Yan Xi frowned slightly, but she didn't say anything and turned around to go downstairs.

Fu Yuhuai held the small cake and quietly watched her figure disappear at

His fox eyes, which always had a smile in them, were now emotionless.

Today, Xi Jingxing specially stayed at home to work.

Yesterday, he had originally wanted to go to the sanatorium to pick Yan Xi up. But before the car could get on the highway, it was rear-ended by another

car. Although it was a false alarm, he still had lingering fears. Six years ago, on that day, his wife had fainted and was diagnosed with

The car was severely damaged, so he le the driver to handle the relevant

face that could be described as disfiguring. His heart ached when he saw her, and only then did he remember that his daughter was seriously ill.

Last night, Yan Xi fell asleep a er she returned home. He stayed outside her

door until late at night and had even forgotten to ask Chen Xiangxiang about

But when Yan Xi rejected Chen Xiangxiang's bone marrow donation just now,

he sensed that Yan Xi seemed to be a little unhappy with Chen Xiangxiang.

She was acting very suspiciously, and I was just worried that bad people would sneak into the banquet..."

It's no wonder that Chen Xun had such a misunderstanding. "It's not your fault." Xi Jingxing helped Chen Xun up. Butler He was about to explode in anger. If it isn't Chen Xun's fault, is it Eldest Miss' fault then?! "Sir!" He was excited and couldn't help raising his voice a little. "Does Eldest

As long as Chen Xiangxiang stays here, they'll get to interact for a longer time. By then, Yanyan will naturally be able to see her merits and take a liking to her. "I'm sorry, I was wrong for doing that." Chen Xun pursed his lips, and his attitude was respectful. He even took the initiative to bow to Butler He. The attitude he had when he apologized was top-notch. Butler He didn't buy it. "You don't have to apologize to me. You should be sorry to Eldest Miss!" Xi Jingxing couldn't help frowning as he felt that Butler He had gone overboard. He was clearly very well-behaved in the past, but why did he "That's enough!" Xi Jingxing said with a calm expression. "You should stay here tonight," Xi Jingxing said. "You can accompany Xiangxiang as well. I'm afraid she's not used to it." Yanyan is so sensible, and Chen Yuchen has even hugged her when she was young, so she can't possibly be so rude, right?
