Waking up in the early morning, in unfamiliar bed, can be hear a birds chirping from the sky the sunlight hitting my face. I open my eyes to a room that does not belong to me. Sitting up, I look around at my surroundings; there was one window, a single bed, in which I was asleep in and a stool. Then suddenly I remember the scenes last night I'm here in Lisa's house. I was about to stand up but when someone suddenly spoke that made me shocked.

Time skip

"When I started this company 10 years ago," Jennie begins, "I didn't know how to run a business. I figured I could do everything myself and succeed."

"I was dead wrong. I worked 15-hour days to keep up with it all. I wanted to grow the company, but I quickly realized that I didn't know how, and I couldn't do it alone."

Jennie continues, "All of you know how stubborn I am, so I tried to go it alone. But I started to lose clients because I couldn't keep my promises. I didn't have time to bid for work, so my competitors got ahead, and I lost even more clients. This put enormous pressure on my family because I was never home. I knew that if things continued this way, the company would go under in a matter of months, and that I might lose my family. I needed help."

"Once I realized I had to ask for help, I did. I put some major projects on hold, and started to look for great people to help me. I handpicked each of you because you're the best at what you do. You have the skills, knowledge, and experience that I lacked."

"This company is the success it is because of all of you. Every company has its ups and downs, just like I did when I first started this business. But I believe in all of you, and I believe that we will turn this problem around next month. So, let's focus on the future, and think about how we can help one-another succeed. That's all thank you" Jennie bow her head everyone clap their hands.

The meeting is done all the investors le , and also everyone in the meeting room except the four girls, they were just quietly arranging their belongings. Nayeon in another hand was watching her friends, she took a deep breath.

"By the way, lisa and I will meet later and I also know that you two are done confessing your feelings towards her so it's my turned" Irene said with a smirk on her face that made them clenching their fist.

"Well let's see, she's not choosing you anyway" Jennie proudly said Rosé and Irene look at her.

"Do you think she will choose you? come on jen I know that lisa won't choose between the three of us because she loves her girlfriend and she's the one she always choose so don't expect lisa to choose you. Your just a sugar mommy to her" Rosé respond then Jennie just laughed and smirk

"Well at least I'm her sugar mommy and you? she just always see as her friends" Jennie said while shrugging her shoulder then the two girls rolled their eyes

"If Lisa she's not going to choose me well I'm not allow her to choose one of you" Irene said with a smirk on her face.

"May the best woman win." Jennie said

Before she le Nayeon shook her head then she followed the brunette
