

The ultimate husband in Chinese chapter 2041-2050

Chapter 2041

Huh?

I don't know how many times I asked, but Yue Feng came to a rather immortal old man. Suddenly frowned.

This old man is very arrogant.

I saw this old man, dressed in a black linen robe, immortal style, with a slightly raised forehead. Even though he was dressed in ordinary clothes, he gave him an indescribable unique temperament.

Yue Feng felt that the strength of this old man was unfathomable, and he could not perceive it at all.

What makes Yue Feng puzzled is that the other strong men around here are respectful and respectful when they see him, but this old man stands there proudly and doesn't even look at himself.

interesting.

This old man has a very unique personality.

Thinking to himself, Yue Feng was about to ask, but the old man took the lead.

"It's you who released the old man from the Linglong Tower?" The old man looked up and down at Yue Feng and asked coldly. His voice was not loud, but he had an unquestionably powerful aura.

Um?

Yue Feng was stunned for a moment.

I haven't asked you yet, but you have asked me.

At this moment, Yue Feng became more interested in the identity of the old man, smiled slightly, nodded and said, "Yes, it's me, my name is Yue Feng! I dare to ask your honorable name."

"Your honorable name?" The

This chapter is provided by . Visit for daily update.

old man chuckled lightly . , said indifferently: “The name is just a title, why is there a distinction between the high and the low? The old man has many names, some people call me Wang Xu, some call me Wang Chan, and some call me Xuanweizi, Guiguzi... .”

When he said this, the old man looked indifferent, as if these titles had nothing to do with him.

What?

Hearing this, Yue Feng only felt a thunder in his mind, his body froze, and his whole body was instantly messy.

Ghost... Guiguzi?

The old man in front of him is the most amazing person in the world? Guiguzi?

Guiguzi, known as a strange man through the ages, is proficient in the art of vertical and horizontal, has unique wisdom, has a unique knowledge of the world, and is proficient in hundreds of schools of knowledge. Famous people, medical scientists....etc.

At this moment, Yue Feng only felt his brain buzzing, staring blankly at Guiguzi, extremely shocked.

Total shock.

I thought that the person in front of him was just a quirky old man who was so arrogant, but he never imagined that it would be Guiguzi.

You know, this is a real bullshit character. Famous figures in history, such as Su Qin, Sun Bin, Shang Yang, Lu Buwei, Li Mu, Wang Jian, Le Yi, and Mao Sui, were all his disciples, influenced and educated by his wisdom.

Even the creator of Baiqishen Formation, the killing god Baiqi, is also his student.

Such an existence is actually imprisoned in the Linglong Tower?

What?

At the same time, the entire hall was in an uproar, and everyone looked at Guiguzi, dumbfounded.

A generation of strange people, Guiguzi, there are rumors about him, whether it is the royal family or the people, almost everyone knows about him. Who doesn't know.

Especially Long Qianyu, who looked at Guiguzi and Yue Feng, his eyes twinkled with complexity, and his delicate body trembled faintly.

This...

Yue Feng is the owner of Linglong Pagoda, and Guiguzi is imprisoned in Linglong Pagoda again, "Gui... Senior Guiguzi."

Finally, Yue Feng reacted, and his words were unreasonable, his tone was trembling, and his face was filled with incomparable respect: "Senior's name is like thunder. The younger generation, Yue Feng, has seen the senior." The

voice fell, and Yue Feng bowed respectfully to Guiguzi.

To be honest, if other powerhouses were so arrogant, Yue Feng would definitely be unhappy, let alone salute, but Guiguzi is different, this is a god-like existence, and people have this strength and arrogance.

Chapter 2042

"Okay." Guiguzi looked indifferent and waved his hand: "You don't have to be so polite."

Seriously, when you reach the realm of Guiguzi, you don't care about these common etiquettes in the world at all.

However, in the face of such a god-like existence, how could Yue Feng be rude.

The next second, Yue Feng scratched his head and asked curiously, "Senior Guigu, how did you get locked in the Linglong Tower?"

When he said this, Yue Feng's eyes were full of urgency.

The civil and military officials next to him, as well as the queen and Long Qianyu, all focused on Guiguzi, waiting for his answer.

Like Yue Feng, they were also very puzzled.

You must know that Guiguzi is a strange person through the ages, and so many historical celebrities are his students. It can be said that Guiguzi is almost a god-like existence, and there are very few people who are more powerful than him.

Who is it, so capable, that he can be locked in the Linglong Tower.

call!

Guiguzi breathed a sigh of relief, glanced at the Linglong Pagoda in Yue Feng's hand, and said lightly: "Old past, I don't want to talk about it!"

When he said this, Guiguzi looked indifferent, without the slightest fluctuation.

Uh...

Yue Feng is very embarrassed, this Guiguzi deserves to be a strange person through the ages, and his personality is really unique.

However, Yue Feng doesn't care about these anymore, and his mood at this time is extremely excited.

Haha...

This ancient strange person is trapped in Linglong Tower, and he is the owner of Linglong Tower, that is to say, this Guiguzi will recognize himself as the master in the future.

With such an existence to assist, wouldn't he be invincible in the world? On the continent of Kyushu, galloping freely and recklessly?

What about Yang Jian, Zhang Jiao, etc., why do you still need to be afraid of them?

Moreover, there is an existence like Guiguzi on the fourth floor. Isn't the identity of the detainees on the fifth floor of Linglong Tower even more terrifying?

Thinking to himself, Yue Feng looked at Guiguzi and couldn't wait to say: "Senior Guigu, do you know who is detained on the fifth floor of Linglong Tower?"

Hearing this, Guiguzi shook his head and said lightly: "Every floor of Linglong Tower It's all an independent space, how does this old man know about people from other levels?"

His tone was extremely indifferent, but he couldn't bear the slightest displeasure. After all, Guiguzi's aura is too strong.

I do not know!

Yue Feng scratched his head, a little disappointed.

It seems that the only way to find the last piece of the sky repairing stone is to solve the answer by yourself.

Muttering in his heart, Yue Feng's eyes lit up, he thought of something, and quickly said: "By the way, I have something to do and I need your advice..."

After that, Yue Feng was about to tell the situation facing the Southern Cloud Continent.

.

However, just halfway through, he was interrupted by Guiguzi.

“Little baby, don’t think that you are the master of Linglong Tower, so you can order the old man. The old man will not help you.” Guiguzi said coldly, with no room for negotiation: “I have been in the world all my life, and no one can match it. , regard life, death, wealth and honor as a fleeting moment. I will not recognize you as the master. If you refuse to accept it, you will move your thoughts and take my life. I would rather die than surrender to a junior like you.” The

voice fell, Guiguzi looked straight at him. Yue Feng had a fearless face, and at the same time revealed a suffocating and powerful aura.

Yes, Guiguzi has been rebellious all his life, and he has taught so many apprentices that are shocking in the world. It can be said that there is no one in the past, and no one since, how could it be possible to surrender to the younger generation of Yue Feng?

It is precisely because of this personality that after Guiguzi was released, he did not give any compliments to Yue Feng.

This...

Hearing this, Yue Feng was completely stunned, only feeling that he was poured a basin of cold water invisibly.

shit...

Chapter 2043

Is this Guiguzi so stubborn? Would you rather die than give in?

You must know that you are the master of Linglong Tower, as long as his mind moves, his life will be gone.

At this moment, everyone around was stunned, but unlike Yue Feng, everyone looked at Guiguzi and nodded in approval, with admiration in their eyes.

It is indeed admirable to be the first strange man in the ages, so tenacious and unyielding.

“Little baby!”

Seeing Yue Feng’s hesitation, Guiguzi said lightly: “If you don’t kill the old man, the old man will leave!” When he said this, Guiguzi didn’t even look at the queen and those civil and military officials.

In the realm of Guiguzi, the emperor, like the commoners, has no distinction between superiors and inferiors, so there is no need to care.

When the voice fell, Guiguzi turned around and prepared to leave.

“Senior stay.”

At this moment, Yue Feng shouted quickly, his eyes full of urgency and reluctance.

Nima, this one in front of you is a god-like existence, how can you let him go so easily?

“What? Regret?” Guiguzi stopped, looked back at Yue Feng and asked.

Yue Feng scratched his head, with a bitter expression on his face: “Senior, you are a strange man of the ages. It is too late for me to worship and admire you. How could I kill you? If you want to leave, I will never stop you. Help.”

Yes, Yue Feng couldn't bear it.

This Guiguzi has not only taught a large number of famous people in the world, but his wisdom and ideas have also influenced thousands of generations. If he kills him, he will be a sinner through the ages.

But he couldn't let him go like this.

help?

Guiguzi frowned and said lightly, “I don't have the habit of helping.”

At this moment, Yue Feng was completely anxious: “Senior, I am not asking you to help me, but please save the people of Limin in this Southern Cloud Continent. “Speaking, without waiting for Guiguzi to refuse again, Yue Feng quickly explained the current situation in Nanyun Continent.

At this moment, the queen, Long Qianyu, and hundreds of civil and military officials reacted one by one, staring closely at Guiguzi, and their hearts were extremely excited.

If Senior Guigu is willing to help, Nanyun Continent will be saved.

call!

Hearing this, Guiguzi chuckled and said with emotion: “It really is the endless disputes in the world, and it's fighting again, that's all, since you don't kill the old man, the old man will help you once.”

“Thank you, senior.” Yue Feng was overjoyed and hurriedly bowed his thanks.

At the same time, the queen and civil and military officials were also extremely happy.

At this moment, the queen wanted to express her gratitude to Guiguzi, but after trying several times, the queen could not summon the courage to speak. After all, she is the head of a country, and it always feels a little uncomfortable to say thank you to others.

Guiguzi smiled at Yue Feng, walked slowly to the door of the main hall, and looked around the imperial city.

A few seconds later, Guiguzi returned to the main hall, looked at Yuefeng, and asked with a smile, "I smelled a lot of rare medicinal pills on you just now. You are an alchemist, right? ."

I'll go.

Yue Feng was stunned for a moment, and was shocked again in his heart.

It was so powerful that he could guess his identity as an alchemist based on the taste of the medicinal pills on his body.

Shocked in his heart, Yue Feng nodded quickly: "Senior is right, I am an alchemist, and fire-bending pills can be refined."

In Wuji Danshu, the fire-proofing Dan is a kind of middle-class medicinal pill. After taking it, it can avoid being burned by fire. Yue Feng is very familiar with it.

Guiguzi nodded and said slowly: "You need to refine more fire-proofing pills, one for each soldier in the Southern Cloud Continent. When the Northern Ying army comes to attack, you will let the soldiers take it."

After speaking, Guiguzi pointed Looking at a wilderness more than ten kilometers north of the imperial city, he continued: "In the decisive battle, you must find a way to lead the enemy to that wilderness. This is the most important point, remember! As long as you lead the enemy there, You can defeat them."

"Okay, junior remember!" Yue Feng nodded his head, and at the same time asked curiously, "But why do we do this?"

Chapter 2044

Guiguzi smiled slightly, looked at Yue Feng and said: "The old man observed just now that there is a magma mouth under that wilderness. The old man just felt it, the magma below is surging, and it will erupt within 20 years. Form a volcano."

As he spoke, Guiguzi's tone was extremely confident, and he continued: "The twenty years I said was based on the premise that there was no external force, but if the two armies fought here, the aura of the eruption would vibrate and accelerate the following The operation of the magma, then the underground magma will erupt in advance..."

Hu...

Hearing this, the entire hall was in an uproar, and everyone looked at Guiguzi with admiration and shock in their eyes.

Just looking at it, I knew that there was magma under that wilderness.

It's so powerful, it's worthy of being a man of the ages.

At this moment, Yue Feng also admired the five-body throw to the ground. This Guigu senior is really amazing. He could even pass the surface and accurately guess the underground situation. This is the highest state in Feng Shui.

To be honest, Yue Feng has also studied Feng Shui, but compared to Guiguzi, it is absolutely inferior.

In admiration, Yue Feng finally understood Guiguzi's intention.

Let the soldiers of Nagumo take the fire-preventing pill in advance to deal with the magma eruption, and the Beiyang army did not know in advance that when the magma erupted, the formation would be in chaos, and there would be countless casualties...

haha...

Imagine that kind of picture, Yue Feng was extremely excited, and at the same time, he worshipped Guiguzi even more.

It is worthy of being named the existence of the ancestors by the military masters of all dynasties. The Southern Cloud Continent was already at the end of the road, and everyone was helpless, but here senior Guigu, such a simple solution.

As expected of a god-like existence.

"Boy!"

At this moment, Guiguzi showed a smile, looked at Yue Feng, and said earnestly: "In the future, when leading troops to fight, you must be flexible, and you must not blindly compete with each other for your strength and what you have learned. Sometimes, you can take advantage of the right time and place. , it works better than anything."

"Yue Feng will follow the teachings of the predecessors." Yue Feng quickly responded with a very respectful attitude.

Huh...

At this time, the queen and the civil and military officials also reacted and couldn't help but compliment.

"Using the underground magma to deal with the Beiyang army is absolutely impossible..."

"Yeah, at that time, no matter how powerful Yang Jian is, it is impossible for the hundreds of thousands of Beiyang army to block the scorching magma..." As expected of the senior Guiguzi..."

The admiration from the crowd kept coming, and Guiguzi didn't seem to hear it. To be honest, when he traveled the world and received his apprentices, the compliments he heard were better than those he heard. This is much more.

"Okay!"

At this time, Guiguzi didn't say more, and said to Yue Feng: "The old man told you the method. As for whether you can defeat the Beiyang army in the end, it depends on your ability."

Hearing this, Yue Knowing that Guiguzi was leaving, Feng scratched his head, and said embarrassedly, "Senior, this junior still has an unkind request, can you wait for me to finish this battle before leaving?"

Seriously, although Guiguzi gave this solution, the odds of winning are great, but the situation on the battlefield is changing rapidly. If the situation does not develop as expected, it will be troublesome.

Therefore, before the victory or defeat, Guiguzi must be kept. After all, to have this person who exists like a god by his side is confident.

Even if the plan goes well and finally wins, when Yang Jian sees that there are gods like Guiguzi around him, he will definitely not dare to act rashly in the future.

Guiguzi, a strange man of the ages, saw through Yue Feng's thoughts at a glance, and said indifferently: "You let this old man stay in order to deter the enemy, right?"

"

With a face full of pleading: "Please senior. I do this because I want to end the war as soon as possible, and return the people to a happy life as soon as possible."

Phew!

Hearing this, Guiguzi nodded: "Okay, this request is not excessive, the old man agreed."

Haha...

Seeing Guiguzi agree, Yue Feng was overjoyed, and quickly ordered the eunuch next to him: "Quick, take the seniors there quickly. Rest, you must not neglect the seniors."

Now that the Beiyong army has not attacked the imperial city, and there is still a lot of preparation work to do, how can I let the senior Guigu stay in this hall? How inappropriate.

As soon as the voice fell, a eunuch hurried over, with a very humble attitude, and took Guiguzi to rest.

Chapter 2045

Call!

As soon as Guiguzi left, everyone in the hall could not help but breathe a sigh of relief.

I have to say that Guiguzi's aura is too strong. Before, everyone in the hall did not dare to let out the air. Now that Guiguzi left the hall, everyone felt relieved.

After a sigh of relief, everyone was extremely excited.

Just now, the senior Guigu said how to deal with the Beiyong army. It can be said that the Nanyun Continent has been saved, can everyone be unhappy?

call!

At this moment, Yue Feng also breathed a sigh of relief, his face full of spring breeze, and the previous gloom was almost swept away.

It is really another village.

I thought that this time I was going to escape the Nanyun Continent with the Queen and Long Qianyu, but I never thought that a god like Guiguzi would be released from the Linglong Tower.

Although Guiguzi doesn't think he is the master, but he can agree to help, it is also a help in the snow.

It really is unpredictable and unpredictable.

Oops...

Just as he was sighing, he suddenly thought of something, Yue Feng patted his forehead suddenly, his face full of sorrow.

There is a way to deal with the Beiyang army, and the fire-bending pill can be refined by himself. However, the Nanyun army has hundreds of thousands of soldiers and so many people.

I'm afraid, before I can refine hundreds of thousands of fire-proofing pills, the Beiyang army has already conquered the imperial city.

"Yue Feng."

At this time, seeing Yue Feng's sad face, the queen guessed something and said softly: "Are you worried about the fire-proofing pill? I remember that there is a batch of fire-proofing pills in the royal family's pill library, and there should be quite a few. "

After speaking, the queen instructed the guards next to her: "Go, take out all the fire-proofing pills in the pill library and count them." The

pill library is the place where the Nanyun royal family specially placed the pills. It is a royal forbidden area, not Ordinary people can enter, but this time, in order to resist the Northern Ying army, how can the queen manage so much?

Great!

Yue Feng was stunned for a moment, and then he was extremely happy.

It turns out that the royal family has fire-preventing pills. If the number is enough, you don't need to refine it yourself, which saves a lot of trouble.

After a while, dozens of guards, carrying more than a dozen exquisite large wooden boxes, slowly entered the hall.

After counting, there were a total of 138,000 fire-proofing pills.

Hiss...

At this moment, seeing so many fire-proofing pills, Yue Feng couldn't hide his inner shock.

Nima, there are more than 130,000 fire-proofing pills, and only the royal family has such great courage. If it is an ordinary alchemist, I am afraid that it will take several years to refine.

The next second, Yue Feng frowned again.

There are 150,000 soldiers in the Nanyun army, and here, there are only 138,000 fire-proofing pills, and there are still 12,000.

“Yue Feng!”

At this time, the queen’s eyes fell on Yue Feng, and she said softly, “Wait, I will summon all the alchemists in the palace, and you and them will refine the missing fire-proof pills. Come out, is it alright?”

The queen also saw that these fire-proofing pills were not enough to be allocated to the Nanyun army. But don’t panic at all, because the royal family has a special alchemist.

“No problem.” Yue Feng nodded with confidence on his face.

There are only 10,000 missing, and with the help of the Huang family alchemist, it will be refined soon.

“Fuck the air!”

At this moment, Long Qianyu came out and mocked Yue Feng: “It’s a pleasure to promise, do you know how to make medicine pills?” When he said this, Long Qianyu’s face, He couldn’t hide his contempt.

Long Qianyu glared at Yue Feng. You must know that although the fire-preventing pill is a medium-to-high-level medicinal pill, and the materials are not difficult to find, the refining process is very particular, and if there is a slight error, the refining will fail. Can this Yuefeng be refined?

The ultimate husband in Chinese chapter 2046-2050

Chapter 2046

In Long Qianyu’s heart, Yue Feng has no other skills besides being a liar, so how could he be able to refine fire-proofing pills?

Nima!

Hearing this, Yue Fengqi laughed, looked at Long Qianyu and said, “Your Highness, Guigu seniors said that I can make refining. Even if you don’t believe me, don’t you believe in Guigu seniors?”

This Long Qianyu , that’s enough, embarrass yourself every chance you get.

“Who knew that you could make alchemy?” Long Qianyu responded angrily.

Yue Feng was too lazy to say more, and said with a smile: “Then let’s wait and see...”

“Slick tongue...”

Seeing the two arguing again, the Queen's delicate face was very helpless, she shook her head and smiled bitterly, and then told her side. The eunuch summoned all the alchemists in the palace.

Soon, five royal alchemists entered the hall, and at the same time, dozens of royal alchemy furnaces were also ready.

"Okay." The Queen said slowly, "Hurry up and refine it. Be serious, you must not go wrong."

These fire-proofing pills are related to the fate of the Southern Cloud Continent, and no mistakes can be made.

"Yes, Your Majesty!" The five royal alchemists responded, and then began to make alchemy.

At this time, Yue Feng also walked over, skillfully selected materials, controlled the fire, and started refining.

There were a total of thirty alchemy furnaces and five alchemists, each of whom originally watched six at the same time, but when they saw Yue Feng coming, they took the initiative to separate out five alchemy furnaces.

In this case, Yue Feng, like the alchemists in these palaces, each took care of five alchemy furnaces at the same time.

This chapter is provided by . Visit for daily update.

call!

Seeing this scene, the queen and the civil and military officials looked at Yue Feng closely, dignified and complicated.

Seeing this, Yue Feng actually knew how to make alchemy. Moreover, the attainment seems to be very high.

You must know that it is not ordinary people who can enter the palace and make alchemy for the royal family. These five royal alchemists have reached a very high level in their alchemy skills. It is very rare to be able to take care of five alchemy furnaces at the same time. !

And Yue Feng, like the royal alchemist, can take care of five alchemy furnaces, which is really not easy.

However.

Long Qianyu looked disdainful.

In her eyes, this Yue Feng was just pretending to be grandstanding.

“Yue Feng!”

Finally, Long Qianyu frowned and couldn't help saying: “Can you stop making trouble? Get out of the way quickly, don't hinder these alchemists.”

When he said this, Long Qianyu couldn't hide his heart. of disdain.

It seems that Yue Feng can take care of five pill furnaces at the same time. Who knows if he can actually refine the fire-proof pill. If he fails, wouldn't he waste so many materials in vain?

Yue Feng just pretended he didn't hear Long Qianyu's words, and looked at the pill furnace with all his attention.

In the next second, Yue Feng breathed a sigh of relief and said to the eunuch next to him: “Go, prepare five more pill furnaces for me, this is too slow.”

Over the years, Yue Feng's attainments in pill refining have reached At the level of perfection, he can take care of five pill furnaces at the same time, and he is completely at ease.

To be honest, Yue Feng didn't want to be so flamboyant, but the Beiyang army could come at any time, and the time was pressing, so he could only speed up as much as possible.

What?

Hearing this, not only the empress and civil and military officials, but even the five royal alchemists next to them were stunned, and there was an uproar.

This... This Yue Feng is not just bragging, right?

Five pill furnaces are not enough? Are you going to add five more?

call!

Long Qianyu bit her lip tightly, her eyebrows frowned, and her delicate face was very unhappy.

This Yue Feng is really abominable, he told him not to make trouble, he just kept going, it was getting more and more excessive, and he even had to add five more pill furnaces.

The more alchemy furnaces are added, the more materials are wasted, right?

At this time, Long Qianyu still firmly believed that this Yue Feng could not refine the fire-preventing pill, and even if he could refine it, it was impossible for each of them to be successful.

Chapter 2047

“Go.”

At this time, Yue Feng urged the dazed eunuch: “Hurry up and prepare, what are you stunned for?”

The eunuch responded quickly, and soon, five more pill furnaces were prepared.

At this moment, I saw Yue Feng quickly raise the fire, sort the materials, and then throw the materials into the furnace to control the temperature, and everything went smoothly.

call!

Seeing this scene, everyone in the hall was silent, staring at Yue Feng, unable to speak.

At first, everyone didn't believe that Yue Feng could take care of ten alchemy furnaces at the same time, but seeing that Yue Feng not only took care of it, but also looked very relaxed, everyone believed it.

Especially the five royal alchemists, looking at Yue Feng's eyes, were full of shock and admiration.

It is unheard of for an alchemist to take care of ten alchemy furnaces at the same time.

This...

Long Qianyu's delicate body trembled, only feeling that his legs were softening, staring at Yue Feng, his delicate face was full of disbelief.

He...he did it.

hum.

Just when everyone was shocked, suddenly, they saw the ten pill furnaces that Yue Feng was taking care of, and a violent vibration broke out at the same time.

Rumble.

Immediately afterwards, I heard the sound of thunder in the sky outside, which was deafening.

what's the situation?

This time, everyone in the hall was stunned and looked at each other.

“Your Majesty. Heaven.... Heaven...”

At this moment, the guard at the entrance of the main hall suddenly trembled, pointing to the sky and exclaiming.

Whoa!

Hearing this, the queen quickly stepped down from the throne and walked out of the hall with the civil and military officials. Long Qianyu glanced at Yue Feng with a complicated look, and quickly followed.

hiss!

At this moment, everyone looked up at the sky and couldn't help but gasped.

I saw the clouds and mists gathered together, condensed in the palace, and finally slowly suspended above the hall.

Dan Yun!

One, two...

a full ten Danyun!

Whoa!

In an instant, the entire palace was boiling, and there was a lot of discussion!

As we all know, cultivation itself goes against the natural way of heaven. And refining medicinal pills is even more of an act against the sky. Therefore, if someone refines a top-quality medicinal pill, it will trigger a celestial phenomenon!

And Dan Cloud Condensation is one of the celestial phenomena!

To be honest, the royal family of Nanyun possessed a lot of natural and earthly treasures, and the royal alchemists were not ordinary people.

It's just that ten Dan Clouds appeared at a time, but they had never been seen before.

At this moment, whether it was the queen or the civil and military officials, they all stared at Yue Feng blankly, and they were all shocked and speechless.

He was able to draw ten Pill Clouds at one time, and he was so accomplished in Pill Refining that he was afraid that he had already reached a realm beyond the reach of ordinary people!

Especially the five royal alchemists, all of them froze there, seeing Yue Feng's eyes, completely changed.

It is not the most magical that can trigger ten Dan Clouds.

The most shocking thing is that the fire-proofing pill is only a middle-class pill, not a top-grade pill at all, but the concubine can actually trigger ten pill clouds.

It is simply unprecedented, and no one has come since!

Chapter 2048

Pfft...

At this moment, the five royal alchemists were surging in their hearts, all of them couldn't help kneeling in front of Yue Feng, and Qi claimed to eulogize: "Master Consort, it is really the reincarnation of the alchemy god, The subordinates admire..."

When refining the top-quality medicinal pills, it is not very powerful to trigger Danyun, because most people can do it.

It is possible to refine ordinary medicinal herbs, and it can actually trigger a cloud of pills. This is the real cow.

Haha...

Yue Feng smiled slightly, raised his hand, and said lightly: "Look at you, you are making alchemy, why are you kneeling to me? Get up..."

Phew!

Seeing this scene, Long Qianyu's delicate body trembled, staring at Yue Feng, completely speechless.

I thought that even if he could alchemy, his attainments would not be too high, but he didn't expect that it would lead to a cloud of pills, and it was still ten.

This Yue Feng, who usually has a hippy and smiling face, is not serious at all, but when it comes to critical times, he has a lot of skills.

What kind of person is he?

At this time, Long Qianyu stared blankly at Yue Feng, and his mood gradually changed.

This time, everyone stopped talking, quietly watching Yue Feng and the five royal alchemists busy, in the hall, except for the sound of the burning fire, it was almost silent.

Two hours later, 12,000 fire-proofing pills were finally refined.

call!

In an instant, the eyes of everyone present converged on Yue Feng, and they were once again shocked.

Total shock.

It was seen that the ten pill furnaces that Yue Feng took care of had produced more than 8,000 fire-preventing pills in total, which was more than double that of the five royal alchemists combined.

This Yue Feng not only caused ten pill clouds during the refining process, but also the number of fire-proof pills that were finally refined.

Simply incredible.

“Wonderful...”

Finally, the queen reacted, her delicate face was full of smiles, she looked at Yue Feng and praised: “It’s really wonderful, Yue Feng, I didn’t expect that your accomplishments in alchemy are so high. , it really opened my eyes...”

At this time, the Queen became more and more pleasing to Yue Feng’s eyes.

He was so wise that he found such an excellent consort for the emperor’s sister. Not only has the Linglong Tower, but also has such high attainments in the art of alchemy.

“Your Majesty praised it.” Yue Feng smiled and responded.

The queen couldn’t hide her excitement, she raised her jade hand, and instructed: “Xuan Zhen’s decree, today Yue Feng has done a good job in alchemy, special seal...”

At this time, the queen was going to give Yue Feng an official title, but the words have not yet been said. After speaking, he was interrupted by a panicked shout.

“Your Majesty!”

An imperial city guard, sweating profusely, ran in and shouted, "No, Your Majesty, Yang Jian led the Northern Ying army, and now they are heading towards the imperial city, and the distance is less than ten miles away... ."

What?

Hearing this, whether it was the empress or the civil and military officials, their expressions changed.

Beiyong army, attacking the imperial city so soon?

Yue Feng also frowned secretly.

Yang Jian is indeed very resolute, so eager to destroy the Nanyun royal family.

But fortunately, Guigu senior has already said the way to defeat the enemy, and the fire-proofing pills have all been refined, so there is no need to panic.

"Quick!"

At this moment, Yue Feng shouted at the guard: "Go on, assemble the army immediately, and distribute the fire-proofing pills, each of the soldiers and soldiers, let them take all of them, there must be no mistake. Also, hurry up. Go and invite Senior Guigu out."

"Yes!" The guard responded and walked out quickly.

Chapter 2049

At the same time, a full 150,000 fire-proofing pills were also quickly carried out.

A few minutes later, after the army of hundreds of thousands of Nanyun had taken the fire-proofing pills, they gathered outside the imperial city gate and waited.

At this time, Yue Feng and the Queen, as well as Long Qianyu, civil and military officials, all stood on the gate tower with solemn expressions.

Of course, Guigu was there, but he was placed in an inconspicuous place by Yue Feng.

Yue Feng thought about it, at the last critical moment, let Guigu appear to frighten Yang Jian and Zhang Jiao, so at the beginning, Yang Jian could not be seen.

Compared with everyone's nervousness, Guigu looked calm and relaxed.

call!

At this moment, Yue Feng looked into the distance and couldn't help taking a deep breath.

I saw that hundreds of thousands of Northern Ying troops came slowly in a neat phalanx, each holding a long knife, and the sun was shining with a cold light, which made people palpitate.

In front of the army, Yang Jian was wearing a golden armor, holding a three-pointed two-edged sword, with a smile on his face.

Behind him, Zhang Jiao, Yue Wuya, Han Bing and many other generals followed closely.

Swish!

A hundred meters away from the city gate, Yang Jian raised his hand and waved, and the hundreds of thousands of Northern Ying troops stopped in unison.

The next second, Yang Jian first looked at the queen, and then his eyes fell on Yue Feng.

"Boy, you've lost so many battles before, are you still not convinced?" Yang Jian sneered, looked at Yue Feng and mocked: "My military advisor Zhang Jiao is a generation of strange people, and against him, you have no chance of winning at all. , you should give up."

When he said this, Yang Jian's handsome face was full of confidence.

Since Zhang Jiao joined, the Beiyang army has won many battles, almost invincible and invincible. In the previous few battles, Yue Feng was beaten and fled, and he has no ability to reverse the situation.

"Really?" Yue Feng chuckled and said word by word, "But what if I don't give up?"

Huh!

Hearing this, Yang Jian's face sank, and he said coldly, "It's beyond your own power."

With that, Yang Jian waved his hand.

In an instant, Yue Wuya strode out and shouted at the soldiers behind him, "Bring them all out."

Whoa.

As soon as the words fell, I saw more than a thousand people, driven by Beiyang soldiers, lined up in several teams and walked in front of the army. These people were all old and weak, women and children, and they looked depressed and hopeless.

call!

Seeing this scene, whether it was the queen, or Long Qianyu and the civil and military officials, they were all very angry.

This Yang Jian actually uses the common people as a wall of meat, which is really hateful.

Yue Feng's eyes were extremely blood red, his fists clenched tightly, his inner anger rose, and his whole body trembled.

In the previous battles, it was because he was worried about the safety of these people that Yue Feng was at a loss, but his oil control strategy could not be carried out, and he was defeated again and again.

Because a day ago, Yue Feng had already ordered the soldiers to go to the homes of the common people on the outskirts of the imperial city to convey the news, telling them that the Northern Ying army was about to call, and hurry away to avoid disaster.

However, these people are unwilling to abandon their homes. Being caught now is really pitiful and irritating.

“Ya'er!”

At this time, Yue Feng reacted and shouted at Yue Wuya: “It is very inhumane to coerce the people to attack the city. In order to occupy the Kyushu, Yang Jian has lost his humanity. You help him to help Zhou to be abusive, and it is too late to regret it. “

Ya'er, I know you hate me. I'm really sorry for you and your mother. I haven't taken care of you since I was a child, let alone taught you, but I believe that my son, Yue Feng, is not a bad person and has a kind heart.”

“You leave the Beiyang army now and come to me. When the time comes, let's go to Tianqi Continent together to pick up your mother, okay?”

When he said this, Yue Feng looked at Yue Wuya closely, with anticipation in his eyes.

To be honest, when he saw Yue Wuya working for Yang Jian at first, Yue Feng didn't feel anything, but when he saw that Yue Wuya personally led the troops to coerce those innocent people, Yue Feng realized that he couldn't go on like this anymore. .

Ya'er was still young, so he couldn't keep following a vicious person like Yang Jian.

Chapter 2050

Call!

At this moment, Han Bing in the Beiyang army, biting his lip, couldn't help but whispered to Yue Wuya: "Brother... Listen to Daddy, let's stop serving Yang Jian." Han Bing is kind-hearted, I saw Yang Jian coerce the people before, and I had long thought of leaving. At this time, seeing Yue Feng's opening to dissuade Yue Wuya, he couldn't help it.

"Sister, don't talk." Yue Wuya shook his head and responded lightly.

Seeing that Yue Wuya didn't respond, Yue Feng was very anxious and said again: "Ya'er..."

He was interrupted by Yue Wuya as soon as he said two words.

"Shut up!" Yue Wuya couldn't understand Yue Feng's painstaking efforts at all, so he roared and said coldly: "What I do has nothing to do with you, and I don't need you to teach me. You just gave My life is only, and I am not qualified to call you Dad, so don't tell me these things again."

Alas!

Hearing this, Yue Feng had a bitter look on his face, not knowing what to say.

Yue Feng always thought that Yue Wuya's resentment towards him was only temporary, but he didn't expect that he hated him so deeply.

Long Qianyu next to him couldn't stand it anymore, he walked out and shouted at Yue Wuyajiao: "You child, your father is teaching you how to behave, how can you contradict? There's something wrong, that's your father, how can you do this?"

Seriously, if it was before, Long Qianyu wouldn't speak for Yue Feng.

But after seeing Yue Feng's alchemy accomplishments before, his opinion of him changed a lot. At this time, when he saw Yue Feng's son, he contradicted his words, and his words were so ugly, and he couldn't help it.

Um?

Yue Wuya was stunned for a moment, looked at Long Qianyu from a distance, and then sneered: "You are the eldest princess of the Southern Cloud Continent, although your status is noble, but I am talking to Yue Feng, how can you speak? "

Speaking, Yue Wuya's tone became colder, and he continued: "In the eyes of others, you are a high-ranking princess, but in my eyes, you are just a vixen beside Yue Feng, you are not qualified to talk to me, let alone. Teach me."

"You..."

Hearing this, Long Qianyu's pretty face changed, her body trembled with anger, and she was speechless.

call!

Seeing this scene, Yue Feng didn't know whether to laugh or cry, and temporarily gave up trying to persuade Yue Wuya.

In the next second, Yue Feng looked directly at Yang Jian and said loudly, "Yang Jian, you are also a famous person in Kyushu. You are famous, and you have been using people as a wall of meat. You are not ashamed, I will be ashamed for you.

", Yue Feng sneered: "If you think that you are still a man who stands up to the sky, just let these people go, and neither of us will form an army, and we will fight in an upright manner. How about it?"

When saying this, Yue Feng was calm on the surface, but he was actually very nervous.

If it was before, how dare Yue Feng dare to provoke Yang Jian like this, it is simply courting death.

But Senior Guigu said that they should lead Yang Jian's army to the wilderness north of the imperial city and wait for the volcano to erupt. Therefore, at this time, Yue Feng can only stimulate Yang Jian.

Listening to Yue Feng's voice, the entire Beiyong army was silent!

The many generals behind Yang Jian looked at each other in dismay, and were inexplicably shivered by Yue Feng's words.

But after a few seconds of silence, all Beiyong generals burst into laughter in unison!

"Haha, what nonsense is this kid talking about, he wants to face off against His Majesty? Hahaha!"

"Yeah, he was defeated by one of his men, haha..."
