

## The ultimate husband in Chinese chapter 2266-2270

Chapter 2266

Om!

Just when Su Qingyan was secretly surprised, suddenly, behind a big black stone not far away, a figure rushed over quickly. his face.

boom!

The figure was so fast that neither Su Qingyan nor the monk had time to react, so he heard a muffled groan, and the monk slapped him in the mouth, a mouthful of blood spurted out, and fell directly into the pool of blood.

Seeing this scene, both Su Qingyan and Xu Qingyi trembled, and at the same time, seeing each other's appearance, they couldn't help taking a deep breath.

This is a middle-aged man, about thirty years old, two meters tall, wearing a robe made of animal fur, with a white face.

What shocked Su Qingyan and Xu Qingyi was the strength of this person. Not only is it transcending the Tribulation Realm, but also, his dantian internal force is not the same as ordinary people. It turns out that the meridians are retrograde

. Who is this person? Wearing clothes made of animal skins, looks like a barbarian, so powerful? The cultivation method is also so strange.

At this moment, the man's face was expressionless, his eyes were like falcons, and he looked at Su Qingyan up and down.

Yes, this man is a member of the Rakshasa clan, a spy sent by the Rakshasa clan. He has just experienced some thrills and crossed the Primal Chaos Mountains. As a result, he met two Su Qingyan and this patrolling Linyin Temple. disciple.

The Rakshasa people acted ruthlessly, and they simply killed the disciples of Linyin Temple without hesitation.

"You..."

Finally, Su Qingyan was the first to react, looking at the man and asking, "Who are you? Why did you want to kill this monk?"

"

As soon as the words fell, the man did not respond, but suddenly shot, hit the acupoints of Su Qingyan and Xu Qingyi, then grabbed their hands, jumped, and headed towards the top of the mountain.

This chapter is provided by . Visit for daily update.

In an instant, Su Qingyan and Xu Qingyi were shocked and angry, and wanted to struggle, but their inner strength was suppressed and they couldn't exert it at all.

Huhuhu...

Soon, when they reached the top of the mountain, both Su Qingyan and Xu Qingyi's expressions changed, and they were flustered.

On the top of the mountain, there is a huge crater with a diameter of tens of thousands of meters. Not only that, but the surrounding hurricanes are whistling, very violent, not to mention people, even a building can blow up.

However, in such a harsh environment, the man looked indifferent, clutching the two Su Qingyan tightly, sticking to the mountain like a gecko, following the edge of the crater, slowly moving towards the other side of the mountain.

call!

Seeing this scene, Su Qingyan and Xu Qingyi were both stunned.

In this environment, you can still take two people to act. Who is this person?

At this time, the two Su Qingyans did not know that this man lived on the other side of the Chaos Mountain Range, a Rakshasa clan in the wild and strange realm. For thousands of years, the Rakshasa people have already adapted to this harsh environment. .

A few minutes later, Su Qingyan and Xu Qingyi couldn't stand the scorching high temperature of the crater and the hurricane that could destroy almost everything. As soon as they closed their eyes, they both passed out.

call!

I don't know how long it took, Su Qingyan and Xu Qingyi woke up one after another. The moment they opened their eyes, seeing the scene in front of them, the two women couldn't help but gasp.

I saw that there was an incomparably vast gray world in front of me.

Yes, the grey world.

The sky was dim and dark, with no sun, moon, and stars. It was chaotic darkness. The snow-capped mountains and glaciers in the distance interacted with the volcanic lava nearby. The air was filled with a thick fog that made people breathless.

It's just hell on earth.

## Chapter 2267

In front of them, there is an open space full of thorns. At this time, in front of the two of them, an army of one million is lined up neatly.

The soldiers of this army are all tall, almost two meters in height, wearing uniform leather soft armor, holding black spears, and their skin has a penetrating blue color because they have not seen the sun for thousands of years. White.

The head of these people is a man in black armor.

The man is about forty, with a burly figure, like an iron tower, with black armor engraved with the pattern of beasts, giving people the feeling that he is strong and evil, and his body is filled with a suffocating horror atmosphere, especially Those eyes, like beasts, make people dare not look at them.

In addition, not far away, more than 100 meters away, there are ten huge beasts. These beasts, covered with blood-red hair, are more than 100 meters high, and their blood-red eyes are matched with huge. Fangs, like a demon from hell.

call!

Seeing this scene, whether it was Su Qingyan or Xu Qingyi, their bodies were trembling, extremely frightened, and at the same time there was deep doubt in their hearts.

This... what is this place? Who are these people?

Have you been taken to hell yourself?

At this time, the two Su Qingyan didn't know that they were taken to the wild and strange realm. These were the army of the Rakshasa clan.

"Your Majesty!"

At this moment, the man who caught Su Qingyan, stepped forward, facing the black armor general, and said respectfully, "I just crossed the Chaos Mountain Range to investigate the situation on the other side and found that These two women."

That's right, this black armor general is the current Rakshasa King, and the greatest king of the Rakshasa tribe in all dynasties.

Um!

The Rakshasa King nodded, looked at the man and said, "What's going on over the Chaos Mountains?" His tone was indifferent, but his eyes flashed with a bit of scorching heat.

For thousands of years, the Rakshasa clan has never been able to overcome the huge natural danger of the Chaos Mountains. It was not until the last few decades that the clansmen developed and grew stronger, and they had the strength to overcome.

However, because it was isolated from the civilization of the Kyushu mainland for thousands of years, the Rakshasa King did not rashly lead his troops to read it, but sent people to quietly investigate the situation on the other side of the Chaos Mountains.

"Go back to the king!" The man responded respectfully: "On the other side of the Primal Chaos Mountains, there is no one else except a temple, so we don't need to worry."

Hmm!

Hearing this, King Rosa showed a smile, looked back at the army, and said in a loud voice: "Clansmen, for thousands of years, we have been trapped in the wild and strange realm, and we have suffered so much. Now, we finally have a chance. Go back. Go back to the rich and beautiful land of Kyushu and take back what we lost."

"Kill back and take back what we lost." In an instant, millions of troops responded in unison, and the momentum was overwhelming.

At this time, King Rakshasa waved his hand to signal everyone to be quiet, and then ordered: "Okay, everyone continue to help these giants, absorb strength, and let them open a way out in the Chaos Mountains as soon as possible."

When he said this, Rakshasa Wang gazed at ten huge beasts not far away, with excitement flashing in his eyes.

Yes, these 100-meter-high beasts are a kind of wild beasts, called Jukui.

The giants have always inhabited the wild and strange realm. Later, the Rakshasa tribe was exiled here. After thousands of years, these giants were tamed into obedient spirit beasts. Moreover, in the secret arts of the Rakshasa, the figures of these giants, It has also evolved from a dozen meters at the beginning to more than 100 meters now.

In King Rosa's plan, these giants were driven to open up a way out of the Chaos Mountains with harsh environment, and then they would be able to lead the army and enter the Kyushu Continent.

To be honest, there are many strong people in the Rakshasa clan at this time who can cross the Primal Chaos Mountains unharmed, but most of the soldiers of the army do not have this strength, so be cautious!

“Yes, Your Majesty!” Nearly 10,000 soldiers responded in unison, and immediately set off, forming a formation around the ten giant giants, and then mobilized their internal forces to mobilize the surrounding forces in the world.

hum! hum! hum!

In an instant, powerful forces surged between the heavens and the earth, and when they saw the ten giants, they raised their heads and howled, and then began to absorb the heaven and earth power in the air.

Chapter 2268

As more and more powers of heaven and earth are absorbed, there is a terrifying evil aura in the air around these giants.

That’s right, the evil aura that the monks of Linyin Temple felt across the Primal Chaos Mountains came from these huge giants.

call!

Seeing this scene, Su Qingyan and Xu Qingyi both trembled and were shocked beyond words.

Total shock.

This... these huge beasts, can actually absorb the power of heaven and earth?

Swish!

At this moment, King Rakshasa’s gaze fell on Su Qingyan’s two women, and said coldly: “It’s useless to keep these two women, just kill them.”

When he said this, King Rakshasa looked indifferent, Iron blood is ruthless.

Speaking of which, the Rakshasa people are cruel and easy to kill. Thousands of years ago, they were exiled by the Yellow Emperor to the wild and strange realm because they made trouble everywhere and oppressed other tribes. Now that thousands of years have passed, this cold-blooded code of conduct has not changed.

More importantly, after being exiled for thousands of years, the Rakshasa clan treats other humans in Kyushu as enemies, so even though Su Qingyan and Xu Qingyi are both peerless beauties, the Rakshasa King has no pity in his heart!

Whoops!

As soon as the voice fell, two Rakshasa soldiers came, holding their spears tightly. At this moment, Su Qingyan and Xu Qingyi held their hands tightly, panicking.

Did it die like that?

So unwilling!

Thinking about it, Su Qingyan and Xu Qingyi slowly closed their eyes, very desperate!

“Wait!”

At this moment, a voice sounded in the crowd, followed by a tall and straight figure who walked out quickly, although like most Rakshasa people, his complexion was pale and his body carried evil spirits, but his facial features were sharp and angular, giving people a sense of urgency. An indescribable charm.

A man in his twenties, with a noble leather soft armor, is the son of the Rakshasa clan, Meng Lang.

The prince, the son of King Rosa, is revered in the Rakshasa clan, one person is below ten thousand people.

Menglang is talented and intelligent, and unlike most Rakshasa people who only know how to be cruel and kill, he is cautious and prudent in his work, and he knows how to use his ingenuity, so he is deeply loved by the Rakshasa King.

Um?

Seeing Meng Lang blocking, King Rakshasa frowned: “Why block? What are you going to do?”

“Your Majesty!” Meng Lang took a deep breath and said seriously: “Our tribe has been exiled for thousands of years, except for the Chaos Mountains. Outside the temple on one side, I know almost nothing about the situation in the mainland of Kyushu.” After speaking

, Meng Lang glanced at Su Qingyan and continued: “Now that these two women have been arrested, I think this It’s God’s will, we can just learn about the situation of each continent from their mouths, haven’t you always taught me to ‘make the best use of everything’? So you can’t kill them.”

“It makes sense!” The Rakshasa King nodded silently, revealing With a smile, he praised Meng Lang: “You can think of this, it’s very good, well, these two women will be handed over to you, and you must interrogate them carefully.”

“Yes!” Meng Lang responded quickly.

call!

Seeing this scene, Su Qingyan and Xu Qingyi were both secretly relieved.

At the same time, looking at Meng Lang in front of them, the two women felt a little uneasy in their hearts.

This young man has ulterior motives for saving the two of them. When his goal is achieved, the two of them will still die.

Thinking about it, Su Qingyan and Xu Qingyi looked at each other, both of them were miserable.

.....

the other side.

The Earth-round Continent is on the sea a few hundred miles away from Donghai City.

The weather is good today, the sea is calm and the waves are calm.

Hundreds of ships, connected by huge iron chains, are slowly sailing towards the distance.

At this time, a young monk was standing quietly on the boat headed by him, with a leisurely posture and extraordinary equipment, it was Duan Yu.

Behind Duan Yu, there are the powerhouses of Tianmen and several mainland forces. A day ago, these forces, under the orders of Yue Feng and the queen, went to the Chaos Mountains to investigate the situation. At the request of Moroye, Duan Yu was forced to go together.

“Master Huasheng!”

At this moment, a Tianmen disciple couldn’t help but said to Duan Yu: “How long will it take us to reach the Chaos Mountains?”

Shah!

The voice fell, and the eyes of the others around him also focused on Duan Yu, and their eyes were full of doubts.

The monk in front of him is a disciple of Master Moraya, so he should be respectful.

Chapter 2269

After Duan Yu Shaodu became a monk, his temperament has changed a lot from before, so everyone has not recognized it until now.

“Everyone!”

Duan Yu showed a smile, looked around, and said slowly: “According to the schedule, we will be there in one day, so don’t worry, before you arrive, I advise you to return to the cabin to rest and raise your sperm. Be sharp.”

When he said this, Duan Yu’s face was full of kindness, but his eyes flashed coldly.

call!

Hearing this, everyone nodded and returned to their cabins to rest.

Whoosh!

Seeing everyone returning to the cabin, Duan Yu sneered, his inner strength exploded, his toes were at a point on the deck, and he rushed directly to a height of 100 meters. Then, with a crisp sound, the opening axe was tightly held.

Since he was accepted as a disciple by Moraya, Duan Yu did not dare to act rashly because he was afraid of Moraya’s power. After arriving in Zhongzhou City, Duan Yu was even more afraid of being recognized by Yue Feng and others.

But now, neither Moraya nor Yue Feng were there, and Duan Yu didn’t care either.

At this time, Duan Yu, suspended in mid-air, holding a giant axe, is like a round sun, radiant!

Um?

Seeing this scene, everyone on the boat below was stunned, and their eyes were full of shock!

This... Open Heaven Axe?

Isn’t this Duan Yu’s weapon? How in the hands of this monk?

And... what is he going to do?

“A bunch of idiots! Go to hell!”

Just when everyone was in shock, Duan Yu sneered, clenched the opening axe tightly, and swung the axe out fiercely!

“Roar!”

Only a dragon roar was heard, emanating from the giant axe, and the next moment, a touch of golden light seemed to tear the world apart, swept away towards the hundreds of ships below!

“Death! Give me all to die!” Duan Yu roared loudly, looking like a madman!

Speaking of which, from the Earth Circle Continent to the Chaos Mountains, you don't need to take the sea route, you can go directly through the Xicang Continent, and then through the Yellow Sea Continent, you can reach the Chaos Mountains.

However, Duan Yu was ruthless and ruthless, and it was impossible to follow Moroye's instructions to successfully bring these people over. When he left Donghai City, Duan Yu thought about destroying these people.

Therefore, Duan Yu deliberately took these people and took the sea by boat, because the sea was vast, and these tens of thousands of people died, leaving no evidence at all.

In Duan Yu's heart, his life was ruined by Moroye, and he was no longer a real man, and the only support for him to survive was constant revenge. In this case, the safety of Kyushu has nothing to do with him. .

At this time, Duan Yu just wanted to use killing to vent his dissatisfaction with the whole world.

Speaking of which, these people from various forces also knew the approximate location of the Chaos Mountains and learned that they were going to take the sea route. At that time, some people were puzzled, but they didn't think much about the monk in front of him, who was a disciple of Moraya.

“Ah!”

Duan Yu suddenly shot, and everyone on the hundreds of ships below had no time to react. With a roar, half of the hundreds of ships were smashed and sunk in an instant. Many people screamed continuously, one by one. fell into the sea.

Swish!

Seeing this scene, the rest of the people couldn't help gasping for air, while watching Duan Yu in mid-air, terrified.

"Master of Metamorphosis? You..."

"Mad, we believe in you so much, but you are so cruel..."

"I have long thought that there is something wrong with their master and apprentice, what kind of wild and strange realm, the Rakshasa, all of them are Fake...this is a conspiracy."

"What are you talking about, let's go together!"

Swish swish... The

voice fell, and many people jumped into the air and charged directly towards Duan Yu!

These people have gathered the powerhouses from Tianmen, Danzong, Mingjian Villa, and even the Southern Cloud Continent and the Western Cang Continent. It can be said that those who can be singled out to go to the Chaos Mountains are the elites among the elites.

In an instant, the breath of nearly 10,000 people distorted the sky, and the momentum was astonishing.

However, Duan Yu clenched the axe tightly, did not panic at all, looked arrogant, did not say a word of nonsense, and slammed the axe out!

"Roar!"

A dragon roar burst out from the sky axe again, and the dazzling golden light immediately enveloped everyone!

"Death!" Duan Yu roared loudly!

"Ah!" In the

blink of an eye, nearly 10,000 strong men screamed incessantly, one by one fell from the air, causing heavy casualties, and the blood sprayed, turning the sea water within a kilometer of the surrounding area red.

Chapter 2270

Seriously, these powerhouses are not weak. If they are prepared in advance, they may be able to fight against Duan Yu if they unite. More importantly, this place is above the boundless sea, even if everyone wants to unite to resist, it is too late.

“Ah...” On the

sea, the ships connected by iron cables were constantly being sunk and shattered. Under Duan Yu's frantic eruption, screams continued to sound, and people kept falling.

At this moment, in the sea a few miles away, thousands of sailboats are slowly sailing towards this side.

This fleet is neatly arranged and orderly. The big boat headed by it has a black flag more than ten meters high, with a white shark logo on it, and the word “blood shark”, hunting and flying in the sea breeze.

Yes, it is the blood shark pirate.

On the throne on the deck of the big ship, sat a burly man, the leader Long Zang.

Behind him are the extremely sexy blood Luo Siyan sisters.

I saw that the four sisters of blood Luo, wearing brightly colored long dresses, showed their proud and tight figures vividly. The figures of these four sisters are unparalleled, especially the wild beauty that pervades their bodies. , Any man who sees it will be unable to extricate himself.

A day ago, the blood shark had just sacked Donghai City and was now returning. The long skirts that Sister Xueluo Siyan wore were snatched from Donghai City.

On the other side of the deck, a dozen pirates were watching over a young man and woman.

It was Yue Wuya and Han Bing.

When the blood shark sacked Donghai City, Yue Wuya and Han Bing tried to escape, but they were discovered by Long Zang in time and successfully intercepted.

At that time, Long Zang was very angry and planned to kill the siblings directly, but seeing Yue Wuya's extraordinary ability, he felt that it was a pity to kill them, and finally decided to bring the Yue Wuya brothers and sisters to the deck and let them see with their own eyes. How did they loot Donghai City? I wanted to use this to deter the brothers and sisters and make them stop thinking about escaping.

At this time, after the blood shark sacked Donghai City, it brought countless gold and silver treasures and was preparing to return to the habitat in the sea. Coincidentally, Duan Yu was attacking the masters of the major forces.

Um?

At this moment, whether it was Long Zang, the many pirates below, and the Yue Wuya brothers and sisters, they were all stunned when they saw the scene in front of them!

All I saw was the wreckage of countless sailboats scattered on the sea in front of me. Between the wreckage, tens of thousands of cultivators were screaming incessantly

. The two-meter-long giant axe was quietly suspended there.

It was Duan Yu!

In mid-air, Duan Yu was holding a giant axe, like a round of sun, radiating light!

Seeing this scene, Long Zang's eyes were full of hot rays of light, and his heart was full of shock!

What a powerful force, what weapon is this monk holding?

God soldier?

Although Long Zang is the lord of blood sharks and the king of the sea, in the past ten years, he has rarely set foot in the mainland of Kyushu, so he doesn't know that the magic weapon appeared in the world and caused the shock of Kyushu, so naturally he can't recognize the axe. .

call!

The surrounding pirates are even more unknown, but they are still stunned when they sense the power of the opening axe, their faces are incredible!

This...

However, Yue Wuya, who was detained on the deck, was shocked and stared at Duan Yu with indescribable shock and doubt.

Open the axe?

Who is this monk? Isn't the opening axe always in Duan Yu's hand? How could it be in the hands of this monk?

At this time, Yue Wuya did not realize that the monk in front of him was Duan Yu.

The ice on the side is also trembling, and is extremely shocked.

"call!"
