Rose POV..

Clubbing, is my favorite place to release my damn stress! try it you gotta love it.

If I'm honest, I enjoyed going out with my friends in place like this who calls nightclub. if I wanted to get cocky, I wouldn't hesitate to go to the bar to meet some random guy and fuck each other!.

Well right now I'm here in the dining area of my apartment drinking some beer and wine. it's dark not totally dark. and the only thing illuminating my place is the soft light coming from my phone. I sighed so ly.

The aroma of sweet and stale beer fills my nostrils then the perfume of the tall women earlier which is Lisa suddenly waing across my nose. it's damn vanilla her scents like a drug and I'm addicted to it. suddenly I feel weird on my body..It's about passion, sensual pleasure, deep pulls, lust, fears, yearning hungers. It's about needs so strong they're crippling. It's about saying good-bye to something you can't fathom living without.

I loved the way drink made me feel, and I loved its special power of deflection, its ability to shift my focus away from my own awareness of self and onto something else, something less painful than my own feelings. I loved the sounds of drink: the slide of a cork as it eased out of a wine bottle, the distinct glug-glug of booze pouring into a glass, the clatter of ice cubes in a tumbler. I loved the rituals, the camaraderie of drinking with others, the warming, melting feelings of ease and courage it gave me.

I don't usually do hookup, relationship with random guy thinking how stupid love..and to tell you this I'm not really believe in love at all or love at first sight. I prefer one night stands so seen as my last one night became nonexistent about last week ago, so has my sex life. and that everything was changed when I saw my Lisa earlier I will take the risk and I will do everything to get her!.

My introduction was not dramatic; it wasn't love at first sight, I don't even remember my first taste of alcohol. The relationship developed gradually, over many years, time punctuated by separations and reunions. Anyone who's ever shifted from general affection and enthusiasm for a lover to outright obsession knows what I mean: the relationship is just there, occupying a small corner of your heart, and then you wake up one morning and some indefinable tide has turned forever and you can't go back. You need it; it's a central part of who you are.

A very insistent I wear a tight black mini dress earlier and my boobs are spilling out the top and my ass is almost show and I saw my Lisa she's looking at me earlier from head to toe like I'm her pray..well I'm a model what do you think about what I'm going to wear? a stupid hoodie and long pants with a sneakers. how stupid I am if I wear that!.

Well since I didn't visit to the church this fucking months yeah it's been a month when I go to the church..I became a horny teenager like the hell and I love teasing the guys wherever I met them in the bar I seduce them and dragged them in the VIP room but when we in the middle of the making out session I leave them hanging with a blue balls they shouting at me to come back but being me I just laughed and left. but now I want to be fuck with Lisa, I want to feel her long fingers inside my pussy! oh shit thinking about Lisa my pussy it's soaking wet right now! do I need to go in the church?.

I was startled when someone slammed the door and open the lights I look at the living room I saw my crazy friends who's now shouting while approaching me I just rolled my eyes and drink my beer.

"Wow huh? your having fun without us." Nayeon dramatically said they took their sit I handed them the bottle of wine.. "So tell us about the tall hot women who's the one who helped you." Irene said while she sip her wine I leaned my back on the chair.

"Since I saw her earlier I felt weird on my body I don't know I admit She's fucking hot seems like her name is so familiar to me like I heard it before?." I sighed with curiosity they look at me.

"So you like her? and what's her name?" Jennie said while she's sipping her wine I shook my head this is not the right time to tell them her name. I want to meet them first.

"It's a secret if I met her again I asked her to meet you guys ." I took a sip on my drink they chuckled..

"Really you don't like her? let's see." Nayeon smirk which made me rolled my eyes.. "Let's change the topic how about you Jen? you've been busy this day huh? did you already have a new sugar baby?" Irene suddenly said we look at Jennie who's now sipping her wine she put her glass and look at us with a smile.

"Yes I have, and she's fucking hot she's driving me crazy, and I can't wait to have sex with her." Jennie boldly said which made us widened our eyes. damn this girl she's straight to the point!.

"Woah!, you said she? you mean your sugar baby she's girl I didn't know you love fingers and tongue!." I tease her they laughed while shaking their heads. I look at Jennie who's smirking at us she's just shrugs her shoulder.

"What's wrong with fingers and tongue if you make scream and cum any minute?." She said confidently which made us stopped and looked at her..

"So all this time only finger and tongue can make you moan and scream?" Irene sarcastically said I just shook my head.. "I guess?" Jennie said while she's sipping her wine. we enjoyed the night and we talked some random things

It's already 12:00 o'clock am and we're drunk so I decided to just let them sleep here after all I still have a vacant room here

Jennie's pov..

"Jen,... Jennie... Jennie fucking Kim wake up you'll be late on your work!!" My best friend Nayeon yelled while she's banging the door outside. I let out a frustrating moan as I forced to opened my eyes I sighed and sat down on the bed while holding my head fuck this hangover!!.

Have you ever had feeling of Killing someone when they wake you up and you're having a wet dream I mean a best dream ever, well for me it's right now! and I already have a victim now!.

"Come on hurry up!, your coffee is ready" She yelled again before she left I quickly rushed on the bathroom and do my morning routine. I wore my red mini tube dress, black heels and my blazer I let my black straight hair fall down lastly a bit of make up.

I look at the wall clock it was already 7:30 am I cursed under my breath. I was once again late to work it was my third time now being late damnit!!, I run out of Rose apartment and I forgot the coffee aishh! When I got outside I heard a horn of car I turned around I see Irene in her new black 2016 BMW 5-Series she wave her hand in the window she sign to me to get in so I quickly went inside her car..

"Thank you, I'm so fucking late now!." I said and I took my phone on my Chanel purse I text Lisa to meet me in my office and I already sent the location to her before I forget..many minutes driving and talking with Irene when my phone vibrate I saw Lisa message so I quickly read it she says she's on her way now which made me excited..I bit my lip see you soon baby.

When we arrived at my company, I immediately got out of Irene's car. She bid good bye to me before she left. I immediately went inside my company and my employees greeted me and bowed to me. I greeted them back with a smile causing them. to shocked I just ignored them and went to my office.

I've been here in my office for a few hours, I also did my jobs but Lisa isn't here, maybe it's just traffic. I went out of my office to make my coffee. I'll tell you this. I don't want anyone else to make my coffee except me. my friend and my family when I got to the first floor I was about to leave when I heard the guards shouting I was about to ignore when I heard a familiar voice. which made me stop.

"Yah! let me go! I'm not a thief!!." She yelled I recognize the voice Li-lisa? I quickly went entrance door I saw few guards here they shouting at my Lisa! how dare them!

"I will report you on the C.E.O you fucking thief!." the other guard said I saw two guards they gripped Lisa's arms tightly I look at my Lisa seems like she's hurt I clenched my fist!.

"What happening here?!!." I used my deep voice which made them all look at me I glared at them they gulped... "Ah-mm M-m Ms Ki-kim-" I cut them off..

"I repeat what's happening here?!!!!" I yelled with Anger I look at Lisa who's now massaging her wrist and arm I gritted my teeth I will massage it later baby..I look back at the guards I saw them they look down..
