Usmit that the legendary man had returned. That was because the chairman of Junlin Group had died the day before yesterday. The executives of the Junlin Group had all been replaced." As she spoke, she was still feeling regretful, "Haiz, it would be great if that legendary man really came back, and then the future of Usmit City would be more exciting. And I always wanted to see that man. That legendary man... uh..." As Joseph listened, his mouth couldn't help twitching. He was extremely

speechless deep inside. "Is it really appropriate for these two sisters to praise me and worship me so much in front of me?"

"What's wrong? Does Mr. Dawson also know about Junlin Group? Just now, when you heard us talking about Junlin Group, you seemed to have a strange look on your face." Leng Yijun glanced at Joseph and asked. As if she had come to her senses, Paige looked at Joseph and asked, "Right, honey, were you not in Usmaït five years before you went to the Outer Region? Do you know about Junlin Group?" Paige looked at Joseph with expectant look Joseph felt speechless. His silly wife actually asked him this question. However, Joseph still didn't show it on his face. He pretended to know something and said, "Well, I've also heard that that person is very capable. But I didn't expect that now the Junlin Group is the best in Usmaït City." Leng Yijun nodded with a smile and said to Joseph, "Well, of course. That man was a legend, but he disappeared after that. At that time, I just came to Usmaït for an internship. I heard of

that man's legendary story as soon as I came here, but I didn't get to meet him. Well, Mr. Dawson, you are very similar to that legend. You left Usmaït five years ago and came back now. Mr. Dawson, wait! Your family name is Dawson?" While Leng Yijun was talking, her facial expression suddenly changed. (This novel will be daily updated at)The next moment, she stood up as if she got an electric shock. Because! Because she suddenly thought of something. She seemed to have heard that the family name of the legend in Usmaït City was also Dawson! And just now, Paige said that Joseph had left Usmaït five years ago. It was exactly the same as the time when the legend disappeared! "Hmm? Yijun, what's wrong with you? Joseph's family name is Dawson. What's wrong? Is there a problem?" Paige asked innocently. Leng Yijun waved her hand and spoke to Paige while staring at Joseph. "No, Paige, you don't know that the family name of the founder of Junlin Group was also Dawson! He suddenly disappeared from Usmaït five years ago as well. After Leng Yijun finished speaking, Paige also looked at Joseph in confusion. Joseph smiled and looked at the two ladies speechlessly. "Well, there are so many people with the family name Dawson. Do you think I am the founder of Junlin Group? There are more than twenty thousand people in Usmaït City. You are doubting me?" "Uh, how is that possible? How can I be so capable..." Joseph smiled speechlessly. After hearing his answer, Leng Yijun patted her chest and said, "Oh, I'm scared to death. I thought I met the real person. Okay, let's stop talking. Let's order quickly." Paige also smiled and said to Leng Yijun, "Yes, Yijun, you think too much. My husband has no business talent. When he started a small company in Usmaït, he was framed by someone. People's hearts are unpredictable. At that time, Joseph was almost killed by that person. Joseph is too kind-hearted and too easy to trust others. Come and order. Today, I want to have a nice meal with you." Leng Yijun, who had just calmed down, was worried again when she heard Paige talking about Joseph. She looked at Paige with a serious expression and asked, "Paige, are you joking? Your husband started a company in Usmaït, and he was framed and almost killed by someone? Stop teasing me." Then Paige said in a daze, "No, it's true. After that,

Joseph went to the Outer Region battlefield. Let's stop the discussion. Let's order food, I'm hungry." Leng Yijun turned her head and looked properly at Joseph, who was sitting opposite her. She was stunned. The man in front of him was too mysterious and confident. She had seen countless successful people in Usmit, but none of them had the same aura and confidence as

Joseph, Was the legend who had established the Junlin Group Joseph? The legendary man also had the same family name, Dawson. He was also framed by his most trusted brothers and then disappeared for five years. All this was in line with Joseph's experience. But if the man in front of him was really the legend of that year, it was too... too shocking. At this moment, she kept her doubts about Joseph deep in her heart. This matter was too incredible. She felt that Joseph should not be the legendary man of that year, but she had doubts in her mind. She did not say anything more and just ordered the dishes with Paige. Anyway, today was the first time she met with Paige and Joseph. As for whether Joseph was the legend of Usmit five years ago or not, there would be plenty of opportunities to verify it in the future. As for Joseph, he smiled and glanced at Leng Yijun. At this moment, he was already very depressed. He sighed secretly. (This novel will be daily updated at)These beautiful women were definitely not as stupid as they were described on the Internet. Instead, they were very smart and very accurate intuition. Before this was Paige's best friend, Bethany, but at this moment, it was Leng Yijun. "Haiz." Joseph was feeling a headache. All the girls around his wife were extremely smart, but his wife was a little silly and kind. With her silly and sweet look, could she really make a living in Usmit City with her own efforts? At this moment, Joseph had deep doubts in his heart. As it was Sunday today, Leng Yijun did not go to work, so after lunch, Paige wanted to stay with her for a little longer. After all, they had not seen each other for more than five years, so they had a lot to say to each other. So Joseph went back alone. When Joseph first arrived home, he saw Alpha 1 chatting with Serena in the pavilion downstairs. They were too far away, so Joseph didn't know what they were talking about. Anyway, Serena was very happy, and she looked at Alpha 1 with admire look from time to time. "Hmm, does this guy want to pick on Serena?" An unbelievable idea flashed through Joseph's mind. Then he walked toward the two of them. When Alpha 1 and Serena saw Joseph coming over, the two of them ended their conversation with a smile. Serena greeted Joseph and then left. Alpha 1 also stood up, stopped smiling and greeted Joseph, "Mr. Dawson." Joseph looked at Alpha 1 and asked, "What's going on between you and Serena? I saw that you two were chatting happily just now. Are you two in a relationship?" Alpha 1's expression immediately stiffened, and then he quickly waved his hand and said, "No, Mr. Dawson, what are you talking about? How could it be possible between me and Miss Mooney? She's your sister-in-law. I don't have the guts to do that. I'm looking for you for some matter. Then you're not at home so I wait for you here." Joseph nodded and said, "It's okay. If you really like Serena, I won't stop you. If you like her, you can go for it." Alpha 1 almost cried when he heard that, because he really didn't have the guts. After thinking for a while, Alpha 1 said bitterly, "I really have something to discuss with you, and it's hard to make it clear on the phone. I need to tell you something." Alpha 1 was about to cry. He didn't expect that the serious and strict Mr. Dawson would joke with him in private. Looking at Alpha 1's anxious look, Joseph asked, "Is there really something wrong? Well, just tell me. I want to know why you can't explain it on the phone." Upon hearing this, Alpha 1's face became extremely serious, and he whispered, "Mr. Dawson, it's about the Dawson family. About the Dawson family in Vowhye that chased you out that year." "Dawson family?" Hearing this, Joseph's facial expression suddenly became cold, and a trace of

coldness flashed in the depths of his gaze. Alpha 1 nodded seriously and said, "Yes, Mr. Dawson. When you and Paige held a Hundred Cities Wedding in Oplen, and the Dawson family in Vowhye also knew about it. And they also know that you met Terrance to get the identity of the Outer Region God of War. Because of this matter, the Dawson family held a family meeting. Timothy, the side-branch of the Dawson family, and Sinclair, had gone all out to welcome you back to the Dawson family. However, your father opposed it. In the end, your father compromised and promised to let you go back. So yesterday, your granduncle and Sinclair, had arrived in Oplen. But he didn't know that you had come to Usmaït, so they failed to find you. But he was now rushing to Usmaït. I think he will come to you today or tomorrow..." Hearing this, Joseph sneered and said, "Ha, bring me back to my family? Who said I was going back? Or do they think that I will go back if they ask me to go back? How naive. When that woman forced William to chase me out of the Dawson family, no one stand with me. Haha, now that they know that I have the identity of the God of War, they want me to go back? Haha, do you think I will agree?" Alpha 1 nodded slightly sarcastically and said, "Well, of course you won't go back, Mr. Dawson. Your granduncle and Sinclair, just came here in vain. I am very clear about this. But Mr. Dawson, I am talking about another thing. The woman of the Dawson family, Lin Feiling, who chased you out of the family back then, has already taken action."

Hum... Joseph's heart was filled with disappointment, and the ambiance cool down instantly. Joseph narrowed his eyes and asked, "That woman, what does she want to do? Have you found out?" Alpha 1's eyes were ice-cold as he nodded and said, "Yes, we did. That woman has gathered dozens of top killers and spent a lot of money to hire them. They had gone to Oplen with Sinclair last night. But the same thing happened, they couldn't find you. According to the news from our brothers, those killers are also gathering in Usmaït. We think that they will come here tonight." After he paused for a second, Alpha 1 hurriedly said, "But Mr. Dawson, don't worry. We already knew the whereabouts of those killers. Alpha 7 and Alpha 9 were now heading for their base camp. As for Miss Mooney and her family, we had arranged for people to protect them. It was absolutely safe! Those killers did not have killers at the level of God of War. (This novel will be daily updaed at)Moreover, Lin Feiling could not hire a killer at the level of God of War. After Alpha 1 finished speaking, Joseph fell silent. After a long silence, Joseph took a deep

once planned to give up my hatred for the Dawson family? I don't want to have anything to do with them in the future. If I say so, do you believe me?" Alpha 1 nodded seriously and said, "Well, Mr. Dawson, I believe you! You don't want to kill too many people for the sake of Miss. Mooney and Chloe, but Mr. Dawson, I have to say that people are usually like this. Sometimes we don't want to take revenge but there are always some self-righteous idiots who come to us." Joseph nodded and said, "Well, yes, some self-righteous idiots will come to seek for their death."

At the next moment, Joseph's gaze became ice-cold. He took a deep breath and said slowly, "I wanted to give my father an opportunity, but since that woman insisted on messing with me, then don't blame me for being ruthless! Alpha 1, tell Alpha 7 and Alpha 9 to collect evidence that Lin Feiling hired killers to kill me. Also, when my granduncle and Sinclair arrives, ask him to come to me tonight, and I will give him the heads of the killers as gifts." A cold sneer appeared at the corner of Alpha 1's mouth. He answered slowly, "Okay." Hired a bunch of Semi God of War-level killers to assassinate the Lord of the Dragon

Temple? This was the most powerful person in this world. (This novel will be daily updated at)This might be the biggest joke since the founding of Frogua. No one would go back alive tonight. As for the woman in the Dawson family in Vowhye, she was doomed. She could escape five years ago, but this time, no one can save her. After Joseph left, Alpha 1 turned around and looked to the direction of the Dawson family in Vowhye. He murmured, "Isn't it good to stay alive and enjoy your glory and wealth? Why do you have to seek your own death? Why are you so ignorant? so stupid!"
