

Chapter 21

Everybody was glad it was Friday because as people left the premises people were either tired or excited to party the rest of the weekend. Hyeri was one of those people as she didn't stop talking the whole day about how huge the mansion was going to be and somehow they'd all managed to find some of the girls from their work that were going to it and find out the details.

"Alright, I spoke to one of the girls and they said it's now at a hotel inside a ballroom. She says not to worry because the hotel has a huge pool open all night, bars in different corners of the hotel and we could sleep in a hotel room on a higher floor if we wanted." They all nodded.

"This is so stupid." Rosè muttered to Sana who instantly smacked her arm.

"It'll be fun! You need to get laid love" The blondes face heated up in embarrassment as the rest of the girls nodded in agreement. She definitely expected that from Sana, she told everybody the truth regardless of their feelings. Sometimes it came in handy, other times it made them cry but she couldn't help it. She has a good heart and is actually heading to become a surgeon one day. Apart from the fact she couldn't hold her thoughts or feelings in she always held a smile on her face and anybody could notice her fiery red hair from across the room.

Her pale complexion fit perfectly with her stunning green eyes and freckled face. She wasn't tall however seemed to stand above Rosè around an inch, although Hyeri does say Rosè taller than everybody her best friend knew for a fact that's because she's smaller than most people. Rosè met Sana when she began college along with Suzy, although she's a lot closer to Sana since they share a dorm she's still great friends with the brunette who only lives a couple doors down and also shares a room with her best friend.

Hyeri did try to change rooms when we first began their first semester because once upon a time Suzy and Hyeri did not get along. They constantly argued to begin with but Rosè figured it was because they're both hard-headed and stubborn, neither liked to back down to each other but once they'd settled in and had a taste of college life they started to work things out. It was great that they did because the college wasn't allowing Hyeri to change to Rosè room as they stated if they did that for her they'd have to do it for everybody. Of course she had a temper tantrum and threatened the school with her money her father had but once she soon started to live with Suzy they got along well.

"Sana!" The redness in Rosè face deepened as they all burst out laughing at her tomato looking face.

"Your so cute!" Sana pinched her cheeks but she swatted her hand away in annoyance of her.

"Always Ms innocent." Hyeri chuckled before they continued.

"Who's driving?" They all turned to Rosè who instantly shook her head.

"No chance! That means I am in charge of you three and we all know how that turned out." Rosè crossed her arms sternly so they turned to each other questioning who before Sana finally drew the short straw.

"You haven't been the driver for months Sana, it's definitely your turn." Sana turned to Rosè, shocked that they would turn on her to take the drivers responsibility and hoped she would step in but Rosè only shrugged.

"They have a point Rosè" The redhead sighed before agreeing. "Fine. If we end up staying at the hotel then one of you can drive my car back because I will be hungover." She muttered. Rosè rolled her eyes, guessing she would be the only one that handles her alcohol responsibly.

Lisa's Pov..

Fast forward..

It was six o'clock in the evening when I picked up my girlfriend at their house so now we are close to the steering wheel that Jisoo sent me while I was driving with one hand holding the steering wheel and the other holding Somi's hand. our trip was not boring because I turned on the radio and the two of us talked while laughing for a few minutes we also arrived at the party I parked the car in the parking lot and I went out to open the door for my girlfriend.

When we entered the gate we immediately saw our friends waving at us so we went to towards them while I held my girlfriend's waist.

"Let's enjoy the night guys." Bambam said as soon he arrives while holding a tray with some beer and wine

Then I flinched when someone pat my shoulder I turned around to face the person but I saw jisoo while smiling at me..

"Don't drink to much, Somi she's with you, you might have an accident later when you guys get home." She whisper at me with a concerned on her voiced I nod she's the great unnie to me.

"Ne, I got it I love you." I said then she laughed while shaking her head..."Yeah yeah whatever." She said and walk towards to the girl I don't know her maybe she's the one jisoo talking.

We are here now in the pool area with my friends and of course my girlfriend we enjoy this night that while we drink beer you can hear nothing here in the pool are but loud music and you can see here people enjoy but I'm just shook my head when I see couples make out. I was started when someone hugged me from my side and I knew who it was so I wrapped my arms around her she looked up to see me so i look down at her i saw her smiling at me so i smiled back at her.

"I love you.." She smile sweetly at me but her face always pale..."I love you more.." I responds then she peck my lips

But we were interrupted when jisoo approached us with a beautiful woman she looked like a model but I haven't seen er or even know her.

"So guys this is Suzy, my best friend the one who throw a party tonight Suzy they're all my best friends" Jisoo said as she introduced us to her, we introduced ourselves to her one by one until we knew that she the new model so that's why.

It's been an hour since we met Suzy until now she's still here with us drinking and talking about random things I have nothing to say to her, Suzy is beautiful and she's also kind, but my girlfriend is better than her. Until someone interrupt us.

"Suzy, I've been looking for you for a while, why did you leave us?" The blonde girl said when I recognize her voice I turned my gaze on her my eyes widened.

"Amm, sorry anyways meet Jisoo and her friends." Suzy said as soon she heard Jisoo name she looks at us with a surprise on her face....."Rosè, why are you here?." Jisoo asked Suzy look at her while scratching her nape.

"Eh? Rosè did you know them?" She asked then Rosè look at her and nod..."Ne, i know them." Suzy nod and sighed so ly.

"Okay I will leave you guys for a while, please Rosè assist them." Suzy added which made Rosè nod in agreement when Suzy le she looks at my friends and to me.

"Oh hi Lisa, nice to meet you again." She greeted me with a smile on her face I just nod and smile a little..

"Nice to meet you too" I responds then I hold my girlfriend waist .

Rosè smile fade away when she averted her gaze on my hand then she look up Somi I frowned when I saw Rosè face seems like she was surprised to see my girlfriend.

"Hey, I know you.." Rosè said I feel my girlfriend head nod in agreement.."Yeah, me too." Somi response

I can see to my girlfriend face she was nervous which made me look at them confusedly.
