

## The ultimate husband in Chinese chapter 2501-2510

### Chapter 2501

Don't reveal your true identity in this outfit.

After the voice fell, Yue Feng strode away. He was going to rest here for a night, but it was disturbed and he lost any desire to sleep. Let's continue on our way.

A few hours later, Yue Feng came to Yunchuan City on the Yellow Sea Continent.

At this moment, Yue Feng stood on the street and looked at the high-rise buildings in front of him. He was filled with emotion. After three years, he finally saw a modernized city. It was like a lifetime away.

What Yue Feng has to sigh is that the Yellow Sea Continent was once a city in the early stage of technological development. In just three years, it has developed so fast, and there is a smell of technology everywhere.

"Haha, where is the idiot."

"Fuck, there are people wearing animal skins?"

The passers-by pointed at Yue Feng, and there were constant laughs.

I have to say that Yue Feng's outfit is really eye-catching in the center of Yunchuan City.

Yue Feng didn't care about the ridicule of passers-by, but he also felt that his dress was too unusual, so he decided to find a shopping mall and buy some clothes.

Um?

After walking for a while, Yue Feng found a problem, and saw that the streets and alleys were full of advertisements for recruitment of a cultivation organization, 'Do you want to become a strong person in the world? Join us and make your dreams come true!'

Under the recruitment advertisement, it was written a cultivation organization called 'Wutian', with the organization's logo attached to the back, a yellow triangle dragon flag.

No day?

Yue Feng couldn't help frowning secretly. In just three years, a new force has emerged?

"Come on, if you buy a package of medicinal pills, you won't lose money."

When I got to the intersection in front of me, I saw a huge booth set up. There were a few people selling medicine pills to passersby. These people, dressed in uniform, the leader was not low in power. It turned out to be Wu Duan Wu Sheng. boundary.

Seeing the signs on these people, Yue Feng's face was happy, it was the person from the Hall of Longevity.

Haha...

Yue Feng walked over quickly, but he didn't expect to be here and meet Brother Wen's subordinates, but, as a member of the Hall of Longevity, they came out to sell medicine pills to make money, which seemed to violate the rules of the house.

When he got to the front, Yue Feng frowned.

I saw that there were a lot of bottles on the booth, all of which were all kinds of medicinal pills, what kind of healing, improving strength, almost dazzling, but most of them were ineffective.

Even so, there were still a lot of people around the booth. It can be said that business is booming.

At this time, Yue Feng did not know that in the past three years, because there was no war, there was no fighting in the rivers and lakes, and coupled with the economic development between the Kyushu continents, many sects were thinking about each other while cultivating. a way to earn profits.

After all, once your strength has improved, you must also have a good life.

Of course, there are also many sects that always adhere to their own principles, such as Tianmen, Huaguoshan, Changsheng Palace, and Shaolin School, etc.

The disciples of the Hall of Longevity in front of them secretly came out with Wen Chou Chou to set up a stall to make money, and the leader was the head of the Yunchuan City branch, Ren Changxi.

"Come on, everyone, come and have a look."

At this time, Ren Changxi held a bottle of healing medicine and gushed at the people around him: "Look at everyone, this is called Guiling Pill, the healing medicine, even if the hand is broken. Now, it can be cured, as long as one piece is only 10,000, it is cheap..."

Hearing the shout, many people paid enough money to buy it.

In the blink of an eye, Ren Changxi sold several bottles, and he was too excited.

Yue Feng couldn't take it any longer, walked over, and said coldly to Ren Changxi: "You are the local head of the Changsheng Temple, right? As a high-ranking employee, you are not afraid of being sold by your head. You know, punished?"

Chapter 2502

Huh?

Hearing this, Ren Changxi's face sank, and his eyes locked on Yue Feng.

The next second, Ren Changxi said coldly, "Where did the beggars come from? What nonsense are you talking about? Who

said that these medicinal pills are useless?"

Yue Feng is right, most of these medicinal pills are invalid, but the ones that fail are basically medicinal pills that heal wounds, so eating them will not kill people, and there will be no side effects.

Recently, many sects have been developing into business and providing good benefits to their disciples. However, some sects in the Hall of Longevity and Tianmen still maintain their original intentions, adhere to the principle of cultivation first and eliminate evil, which makes Ren Changxi very dissatisfied.

Therefore, Ren Changxi carried Wen Chou Chou behind his back, set up a booth in private, and brought his disciples to make money.

At this time, the other disciples around also pointed at Yue Feng and shouted angrily.

"Ma De, what did this kid say?"

"Where are you from, who dares to mind our longevity hall's business?"

"Hurry up, or don't blame us for being rude."

Seeing this scene, the passers-by around were all shaking his head secretly, no one sympathized with Yue Feng. In their eyes, Yue Feng was just a beggar who wandered from nowhere, dressed in animal skins, and dared to manage the affairs of the Palace of Longevity. He was courting death.

"Boy!"

At this moment, Ren Changxi stood up, pointed at Yue Feng, and said coldly, "I'm in a good mood today, I don't care about you, hurry up and continue talking nonsense, don't blame me for being rude."

“Selling medicinal pills privately has violated the rules of the hall of longevity, and you are still selling invalid ones. You make mistakes again and again, keep discouraging them, and instead bully others. Is this what your hall master taught you?” Yue Feng did not leave at all. I mean, he said coldly.

Seriously, if the disciples of other sects did this, he would never talk nonsense, but the Hall of Longevity is different. That is the sect in charge of Brother Wen, and he and Brother Wen are brothers, so naturally he can't watch such a thing happen. .

The voice is not loud, but the words are righteous and cannot be refuted.

Swish!

Ren Changxi was instantly angry, locked on Yue Feng tightly, and shouted angrily: “You are courting death! Tie this ignorant boy to me.”

A beggar who dares to challenge himself is simply tired of living.

Whoa!

The voice fell, and several of his subordinates, without the slightest hesitation, walked over quickly and surrounded Yue Feng.

Seeing this scene, the surrounding passers-by quickly dispersed, for fear of being affected by the fish pond.

Looking at the disciples of the Hall of Longevity, Yue Feng did not panic at all, but instead showed a smile.

The next second, Yue Feng said to Ren Changxi: “Shoot me? You will regret it.” After speaking

, Yue Feng stretched out his hand and said, “Give me your mobile phone.” After three years in Death Valley, the mobile phone has long been lost.

What?

Ren Changxi was stunned for a moment, and then he couldn't help laughing: “Haha, you want to call someone? Ma De, you don't even have a mobile phone, and you still want to call someone against me? Who gave you the courage?”

Hahaha...

The voice fell, and there was laughter around.

Yue Feng was expressionless, still maintaining the gesture of reaching out.

“Okay, I’ll give it to you, but I want to see, who can you call?” Ren Changxi was full of disdain, and then threw the phone to Yue Feng.

Yue Feng took the phone and called Wen Chou Chou.

Chapter 2503

Soon, the phone was connected, and Wen Chou Chou’s voice came: “Ren Changxi, what’s the matter?” Ren Changxi is the head of the hall, so he naturally has Wen Chou Chou’s contact information.

Hearing Wen Chou Chou’s voice, Yue Feng showed a smile: “Brother Wen, it’s me.”

“Fengzi?” On the other side of the phone, Wen Chou Chou was stunned for a moment, then ecstatic, and laughed loudly: “Haha, I knew it. , you’ll be fine, Fengzi, do you know that for the past three years, everyone has been looking for you like crazy, where are you now?” As

soon as he finished speaking, Wen Chou Chou said embarrassedly, “Look at me, you use Ren Changxi’s The phone call is definitely in the Yellow Sea Continent. You wait, I will pick you up, just in time, I am doing business in the Yellow Sea Continent recently.”

Although I haven’t met, but feeling Wen Chou Chou’s excitement, Yue Feng only feels warm in his heart .

“Don’t worry about it, I have something to tell you.”

“What’s the matter?”

“Well, ask Ren Changxi, this kid sells invalid pills.”

After saying this, Yue Feng threw his phone away . He gave it to Ren Changxi: “Answer the phone.”

“Ma De...” Ren Changxi was very unhappy and was about to scold him. As a result, he was just scolded when he saw Wen Chou Chou displayed on his phone, and he was immediately stunned.

When Yue Feng and Wen Chou Chou were talking, the voice was so loud that Ren Changxi and everyone around him could not hear it.

“Wen... Brother Wen...” Picking up the phone, Ren Changxi’s legs softened. He stuttered and looked at Yue Feng in a complicated way. He never thought that this beggar-like boy in front of him would actually know the temple. host.

“Ren Changxi, you have eaten the guts of a leopard? Forgot how I explained it before? You are not allowed to conduct business activities. You are taking my words as a deaf ear, right?” Wen Chou Chou was furious.

Ren Changxi couldn't help fighting a cold war and was very aggrieved, and explained: “Brother Wen, I do this because I want my disciples to make more money and live a better life.”

“Fart.”

Wen Chou Chou is originally a scholar character, so Shi Que scolded angrily: “Even if your original intention is right, what's the matter with selling invalid elixir? Even if you can't eat it, your conscience doesn't hurt? Ma De, our Changsheng Hall has accumulated over the past few years. Word of mouth will be ruined by people like you, do you know that?”

Yes, ten years ago, the Hall of Longevity and Tongtian Sect were well-known demon sects in the Diyu Continent, both in the arena and in ordinary society. , are all talk of color change.

Later, when Wen Chou Chou became the master of the temple, he carried out a series of system reforms, trying to change the Hall of Longevity from everyone's cognition and become a just sect. As hard as he did, he became a well-known authentic sect that shook Kyushu.

At this time, Ren Changxi actually played this behind his back, how could Wen Chou Chou not get angry?

“Brother Wen, I...” Ren Changxi was terrified and speechless.

Wen Chou Chou's anger continued, and he said coldly: “You don't need to explain more, now, I will remove your position as the head of the hall, and someone else will take over the hall of Yunchuan City. In the future, you will no longer be a member of the Hall of Longevity. Pfft

, hearing this, Ren Changxi slumped on the ground, wanting to ask for mercy, but Wen Chou Chou had already hung up the phone.

Whoa!

Seeing this scene, everyone present was stunned, staring blankly at Yue Feng, speechless.

What is this person's identity, to make Ren Changxi lose his position as the head of the hall with just one phone call?

Yue Feng's face was expressionless, without the slightest emotional fluctuations.

"Good boy!"

Finally, Ren Changxi reacted, stood up, and sneered at Yue Feng: "Even if you know Wen Chou Chou and let me lose the position of Hall Master, do you really think I can't live if I leave the Hall of Longevity? I tell you, I have a place to go."

Having said that, Ren Changxi waved his hand: "Pack up, go to Wutian with me, and Wutian Organization has invited me several times, and I am still worried about how to leave the Hall of Longevity. Today is just... ." The

voice fell, and more than a dozen men quickly packed up and left with Ren Changxi.

After walking a few dozen meters, Ren Changxi suddenly stopped and turned around and sneered at Yue Feng: "Boy, go back and tell Wen Chou Chou, if you are as stubborn as him, the Palace of Longevity will end sooner or later."

Hearing this, Yue Feng did not respond, but wrinkled He frowned, faintly feeling a bad feeling.

Chapter 2504

Crunch.

Not long after Ren Changxi and others left, two cars drove over and stopped in front of Yue Feng.

Then, surrounded by the crowd, Wen Chou Chou walked down.

"Brother Wen." Yue Feng showed a smile and shouted loudly.

Wen Chou Chou laughed, walked over to give Yue Feng a bear hug, and then looked up and down: "Fengzi, where have you been for the past three years?"

"

"It's hard to describe in a word."

Yue Feng smiled bitterly, and told the situation of chasing Duan Yu at that time.

"Made."

Knowing the situation, Wen Chou Chou's face changed, and he slapped his thigh: "That boy Duan Yu, just died like this? It's so cheap for him."

After speaking, Wen Chou Chou quickly asked: "Why? Said, the Dragon Ball was lost? Duan Yu's Heaven Opening Axe is also missing?" You know, these two things are peerless treasures, so it's a pity to lose them like this.

Yue Feng nodded: "Yeah, I stayed in the wild and strange realm for so long just to find the dragon ball. At that time, I was thinking of using the dragon ball to open the treasure chest left by Emperor Xuanyuan Huangdi, and then deal with the Rakshasa clan. Unexpectedly, the Rakshasa The clan was finally ruled by Mona and negotiated with Kyushu."

Hiss!

Seeing this scene, the passers-by not far away were all dumbfounded.

This... this beggar-like guy, actually calls himself a brother to the Lord of the Palace of Longevity? What kind of character is this?

Because of Yue Feng's dress, these passersby didn't realize that he was the famous Tianmen Sect Master.

"Son!"

At this moment, Yue Fengzheng and Wen Chou Chou were talking, and suddenly, a gentle and pleasant voice was heard, followed by a slender figure walking over.

Yue Feng was shocked. He had many confidantes, but only one called his son.

Xiao Xi.

After reacting, Yue Feng turned his head to look, and was surprised and happy.

That's right, it's Xiao Xi. In the past three years, because of Yue Feng's disappearance, Wen Chou Chou and Sun Dasheng have been sending people to the wild and strange realm to investigate. At the same time, Wen Chou Chou has also moved the main altar of the Hall of Longevity to a place close to the wild and strange realm. the Yellow Sea Continent.

Xiao Xi has a deep sense of loyalty to Yue Feng, and has been following Wen Chou Chou everywhere to investigate Yue Feng's news.

The moment he saw Xiao Xi, Yue Feng was very excited! He really didn't expect that when he and Brother Wen were reunited, he would still be able to see Xiao Xi.

After three years of separation, Xiao Xi is more mature and charming than before, wearing a long white dress, showing her tight curves and indescribably sexy.

It's just that the whole person has lost a lot of weight and looks pitiful.

"Xiao Xi, are you here too?!" Yue Feng couldn't help asking.

"Master, for the past three years, I have been following Brother Wen to find out about you." Xiao Xi smiled lightly and came over to hold Yue Feng's hand.

At this moment, Xiao Xi was very excited, looking up and down at Yue Feng, her eyes full of affection.

"Master, how did you come here in the past three years? Why do you dress like a beggar?"

"If only Xiao Xi was with you, the son wouldn't be so embarrassed."

"Xiao Xi... I'm fine..." Feeling Xiao Xi's tenderness, Yue Feng's nose was sore, and he almost didn't cry.

#### Chapter 2505 Xiaoxi

has really lost a lot of weight. It makes people feel distressed. God knows how much she has suffered in the past three years.

To be honest, Yue Feng has so many confidantes, but Xiao Xi feels the most guilt, because Xiao Xi has no relatives and friends, and Yue Feng is her whole world.

"Wow..."

Seeing Yue Feng's smile and comforting herself, Xiao Xi couldn't bear it any longer, and suddenly fell into Yue Feng's arms and couldn't help crying: "Sir, I thought I would never again. I can't see you anymore... I miss you so much..."

In the past three years, many people believed that something happened to the son, but Xiao Xi was firm that the son would be fine, and thought about it, hoping that the son would be fine, I dreamed of seeing my son again. Seeing him now, all my thoughts have turned into tears!

"Okay, okay.. I'm not back now?" Yue Feng hugged her tightly, feeling unspeakable guilt.

But Xiao Xi's emotions erupted and she couldn't stop: "Master, many people say that you have an accident and will not come back. I'm so afraid, I'm afraid that I will lose you like this."

"You stay in the wild and strange realm . , don't bring Xiao Xi, do you know how worried and uncomfortable I am?"

Listening to Xiao Xi's cry, Yue Feng only felt extremely uncomfortable.

"I'm sorry, my son will never leave you again..."

Yue Feng wiped away the tears on her face, distressed, and kept saying, "Xiao Xi, I didn't think about it carefully, I will go wherever I go in the future. Take you, okay?"

Speaking of this, Yue Feng glanced at Wen Chou Chou next to him: "Okay, Brother Wen is still watching, his face is crying, how ugly."

Hearing this, Xiao Xi stopped crying.

At this time, Wen Chou Chou walked over with a smile and greeted Yue Feng and Xiao Xi to get on the bus.

A few minutes later, Yue Feng was taken to a high-end nightclub. This nightclub was opened by Wen Chou Chou, and the decoration was very luxurious. It can be said to be one of the best in Yunchuan City.

When they got to the box, Wen Chou Chou ordered someone to prepare clothes. Under Xiao Xi's service, Yue Feng took a shower and changed his clothes. He looked completely new, but the three scars on his face were still very eye-catching.

Soon, the sumptuous feast is ready.

"Fengzi."

Wen Chou Chou picked up the wine glass and smiled at Yue Feng: "Celebrate your return, this is the first cup to wash away the dust for you."

Yue Feng picked up the wine glass and drank it. Said : "Brother Wen, do you know the Wutian Organization?"

The scene of Ren Changxi leaving just now is still in Yue Feng's mind, lingering.

call!

Wen Chou Chou took a deep breath, and his expression became solemn: "I know, this organization is very mysterious, and it has risen very quickly. In just over a year, it has spread all over Kyushu, and the number of members together is almost one million."

Holy crap, so much?

Yue Feng was stunned for a moment, and quickly asked: "Who is the head?"

Wen Chou Chou pondered for a while, then shook his head and said, "I don't know, I sent someone to investigate, but nothing was found, but I got the news, this The establishment of the Wutian Organization is specifically to deal with the three brothers."

After speaking, Wen Chouchou scratched his head a little irritably: "In the past three years, the Great Sage and I have mainly been looking for your traces, and we have no time to pay attention to these. The Heavenly Organization has grown stronger and stronger, and now that you are back, we will have enough energy to deal with it."

Yue Feng nodded, hesitated, but said it: "Brother Wen, I have to tell you something. That Ren Changxi has switched to the Wutian Organization."

Bang.

Hearing this, Wen Chou was so angry that he slapped the table: "Made, I have long seen that this kid Ren Changxi has rebellion. At the meeting half a year ago, he was the first to propose to let Changsheng live. The temple has moved closer to business, and I rejected it. This kid is greedy for glory and wealth, and I have long wanted to expel him from the Palace of Longevity."

After speaking, Wen Chou Chou continued angrily: "Now the economy of the Kyushu mainland is developing rapidly, Many sects have reached out to the business world to make money. I am not pedantic. I have invested in a lot of industries in various places. The purpose is to give more benefits to the disciples below. But the special code, some people below are still not satisfied. ."

## **The ultimate husband in Chinese chapter 2506-2510**

### Chapter 2506

"From this point of view, it is not easy to deal with this Heavenly Organization." Yue Feng took a deep breath and frowned: "It is not easy to make so many people willing to serve.

" Like glory and wealth? Practitioners are no exception.

Wen Chou Chou nodded silently, then looked at Yue Feng: "Fengzi, did you encounter any trouble when you left the wild and strange realm?"

Wen Chou Chou was thoughtful, and at a glance, he could sense that Yue Feng was injured before and his inner strength had just recovered.

call!

Yue Feng's face became solemn: "I met Zhang Jiao."

Hearing this, Wen Chou Chou's expression changed: "Mad, when you chased Duan Yu and left, Zhang Jiao disappeared, and later I heard that he broke into better. The sect, snatch the secret book, and then disappeared without a trace, and has not appeared in the rivers and lakes for two years."

Yue Feng thought for a while, and couldn't help chuckling: "Zhang Jiao is very cunning, robbing the secret books of various sects, is it? He wants to get rid of the effect of Tongtian Pill, and now it seems that he has succeeded."

When he was attacked by Zhang Jiao before, Yue Feng felt that the Tongtian Pill in Zhang Jiao's body had completely disappeared.

"Okay!" At this time, Wen Chou Chou smiled and waved his hand: "Stop saying these spoilers

, let's have a few more drinks."

"Okay!" Wen Chou Chou patted Yue Feng's shoulder and said with a smile: "Everyone will be happy to know that you are back. I will contact the Great Sage and the princess later..." Wen Chou Chou and Yue Feng were both in the calamity realm at this time. Presence, a few glasses of wine, not drunk at all. Yue Feng hurriedly stopped: "Brother Wen, don't be in a hurry."

Um?

Wen Chou Chou was stunned for a moment, and said in surprise, "Why? Don't you want to see them?"

Yue Feng shook his head with a smile, and then said seriously: "Now, we are not only facing a Wutian organization, but also the villain Zhang Jiao. If they know that I am returning, they will definitely take action. We are not afraid, but what about the family?"

This chapter is provided by . Visit for daily update.

Having said that, Yue Feng took a deep breath and continued: "I've thought about it. I'll keep the news of my return temporarily withheld, so that I can also secretly investigate the news."

Seriously, if it were ten years ago, Yue Feng would definitely not have done this. Yes, but after so much, Yue Feng knows that some villains have to guard against them.

For example, Zhang Jiao, whose strength is comparable to his own, knows that he is back, and if he catches Ren Yingying and the others for coercion, he will be passive.

So Yue Feng thought about it, concealed the news of his return, and secretly probed.

Moreover, with scars on his face, he is not afraid of being recognized.

“Okay!”

Seeing Yue Feng’s serious face, Wen Chou Chou thought about it, nodded and agreed, “Just do as you said.”

Wen Chou Chou was very thoughtful, and he immediately understood Yue Feng’s intention.

A few minutes later, Wen Chou Chou secretly arranged everything and said goodbye to Yue Feng.

“Young Master?”

Leaving the nightclub and on the street outside, Xiao Xi looked at the night market in front of her and couldn’t help but ask Yue Feng, “Where are we going now?”

Yue Feng showed a smile: “Let’s pretend to be brothers and sisters and see Can I join the Wutian Organization?”

Xiao Xi nodded, very excited, she likes spying on news the most.

“Miss!”

Just as he was talking, a luxury car drove over, and then an old man walked down and respectfully said to Xiao Xi.

The old man is in his fifties, well-dressed, and holds a cane.

Miss?

Yue Feng was stunned and looked at Xiao Xi in confusion.

Xiao Xi clearly knew the old man, and stomped her feet anxiously: “Old man, I said before, I am not your young lady, you have mistaken me.”

Yes, the old man’s name is Murong Chen, and he claims to be the housekeeper of the Murong family. The Murong family is a well-known business family in the Yellow Sea mainland, with industries spread over more than a dozen cities in the Yellow Sea mainland, and its strength is strong.

Chapter 2507

Two years ago, this Murong Chen approached Xiao Xi and said that she was the eldest lady who had been missing from the Murong family for many years. At that time, Xiao Xi

thought she was a liar, so she dismissed him casually. Unexpectedly, she came again today.

“Miss!”

Murong Chen looked helpless and said with a wry smile: “What I said is true, sixteen years ago, our Murong family was hunted down by the enemy, causing your parents to take you into exile. I started to look for the whereabouts of your family of three.”

“After more than ten years, I finally found it, miss, you have a mole behind your right ear, you can’t go wrong, and I also secretly tested your bloodline.” At the

end, Murong Chen almost knelt down, his face full of sincerity: “Miss, the old man just passed away last month, and he never forgot about you when he was dying. Now that the family is in trouble, only you can solve the crisis, come back with me.”

This. ..

Hearing this, Xiao Xi’s delicate body trembled, completely stunned.

Yue Feng was also stunned.

Isn’t that right, Xiao Xi is actually the young lady of the big family?

“Young Master!”

Finally, Xiao Xi came to her senses and did not make a decision immediately, but turned to look at Yue Feng. Over the years, Yue Feng has given her the warmth of family affection. It is everything to her, no matter what happens. Children, we must seek Yue Feng’s opinion.

Yue Feng took a deep breath and said with a smile: “Xiao Xi, now that you have found your family, it’s a good time, let’s go, I’ll accompany you back.”

Well!

Xiao Xi nodded, very happy, but at the same time a little nervous.

Seeing Xiao Xi agree, Murong Chen was very excited, he quickly opened the car door and invited the two to get in the car.

Half an hour later, Yue Feng and Xiao Xi came to a majestic manor in the western suburbs of Yunchuan City. Beautiful, showing everyone’s style everywhere.

“Miss!”

Murong Chen led the two of them to the entrance of the hall, and said with a smile, "Master, and the other young masters and young ladies, are waiting for you on the facade, I'll leave first."

Xiao Xi nodded and said with Yue Feng . walk into.

At this moment, Yue Feng looked around and admired secretly. He saw that the decoration of the hall was very luxurious, and everywhere was resplendent, like a palace.

Xiao Xi was also stunned, feeling like she was in a dream.

In the middle of the hall, there was a middle-aged man with a kind face and a good aura. It was Xiao Xi's uncle, Murong Yan.

On both sides, sitting some young men, all dressed in very trendy fashion, are Xiao Xi's cousins.

"Xiao Xi, you are finally willing to come back." Murong Yan smiled and stood up to greet.

As soon as the words fell, a young couple also came over and greeted Xiao Xi with greetings.

This couple, the man is handsome in a suit, and the

woman is in her thirties, wearing a long purple dress, showing sexy curves, delicate facial features, indescribably sexy and charming.

It was Murong Yan's eldest son and daughter-in-law, Murong Jun and Su Yan.

"Xiao Xi, I thought you were used to staying in Tianmen, and you really don't want to go home." Su Yan took Xiao Xi's hand and said with a smile.

A year ago, when they first found Xiao Xi, the Murong family knew that Xiao Xi was Yue Feng's maid at Tianmen, and she was Yue Feng's confidante.

Therefore, the Murong family did not dare to take Xiao Xi away with a tough attitude. After all, Tianmen was famous among the major sects in Kyushu.

"Hello uncle, hello brother and sister-in-law." Xiao Xi bit her lip and said hello softly.

Xiao Xi has been an orphan for more than ten years, and suddenly facing a big family, she is not used to it, but she still has a smile on her face.

Everyone and Xiao Xi exchanged a few words, and then they discovered Yue Feng.

I saw that this man was wearing a suit and leather shoes, but the scars on his face were too conspicuous.

“Are you Xiao Xi’s bodyguard?”

At this moment, Murong Jun came over and said lightly to Yue Feng, “Please go outside and wait.”

A servant actually stood in the hall stupidly. rule.

## Chapter 2508

“Brother, he...” Xiao Xi’s face changed, and she hurried over to explain, but was interrupted by Yue Feng.

“Miss, have a good chat with your family, and I’ll go outside for a walk.” Yue Feng said to Xiao Xi with a smile. At the same time, he did not forget to wink Xiao Xi in the dark.

It was only after discussing with Wen Chou Chou that he concealed the fact that he had returned, and the Murong family could no longer reveal their identity.

Moreover, Xiaoxi had just reunited with her family, and Yue Feng also wanted to give her an independent space to get along well with her family.

Xiao Xi was very smart, and when she got the hint, she nodded, and then watched Yue Feng walk out of the hall.

At this time, under Murong Yan’s signal, Xiao Xi sat on the chair next to her.

“Xiao Xi, when your parents took you to flee, as the uncle, my heart aches.” Murong Yan sighed and said with a sigh, “I thought we would meet again soon, but in the end, your parents and I will never meet again. We didn’t meet either.”

After speaking, Murong Yan showed a gratified smile: “But if I can find you, I think your parents can rest in peace in the spirit of heaven.”

Xiao Xi nodded, also a little sad. Can’t help crying.

For more than ten years, I always thought that I was an orphan, but I never thought that I would have such a prominent life experience.

However, after being by Yue Feng’s side for so many years, Xiao Xi is well-informed in Tianmen and can control her emotions very well.

At this moment, Xiao Xi thought of something and asked softly, "Uncle, when I came here just now, I heard from Murong Chen that the family is in trouble and needs my help. What's the matter?"

This...

Murong Yan pondered. It seems indescribable.

"Xiao Xi." Su Yan stood up and smiled at Xiao Xi: "It's rare that you have this kind of heart. In fact, it is the trouble of the family business. The forces have all set foot in the business world, making our business families difficult to do business." The

voice fell, and Murong Jun followed up: "Recently, the capital chain of our Murong family is about to break, and several industries have stopped..." Before he could finish speaking, Xiao Xi understood something and interrupted: "You... want me

to invite Tianmen to help? This is absolutely not possible. Tianmen has strict discipline and is not allowed to participate in business competition."

Glancing at each other, they frowned.

The next second, Murong Yan smiled slightly and comforted: "Xiao Xi, don't think too much, we don't want to use the heavenly gate behind you, so you can help."

"How can I help?" Xiao Xi wondered.

Murong Jun smiled mysteriously: "As long as you are willing to help, how to help? You will know in a while." After speaking, Murong Jun took out his mobile phone and made a call.

"Brother Ma? You can come!" Murong Jun said on the phone with a smile and hung up.

Xiao Xi frowned secretly, very puzzled.

Why are they all so mysterious?

After a while, a young man walked in quickly, wearing a colorful shirt, giving people a rebellious feeling, and his appearance was decent.

This person's name is Ma Wu, the boss of a financial company, and a member of the Yellow Sea Continent Cultivation Association.

As soon as he entered the door, Ma Wu's eyes locked on Xiao Xi, and without blinking, his eyes were straight.

Ma Wu's gaze made Xiao Xi very unhappy, but she held back.

“Brother Ma!” Murong Jun greeted him with a smile, and greeted, “I take the liberty to call you here, don’t mind.”

At the same time, Murong Yan and the people around also stood up to say hello.

Recently, the voices of the Murong family have been on a downward trend, and they are in urgent need of a large amount of funds to help them.

“How?” Ma Wu smiled slightly, his eyes still on Xiao Xi.

The next second, Ma Wu walked up to Xiao Xi and said, “Miss Murong Xi, it’s nice to see you again, don’t worry, you will be my only one in the future, and I will protect you and protect you for the rest of my life. “Yes, Xiao Xi’s life is called Murong Xi.

Hearing this, Xiao Xi was stunned.

what’s the situation? What protects a lifetime, protects a lifetime...

Chapter 2509

At this time, Murong Jun came over and said with a smile: “Xiao Xi, aren’t you helping the family? As long as you marry Ma Wu, the family’s troubles will be solved.”

After speaking, Murong Jun said seriously : “You don’t know, Ma Wu likes you very much...”

Before he could finish speaking, Ma Wu interrupted him.

“Murong Xi... oh no, I’ll call you Xiao Xi, so be kind.” Ma Wu said with a smile, “You may not know that three years ago, when the Kyushu Allied Forces defended against the Rakshasa clan, I also I went there, and when I saw you, I was almost astonished, but unfortunately, I never had the chance to contact you.”

“After the war ended, I thought about you day and night. The biggest dream in my life is to marry you as a wife. ....” At the

end, Ma Wu smiled, looked at Xiao Xi deeply, and stretched out his hand at the same time.

At this moment, Xiao Xi only felt his brain buzzing.

So... the family is so eager to find me back, just want me to marry this Ma Wu? Any kind of affection is fake, and interests are real.

Thinking to herself, Xiao Xi was very disappointed. After secretly calming down, she looked at Ma Wu and said word by word, “Well, Mr. Ma, I’m sorry, I can’t marry you.”

Wow!

As soon as these words came out, whether it was Ma Wu or everyone in the Murong family, they were all stunned.

After a few seconds, Murong Jun calmed down and persuaded: "Xiao Xi, why did you refuse? Mr. Ma really likes you, isn't it bad to marry him?" The

voice fell, and everyone around him started talking.

"Yeah, Ma Wu is rich, and enjoy the happiness with him."

"Don't think that we are all for profit, it's all for your happiness."

"That's right, what's the point of staying at Tianmen every day and watching those Jianghu people fight and kill?"

After everyone's comments came, Xiao Xi's face was expressionless, and there was no mood swing.

"I won't marry him." The red lips parted lightly, and a few words were spit out from Xiao Xi's red lips, her voice was not loud, but she was very determined.

My body and mind, and my whole life, belong to the son, how can I marry another man?

Whoa!

Hearing this, the surrounding people suddenly became angry.

Su Yan walked over on her high heels, pointed at Xiao Xi and shouted, "Murong Xi, who do you think you are? After wandering for more than ten years, the family worked tirelessly to find you, and even found you a good husband's house, you It's fine if you're not grateful, and you're still pretending to be arrogant, who are you showing your face here?"

Xiao Xi's petite body trembled, too lazy to talk nonsense, so she turned around and left.

At this time, Murong Jun was also angry and stood in front of Xiao Xi: "Go? Let me tell you, if you don't agree today, you have to agree."

"Xiao Xi!" Murong Yan stood up with complicated eyes, and said slowly, "Male We are doing this for your own good, don't be self-willed."

Willful?

Xiao Xi chuckled, looked around and said coldly: "My own happiness is in my own hands, and none of you have the right to control me."

After saying that, Xiao Xi walked out of the hall.

If I knew this earlier, I would never return to the family.

However, at this moment, a figure stood in front of Xiao Xi, and it was Ma Wu.

"Xiao Xi, all your clansmen have agreed, why are you so persistent?" Ma Wu said with a smile. He was so embarrassed that he couldn't help grabbing Xiao Xi's hand.

Xiao Xi hid for a while and said coldly, "Ma Wu, you are a member of the Yellow Sea Continent Cultivation Association. You should know my identity. You are so presumptuous, you are not afraid of Tianmen?"

Tianmen?

Hearing these two words, Ma Wu's face suddenly showed a bit of fear, but soon, he smiled: "Xiao Xi, don't scare me, I know that you are Yue Feng's personal maid in Tianmen. It is his confidante. If it was three years ago, I would definitely not have the courage, but now, Yue Feng has been missing for three years, and it is unknown whether he is dead or alive."

"Yue Feng is not there, who else is in Tianmen I'll support you."

Chapter 2510 The

voice fell, and Murong Jun and others also agreed.

"Yeah, Xiao Xi, we can all guess that you have a deep affection for Tianmen Sect Master, but Yue Feng disappeared in the Wild and Strange Realm for three years, what are you still doing in Tianmen?"

"You are not too young, I can't stay married forever."

"It's rare that Mr. Ma likes you so much."

Everyone you say, I say it one by one, when it comes to Yue Feng, there is no respect at all. Speaking of which, they are the same as Ma Wu, if three Years ago, they didn't dare to treat Xiao Xi like this. After all, Yue Feng behind her was too strong.

Who dares to provoke a person who is famous in Kyushu.

However, now that Yue Feng has been missing for three years, he may have died a long time ago, so these people have no worries.

Hearing this, Xiao Xi's body trembled. To be honest, since following Yue Feng, although he has encountered many dangers, he has come over. Now, this is the first time he has faced this kind of fake family affection. .

This Ma Wu, his hands and feet are dishonest, and even in front of the whole family! However, for the sake of self-interest, no one in the family stopped him.

Thinking to himself, Xiao Xi felt more and more uncomfortable.

Seeing this situation, Ma Wu laughed proudly and became more courageous.

Speaking of which, Xiao Xi's strength has also reached a period of Martial Emperor, but Ma Wu's shot was too fast to dodge.

In an instant, Xiao Xi's delicate body trembled, and she couldn't move at all.

"Xiao Xi, I really like you, don't worry, I will take good care of you in the future." Ma Wu said affectionately, and slowly put his mouth up.

Xiao Xi was so ashamed and angry that she wanted to struggle, but she couldn't move.

Seeing this scene, everyone in the surrounding Murong family also felt that Ma Wu was a bit too much, but thinking that he had to rely on him to survive the crisis, they closed their eyes one by one.

Anyway, Xiao Xi is about to become Ma Wu's woman, so it doesn't matter if she kisses her.

Snapped!

Seeing that Ma Wu was about to kiss, at this moment, a strong hand suddenly placed on Ma Wu's shoulder!

Um?

The good things were disturbed, Ma Wu's face was full of anger, and when he looked back, he couldn't help yelling: "Mad, who are you specializing in?"

I saw a man in a black suit, standing behind him, looking coldly follow him. His eyes were as sharp as a falcon, and there were three scars on his face.

It was Yue Feng.

Seeing Yue Feng, Xiao Xi was overjoyed. She knew that at the critical moment, the son would definitely appear.

Delighted, Xiao Xi was about to shout for the son, but she held back when she thought that Yue Feng wanted to hide her identity.

At the same time, the eyes of everyone in the Murong family also turned towards this direction. One by one is unforgivable.

“A bodyguard, who let you in? Get out.” ” This is our Murong family’s own business, and it has nothing to

do with you.” Emotional fluctuations, a pair of eyes, just looked at Ma Wu lightly. After Yue Feng went out just now, he casually wandered around the compound. Of course, there are many places where outsiders can’t go, so after a circle, he came back. As soon as he arrived at the door, he heard Xiao Xi’s scolding. At this time, Yue Feng was very angry.

Nima, are all the families in the world the same? For the benefit of the family, can you casually sacrifice the lifelong happiness of others?

The previous Liu family treated Liu Xuan like this. And now, the Murong family is also doing the same to Xiao Xi. You must know that Xiao Xi has been wandering outside for more than ten years, and has always lacked the warmth of family. Are they still human when they do this?
