

The stars are originally a pair - Physical Education Class c7

"Xie Sheng, count the number of people, see if all of your seven classes have come?" The physical education teacher is different from the teacher of the culture class, there may be one or two people who are absent from the culture class, but not the physical education class, after all, the physical education class can be free as long as the physical education teacher has completed the tasks assigned.

However, Xie Sheng has not finished counting, the physical education teacher joked: "Forget it, no need to point, anyway, I think the people are all together, your class teacher and I spat that ah, if only your usual class attendance was as high as physical education, hahaha, other teachers envy the high attendance rate of physical education ah, but they also envy not ah."

Because he was a physical education teacher, Chen An and the students of Class 7 always got along well, although Class 7 had a bad reputation, but their sportsmanship was very good, especially because there were some boys in Class 7 who were on the school's basketball team and often discussed basketball with Chen An, especially asking him about some knowledge about defense and offense on the basketball court, so compared to other teachers, Chen An was very fond of leading the physical education of Class 7. The

"Okay, next is the warm-up exercise, and then the physical committee will take two laps, and then everyone is free to move around, are you having fun?" Chen An smilingly looked at the crowd standing in the warm sunshine.

"Teacher, two laps is so much, how about one lap?"

"Yes, how about one lap?"

"Teacher, let's treat you to something to eat, can we not run?" Su Zhiqing said very loudly, drowning out the voices of the others.

An Xingyue stood beside her and was suddenly startled by her, then rolled her eyes extremely indecently ㄟ(ˊ-ˋ)ㄟ.

"Hahahaha, yes, teacher we buy you something to eat, so we won't run, okay?"

.....

Compared to class three and a few other classes that were in gym class at the same time, class seven was simply not too noisy and rowdy.

Chen An helplessly glanced at the other classes, and then glanced at the teacher in the next door, and saw the teacher's eyes contained gloating, Chen An was stuffed.

Then he touched the tip of his nose, looking at a pair of shining eyes, deliberately stretched his voice and said: "Of course.... The first thing you need to do is to take a look at the actual website. Moreover, I heard that the boys in our class and the third class of this physical education class about the basketball game, we quickly dismissed to have more time to prepare, the girls can also take a good position to see your favorite teenage boy playing basketball."

In fact, Chen An does not know why this group of rabbits so do not like to run, from the beginning of senior year, many times to ask a question, even if you know the results, still do not die.

Perseverance is commendable. (¯▽¯)

Hearing Chen An say so, the seventh class people also quiet down, originally did not think really can not run, but every time the physical education class to go through this process, in case really one day do not have to run it (~¯▽¯)~.

After all, the people of Class 7 still finished their warm-up exercise and ran two laps under the leadership of Xie Sheng.

"Well, now Xie Sheng can go to get sports equipment, everyone can later go to watch the basketball game or take the equipment to play, after class, Xie Sheng to count all the equipment put back to the equipment room, now dismissed, remember to pay attention to safety when sports later." Chen An finished his explanation and went to the basketball court, later the basketball game he had to be the referee with the physical education teacher of class three.

After she got the volleyball, Su Zhiqing asked An Xingyue once more if she really wasn't going to play volleyball with her.

"Zhiqing, I really won't go, I don't know anything about volleyball, and you forgot that you didn't ask me to buy drinks to accompany Night Xiu Chen?" An Xingyue stood under the shade of a tree looking at Su Zhiqing, the sunlight speckled on her body.

"Right oh, then I'll accompany you, so that Night Xiu Chen won't get down on your face later." Su Zhiqing felt that although night Xiu Chen is a little different to Xing Yue, who knows how much bottom line he set for An Xingyue, Su Zhiqing afraid that he suddenly turn his face away, not to give Xing Yue any face, so it is better for her to follow, at least when night Xiu Chen turn his face, she can help Xing Yue.

"No, you go play volleyball with the others, I can do it alone, do you see me that is the kind of person who is easily bullied?" An Xingyue don't know why Su Zhiqing always think she will be bullied, An Xingyue think she doesn't look like that kind of little pitiful

look ah, why always worry about her being bullied, she think usually she is quite high and cold, and not many people dare to provoke her.

Hearing An Xingyue say so, Su Zhiqing rubbed her chin with her hand, her eyes scanned An Xingyue from top to bottom, thought she was right, and left with the people waiting for her.

An Xingyue was left alone in the shade of the tree.
