

The ultimate husband in Chinese chapter 2031-2040

Chapter 2031 Not

bad!

Yue Feng took a deep breath and secretly rejoiced.

Fortunately, neither the maid nor the eunuch were there, otherwise it would be difficult to explain if they saw it.

Hiss...

muttering in my heart, Yue Feng turned his eyes to the queen, couldn't help but gasped, and his eyes couldn't move.

I saw that the queen at this time was lying on the soft couch, wearing only a silk gauze. Her charming curves were simply indescribably beautiful, and on her beautiful face, her eyes were slightly closed and her eyelashes trembled slightly. , is simply heart-wrenching.

I have to say, this queen is really sexy.

After watching for a few minutes, Yue Feng finally reacted.

How did you find yourself fascinated? While the Queen is resting, leave quickly.

If she woke up the queen, how could she forgive herself.

I thought to myself, Yue Feng was about to leave.

"Hey..."

As soon as he turned around, he heard a faint sigh from the queen.

I go!

This sigh made Yue Feng's whole body startled, and his soul almost flew out of the sky.

This chapter is provided by . Visit for daily update.

It's broken, has the queen found herself?

At this moment, Yue Feng didn't dare to move when he stood there, and he didn't even dare to look back. He only felt that his heart was beating in his throat.

“Emperor...”

Just when Yue Feng was uneasy, he heard the queen speak softly again: “Emperor, you know, I’ve been so tired over the past few years...and I miss you...”

what’s going on?

Hearing this, Yue Feng reacted, and then looked back, at this sight, Yue Feng was completely dumbfounded.

As for the queen lying on the soft couch, her eyes were closed and she was obviously asleep, but she kept talking: “In these years, I have dealt with the government with all my heart, so that the Southern Cloud Continent will be peaceful and the people will be happy. , the concubine did not embarrass you, but I am so lonely in my heart, I miss the days when you were there...”

Hu!

Seeing this scene, Yue Feng frowned secretly, but he finally understood something.

A few years ago, Yue Feng also made a mistake and entered the queen’s palace. Yue Feng clearly remembered that at that time, the queen was drinking alone and was very lonely. After being drunk, she mistakenly thought of herself as her husband. Fortunately, at that time, I was witty and didn’t tell the truth, and only escaped the disaster.

At this time, the situation in front of him is obvious, the queen misses her husband again.

It seems that the relationship between this queen and the previous emperor is really good. She rests at night and meets her husband in a dream.

Um?

However, at this time, something caught Yue Feng’s attention.

I saw that on the table next to the soft collapse, there was a delicate small bottle, the small bottle was amber, crystal clear, and there were several pills inside, exuding bursts of fragrance.

I go...

Yue Feng walked over slowly, picked up the vial and looked at it, his heart was shocked, and he was very surprised.

This....it seems to be an extremely rare magic drug, fascinated by dreams.

It is recorded in Wuji Danshu that Mimengyin is a very unique phantom medicine. After taking it, it can produce strong hallucinations and can see anyone you meet.

It's just that the materials used to refine the dream are very rare and rare. Yue Feng had thought about refining before, but the required materials were too hard to find, so Yue Feng gave up. Unexpectedly, the Queen of Nagumo actually has a refined dream guide.

Looking at the situation, the queen misses the late emperor too deeply, so before going to bed, she takes Mimengyin. I want to see the emperor in my dream.

No wonder he kept talking in his dreams.

Yue Feng guessed right. The Queen of Nayun is taking Mi Meng Yin. She is a woman who is in charge of the entire Nayun Continent. It is very hard work. I got a dream guide, ready to meet the late emperor in a dream, and come to confide my heart.

Chapter 2032

Wanting to understand this, Yue Feng breathed a sigh of relief and turned to leave.

Since the queen is talking in her dreams in a fantasy, what else is there to be afraid of?

“Emperor!”

Before he turned around, he saw the queen's delicate body coming over, and her jade hand grabbed Yue Feng's arm.

At this time, the queen, under the medicinal power of Mi Mengyin, completely entered the fantasy realm, and she didn't realize that she was holding Yue Feng by accident.

“Xiandi, the Northern Ying Continent is calling. We successfully blocked it today, but I know that Yang Jian will definitely not give up and will make a comeback. I am so afraid...” The queen hugged Yue Feng's arm and kept going. self-mumbling.

The queen at this time, in the illusion, told her heart to the emperor, completely lost her previous majesty, but restored the weakness that a woman should have, which is pitiful.

However!

Yue Feng couldn't be in the mood to appreciate the Queen's tenderness, and he couldn't be more anxious.

It's broken, the queen is holding herself tightly. If she is forced to break free, it will cause her to wake up from the illusion, but if she doesn't break free, what will she do if she holds her for a night?

When it was dawn, the eunuchs and maids came in, wouldn't they be at a loss for words?

Anxious in his heart, Yue Feng didn't dare to move, his palms were sweaty.

"Emperor!"

At this moment, the queen continued to speak softly: "Did you know that the one who defeated the Beiyang army today was the concubine of the emperor's sister, Yue Feng, the sect master of Tianmen in the Earth Circle Continent, and I am going to take military power. Leave it to him, I hope he can completely defeat the Beiyang army..."

While speaking, the queen put a pair of jade arms around her and hugged Yue Feng tightly, unable to hide her inner excitement: "Xiandi, if you are still here, How good, I won't be so embarrassed..."

When she said this, the empress could not help herself, her delicate face was full of infinite tenderness, sticking tightly to Yue Feng's heart.

hiss!

At this moment, looking at the queen in his arms and her wonderful curves, Yue Feng couldn't help taking a breath.

Especially when the queen hugged him tightly, with the unique fragrance on her body, Yue Feng only felt that his mind was blank, and he was completely stunned.

At this time, the empress was overwhelmed with emotion, and her red lips came up and kissed Yue Feng.

At this time, the queen was completely immersed in the illusion, and regarded Yue Feng as the emperor in the fantasy, and she could no longer restrain her tenderness.

hum!

At this moment, Yue Feng only felt that he had been electrocuted, his whole brain was buzzing, and the whole person was stupid.

broken.

Finally, Yue Feng reacted and couldn't help but said: "Your Majesty, Your Majesty, wake up..." To

be honest, although it is a big crime to break into the Queen's room by mistake, but if you take advantage of the Queen, it is a capital crime. , to be beheaded.

After weighing the pros and cons, Yue Feng decided to wake up the queen.

However, at this time, the queen was unable to control herself, completely lost her mind, and couldn't wake up at all.

Pfft!

The next second, before Yue Feng could react, the queen kissed him at once.

"Your Majesty, Your Majesty?" Yue Feng was completely stunned, and kept trying to wake up the Queen.

At this time, the queen couldn't hear Yue Feng's voice, she hugged Yue Feng tightly.

I don't know how long it took, but after everything was over, the queen returned to calm and fell asleep.

Yue Feng sat beside her with mixed feelings in his heart. No, you have to go quickly, the queen is awake, don't you want her own life?

Leave before the queen wakes up!

Thinking to himself, Yue Feng quickly put on his clothes and left the room quietly.

At this time, it was just a little light outside.

Yue Feng frowned secretly, it was still early, and it would not be appropriate to go to the city gate to deploy the army by himself.

Thinking to himself, Yue Feng looked at the wing next door, hesitated, and walked in directly.

I had entered the wrong queen's room before, and the one in front of me must have belonged to Long Qianyu.

call!

As soon as he pushed the door in and saw the scene in front of him, Yue Feng couldn't help taking a deep breath and was stunned.

I saw that Long Qianyu was sitting on a chair in a long white dress, and his delicate face was a little tired.

Obviously, Long Qianyu didn't sleep all night.

"Yue Feng!"

Seeing Yue Feng coming in, Long Qianyu's delicate body trembled, biting his lip, and said unhappily, "Why did you come back so late? Where have you been this night?"

When he said this, Long Qianyu's tone was indifferent, but his heart beat faster and he was very nervous.

Not bad, Long Qianyu didn't sleep all night.

Bai Tian lost a bet with Yue Feng and wanted to serve Yue Feng, which made Long Qianyu very depressed. As the eldest princess, she has always been dressed in fine clothes and food. She is served by others in everything, so how can she serve others? ?

Just willing to admit defeat, Long Qianyu had no choice but to keep his promise and waited in the room for Yue Feng to come back.

That night, Long Qianyu was very uneasy. He was afraid that Yue Feng would come back and make even more demands of himself. He never dared to sleep, but he didn't expect that after waiting all night, it was almost dawn before Yue Feng came back.

Chapter 2033

At this time, Long Qianyu lost the nervousness and nervousness he had before, only anger.

This bastard made himself nervous and waited all night in vain.

broken.

Feeling Long Qianyu's anger, Yue Feng's heart jumped and he became a little nervous.

This Long Qianyu should not know about himself and the Queen. After all, the two wing rooms are not far away.

In fact, Long Qianyu did hear the voice of the queen last night, but she knew that the queen often took the magic pill and met the emperor in her dreams, so Long Qianyu subconsciously thought that the queen was a dream To be intimate with the emperor.

"I..."

Yue Feng scratched his head and said with a smile, "I am arranging the army and deploying the defense of Canglan City."

When he said this, Yue Feng did not look at Long Qianyu.

After all, there is no point in lying if you do something wrong. Hearing this, Long Qianyu snorted coldly, and said

angrily: "Does it take a night to deploy defense? I think you did it on purpose? You deliberately asked me to wait for you in the room? Right?"

Qian Yu's tone became colder: "I tell you, Yue Feng, don't think that if you win the bet, you can do whatever you want with me. Before you get married, you can sleep in my room, but you can't take advantage of me."

Phew!

Hearing this, Yue Feng breathed a sigh of relief.

It turned out that I was angry because I had waited for me all night in vain.

Thinking to himself, Yue Feng looked at Long Qianyu with a smile: "Your Highness, if you say this, you will be seen outside, you see, you are calling my husband, we still live in a room, we are all family, you Are you still so indifferent to me? What kind of reason is this? Come on, let your husband take a good look at it..." The

voice fell, Yue Feng walked over slowly, with a wicked smile on his face.

"You..."

Long Qianyu's delicate body trembled, and he quickly stood up, nervously saying, "You...what are you going to do?"

This bastard wouldn't want to treat himself...

However, Yue Feng He just passed by her, lay directly on the bed, stretched his waist and said: "Your Highness Princess, you promised to serve me, oh, I'm exhausted from deploying the defense just now, go and wash my face with a basin of water."

Saying this At the time, Yue Feng smiled wickedly and looked like an uncle.

Haha...

Her Royal Highness, the dignified princess, being summoned by herself, it's cool to think about it.

To be honest, Yue Feng didn't really want to do anything to Long Qianyu, he just wanted to see her reaction. You must know that Long Qianyu is always a goddess in front of outsiders. If you really serve yourself, then you will make a lot of money.

At this moment, Long Qian's delicate body trembled.

This bastard actually asked himself to wash his face.

However, willing to admit defeat, Long Qianyu said nothing, stomped his feet, and went out to draw a basin of water.

Yue Feng quickly got up with a smile, washed his face, and in an instant, he was refreshed.

“His Royal Highness!”

At this moment, Yue Feng sat on the bed with a thorn, and smiled at Long Qianyu: “My husband’s leg is sore, come and beat me...”

Swish!

When the words fell, Long Qianyu’s face was blushing all of a sudden, and he almost exploded with anger, staring at Yue Feng: “Yue Feng, don’t go too far.”

Long Qian’s delicate body trembled. Your own dignified princess, when have you beaten your leg?

“Your Highness, Princess.” Yue Feng smiled slightly and said, “If you lose the bet, you have to admit it. Besides, I just made you beat your legs, and I didn’t ask you to do anything else, why is it too much?”

“You... .”

Long Qian’s tone was not good, he wanted to refute, but he didn’t know what to say.

After all, Yue Feng was right, just beating his legs was not too much.

Thinking to himself, Long Qianyu bit his lip and said coldly, “Okay, I’ll beat you...” After speaking, Long Qianyu walked over.

When he got to the front, Long Qianyu squatted directly in front of Yue Feng, raised his pink fist, and gently beat Yue Feng’s leg.

Comfortable...

At this moment, when I admire Long Qianyu from a close distance, Yue Feng enjoys that charming curve very much, showing a smile, an indescribable joy in his heart.

Haha...

The dignified princess, to beat her leg at this time, if it were another man, it would be a blessing that she would never dare to imagine in her whole life.

Papa...

Just when Yue Feng was secretly complacent, he saw Long Qianyu raised his jade hand and shot like electricity, sealing Yue Feng's two acupoints all at once.

These two acupoints, one is the Dingshen point, and the other is the most sensitive point on the human body.

shit.

Yue Feng couldn't react at all, his body jerked, and he couldn't move for a while. Then, he felt sore and numb all over his body. That kind of feeling was like an accidental electric shock, which was very uncomfortable.

"You..."

Yue Feng looked at Long Qianyu in disbelief, his voice trembled: "Your Highness Princess, what are you doing with my acupuncture point? You want to murder your husband, quickly untie it for me.."

Chapter 2034

Yue Feng was sweating profusely, Nima, the numb point was punctured, it felt too uncomfortable.

Long Qianyu smiled and said softly, "Aren't you very tired, do you want to relieve your fatigue? I'll tap your numb acupuncture point to relieve you." There

was a smile on his face, but his eyes were full of relief. .

Immediately, without waiting for Yue Feng's response, Long Qianyu said lightly: "You take it easy, I'll go and see what's going on outside." The

voice fell, and Long Qianyu left the room without looking back.

This bastard, Yue Feng, wants this princess to serve you, just dream.

Nima!

Seeing Long Qianyu leave the room, Yue Feng wanted to cry without tears.

This Long Qianyu is too ruthless, he just doesn't want to serve himself, and even taps his numb hole while he is not paying attention.

For a while, Yue Feng didn't have time to think about it, he quickly activated his inner strength and began to open the acupoints.

Although the point of numbness is not fatal, the taste is too unpleasant, and it is not something that ordinary people can bear.

Finally, two hours later, Yue Feng finally opened the acupoint.

call!

At this time, Yue Feng took a deep breath and secretly rejoiced that fortunately, he had pure yang internal strength, and he opened the acupoints quickly, otherwise, he would have to suffer for a few more hours.

Immediately, thinking of Long Qianyu again, Yue Feng's eyes flashed with some playfulness.

Well, you Long Qianyu, I asked you to beat your legs, but you actually hit my pussy, okay, let's play slowly.

Boom!

As soon as the voice fell, only a loud noise was heard in the direction of the city gate.

At the same time, a maid walked in quickly, her face was pale, and said to Yue Feng: "Master Consort, the army of Beiyong is calling again, your majesty asks you to hurry over!"

What?

Yue Feng was stunned for a moment, then chuckled lightly.

This Yang Jian is really persistent. He lost so badly yesterday, how dare he come today?

Immediately, Yue Feng didn't have time to think about it, and walked out quickly.

Soon, when they reached the city gate, they saw the Queen, Long Qianyu, and hundreds of civil and military officials.

Seeing Yue Feng, Long Qianyu looked indifferent, as if he hadn't seen it.

"Yue Feng!" The

Queen was delighted and said to Yue Feng, "Whether you can block the Beiyong army today is up to you."

When she said this, the Queen's eyes were full of admiration.

After the cloud and rain last night, the queen's beautiful face was rosy and radiant, but her eyebrows were knitted together, showing a bit of anxiety.

At this time, the queen did not realize that she met the late emperor in a dream last night, but in fact, she had a relationship with Yue Feng.

call!

Seeing the Queen's expression, Yue Feng secretly breathed a sigh of relief.

Looking at the situation, the Queen didn't know that she had entered her room by mistake last night, and she didn't know what happened.

In this case, I am relieved.

Thinking to himself, Yue Feng smiled slightly: "Don't worry, Your Majesty, leave everything to me." The

voice fell, Yue Feng urged his inner strength, his figure rushed into the air, and looked out of the city, he saw that the Beiyang army had arrived in the city. outside the door.

In front of the army, Yang Jian was wearing a golden armor, standing proudly, with the same prestige.

Behind him, Yue Wuya, Han Bing, and the lieutenant generals were all waiting.

Haha...

Seeing this scene, Yue Feng was very relaxed, and laughed at Yang Jian: "Erlang Zhenjun, you are so thick-skinned, you ran so embarrassed yesterday, and you are here again, why? You are afraid that you will lose. Not bad enough?"

At this time, Yue Feng hadn't noticed Zhang Jiao behind Yang Jian.

Yue Feng only thought that after defeating the Beiyang army today, he must find a way to keep Yue Wuya and Han Bing behind. After all, it is inappropriate for a family to always want to see each other on the battlefield.

Swish!

Hearing this, Yang Jian was furious, stared at Yue Feng closely, and roared: "Boy, you are not so proud, it is uncertain who will win today."

At this time, Yang Jian could not wait to rush over immediately and kill Yue. wind, but he held back.

This Yue Feng is very cunning, and, today, it is all under the command of the military division, so he can't be impulsive.

Suppressing his anger, Yang Jian tilted his head to look at Zhang Jiao and said politely, "Master, I'll see you today."

Chapter 2035

Last night, Yang Jian deliberately told Zhang Jiao about the situation in detail, especially Yue Feng's Wan Mu Xuan Chong formation. After learning about the situation, Zhang Jiao chuckled lightly, saying that there was no problem.

Because, Wan Muxuan rushed into the formation, so would Zhang Jiao.

"Don't worry, Your Majesty, and watch the battle from the sidelines, watching this old man help you break through the city." Zhang Jiao responded lightly, and then, his figure flashed and hovered directly in the air.

"All soldiers obey the order and attack." The cold words came out of Zhang Jiao's mouth. The sound was not loud, but it spread throughout the entire Canglan City.

"Kill!" The

voice fell, and the Beiyang army let out a howling, rushing in like a tide.

Um?

At this moment, Yue Feng was stunned, and looked at Zhang Jiao in surprise, very puzzled in his heart.

Who is this? I didn't seem to have seen him yesterday. Could it be Yang Jian's rescuer who just moved in?

Immediately, Yue Feng stopped thinking about it and regained a confident smile on his face.

No matter who Yang Jian moved in, it would be very difficult to break his Wanmu Xuan Chong formation. You must know that this is an extremely clever formation. In the Kyushu continent, there are very few people who know it except himself.

Thinking to himself, Yue Feng raised his talisman and shouted at the Nanyun army: "All soldiers, set up the formation immediately, how to stand, I told you in detail last night, hurry up, you must respond quickly."

Hula.

In an instant, the Nanyun army moved quickly, and under the command of Yue Feng, quickly formed a huge Myriad Muxuan Chong formation.

Haha...

Watching the formation of the great formation, Yue Feng looked at Yang Jian and Zhang Jiao with a contented expression on his face.

He owns the Wanmu Xuan Chong Formation, which is almost impeccable.

And Yang Jian, even if he moved in a helper, he wouldn't even think about breaking the great formation and capturing Canglan City.

call!

Seeing the scene in front of him, Zhang Jiao frowned, looking at Yue Feng's eyes, showing some praise and appreciation.

This kid really knows Wanmu Xuan Chong formation.

However, this formation is incomprehensible to others, but in front of me, it is nothing at all.

The next second, the corner of Zhang Jiao's mouth twitched, revealing a slight chuckle, and then he said loudly: "The whole army obeys the order, 50,000 soldiers on the left, 100 steps south, 50,000 soldiers on the right, 100 steps north, 50,000 soldiers ahead Soldiers, take fifty steps back... After taking your place, start the attack!"

Hu La.

When the voice fell, the Beiyong army, which was originally surrounded, did not hesitate one by one. They changed their formations according to Zhang Jiao's orders.

In an instant, I saw the great formation of the Nagumo Army, and several gaps were broken.

What?

Seeing this scene, whether it was Yue Feng, or the queen and civil and military officials, all of them were shocked.

They saw that the great formation, which was originally impregnable, was smashed into pieces by the Northern Ying army, and the formation was in chaos.

Especially Yue Feng, his eyes fixed on Zhang Jiao, he was shocked beyond words.

Total shock. Nima, who is this person? Do you actually know how to break the Wanmu Xuan Chong Formation?

At this moment, while Yue Feng was shocked, his heart was also a little bitter.

In the end, he was still careless.

call!

The queen next to her was even more delicate and trembling, and her delicate face was extremely pale.

Is this God's will?

To be honest, the Queen knew that despite Yue Feng's resourcefulness, it was impossible for him to keep blocking the Northern Ying army.

But she never thought that she would lose so quickly.

"Your Majesty!"

At this time, in the air, Zhang Jiao showed a smile, turned back and shouted at Yang Jian: "The enemy's great formation has been broken, and it is time for Your Majesty to show his might."

Before sending troops today, Zhang Jiao and Yang Jian After negotiating, when he breaks Yue Feng's great formation, Yang Jian will attack immediately.

Haha...

Yang Jian laughed loudly, and couldn't say how happy he was: "The strategist is indeed a generation of strange people, this formation is well broken, and broken!"

Immediately, a cold light flashed in Yang Jian's eyes, and the three-pointed, two-edged sword in his hand pointed to Canglan City, loudly said: "Once the entire army obeys the order, they can break through Canglan City, annihilate all the enemy forces in Nayun, not a single one..." The

voice fell, Yang Jian urged his inner strength, and a terrifying aura erupted. , rushed directly into the Nagumo army.

"Ah..."

At this time, Yang Jian, like a god of war descended to the earth, raised his three-pointed and two-edged sword, there must be a dozen Nanyun soldiers lying in a pool of

blood, and he heard screams from the Nanyun army. , In the blink of an eye, the Nagumo army has already collapsed!

The ultimate husband in Chinese chapter 2036-2040

Chapter 2036

Seeing the soldiers of Nanyun falling one by one, Yue Feng was furious and shouted: "All soldiers, don't panic, resist with all your strength." With

that, Yue Feng flashed and rushed into the battlefield. , to help the Nagumo army. While struggling to kill the enemy, Yue Feng kept howling loudly, preparing to deploy other formations to block the Northern Ying army.

However, Yang Jian did not give Yue Feng the opportunity to redeploy the formation. Leading the army, the force was like a broken bamboo, and in just a few minutes, they were killed at the foot of the city gate.

"Retreat!"

Seeing more and more Nanyun soldiers lying in a pool of blood, Yue Feng realized that Canglan City could no longer be preserved, and howled loudly: "Quick, protect Her Majesty the Queen, the whole army retreats, and evacuate from Canglan. City." The

voice fell, and Yue Feng shook off a few enemy troops in front of him, flew up, and returned to the city gate.

To be honest, Yue Feng did not want to withdraw.

But there was no way, his own formation was broken by the opponent, and Yang Jian's strength was so strong that he couldn't fight at all.

Wow...

Hearing this, all the civil and military officials were so panicked that they didn't dare to neglect, they surrounded the Queen, hurriedly descended from the tower, and then quickly withdrew from Canglan City under the escort of the army.

boom!

As soon as they pulled out of Canglan City, the city gate was directly smashed to pieces, and then, hundreds of thousands of Northern Ying troops poured into Canglan City like a tide.

"The military division is mighty!"

“Your Majesty is mighty!”

After occupying Canglan City, hundreds of thousands of Northern Ying troops cheered in unison, and the momentum was overwhelming.

This chapter is provided by . Visit for daily update.

Yang Jian was suspended in mid-air, a smile appeared on the corner of his mouth, and his powerful voice spread throughout the entire Canglan City: “The whole army listens to the order, temporarily rest, the wine in the city, women, enjoy whatever you want, and go out tomorrow morning.”

“Thank you, Your Majesty!” Quan Soldiers, shouted in unison.

call!

At this moment, Bing, who rushed in following Yue Wuya, saw the entire Canglan City, under the burning, killing and looting of the Beiyong army, the people were displaced, Bing clenched his lips, and his heart was full of sadness.

This Yang Jian, who doesn't take the people seriously, is he trying to persuade his brother and master to leave?

At this time, Han Bing regretted going out with Yue Wuya.

If it weren't for him, Master would not have stayed to help Yang Jian, nor would he have destroyed Canglan City.

.....

the other side.

Yue Feng and the army of Nanyun, escorting the Queen and Baiguan, did not stop all the way and returned to the imperial city.

In the next two days, Yue Feng regained his strength and led his army to continue to resist the Northern Ying army. During this period, he showed all his military talents, and asked Pang Tong to help, but in the end, he still failed miserably.

Speaking of which, Zhang Jiao was originally a person with a sinister temperament and cruel methods. Back then, he led the Yellow Turbans to conquer the world, and he used a lot of vicious methods to make life smeared, causing the heroes to be angry.

After being imprisoned for thousands of years, although Zhang Jiao's temperament has been restrained a lot, but this time to help Yang Jian fight, he still used a lot of methods that are contrary to human nature.

Whenever he attacked a city, Zhang Jiao would let the soldiers capture the nearby people and block them in front of the army, as a meat wall, and slowly advance.

In Zhang Jiao's view, if you want to achieve great things, you can't have the kindness of women, which does not coincide with Yang Jian.

However, Yue Feng and Pang Tong, with justice in their hearts, were concerned about the lives and deaths of those people, and naturally tied their hands and feet. Therefore, in this case, Yue Feng was defeated again and again.

With this kind of ruthless means, within two days, Zhang Jiao commanded the Beiyang army, and broke through more than a dozen cities in a row, with almost no disadvantage.

At this time, the Nagumo Palace.

Inside the main hall, the Queen's delicate face showed fatigue and anxiety, and Long Qianyu next to her also had a solemn expression.

Below, Yue Feng and the civil and military officials all looked sad and silent.

Chapter 2037 The

news just came that the Beiyang army was camping on the mountain dozens of miles north of the imperial city. After a few hours of rest, they would attack the imperial city. Once the imperial city fell, the entire Nanyun Continent would be completely over.

"Aiqings!"

At this moment, the queen looked around, unable to hide her endless worries and disappointment: "Is there any other way to stop the Beiyang army?"

"The entire hall was silent.

good!

The Queen breathed a sigh of relief and looked at Yue Feng: "Yue Feng, is there nothing you can do?"

When she said this, there was a glimmer of hope in the Queen's eyes.

Yue Feng smiled bitterly, shook his head and said, "Your Majesty, I am powerless."

At this time, Yue Feng's mood was depressed to a trough.

Since he became a cultivator, Yue Feng has been extremely confident in everything he does, especially in the formation technique. Yue Feng believes that he is the first, and no one dares to say the second.

After all, he owns the white god formation, but Paul has all the formations in the world. Whoever is in the formation to fight against himself is completely courting death.

And knowing that his opponent was Zhang Jiao, the leader of the Yellow Turbans during the Three Kingdoms period, Yue Feng knew that he was too confident.

You must know that during the Three Kingdoms period, a thousand years ago, Zhang Jiao led the Yellow Turban army, causing chaos in the world, with great momentum. No force could compete with it. Later, it was Lu Bu who joined forces with various powerhouses to defeat Zhang Jiao together.

This horn, even Lu Bu needs the help of others to completely subdue him, how can he be an opponent?

Moreover, Zhang Jiao fought too hard and did not care about the life and death of the people at all, which he could not do anyway.

Thinking of this, Yue Feng felt bitter in his heart.

Done.

Hearing Yue Feng's answer, the queen's delicate body trembled, her beautiful face was extremely pale, and her heart was completely desperate.

Even Yue Feng had nothing to do, and the Nayun Continent was completely over.

call!

In the next second, the queen breathed a sigh of relief and said softly, "If that's the case, then give the Southern Cloud Continent to Yang Jian."

After speaking, the queen took out the jade seal and handed it to the eunuch beside her: "Send an envoy immediately and hand over the jade seal to the eunuch. Yang Jian, just said, don't fight this battle, so as not to implicate innocent people." The

jade seal is a symbol of the emperor's status in the Southern Cloud Continent, and handing over the jade seal also means that the Queen has completely abandoned the Southern Cloud Continent.

To be honest, the queen looks weak, but her mind is very tough, otherwise she would not be a generation queen.

In the Queen's heart, she would never surrender, let alone surrender to Yang Jian. In the current situation, the only way is to hand over the jade seal and give up the Nanyun Continent. Only in this way can the people of Nanyun be spared the scourge of war.

"Imperial Sister!"

As soon as he finished speaking, Long Qianyu, who was beside him, became anxious and couldn't help but said, "I can't hand over the jade seal. Maybe there are other ways..."

This jade seal has been passed down for thousands of years in the Southern Cloud Continent. The year was regarded as a treasure by the emperors of all dynasties and a symbol of the supreme authority of the Nanyun royal family. How could it be given to Yang Jian like this?

Under the anxiety in his heart, Long Qianyu wanted to speak, but was interrupted by the queen.

"Imperial sister, don't say it." The queen sighed softly, her beautiful face full of bitterness: "Perhaps the fate of the Nanyun royal family is like this. If we don't hand over the jade seal, what else can we do?"

Yes.. .

Hearing this, Long Qianyu suddenly became melancholy. The Northern Ying army was unstoppable, and that Yang Jian, who was the mighty Erlang Zhenjun, had unfathomable strength. This battle could not be fought at all. Cloud Continent will not lose so many cities.

However, Long Qianyu was very unwilling.

In the next second, Long Qianyu's eyes fell on Yue Feng, and he said angrily, "Yue Feng, it's all you... If you hadn't angered Yang Jian, Nanyun Continent would not have ended up in such a land."

Chapter 2038

Nima.

Hearing Long Qianyu's words, Yue Feng was stunned for a moment, and then he was dumbfounded.

Immediately, Yue Feng reacted and smiled wryly at Long Qianyu: "Your Highness, Princess, how can you blame me? Even without me, Yang Jian will still conquer Nanyun Continent."

This Long Qianyu is really interesting, and I hate me in my heart. Just put the blame on my head.

Simply incomprehensible.

Just as she was talking, she saw the queen hand the jade seal to the eunuch, ready to send it to Yang Jian.

Um?

It was at this moment that Yue Feng's attention was immediately attracted by the jade seal. Yue Feng didn't pay much attention to it before. At this time, when the eunuch passed by, he realized that the jade seal was crystal clear and radiated with colorful rays of light.

I went...

At this moment, Yue Feng was extremely shocked, and deep in his heart, he was extremely happy.

Haha...

This jade seal is actually a stone that repairs the sky, which is also the colorful stone that Mother Nuwa used to repair the sky. And this shape just fits with the depression on the fourth floor of Linglong Tower!

"Wait."

At this moment, Yue Feng didn't have time to think, he immediately stopped the eunuch and looked at Yuxi closely.

Although he didn't hold it in his hand, Yue Feng could also feel that the jade seal contained a strange spiritual power, and it exuded an icy coldness, and the surrounding temperature dropped a bit.

Swish!

All of a sudden, all the civil and military officials in the hall all focused on Yue Feng, all of them were very surprised.

What is this Yue Feng going to do?

Is he going to steal the jade seal?

"Yue Feng!"

At this moment, Long Qianyu's pretty face changed, her eyebrows knit together, and she scolded coldly, "What are you doing?"

This Yue Feng is really a bastard, and the Nanyun Continent is in danger, so it's fine if he doesn't help. Still want to grab the treasure of the Nagumo royal family?

Like everyone around him, Long Qianyu also believed that Yue Feng wanted to snatch the jade seal.

At the same time, the Queen frowned slightly, frowning at Yue Feng.

call! Yue Feng didn't care about everyone's eyes, he let out a sigh of relief, and said

to Long Qianyu with a smile: "Don't be nervous, Your Highness Princess. Why do you want to give such a good thing to Yang Jian? It's better to give it to me."

, Yue Feng's tone was relaxed, and he continued: "Since we have decided to give up the Nanyun Continent, we can just leave. Why do we need to give Yang Jian something for nothing?"

Seriously, Yang Jian's ambition is to unify the Kyushu Continent, and only a jade seal, he won't catch his eye.

And I desperately need this jade seal. With this jade seal, I can open the fourth floor of Linglong Tower...

"You..."

Hearing this, Long Qian's tone was not good, and he stomped: "This is It belongs to our Nanyun royal family, why should I give it to you?" The

voice fell, and the queen said softly: "Yue Feng, I understand what you mean, in fact, I don't want to hand over the jade seal, but if we leave directly, Yang Jian will definitely send his anger on the people. With the jade seal, Yang Jian's anger will subside, and innocent people will not be implicated." After

speaking, the queen said seriously: "When the jade seal is handed over to Yang Jian, I will make a request. Let him be kind to the people of Nanyun, so I handed over the jade seal, not to save my own life, but for the people of Nanyun, do you understand?"

The words, although they sounded soft and weak, showed a sense of righteousness.

Yes, the queen handed over the jade seal entirely for the sake of the people of Nagumo.

Huh...

Hearing this, Yue Feng put away his smile and looked at the queen with admiration.

I really didn't expect that she, a woman, would have such a mind of family, country and world, worrying about the country and the people.

A true queen.

Chapter 2039

Thinking, Yue Feng put away his smile, looked at the queen and said seriously: "Your Majesty, you are wrong, a person like Yang Jian, who looks like a gentleman on the surface, is actually a cunning and despicable villain, if you hand over the jade seal, he promised, but if he really wants to control the Southern Cloud Continent, he won't do that." As soon as the

descendant emperor died, Yang Jian directly ascended the throne and proclaimed himself emperor. He said that he wanted to find out the truth of Hou Yi's death. But the result? He just wanted to catch Chang'e, force her to be his own woman, and then sent troops to conquer other continents...

People who say one thing and do another, are not villains?

This...

Seeing Yue Feng's serious face, not like a joke, the queen bit her lip and pondered.

Yes, what if Yang Jian goes back on his word? Didn't you lose the jade seal in vain?

Thinking to herself, the queen looked at Yue Feng and asked curiously, "What do you want the jade seal to do?"

"Of course I'm useful." At this moment, Yue Feng was so anxious that he hurriedly said: "Besides, I am the concubine, we are considered My family, it's not a loss for me, why would you take advantage of an outsider like Yang Jian..."

"Bah!" As the

voice fell, Long Qianyu's face instantly blushed, and said angrily, "Who is full of seriousness? With your family?"

Immediately, Long Qianyu said to the queen, "Sister Huang, don't give it to him."

Early in the morning, Yue Feng asked her to wash her face and beat her legs. Long Qianyu remembers all these, with anger in his heart. No matter what purpose Yue Feng wanted the jade seal for, Long Qianyu would not let him succeed.

Nima!

At this moment, Yue Feng was speechless.

As the saying goes, husbands and wives are of one mind and they cut money, but this Long Qianyu sings against himself in everything. It seems that if there is time in the future, more training will be needed.

Depressed, Yue Feng said to Long Qianyu: "Your Highness, Princess, this is your fault..."

Just before he finished, he was interrupted by Long Qianyu.

"Shut up, this jade seal is the treasure of our royal family. Even if it is not given to Yang Jian, it cannot be given to you." Long Qianyu said coldly, with a firm expression.

"I..."

"What are you, I tell you, pay less attention to the jade seal..."

Phew...

Seeing this scene, all the civil and military officials in the hall all looked complicated, not one open.

The concubine and the eldest princess quarreled. It was their family business. Who would dare to interrupt.

"Okay, okay."

Finally, the queen raised her jade hand and stopped: "Yue Feng, Huangmei, stop arguing, the royal family will no longer exist, so what do you want with this jade seal?"

Immediately, the queen looked at Looking at Yue Feng, he said softly, "Since you really need this jade seal, I'll give it to you."

The eunuch hurriedly handed the jade seal to Yue Feng.

Haha...

Yue Feng was extremely excited, he smiled at the result of the jade seal, and couldn't wait to take out the Linglong Tower. Then chanted the incantation silently to make the Linglong Tower bigger.

Whoa!

In an instant, the entire hall was in an uproar.

This... what kind of treasure is this?

It can get bigger and smaller...

Even the Empress and Long Qianyu trembled, startled, their eyes fixed on the Qibao Linglong Pagoda, full of curiosity.

In the next second, a scene that shocked everyone even more appeared.

Seeing Yue Feng stick the jade seal on the gap on the fourth floor of the pagoda, in an instant, I saw a touch of golden light flickering, and the jade seal and the fourth floor of the pagoda completely matched.

hum!

Immediately afterwards, a tyrannical aura surged out of the tower in an instant. Filling the entire hall, and then, one after another silhouettes came out from the fourth floor of Linglong Tower!

Chapter 2040

A full hundred!

Looking at the hundred people in front of him and feeling the powerful aura on them, Yue Feng was inexplicably excited.

Yue Feng still clearly remembered that when he opened the first floor, there were 500 people, including Pang Tong; when he opened the second floor, there were 200 people, including Yuan Tiangang, and when he opened the third floor, There are 150 people, including Yang Jian's senior brother You Yan.

At this time, he opened the fourth floor, and the number of people was much smaller than before, but he believed that these people were not ordinary people, and they must be big people who were famous for a while.

Omg.

Seeing the scene in front of him, the entire hall exploded in an instant, and it was boiling. Whether it was the queen, Long Qianyu, or a hundred civil and military officials, looking at the hundred strong men in front of them, they couldn't help but gasp, completely dumbfounded.

They noticed that each of these hundred people is not low in strength, there are at least a dozen or so, and they are in the realm of transcending the catastrophe.

More than a dozen robbery realms, too strong?

What shocked the Queen and everyone even more was that after the appearance of these hundred people, most of them were extremely respectful to Yue Feng, and some even called them masters.

This... what's the situation?

So many strong people, actually called Yue Feng master?

For a time, the queen and Long Qianyu looked at each other, their delicate bodies trembled, and they were completely shocked and speechless. The civil and military officials below were even more confused.

After being stunned for more than ten seconds, the queen reacted, bit her lip, and asked Yue Feng gently: "Yue Feng, they are..."

"Your Majesty." Yue Feng smiled and explained: "I am this The treasure, called Linglong Pagoda, contains a lot of powerhouses in history, but only the Heaven Patching Stone can be opened, and that jade seal is the Heaven Patching Stone.."

What?

Hearing this, the queen's delicate body was shocked, and she stared at Yue Feng, shocked again.

Total shock.

The pagoda that Yue Feng took out just now is the Linglong Pagoda?

As the ruler of the Southern Cloud Continent, the Queen is knowledgeable and knowledgeable. Of course, she knows that the Linglong Pagoda is an ancient artifact, possessing boundless divine power and being able to subdue all living beings, so it is also known as the Demon Collection Pagoda.

It is said that in the past thousands of years, I do not know how many strong people have been included in the Linglong Pagoda, and the Linglong Pagoda has also changed hands frequently. It is said that the last owner of the Linglong Pagoda appeared five hundred years ago. After that, Linglong The tower disappeared completely.

Unexpectedly, this kind of treasure is actually in the hands of Yue Feng.

Shocked in her heart, the queen looked at Yue Feng closely, her eyes showing a strange brilliance.

Even the Linglong Pagoda is in his hands. This Yue Feng is really not an ordinary person. It is the right decision to insist that he be the concubine of the emperor's sister. At this time, I saw Yue Feng walking quickly to the strong men, and asked a man who looked like a calligrapher

, "Who are you? What was your identity before?"

, My name is Zhang Xu, the courtesy name is Bogao, and I used to be the chief official of Jinwu." The chief official of

Jinwu? Nima, it turned out to be an official.

Wait...

Yue Feng wanted to continue to ask the next one, but suddenly his eyes flashed, and he turned to stare at Zhang Xu, unable to hide his inner excitement: "You... Are you the grass saint Zhang Xu?"

Saying this At that time, Yue Feng's voice trembled.

shit.

To be honest, Yue Feng was a little puzzled at first, how could an official be locked up on the fourth floor, it turned out that he was the famous grass sage Zhang Xu.

You know, in the Tang Dynasty, Zhang Xu was famous for his cursive script, and Li Bai's poems, Pei Min's swords, and became the three masterpieces. Li Bai is a poet, Pei Min is a sword sage, and Zhang Xu is a grass sage.

This person was in the Tang Dynasty, but the emperor respected him extremely.

Finally, Yue Feng reacted and patted Zhang Xu's shoulder with a smile: "It turned out to be Mr. Cao Sheng, I have admired the name for a long time, and I also like calligraphy. In the future, let's have a few drinks together and ask you for more advice..."

Yue Feng knew that Zhang Xu liked to write after drinking, and the words he wrote after drinking were wild and beautiful.

"Master, you're welcome." Zhang Xu responded very humbly.

Yue Feng smiled and continued to ask others.

With each question, Yue Feng's inner excitement increased by a few points. Because he guessed right, those who were locked up on the fourth floor were all famous powerhouses in history, or a generation of famous masters who were masters in various fields.
