

## The Ugly Wife Returns: She's Gone Viral Chapter 13

Just as Chloe was about to rush toward Yvonne, she was stopped by the bodyguard beside her.

She glared fiercely at the bodyguards and assistants behind Yvonne, suppressing her anger.

Yvonne said to the bodyguard, "Let her come over. We're all artists from the same company, so why hurt the peace?"

The bodyguard withdrew his hand.

Chloe walked to Yvonne's side and said to her, "I have something to tell you alone."

"Sure."

The two entered the conference room.

The moment the door was closed, Chloe gritted her teeth and rushed forward. She raised her hand to give Yvonne a slap in the face.

However, Yvonne had anticipated this. She blocked it with her hand, and at the same time, she retaliated with a slap of her own.

Slap!

The sound was crisp and clear.

Chloe covered her face and retreated, staring at her in disbelief. "You dare to hit me?"

Yvonne was domineering. "You dared to hit me first, so why wouldn't I do the same? Is my face not more expensive than yours?!"

Chloe yelled, "Yvonne! What dirty tricks did you use?! Who were you with last night?"

Yvonne did not shy away. "George Greig. What's wrong with that? He and I were together all night. I thought you knew."

Chloe screamed angrily, "You! Are you declaring war against me? George is my man, and you shamelessly seduced my man! You aren't worthy! What are you arguing with me for!?"

Yvonne's beautiful eyes sharpened as she said, "Chloe, I should be the one to ask you this. What are you arguing with me for?! You said that he was your man, but why don't

you have the ability to watch over him? If you had the ability, you could control him. Why did you give me a chance to seduce him?"

Chloe went mad. "He just uses you as a pastime! In his eyes, you're just a rude b\*tch and a rag that comes when she is called!"

Yvonne did not care. She retaliated angrily, "Oh! Chloe, speaking of which, I'd like to thank you. If you hadn't given me this opportunity, how could George and I have been together..."

Chloe was taken aback. "What do you mean by that?"

Yvonne smirked as she answered, "Last night, you spiked my wine, didn't you? Didn't you want to send me to John Thwaite's bed? You wanted to create a scandal, didn't you?"

Chloe was speechless.

Yvonne sneered and chuckled. "However, I didn't drink the wine. I gave it to George instead. Ms. Cooper, what are you doing? Are you playing with fire and burning yourself?"

"You—!"

Yvonne's sarcasm was like setting off a dynamite barrel, and Chloe's lungs seemed to explode with anger.

Yvonne bared her white teeth. "Are you so afraid that I'll snatch him away? Chloe Cooper, this is just the beginning. You have to cheer up a little. Otherwise, how can you play with me? George Grieg alone wouldn't be enough. I want more than that. I want your gigs and your ambassadorship."

"Shameless!"

Chloe wanted to give her another slap, and Yvonne did not even block it that time.

She just stood there and took Chloe's slap. People outside the door happened to hear the commotion and rushed in.

"What happened!?"

"Yvonne!"

A group of people rushed in, including the entertainment director Mafalda, as well as some foreign media reporters.

They immediately picked up their cameras and took a few pictures when they came across the scene.

Chole's head buzzed. She did not expect the reporters to be there!

"Ms. Cooper, what are you doing?"

Yvonne's manager, Carmen Lancaster, stood in front of Yvonne to protect her.

Yvonne covered her face, her eyes red and teary. "I don't know... Ms. Cooper suddenly attacked me verbally and slapped me. Then, she said she wanted me to return the ambassadorship to her."

"Ambassadorship? Are you talking about Chanul's endorsement?"

Yvonne sobbed, "Yes... Maybe. Chanul canceled Ms. Cooper's endorsement and invited me to be Chanul's Global Spokesperson. Ms. Cooper holds a grudge against me... Ms. Cooper, we all belong to the same company. Why can't we talk like civil people? Chanul chose me as their spokesperson. It was the brand's choice, not mine. Why do you want to vent your anger on me?"

Chloe was livid.

Earlier, Yvonne was the one who cornered her.

Then, Yvonne complained about her in front of the media reporters and the company staff!

How could she change her emotions so quickly?

"That's not what you said earlier! Weren't you bragging about Chanul's endorsement? Didn't you provoke me, saying that you would steal all my resources? Why are you playing the victim now?!"

Yvonne was even more aggrieved. "When did I show off? Is this something worth showing off?"

Carmen smiled, but her tone was angry. "Yvonne would never use these things to show off. Yvonne has plenty of brand endorsements! She is a luxurious businessman, and Chanul's endorsement is just one of them. Our family has always been humble and low-key. No, we don't need to bluff others with these endorsements. Ms. Cooper, you can't deceive us, and you shouldn't bully Yvonne.."

Yvonne added, "Perhaps... Global Entertainment signed me with a lot of money, and you're afraid that I'll compete with you for the position of Global Entertainment's Darling!"

Chloe replied, "Yvonne, you're such a bloodsucker, aren't you?"

Mafalda glared at Chloe. "Chloe! Please calm down."

"Mafalda! Are you protecting her too? I've been with Global Entertainment for so many years, but I haven't been this angry!"

"Yvonne has been building her career for many years, but she has never met such a scheming person!"

The reporters on the side began to whisper.

"Chloe is such a deceiving woman."

"Yeah, she must be worried that Yvonne will sign with Global Entertainment, and she will lose her status in Global Entertainment from now on."

"However, she has to pull her weight. Her status is nothing compared to Yvonne. Yvonne is an internationally renowned actress."

Anne hurried over and held Chloe back. "Chloe, calm down. There are reporters here. If you continue behaving like this, the reporters might report that you're bullying others!"

Everyone knew that Chloe had a good relationship with Global Entertainment.

It was not uncommon for her to hide behind the protection of the Cooper and the Grieg Families while she threw tantrums in front of media reporters, making their lives difficult.

Those reporters have held grudges for a long time, and they were eager to make a fuss out of situations that would implicate Chloe.

Chloe endured her hatred and left.

"Yvonne, are you alright?" Carmen lifted her hand in distress.

Yvonne was not stupid. She was able to dodge slightly, and the slap did not do much damage to her.

Yvonne secretly stuck out her tongue at Carmen, and Carmen immediately understood. Carmen was stunned, and then she glared at Yvonne with a smile.

"Okay, as long as you're fine."

She turned around and said, "I'm sorry! Something went wrong. I'll take Yvonne to get some makeup done, and then I'll do an exclusive interview with friends from the media."

“That’s fine.”

“Ms. Palmer, you must keep a low profile in Global Entertainment in the future.”

“You’re a big celebrity, but there are people in Global Entertainment who support Chloe. You have to be careful and don’t confront her head-on.”

Yvonne quickly thanked her. “Thank you for your concern from the media. I’m fine.”

...

Chloe slammed the studio door open and sat down on the sofa in anger, trembling all over.

Anne walked in and sat beside her to comfort her. “Chloe, don’t be angry. Why do you have to be angry with her?”

Chloe growled, “She’s a b\*tch! Do you know who she was with last night?”

“Who?”

The words were stuck in her throat. “She... She was with Georgie!”

“She actually dared to seduce Mr. Grieg?”

Chloe’s face was ashen. “Why do you think I’m so angry? She said that this was just the beginning! She’ll rob me of everything in the future! Endorsements, film appointments, business, she’ll snatch them all away! She wants to challenge me and to wage war with me!”
