She accelerated her driving even more while she was crying the speed meter of her motorbike reached 140 her vision suddenly blurred because of her tears she wanted to wipe it but she was wearing a helmet.

There are many people around lisa's body and many are also taking pictures and there are also police who are investigating while waiting for the ambulance.

"Lisaaaaaaaaa!!" The brunette yelled as soon she woke up to her dream while she was crying.

She wiped away her tears as she heard the door open revealing her friend Nayeon who was worriedly looking at her as it approached her.

"Here drink this first." The brunette gladly took it and she drink the water

"Where are we and where is lisa too?" She suddenly ask Nayeon just sighed so ly before she sat down next to Jennie

"We're here at the hotel we were supposed to attend a business meeting but you suddenly fainted earlier so I brought you here to the room and don't worry I called your personal doctor to check your condition, it's good that nothing bad happened to you, he just told me that you've just been stressed lately and you haven't slept well so you need to rest Jen" Nayeon said the brunette look at her and nod

"And lisa, I don't know where she is right now, didn't you tell me you last saw her when you were with her at her house and we also last saw lisa when they were in the park with irene and we didn't expect her girlfriend to be there too and she also saw the kissing scene" Nayeon explain everything the brunette just sighed so ly

Jennie couldn't handle everything she saw in the park so she decided to go to them but Nayeon stopped her but the brunette was very stubborn she tried to remove Nayeon hand on her arm just to go to Lisa.

But they heard a voice of a woman Jennie suddenly stopped and turned in their direction she saw Lisa's girlfriend crying as she's looking at the thai girl Jennie world stopped when she saw lisa chasing Somi.

"So tell me what is your dream and you are crying so much there?." Nayeon added Jennie just sighing so ly then she look up at her friend with teary eyes Nayeon look at her worriedly

Jennie said while she's crying Nayeon just nodded and hug the brunette

"Sshh it's just a dream and impossible to happen in real life" Nayeon said while comforting her the brunette shook her head

Somi's pov

Every phase of life has "love" in it. And it is said that Love in youth is never forgettable. It may be success or failure. This written work of mine is all about a "sincere Love", which finally had to "Break-Up".

The most difficult phase of love is "Break-Up", the word which is always on the lips of youth, like me.

This is the age, where we exactly don't know what love is and what is what.

Do I need to break up with her? do I?

I'm here at my best friend's house lying on the bed while looking at the ceiling while listening to the pouring rain almost three days when the incident happened in the park that night I want to forget all that but I can't when I suddenly remembered the argument my parents and I had last night.

FlashBack

"Sweetie Lisa, is your girlfriend she needs to know your illness? Mom said do I need to tell her about my condition? she might disgusted me and push me away from her

"Your Mom is right sweetie and you need to talk to her and listen to her explanation you might mistook about what happened that night Dad respond but my anger eat me I shook my head

"Mom Dad, god knows how much I want to but I don't have the strength to tell her..... I'm scared" I said while wiping my tears

"Listen sweetie, let's say Lisa did something you didn't like but she is still your girlfriend and she needs to know about your condition Mom said while looking at my eyes I sighed

"I don't know Mom, I need to rest right now" I said and stood up

"But sweet-----but someone cut them o

"Look now it's enough. Mom and dad know your matter. Better try to bring down contact with her. It would be good for both" My brother said

This single dialogue has the complete story in it. When I heard this, I was not in a position to respond. I did not understand what was happening. I was dumbstruck. My mind was blacked out. I was in need of my best friend to cry.

But she was far away from me. I was left with no option but to land in my friend's house. The very moment I entered her house, looking at my depressed and pale face.

End of FlashBack

I stood up and went to the window to see if lisa was still there, I wasn't wrong, she was still here, she was soaking wet because of the rain. I can't help but to worry about her she was here this morning and I told her to go home but she didn't listen to me because I was worried about her that she might get sick just because of me.

She was standing outside my friend's house and trying to apologize.

She has been bothering me for almost three days I can't face her right now and my mind is also blank. I can't force myself to just talk to her maybe I need a few more days to think.

"You need to talk to her, she might get sick" I was surprised then I looked behind me and saw my friends who were also looking at lisa.

"I don't know what to do." I said and look back at Lisa

"Do you think it's unfair?.... because everyone knows your condition except lisa and her family" One of my friends said well she's right everyone know about my condition even Lisa's friends.

"She's your girlfriend Som..." They're response

"I want to tell lisa everything but I don't have the courage I can hardly bear to see her crying in front of me I'm weak when it comes to her" I said while crying

"I understand but Lisa is too precious to everyone you need to talk to her.." I looked at her and sighed

"I have a question for you please answer it honestly" I said my friends look at me confusedly

"Ahmm what is it?" She asks

"Do you still love Lisa?" I suddenly said then everyone gasps

"What the hell Som.... of course not I've been moving on with her for a long time and I no longer have feelings for her" She smile I just nod

"Are you sure?.." I asked her she nod quickly

"What the hell Tzuyu why you didn't tell us that Lisa is your ex?!" Jihyo said then Tzuyu scratch her nape

Well I knew it already before Lisa told me about her and her another ex task what a chick magnet.

"We're friends but you didn't tell us" Momo said while shaking her head

"I'm sorry guys okay?.." Tzuyu said and their rolled their eyes and nodded

"But seriously Som, Lisa need to know about this" Jihyo said I shook my head

"Let's say lisa did something that made you angry but you also did something wrong we all know that lisa rejects many women just because of you and your wrong is you hid your sickness from her you need to talk guys I'm sure lisa will listen to you and let her explain her side" Tyuzu said but I'm still looking at Lisa then look at them

"I can't and I'm to scared" I said in low tone

"Scared for what?" They asked I removed my wig revealing my bald head

"This, this is the reason why I'm afraid." I said while pointing my bald head they look down

"Tell me, if I show it to Lisa, will she listen to me? of course not she might disgusted me and push me away from her this bald woman who she thought could be with her forever but no we don't even know how long I will live in this world maybe tomorrow or later I won't be able to wake up."

"Look at me, I don't know if there is blood flowing in my body because I'm so pale I can no longer feel if my heart is beating, all I can feel is pain and soreness from it" I pointed my chest while crying

"My sickness is getting worse and I don't know how long I will be here on earth I can't control my destiny I just know when I will die, tell me will lisa still accept me when I tell her and I show it to her about my condition."

"I want to fight my illness for lisa, for my family, for you too but I can't, my body can't take it anymore it seemed to want to rest already" I sat down then hugged my knees while crying

I was in no state of receiving their question. My senses lost its power to perceive. They could understand my feeling and stopped touching me more on that issue. my friend accompanying me, they just put hugged me, and said,

"Okay dude, stay calm".

This concerning dialogue said by them, "kicked the tear can in my eyes, and water started flooding my eyes. World was looking blurred from my naked eyes. Nothing was clear, neither my eyes nor my mind nor the situation".

I did nothing but "Cried". I cried and cried. I have no words to express my agony.

"Sshh don't think that way we're here for you" They said and hugged me Tzuyu took my wig and she put it on my head and I just wickedly smiled at her.

"Stood up Som, talk to Lisa right now if you don't want to tell her about your condition it's your choice just talk to her and let her explain her side." Tzuyu said I just nod and sighed so ly

I got up and took the umbrella and finally left the room and went outside to go to lisa... when I got out of the house I approached her maybe she felt that there was someone behind her she looked up to face me I saw that she smiled I know she was weak but she managed to stand up.

"I-im sorry--" I cut her o

"Sshh let's talk inside." I said and guide her inside when we enter inside of the house I close the umbrella then I looked at her she look down and sighed.

"You need to change your clothes first and take a shower before we talk." She nod and walk towards the bathroom.

Time skip

A few minutes lisa finished taking a bath when we were in the guest room while sitting on the bed lisa told me everything that happened in the park and I also found out that Jennie's two friends have feelings for lisa and I also know that Jennie has feelings for my girlfriend because lisa told me lisa also told me not to worry because they're already told them that she has a girlfriend and she doesn't want to hurt me.

I know that she loves me lisa and I love her too but I know their minds of those three women they will do everything just to get lisa for me.
