

## The ultimate husband in Chinese chapter 2581-2590

### Chapter 2581

Yue Feng's heart was shocked, and his mind was suddenly a little dazed? Could it be... this is the habitat of the dragon? The one who brought me here was the giant dragon that suddenly appeared?

Yue Feng guessed it well. This is the deepest sea of unpretentiousness in the wild and strange domain. Shenlong Island is the only island in this sea area. Thousands of years ago, human cultivators regarded catching dragon spirit beasts as their lifelong goal, which led to a sharp decline in the members of the Shenlong clan. In the end, the Shenlong clan had to leave the Kyushu continent completely and choose a new habitat.

And the Sea of Worth is an ideal place. It is located in the depths of the wild and strange realm, the environment is harsh, and the Rakshasa clan guards here, so there is no need to worry about being discovered by practitioners in Kyushu.

For other spirit beasts, this place is harsh and not an ideal habitat, but for the Shenlong family, it is the safest.

Nima, why did you arrest yourself alone?

After being stunned for more than ten seconds, Yue Feng reacted and couldn't help muttering. At this moment, a tall and handsome man came over and said coldly: "Okay? Get up and follow me!"

His tone was cold . . . , with majesty, beyond doubt.

Feeling the unfathomable strength of this person, Yue Feng did not dare to go against it, and followed the man towards the huge and majestic palace on the island.

There is a group of palaces on the island, all built of black boulders, majestic and shocking.

Yue Feng saw that in the gray sky, dragons flew by from time to time, and there were many soldiers in black armor standing guard in the two passages leading to the palace. completed.

Yue Feng knew that if the divine beast's strength reached a certain level, it could transform into a human, but he did not expect that at this time on Shenlong Island, he could see so many dragons that could transform into a human.

It was so shocking.

Soon, in the largest palace, seeing the situation inside, Yue Feng suddenly became stupid!

Inside the hall, there are hundreds of people standing in neat rows! There is a throne in front of everyone. The throne is black and full of exquisite dragon relief sculptures, which are beautiful and stable.

There was a woman sitting on the throne, full of aura, and her whole body was filled with the temperament of a king in the world.

This chapter is provided by . Visit for daily update.

This woman is about thirty years old, with a delicate face, as beautiful as a fairy, and her body curves are even more exquisite. She is wearing a dark purple dress. At the same time, she is charming, and at the same time, it gives people a majesty that cannot be desecrated, and an absolute queen temperament.

Yes, this woman is the owner of Shenlong Island, the patriarch of the dragon clan, Xiandi!

Gudong.

At this moment, Yue Feng's eyes were straight, almost stupid, and he couldn't help swallowing.

Is this the dragon woman? so beautiful. This kind of temperament is not unique to human women at all.

"You don't kneel down when you see our empress? Be bold!" Just when Yue Feng was fascinated by it, a man walked up behind him, kicked him fiercely in the crook of his leg, and scolded.

Yue Feng couldn't stand still, and immediately knelt down.

Dragon Empress?

At this moment, Yue Feng couldn't help but feel uneasy. It's broken. I have a little dragon on my body. Wouldn't it be because the dragon clan knew about it and caught me?

To be honest, since the establishment of Tianmen, Yue Feng has become more and more confident in his own strength, and he has rarely been timid, but at this moment, facing the scene in front of him, his heart is actually a little nervous.

You know, this is Shenlong Island, and everyone present is a powerful dragon.

“Are you Yue Feng?”

At this moment, Xian Di looked up and down at Yue Feng, and spoke slowly, her tone was soft and pleasant, and at the same time carried a sense of majesty.

Yue Feng cleared his throat and replied, “Yes!”

Upon hearing the answer, Xian Di nodded, and then asked, “Do you know why I brought you here?”

This...

Yue Feng smiled bitterly, scratching his head and saying: “I don’t know, please ask the Empress to remind me.”

Chapter 2582

When he said this, Yue Feng looked calm, but he was nervous.

On Shenlong Island, there are all dragon powerhouses around. Not to mention, there are so many super-transitional catastrophe existences in this hall, and it is almost impossible to escape. “I’m asking you.” Xian Di was

expressionless, looked at Yue Feng and said lightly: “Did you get a dragon egg? And, take the dragon inside as a spirit beast?”

?

Hearing this, Yue Feng’s expression froze, and his mood became more and more uneasy.

After all these years of experience, Yue Feng understood a truth, the more beautiful the affairs, the greater the dangers behind them. When he got the dragon eggs from Diao Chan, he realized that this matter is not that simple.

I never imagined that I would be targeted by the dragon race.

“Why don’t you speak?” Xian Di frowned and couldn’t help urging.

At the same time, the other masters of the surrounding dragon clan also looked at Yue Feng closely, each with their eyes flashing with hostility.

You must know that the Dragon Clan is the strongest divine beast in the world, and the bloodline is also the most noble, and in the Dragon Clan’s heart, it is also extremely proud, claiming to be a high-level existence.

For thousands of years, because humans are very keen to capture dragons as spiritual beasts, they are very despised by the dragon clan. It can be said that the dragon clan has always looked down on human beings, and believes that being a human spirit beast is the greatest shame.

Under such circumstances, he would naturally not have a good face towards Yue Feng.

This...

facing the gazes around, Yue Feng took a deep breath and scratched his head:  
“Reporting to the Empress, I did get the dragon egg, and I have recognized it as the owner, just...”

“Okay, admit it. Just fine.”

There was a hint of coldness in Xian Di’s eyes, and she looked at Yue Feng with a half-smile, “I know, you are very famous in the Kyushu continent, but I tell you, no matter how much you contribute in the Kyushu continent, it has nothing to do with our Dragon Clan. “

For thousands of years, our dragon clan has been guarding the small place of Shenlong Island, and we can’t fly freely between the heavens and the earth in the Kyushu mainland. It’s all your fault.”

When saying this, Xian Di’s delicate face, Full of resentment.

“Damn human beings!”

At this moment, a sexy and noble woman came over and looked at Yue Feng up and down: “Hurry up and hand over your dragon, we can make your death a little more pleasant.” The

woman’s name is Longxiang Son, is one of the ‘Four Divine Dragon Envoys’ that Xian Di sat down, the Divine Dragon Envoy, with great power, is responsible for protecting the Divine Dragon Island and comforting it, as well as exploring the news of the Kyushu mainland, etc...

Nima!

Feeling the hostility around him, Yue Feng wanted to cry but was helpless at the same time.

The dragon egg wasn’t taken by himself, but was given to him by a friend, but now it’s like he’s committed a heinous crime.

Seeing that Yue Feng didn't say anything, Long Xiang'er was very angry, and said to the two dragons guarding him, "Souhou him."

Kyushu human beings, every good thing, especially those who catch the dragon compatriots, is even more hateful.

"Yes!" The

two dragon guards responded, came over, and began to search for Yue Feng.

Soon, the dragon head bag was found.

Long Xiang'er picked up the spirit beast bag, and without any hesitation, directly released the power seal on it. As a divine dragon envoy, he is naturally no stranger to spirit beast sacs, and even a little disgusted.

hum!

The moment he opened the spirit beast sac, he saw a powerful aura bursting out from it, and then, a cute figure burst out of the air, it was the young dragon with Xiao Xi's soul.

where is this?

The moment she came out, Xiao Xi looked around and was stunned.

Because she was still in her infancy, Xiao Xi couldn't speak, but when she saw the dragon powerhouses around her, she immediately felt a kind of intimacy connected by blood.

Chapter 2583

Especially when I see Xiandi, I have an inexplicable feeling.

Whoa!

At this moment, seeing Xiao Xi, the surrounding dragon powerhouses were all excited, and at the same time, their hostility towards Yue Feng became more obvious.

Especially Xian Di, unable to hide her excitement, walked over quickly and hugged Xiao Xi directly in her arms.

"Sister!"

Xian Di hugged Xiao Xi, sat back on the throne, and said softly, "After thousands of years, we are finally reunited."

What?

Hearing this, Yue Feng's body was shocked, and the whole person was stunned.

This...this little dragon, is the sister of the Dragon Empress? What the hell is going on here?

A few seconds later, Yue Feng reacted and couldn't help but said, "Your Majesty the Empress..." But before he could finish, he was interrupted by Xian Di.

"Surprised, isn't it?" Xian Di glanced at Yue Feng, her expression returned to her previous indifference, and said lightly: "The dragon egg that gave birth to her was left by the Xuanyuan Yellow Emperor of your human race thousands of years ago, that's right."

Yue Feng nodded.

Xian Di continued: "That's right, she is my sister."

In the next few minutes, Xian Di simply explained what happened.

It turned out that in the Xuanyuan Yellow Emperor era thousands of years ago, the contradiction between humans and the dragon race had already intensified. The human practitioners at that time aimed to capture the dragon spirit beasts as their lifelong goal. Under this concept, there were practitioners everywhere in the Kyushu continent. Although the dragon is powerful, it cannot withstand the siege of humans.

Back then, Xian Di's mother was seriously injured by a group of human cultivators, and was finally rescued by Xuanyuan Huangdi, and finally became the dragon spirit beast of Xuanyuan Huangdi.

At the request of Xiandi's mother, Xuanyuan Huangdi helped the Dragon Clan and migrated to the depths of the wild and strange realm.

Later, Xian Di's mother helped Xuanyuan Huangdi to suppress the rebellion of the Rakshasa clan.

However, Xuanyuan Huangdi broke his promise and did not return the dragon egg to the dragon clan, but handed it over to the human sea shark clan for safekeeping...

But the dragon clan never forgot about this.

call!

After listening to this, Yue Feng was stunned.

That's what happened.

Snapped!

However, at this moment, Shanglong Xiang'er came over and slapped Yue Feng's face without warning.

"You humans are all sinister and cunning despicable villains." Long Xiang'er said coldly, with even more contempt in her eyes: "Back then, your Xuanyuan Yellow Emperor went back on his promises and never returned the dragon eggs. And you, forcibly acknowledging the master, Pretending to be innocent is a crime that deserves death."

The

voice fell, and the other dragon powerhouses in the entire hall were filled with righteous indignation and shouted angrily.

"Don't talk nonsense with him."

"Kill him..."

Everyone's roar, you and I came, Yue Feng couldn't help laughing.

Damn, these dragon powerhouses have too deep a grudge against humans, right? Moreover, when Xuanyuan Huangdi chose to keep the dragon eggs, it was also to prevent the Rakshasa clan from making a comeback, for the sake of the common people in Kyushu.

At this time, Xian Di's eyes flickered, and she looked at Yue Feng coldly, her red lips lightly opened: "Yue Feng, are you speechless? The sins you humans have committed are not worth dying for."

Saying that, Xian Di instructed Long Xiang'er, "Drag it out directly and throw it into the nether hole outside."

When she said this, Xian Di's delicate face had a determined look without the slightest fluctuation, and said Up, Yue Feng is very famous and powerful in the Kyushu mainland, but Xian Di is not afraid.

"Yes!" Long Xiang'er responded and ordered a few dragon guards to drag Yue Feng out to execute.

Chapter 2584 What the hell

!

Yue Feng's face changed, and he wanted to cry without tears.

The dragon egg was given to him by Diao Chan, but he did not take the initiative to force it. Moreover, did he abuse this young dragon, so he would be dealt with?

Also, where is the Nether Cave?

At this time, Yue Feng was very helpless, and at the same time wanted to resist. However, the acupoints on his body were sealed, which was of no use at all.

How to do?

At this moment, Xiao Xi, who was in Xian Di's arms, was too anxious.

Why do these dragon people want to kill the son?

At this moment, Xiao Xi wanted to shout at Yue Feng, but the sound she made was a chirping sound, which made Xiao Xi anxious.

Soon, Yue Feng was escorted to the entrance of a hole outside the hall. This hole was on the left side of the hall, two meters in diameter, surrounded by dragon guards, and there was a protective barrier on it.

Yue Feng could clearly see that this cave was filled with air, and one glance at it made people shudder, unfathomable, and didn't know where to go.

"Do you know where this is?" Perceiving Yue Feng's face, Long Xiang'er showed a contemptuous smile: "Tell you, this leads to the ghost world!"

Ghost world?

Hearing these two words, Yue Feng's heart was shocked, and cold sweat instantly flowed down.

"All creatures in the world will enter the ghost world after death." Long Xiang'er said coldly: "The same is true for cultivators. Unless they succeed in transcending the calamity and ascending, the ghost world will be their final destination."

"Our noble dragon clan will not be stained with your dirty blood, I will send you to the ghost world."

When the words fell, Long Xiang'er waved her jade hand, and was about to open the barrier and throw Yue Feng down.

Whoosh!

However, at this moment, a young figure rushed over and blocked Yue Feng.

It is the young dragon, Xiao Xi!

“Hahaha...” Xiaoxi desperately called for something at Long Xiang’er and the surrounding dragon guards.

To Yue Feng, it was just a normal roar.

However, all the members of the dragon clan at the scene understood what Xiao Xi meant. You must know that these are powerful dragons, and the dragons communicate in the language of dragons.

“His Royal Highness!”

Long Xiang’er was stunned for a moment, and asked inexplicably, “What are you doing? Get out of the way.” Young Dragon is the Empress’s younger sister, so she naturally calls her Highness.

When the voice fell, Xian Di also walked over quickly, her delicate face full of surprise: “Sister, what are you doing? Get out of the way.”

Xiao Xi shook her head firmly, her tender voice was firm: “Sister, he is a good person, You don’t want to kill him.”

After the soul merged into the dragon egg, Xiao Xi still kept her memory, and when she saw that the dragon clan was about to kill Yue Feng, she couldn’t help it.

call!

Xian Di was in a hurry and stomped her feet: “Little sister, you are still young, you don’t understand the sinister nature of people, this person is the worst, let you be his spirit beast, this kind of person deserves death.”

Xiao Xi Yao Shaking his head: “I am willing to be his dragon spirit beast, elder sister, please don’t kill him.”

When calling her elder sister, Xiao Xi was a little unnatural, her soul is human, and it has nothing to do with the dragon family, but after all, blood is connected, this is Xiao Xi can not change.

“Long Xiang’er, pull her away.” Xian Di frowned and ordered.

Long Xianger responded and was about to walk over to pull Xiaoxi.

However, before she could get close, Xiao Xi suddenly rushed to the edge of the cave, her eyes flashing with determination: “If you kill him, then I will jump off and I won’t live.” She

finally got the help of Diaochan to integrate her soul into the young man. Long, you can continue to guard Yue Feng, and must not let Yue Feng die?

This...

Seeing this scene, Long Xiang'er's delicate body trembled, and she didn't dare to act rashly. Xian Di was too anxious, but she was helpless.

The surrounding dragon guards also looked at each other in dismay.

Chapter 2585

What's the situation?

Yue Feng was also confused. He couldn't understand the dragon language spoken by Xiao Xi and Xian Di, but he could also tell by Xiao Xi's actions that this young dragon was protecting himself.

At this moment, Yue Feng looked at Xiao Xi and was inexplicably moved.

"Forget it!"

Finally, Xian Di reacted, looked at Yue Feng quietly, and said softly, "I won't kill you, you can dissolve the master-servant relationship and leave here."

When she said this, Xian Di was very excited. Helpless, to be honest, she really wanted to kill Yue Feng.

But there is no way, the little sister desperately protects, she can only choose to compromise.

Yue Feng secretly sighed in relief, Nima is so dangerous.

The next second, Yue Feng nodded and was about to speak.

"Well..."

But at this moment, Xian Di's body trembled, her beautiful face flushed red, and a low moan came out of her mouth, revealing pain.

This is... what's the situation?

Yue Feng was stunned for a moment.

Whoa!

At this moment, Long Xiang'er and the other Dragon Clan powerhouses were so panicked that they quickly walked over and helped Xian Di to sit back on the throne.

As soon as he sat on the throne, he saw that Long Xiang'er and the other dragon powerhouses all had a painful expression on their faces, but they all forcibly held back.

“Quick, go get the fire spirit spar.” Xian Di commanded, her tone still full of pain.

The voice fell, and several dragon powerhouses hurried to the apse.

After a while, a few dragon powerhouses came back with a flaming object. It was a fiery red crystal, the size of a basketball. The rays of light were radiant, and the entire hall was illuminated red.

Fire spirit spar?

Yue Feng's eyes flashed, and he looked at the spar tightly, incomparably shocked in his heart.

Yes, Yue Feng knows this thing. It is a peerless treasure that can't be found. It contains the essence of heaven and earth. This kind of fire spirit spar is usually nurtured in the magma in the deepest part of the volcano. Like the white lotus cold fire, it is the essence of the fire. .

It's just that Yue Feng has always heard of it in ancient books, but he has never seen it. He didn't expect to see it on Shenlong Island today, and it's such a big piece.

At this time, the fire spirit spar was placed in the center of the hall, and then, Xiandi and the surrounding dragon powerhouses came over one after another, urging their own dragon power to absorb the essence of the fire spirit.

After a while, whether it was Xian Di or other dragon powerhouses, the complexion returned to normal.

Seeing this scene, Yue Feng frowned secretly, thoughtfully.

“Huh?”

At this moment, Xian Di's eyes fell on Yue Feng, her beautiful face was full of displeasure: “Why are you still standing here?” The

voice fell, and the eyes around him also locked on Yue Feng. wind.

Long Xiang'er walked over quickly, her face full of arrogance: “Hurry up and revoke the master-servant relationship with His Royal Highness, and then leave here.”

“To spare your life today, you are lucky, next time you are caught by us, you won’t be able to. So lucky.”

Phew!

However, Yue Feng stood there without moving, took a deep breath, and said complicatedly to Xian Di: “Dare to ask Your Majesty the Empress, just now you absorbed the power of the fire spirit spar, but are you expelling the cold in your body?”

When he first came to Shenlong Island, Yue Feng discovered that it is located in the deepest part of the wild and strange realm, dark and dark, and the Yin Qi is extremely heavy.

Moreover, in the surrounding black sea water, there is also a cold air.

It can be said that living in this environment, even a powerful dragon family will inevitably be infected by cold air.

Um?

Hearing this, Xian Di’s expression was stunned, and the expressions of the surrounding Long Xiang’er and the Dragon Clan powerhouses also changed, looking at Yue Feng in astonishment.

This... how did he see it?

Chapter 2586

“So what?”

At this time, Xian Di reacted, staring at Yue Feng, and said coldly: “If you have any tricks, I advise you to get rid of your thoughts as soon as possible.”

Yue Feng guessed well, Xian Di and these dragon powerhouses were all disturbed by the cold air.

For thousands of years, Xiandi and the Dragon Clan powerhouses have been using fire spirit spar to expel the cold in their bodies.

“Haha...”

Yue Feng smiled and said seriously: “If I guess right, you use fire spar to expel the cold. Although the effect is remarkable, it also has drawbacks.

” When the spirit spar is removed, the colder will be heavier, and in the end, there will be dependence, right?”

Hearing this, Xian Di’s eyes flickered: “What are you trying to say?”

Yue Feng smiled: “I It can help you to completely get rid of the cold air. It will make you no longer need to rely on the fire spirit spar in the future.”

What?

Hearing this, not only Xian Di, but also the surrounding dragon powerhouses, were all stunned.

Immediately, many dragon powerhouses reacted and couldn’t help but chuckle.

“Humans are really cunning things.”

“Open-mouthed and outspoken, it has always been a good thing for humans...”

“Don’t believe him...”

This chapter is provided by . Visit for daily update.

At this time, Long Xiang’er gave Yue Feng a cold look, and then directed at Yue Feng. Xian Di said: “Your Majesty, this person is very cunning, don’t believe his words...”

Nima!

Hearing this, Yue Feng couldn’t help laughing, and looked at Long Xiang’er speechlessly.

This Long Xiang’er is really interesting, just because of the bad deeds of human beings in the past, they think that all human beings are evil, and they are always targeting me...

Thinking to myself, Yue Feng hurriedly said to Xian Di: “Empress, I am dying now. In your hands, don’t dare to tell lies. Believe it or not.”

After speaking, Yue Feng looked around, first looked at the surrounding buildings, then looked at the layout, and finally took a deep breath: “It’s very easy to solve it. , don’t you have fire spirit spar? Set up a heaven and earth array in the center of the island, and then place the fire spirit spar in the eye of the array to disperse the cold of the entire island and keep you from being disturbed.”

“This is in In feng shui, it is called the harmony of yin and yang.”

After saying this, Yue Feng stood there with a confident smile.

Speaking of which, in his spare time over the years, Yue Feng has devoted himself to the study of “Yin-Yang Feng Shui Decisions”, and has already acquired a very deep attainments. It can be said that his understanding of Feng Shui is no less than that of Yuan Tiangang.

Feng Shui?

Hearing this, the dragon powerhouses present were all secretly frowning.

The next second, Long Xiang'er couldn't help sneering: “Yue Feng, you dare to tease us?”

After speaking, Long Xiang'er said to Xian Di, “Your Majesty the Empress, what Feng Shui is all about human beings' cunning excuses, He said this because he wanted us to waste the power of the fire spirit spar, and then, when we lose the fire spirit spar, we will be disturbed by the cold and our strength will drop, so he can do whatever he wants.”

“This person is insidious and cunning, the most Damn, let's kill him.” The voice fell, and many dragon powerhouses also nodded in agreement.

“Yes, he must be uneasy and kind.”

“Kill him...”

Xian Di frowned and did not respond, but looking at Yue Feng's eyes, there was also a bit of coldness.

At this moment, Xiaolong Xiaoxi ran over and said to Xian Di: “Sister, he won't lie to you, trust him.”

Xiaoxi knows Yue Feng's accomplishments in Feng Shui the most, he said. This method works, absolutely can't go wrong.

call!

Chapter 2587

Hearing this, Xiandi thought about it and waved her hand: “Do as he said.”

I don't know why. Seeing that her sister was so sure, Xian Di decided to trust Yue Feng once.

“Your Majesty!” Long Xiang’er suddenly became anxious and wanted to dissuade her, but seeing Xian Di’s affirmation, she held back.

Soon, under the command of Yue Feng, the dragon powerhouse deployed a great formation of heaven and earth at the center of the island, and then put the fire spirit spar on it.

hum!

In an instant, one of the fire spirit spar was placed, and a powerful fire spirit power was seen, with the formation as the center, spreading towards the entire Shenlong Island.

A few seconds later, a transparent protective film was formed on Shenlong Island, isolating the cold air from the surrounding environment.

This...really!

In an instant, the dragon powerhouses of the entire Shenlong Island looked at Yue Feng one by one, and they were all dumbfounded and speechless.

Xian Di was also inexplicably shocked, looking at Yue Feng complicatedly.

In the next second, Xian Di said softly, “Yue Feng, I didn’t expect you to have such talent.” It was said that this person was a rare genius in the Kyushu continent, and it seemed that the rumors were true. After saying this, Xian Di took out a special jade card from her body

, and said softly: “From now on, you are the only human friend of my dragon clan, and I will call you Dragon Lord. You can freely enter and leave Shenlong Island in the future.”

As the patriarch of the dragon clan, Xian Di has extraordinary wisdom. At the beginning, her sister tried her best to protect Yue Feng, Xian Di realized that Yue Feng was very different from other humans. At this time, Yue Feng helped Shenlong Island and solved the problem. The problem that has plagued thousands of years, such people, become friends, the advantages outweigh the disadvantages.

wow.

Long Zun? !

As soon as the voice fell, all the dragon powerhouses in the entire Shenlong Island were in an uproar, thousands of pairs of eyes, instantly converged on Yue Feng’s body, one by one was extremely shocked.

Yue Feng was also stunned. Long Zun?

Is this status very honorable?

Yue Feng was holding the jade card, and his heart was full of doubts.

Seeing Yue Feng's expression, Xian Di smiled lightly: "Long Zun, is the best honorary title our Dragon Clan gives to human friends, the last Dragon Zun was Xuanyuan Huangdi, but his later actions disappointed our Dragon Clan, hope Don't make the same mistakes again."

Damn!

Hearing this, Yue Feng's heart was shocked, and he was stunned.

At this moment, Long Xiang'er came out and couldn't help but object: "Your Majesty, the role of Long Zun should have been abolished long ago. These humans are not worth believing, please think again, Your Majesty."

When he said this, Long Xiang'er glanced at Yue Feng with contempt on her face.

As soon as Long Xiang'er's voice fell, many people around also spoke up.

"Yeah, human beings can't be trusted!"

"Although this Yue Feng has helped us a lot, who knows if he has another purpose."

"Your Majesty think twice!" The

surrounding dragon powerhouses started talking.

Xian Di sat on the throne, with a trace of displeasure on her beautiful face: "You guys, are you questioning me?" The voice was not loud, but it spread throughout the entire Shenlong Island, no doubt.

I have to say, Xian Di's aura is too strong.

"Don't dare!" Long Xiang'er's frightened body trembled, her legs bent, and she knelt on the ground gratefully.

Xian Di said slowly: "I know what you are worried about, but I choose to believe in Yue Feng. If he is really a shameless villain, I will personally kill him. Do you have any objections?" The strong dragon clan closed their mouths and did not dare to say a word more.

At this time, Yue Feng was inexplicably excited.

Haha, I have become Dragon Lord, and I can freely enter and leave Shenlong Island. This is turning a misfortune into a blessing.

Xiao Xi next to Chapter 2588

is also indescribably excited.

I thought that Yue Feng was caught on Shenlong Island, and it was a lot of misfortune, but now he has become a VIP, can you not be happy for him?

“Yue Feng!”

At this time, Xian Di looked at Yue Feng and said, “You are now Dragon Lord, you and your little sister’s ‘recognize the master’ by blood, you don’t need to cancel it, I hope you can treat it kindly and protect it .”

Xian Di could see that this young dragon girl was very attached to Yue Feng, and if they were forcibly separated, the little girl would definitely not be willing.

“It’s natural.” Yue Feng showed a smile and said politely: “Don’t worry, Your Majesty, I will take care of it and grow up.” When the

voice fell, Xiao Xi ran over and snuggled next to Yue Feng, very intimate.

Xian Di nodded with satisfaction: “Very good, it’s your first time to Shenlong Island, so just stay here for a few more days.” After finally meeting the little sister, she will definitely stay for a few more days.

This...

Yue Feng was stunned for a moment, then scratched his head: “This... don’t need it.”

He was caught on Shenlong Island, and he didn’t know what happened to Zhu Bajie. Zhang Jiao had the ability to open the sky. Axe, powerful, with so many subordinates, how did Zhu Bajie cope?

Thinking about it, Yue Feng was very anxious and just wanted to return to the Kyushu continent as soon as possible.

What? He rejected the Empress?

At this moment, the surrounding Long Xiang’er and other dragon powerhouses frowned secretly, and their expressions instantly became complicated. Looking at Yue Feng’s eyes, it seemed like he was looking at a fool.

Xian Di also frowned: "If you are in a hurry, then I won't force it. I will send someone to take you away from Shenlong Island in the morning tomorrow."

Tomorrow?

Hearing this, Yue Feng hesitated and nodded: "Okay!"

Seriously, Yue Feng wanted to leave immediately, but he knew that if he continued to oppose it, he was afraid that it would cause Xian Di's anger.

It's better to stay here for one night, to recover the inner strength.

.....

this moment, the other side.

The Taiyin Mountains are the main altar of the Heavenless Organization.

Behind the main altar, there is a courtyard. This is the forbidden area of the main altar. Except for Zhang Jiao's permission, no one can easily enter.

At this time, in a secret room in the forbidden area, Zhu Bajie was bound by five flowers and locked on a pillar. His body was covered in scars and blood dripping, which was very miserable.

On the chair next to him, Zhang Jiao sat there, his face gloomy.

Beside him, the female apprentice Su Li was holding a soft whip in her hand, and her delicate face also showed a bit of suffocation.

"Zhu Bajie, I ask you!" Zhang Jiao looked at Zhu Bajie quietly, his expression did not change: "Where is Yue Feng hiding?"

A day ago, Zhang Jiao was ambushing Zhu Bajie halfway, and Yue Feng suddenly appeared. , Zhang Jiao was very excited at the time, and just when he was about to catch the two together, suddenly, a giant dragon appeared. At that time,

everyone present was unprepared and was stunned by the powerful dragon power. When he woke up, Yue Feng was gone.

At that time, Zhang Jiao didn't hesitate, he immediately grabbed Zhu Bajie and asked him about Yue Feng's whereabouts, because Zhang Jiao realized that the dragon would not appear for no reason, but as a result, After a night of interrogation, Zhu Bajie didn't say a word coldly, which made Zhang Jiao very annoyed.

Zhu Bajie sneered and spit out a few words: "I don't know! "

Don't know?

Zhang Jiao's pretty face sank: "You and Yue Feng are tacit friends. He was recuperating at your apprentice's house before, so don't you know his whereabouts?" After he finished speaking, Zhang Jiao

waved at Su Li. : "Pick me."

Su Li immediately understood, holding the soft whip tightly, and walked straight to Zhu Bajie!

When they got to the front, Su Li's eyes were cold: "Zhu Bajie, in front of Master, how dare you talk hard? I really don't know what to do."

Chapter 2589

"Crack!"

The soft whip in Su Li's hand slapped Zhu Bajie hard.

The soft whip was extremely tough and had barbs on it. In an instant, blood poured out, dyeing Zhu Bajie's clothes completely red.

However, Zhu Bajie didn't seem to know the pain, but looked at Su Li with a smile: "Little sister, you haven't eaten, you have no energy at all."

After speaking, Zhu Bajie looked Su Li up and down.

Zhu Bajie is lustful, and even in this predicament, he still does not forget to appreciate beautiful women.

Su Li's face was flushed with anger, she couldn't help scolding: "Look again, I'll gouge out your eyes."

Mad!

Zhang Jiao, who was sitting on the side, also looked extremely ugly. This Zhu Bajie really doesn't know whether to live or die.

At this moment, Zhang Jiao wanted to kill Zhu Bajie immediately, but he held back when he thought of the giant dragon that suddenly appeared a day ago. After all, the giant dragon took Yue Feng away, and Zhu Bajie and Yue Feng were brothers. He must know something, kill him, and there will be no clues.

At this time, Zhang Jiao really didn't know, and Zhu Bajie really didn't know anything.

call!

At this time, Zhang Jiao took a deep breath, forcibly restrained the anger in his heart, and said lightly: "Zhu Bajie, you are a well-known person for a long time, the so-called person who knows the current affairs is Junjie, you just answer my question obediently, I will not let it embarrass you."

Haha...

As soon as the voice fell, Zhu Bajie couldn't help laughing, his eyes were full of mockery: "Zhang Jiao, don't come with me like this, don't say I don't know, even if you know I won't tell you."

"Okay! Very good!" Zhang Jiao's face became dark with anger, and he pointed at Zhu Bajie and shouted: "You are tough, I see how tough you are, Su Li, keep hitting me until he is willing to say it.!" The

voice fell, and Su Li waved the soft whip again.

Snapped! Snapped! Snapped!

There was a sound of slaps, and I saw Zhu Bajie's clothes were directly torn into pieces, and the skin was torn apart, but Zhu Bajie clenched his teeth tightly and did not shout a word. On the contrary, his eyes still flashed with a fearless smile.

Speaking of which, Zhu Bajie seemed to laugh normally, without the slightest seriousness. In fact, his character was extremely tough. He was imprisoned in the palace of the Northern Ying Continent, and he was used by his descendants in various punishments, but he survived. , of course it will not be taken into account.

Seeing that Zhu Bajie didn't say anything, Zhang Jiao was annoyed and stood up: "Su Li, you continue to interrogate." After speaking

, he walked out of the secret room.

"My lord!" As soon as he walked out of the forbidden area, the white horse

greeted him with a pleasing smile: "Wen Chou Chou asked me to go to Chang'e to get the elixir. It's been a day now, how should we deal with it?"

His smile was even more treacherous in his eyes.

Zhang Jiao showed a sneer and said lightly: "Go to Wen Chou Chou now, and give him these elixir, which is said to be a panacea given by Empress Chang'e. Also, let's see what plan Wen Chou Chou has, and how to do it, you should understand."

After speaking, Zhang Jiao handed a bottle of medicinal pills to White Horse. These medicinal pills were specially refined by Zhang Jiao a few hours ago. They seem to be full of spiritual energy, but they are actually highly poisonous.

“Understood!” Bai Ma took the medicine pill and nodded quickly: “This subordinate will not disappoint the lord.” The

voice fell, and Bai Ma quickly walked towards Wen Chou Chou’s room.

This moment, the other side!

In the room, Wen Chou Chou sat there, expressionless, but he was very anxious.

A day ago, Zhang Jiao ordered people to ambush Zhu Bajie. Wen Chou Chou had already heard about the situation at that time.

When Zhu Bajie was arrested, Wen Chou Chou tried to find a way to rescue him, but Zhu Ba Jie was kept in the forbidden area, where the security was heavily guarded, and Wen Chou Chou had nothing to do.

How to do?

At this time, Wen Chou Chou was very anxious.

Chapter 2590

Zhu Bajie was arrested, Yue Feng did not know where to go, and Sun Dasheng and others were still locked in the cell.

Bang Bang...

Just then, there was a knock on the door outside.

Wen Chou Chou frowned, opened the door, saw Bai Ma standing outside, and quickly asked, “Are you back?”

Before asking Bai Ma to advise Zhang Jiao to go to the Holy Sect to find Chang’e, Bai Ma said Zhang Jiao agreed, and then Bai Ma left the main forum.

Wen Chou Chou thought that Bai Ma really went to the Holy Sect, but he didn’t know that Bai Ma didn’t go at all, but helped Zhang Jiao to investigate Yue Feng’s whereabouts.

Seeing Wen Chou Chou’s impatient look, Bai Ma showed a smile: “Palace Master, this subordinate is fortunate enough to live up to his fate. He successfully met Empress Chang’e and got the medicine pill.” After

speaking, he handed out the medicine pill Zhang Jiao gave.

Wen Chou Chou was very happy, took the medicine pill and nodded again and again: "Yes, I really did not see the wrong person."

Wen Chou Chou felt that the medicine pills in the bottle were full of spiritual energy, as long as Sun Dasheng and others took them, they would soon be gone. regain strength.

"Palace Master!"

Just when Wen Chou Chou was secretly happy, Bai Ma cautiously asked: "Even if these medicinal pills are used, Sect Master Sun and the others have recovered their strength, but after all, this is the main altar of the Wutian Organization, so rush out, It 's impossible."

When he said this, Bai Ma's face was sincere, but he sneered in his heart.

Zhang Jiao made a special explanation and asked him to check whether Wen Chou Chou had a plan, and of course Bai Ma did not forget.

call!

Wen Chou Chou took a deep breath, hesitated, and said slowly: "You don't need to worry about this. I have secretly sent a message to Tianmen and the Tianqi Royal Family in the past two days. After counting the time, they will arrive tonight."

Said . Then, Wen Chou Chou showed a confident smile: "By that time, the great sages have recovered their strength, and they will cooperate with Tianmen, and they will definitely damage Zhang Jiao's Wutian organization."

When saying this, Wen Chou Chou's eyes flashed with determination. In order to gain Zhang Jiao's trust, he cut off his arm and waited for this day.

To be honest, Wen Chou Chou didn't intend to tell Bai Ma about this, but when he saw that he successfully got the elixir back, he said it.

Hehe...

Hearing this, Bai Ma sneered in his heart, but he had a hypocritical look on his face, and said very excitedly: "That's great. The hall master really has foresight." After

speaking, Bai Ma's expression darkened: "Alas, It's a pity that my strength is average, otherwise, I would be able to kill more enemies." As he

spoke, Bai Ma quietly noticed the change in Wen Chou Chou's expression.

Back then, when Wen Chou Chou first sat on the throne of the Hall of Eternal Life, Bai Ma strongly opposed it. Later, although he was taught by Sun Dasheng and Yue Feng, the surface softened, but he was always unconvinced in his heart.

Over the years, the white horse has stayed in the Hall of Longevity and never left. It is not that he is truly loyal to Wen Chouhou, but that he has been thinking about the most powerful technique of the Hall of Longevity, "Transferring Flowers and Joining Trees".

Moving flowers and connecting trees is an extraordinary skill, and this secret book can only be practiced by the palace masters of all dynasties. After learning this exercise, the speed of cultivation is very fast.

Bai Ma has been thinking about this exercise for a long time, but he has never had the opportunity, and now, he wants to take advantage of the opportunity to let Wen Chou Chou teach him.

"this...!"

Wen Chou Chou pondered for a while, looked at the white horse and said: "In this case, you may be able to improve some strength by taking a few elixir." After speaking, he was about to take out the elixir from the bottle.

Bai Ma said with a wry smile: "Palace Master, this is an elixir to restore internal strength. It's useless for me to take it, and I may have to act tonight, the time is too short."

After speaking, Bai Ma sighed with emotion: "Alas, I only regret that I didn't practice hard before, but now that things are about to happen, there is no enthusiasm and I can't contribute to the hall master."

Hearing this, Wen Chou Chou's eyes flashed, and he praised: "It's rare that you have this kind of heart, so let me Pass on your formula of moving flowers and connecting trees. After practicing this method, the speed of cultivation will be very fast. I hope that when the time comes, you will do your best to help everyone get out of danger."

Seriously, moving flowers and connecting trees is the secret of the hall of longevity, only the hall Only the master can cultivate, and Wen Chou Chou doesn't want to easily pass it on to the white horse, but Wen Chou Chou is not a person who follows the rules, and, now facing a difficult situation, there is really no one else who can help him.

Ha ha...
